Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Ameren Corporation
Savings Investment Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Ameren Corporation Savings Investment Plan (the "Plan") at December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The schedule of assets (held at end of year) that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant-directed Plan assets held by the Plan's trustee. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2005 and 2004

1. Description of the Plan

General

The following is a brief summary of the various provisions of the Ameren Corporation (“Ameren” or the “Company”) Savings Investment Plan (the “Plan”). Participants should refer to the Plan document for more complete information.

The Plan's purpose is to provide certain management and contract employees (the “Participants”) of the Company and its wholly owned subsidiaries the option to defer a portion of their annual base compensation for federal income tax purposes in accordance with Section 401(k) of the Internal Revenue Code (the “Code”). The Plan is subject to certain provisions of ERISA, as amended, and regulations of the Securities and Exchange Commission.

The Company serves as sponsor of the Plan, and, consequently, has the authority to amend or terminate the Plan subject to certain restrictions. The Board of Directors of the Company has the authority and responsibility for the general administration of the Plan. The Northern Trust Company, as Trustee, has the authority and responsibility to hold and protect the assets of the Plan in accordance with Plan provisions and with the Ameren Corporation Savings Investment Master Trust Agreement.

On January 31, 2003, the Company completed its acquisition of all of the outstanding common stock of CILCORP Inc. from The AES Corporation (“AES”). With the acquisition, CILCORP Inc. became an Ameren subsidiary. Central Illinois Light Company is a wholly owned subsidiary of CILCORP Inc.

Effective January 1, 2004, the Plan was amended to merge the assets of the Employees’ Savings Plan of Central Illinois Light Company into the Plan. The assets transferred from the Employees’ Savings Plan of Central Illinois Light Company consisted of 29,766 and 931,778 shares of Ameren and AES common stock, respectively, as of the date of the transfer with a fair market value of \$1,369,236 and \$8,795,984, respectively. In addition, cash of \$96,652,880, receivables of \$320,628, loan balances of \$2,662,215 and accrued expenses of \$1,551 were transferred into the Plan.

Effective April 16, 2004, the Plan was amended to merge the assets of the CILCORP Infrservices, Inc. 401(k) Plan (the “CILCORP Plan”) into the Plan. The assets transferred from the CILCORP Plan into the Plan consisted of cash of \$167,308.

The Plan was amended effective October 1, 2004, to allow all active employees of Illinois Power Company to participate in the Plan, following the Company’s completion of the acquisition of Illinois Power Company on September 30, 2004.

Effective March 16, 2005, the Plan was amended to merge the assets of the Ameren Corporation Employee Long-Term Savings Plan - IUOE No. 148 into the Plan. The assets transferred into the Plan consisted of 222,879 shares of Ameren common stock, with a fair market value as of the date of the transfer of \$11,400,786. In addition, cash of \$17,049,648 and loan balances of \$812,572 were transferred into the Plan.

Ameren Corporation
Savings Investment Plan
Notes to Financial Statements

Participation

The Plan covers substantially all employees of the Company, except contract employees covered by a collective bargaining agreement between Central Illinois Public Service Company (“AmerenCIPS”) Local 148 IUOE and the Company, prior to March 16, 2005, and contract employees covered by a collective bargaining agreement between AmerenCIPS Local 702 IBEW and the Company. All regular full time employees are eligible to participate upon employment.

Contributions

All Participants can contribute a maximum of 100 percent of their base compensation to the Plan. Participant contributions are subject to annual limitations imposed by the Code (\$14,000 in 2005 and \$13,000 in 2004). The Company will make an Employer Basic Matching Contribution plus an Employer Additional Matching Contribution in an amount equal to a percent of the amount each Participant contributes to the Plan, up to a certain maximum percentage of the Participant’s compensation that he or she elects to contribute to the Plan each year. The amount of Company matching contribution depends on the Participant’s employment classification and for contract employees is determined by the collective bargaining agreement with the specific union representing the Participants. The Employer Additional Matching Contributions are invested in the Ameren Common Stock Fund; and, will remain invested in the Ameren Common Stock Fund until Participants reach age 55. At age 55, Participants are given the opportunity to allocate these contributions to different investments if so desired. All Company contributions are made to the extent sufficient earnings are available, as described in the Plan document.

The Plan permits “catch-up” contributions for all employees age 50 and older. Eligible employees could contribute \$4,000 in 2005 and \$3,000 in 2004 as a “catch-up” contribution. The Company does not match “catch-up” contributions.

Participants direct their contributions and the Employer Basic Matching Contributions by electing that such contributions be placed in a single investment fund or allocated in increments of one percent to any combination of investment funds. Such fund allocation elections may be changed daily. Earnings derived from the assets of any investment fund are reinvested in the fund to which they relate. Participants may elect daily to reallocate, by actual dollar or percentage in one percent increments, the value of their accounts between funds. Pending investment of the assets into any investment fund, the Trustee may temporarily make certain short-term investments.

Participant Loans

The Plan permits Participants to borrow from their accounts within the Plan. Such borrowings may be made subject to the following: (1) the minimum amount of the loan is \$1,000, (2) the amount of the loan may not exceed the lesser of \$50,000 or fifty percent of the vested amount in the Participant's account, (3) the loan will bear a fixed interest rate and repayments will be made through mutual agreement subject to certain statutory repayment time limits, (4) each loan shall bear a reasonable interest rate as determined under policies established for the Plan and (5) such other rules and regulations as may be adopted by the Company. At December 31, 2005 and 2004, the interest rates on participant loans ranged from 4.00 percent to 10.50 percent and 4.25 percent to 11.00 percent, respectively.

In conjunction with the amendment effective October 1, 2004 to allow for active employees of Illinois Power Company to participate in the Plan, the Plan accepted outstanding loan balances for

Savings Investment Plan
Notes to Financial Statements
December 31, 2005 and 2004

employees of Illinois Power Company electing an account rollover from October 1, 2004 through December 15, 2004.

Vesting

The amounts in Participants' accounts, including Company contributions, are fully vested at all times.

Payment of Benefits

The total amount of a Participant's account shall be distributed to the Participant according to one of the options as described in the Plan document and as elected by the Participant. A Participant whose account balance is \$5,000 (lowered to \$1,000 effective March 28, 2005) or greater may defer distribution until December 31 of the year they attain age 70 1/2 but no later than April 1 of the year following the Participant's attaining age 70 1/2. If the balance of the account is less than \$5,000 (lowered to \$1,000 effective March 28, 2005), the distribution shall be made in a lump sum within ninety days of his or her termination of employment, provided he or she is not an employee on such date. All distributions shall be in the form of cash except that Participants may elect to have his or her interest in the Ameren Common Stock Fund or the AES Common Stock Fund, if applicable, distributed in shares of Ameren or AES common stock, respectively. Participants may withdraw certain basic contributions, rollover contributions and related earnings thereon upon reaching age 59 1/2, in the event of total disability or financial hardship as defined by the Plan or the Code. For purposes of distributions, the Participant's account value will be determined as of the last business day coincident with or immediately preceding the day of distribution. Contributions to the Plan and investment income thereon are taxable to Participants upon distribution pursuant to the rules provided for under the Plan and the Code.

The Plan also allows, at the discretion of the Company, participants of the former Union Electric Company Employee Stock Ownership Plan and the former Ameren Corporation Employee Stock Ownership Plan for Certain Employees of CIPS, to receive distributions prior to termination of employment of (a) all or a portion of a Participant's account balance acquired at least 84 months prior to a distribution and (b) any portion of a Participant's account balance acquired by dividends or other income. Any such distributions would be subject to tax withholding and potentially a 10 percent early withdrawal penalty similar to any other early Plan distribution unless the distribution is rolled over to an individual retirement account or other qualified plan.

Plan Transfers In

For 2005, Plan transfers in represent Participants' account balances which have been transferred from the Ameren Corporation Employee Long-Term Savings Plan - IUOE NO. 148 and the Ameren Corporation Employee Long-Term Savings Plan - IBEW No. 702 into the Plan. For 2004, Plan transfers in represent Participants' account balances which have been transferred from the Employees' Savings Plan of Central Illinois Light Company and the CILCORP Infraserivces, Inc. 401(k) Plan into the Plan. The 2005 Plan transfers in were due to a plan merger and to participants transferring from a collective bargaining unit to a management position. The 2004 Plan transfers in were due to plan mergers.

Plan Termination

The Company intends to continue the Plan indefinitely. However, the Company may at any time and for any reason, subject to ERISA and Internal Revenue Service regulations, suspend or

Ameren Corporation
Savings Investment Plan
Notes to Financial Statements
December 31, 2005 and 2004

terminate the Plan provided that such action does not retroactively adversely affect the rights of any Participant under the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, except that benefit payments to Participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments

All investments are presented at fair value as of December 31, 2005 and 2004. The fair value of the Ameren Common Stock Fund and the AES Common Stock Fund were determined using year-end published market prices. Investments in mutual funds are valued at published net asset market value including accrued income on the last business day of each year. Investments in the Northern Trust Company Collective Short-Term Investment Fund are valued at cost plus accrued income, which approximates market value. Investments in the Northern Trust Company Collective Stable Asset Fund are valued at contract value, or principal plus accrued interest. Participant loans are valued at cost, which approximates market value.

Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Income

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Gains and losses on security transactions are recorded on the trade date.

Administrative Expenses

Trustee fees and other fees associated with administering the Plan are paid by the Plan.

7. Federal Income Tax Status

The Company obtained its latest determination letter July 31, 2001, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Company believes

Ameren Corporation
Savings Investment Plan
Notes to Financial Statements
December 31, 2005 and 2004

that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt as of December 31, 2005. Therefore, no provision for income taxes has been included in the Plan's financial statements.
