QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: WHY AM I RECEIVING THESE MATERIALS?

A: The Board of Directors of Digital Insight Corporation, a Delaware corporation, is providing these proxy materials for you in connection with our annual meeting of stockholders, which will take place on May 1, 2003. As a stockholder, you are invited to attend the meeting and are entitled to and requested to vote on the proposals described in this Proxy Statement.

Q: WHAT INFORMATION IS CONTAINED IN THESE MATERIALS?

A: The information included in this Proxy Statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of directors and our most highly paid executive officers, and certain other required information. Our 2002 Annual Report and our 2002 Form 10-K, including our full 2002 consolidated financial statements, are also enclosed. **If any person who was a beneficial owner, as described below, of our common stock on the record date for the 2003 annual meeting desires additional copies of our Annual Report or Form 10-K, such copies will be furnished without charge upon receipt of a written request.** The request should identify the person making the request as a stockholder and should be directed to:

DIGITAL INSIGHT CORPORATION

26025 Mureau Road

Calabasas, California 91302

Attn: Investor Relations

We also make available free of charge on or through our Internet website at <http://www.digitalinsight.com> our Annual Report and our 2002 Form 10-K as soon as reasonably practicable after we electronically file the 2002 Form 10-K with the Securities and Exchange Commission.

Q: WHAT PROPOSALS WILL BE VOTED ON AT THE MEETING?

A: There are two proposals scheduled to be voted on at the meeting:

1. The election of one (1) Class I Director; and

2. The ratification of the appointment of PricewaterhouseCoopers LLP as our independent public accountants for the year ending December 31, 2003.

Q: WHAT IS THE VOTING RECOMMENDATION?

A: Our Board of Directors recommends that you vote your shares **FOR** the nominee to the Board and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent public accountants for the year ending December 31, 2003.

Q: WHAT SHARES CAN I VOTE?

A: All shares owned by you as of the close of business on March 14, 2003, the *Record Date*, may be voted by you. These shares include (1) shares held directly in your name as the *Stockholder of Record*, including shares purchased through our Employee Stock Purchase Plan and our employee stock option plans, and (2) shares held for you as the *Beneficial Owner* through a stockbroker, bank, or other nominee.

Q: WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A STOCKHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

A: Most of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, EquiServe Trust Company, N.A., you are considered, with respect to those shares, the *Stockholder of Record*, and these proxy materials are being sent directly to you by us. As the *Stockholder of Record*, you have the right to grant your voting proxy directly to us or to vote in person at the meeting. We have enclosed or sent a proxy card for you to use.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the *Beneficial Owner* of shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the *Stockholder of Record*. As the *Beneficial Owner*, you have the right to direct your broker how to vote and are also invited to attend the meeting. However, since you are not the *Stockholder of Record*, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. Your broker or nominee has enclosed or provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

Q: HOW CAN I VOTE MY SHARES IN PERSON AT THE MEETING?

A: Shares held directly in your name as the *Stockholder of Record* may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification. If you are the *Beneficial Owner* of the shares, you must have a signed proxy from the *Stockholder of Record*.

Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting.

Q: HOW CAN I VOTE MY SHARES WITHOUT ATTENDING THE MEETING?

A: Whether you hold shares directly as the *Stockholder of Record* or in street name as a *Beneficial Owner*, you may direct your vote without attending the meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. In most instances, you will be able to do this by mail. Please refer to the summary instructions below and those included on your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee.

Q: CAN I CHANGE MY VOTE?

A: You may change your proxy instructions at any time prior to the vote at the annual meeting. For shares held directly in your name, you may accomplish this by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares held beneficially by you, you may accomplish this by submitting new voting instructions to your broker or nominee.

Q: HOW ARE VOTES COUNTED?

A: In the election of a director, you may vote **FOR** the nominee or your vote may be **WITHHELD** with respect to the nominee. For the proposal ratifying the appointment of PricewaterhouseCoopers LLP, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you **ABSTAIN**, it has the same effect as a vote **AGAINST**. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (**FOR** the nominee to the Board and **FOR** the ratification of PricewaterhouseCoopers LLP as independent auditors for the year ending December 31, 2003 and in the discretion of the proxy holders on any other matters that properly come before the meeting).

Q: WHAT IS THE VOTING REQUIREMENT TO APPROVE EACH OF THE PROPOSALS?

A: In the election of directors, the person receiving the highest number of **FOR** votes will be elected. All other proposals require the affirmative **FOR** vote of a majority of those shares present and entitled to vote. If you are a *Beneficial Owner* and do not provide the *Stockholder of Record* with voting instructions, your shares may constitute *Broker Non-Votes*, as described in **WHAT IS THE QUORUM REQUIREMENT FOR THE MEETING?** below. In tabulating the voting result for any particular proposal, shares that constitute *Broker Non-Votes* are not considered entitled to vote on that proposal.

Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY OR VOTING INSTRUCTION CARD?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: WHERE CAN I FIND THE VOTING RESULTS OF THE MEETING?

A: We will announce preliminary voting results at the meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of 2003.

Q: WHAT HAPPENS IF ADDITIONAL PROPOSALS ARE PRESENTED AT THE MEETING?

A: Other than the two proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, John C. Dorman, our Chairman, President and Chief Executive Officer, and Elizabeth S.C.S. Murray, our Executive Vice President and Chief Financial Officer, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason our nominee is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate as may be nominated by the Board of Directors.

Q: WHAT CLASSES OF SHARES ARE ENTITLED TO BE VOTED?

A: Each share of our common stock outstanding as of the close of business on the *Record Date* is entitled to vote on all items being voted upon at the annual meeting. On the *Record Date*, we had 32,477,063 shares of common stock issued and outstanding.

Q: WHAT IS THE QUORUM REQUIREMENT FOR THE MEETING?

A: The quorum requirement for holding the meeting and transacting business is a majority of the outstanding shares present in person or represented by proxy and entitled to be voted. Both abstentions and *Broker Non-votes* are counted as present for the purpose of determining the presence of a quorum. Abstentions are also counted as shares present and entitled to be voted. *Broker Non-votes*, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, *Broker Non-votes* will not affect the outcome of any of the matters being voted upon at the meeting. Generally, *Broker Non-votes* occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the *Beneficial Owner*, and (2) the broker lacks discretionary voting power to vote such shares.

Q: WHO WILL BEAR THE COST OF SOLICITING VOTES FOR THE MEETING?

A: Digital Insight is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

Q: MAY I PROPOSE ACTIONS FOR CONSIDERATION AT NEXT YEAR'S ANNUAL MEETING OF STOCKHOLDERS OR NOMINATE INDIVIDUALS TO SERVE AS DIRECTORS?

A: You may submit proposals for consideration at future stockholder meetings. We expect to hold our 2004 annual meeting of stockholders in May 2004. In order for any proposal by a stockholder of Digital Insight to be considered for inclusion in our proxy materials for the 2004 annual meeting of stockholders, the written proposal must be received by us no later than November 22, 2003. We will determine whether or not to include any such proposals in the proxy materials in accordance with applicable law, including the Securities and Exchange Commission's regulations.

In order for a stockholder proposal, including director nomination, to be raised from the floor during the 2004 annual meeting of stockholders, certain conditions set forth in Section 2.14 of our bylaws must be complied with, including delivery of notice to us not less than 60 days prior to the meeting as originally scheduled. However, in the event that less than 65 days notice or public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be received not later than the close of business on the 7th day following the date on which such notice of the date of meeting was mailed or such public disclosure was made.

You may contact the Secretary at our headquarters for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

PROPOSAL ONE

ELECTION OF DIRECTOR

Introduction

At the annual meeting, one director is to be elected for a three-year term. Our Board is divided into three classes, and each director serves for a staggered three-year term. The Board is currently comprised of one Class I Director (Henry T. DeNero), two Class II Directors (Michael R. Hallman and Greg J. Santora) and three Class III Directors (John C. Dorman, James H. McGuire and Robert L. North). At each annual meeting of stockholders, the successors to the directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. The terms of the Class I Director, Class II Directors and Class III Directors will expire upon the election and qualification of successor directors at the 2006, 2004 and 2005 annual meeting of stockholders, respectively. Betsy S. Atkins, formerly a Class I Director, resigned from the Board in March 2003 due to other commitments. As permitted by our bylaws, the Board of Directors reduced its size from seven directors to six.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominee named below. In the event that the nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board of Directors may select. The person nominated for election has agreed to serve if elected, and management has no reason to believe that the nominee will be unable to serve.

The Board of Directors recommends a vote FOR the named nominee.

Meetings and Compensation of Directors

During the year ended December 31, 2002, there were ten meetings of our Board of Directors. During this period, all of the directors attended or participated in more than 75% of the aggregate of (i) the total number of Board meetings and (ii) the total number of meetings held by all committees of the Board on which each such director served.

Directors are reimbursed for all reasonable expenses incurred by them in attending Board and committee meetings. Directors who are also employees of Digital Insight are not compensated separately for serving on the Board and are not paid a retainer or additional compensation for attendance at Board or committee meetings. Non-employee directors are eligible to receive options under our 2001 Non-Employee Director Stock Option Plan, also known as the Director Plan. The Director Plan provides that each eligible director, provided he or she has served as a director for at least six months, will receive each year options to purchase 15,000 shares of our common stock on the day of the annual meeting of stockholders, or options to purchase 10,000 shares if such director elects to receive a cash retainer. All of our non-employee directors have opted for the all-option election under the Director Plan. These options will vest over a 12-month period. In addition, each newly elected or appointed non-employee director will receive options under the Director Plan to purchase 50,000 shares of our common stock upon joining the Board, or 40,000 shares if such director elects to receive a cash retainer, which will vest over a three year period. The Board has the discretion to grant additional options and rights to directors under its 1997 and 1999 stock plans. Employee directors are also eligible to participate in our employee stock purchase plan.

In the year ended December 31, 2002, Mr. Hallman received an option to purchase 15,000 shares of our common stock under the Director Plan for services as a director. These options vest in equal monthly amounts over

a 12-month period. In 2002, Messrs. McGuire and North each received an option to purchase 15,000 shares of our common stock under the 1999 stock plan with the same 12-month vesting term. Messrs. McGuire and North, who did not receive any option grants or other form of remuneration other than expense reimbursement in 2001, also each received an additional one-time option to purchase 15,000 shares of our common stock under the 1999 stock plan to compensate them in parity with the other non-employee directors for their services for 2001. These options were fully vested upon grant. In July 2002, Messrs. Hallman, McGuire, and North each received an additional, one-time option to purchase 10,000 shares of our common stock under the 1999 stock plan as compensation for increased demands on their time due to additional Board and committee requirements. These options were fully vested upon grant. Messrs. DeNero and Santora each received options under the Director Plan to purchase 50,000 shares of our common stock upon joining the Board. These options will vest over a three-year period.

In December 2002, we determined that our compensation package to non-employee directors, which was comprised entirely of equity-based compensation, was inadequate to fairly compensate them for their services. Consequently, we implemented a cash retainer program to supplement their current compensation. Beginning in 2003, non-employee directors will receive an annual cash retainer payable in quarterly installments to each director then in service, in addition to the arrangement provided under the Director Plan described above, which consists of a basic retainer for Board membership and additional retainers for their service on committees, plus an additional retainer for those who serve as chairpersons on standing committees, as follows:

<u>Service/Membership</u>	<u>Basic Retainer</u>	<u>Chairperson Retainer</u>
Board	\$30,000	N/A
Audit Committee	\$10,000	\$10,000
Compensation Committee	\$10,000	\$5,000
Nominating and Corporate Governance Committee	\$5,000	\$5,000

Committees of the Board of Directors

There are three standing committees and one special committee of our Board of Directors: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Special Litigation Committee.

The Audit Committee consists of Messrs. McGuire (Chair), North and Santora. The Audit Committee approves our independent auditors, and has general oversight of the scope and process of annual audits and any other accounting-related services, legal and regulatory compliance and systems of internal controls. The Audit Committee held eight meetings during the year ended December 31, 2002. The Audit Committee Report is set forth on page 17 of this Proxy Statement.

The Compensation Committee consists of Messrs. Hallman (Chair), DeNero, McGuire and North. The Compensation Committee makes recommendations regarding our stock option plans and all matters concerning executive compensation. The Compensation Committee held six meetings during the year ended December 31, 2002. The Compensation Committee Report is set forth on page 12 of this Proxy Statement.

The Nominating and Corporate Governance Committee, or NCG Committee, consists of Messrs. Santora (Chair), DeNero and Hallman. The NCG Committee held two meetings during the year ended December 31, 2002. In 2002, the Board renamed the Nominating Committee to the Nominating and Corporate Governance Committee and expanded the NCG Committee's abilities to include corporate governance responsibilities. Its current responsibilities include:

Edgar Filing: DIGITAL INSIGHT CORP - Form DEF 14A

Considering and making recommendations regarding director nominees, including stockholder nominees;

Making recommendations to the Board concerning the composition and size of the Board; and

Exercising oversight responsibility with respect to principles of corporate governance, and from time to time, making recommendations to the Board concerning corporate governance matters.

In March 2002, FundsXpress Financial Network, Inc., or FundsXpress, initiated a lawsuit against us in the United States District Court in Austin, Texas. The lawsuit alleged, among other claims, misappropriation of trade secrets and copyright infringement, and named certain members of our senior management as defendants in their individual capacities.

In part, because of the alleged involvement of senior management, our Board of Directors formed a special litigation committee, hired independent counsel, and initiated an independent investigation of the FundsXpress claims. The Special Litigation Committee consisted of Messrs. McGuire and North, and the Winthrop & Weinstine law firm was engaged as independent counsel. Independent counsel, in addition to conducting an internal investigation, also advised the Board on related issues, which included the acceptability of the terms of the final settlement, and proper discharge of duties to the stockholders by the Board of Directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Digital Insight's executive compensation program is administered by the Compensation Committee, which is comprised of four non-employee directors: Messrs. Hallman (Chair), DeNero, McGuire and North. The Compensation Committee has submitted the following report on executive compensation for the year ended December 31, 2002.

Executive Compensation Program

There are three basic components to our executive compensation program: base pay, annual incentive bonus, and long-term, equity-based incentive compensation in the form of stock options. In addition, employees are eligible to participate in our 401(k) plan and certain insurance plans. All employees are also eligible to participate in our Employee Stock Purchase Plan.

Executive Compensation Philosophy

Our executive compensation program is designed to attract, motivate and retain a highly skilled, professional and dedicated work force. The total program offering is intended to provide incentives and rewards to executives, based on the superior performance of certain business units and the company as a whole. Our objective is for the base salary, annual incentive compensation and long-term incentive compensation

The Compensation Committee Report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filings of Digital Insight pursuant to the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Digital Insight specifically incorporates the Compensation Committee Report by reference therein. The report shall not be deemed soliciting material or otherwise deemed filed under either such Act.

components, taken as a whole, to approximate the median levels for an industry comparison group consisting primarily of other providers of Internet banking with whom we compete for executive talent. While we regularly conduct surveys, we typically adjust compensation either when we see a significant deviation from the industry comparison group or as a result of exceptional individual performance. Also, from year to year, relative compensation levels may change due largely to variances in individual and company performance.

Base Pay

The company sets base pay at levels that are competitive with equivalent positions at comparable companies. An executive's actual salary within this competitive framework is determined on an annual basis and corresponds to the individual's performance, responsibilities, experience, leadership, and potential future contributions.

Bonus Compensation

In the past, we have offered cash bonuses to prospective executive officer candidates to encourage them to join the company. Additionally, bonuses may be earned by executives based upon the company's achievement of revenue and earnings per share targets, as well as various other measurable financial and non-financial targets tailored to each executive's roles and responsibilities.

Long-Term, Equity-Based Incentive Compensation

The long-term incentive component of our executive compensation plan is intended to align the executive's, the company's and the stockholders interests, and consists of options to purchase shares of our common stock, as well as limited grants of options with performance-based vesting to our most senior executive officers. To encourage sustained performance, the options vest over time, generally over a four year period. Stock options are awarded with an exercise price equal to the fair market value of the common stock on the date of grant. Accordingly, an executive is rewarded only if our stockholders receive the benefit of appreciation in the price of the common stock. Because long-term options vest over time, we periodically grant new options to provide continuing incentives for future performance. The size of periodic option grants is a function of the breadth of an executive's scope of accountability, recent performance, and other factors, as determined by the Compensation Committee. These factors include the Compensation Committee's assessment of each executive officer's anticipated contributions to the company's success and the adequacy of previously granted options in providing incentives for performance and retention of the executive. During year 2002, the company's executive officers were granted supplemental stock options, with delayed vesting over four years.

Additionally, during 2002, Mr. Dorman, our Chairman, President and Chief Executive Officer, and Mr. Walker, our former President and Chief Operating Officer, were each granted options with performance-based vesting schedules, as identified in the Summary Compensation Table. Mr. Walker surrendered all such options granted upon his exit from the company. The goal of the performance-based option plan is to reward these executive officers with annual option vesting upon their achievement of certain specified targets, which consist of such factors as revenues and earnings per share, as well as other measurable targets. To effectuate this goal, we structured the options to contain a performance-based vesting acceleration over a four-year period and a fixed vesting term whereby all unvested shares would vest four and one half years after the grant.

Annual Reviews

Edgar Filing: DIGITAL INSIGHT CORP - Form DEF 14A

The Compensation Committee reviews its executive compensation plan policies and programs annually and determines what changes, if any, are appropriate for the following year. In addition, the Compensation Committee reviews the performance of the Chief Executive Officer and, with his assistance, the individual performance of the other executive officers. The Compensation Committee then makes recommendations to the Board of Directors for consideration and final approval of all material compensation matters.

Compensation of the Chief Executive Officer

The Compensation Committee annually reviews the performance and compensation of the Chief Executive Officer based on the assessment of his past performance and its expectation of his future contributions to the company's performance. Mr. Dorman has served as our Chief Executive Officer since October 1998. The Compensation Committee used the policies and practices described above to determine Mr. Dorman's compensation in 2002, which included a base salary of \$338,000. Mr. Dorman was eligible to receive a bonus based on the company's achievement of certain specified targets under the management incentive bonus plan for 2002. Given factors including the continued downturn in the capital markets and the subsequent impact on the company's ability to achieve such targets, Mr. Dorman did not receive any bonus or payout under the management incentive bonus plan in 2002. The Compensation Committee believes that Mr. Dorman's total compensation for 2002 was at or below the average total cash compensation paid to chief executive officers by comparable companies. Mr. Dorman's current base salary for 2003 is \$338,000. Mr. Dorman received an option to purchase 9,375 shares of our common stock in 2002 which vests over a two-year term, and an option to purchase 100,000 shares pursuant to the performance-based option described above and identified in the Summary Compensation Table. Mr. Dorman may be eligible to receive a raise in base salary and additional equity compensation during 2003, depending upon the Compensation Committee's assessment of his performance and the company's achievement of specified objectives.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction for compensation in excess of \$1 million paid to the executives named in our Summary Compensation Table. Certain compensation is exempt from the deduction limit to the extent it does not exceed \$1 million during any reporting year or is performance based as defined by Section 162(m). Section 162(m) should not affect the deductibility of compensation paid to our executive officers for the foreseeable future. The majority of the options available for grant under the 1997 and 1999 Stock Plans will comply with Section 162(m), so that compensation resulting from these stock options will not be counted toward the \$1 million limit on deductible compensation under Section 162(m). The Compensation Committee has not formulated any policy with respect to qualifying other types of compensation for deductibility under Section 162(m).

CERTAIN TRANSACTIONS

ViFi Acquisition and Other Transactions with David B. Becker

In January 2002, we acquired Virtual Financial Services, Inc., or ViFi, a privately-owned company based in Indianapolis, Indiana that provided Internet banking products and services. As a result of the acquisition, all the outstanding shares of ViFi were converted into an aggregate of \$3,750,000 in cash, \$3,750,000 in promissory notes, and 1,901,907 shares of our common stock. In addition, we assumed employee options to acquire ViFi stock that, as a result of the transaction, converted into options to purchase an aggregate of 111,978 shares of our common stock. The sole shareholders of ViFi were David B. Becker and The David B. Becker 2000 Grantor Retained Annuity Trust u/a/d October 27, 2000. As a result of the transaction and the shares of our common stock received as consideration for the purchase of ViFi, Mr. Becker became an owner, directly and indirectly, of more than 5% of our common stock.

In connection with the transaction, each of the former shareholders of ViFi entered into a Stockholders Agreement pursuant to which, among other things, we granted the former ViFi shareholders certain piggyback and demand registration rights with respect to our common stock acquired in the transaction.

Also in connection with the transaction, we entered into a marketing and service agreement whereby Re:Member Data Services Inc., or RDS, will (i) allow our systems to directly connect with its data processing system for financial institutions and (ii) market our products and services to its customer base. RDS is an entity controlled by Mr. Becker. We have agreed to pay a percentage of certain fees received from those customers referred to us by RDS.

In separate transactions following the acquisition, we have entered into the following arrangements with Mr. Becker or entities controlled by Mr. Becker:

We sold to RDS all of the remaining furniture, fixtures and equipment located in the Indianapolis facility following our closure of that site.

We entered into an agreement granting RDS a license to use certain technology related to our online document management service acquired by us in the ViFi acquisition, as well as a marketing and services agreement by which RDS would provide technical services related to our online document management offering. We received a one-time net license fee of \$810,711 from RDS, and we paid RDS \$183,133 in 2002 for technical services.

We entered into service arrangements with Mr. Becker and entities controlled by Mr. Becker to lease on a short-term, temporary basis, certain equipment, systems hardware and technical personnel out of their data center and backup facility in Indianapolis to allow us to provide uninterrupted Internet banking, electronic bill payment and cash management services during the customer migration process. We paid \$30,116 in 2002 in connection with this arrangement.

Management Consultant

Edgar Filing: DIGITAL INSIGHT CORP - Form DEF 14A

We engaged Mr. DeNero, a director, to provide management consulting services related to marketing and strategic planning. In connection with the engagement, we paid him \$52,500 in 2002 and \$52,500 in 2003, as well as reimbursement of direct expenses.

Other Transactions

We have entered into an indemnification agreement with each of our executive officers and directors.

PROPOSAL TWO

RATIFICATION OF INDEPENDENT ACCOUNTANTS

In January 2003, the Board of Directors appointed the accounting firm of PricewaterhouseCoopers LLP to serve as its independent accountants. The appointment of this firm was recommended to the Board by its Audit Committee. A proposal to ratify that appointment will be presented at the annual meeting. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

Neither our certificate of incorporation nor bylaws requires that the stockholders ratify the selection of PricewaterhouseCoopers LLP as our independent accountants. We are doing so because we believe it is a matter of good corporate practice. If our stockholders do not ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP, but may, nonetheless, retain such independent accountants. Even if the selection is ratified, the Board and the Audit Committee in their discretion may change the appointment at any time during the year if they determine that such change would be in the best interests of Digital Insight and our stockholders.

The Board of Directors recommends a vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent accountants for the year ending December 31, 2003.

AUDIT COMMITTEE REPORT

During 2002, the Audit Committee of the Board of Directors operated under a written charter adopted by the Board of Directors on May 12, 2000, and served as the representative of the Board for general oversight of our financial accounting and reporting process, system of internal control, audit process, and process for monitoring compliance with laws and regulations. Our management has primary responsibility for preparing our financial statements and our financial reporting process. Our independent accountants, PricewaterhouseCoopers LLP, are responsible for expressing an opinion on the conformity of our audited financial statements to accounting principles generally accepted in the United States. At the end of the year 2002, the Audit Committee was comprised of three non-employee directors.

In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed with management the audited financial statements of Digital Insight as of December 31, 2001 and 2002 and for each of the three years in the period ended December 31, 2002.
2. The Audit Committee has discussed with the independent accountants the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380).
3. The Audit Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and had a discussion with the independent accountants about their independence.

4. Based on the review and discussions referred to in paragraphs (1) through (3) above, and relying thereon, the Audit Committee recommended to the Board of Directors of Digital Insight, and the Board has approved, that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2002, and be filed with the Securities and Exchange Commission.

The Audit Committee Report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filings of Digital Insight pursuant to the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Digital Insight specifically incorporates the Audit Committee Report by reference therein. The report shall not be deemed soliciting material or otherwise deemed filed under either such Act.

Each of the members of the Audit Committee satisfies the definition of independent director as established under the applicable rules of the National Association of Securities Dealers listing standards.

Financial Information Systems Design and Implementation Fees

No fees were billed by PricewaterhouseCoopers LLP in 2002 for any professional services related to financial information systems design or implementation.

All Other Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for services rendered to the company, other than for services described above, for the year ended December 31, 2002 were \$279,776, approximately \$194,000 of which was for work related to our proposed public offering of our shares that was subsequently withdrawn and other related services. The balance of the fees was for work related to an audit of our 401(k) plan, tax compliance, planning and consultation services, and reviews of registration statements on Form S-8 relating to employee option plans.
