- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 8.01 Other Events.

Termination of Employee Stock Option Reload Feature from Future Stock Option Grants

The AGL Resources Inc. Long-Term Incentive Plan (1999), as amended and restated (the "LTIP"), and the AGL Resources Inc. Officer Incentive Plan (the "OIP") (the LTIP and OIP collectively, the "Plans") each are administered by the Compensation and Management Development Committee of the board of directors of the Company (the "Committee"). Under the terms of the Plans, when the Committee grants a stock option, it will designate in the stock option agreement whether and to what extent a reload option accompanies the stock option. A reload option provides for the automatic grant of a new stock option at the then current market price of AGL Resources common stock, for the number of shares tendered in payment of the exercise price upon exercise of the stock option.

Effective March 15, 2005, the Committee determined that it is in the best interests of the Company to eliminate the reload option provisions from all future stock option grants under the Plans. A copy of the LTIP was previously filed as an exhibit to the Company's Form 10-Q for the quarter ended March 31, 2002 and Form 10-K for the year ended December 31, 2004. A copy of the OIP was filed as an exhibit to the Company's Form 10-Q for the quarter ended June 30, 2001.

Forms of the nonqualified stock option agreement under each of the LTIP and OIP without the reload provision are filed with this Form 8-K as Exhibit 10.1. A form of the nonqualified stock option agreement under the OIP with the reload provision is filed with this Form 8-K as Exhibit 10.2. A form of the nonqualified stock option agreement under the LTIP with the reload provision was filed as an exhibit to the Company's Form 10-K for the year ended December 31, 2004.

Item 9.01 Financial Statements and Exhibits.
