PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Incyte Genomics, Inc., a Delaware corporation (the Company), of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of the Company to be held at the Company's corporate headquarters at 3160 Porter Drive, Palo Alto, California, on Tuesday, June 4, 2002, at 9:30 a.m., Pacific Daylight Time, and any postponement or adjournment thereof (the Annual Meeting). The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein. A stockholder who has given a proxy may revoke it at any time before it is exercised by filing with the Secretary of the Company a written revocation or a duly executed proxy bearing a later date or by voting in person at the Annual Meeting. On the matters coming before the Annual Meeting for which a choice has been specified by a stockholder by means of the ballot on the proxy, the shares will be voted accordingly. If no choice is specified, the shares will be voted FOR the election of the ten nominees for director listed in this Proxy Statement and FOR approval of the proposals referred to in Items 2, 3, 4 and 5 in the Notice of Annual Meeting and described in this Proxy Statement.

Stockholders of record at the close of business on April 19, 2002 (the Record Date), are entitled to vote at the Annual Meeting. As of the close of business on that date, the Company had 67,298,744 shares of common stock, \$.001 par value (the Common Stock), outstanding. The presence in person or by proxy of the holders of a majority of the Company's outstanding shares constitutes a quorum for the transaction of business at the Annual Meeting. Each holder of Common Stock is entitled to one vote for each share held as of the Record Date.

Directors are elected by a plurality vote. The nominees for director who receive the most votes cast in their favor will be elected to serve as a director. Each of the other proposals submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions with respect to any proposal are treated as shares present or represented and entitled to vote on that proposal and thus have the same effect as negative votes. If a broker which is the record holder of shares indicates on a proxy that it does not have discretionary authority to vote on a particular proposal as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to a particular proposal, these non-voted shares will be counted for quorum purposes but are not deemed to be present or represented for purposes of determining whether stockholder approval of that proposal has been obtained.

The expense of printing, mailing proxy materials and solicitation of proxies will be borne by the Company. The Company has retained the services of Mellon Investors Services LLC, to assist in the solicitation of proxies at a cost of approximately \$7,000. No additional compensation will be paid to such persons for such solicitation. The Company will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of the Common Stock.

This Proxy Statement and the accompanying form of proxy are being mailed to stockholders on or about May 2, 2002.

IMPORTANT

Please mark, sign and date the enclosed proxy and return it at your earliest convenience in the enclosed postage-prepaid return envelope so that, whether you intend to be present at the Annual Meeting or not, your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

Board Meetings and Committees

The Board of Directors held 11 meetings during 2001. During that period, or such shorter period as a director served, each director attended at least 75% of the aggregate number of meetings held by the Board of Directors and of the committees on which such director serves.

The Board of Directors has appointed a Compensation Committee, an Audit Committee, a Nominating Committee and a Non-Management Stock Option Committee.

The current members of the Compensation Committee are Barry M. Bloom, Barry M. Ariko and Jon S. Saxe. Barry M. Bloom will resign from the Compensation Committee in June 2002 when he retires from the Board of Directors. The Compensation Committee held five meetings during 2001. The Compensation Committee's primary functions are to assist in the implementation of, and provide recommendations with respect to, general and specific compensation policies and practices of the Company, particularly as they relate to the Company's executive officers, to determine stock-based compensation awards for the Company's management and to administer the Company's 1991 Stock Plan (the 1991 Stock Plan). The Compensation Committee assumed all of the responsibilities previously held by the Management Stock Option Committee when the Company combined these two committees in June 2001. Prior to the combination of these two committees, the Management Stock Option Committee, which was comprised of Dr. Bloom and Messrs. Ariko and Saxe, held two meetings in 2001.

The current members of the Audit Committee are Jeffrey J. Collinson, Frederick B. Craves and Jon S. Saxe. The Audit Committee held seven meetings during 2001. Barry M. Bloom also served as a member of the Audit Committee until June 2001. The Audit Committee's primary functions are to review the scope of the annual audit, monitor the independent auditors' relationship with the Company, advise and assist the Board of Directors in evaluating the independent auditors' examination, provide oversight of the Company's financial and accounting organization and financial reporting, meet with the independent auditors and management to discuss and review financial statements, and nominate, for approval of the Board of Directors, a firm of certified public accountants whose duty it is to audit the financial statements of the Company for the fiscal year for which it is appointed. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's

financial statements are complete and accurate and are prepared in accordance with generally accepted accounting principles.

The current members of the Nominating Committee are Barry M. Ariko, Barry M. Bloom, Jeffrey J. Collinson, Frederick B. Craves and Jon S. Saxe. Randal W. Scott served as a member of the Nominating Committee until he resigned from the Board of Directors in December 2001. Barry M. Bloom will resign from the Nominating Committee in June 2002 when he retires from the Board of Directors. The Nominating Committee held three meetings during 2001. The Nominating Committee's primary functions are to recommend nominees to fill vacancies on the Board of Directors, determine the composition of the committees of the Board of Directors, evaluate and make decisions about the composition of the Board of Directors, and review and make recommendations to the Board of Directors with respect to candidates for director proposed by stockholders. Stockholders entitled to vote at the Annual Meeting may nominate a candidate to serve as a director so long as they give timely notice of their nomination in writing to the Company's Secretary. In order to be timely, stockholders must comply with the procedures outlined under the heading "Stockholder Proposals for the 2003 Annual Meeting." The Company's Bylaws outline the information that must be included in the stockholder's written notice.

Dr. Friedman currently serves as the Non-Management Stock Option Committee. Mr. Whitfield served as the Non-Management Stock Option Committee during 2001, and was replaced by Dr. Friedman in January 2002. The Non-Management Stock Option Committee is a secondary committee responsible for granting and issuing awards of options and shares under the 1991 Stock Plan to eligible employees or consultants, other than to members of the Board of Directors, to individuals designated by the Board of Directors as Section 16 officers, and to employees who hold the title of Senior Vice President or above. In addition, the Non-Management Stock Option Committee may not make any awards or grants to any one employee or consultant that total more than 50,000 shares of Common Stock in any calendar year.

Compensation of Directors

Directors who are employees of the Company do not receive any fees for their service on the Board of Directors. During 2001, Mr. Whitfield and Drs. Friedman and Stein were the Company's only employee directors. For a description of compensation arrangements with Mr. Whitfield and Drs. Friedman and Stein, see "Executive Compensation Employment and Transition Agreements."

The Company's non-employee directors each receive \$2,500 for every in-person Board meeting that they attend. In addition, all directors are reimbursed for their out-of-pocket expenses in accordance with the Company's travel policy for each in-person meeting of the Board of Directors that they attend. Directors do not receive additional compensation for their telephonic participation in Board meetings or committee meetings that are held in conjunction with an in-person Board meeting. Non-employee directors also receive a \$10,000 annual retainer, which is prorated for such portion of the year that the director serves on the Board.

In addition to cash compensation for services as a member of the Board, the non-employee directors also receive options to purchase shares of the Company's Common Stock pursuant to the 1993 Directors' Stock Option Plan (the "Directors' Option Plan"). In March 2001, the Board of Directors amended the Directors' Option Plan to provide that every new non-employee director appointed to the Board of Directors after March 2001 will receive an initial stock option grant of 20,000 shares of Common Stock at an exercise price equal to 100% of the fair market value of the Common Stock on the date of grant. In December 2001, the Board of Directors, after considering the size of initial option grants for new non-employee directors offered by similarly situated companies and the need to provide adequate incentives to prospective new directors, increased the size of the initial stock option grant to 30,000 shares for new non-employee directors appointed to the Board of Directors after March 2001. The option vests as to 25% of the shares on the first anniversary of the date of grant, with the remaining shares vesting monthly over the following three years. Pursuant to the Directors' Option Plan, following the conclusion of each annual meeting of stockholders, each non-employee director who will continue to serve as a member of the Board of Directors will receive an additional option to purchase

5,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of grant. Each of these options will vest in full on the first anniversary of the date of the grant. When a new non-employee director is appointed to the Board of Directors at a time other than at an annual meeting, such director shall receive a pro rata portion of the automatic annual grant that will vest in full on the date of the Company's next annual meeting.

In 2001, in connection with their appointment to the Board of Directors, each of Messrs. De Schutter and Brooke received an option to purchase 30,000 shares of Common Stock, and Messrs. Ariko and Baker received an option to purchase 20,000 shares of Common Stock, at exercise prices equal to the fair market value of the Common Stock on the date of grant. In connection with the increased size of the initial stock option grant to 30,000 shares of Common Stock in December 2001 to the new non-employee directors appointed to the Board of Directors after March 2001, Messrs. Ariko and Baker each will receive an additional option to purchase 10,000 shares of Common Stock, at exercise prices equal to the fair market value of the Common Stock on the date of the grant. In addition, Mr. Ariko received 834 shares, Mr. Baker received 2,917 shares, and Messrs. Brooke and De Schutter each received 2,084 shares as their pro rata portion of the annual grant. The exercise price of each pro rata option is equal to the fair market value of the Common Stock on the date of grant.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In March 2001, the Company entered into a LifeSeq Collaboration Agreement, Patent License Agreement, Collaboration and Technology Transfer Agreement and Proteome BioKnowledge Library License Agreement with Genomic Health, Inc. ("Genomic Health"). Under these agreements, Genomic Health obtained access to the Company's LifeSeq Gold database and BioKnowledge Library and received licenses to certain of the Company's intellectual property. Amounts Genomic Health will pay the Company under these agreements are similar to those paid to the Company under agreements between the Company and unrelated third party customers. The Company received rights to certain intellectual property that Genomic Health may, in the future, develop. At the same time, the Company purchased shares of Series C Preferred Stock of Genomic Health for an aggregate purchase price of \$5.0 million which, together with shares of Series A Preferred Stock purchased in November 2000 for an aggregate purchase price of \$1.0 million, results in the Company owning approximately 10.9% of the outstanding capital stock of Genomic Health. Under certain circumstances and if Genomic Health so elects, the Company has agreed to purchase in a future offering of Genomic Health's capital stock an aggregate of \$5.0 million of the shares being sold in that offering. Randal W. Scott, who until December 2001 was a director of the Company, is Chairman of the Board, President and Chief Executive Officer of Genomic Health and owns more than 10% of the outstanding capital stock of Genomic Health. As of March 31, 2002, persons and entities associated with Julian C. Baker, a director of the Company, and his affiliated entity Four Partners, a significant stockholder of the Company, owned approximately 11.8% of the outstanding shares of capital stock of Genomic Health.

In January 2002, in connection with his employment by the Company as President and Chief Scientific Officer, Robert B. Stein received an interest-free loan from the Company in the amount of \$750,000 to be used toward the purchase of a residence in California. The loan is evidenced by a promissory note and secured by the residence. On November 26, 2004, 50% of the outstanding principal balance will be forgiven, and the remaining outstanding principal balance of the loan will be forgiven on November 26, 2005, if Dr. Stein is still employed by the Company on those dates. Any acceleration of the loan or termination of Dr. Stein's employment relationship with the Company prior to the then-applicable forgiveness date will terminate and void any remaining right of Dr. Stein to receive any forgiveness of the then-outstanding principal balance of the loan.

In March 2002, in connection with his employment by the Company as Executive Vice President and Chief Drug Discovery Scientist, Brian W. Metcalf received an interest-free loan from the Company in the amount of \$400,000 to be used for financing his residence in California. The loan is evidenced by a promissory note and secured by the residence. On February 6, 2003, 25% of the outstanding principal balance will be forgiven, and 1/48 of the principal amount will be forgiven on the last day of each month thereafter, with the remaining outstanding principal balance of the loan forgiven on February 6, 2006, if Dr. Metcalf is still employed by the Company on those dates. Any acceleration of the loan or termination of Dr. Metcalf's employment relationship with the Company prior to the then-applicable forgiveness date will terminate and void any remaining right of Dr. Metcalf to receive any forgiveness of the then-outstanding principal balance of the loan.

Employment and Transition Agreements

In November 2001, the Company entered into a transition agreement with Roy A. Whitfield, pursuant to which Mr. Whitfield resigned as the Company's Chief Executive Officer and accepted the position of Chairman of the Board of Directors. Mr. Whitfield will serve until an agreed-upon date in the second half of 2002 as a full-time or part-time employee with a base salary based upon a full-time rate of \$395,000 per year. Mr. Whitfield is not eligible to participate in the Company's bonus programs, profit sharing or management incentive plans. The Company agreed to pay Mr. Whitfield a bonus for fiscal 2001 equal to the amount he would have received had he continued as the Company's Chief Executive Officer for the entire year. In connection with his continued employment with the Company subsequent to November 2001, Mr. Whitfield received 100,000 restricted stock units under the Company's 1991 Stock Plan, 50,000 of which will vest on the first anniversary of the date of the agreement and 50,000 of which will vest on the second anniversary of the date of the agreement so long as Mr. Whitfield is either serving as a director or as Chairman of the Board. Each restricted stock unit entitles Mr. Whitfield to receive one share of Common Stock upon the date of vesting or later settlement of the unit or, upon limited circumstances at the discretion of the Company, a cash amount equal to the market value of one share of Common Stock at the time of settlement. In the event of a change of control (as defined in the transition agreement) of the Company, Mr. Whitfield's restricted stock units will become fully vested.

Following termination of Mr. Whitfield's employment, Mr. Whitfield will remain a member of the Board of Directors and will continue to assist the Company in transitional matters for a period of two years. During this two-year period, the Company will pay Mr. Whitfield a bonus of two times the sum of his annual base salary and the greater of (i) his target bonus (which is 80% of his annual base salary) or (ii) the bonus paid to him for fiscal 2001. Such amount will be paid in equal monthly installments unless Mr. Whitfield elects to receive payment in a lump sum payment. For the two-year period after Mr. Whitfield terminates his employment, he may accept employment as an employee or consultant to another entity that is not a competitor of the Company. This agreement supersedes Mr. Whitfield's May 2001 employment agreement.

In November 2001, in connection with his appointment as Chief Executive Officer, Paul A. Friedman received an offer letter providing for a base salary of \$600,000 per year and eligibility to participate in the Company's corporate incentive plan, with his target bonus equal to 50% of his base salary. Dr. Friedman also

received an option to purchase 400,000 shares of Common Stock at an exercise price equal to the fair market value of Common Stock on the date of grant. The option vests as to 25% of the shares on the first anniversary of the date of grant, with the remaining shares vesting ratably over the next 36 months. In addition, Dr. Friedman was awarded 100,000 restricted stock units. The restricted stock units vest as to 50% of the units on the third anniversary of Dr. Friedman's employment with the remaining units vesting on the fourth anniversary of his employment. In certain circumstances, under the terms of his employment agreement with the Company, the vesting schedule of his restricted stock units may be accelerated.

In November 2001, in connection with his appointment as President and Chief Scientific Officer, Robert B. Stein received an offer letter providing for a base salary of \$500,000 per year and eligibility to participate in the Company's corporate incentive plan, with his target bonus equal to 50% of his base salary. Dr. Stein also received an option to purchase 250,000 shares of Common Stock at an exercise price equal to the fair market value of Common Stock on the date of grant. The option vests as to 25% of the shares on the first anniversary of the date of grant, with the remaining shares vesting ratably over the next 36 months. In addition, Dr. Stein was awarded 50,000 restricted stock units, which vest in full on the fourth anniversary of his employment. In connection with his employment, Dr. Stein also received a loan from the Company. See Certain Relationships and Related Transactions for a description of this loan.

In November 2001, the Company entered into employment agreements with each of Drs. Friedman and Stein and amended and restated employment agreements with each of Messrs. Bendekgey, Lack, Neal and Vuko. The new agreements superseded the May 2001 employment agreements for each of Messrs. Bendekgey, Lack, Neal and Vuko. Each of the agreements provide that in the event the executive's employment is terminated by the Company within 24 months of a change of control (as defined in the employment agreements) either by the Company without cause (as defined in the employment agreements) or the executive for good reason (as defined in the employment agreements), the Company will pay the executive an amount equal to two times (three times in the case of Dr. Friedman) the sum of the executive's current annual base salary and the greater of the executive's current target bonus or the executive's bonus amount for the preceding fiscal year. The cash payment will be paid in a lump sum payment, unless the executive has previously elected to receive equal monthly installments over a 24-month period, or 36-month period in the case of Dr. Friedman, following the executive's termination. The agreements also provide that in the event of such a termination, all of the executive's unvested restricted stock units and unvested stock options will vest in full, and all stock options will be exercisable for twelve months following the executive's termination.

If, at any time other than the two year period following a change of control, the executive's employment is terminated by the Company without cause or by the executive for good reason, the agreements provide that the Company will pay the executive an amount equal to the sum of the executive's annual base salary and the greater of (i) the executive's current target bonus or (ii) the executive's bonus amount for the preceding fiscal year. The cash payment will be paid in a lump sum payment unless the executive has previously elected to receive equal monthly installments over the twelve-month period following the executive's termination. In addition, any unvested restricted stock units will vest as to the amount that would have vested had the executive continued to work for the Company for an additional twelve months. In no event will the additional vested portion be less than 33% of the restricted stock units granted to the executive, except for Drs. Friedman and Stein, whose additional vested portion will not be less than 20% of their respective restricted stock units and Mr. Lack, whose additional vested portion will not be less than 25% of his restricted stock units. The agreements also provide that the executive's stock options will vest as to the amount that would have vested had the executive continued to work for the Company for an additional twelve months. In the case of Mr. Lack, however, 100% of his unvested stock options will vest if such termination occurs prior to November 26, 2002. Under the employment agreements, the executives are subject to non-solicitation/non-hiring and non-disparagement covenants that extend two years from termination of employment. Upon certain breaches of those covenants after termination of employment, the executive must forfeit all of his unvested restricted stock units and the gain or income realized from units vesting within 24 months prior to the breach.

**REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

This report on executive compensation is provided by the Compensation Committee (the "Compensation Committee") of the Board of Directors to assist stockholders in understanding its objectives and procedures in establishing the compensation of the Company's executive officers and describes the bases on which compensation determinations were made by the Compensation Committee for 2001. Until June 2001, the Compensation Committee was comprised of four non-employee directors: Drs. Bloom and Craves and Messrs. Collinson and Saxe. Currently, the Compensation Committee is comprised of three non-employee directors: Dr. Bloom and Messrs. Ariko and Saxe. Dr. Bloom will retire as a director as of the date of the Annual Meeting. In making its determinations, the Compensation Committee relied, in part, on independent surveys and public disclosures of compensation of management of companies in the biotechnology, biopharmaceutical and information technology industries. During the first half of 2001, the Management Stock Option Committee administered the Company's 1991 Stock Plan with respect to executive officers of the Company. In June 2001, the Management Stock Option Committee became a part of the Compensation Committee, at which time the Compensation Committee assumed the Management Stock Option Committee's duties and responsibilities, including administering the 1991 Stock Plan with respect to executive officers of the Company.

Compensation Philosophy and Objectives

The Compensation Committee believes that compensation of the Company's executive officers should:

- Encourage creation of stockholder value and achievement of strategic corporate objectives.
- Integrate compensation with the Company's annual and long-term corporate objectives and strategy, and focus executive behavior on the fulfillment of those objectives.
- Provide a competitive total compensation package that enables the Company to attract and retain, on a long-term basis, qualified personnel.
- Provide a total compensation opportunity that is competitive with companies in the biopharmaceutical, biotechnology and information technology industries, taking into account relative company size, performance and geographic location as well as individual responsibilities and performance.
- Align the interests of management and stockholders and enhance stockholder value by providing management with longer-term incentives through equity ownership by management.
- Provide fair compensation consistent with internal compensation programs.

Key Elements of Executive Compensation

The compensation of executive officers is based upon the Company's financial performance as well as an evaluation of the establishment of additional database collaborations, the performance of the Company's Common Stock, the Company's achievement of certain business objectives, the further establishment and development of the Company's therapeutic drug discovery efforts, the Company's database and expansion thereof, the execution of corporate and collaborative agreements, the expansion of the Company's business, and the attainment of certain operational and research and development milestones in the Company's technology development programs and the Company's progress toward strategic goals, as well as the achievement of individual business objectives by each executive officer. The Company's existing compensation structure for executive officers generally includes a combination of salary and stock options and may include cash incentive awards under the Company's Corporate Incentive Plan.

Salary. Salary levels are largely determined through comparisons with companies of similar headcount and market capitalizations or complexity in the biopharmaceutical, biotechnology and information technology industries. Actual salaries are based on individual performance contributions within a competitive salary range

for each position that is established through evaluation of responsibilities and market comparisons. The Compensation Committee, on the basis of its knowledge of executive compensation in the industry, and information regarding executive compensation for similarly sized companies in the industry provided by iQuantic, Inc., a compensation consulting firm, believes that the Company's salary levels for the executive officers are at a level that the Compensation Committee, at the time such salary determinations were made, considered to be reasonable and necessary given the Company's financial resources and the stage of its development. Annual salaries for 2001 were set in December 2000. The Compensation Committee reviews salaries on an annual basis. At such time, the Compensation Committee may change each executive officer's salary based on the individual's contributions and responsibilities over the prior twelve months and any change in median comparable company pay levels. In February 2002, the Compensation Committee set the 2002 base salaries for certain executive officers. The 2002 base salaries for the Company's Chief Executive Officer and President were set in November 2001 in connection with their employment with the Company.

Stock Options. The Management Stock Option Committee administered stock option grants made to the Company's executive officers under the 1991 Stock Plan until the Compensation Committee assumed those duties in June 2001. The Compensation Committee believes that by providing those persons who have substantial responsibility for the management and growth of the Company with an opportunity to increase their ownership of Company stock, the best interests of stockholders and executive officers will be closely aligned. Therefore, executive officers are eligible to receive stock options when the Compensation Committee performs its annual salary review, although options may be granted at other times in recognition of exceptional achievements. The number of shares underlying stock options granted to executive officers is based on competitive practices in the industry as determined by independent surveys and the Management Stock Option Committee and the Compensation Committee's knowledge of industry practice. The Compensation Committee granted stock options to members of management on several occasions during 2001.

Restricted Stock Units. During 2001, in order to retain key members of management and to further align the interests of management with the Company's stockholders, the Compensation Committee made special grants of restricted stock units.

Corporate Incentive Plan. The Company's Corporate Incentive Plan, which was approved by the Compensation Committee, establishes cash incentive awards for supervisory and management employees of the Company. The plan is designed to align incentive awards for each participant's individual performance with the Company's corporate goals. Incentive awards for the Company's executive officers were paid in 2001 pursuant to this plan. The executive officers each had the opportunity to receive a target incentive award ranging from 50% to 80% of their respective annual base salary for the 2001 fiscal year, with such percentage of annual base salary increasing or decreasing depending on whether certain goals were obtained at a threshold target or outperform level. Actual incentive award amounts paid to executive officers in 2001 were based on the achievement of corporate and/or individual goals that were predetermined by the Compensation Committee or the Chief Executive Officer as described below. Target incentive award amounts for each participant are based on the participant's potential impact on the Company's operating and financial results and on market competitive pay practices. Individual performance goals are established for eligible employees at the beginning of each six-month period, with a threshold, target and outperform achievement level defined for each individual goal that is established. Corporate performance goals are based on the Company's revenues and adjusted net income for 2001 and revenues and adjusted cash flow for 2002 with a threshold, target and outperform achievement level defined for each corporate goal that is established. Additionally, in 2002, achievement relating to the Company therapeutic drug discovery efforts will also be a component of the corporate goal. A percentage of the incentive awards are paid for each six-month period in which goals are achieved, with the remainder paid upon achievement of year-end goals. The percentage of potential incentive awards attributable to the achievement of individual goals decreases as seniority increases, with a greater proportion of the potential incentive awards for executive officers being based upon achievement of corporate performance goals.

Chief Executive Officer Compensation

Roy A. Whitfield was the Company's Chief Executive Officer until November 26, 2001. In December 2000, the Compensation Committee set Mr. Whitfield's annual base salary for 2001 at \$395,000. The Compensation Committee increased Mr. Whitfield's base salary from \$375,000 for the prior year in recognition of his performance in advancing the development and growth of the Company and the Company's achievement of specific corporate objectives in 2000, which included the following: the achievement of additional collaborations; the financial performance of the Company; the performance of the Company's Common Stock; the further establishment and development of the Company's database business and the expansion thereof; the compensation of the Company's management relative to biotechnology and information technology industry norms; and the average increase in annual salaries for all employees of the Company as a whole. The Committee determined that these achievements were important to the Company's future growth and could assist the Company in enhancing stockholder value and, accordingly, determined to reward Mr. Whitfield for his efforts on behalf of the Company. Mr. Whitfield's target bonus was 80% of annual base salary for fiscal 2001.

In recognition of Mr. Whitfield's accomplishments and increased responsibilities in 2000, and as an incentive for future performance, the Management Stock Option Committee in January 2001 granted Mr. Whitfield options, exercisable at the fair market value on the date of grant, to purchase 100,000 shares of Common Stock. The size of Mr. Whitfield's grant was determined by management's and the Company's performance in 2000, including the achievement of additional collaborations, the financial performance of the Company, the performance of the Company's Common Stock, the further establishment and development of the Company's businesses and expansion thereof, and the Company's progress toward its strategic goals.

In November 2001, the Board of Directors appointed Paul A. Friedman as the Company's new Chief Executive Officer. The terms of Dr. Friedman's Offer Letter and Employment Agreement were negotiated with and approved by the Compensation Committee and the Board of Directors. See Executive Compensation Employment and Transition Agreements.

Mr. Whitfield is a member of the Board of Directors, but he did not participate in Board deliberations involving the evaluation of his performance for fiscal 2000 or in the setting of his compensation for 2001. Dr. Friedman is also a member of the Board of Directors, but he did not participate in Board deliberations regarding the setting of his compensation for 2002.

The Company's policy is generally to qualify compensation, including stock options and Corporate Incentive Plan bonuses, awarded or paid to executive officers for deductibility under Section 162(m) of the Internal Revenue Code. However, the Company reserves the discretion to pay compensation to its executive officers that may not be deductible.

PROPOSAL 2

PROPOSAL TO AMEND THE INCYTE GENOMICS, INC. 1991 STOCK PLAN

In February 2002, the Board of Directors approved an amendment to the Company's amended and restated 1991 Stock Plan (the "1991 Stock Plan"), subject to the approval of the Company's stockholders at the Annual Meeting. The following summary of the principal features of the 1991 Stock Plan is qualified by reference to the terms of the 1991 Stock Plan, a copy of which is available without charge upon stockholder request to Marilyn Pasquinelli, Incyte Genomics, Inc., 3160 Porter Drive, Palo Alto, California 94304.

Summary of Amendments

The amendment to the 1991 Stock Plan approved by the Board of Directors and submitted for stockholder approval consists of an increase in the number of shares of Common Stock reserved for issuance under the 1991 Stock Plan from 19,900,000 to 22,350,000 shares.

1991 Stock Plan

The 1991 Stock Plan was initially adopted by the Board of Directors in November 1991 and first approved by the Company's stockholders in December 1991. It was amended and restated by the Board of Directors in February 2001, and the Company's stockholders approved the amended and restated 1991 Stock Plan in June 2001. The purpose of the 1991 Stock Plan is to assist the Company in the recruitment, retention and motivation of employees and of independent contractors who are in a position to make material contributions to the Company's progress. The 1991 Stock Plan offers a significant incentive to the employees and independent contractors of the Company by enabling such individuals to acquire shares of Common Stock, thereby increasing their proprietary interest in the growth and success of the Company.

The 1991 Stock Plan provides for the direct award or sale of shares of Common Stock (including restricted stock units) and for the grant of both incentive stock options ("ISO") to purchase Common Stock intended to qualify for preferential tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and nonstatutory stock options ("NSO") to purchase Common Stock that do not qualify for such treatment under the Code. All employees (including officers) of the Company or any subsidiary and any independent contractor who performs services for the Company or a subsidiary are eligible to purchase shares of Common Stock and to receive awards of shares or grants of NSOs. Only employees are eligible to receive grants of ISOs. As of December 31, 2001, 821 employees were eligible to be considered for the grant of options under the 1991 Stock Plan. Options to purchase more than 800,000 shares may not be granted in a single calendar year to any participant in the 1991 Stock Plan.

The 1991 Stock Plan also permits the award of shares of Common Stock pursuant to restricted stock units, which represent the Company's promise to issue an equivalent number of shares of Common Stock, or distribute cash, when the units vest or at a later settlement date.

A total of 22,350,000 shares of Common Stock (including 2,450,000 shares subject to stockholder approval at the Annual Meeting) have been reserved for issuance under the 1991 Stock Plan. If any option granted under the 1991 Stock Plan expires or terminates for any reason without having been exercised in full, then the unpurchased shares subject to that option will once again be available for additional option grants. As of December 31, 2001, the Company had outstanding options to purchase an aggregate of 9,014,921 shares of Common Stock at exercise prices ranging from \$0.50 to \$119.875 per share, or a weighted average per share exercise price of \$15.7309 under the 1991 Stock Plan; had outstanding restricted stock units to issue 490,000 shares of Common Stock under the 1991 Stock Plan; had issued 7,269,019 shares of Common Stock under the 1991 Stock Plan; and had 5,576,060 shares of Common Stock (including 2,450,000 shares subject to stockholder approval at the Annual Meeting) available for future issuance under the 1991 Stock Plan.

The Compensation Committee has not made any determination with respect to future awards under the 1991 Stock Plan, and any allocation of such awards will be made only in accordance with the provisions of the 1991 Stock Plan, including the additional shares of stock that the stockholders are being asked to approve. The Company believes that the granting of options and restricted stock units is necessary to attract the highest quality personnel, particularly as it makes key scientific hires to support the Company's new therapeutic discovery and development efforts, as well as to reward and thereby retain existing key personnel. Moreover, the attraction and retention of such personnel is essential to the continued progress of the Company, which ultimately is in the interest of the Company's stockholders.

As of December 31, 2001, the following persons or groups had in total, received options to purchase shares of Common Stock under the 1991 Stock Plan as follows: (i) the Chief Executive Officer and the Named Executive Officers: Dr. Friedman 400,000 shares, Mr. Whitfield, 838,800 shares, Mr. Lack, 412,000 shares, Mr. Bendekgey, 446,000 shares, Mr. Vuko, 291,000 shares, Mr. Neal, 291,000 shares; (ii) all current executive officers of the Company as a group: 3,141,802 shares; (iii) all current directors who are not executive officers as a group: 40,000 shares; (iv) each nominee for director (other than the director listed in (i) above): Mr. Ariko, no shares, Mr. Baker, no shares, Mr. Brooke, no shares, Mr. Collinson, no shares, Dr. Craves, 20,000 shares, Mr. De Schutter, no shares, and Mr. Saxe, 20,000 shares, and (v) all employees of the Company, including all current officers who are not executive officers, as a group: 18,062,724 shares. In addition, as of December 31, 2001, the following persons or groups received restricted stock units under the 1991 Stock Plan as follows: (i) the Chief Executive Officer and the Named Executive Officers: Dr. Friedman 100,000 units, Mr. Whitfield, 100,000 units, Mr. Bendekgey, 40,000 units, Mr. Lack, 80,000 units, Mr. Neal, 40,000 units and Mr. Vuko, 40,000 units; and (ii) all current executive officers of the Company as a group: 490,000 units.

Administration

The 1991 Stock Plan is administered by the Compensation Committee. Subject to the limitations set forth in the 1991 Stock Plan, the Compensation Committee has the authority to determine, among other things, to whom options will be granted and shares or restricted stock units will be issued, the number of shares, the term during which an option may be exercised and the rate at which the options may be exercised and the shares or restricted stock units may vest. The Board of Directors has created a secondary committee, the Non-Management Stock Option Committee, which is authorized to make grants and awards under the 1991 Stock Plan to eligible individuals other than members of the Board, the Section 16 officers, and employees with the title of Senior Vice President or above. Grants and awards by the Non-Management Stock Option Committee may total no more than 50,000 shares of Common Stock to any individual in any calendar year.

Terms of Options, Shares Offered for Sale and Restricted Stock Units

The maximum term of each option that may be granted under the 1991 Stock Plan is ten years, except as may otherwise be provided in an option agreement. Stock options granted under the 1991 Stock Plan must be exercised by the optionee before the earlier of the expiration of such option or the date 90 days after termination of the optionee's employment, except that the period may be extended on certain events including death and termination of employment due to disability.

The exercise price under each option will be established by the Compensation Committee subject to limitations set forth in the 1991 Stock Plan. The exercise price of ISOs and NSOs cannot be lower than the fair market value of the Common Stock on the date of grant. On April 19, 2002, the closing sale price for the Common Stock on the Nasdaq Stock Market was \$9.36. The exercise price must be paid in full at the time of exercise. Under the 1991 Stock Plan, the exercise price is payable in cash or, in certain circumstances, Common Stock or by promissory note. The 1991 Stock Plan also allows an optionee to pay the exercise price by giving exercise/sale or exercise/pledge directions. If exercise/sale directions are given, a number of option shares sufficient to pay the exercise price and any withholding taxes is issued to a securities broker selected by the Company, who, in turn, sells the shares in the open market. The broker remits the exercise price and any

withholding taxes to the Company from the proceeds of the sale, and the optionee receives any remaining shares or cash. If exercise/pledge directions are given, the option shares are issued directly to a securities broker or other lender selected by the Company. The broker or other lender will hold the shares as security and will extend credit for up to 50% of their market value. The loan proceeds will be paid to the Company to the extent necessary to pay the exercise price and any withholding taxes. Any excess loan proceeds may be paid to the optionee. If the loan proceeds are insufficient to cover the exercise price and withholding taxes, the optionee will be required to pay the deficiency to the Company at the time of exercise.

Options may have such terms and be exercisable in such manner and at such times as the Compensation Committee may determine.

The terms of any sale of shares of Common Stock under the 1991 Stock Plan will be set forth in a stock purchase agreement to be entered into between the Company and each purchaser. The Compensation Committee will determine the terms and conditions of such stock purchase agreements, which need not be identical. The purchase price for shares of Common Stock sold under the 1991 Stock Plan may not be less than the par value of such shares. The purchase price may be paid, at the Compensation Committee's discretion, with a full-recourse promissory note secured by the shares, except that the par value of the shares must be paid in cash. Shares may also be awarded under the 1991 Stock Plan in consideration of services rendered prior to the award, without a cash payment by the recipient.

The terms of any awards of restricted stock units under the 1991 Stock Plan will be set forth in a restricted stock unit agreement to be entered into between the Company and the recipient. The Compensation Committee will determine the terms and conditions of such restricted stock unit agreements, which need not be identical. Each unit represents the right to receive at a later date one share of Common Stock or, in the Company's discretion, cash equal to the fair market value of that share. At the time of settlement of the units, the holder must pay in cash the par value of any shares of Common Stock received.

Common Stock transferred pursuant to the 1991 Stock Plan (including shares acquired upon the exercise of certain options) may be subject to repurchase by the Company in the event that any applicable vesting conditions are not satisfied. A holder of shares transferred under the 1991 Stock Plan has the same voting, dividend and other rights as the Company's other stockholders.

Amendment and Termination

The 1991 Stock Plan may be amended at any time by the Board of Directors, subject to applicable laws. Unless sooner terminated by the Board of Directors, the 1991 Stock Plan will terminate on February 15, 2011, and, following such date, no further options may be granted or stock sold pursuant to such plan except upon the exercise of options granted prior to the termination date.

Effect of Certain Corporate Events

In the event of a subdivision of the outstanding Common Stock or a combination or consolidation of the outstanding Common Stock (by reclassification or otherwise) into a lesser number of shares, a spin-off or a similar occurrence, or declaration of a dividend payable in Common Stock or, if in an amount that has a material effect on the price of the shares, in cash, the Compensation Committee will make adjustments in the number and/or exercise price of options and/or the number of shares available under the 1991 Stock Plan, as appropriate. Such an adjustment was made in connection with the Company's two-for-one stock splits effected in the form of 100% stock dividends paid in November 1997 and August 2000.

In the event of a merger or other reorganization, outstanding options will be subject to the agreement of merger or reorganization. Such agreement may provide for the assumption of outstanding options by the surviving corporation or its parent, for their continuation by the Company (if the Company is the surviving

corporation), for payment of a cash settlement equal to the difference between the amount to be paid for one share under the agreement of merger or reorganization and the exercise price for each option, or for the acceleration of the exercisability of each option followed by the cancellation of options not exercised, in all cases without the optionees' consent.

Certain Federal Income Tax Consequences of Options Under the 1991 Stock Plan

Neither the optionee nor the Company will incur any federal tax consequences as a result of the grant of an option. The optionee will have no taxable income upon exercising an ISO (except that the alternative minimum tax may apply), and the Company will receive no deduction when an ISO is exercised. Upon exercising an NSO, the optionee generally must recognize ordinary income equal to the spread between the exercise price and the fair market value of Common Stock on the date of exercise; the Company will be entitled to a deduction for the same amount. In the case of an employee, the option spread at the time an NSO is exercised is subject to income tax withholding, but the optionee generally may elect to satisfy the withholding tax obligation by having shares of Common Stock withheld from those purchased under the NSO. The tax treatment of a disposition of option shares acquired under the 1991 Stock Plan depends on how long the shares have been held and on whether such shares were acquired by exercising an ISO or by exercising an NSO. The Company will not be entitled to a deduction in connection with a disposition of option shares, except in the case of a disposition of shares acquired under an ISO before the applicable ISO holding periods have been satisfied.

The recipient of a restricted stock unit will recognize ordinary income upon receipt of Common Stock or cash when the vested units are settled. The Company will be entitled to a deduction at the same time and in the same amount.

The above description of tax consequences is based upon federal tax laws and regulations and does not purport to be a complete description of the federal income tax aspects of the 1991 Stock Plan.

Required Vote

Approval of the amendment to the 1991 Stock Plan requires the affirmative vote of a majority of the shares present and voting at the meeting in person or by proxy.

The Board of Directors recommends a vote FOR the amendment to the Company's 1991 Stock Plan.

PROPOSAL 3

**PROPOSAL TO AMEND THE 1993 DIRECTORS' STOCK OPTION PLAN
OF INCYTE GENOMICS, INC.**

In February 2002, the Board of Directors approved an amendment to the Company's 1993 Directors' Stock Option Plan (as amended, the Directors' Option Plan), subject to the approval of the Company's stockholders at the Annual Meeting. The following summary of the principal features of the Directors' Option Plan is qualified by reference to the terms of the Directors' Option Plan, a copy of which is available without charge upon stockholder request to Marilyn Pasquinelli, Incyte Genomics, Inc., 3160 Porter Drive, Palo Alto, California 94304.

Description of Amendment

The amendment to the Directors' Option Plan approved by the Board of Directors and submitted for stockholder approval consists of an increase in the number of shares of Common Stock reserved for issuance under the Directors' Option Plan from 800,000 to 1,100,000 shares.

1993 Directors' Stock Option Plan

The Directors' Option Plan was adopted by the Board of Directors in July 1993 and approved by the Company's stockholders in September 1993. The Board of Directors approved an increase in the number of shares available for grant under the Directors' Option Plan in February 2002, subject to stockholder approval. The purpose of the Directors' Option Plan is to assist the Company in the recruitment, retention and motivation of certain non-employee directors. The Directors' Option Plan offers a significant incentive to non-employee directors of the Company by enabling such individuals to acquire shares of the Company's Common Stock, thereby increasing their proprietary interest in the growth and success of the Company.

The Directors' Option Plan provides for the automatic grant of options to purchase shares of Common Stock to directors of the Company who are not employees of the Company, who do not own or represent an owner of 5% or more of the Common Stock, and who do not join the Board through a contractual arrangement between the Company and a third party. Each such director will receive, on the date of each annual meeting of stockholders of the Company, an option to purchase 5,000 shares of Common Stock at the fair market value on the date of grant. The annually granted options will vest in full on the first anniversary of the date of grant. Each such director who is not initially elected at a regular annual meeting of the Company's stockholders will receive an option for a pro rata portion of 5,000 shares based upon the number of full months remaining from the date of the election of the director until the next regular annual meeting of the Company's stockholders divided by twelve. This option will vest in full at the next regular annual meeting of the Company's stockholders following the date of grant. Each new director appointed to the Board of Directors after March 2001 will also receive an initial stock option grant. This option will entitle the director to purchase 30,000 shares of Common Stock at the fair market value of the Common Stock on the date of grant, and will vest as to 25% of the shares on the first anniversary of the date of grant and the remaining shares will vest in equal monthly installments over a thirty-six month period.

A total of 1,100,000 shares of Common Stock (including 300,000 shares subject to stockholder approval at the Annual Meeting) have been reserved for issuance under the Directors' Option Plan. If any option granted under the Directors' Option Plan expires or terminates for any reason without having been exercised in full, then the unpurchased shares subject to that option will once again be available for additional option grants. As of December 31, 2001, the Company had outstanding options under the Directors' Option Plan to purchase an aggregate of 667,919 shares of Common Stock at exercise prices ranging from \$1.00 to \$35.5625 per share, or a weighted average per share exercise price of \$10.7562. A total of 312,081 shares of Common Stock is available for future issuance under the Directors' Option Plan (including 300,000 shares subject to stockholder approval at the Annual Meeting), of which options to purchase an aggregate of 35,000 shares are anticipated to be granted

following the Annual Meeting, assuming election of Messrs. Ariko, Baker, Brooke, Collinson, De Schutter and Saxe and Dr. Craves as directors.

Terms of Options

The term of each option granted under the Directors' Option Plan is ten years. Stock options granted under the Directors' Option Plan must be exercised by the optionee before earlier of the expiration of such option or the date six months after termination of the optionee's service as a director, except that period may be extended on certain events including death and termination of employment due to disability.

The exercise price of an option granted under the Directors' Option Plan must be paid in full at the time of exercise in cash or, in certain circumstances, by Common Stock. The Directors' Plan also allows an optionee to pay the exercise price by giving exercise/sale or exercise/pledge directions, as described above under Proposal 2 Proposal to Amend the Incyte Genomics, Inc. 1991 Stock Plan 1991 Stock Plan Terms of Options, Shares Offered for Sale and Restricted Stock Units.

Effect of Certain Corporate Events

Options granted under the Directors' Option Plan are subject to adjustment in the event of certain corporate events in the same manner as options granted under the 1991 Stock Plan. See Proposal 2 Proposal to Amend the Incyte Genomics, Inc. 1991 Stock Plan 1991 Stock Plan Effect of Certain Corporate Events.

In addition, the vesting of Options granted under the Directors' Option Plan will accelerate upon a change of control.

Amendment and Termination

The Directors' Option Plan may be amended or terminated at any time by the Board of Directors, subject to applicable laws, except that the provisions of the Directors' Option Plan relating to the amount, price and timing of option grants may not be amended more than once in any six-month period.

Certain Federal Income Tax Consequences of Options Under the Directors' Option Plan

Neither the optionee nor the Company will incur any federal tax consequences as a result of the grant of an option. Upon exercising an option, the optionee generally must recognize ordinary income equal to the spread between the exercise price and the fair market value of Common Stock on the date of exercise; the Company will be entitled to a deduction for the same amount. Upon disposition of option shares acquired under the Directors' Option Plan, the difference between the sale proceeds and the fair market value of the shares on the date of exercise will be treated as a capital gain or loss either long-term or short-term, depending on how long the shares have been held. The Company will not be entitled to a deduction in connection with a disposition of option shares.

The above description of tax consequences is based upon federal tax laws and regulations and does not purport to be a complete description of the federal income tax aspects of the Directors' Option Plan.

Required Vote

Approval of the amendment to the 1993 Directors' Stock Plan requires the affirmative vote of a majority of the shares present and voting at the meeting in person or by proxy.

The Board of Directors recommends a vote FOR the amendment to the Company's 1993 Directors' Stock Option Plan.

PROPOSAL 4

**PROPOSAL TO AMEND THE INCYTE GENOMICS, INC.
1997 EMPLOYEE STOCK PURCHASE PLAN**

In April 2002, the Board of Directors approved an amendment to the Company's 1997 Employee Stock Purchase Plan (as amended, the ESPP), subject to the approval of the Company's stockholders at the Annual Meeting. The following summary of the principal features of the ESPP is qualified by reference to the terms of the ESPP, a copy of which is available without charge upon stockholder request to Marilyn Pasquinelli, Incyte Genomics, Inc., 3160 Porter Drive, Palo Alto, California 94304.

Description of Amendment

The amendment to the ESPP approved by the Board of Directors and submitted for stockholder approval consists of an increase in the number of shares of Common Stock reserved for issuance under the ESPP from 1,600,000 to 2,100,000 shares.

Employee Stock Purchase Plan

The ESPP was adopted by the Board of Directors in February 1997, effective August 1, 1997 and first approved by the Company's stockholders in April 1997. The ESPP was amended and restated by the Board of Directors in February 2001, and the Company's stockholders approved the amended and restated ESPP in June 2001. The purpose of the ESPP is to provide employees with an opportunity to acquire shares of the Common Stock at a price below their market value and to pay for the purchases through payroll deductions, thereby enabling the Company to attract, retain and motivate valued employees. A total of 2,100,000 shares of Common Stock (including 500,000 shares subject to stockholder approval at the Annual Meeting) have been reserved for issuance under the ESPP.

Administration

The ESPP is administered by the Compensation Committee of the Board of Directors. The Compensation Committee has the authority to construe, interpret and apply the terms of the ESPP, to determine eligibility, to establish such limitations and procedures as it determines are consistent with the ESPP and to adjudicate any disputed claims under the ESPP.

Eligibility; Price of Shares

Each regular full-time and part-time employee of the Company and subsidiaries designated by the Board of Directors who customarily works at least 20 hours per week and more than five months in any calendar year is eligible to participate in the ESPP after one month of employment. However, no employee is eligible to participate in the ESPP if, immediately after electing to participate, the employee would own stock of the Company (including stock such employee may purchase under outstanding options) representing 5% or more of the total combined voting power or value of all classes of stock of the Company. In addition, no employee is permitted to participate if under the ESPP and all similar purchase plans of the Company or its subsidiaries, such rights would accrue at a rate which exceeds \$25,000 of the fair market value of such stock (determined at the time the right is granted) for each calendar year.

Under the ESPP, each calendar year is divided into two six-month purchase periods commencing May 1 and November 1 of each year. At the end of each purchase period, the Company will apply the amount contributed by the participant during that period to purchase shares of Common Stock for him or her. The purchase price will be equal to 85% of the lower of (a) the market price of the Common Stock on the first day of the applicable offering period or (b) the market price of the Common Stock on the last business day of the

purchase period. In general each offering period is 24 months long, but a new offering period begins every six months. Thus, up to four overlapping offering periods may be in effect at the same time. If the market price of the Common Stock is lower on the purchase date, then the subsequent offering period automatically becomes the applicable offering period. No participant may purchase more than 8,000 shares in any one purchase period.

Participation; Payroll Deductions; Purchase of Shares

A participant may also designate a beneficiary to receive cash in his or her account in the event of such participant's death prior to the last day of the offering period. SECTION 4. ELIGIBILITY.

(a) General Rule. Only Employees, as defined in Section 2(f), shall be eligible for designation as Optionees or Offerees by the Committee. In addition, only individuals who are employed as common-law employees by the Company or a Subsidiary shall be eligible for the grant of ISOs.

(b) Ten-Percent Stockholders. An Employee who owns more than 10 percent of the total combined voting power of all classes of outstanding stock of the Company or any of its Subsidiaries shall not be eligible for the grant of an ISO unless (i) the Exercise Price is at least 110 percent of the Fair Market Value of a Share on the date of grant and (ii) such ISO by its terms is not exercisable after the expiration of five years from the date of grant.

(c) Attribution Rules. For purposes of Subsection (b) above, in determining stock ownership, an Employee shall be deemed to own the stock owned, directly or indirectly, by or for such Employee's brothers, sisters, spouse, ancestors and lineal descendants. Stock owned, directly or indirectly, by or for a corporation, partnership, estate or trust shall be deemed to be owned proportionately by or for its stockholders, partners or beneficiaries. Stock with respect to which such Employee holds an option shall not be counted.

(d) Outstanding Stock. For purposes of Subsection (b) above, "outstanding stock" shall include all stock actually issued and outstanding immediately after the grant. "Outstanding stock" shall not include shares authorized for issuance under outstanding options held by the Employee or by any other person.

SECTION 5. STOCK SUBJECT TO PLAN.

(a) Basic Limitation. Shares offered under the Plan shall be authorized but unissued Shares or treasury Shares. The aggregate number of Shares which may be issued under the Plan (upon exercise of Options or other rights to acquire Shares) shall not exceed 22,350,000 Shares, subject to adjustment pursuant to Section 9. The number of Shares that are subject to Options or other rights outstanding at any time under the Plan shall not exceed the number of Shares that then remain available for issuance under the Plan. The Company, during the term of the Plan, shall at all times reserve and keep available sufficient Shares to satisfy the requirements of the Plan.

(b) Additional Shares. In the event that any outstanding Option or other right for any reason expires or is canceled or otherwise terminated, the Shares allocable to the unexercised portion of such Option or other right shall again be available for the purposes of the Plan. In the event that Shares issued under the Plan are reacquired by the Company pursuant to any forfeiture provision, right of repurchase or right of first refusal, such Shares shall again be available for the purposes of the Plan.

SECTION 6. TERMS AND CONDITIONS OF AWARDS OR SALES.

(a) Stock Purchase Agreement. Each award or sale of Shares under the Plan (other than upon exercise of an Option) shall be evidenced by a Stock Purchase Agreement between the Offeree and the Company. Such award or sale shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Committee deems appropriate for inclusion in a Stock Purchase Agreement. The provisions of the various Stock Purchase Agreements entered into under the Plan need not be identical.

(b) Duration of Offers and Nontransferability of Rights. Any right to acquire Shares under the Plan (other than an Option) shall automatically expire if not exercised by the Offeree within 30 days after the grant of such right was communicated to the Offeree by the Committee. Such right shall not be transferable and shall be exercisable only by the Offeree to whom such right was granted.

(c) Purchase Price. The Purchase Price of Shares to be offered under the Plan shall not be less than the par value of such Shares. Subject to the preceding sentence, the Purchase Price shall be determined by the Committee at its sole discretion. The Purchase Price shall be payable in a form described in Section 8.

(d) Withholding Taxes. As a condition to the award, purchase, vesting or sale of Shares, the Offeree shall make such arrangements as the Committee may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such Shares. The Committee may permit the Offeree to satisfy all or part of his or her tax obligations related to such Shares by having the Company withhold a portion of any Shares that otherwise would be issued to him or her or by surrendering any Shares that previously were acquired by him or her. The Shares withheld or surrendered shall be valued at their Fair Market Value on the date when taxes otherwise would be withheld in cash. The payment of taxes by assigning Shares to the Company, if permitted by the Committee, shall be subject to such restrictions as the Committee may impose, including any restrictions required by rules of the Securities and Exchange Commission.

(e) Restrictions on Transfer of Shares. Any Shares awarded or sold under the Plan shall be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Committee may determine. Such restrictions shall be set forth in the applicable Stock Purchase Agreement and shall apply in addition to any general restrictions that may apply to all holders of Shares.

SECTION 7. TERMS AND CONDITIONS OF OPTIONS.

(a) Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Committee deems appropriate for inclusion in a Stock Option Agreement. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical.

(b) Number of Shares. Each Stock Option Agreement shall specify the number of Shares that are subject to the Option and shall provide for the adjustment of such number in accordance with Section 9. The Stock Option Agreement shall also specify whether the Option is an ISO or a

Nonstatutory Option. Options granted to any Optionee in a single calendar year shall in no event cover more than 800,000 Shares, subject to adjustment in accordance with Section 9.

(c) Exercise Price. Each Stock Option Agreement shall specify the Exercise Price. The Exercise Price of an ISO shall not be less than 100 percent of the Fair Market Value of a Share on the date of grant, and a higher percentage may be required by Section 4(b). The Exercise Price of a Nonstatutory Option shall not be less than 100 percent of the Fair Market Value of a Share on the date of grant. Subject to the preceding two sentences, the Exercise Price under any Option shall be determined by the Committee at its sole discretion. The Exercise Price shall be payable in a form described in Section 8.

(d) Withholding Taxes. As a condition to the exercise of an Option, the Optionee shall make such arrangements as the Committee may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with such exercise. The Optionee shall also make such arrangements as the Committee may require for the satisfaction of any federal, state, local or foreign withholding tax obligations that may arise in connection with the disposition of Shares acquired by exercising an Option. The Committee may permit the Optionee to satisfy all or part of his or her tax obligations related to the Option by having the Company withhold a portion of any Shares that otherwise would be issued to him or her or by surrendering any Shares that previously were acquired by him or her. Such Shares shall be valued at their Fair Market Value on the date when taxes otherwise would be withheld in cash. The payment of taxes by assigning Shares to the Company, if permitted by the Committee, shall be subject to such restrictions as the Committee may impose, including any restrictions required by rules of the Securities and Exchange Commission.

(e) Exercisability. Each Stock Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. A Stock Option Agreement may provide for accelerated exercisability in the event of the Optionee's death, Total and Permanent Disability or retirement or other events.

(f) Effect of Change in Control. The Committee may determine, at the time of granting an Option or thereafter, that such Option shall become exercisable on an accelerated basis in the event that a Change in Control occurs with respect to the Company. If the Committee finds that there is a reasonable possibility that, within the succeeding six months, a Change in Control will occur with respect to the Company, then the Committee may determine that all outstanding Options shall be exercisable on an accelerated basis.

(g) Term. The Stock Option Agreement shall specify the term of the Option. The term shall not exceed 10 years from the date of grant, except as otherwise provided in Section 4(b). Subject to the preceding sentence, the Committee at its sole discretion shall determine when an Option is to expire.

(h) Nontransferability. Except as may be provided in the applicable Stock Option Agreement with respect to a Nonstatutory Option, no Option shall be transferable by the Optionee other than by will, by beneficiary designation delivered to the Company, or by the laws of descent and distribution. An Option may be exercised during the lifetime of the Optionee only by the Optionee or by the Optionee's guardian or legal representative. No Option or interest therein may be transferred, assigned, pledged or hypothecated by the Optionee during his or her lifetime, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

(i) Termination of Service (Except by Death). Except as may be provided in the applicable Stock Option Agreement, if an Optionee's Service terminates for any reason other than the Optionee's death, then such Optionee's Option(s) shall expire on the earliest of the following occasions:

- (i) The expiration date determined pursuant to Subsection (g) above;
- (ii) The date 90 days after the termination of the Optionee's Service for any reason other than Total and Permanent Disability; or
- (iii) The date six months after the termination of the Optionee's Service by reason of Total and Permanent Disability.

The Optionee may exercise all or part of his or her Option(s) at any time before the expiration of such Option(s) under the preceding sentence, but only to the extent that such Option(s) had become exercisable before the Optionee's Service terminated or became exercisable as a result of the termination. The balance of such Option(s) shall lapse when the Optionee's Service terminates. In the event that the Optionee dies after the termination of the Optionee's Service but before the expiration of the Optionee's Option(s), all or part of such Option(s) may be exercised (prior to expiration) by the executors or administrators of the Optionee's estate or by any person who has acquired such Option(s) directly from the Optionee by bequest, beneficiary designation or inheritance, but only to the extent that such Option(s) had become exercisable before the Optionee's Service terminated or became exercisable as a result of the termination.

(j) Leaves of Absence. Except as may be provided in the applicable Stock Option Agreement, for purposes of Subsection (i) above, Service shall be deemed to continue while the Optionee is on military leave, sick leave or other bona fide leave of absence (as determined by the Committee). The foregoing notwithstanding, in the case of an ISO granted under the Plan, Service shall not be deemed to continue beyond the first 90 days of such leave, unless the Optionee's reemployment rights are guaranteed by statute or by contract.

(k) Death of Optionee. Except as may be provided in the applicable Stock Option Agreement, if an Optionee dies while he or she is in Service, then such Optionee's Option(s) shall expire on the earlier of the following dates:

- (i) The expiration date determined pursuant to Subsection (g) above;
- or
- (ii) The date six months after the Optionee's death.

All or part of the Optionee's Option(s) may be exercised at any time before the expiration of such Option(s) under the preceding sentence by the executors or administrators of the Optionee's estate or by any person who has acquired such Option(s) directly from the Optionee by bequest, beneficiary designation or inheritance, but only to the extent that such Option(s) had become exercisable before the Optionee's death or became exercisable as a result of the Optionee's death. The balance of such Option(s) shall lapse when the Optionee dies.

(l) No Rights as a Stockholder. An Optionee, or a transferee of an Optionee, shall have no rights as a stockholder with respect to any Shares covered by his or her Option until he or she

becomes entitled, pursuant to the terms of such Option, to receive such Shares. No adjustments shall be made, except as provided in Section 9.

(m) Modification, Extension and Assumption of Options. Within the limitations of the Plan, the Committee may modify, extend or assume outstanding Options or may accept the cancellation of outstanding Options (whether granted by the Company or another issuer) in return for the grant of new Options for the same or a different number of Shares and at the same or a different Exercise Price. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, impair such Optionee's rights or increase his or her obligations under such Option.

(n) Restrictions on Transfer of Shares. Any Shares issued upon exercise of an Option may be subject to such special forfeiture conditions, rights of repurchase, rights of first refusal and other transfer restrictions as the Committee may determine. Such restrictions shall be set forth in the applicable Stock Option Agreement and shall apply in addition to any general restrictions that may apply to all holders of Shares.

SECTION 8. PAYMENT FOR SHARES.

(a) General Rule. The entire Purchase Price or Exercise Price of Shares issued under the Plan shall be payable in lawful money of the United States of America at the time when such Shares are purchased, except as provided in Subsections (b), (c), (d), (e) and (f) below.

(b) Surrender of Stock. To the extent that a Stock Option Agreement so provides, payment may be made all or in part with Shares which have already been owned by the Optionee or the Optionee's representative for more than six months and which are surrendered to the Company in good form for transfer. Such Shares shall be valued at their Fair Market Value on the date when the new Shares are purchased under the Plan.

(c) Services Rendered. At the discretion of the Committee, Shares may be awarded under the Plan in consideration of services rendered to the Company or a Subsidiary prior to the award. If Shares are awarded without the payment of a Purchase Price in cash, the Committee shall make a determination (at the time of the award) of the value of the services rendered by the Offeree and the sufficiency of the consideration to meet the requirements of Section 6(c).

(d) Promissory Note. To the extent that a Stock Option Agreement or Stock Purchase Agreement so provides, a portion of the Exercise Price or Purchase Price (as the case may be) of Shares issued under the Plan may be paid with a full-recourse promissory note, provided that (i) the par value of such Shares must be paid in lawful money of the United States of America at the time when such Shares are purchased, (ii) the Shares are pledged as security for payment of the principal amount of the promissory note and interest thereon and (iii) the interest rate payable under the terms of the promissory note shall not be less than the minimum rate (if any) required to avoid the imputation of additional interest under the Code. Subject to the foregoing, the Committee (at its sole discretion) shall specify the term, interest rate, amortization requirements (if any) and other provisions of such note.

(e) Exercise/Sale. To the extent that a Stock Option Agreement so provides, payment may be made all or in part by the delivery (on a form prescribed by the Company) of an irrevocable direction to a securities broker approved by the Company to sell Shares and to deliver all or part of the sales proceeds to the Company in payment of all or part of the Exercise Price and any

withholding taxes.

(f) Exercise/Pledge. To the extent that a Stock Option Agreement so provides, payment may be made all or in part by the delivery (on a form prescribed by the Company) of an irrevocable direction to pledge Shares to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the loan proceeds to the Company in payment of all or part of the Exercise Price and any withholding taxes.

SECTION 9. ADJUSTMENT OF SHARES.

(a) General. In the event of a subdivision of the outstanding Stock, a declaration of a dividend payable in Shares, a declaration of a dividend payable in a form other than Shares in an amount that has a material effect on the value of Shares, a combination or consolidation of the outstanding Stock into a lesser number of Shares, a recapitalization, a spinoff, a reclassification or a similar occurrence, the Committee shall make appropriate adjustments in one or more of (i) the number of Shares available for future grants under Section 5, (ii) the limit set forth in Section 7(b), (iii) the number of Shares covered by each outstanding Option or (iv) the Exercise Price under each outstanding Option.

(b) Reorganizations. In the event that the Company is a party to a merger or other reorganization, outstanding Options shall be subject to the agreement of merger or reorganization. Such agreement may provide, without limitation, (i) for the assumption of outstanding Options by the surviving corporation or its parent, (ii) for their continuation by the Company, if the Company is a surviving corporation, (iii) for payment of a cash settlement equal to the difference between the amount to be paid for one Share pursuant to such agreement and the Exercise Price or (iv) for the acceleration of their exercisability followed by the cancellation of Options not exercised, in all cases without the Optionees' consent. Any cancellation shall not occur until after such acceleration is effective and Optionees have been notified of such acceleration.

(c) Reservation of Rights. Except as provided in this Section 9, an Optionee or Offeree shall have no rights by reason of (i) any subdivision or consolidation of shares of stock of any class, (ii) the payment of any dividend or (iii) any other increase or decrease in the number of shares of stock of any class. Any issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or Exercise Price of Shares subject to an Option. The grant of an Option pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

SECTION 10. SECURITIES LAWS.

Shares shall not be issued under the Plan unless the issuance and delivery of such Shares comply with (or are exempt from) all applicable requirements of law, including (without limitation) the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, state securities laws and regulations, and the regulations of any stock exchange on which the Company's securities may then be listed.

SECTION 11. NO EMPLOYMENT RIGHTS.

No provision of the Plan, nor any right or Option granted under the Plan, shall be construed to give any person any right to become, to be treated as, or to remain an Employee. The Company and its Subsidiaries reserve the right to terminate any person's Service at any time and for any reason.

SECTION 12. DURATION AND AMENDMENTS.

(a) Term of the Plan. The Plan, as amended and restated as set forth herein, shall become effective as of February 15, 2001. In the event the Company's stockholders fail to approve the amendment to the Plan increasing the number of shares issuable hereunder at the 2001 annual meeting of stockholders, any Option grants or Stock awards made in excess of an aggregate of 17,400,000 Shares shall be null and void. The Plan shall terminate automatically on February 15, 2011 and may be terminated on any earlier date pursuant to Subsection (b) below.

(b) Right to Amend or Terminate the Plan. The Board of Directors may amend, suspend or terminate the Plan at any time and for any reason. An amendment of the Plan shall be subject to the approval of the Company's stockholders to the extent required by applicable laws, regulations, rules, listing standards or other requirements, including (without limitation) Rule 16b-3 under the Exchange Act. Stockholder approval shall not be required for any other amendment of the Plan.

(c) Effect of Amendment or Termination. No Shares shall be issued or sold under the Plan after the termination thereof, except upon exercise of an Option granted prior to such termination. The termination of the Plan, or any amendment thereof, shall not affect any Share previously issued or any Option previously granted under the Plan.

SECTION 13. EXECUTION.

To record the amendment and restatement of the Plan by the Board of Directors on February 15, 2001, the Company has caused its authorized officer to execute the same.

- (a) Basic Limitation. Shares offered under the Plan shall be authorized but unissued Shares or treasury Shares. The aggregate number of Shares which may be issued under the Plan shall not exceed 1,100,000 Shares, subject to adjustment pursuant to Section 6. SECTION 4. TERMS AND CONDITIONS OF OPTIONS.

- (a) Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions that are not inconsistent with the Plan and that the Board of Directors deems appropriate for inclusion in a Stock Option Agreement.
- (b) Initial Grants. Each new Nonemployee Director who first joins the Board of Directors after March 30, 2001 shall receive an Option covering 30,000 Shares within one business day after his or her initial election to the Board of Directors. The number of Shares included in an Option shall be subject to adjustment under Section 6.
- (c) Annual Grants. On the first business day following the conclusion of each regular annual meeting of the Company's stockholders, each Nonemployee Director who will continue serving as a member of the Board of Directors thereafter shall receive an Option covering 5,000 Shares, subject to adjustment under Section 6. Each Nonemployee Director who is not initially elected at a regular annual meeting of the Company's stockholders shall receive an Option to purchase a pro rata portion of 5,000 Shares within ten business days of such Director's election based on the number of full months remaining from date of election until the next regular annual meeting of the Company's stockholders divided by twelve. Any fractional shares resulting from such calculation shall be rounded up to the nearest whole number.
- (d) Exercise Price. The Exercise Price under each Option shall be equal to 100 percent of the Fair Market Value of the Stock subject to such Option on the date when such Option is granted. The entire Exercise Price of Shares issued under the Plan shall be payable in cash when such Shares are purchased, except as follows:
 - (i) Payment may be made all or in part with Shares that have already been owned by the Optionee or the Optionee's representative for more than six months and that are surrendered to the Company in good form for transfer. Such Shares shall be valued at their Fair Market Value on the date when the new Shares are purchased under the Plan.
 - (ii) Payment may be made all or in part by the delivery (on a form prescribed by the Company) of an irrevocable direction to a securities broker approved by the Company to sell Shares and to deliver all or part of the sales proceeds to the Company in payment of all or part of the Exercise Price and any withholding taxes.

- (e) Vesting. Each Option granted under Subsection (b) above shall become exercisable (i) as to one-fourth (1/4) of the total number of shares covered by such Option on the first anniversary of the date of grant and (ii) as to one-forty-eighth (1/48) of the total number of shares covered by such Option on each of a series of thirty-six (36) monthly installments thereafter. Except as set forth in the next succeeding sentence and in the last sentence of this Subsection (e), each Option granted under Subsection (c) above shall become exercisable in full on the first anniversary of the date of grant. Except as set forth in the last sentence of this Subsection (e), each Option granted under Subsection (c) to Nonemployee Directors who were not initially elected at a regular annual meeting of the Company's stockholders shall become exercisable in full at the next regular annual meeting of the Company's stockholders following the date of grant. Notwithstanding the foregoing, each Option granted under Subsection (c) above that is outstanding shall become exercisable in full in the event that a Change in Control occurs with respect to the Company.
- (f) Term of Options. Subject to Subsections (g) and (h) below, each Option shall expire on the 10th anniversary of the date when such Option was granted.
- (g) Termination of Service (Except by Death). If an Optionee's Service terminates for any reason other than death, then his or her Options shall expire on the earliest of the following occasions:
- (i) The expiration date determined pursuant to Subsection (f) above;
 - (ii) The date 24 months after the termination of the Optionee's Service, if the termination occurs because of his or her Total and Permanent Disability; or

The Optionee may exercise all or part of his or her Options at any time before the expiration of such Options under the preceding sentence, but only to the extent that such Options had become exercisable before his or her Service terminated. The balance of such Options shall lapse when the Optionee's Service terminates. In the event that the Optionee dies after the termination of his or her Service but before the expiration of his or her Options, all or part of such Options may be exercised at any time prior to their expiration by the executors or administrators of the Optionee's estate or by any person who has acquired such Options directly from him or her by bequest, inheritance or beneficiary designation under the Plan, but only to the extent that such Options had become exercisable before his or her Service terminated.

- (h) Death of Optionee. If an Optionee dies while he or she is in Service, then his or her Options shall expire on the earlier of the following dates:
- (i) The expiration date determined pursuant to Subsection (f) above; or

(ii) The date 24 months after his or her death.

All or part of the Optionee's Options may be exercised at any time before the expiration of such Options under the preceding sentence by the executors or administrators of his or her estate or by any person who has acquired such Options directly from him or her by bequest, inheritance or beneficiary designation under the Plan.

- (i) Nontransferability. No Option shall be transferable by the Optionee other than by will, by written beneficiary designation or by the laws of descent and distribution. An Option may be exercised during the lifetime of the Optionee only by the Optionee or by the Optionee's guardian or legal representative. No Option or interest therein may be transferred, assigned, pledged or hypothecated by the Optionee during his or her lifetime, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.
- (j) Stockholder Approval. Subsection (e) above notwithstanding, no Option shall be exercisable under any circumstances unless and until the Company's stockholders have approved the Plan.

SECTION 5. MISCELLANEOUS PROVISIONS.

- (a) No Rights as a Stockholder. An Optionee, or a transferee of an Optionee, shall have no rights as a stockholder with respect to any Shares covered by his or her Option until he or she becomes entitled, pursuant to the terms of such Option, to receive such Shares. No adjustment shall be made, except as provided in Section 6.
- (b) Modification, Extension and Assumption of Options. Within the limitations of the Plan, the Board of Directors may modify, extend or assume outstanding Options or may accept the cancellation of outstanding Options (whether granted by the Company or another issuer) in return for the grant of new Options for the same or a different number of Shares and at the same or a different Exercise Price. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, impair such Optionee's rights or increase his or her obligations under such Option.
- (c) Restrictions on Issuance of Shares. Shares shall not be issued under the Plan unless the issuance and delivery of such Shares comply with (or are exempt from) all applicable requirements of law, including (without limitation) the Securities Act of 1933, as amended, the rules and regulations promulgated thereunder, state securities laws and regulations, and the regulations of any stock exchange on which the Company's securities may then be listed. The Company may impose restrictions upon the sale, pledge or other transfer of such Shares (including the placement of appropriate legends on stock certificates) if, in the judgment of the Company and its counsel, such restrictions are necessary or desirable in order to achieve compliance with the provisions of the Securities Act of 1933, as amended, the securities laws of any state or any other law.
- (d) Withholding Taxes. The Company's obligation to deliver Stock upon the exercise of an Option shall be subject to any applicable tax withholding requirements.

- (e) No Retention Rights. No provision of the Plan, nor any Option granted under the Plan, shall be construed as giving any person the right to be elected as, or to be nominated for election as, a Nonemployee Director or to remain a Nonemployee Director.

SECTION 6. ADJUSTMENT OF SHARES.

- (a) General. In the event of a subdivision of the outstanding Stock, a declaration of a dividend payable in Shares, a declaration of a dividend payable in a form other than Shares in an amount that has a material effect on the value of Shares, a combination or consolidation of the outstanding Stock into a lesser number of Shares, a recapitalization, a spin-off, a reclassification or a similar occurrence, the Board of Directors shall make appropriate adjustments in one or more of (i) the number of Options available for future grants under Section 3, (ii) the number of Shares to be covered by each new Option under Section 4, (iii) the number of Shares covered by each outstanding Option or (iv) the Exercise Price under each outstanding Option.
- (b) Reorganizations. In the event that the Company is a party to a merger or other reorganization, outstanding Options shall be subject to the agreement of merger or reorganization. Such agreement shall provide (i) for the assumption of outstanding Options by the surviving corporation or its parent, (ii) for their continuation by the Company, if the Company is a surviving corporation, (iii) for payment of a cash settlement equal to the difference between the amount to be paid for one Share pursuant to such agreement and the Exercise Price or (iv) for the acceleration of their exercisability followed by the cancellation of Options not exercised, in all cases without the Optionees' consent. Any cancellation shall not occur until after such acceleration is effective and Optionees have been notified of such acceleration.
- (c) Reservation of Rights. Except as provided in this Section 6, an Optionee shall have no rights by reason of (i) any subdivision or consolidation of shares of stock of any class, (ii) the payment of any dividend or (iii) any other increase or decrease in the number of shares of stock of any class. Any issue by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or Exercise Price of Shares subject to an Option. The grant of an Option pursuant to the Plan shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

SECTION 7. DURATION AND AMENDMENTS.

- (a) Term of the Plan. The Plan shall become effective on the date of its adoption by the Board of Directors, subject to approval of the Company's stockholders. The Plan shall remain in effect until it is terminated under Subsection (b) below.
- (b) Right to Amend or Terminate the Plan. The Board of Directors may amend, suspend or terminate the Plan at any time and for any reason, except that the provisions of the Plan relating to the amount, price and timing of Option grants shall not be amended more than

once in any six-month period. Any amendment of the Plan shall be subject to the approval of the Company's stockholders to the extent required by applicable laws, regulations, rules, listing standards or other requirements, including (without limitation) Rule 16b-3 under the Exchange Act. Stockholder approval shall not be required for any other amendment of the Plan.

- (c) Effect of Amendment or Termination. No Shares shall be issued or sold under the Plan after the termination thereof, except upon exercise of an Option granted prior to such termination. The termination of the Plan, or any amendment thereof, shall not affect any Option previously granted under the Plan.

SECTION 8. EXECUTION.

(b) Any provisions of the Plan to the contrary notwithstanding, no Employee shall be granted an option under the Plan (i) to the extent that, immediately after the grant, such Employee (or any other person whose stock would be attributed to such Employee pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase such stock possessing five percent (5%) or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Subsidiary, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans of the Company and its subsidiaries accrues at a rate which exceeds Twenty-Five Thousand Dollars (\$25,000) worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time.

4. Offering Periods.

The Plan shall be implemented by consecutive, overlapping Offering Periods with a new Offering Period commencing on the first Trading Day on or after May 1 and November 1 each year, or on such other dates as the Board shall determine, and continuing thereafter until terminated in accordance with Section 19 hereof; provided, however, that the first Offering Period under the Plan shall commence with the first Trading Day on or after August 1, 1997 and shall end on the last Trading Day in the period ending October 31, 1999, and the second Offering Period under the Plan shall commence on the first Trading Day on or after May 1, 1998. New employees who become eligible to participate in the Plan during an Offering Period shall have an opportunity to enroll in the Plan on the first day of the next quarter following the date the employee first becomes eligible to participate in the Plan (August 1 or February 1). The Board or a committee thereof shall have the power to change the duration of Offering Periods (including the commencement dates thereof) and Purchase Periods thereunder with respect to future offerings without stockholder approval if such change is announced at least five (5) days prior to the scheduled beginning of the first Offering Period to be affected thereafter.

5. Participation.

(a) An eligible Employee may become a participant in the Plan by completing a subscription agreement authorizing payroll deductions in the form of Exhibit A to this Plan and

filing it with the Company's stock administrator 10 working days prior to the applicable Enrollment Date.

(b) Payroll deductions for a participant shall commence on the first payroll following the Enrollment Date and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof.

6. Payroll Deductions.

(a) At the time a participant files his or her subscription agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount not less than one percent (1%) and not more than ten percent (10%) of the participant's Compensation; provided that the aggregate of such payroll deductions during the Offering Period shall not exceed ten percent (10%) of the participant's aggregate Compensation during said Offering Period.

(b) All payroll deductions made for a participant shall be credited to his or her account under the Plan and shall be withheld in whole percentages only. A participant may not make any additional payments into such account.

(c) A participant may increase the rate of his or her payroll deductions at the beginning of each new Offering Period. Such increase shall take effect with the first payroll following the beginning of the new Offering Period. A participant may decrease the rate of his or her payroll deductions each month, provided that any decrease shall become effective with the first payroll of the next calendar month. Participants may discontinue his or her participation in the Plan during the Offering Date, provided that the discontinuation of participation in the Plan shall occur at least ten (10) working days prior to the next Enrollment Date. A participant must by complete or file with the Company's stock administrator a new subscription agreement authorizing a change in payroll deduction rate. The Board may, in its discretion, limit the number of participation rate changes during any Offering Period. The change in rate shall be effective with the first full payroll period following five (5) business days after the Company's receipt of the new subscription agreement unless the Company elects to process a given change in participation more quickly. A participant's subscription agreement shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

(d) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, a participant's payroll deductions may be decreased to zero percent (0%) at any time during a Purchase Period. Payroll deductions shall recommence at the rate provided in such participant's subscription agreement at the beginning of the first Purchase Period which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10 hereof.

(e) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At

any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Employee.

7. Grant of Option.

On the Enrollment Date of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Participant's account as of the Exercise Date by the applicable Purchase Price; provided that in no event shall an Employee be permitted to purchase during each Purchase Period more than two thousand (2,000) shares of the Company's Common Stock (subject to any adjustment pursuant to Section 18) on the Enrollment Date, and provided further that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12 hereof. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option shall expire on the last day of the Offering Period.

8. Exercise of Option.

Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the maximum number of full shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares shall be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share shall be retained in the participant's account for the subsequent Purchase Period or Offering Period, subject to earlier withdrawal by the participant as provided in Section 10 hereof. Any other monies left over in a participant's account after the Exercise Date shall be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

9. Delivery.

As promptly as practicable after each Exercise Date on which a purchase of shares occurs, a share certificate or certificates representing the number of shares so purchased shall be delivered to a brokerage account designated by the Company and kept in such account pursuant to a subscription agreement between each participant and the Company and subject to the conditions described therein which may include a requirement that shares be held and not sold for certain time periods, or the Company shall establish some other means for such participants to receive ownership of the shares.

10. Withdrawal.

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by giving written notice to the Company in the form of Exhibit B to this Plan. All of the participant's payroll deductions credited to his or her account shall be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period shall be automatically terminated, and no further payroll deductions for the purchase of

shares shall be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new subscription agreement.

(b) A participant's withdrawal from an Offering Period shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

11. Termination of Employment.

Upon a participant's ceasing to be an Employee, for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15 hereof, and such participant's option shall be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment shall be treated as continuing to be an Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12. Interest.

No interest shall accrue on the payroll deductions of a participant in the Plan.

13. Stock.

(a) The maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be two million one hundred thousand (2,100,000) shares, subject to adjustment upon changes in capitalization of the Company as provided in Section 18 hereof. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

(b) The participant shall have no interest or voting right in shares covered by his option until such option has been exercised.

(c) Shares purchased by a participant under the Plan shall be registered in the name of the participant or in the name of the participant and his or her spouse.

14. Administration.

The Plan shall be administered by the Board or a committee of members of the Board appointed by the Board. The Board or its committee shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

15. Designation of Beneficiary.

(a) A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

(b) Such designation of beneficiary may be changed by the participant at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

16. Transferability.

Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

17. Use of Funds.

All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

18. Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.

(a) Changes in Capitalization. Subject to any required action by the stockholders of the Company, the Reserves, the maximum number of shares each participant may purchase each Purchase Period (pursuant to Section 7), as well as the Purchase Price per share and the number of shares of Common Stock covered by each option under the Plan which

has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of outstanding shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration". Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Periods shall terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board.

(c) Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, limited liability company or other entity, the Plan shall terminate upon the date of the consummation of such transaction unless the plan of merger, consolidation or reorganization provides otherwise, and any Purchase Periods then in progress shall be shortened by setting a new Exercise Date (the "New Exercise Date") and any Offering Periods then in progress shall end on the New Exercise Date. The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Board shall notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof. The Plan shall in no event be construed to restrict the Company's right to undertake any liquidation, dissolution, merger, consolidation or other reorganization.

19. Amendment or Termination.

(a) The Board of Directors of the Company may at any time and for any reason terminate or amend the Plan. Except as provided in Section 18 hereof, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board of Directors on any Exercise Date if the Board determines that the termination of the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 18 hereof, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule), the Company shall obtain stockholder approval in such a manner and to such a degree as required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been "adversely affected," the Board (or its committee) shall be entitled to change the Offering Periods, limit the frequency and/or number of

changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Board (or its committee) determines in its sole discretion advisable which are consistent with the Plan.

20. Notices.

All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. Conditions Upon Issuance of Shares.

Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

22. Term of Plan.

The Plan, as amended and restated, shall become effective upon the Effective Date. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 19 hereof.

23. Automatic Transfer to Low Price Offering Period.

To the extent permitted by any applicable laws, regulations, or stock exchange rules, if the Fair Market Value of the Common Stock on any Exercise Date in an Offering Period is lower than the Fair Market Value of the Common Stock on the Enrollment Date of such Offering Period, then all participants in such Offering Period shall be automatically withdrawn from such Offering Period immediately after the exercise of their option on such Exercise Date and automatically re-enrolled in the immediately following Offering Period as of the first day thereof.

24. Execution.

To record the amendment and restatement of the Plan by the Board of Directors as of the Effective Date, the Company has caused its authorized officer to execute the same.
