ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS

April [__], 2010

Dear Shareholder:

You are cordially invited to attend the annual and special meeting of shareholders of Altair Nanotechnologies Inc. (the "Corporation") to be held at the Grand Sierra Resort, 2500 E. 2nd Street, Reno, Nevada 89502, on May 24, 2010, at 10:00 o'clock in the morning, Pacific time.

The purposes of the meeting are to (I) vote on a special resolution authorizing the Board of Directors of the Corporation to take all steps necessary to effect a consolidation of the common shares of the Corporation on the basis of a ratio to be selected and implemented by the Board of Directors, (II)) elect seven directors, (III) appoint Perry-Smith LLP as our auditors and authorize the Audit Committee of the Board of Directors to fix the auditors' remuneration, and (IV) receive our 2009 Annual Report.

You will be asked to vote on a special resolution (the "Consolidation Resolution") authorizing the Board of Directors of the Corporation, without further approval of the shareholders, to take all steps necessary to effect, or in its discretion not to effect, at any time on or before May 1, 2011, a consolidation (also known as a reverse split) of the common shares of the Corporation on the basis of a ratio within the range of one post-consolidation common share for every three pre-consolidation common shares (3:1) to one post-consolidation common share for every ten pre-consolidation common shares (10:1), with any fractional share that remains after all shares beneficially held by a holder of the common shares have been consolidated being rounded up to a whole common share, with the ratio to be selected and implemented by the Board of Directors in its sole discretion (the "Consolidation").

The Consolidation is being proposed to potentially increase the market price of our common shares in order to (i) reduce the risk of NASDAQ Capital Market delisting the common shares, as the Corporation has received a letter from the NASDAQ Capital Market indicating that the common shares may be delisted for failure to satisfy minimum bid price requirements if the closing bid price of the common shares has not equaled or exceed \$1.00 per share for at least 10 consecutive trading days by June 21, 2010; (ii) increase the number of eligible investors, as many brokers, investment advisors, institutional and other shareholders do not buy common shares priced below a certain threshold; and (iii) increase analyst, advisor and broker interest, as many analysts, advisors and brokers do not make recommendations with respect to common shares priced below a certain threshold.

After careful consideration, our Board of Directors has unanimously approved the Consolidation Resolution and recommended approval to the shareholders. The approval and adoption of the Consolidation Resolution requires the affirmative vote of a majority of not less than two-thirds of the votes cast by the shareholders who voted in respect of the resolution.

We urge you to read the proxy materials in their entirety and to consider them carefully, including the effect that adopting or failing to adopt the proposals will have on shareholders.

Our Board of Directors unanimously recommends that you vote FOR each of the proposals described in this management proxy circular, including the approval of our consolidation.

It is important that your shares be represented at the annual and special meeting, regardless of the size of your holdings. Accordingly, whether or not you expect to attend the special meeting, we urge you to vote promptly by returning the enclosed proxy card. You may revoke your proxy at any time before it has been voted.

Thank you for your cooperation and continued support.

Very truly yours,

/s/ Terry M. Copeland

MANAGEMENT PROXY CIRCULAR

(All dollar amounts expressed herein are U.S. dollars)

This Management Proxy Circular is dated April [__], 2010 and is first being mailed to shareholders on or about April [__], 2010

INTRODUCTION

This introduction highlights selected information appearing elsewhere in this Management Proxy Circular (this “Circular”) and does not contain all the information that you should consider in making a decision with respect to the proposals described in this Circular. You should read this introduction together with the more detailed information in this Circular and any documents delivered with this Circular. Unless otherwise provided in this Circular, references to the “Corporation,” “we,” “us,” and “our” refer to Altair Nanotechnologies Inc. and all of its consolidated subsidiaries.

Set forth below in a question and answer format is general information regarding the Annual and Special Meeting of Shareholders on May 24, 2010 to which this Circular relates (the “Meeting”). This general information regarding the Meeting is followed by a more detailed summary of the process relating to, reasons for and effects of the proposed consolidation described in this Circular.

Questions and Answers About the Meeting and Proposals

Q. Where and when will the Meeting be held?

A. The Meeting will be held at the Grand Sierra Resort, 2500 E. 2nd Street, Reno, Nevada 89502, Monday, the 24th day of May 2010, at the hour of 10:00 o'clock in the morning (Pacific time).

Q. What are the purposes of the Meeting?

A. The purposes of the Meeting are

to vote on the “Consolidation Resolution”, which is a special resolution authorizing the Board of Directors, without further approval of the shareholders, to take all steps necessary to effect, or in its discretion not to effect, at any time on or before May 1, 2011, a consolidation of the common shares of the Corporation (also known as a reverse stock split) on the basis of a ratio within the range of one post-consolidation common share for every three pre-consolidation common shares (3:1) to one post-consolidation common share for every ten pre-consolidation common shares (10:1), with any fractional share that remains after all shares beneficially held by a holder of the common shares have been consolidated being rounded up to a whole common share, with the ratio to be selected and implemented by the Corporation’s Board of Directors in its sole discretion, as particularly described in this Circular (the “Consolidation”);

to elect seven directors;

to appoint our auditors and authorize the Audit Committee of the Board of Directors to fix the auditors’ remuneration;

to receive our 2009 Annual Report; and

to transact such other business as is proper at the meeting.

Q. Will any other matters be voted on?

A. The Board does not intend to present any other matters at the meeting. The Board does not know of any other matters that will be brought before our shareholders for a vote at the meeting. If any other matter is properly brought before the meeting, your signed proxy card gives authority to Terry M. Copeland and, failing him, John Fallini, or your indicated nominee as proxies, with full power of substitution, to vote on such matters at their discretion.

Q. Who is soliciting my vote?

A. Our Board of Directors is soliciting your proxy to vote at the Meeting. Your vote is important. We encourage you to vote as soon as possible after carefully reviewing this Circular and all information included with this Circular.

Q. Who is entitled to vote?

A. The record date for the determination of shareholders entitled to receive notice of the Meeting is April 9, 2010. In accordance with the provisions of the Canada Business Corporations Act (the "CBCA"), we will prepare a list of the holders of our common shares as of the record date.

Q. What are the voting recommendations of the Board of Directors?

A. The Board of Directors recommends the following votes:

FOR proposal No. 1, the Consolidation Resolution;

FOR proposal No. 2, the election of the nominated directors; and

FOR proposal No. 3, the appointment of Perry-Smith LLP as our auditors for 2010 and the authorization of our Audit Committee of the Board of Directors to fix the auditors' remuneration.

Q. How will the Board determine the specific consolidation ratio?

A. The Board's selection of the specific consolidation ratio will be based primarily on the price level of our common shares at that time and the expected stability of that price level. We expect that the primary focus of the Board in determining the consolidation ratio will be to select a ratio it believes is likely to result in increased marketability and liquidity of our common shares and to encourage interest and trading in our common shares. Many institutional investors and mutual funds, for example, have rules that prohibit them from buying into companies whose stock is less than \$5 per share, and in some cases, \$10 per share, and many brokers tend to be discouraged from recommending low-priced stocks to their customers. We also believe that certain other investors are dissuaded from purchasing low-priced stocks.

In addition, in selecting the specific consolidation ratio, the Board will be mindful of the listing requirements of the NASDAQ Capital Market that require, among other things, that issuers maintain a minimum closing bid price of at least \$1.00 per share. On December 22, 2009, the Corporation received a letter from the NASDAQ Capital Market indicating that the bid price of the Corporation's common shares for the last thirty consecutive business days had closed below the minimum bid price of \$1.00 per share required for continued listing under NASDAQ Marketplace Rule 5550(a)(2). The Corporation has been provided an initial grace period of 180 calendar days, or until June 21, 2010, to have regained compliance with the minimum bid requirement for at least 10 consecutive trading days. At the close of the grace period, if the Corporation has not regained compliance, it may be eligible for an additional 180 days, if it meets the initial listing standards, with the exception of the minimum bid price, for the NASDAQ Capital Market listing. If the Corporation fails to regain compliance during such 180 day period, and is not eligible for the

additional 180 day grace period, its common shares will likely be delisted from the NASDAQ Capital Market. The Board expects to select a consolidation ratio that causes the immediate post consolidation market price for the common shares to be well above \$1.00 per share.

The Board will also consider whether investors and certain other parties, such as our customers, would expect our stock price to be in line with other major widely held companies, including our competitors. We expect that the Board will consider the recent volatility of our common shares and will take this into account in determining a consolidation ratio, so that even if our stock price remains volatile, it would have a chance at remaining above a price at which the Board feels our stock is attractive to investors, and therefore the Board will, in consultation with its advisors, consider: the recent market prices and trading history of our common shares; the outlook for the market price of our common shares, and the marketability of our common shares, or common share linked instruments in any potential equity financing; and the price of our common shares following any such financing.

Reducing the number of outstanding common shares through the Consolidation is intended, absent other factors, to increase the market price of our common shares. However, other factors, such as our financial results, market conditions and the market perception of our business may adversely affect the market price of our common shares. As a result, there can be no assurance that the Consolidation, if completed, will result in the intended benefits described above, that the market price of our common shares will increase following the Consolidation or that the market price of our common shares will not decrease in the future. Additionally, we cannot assure you that the market price per share of our common shares after a Consolidation will increase in proportion to the reduction in the number of shares of our common shares outstanding before the Consolidation.

Q. What happens if the shareholders do not approve proposal No. 1 regarding the Consolidation?

A. If proposal No. 1 regarding the Consolidation is not approved by the shareholders, the Board would not be permitted to effect the Consolidation. As part of the Consolidation, the number of outstanding shares held by each shareholder would be reduced consistent with the selected consolidation ratio (between 3:1 and 10:1). This would not occur if the Consolidation were not approved by the shareholders. The reduction in outstanding common shares is intended, however, to cause a proportionate increase in the market price of the common shares. This is intended to raise the market price above the \$1.00 minimum bid price required for continued listing on the NASDAQ Capital Market and to otherwise increase the marketability and liquidity of our common shares. If the Consolidation is not approved by the shareholders, the Corporation would be required to rely on market forces, rather than the Consolidation, to timely satisfy the \$1.00 minimum bid price requirement and to increase the marketability and liquidity of the common shares, which may or may not occur. Even if the Consolidation is implemented, there can be no assurance that the Consolidation will result in an increase in the market price of the common shares or that the market price of the common shares will not decrease in the future.

Q. What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A. Many shareholders hold their shares through a broker or bank rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record — If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the shareholder of record, and these Circular materials are being sent directly to you by us. You may vote the shares registered directly in your name by completing and mailing the proxy card or by written ballot at the Meeting.

Beneficial Owner — If your shares are held in a stock brokerage account or by a bank, you are considered the beneficial owner of shares held in street name, and these Circular materials are being forwarded to you by your bank or broker, which is considered the shareholder of record of these shares. As the beneficial owner, you have the right to direct your bank or broker how to vote and are also invited to attend the Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Meeting unless you bring with you a legal proxy from the shareholder of record. Your bank or broker has enclosed a voting instruction card providing directions for how to vote your shares.

Q. How do I vote?

A. If you are a shareholder of record, there are two ways to vote:

3

By completing and mailing your proxy card or

By written ballot at the Meeting.

Shareholders who are not shareholders of record and who wish to deliver proxies should follow the instructions of their intermediary with respect to the procedure to be followed. Generally, shareholders who are not shareholders of record will either: (i) be provided with a proxy executed by the intermediary, as the shareholder of record, but otherwise uncompleted and the beneficial owner may complete the proxy and return it directly to our transfer agent; or (ii) be provided with a request for voting instructions by the intermediary, as the shareholder of record, and then the intermediary must send to our transfer agent an executed proxy form completed in accordance with any voting instructions received by it from the beneficial owner.

Q.Can I change my vote or revoke my proxy?

A. A shareholder who has given a proxy has the power to revoke it prior to the commencement of the Meeting by depositing an instrument in writing, including another proxy bearing a later date, executed by the shareholder or by the shareholder's attorney authorized in writing either (i) at the Corporation's principal office located at 204 Edison Way, Reno, Nevada, 89502 at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof or (ii) with the chairman of such Meeting on the day of the Meeting or any adjournment thereof or in any other manner permitted by law.

Q. How are proxies being solicited and who pays for the solicitation of proxies?

A. Proxies will be solicited by mail and also may be solicited personally, by email, by facsimile or by telephone. Proxies will be solicited by officers and employees of the Corporation without additional compensation. In addition, we have retained D. F. King & Co., Inc. (the "Soliciting Agent") to assist with the solicitation of proxies.

The cost of solicitation by management will be borne directly by the Corporation. We have agreed to pay the Soliciting Agent an estimated fee of \$5,000, plus reasonable out-of-pocket expenses. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the common shares of the Corporation held of record by such persons, and we will reimburse them for their reasonable out-of-pocket expenses incurred by them in connection therewith.

Q. What is the quorum requirement of the Meeting?

A. One-third of the outstanding common shares entitled to vote, represented in person or by properly executed proxy, is required for a quorum at the Meeting.

Q. What vote is required to approve each proposal?

A. Proposal No. 1, the Consolidation Resolution, requires the affirmative vote, in person or by proxy, of not less than two-thirds of the votes cast by the shareholders who voted in respect of the resolution.

Proposal No. 2, election of directors – the seven nominees with the highest number of votes will be elected.

Proposal No. 3, appointment of auditors – the appointment of the auditors and the authorization of the Audit Committee of the Board of Directors to fix the auditors' remuneration requires a majority of the votes cast by the shareholders who voted in respect of the resolution.

Q. What are broker non-votes?

A. Broker non-votes occur when holders of record, such as banks and brokers holding shares on behalf of beneficial owners, do not receive voting instructions from the beneficial holders at least ten days before the Meeting. Broker non-votes will not affect the outcome of any of the proposals, assuming that a quorum is obtained.

4

Q. Who can attend the Meeting?

A. All registered shareholders, their duly appointed representatives, our directors and our auditors are entitled to attend the Meeting.

Q. I own my shares indirectly through my broker, bank, or other nominee, and I receive multiple copies of the annual report, Circular, and other mailings because more than one person in my household is a beneficial owner. How can I change the number of copies of these mailings that are sent to my household?

A. If you and other members of your household are beneficial owners, you may eliminate this duplication of mailings by contacting your broker, bank, or other nominee. Duplicate mailings in most cases are wasteful for us and inconvenient for you, and we encourage you to eliminate them whenever you can. If you have eliminated duplicate mailings, but for any reason would like to resume them, you must contact your broker, bank, or other nominee. If you are a shareholder of record contact John Fallini, Chief Financial Officer, by phone at (775) 858-3750 or by mail to P.O. Box 10630, Reno, Nevada, U.S.A. 89510-0630.

Q. Multiple shareholders live in my household, and together we received only one copy of this Circular and annual report. How can I obtain my own separate copy of those documents for the Meeting?

A. You may pick up copies in person at the Meeting or download them from our Internet web site, www.altairannualmeeting.com. If you want copies mailed to you and are a beneficial owner, you must request them from your broker, bank, or other nominee. If you want copies mailed to you and are a shareholder of record, we will mail them promptly if you request them from John Fallini, Chief Financial Officer by phone at (775) 858-3750 or by mail to P.O. Box 10630, Reno, Nevada, U.S.A. 89510-0630. We cannot guarantee you will receive mailed copies before the Meeting.

Q. Where can I find the voting results of the Meeting?

A. We are required to file the voting results on the System for Electronic Document Analysis and Retrieval (SEDAR) promptly following the meeting, and thereafter they can be found on the SEDAR website at www.sedar.com. We are also required to file the voting results on a Current Report on Form 8-K with the U.S. Securities and Exchange Commission (the "SEC") promptly following the meeting, and thereafter they can be found on our website at www.altairnano.com (select the link to SEC Filings on the Investor Relations page).

Q. Who can help answer my questions?

A. If you have questions about the Meeting or if you need additional copies of the Circular or the enclosed proxy card you should contact:

John Fallini, Chief Financial Officer
P.O. Box 10630
Reno, Nevada 89510-0630 U.S.A.

Voting Securities and Principal Holders of Voting Securities

The authorized capital of the Corporation consists of an unlimited number of common shares. As of March 11, 2010, the Corporation had 105,400,728 common shares issued and outstanding.

The Corporation shall make a list of all persons who are registered holders of common shares as of the close of business on April 9, 2010 (the "Record Date") and the number of common shares registered in the name of each such person on that date. Each shareholder is entitled to one vote for each common share registered in his name as it appears on the list.

One-third of the outstanding common shares entitled to vote, represented in person or by properly executed proxy, is required for a quorum at the meeting. Abstentions will be counted as "represented" for purposes of determining the presence or absence of a quorum. Complete broker non-votes, which are indications by a broker that it does not have discretionary authority to vote on any of the matters to be considered at the meeting, will not be counted as "represented" for the purpose of determining the presence or absence of a quorum.

To the knowledge of the directors and executive officers of the Corporation, as of March 11, 2010, only one holder, Al Yousuf, LLC, directly or indirectly, exercises control or direction of over more than 10% of the common shares outstanding. According to a Form 4 filed by Al Yousuf, LLC on June 26, 2009, the affiliate group beneficially owns 20,211,132 common shares representing 19.2 % of the outstanding common shares as of March 11, 2010.

Under the CBCA,

approval of the Consolidation Resolution requires the affirmative vote, in person or by proxy, of not less than two-thirds of the votes cast by the shareholders who vote in respect of the resolution;

election of directors — the seven nominees with the highest number of votes will be elected; and

the appointment of the auditors and the authorization of the Audit Committee of the Board of Directors to fix the auditors' remuneration requires a majority of the votes cast by the shareholders who voted in respect of the resolution.

Abstentions and broker non-votes will not have the effect of being considered as votes cast against any of the matters considered at the meeting.

PROPOSALS TO BE ACTED UPON

1.

THE CONSOLIDATION

The Board has proposed the approval of the Consolidation Resolution, which authorizes the Board, without further approval of the shareholders, to take all steps necessary to effect, or in its discretion not to effect, at any time on or before May 1, 2011, a consolidation of the common shares of the Corporation on the basis of a ratio within the range of one post-consolidation common share for every three pre-consolidation common shares to one post-consolidation common share for every ten pre-consolidation common shares (with any fractional share that remains after all shares beneficially held by a holder of the common shares have been consolidated being rounded up to a whole common share), with the ratio to be selected and implemented by the Board in its sole discretion. A copy of the Consolidation Resolution is attached hereto as Appendix A

The Board recommends that the shareholders vote FOR the approval of the Consolidation Resolution authorizing the Board to take all steps necessary to effect a consolidation of the common shares of the Corporation.

2.

ELECTION OF DIRECTORS

Our articles of continuance provide that our Board consists of a minimum of three and maximum of nine directors, to be elected annually, with the exact number to be determined by the Board subject to certain restrictions. The number of directors is current set at seven. Each director will hold office until the next annual meeting or until his successor is duly elected, unless his office is earlier vacated in accordance with our bylaws.

The Compensation, Nominating and Governance Committee has recommended, and the directors have determined, that seven directors are to be elected at the meeting. Management does not contemplate that any of the nominees named below will be unable to serve as a director, but, if such an event should occur for any reason prior to the meeting, PROXIES IN FAVOR OF MANAGEMENT WILL BE VOTED FOR ANOTHER NOMINEE IN THEIR DISCRETION UNLESS THE SHAREHOLDER HAS SPECIFIED IN THE PROXY THAT HIS SHARES ARE TO BE WITHHELD FROM VOTING IN THE ELECTION OF DIRECTORS.

The Board, upon the recommendation of the Compensation, Nominating and Governance Committee, recommends the following nominees for election as directors, in accordance with the Compensation, Nominating and Governance Committee Charter (available at www.altairnano.com):

Jon Bengtson,

8

Terry Copeland,
Hossein Asrar Haghghi,
George Hartman,
Alexander Lee,
Pierre Lortie, and
Robert G. van Schoonenberg.

The Compensation, Nominating and Governance Committee has reported that it is satisfied that each of the nominees is fully able and fully committed to serve the best interests of our shareholders. Once a quorum is established, the seven nominees receiving the highest number of votes will be elected.

The Board recommends that the Shareholders vote FOR the election of Jon Bengtson, Terry Copeland, Hossein Asrar Haghghi, George Hartman, Alexander Lee, Pierre Lortie, and Robert G. van Schoonenberg.

3. APPOINTMENT OF AUDITORS

The Audit Committee has nominated Perry-Smith LLP for reappointment as our auditors for the 2010 fiscal year. The appointment of the auditors and the authorization of the Audit Committee of the Board to fix the auditors' remuneration requires a majority of the votes cast on the resolution, be in favor of the resolution.

The Board recommends that the shareholders vote FOR the appointment of Perry-Smith LLP as our auditors.

PROPOSAL NO. 1 – THE CONSOLIDATION

General

The Board has proposed the approval of the Consolidation Resolution, which authorizes the Board, without further approval of the shareholders, to take all steps necessary to effect, or in its discretion not to effect, at any time on or before May 1, 2011, a consolidation of the common shares of the Corporation on the basis of a ratio within the range of one post-consolidation common share for every three pre-consolidation common shares to one post-consolidation common share for every ten pre-consolidation common shares with any fractional share that remains after all shares beneficially held by a holder of the common shares have been consolidated being rounded up to a whole common share, with the ratio to be selected and implemented by the Board in its sole discretion. A copy of the proposed Consolidation Resolution is attached hereto as Appendix A. If the Consolidation Resolution is approved at the Meeting, the Board of Directors would be authorized to effect the Consolidation in its sole discretion within the range set forth above at any time prior to May 1, 2011. The Consolidation would be effective on the date prior to May 1, 2011 selected by the Corporation's Board of Directors in its sole discretion and reflected in the amendment to the Articles of Continuance (the "Articles") effecting the Consolidation. The Board reserves its right not to effect the Consolidation if it determines, in its sole discretion, that the Consolidation is no longer in the best interests of the Corporation and its shareholders.

Reasons for the Consolidation

The purpose of the proposed Consolidation is to decrease the number of outstanding common shares and shares subject to outstanding purchase and conversion rights in order to increase the market value of each common share. Immediately following a consolidation transaction, also referred to as a reverse stock split, the per-share price of the capital stock subject to the consolidation should generally increase proportionately with the consolidation ratio. (For example, you would expect the price of our common shares to triple if the Corporation did a 3 to 1 consolidation of

our common shares). In the longer term, depending upon surrounding company, market and industry factors, a stock consolidation can have no effect, a positive effect or a negative effect on the value of the consolidated stock.

The Board believes it is necessary to seek to increase the market price of the common shares by means of the Consolidation for the following purposes:

Reduced Risk of the NASDAQ Capital Market Delisting. By potentially increasing the market price of the common shares, the Consolidation would reduce the risk that the common shares could be delisted from the NASDAQ Capital Market. The continued listing rules of the NASDAQ Capital Market require, among other things, that issuers maintain a minimum closing bid price of at least \$1.00 per share. On December 22, 2009, the Corporation received a letter from the NASDAQ Capital Market indicating that the bid price of the Corporation's common shares for the last thirty consecutive business days had closed below the minimum bid price of \$1.00 per share required for continued listing under NASDAQ Marketplace Rule 5550(a)(2). The Corporation has been provided an initial grace period of 180 calendar days, or until June 21, 2010, to regain compliance with the minimum bid requirement for at least 10 consecutive trading days. At the close of the grace period, if the Corporation has not regained compliance, it may be eligible for an additional 180 days, if it meets the initial listing standards, with the exception of the minimum bid price, for the NASDAQ Capital Market listing. If the Corporation fails to regain compliance during such initial 180 day period, and is not eligible for the additional 180 day grace period, its common shares will likely be delisted from the NASDAQ Capital Market. Following any such delisting, the common shares could be traded on the over-the-counter bulletin board network; however, moving the Corporation's listing to the over-the-counter bulletin board network would likely harm the market price and liquidity of the common shares. Many brokers, investment advisors, institutional and other investors do not as a matter of policy recommend or invest in stock quoted on the over-the-counter bulletin board. As a result, a transfer to this market could seriously impair the liquidity of the common shares and limit the Corporation's potential to raise future capital through the sale of common shares, which could materially harm its business.

Increase in Eligible Investors. The Consolidation would allow a broader range of brokers, investment advisers, institutional and other investors to invest in the common shares. Because of the trading volatility often associated with low-priced stocks, many brokers, investment advisers, institutional and other investors have adopted internal policies and practices that either prohibit or discourage them from investing in such stocks. Some of those policies and practices may also function to make the processing of trades in low-priced stocks economically unattractive to brokers, or their clients.

Increased Analyst, Adviser and Broker Interest. The Consolidation could increase analyst and broker interest in the common shares as their policies can discourage them from following or recommending companies with low stock prices. Because of the trading volatility often associated with low-priced stocks, many investment banks, investment advisers and brokerage houses have adopted internal policies and practices that either prohibit or discourage them from following low-priced stocks or recommending low-priced stocks to their customers.

Determination of Consolidation Ratio

The Board's selection of the specific consolidation ratio will be based primarily on the price level of our common shares at that time and the expected stability of that price level. We expect that the primary focus of the Board in determining the consolidation ratio will be to select a ratio that it believes is likely to result in increased marketability and liquidity of our common shares and to encourage interest and trading in our common shares. Many institutional investors and mutual funds, for example, have rules that prohibit them from buying into companies whose stock is less than \$5 per share, and in some cases, \$10 per share, and many brokers tend to be discouraged from recommending low-priced stocks to their customers.

In addition, in selecting the specific consolidation ratio, the Board will be mindful of the listing requirements of the NASDAQ Capital Market that require, among other things, that issuers maintain a minimum closing bid price of at least \$1.00 per share. On December 22, 2009, the Corporation received a letter from the NASDAQ Capital Market indicating that the bid price of the Corporation's common shares for the last thirty consecutive business

days had closed below the minimum bid price of \$1.00 per share required for continued listing under NASDAQ Marketplace Rule 5550(a)(2). The Corporation has been provided an initial grace period of 180 calendar days, or until June 21, 2010, to have regained compliance with the minimum bid requirement for at least 10 consecutive trading days. At the close of the grace period, if the Corporation has not regained compliance, it may be eligible for an additional 180 days, if it meets the initial listing standards, with the exception of the minimum bid price, for the NASDAQ Capital Market listing. If the Corporation fails to regain compliance during such 180 day period, and is not eligible for the additional 180 day grace period, its common shares will likely be delisted from the NASDAQ Capital Market. The Board expects to select a consolidation ratio that causes the immediate post consolidation market price for the common shares to well above \$1.00 per share.

The Board will also consider whether investors and certain other parties, such as our customers, would expect our stock price to be in line with other major widely held companies, including our competitors. We expect that the Board will consider the recent volatility of our common shares and will take this into account in determining a consolidation ratio, so that even if our stock price remains volatile, it would have a chance at remaining at a price at which the Board feels our stock is attractive to investors, and therefore the Board will, in consultation with its advisors, consider: the recent market prices and trading history of our common shares; the outlook for the market price of our common shares, and the marketability of our common shares, or common shares linked instruments, in any potential equity financing, and the price of our common shares following any such financing.

Reducing the number of outstanding common shares through the Consolidation is intended, absent other factors, to increase the market price of our common shares. However, other factors, such as our financial results, market conditions and the market perception of our business may adversely affect the market price of our common shares. As a result, there can be no assurance that the Consolidation, if completed, will result in the intended benefits described above, that the market price of our common shares will increase following the Consolidation or that the market price of our common shares will not decrease in the future. Additionally, we cannot assure you that the market price per share of our common shares after a Consolidation will increase in proportion to the reduction in the number of shares of our common shares outstanding before the Consolidation.

Effects of the Consolidation

Reduction in Number of Outstanding Shares. If the Corporation receives the required shareholder approval of the Consolidation Resolution, the Board will have the sole authority to elect, at any time prior to May 1, 2011:

(1) whether or not to amend the Articles to effect the Consolidation, and (2) if so, the number of whole common shares between and including three and ten which will be combined into one common share. Any fractional share that remains after all shares beneficially held by a holder of the common shares have been consolidated will be rounded up to a whole common share. Based on 105,400,728 outstanding shares at March 11, 2010, and ignoring the effects of rounding of fraction shares, the number of outstanding shares following the Consolidation would be as follows:

Number of common shares which will be combined into one common share	Number of outstanding common shares following the Consolidation
3	35,133,576
4	26,350,182
5	21,080,146
6	17,566,788
7	15,057,247
8	13,175,091
9	11,711,192
10	10,540,073

Because the Corporation has an unlimited number of authorized common shares, the number of authorized common shares available for future issuance by the Corporation will not be affected by any proposed Consolidation. The common shares would remain unchanged at no par value per share following the Consolidation.

After the effective date of the proposed Consolidation, each shareholder will own fewer common shares. However, the proposed Consolidation will affect all shareholders uniformly and will not affect any shareholder's percentage ownership interest in the Corporation, except to the extent that the consolidation results in rounding up to a whole share for any shareholders owning fractional shares. Proportionate voting rights and other rights of the holders of the Corporation's common shares will not be affected by the proposed Consolidation (other than as a result of the rounding

up of fractional shares). For example, a holder of 2% of the voting power of the outstanding common shares immediately prior to the Consolidation would continue to hold 2% of the voting power of the outstanding common shares immediately after the Consolidation. However, if the Consolidation is implemented, it will increase the number of shareholders of the Corporation who own “odd lots” of fewer than 100 shares of the Corporation’s common shares. Brokerage commissions and other costs of transactions in odd lots may be higher than the costs of transactions of more than 100 common shares.

Reducing the number of outstanding common shares through the Consolidation is intended, absent other factors, to increase the per share market price of our common shares. However, other factors, such as our financial results, market conditions and the market perception of our business may adversely affect the market price of our common shares. As a result, there can be no assurance that the Consolidation, if completed, will result in the intended benefits described above, that the market price of our common shares will increase following the Consolidation or that the market price of our common shares will not decrease in the future. Additionally, we cannot assure you that the market price per share of our common shares after a Consolidation will increase in proportion to the reduction in the number of shares of our stock outstanding before the Consolidation.

Change in Number and Exercise Price of Employee and Director Equity Awards. The proposed Consolidation will reduce the number of common shares available for future issuance under the Corporation's 2005 Stock Incentive Plan (the "2005 Plan") in proportion to the consolidation ratio determined by the Board within the limits set forth in the Consolidation Resolution. Under the terms of the Corporation's outstanding equity awards under the 1996 Stock Option Plan (the "1996 Plan"), the 1998 Stock Option Plan (the "1998 Plan") and the 2005 Plan, the Consolidation would cause a reduction in the number of common shares issuable upon exercise or vesting of such awards in proportion to the consolidation ratio and would cause a proportionate increase in the exercise price of such awards to the extent they are stock options. The number of common shares issuable upon exercise or vesting of outstanding equity awards will be rounded up to the nearest whole share and no cash payment will be made in respect of such rounding.

Regulatory Effects. The Corporation's common shares are currently registered under Section 12(b) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the Corporation is subject to the periodic reporting and other requirements of the Exchange Act. The proposed Consolidation will not affect the registration of the common shares under the Exchange Act or the Corporation's obligation to publicly file financial and other information with the Securities and Exchange Commission. If the proposed Consolidation is implemented, the Corporation's common shares will continue to trade on the NASDAQ Capital Market under the symbol "ALTI" assuming the Corporation maintains compliance with its listing requirements (although the NASDAQ Capital Market would likely add the letter "D" to the end of the trading symbol for a period of 20 trading days to indicate that the consolidation has occurred).

No Going Private Transaction. Notwithstanding the decrease in the number of outstanding shares following the proposed Consolidation, the Board does not intend for this transaction to be the first step in a series of plans or proposals of a "going private transaction" within the meaning of Rule 13e-3 of the Exchange Act.

The Proposed Consolidation May Not Increase the Corporation's Share Price over the Long-Term, Which Would Prevent the Corporation From Realizing Some of the Anticipated Benefits of the Consolidation. The Board expects that a Consolidation of the common shares will increase the market price of the common shares so that the Corporation is able to maintain compliance with the NASDAQ Capital Market minimum bid price listing standard and otherwise to attract a greater number of investors and increase analyst and other recommendations. However, the effect of a consolidation upon the market price of the common shares cannot be predicted with any certainty, and the history of similar stock split combinations for companies in like circumstances is varied. It is possible that the per share price of the common share price after the Consolidation will not rise in proportion to the reduction in the number of common shares outstanding resulting from the Consolidation, and there can be no assurance that the market price per share of the common shares after the Consolidation will either exceed or remain in excess of the \$1.00 minimum bid price for a sustained period of time. The market price of the Corporation's common shares may be affected by other factors which may be unrelated to the number of shares outstanding, including the Corporation's future performance. In addition, although the Corporation currently satisfies all other current standards for continued listing on the NASDAQ Capital Market, there can be no assurance that it will not be delisted due to a failure to meet other continued listing requirements, even if the market price per share of the Corporation's common shares after the Consolidation remains in excess of \$1.00.

The Proposed Consolidation May Decrease the Liquidity of the Corporation's Stock. The liquidity of the common shares may be harmed by the proposed Consolidation given the reduced number of shares that would be outstanding after the Consolidation, particularly if the stock price does not increase as a result of the Consolidation.

Board Discretion to Implement the Consolidation

The Board reserves its right not to effect the Consolidation if it determines, in its sole discretion, that the Consolidation is no longer in the best interests of the Corporation and its shareholders.

If the Board does not implement the Consolidation prior to May 1, 2011, shareholder approval would be required again prior to implementing any Consolidation.

Amendment Effective Time

If approved by the shareholders, the Consolidation will become effective at such time on or before May 1, 2011 as determined by the Board in its discretion upon filing the amendment to the Articles effecting the Consolidation with Industry Canada. Common shares issued and outstanding immediately prior thereto will be combined and converted, automatically and without any action on the part of the shareholders, into new common shares in accordance with the consolidation ratio determined by the Board within the limits set forth in the Consolidation Resolution.

Required Vote

Approval of Proposal No. 1 requires the affirmative vote of not less than two-thirds of the votes cast by the shareholders in respect of the resolution.

Abstentions and broker non-votes will not have the effect of being considered as votes cast against Proposal No. 1.

Shareholders' Equity

Following the effectiveness of the Consolidation, the stated capital on the Corporation's balance sheet attributable to the common shares will not be impacted by the Consolidation. The Corporation's common shares will continue to be carried at no par value after the Consolidation, assuming the Consolidation is effected. Per share net income or loss will be increased because there will be fewer shares of the common shares outstanding. The Corporation does not anticipate that any other accounting consequences, including changes to the amount of stock-based compensation expense to be recognized in any period, will arise as a result of the Consolidation.

Interests of Certain Persons in the Proposal

Certain of the Corporation's officers, directors and 5% stockholders have an interest in Proposal No. 1 as a result of their ownership of common shares and stock options of the Corporation, as set forth in the section entitled "Security Ownership of Certain Beneficial Owners and Management" below. However, the Corporation does not believe that its officers, directors or 5% stockholders have interests in the Consolidation that are different from or greater than those of any other shareholder of the Corporation.

Fractional Shares

The Corporation does not intend to issue fractional shares in connection with the Consolidation. Shareholders, who own the common shares prior to effective time of the Consolidation and who otherwise would hold fractional shares because the number of common shares they held before the Consolidation would not be evenly divisible based on the Consolidation ratio, will be entitled to round up such fractional shares to a full share.

Exchange of Share Certificates

If the Consolidation is effected, shareholders holding certificated shares will be required to exchange their stock certificates for the appropriate number of shares held electronically in book entry form (“Book Entry Shares”) resulting from the Consolidation. This means that, instead of receiving a new stock certificate, shareholders holding certificated shares prior to the effective time of the Consolidation will receive a statement of holding indicating the number of Book Entry Shares held by them after giving effect to the Consolidation. Shareholders of record on the effective date of the Consolidation will be furnished the necessary materials and instructions for the surrender and exchange of share certificates at the appropriate time by Equity Transfer and Trust Company. Shareholders will not have to pay any transfer fee or other fee in connection with such exchange. As soon as practicable after the effective time of the Consolidation, the transfer agent will send a letter of transmittal to each shareholder advising such holder of the procedure for surrendering certificates representing the number of shares of the Corporation’s common shares prior to the Consolidation (“Old Stock Certificates”) in exchange for Book Entry Shares representing the number of shares of the Corporation’s common shares resulting from the Consolidation.

You should not send your Old Stock Certificates now. You should send them only after you receive the letter of transmittal from the Corporation’s transfer agent.

As soon as practicable after the surrender to the transfer agent of any Old Stock Certificate, together with a duly executed letter of transmittal and any other documents the transfer agent may specify, the transfer agent will deliver to the person in whose name such Old Stock Certificate had been issued Book Entry Shares registered in the name of such person. Any Old Stock Certificate bearing a restrictive legend will be exchanged for a new physical stock certificate bearing the same legend, if any, restricting the transfer of such shares that were borne by the surrendered Old Stock Certificates held prior to the Consolidation.

Until surrendered as contemplated herein, each Old Stock Certificate shall be deemed at and after the effective time of the Consolidation to represent the number of full shares of the Corporation’s common shares resulting from the Consolidation. Until they have surrendered their Old Stock Certificates for exchange, shareholders will not be entitled to receive any dividends or other distributions, if any, that may be declared and payable to holders of record.

Any shareholder whose Old Stock Certificate has been lost, destroyed or stolen will be entitled to Book Entry Shares only after complying with the requirements that the Corporation and the transfer agent customarily apply in connection with lost, stolen or destroyed certificates.

If any Book Entry Shares are to be issued in a name other than that in which the Old Stock Certificates are registered, it will be a condition of such issuance that (1) the person requesting such issuance must pay to the Corporation any applicable transfer taxes or establish to the Corporation’s satisfaction that such taxes have been paid or are not payable, (2) the transfer complies with all applicable federal and state securities laws, and (3) the surrendered certificate is properly endorsed and otherwise in proper form for transfer. In all other cases, no service charges, brokerage commissions or transfer taxes shall be payable by any holder of any Old Stock Certificate.

Shareholders who hold only uncertificated shares, either as direct or beneficial owners, will have their holdings electronically adjusted by the Corporation’s transfer agent and, for beneficial owners, by their brokers or banks which hold in “street name” for their benefit, as the case may be to give effect to the Consolidation.

Material U.S. Federal Income Tax Consequences of the Consolidation

The following discussion is a summary of certain material U.S. federal income tax consequences of the Consolidation to the Corporation and to holders of the common shares that hold such stock as a capital asset for U.S. federal income

tax purposes. This discussion is based on laws, regulations, rulings and decisions in effect on the date hereof, all of which are subject to change (possibly with retroactive effect) and to differing interpretations. This discussion applies only to holders that are U.S. persons (“U.S. Holders”) and does not address all aspects of U.S. federal income taxation that may be relevant to U.S. Holders in light of their particular circumstances or to holders who may be subject to special tax treatment under the Internal Revenue Code of 1986, as amended, including, without limitation, holders who are dealers in securities or foreign currency, foreign persons, insurance companies, tax-exempt organizations, banks, financial institutions, small business investment companies, regulated investment companies, real estate investment trusts, retirement plans, holders that are partnerships or other pass-through entities for U.S. federal income tax purposes, holders whose functional currency is not the U.S. dollar, traders that mark-to-market their securities, holders subject to the alternative minimum tax, holders who hold the Corporation’s common shares as part of a hedge, straddle, conversion or other risk reduction transaction, or who acquired the Corporation’s common shares pursuant to the exercise of compensatory stock options, the vesting of previously restricted shares of stock or otherwise as compensation.

As used in this summary, a “U.S. Holder” means a beneficial owner of our common shares that is for U.S. federal income tax purposes: (i) a citizen or resident of the U.S.; (ii) a corporation (including any entity treated as a corporation for U.S. federal income tax purposes) created or organized under the laws of the U.S., any state thereof, or the District of Columbia; (iii) an estate the income of which is taxable in the U.S. regardless of its source; or (iv) a trust, the administration of which is subject to the primary supervision of a U.S. court and one or more U.S. persons have the authority to control all substantial decisions of the trust, or that has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person. If a partnership (including for this purpose any other entity, either organized within or without the U.S., that is treated as a partnership for U.S. federal income tax purposes) holds our common shares, the tax treatment of a partner as a beneficial owner of the shares generally will depend upon the status of the partner and the activities of the partnership.

The Corporation has not sought, and will not seek, a ruling from the U.S. Internal Revenue Service regarding the U.S. federal income tax consequences of the Consolidation. The following summary does not address the tax consequences of the Consolidation under foreign, state, or local tax laws. Accordingly, each holder of the Corporation’s common shares should consult his, her or its tax advisor with respect to the particular tax consequences of the Consolidation to such holder.

The U.S. federal income tax consequences for a holder of the common shares and for the Corporation pursuant to the Consolidation for a U.S. Holder will be as follows:

U.S. Holders will not recognize any gain or loss for U.S. federal income tax purposes from their disposition or receipt of the common shares in the Consolidation, including the round up of fractional shares pursuant to the Consolidation;

Each U.S. Holder’s aggregate tax basis in the common shares received pursuant to the Consolidation, including any rounding up of fractional shares, will be equal to the aggregate tax basis of such holder’s common shares surrendered in exchange therefor;

Each U.S. Holder’s holding period for the common shares received pursuant to the Consolidation, including any rounding up of fractional shares, will include such holder’s holding period for the common shares surrendered in exchange therefor;

The Corporation will not recognize gain or loss solely as a result of the Consolidation.

Material Canadian Income Tax Consequences of the Consolidation

The following is a summary of the principal Canadian federal income tax consequences generally applicable to a shareholder who, for purposes of the Income Tax Act (Canada) (the “Tax Act”) and at all relevant times, holds common shares as capital property and who is not affiliated with, and deals at arm’s length with, the Corporation. Generally, the common shares will be considered to be capital property of a shareholder provided that they are not held in the course of carrying on a business or in connection with an adventure or concern in the nature of trade. Certain shareholders who are residents in Canada, for purposes of the Tax Act, and who might not otherwise be considered to hold their common shares as capital property may, in certain circumstances, be entitled to have the common shares and all other “Canadian securities,” as defined in the Tax Act, treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. This summary does not apply to a shareholder that is a “financial institution” for the purposes of “mark-to-market” rules, to a shareholder that is a non-resident insurer that carries on an insurance business in Canada and elsewhere, to a shareholder, an interest in which would be a “tax shelter investment,” or to a shareholder to whom the “functional currency” reporting rules apply, each as defined in the Tax Act. Such shareholders are advised to consult their own tax advisors. This summary also does not address any tax considerations relevant to the acquisition, holding or disposition of common shares, other than those Canadian federal income tax issues that are directly the consequence of the proposed consolidation of common shares.

The summary is based on the current provisions of the Tax Act and the regulations thereunder, which we refer to as the Regulations, and the current administrative practices and assessing policies of the Canada Revenue Agency (“CRA”) published in writing prior to the date hereof including Interpretation Bulletin IT-65. This summary takes into account all specific proposals to amend the Tax Act and the Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof and assumes that all such proposed amendments will be enacted in their present form. This summary does not otherwise take into account or anticipate any change in law, or administrative practices and assessing policies, whether by legislative, government or judicial decision or action.

This summary is of a general nature only and is not intended to be, and should not be construed as, legal or tax advice to any particular shareholder. This summary is not exhaustive of all Canadian federal income tax considerations and does not take into account provincial, territorial or foreign tax considerations, which may vary from the Canadian federal income tax considerations described herein. Shareholders are advised to consult their own tax advisors with regard to their particular circumstances.

Under the current administrative practices and assessing policies of the CRA, no disposition or acquisition will be considered to have occurred for Canadian federal income tax purposes solely as a result of the consolidation of the Corporation's common shares. Consequently, the consolidation will not result in the realization of any income, gain or loss by a shareholder. In general, for a shareholder that holds common shares of the Corporation as capital property, the aggregate adjusted cost base of the common shares of the Corporation held by such shareholder immediately after the consolidation will be the same as the aggregate adjusted cost base of the common shares of the Corporation held by such shareholder immediately before the consolidation.

THE BOARD RECOMMENDS A VOTE “FOR” THE CONSOLIDATION RESOLUTION.

PROPOSAL NO. 2 – ELECTION OF DIRECTORS

Our articles of continuance provide that the Board may consist of a minimum of three and a maximum of nine directors, to be elected annually. Each director will hold office until the next annual meeting or until his successor is duly elected unless his office is earlier vacated in accordance with our bylaws. Pursuant to our articles of continuance, the Board has been empowered to set the size of the Board, subject to any limitations set forth in our articles of continuance or the CBCA. Our articles of continuance provide that the Board may, between meetings of shareholders, appoint one or more additional directors, but only if, after such appointment, the total number of directors would not be greater than one and one-third times the number of directors required to have been elected at the last annual meeting of shareholders. As of the end of the 2009 annual shareholder meeting, the Board was composed of seven directors. During 2009 the Board was increased by one member to a total of eight members. Mr. Hemphill has resigned as a Director of the Corporation effective November 14, 2009. The Board has accepted Mr. Hemphill's resignation and coincident with it reduced the size of the Board from eight members to seven.

The Compensation, Nominating and Governance Committee has recommended, and the Board has determined, that seven directors are to be elected at the meeting. Management does not contemplate that any of the nominees named below will be unable to serve as a director, but, if such an event should occur for any reason prior to the meeting, PROXIES IN FAVOR OF MANAGEMENT WILL BE VOTED FOR ANOTHER NOMINEE IN THEIR DISCRETION UNLESS THE SHAREHOLDER HAS SPECIFIED IN THE PROXY THAT HIS SHARES ARE TO BE WITHHELD FROM VOTING IN THE ELECTION OF DIRECTORS.

The Board, upon the recommendation of the Compensation, Nominating and Governance Committee, recommends the following nominees for election as directors, in accordance with the Compensation, Nominating and Governance Committee Charter (available at www.altairnano.com): Jon Bengtson, Terry Copeland, Hossein Asrar Haghghi, George Hartman, Alexander Lee, Pierre Lortie, and Robert G. van Schoonenberg. The Compensation, Nominating and Governance Committee has reported that it is satisfied that each of the nominees is fully able and fully committed to serve the best interests of our shareholders. Once a quorum is established, the seven nominees receiving the highest number of votes will be elected.

OUR BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR EACH OF THE DIRECTORS NOMINATED FOR ELECTION.

- Long-term equity-based incentives, primarily stock options.

Named executive officers are entitled to benefits generally available to all full-time salaried employees of the Corporation. These benefits include up to 5 weeks per-year of paid time off for medical and vacation leave, subsidized group health plan coverage offered to all salaried employees of the Corporation, and eligibility to participate in the Corporation's 401(k) Profit Sharing Plan (the "401(k) Plan"), matching contributions under the 401(k) Plan in an amount up to the greater of 50% of the first \$2,500 contributed or 3% of the employee's base salary. As explained in "Termination and Change of Control Agreements" below, certain named executive officers may be entitled to severance payments in connection with a change of control or termination of their employment. Other than as described above, the named executive officers are not provided with special benefits or perquisites such as company cars, enhanced medical plans or dental plans.

Determination of Compensation

In order to evaluate the competitiveness and appropriateness of the Corporation's total compensation and mix of compensation for executive officers, the Compensation, Nominating and Governance Committee reviews data on the base salary, annual incentive bonus and equity-based incentive compensation for various executive positions, as well as the mix of compensation components, of executive officers of a benchmark group of fifteen companies in the alternative energy business sector of reporting public companies with annual revenues of less than \$100 million and with a market capitalization of less than \$850 million. Equilar, an independent company, produces all compensation reports.

In addition to the benchmark company information, in determining the amount of and mix of compensation, the Compensation, Nominating and Governance Committee considers evaluations of the Chief Executive Officer by each of the directors of the Corporation and each of his direct report executives, the recommendations of the Chief Executive Officer and Vice President of Human Resources with respect to officers other than the Chief Executive Officer, the performance of each executive officer against pre-determined business goals and objectives and the potential role of each executive in the strategic plan of the Corporation. Subject to adjustment upward or downward based upon the various evaluations, the Compensation, Nominating and Governance Committee generally targets base compensation and equity-based incentive awards near the median of the benchmark group and targets annual incentive bonus near the 75th percentile of the benchmark group detailed below:

Active Power
Ballard Power Systems

Plug Power
Quantum Fuel Systems Technology

Beacon Power
C&D Technologies
Capstone Turbine
Comverge
Ener1
Maxwell Technologies

Raser Technologies
Satcon Technology
Ultralife
UQM Technologies
Valence Technology

Mix of Compensation

The Compensation, Nominating and Governance Committee believes that a significant percentage of the annual compensation of the named executive officers should be at-risk. During 2009, between approximately 39% and 52% of the named executive officers' potential annual compensation was dependent upon the achievement of individual and corporate goals. In addition, stock options granted to the Corporation's named executive officers for retention and incentive purposes generally vest over a period of four years.

The percentage of compensation at risk increases as the level of position increases, with the top figure in the range set forth above being that of the Corporation's Chief Executive Officer. This provides additional upside potential and downside risk for senior positions, recognizing that these roles have greater influence on the Corporation's performance.

Base Salary

Base salaries for the named executive officers are established based on the scope of their responsibilities, their skills and their historical and potential contributions to the Corporation, as well as the compensation paid by benchmarked companies for similar positions. Generally, base salaries are targeted near the median of the range of salaries for executives in similar positions with similar responsibilities at benchmark companies, in line with our compensation philosophy. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

The base salaries of the named executive officers for 2009 and as of the date of this Circular are as follows:

Name	2009 Base Salary (\$)
Terry M. Copeland, President, Chief Executive Officer	325,000
John C. Fallini, Chief Financial Officer	230,000
Bruce J. Sabacky, Vice President & Chief Technology Officer	225,000
Daniel Voelker, Vice President Engineering and Operations	205,000
Stephen Balogh, Vice President Human Resources	193,800

No adjustments were made to base salaries of the named executive officers during 2009 or, to date, during 2010.

Annual Incentive Bonus

The annual incentive bonus is intended to compensate executives for achieving corporate goals. One hundred percent of each named executive officer's annual incentive bonus is contingent upon the Corporation achieving pre-determined financial and operational goals.

Decisions with respect to annual incentive bonus are made after the end of each fiscal year. At the beginning of each year, the Compensation, Nominating and Governance Committee sets annual performance goals, a target and maximum incentive bonus amount, and a formula for determining the amount, if any, of the bonus each executive officer is entitled to receive. Annual incentive bonuses are paid 60% in cash and 40% in common shares. For purposes of determining the number of common shares an employee is issued as part of a stock bonus, the Corporation uses the volume weighted average market value of the Corporation's common shares for the applicable

fiscal year. The Compensation, Nominating and Governance Committee reserves the right to award annual incentive bonuses above or below formula-determined amounts as it deems appropriate.

Targets and Results for 2009. During 2009, each named executive officer was eligible for target annual incentive bonuses ranging from 60% to 80% of his base salary, depending on his position. Of these amounts, 100% was tied to the achievement of corporate goals as follows: a total revenue goal of \$11.4 million (25% weighting), a cash balance of \$3 million, net of any cash raised from new issuances of shares or other securities, at December 31, 2009 target (40% weighting), an order backlog of \$40 million (30% weighting) and a safety OSHA incidence rate of 4.95 (5% weighting), all in line with the Corporation's board-approved budget. The Compensation, Nominating and Governance Committee reserved the discretion to award, or to deny, annual incentive bonuses whether or not performance targets were achieved, as it deemed appropriate. Decisions with respect to incentive bonuses for 2009 were made at a meeting of the Compensation, Nominating and Governance Committee based upon year-end information on February 11, 2010. Pursuant to the formula included in the 2009 incentive plan, the Compensation, Nominating and Governance Committee determined that no named executive officer was entitled to a bonus for 2009.

Targets for 2010 Results. For 2010, each named executive officer is eligible for target annual incentive bonuses ranging from 60% to 80% of his base salary, depending on his position. Of these amounts, 100% is tied to the achievement of corporate goals as follows: a total revenue goal (40% weighting), a current asset balance at December 31, 2010 target (25% weighting), an order backlog (30% weighting) and a safety OSHA incidence rate (5% weighting), all in line with the Corporation's board-approved budget. The incentive bonus is triggered when 100% of the corporate goals are achieved, and the amount of the bonus and increases linearly from 100% to 150% of target bonus for 100% to 125% performance. The Compensation, Nominating and Governance Committee reserves the discretion to award, or to deny, annual incentive bonuses whether or not performance targets are achieved, as it deems appropriate. Decisions with respect to incentive bonuses for 2010 will be made by the Compensation, Nominating and Governance Committee based upon year-end information.

Name	Minimum/Target Incentive Bonus Opportunity (payout as a % of base salary)	Maximum Incentive Bonus Opportunity (payout as a % of base salary)
Terry M. Copeland, President, Chief Executive Officer	80	120
John C. Fallini, Chief Financial Officer	60	90
Bruce J. Sabacky, Vice President & Chief Technology Officer	60	90
Stephen Balogh, Vice President Human Resources	60	90
Daniel Voelker, Vice President Engineering and Operations	60	90

Bonuses are paid 60% in cash and 40% in common shares for each named executive officer.

Long-Term Equity-Based Incentives

The Corporation's 2005 Stock Incentive Plan (Amended and Restated) (the "2005 Plan") was adopted at the Corporation's Annual Meeting of Shareholders in May 2005 and amended and restated in 2007 to increase the number of eligible shares. Under the 2005 Stock Plan, the Corporation is authorized to issue equity-based awards, including stock options, stock bonuses, restricted stock, stock appreciation rights, and performance-based awards, with respect of up to 9,000,000 common shares. Each of the Compensation, Nominating and Governance Committee and the Board has joint authority to grant awards under the 2005 Plan.

The Corporation had previously authorized its 1996 Stock Option Plan and 1998 Stock Option Plan, under which an aggregate of 241,500 awards continue to be outstanding as of February 1, 2010; however, awards can no longer be granted under these two plans.

The Corporation's long-term equity-based incentive program is focused on rewarding performance that enhances shareholder value. The program involves the periodic grant of options to purchase common shares in order to provide executive officers with the opportunity to purchase an equity interest in the Corporation and to share in the appreciation of the value of the Corporation's common shares.

The Compensation, Nominating and Governance Committee periodically considers whether or not to grant additional stock options in order to maintain the overall competitiveness of the Corporation's compensation package for each named executive officer and to ensure that executives, particularly executives whose other stock options have vested and/or been exercised, have an incentive to remain with the Corporation long term and to increase shareholder value. Factors weighed in determining whether to make, and the amount of, these grants include the above-described review of benchmark compensation data and assessment of past performance, retention considerations, information regarding each named executive officer's existing equity and stock option ownership, potential shareholder dilution and the expense to the Corporation pursuant to Accounting Standards Codification Topic 718 of the Financial Accounting Standards Board ("FASB ASC Topic 718"). Such options generally have an exercise price equal to the market price on the date of grant or the market price on the date of grant plus a premium over that price, a 10-year term and vest over a four-year term. All options granted in 2009 and 2010 to date had an exercise price equal to the greater of (a) 110% of closing market price on the date of grant, and (b) \$1.10.

In addition, from time to time stock option grants are made to newly hired employees based on their level of responsibility and competitive practices.

Annual Grants. Terry Copeland was awarded an annual grant of options to purchase 400,000 common shares at an exercise price of \$1.10 on January 15, 2010. All options have a 10-year term and vest 25% per year on the anniversary date of the respective grant.

The other named executive officers were granted annual stock options to purchase an aggregate of 400,000 common shares at an exercise price of \$1.10 per share on January 15, 2010. The individual annual stock option grants are: Stephen Balogh (90,000 shares); John Fallini (110,000 shares); Bruce Sabacky (90,000 shares), and Daniel Voelker (110,000 shares). The options have a 10-year term and vest 25% annually over a four-year period.

As a matter of best practice, we will continue to monitor our compensation program to ensure that it continues to align the interests of our executives with those of our long-term stockholders while avoiding unnecessary or excessive risk.

Compensation Adjustments

The Corporation may increase or, subject to contractual or other restrictions decrease an executive's overall compensation at any time during any fiscal year after considering several factors, including level and scope of responsibilities, contribution to overall corporate performance and achievement of personal goals and objectives.

The Compensation, Nominating and Corporate Governance Committee determined that it was appropriate to review and adopt certain compensation practices that discourage unnecessary or excessive risk taking, such as a recoupment or "clawback" policy. In February 2010, our Compensation, Nominating and Corporate Governance Committee approved a recoupment policy under which our Compensation Committee has the sole and absolute authority, to the full extent permitted by applicable law, to require that each executive officer agree to reimburse the Corporation for all or any portion of any annual incentive bonus if:

- (1) the payment was predicated upon the achievement of certain financial results that were subsequently the subject of a material financial restatement,
- (2) in the view of our Compensation, Nominating and Governance Committee, the executive engaged in fraud or misconduct that caused or partially caused the need for a material financial restatement by us, and
- (3) a lower payment would have occurred based upon the restated financial results.

In each such instance, we will, to the extent practicable and allowable under applicable laws, require reimbursement of any bonus in the amount by which the executive's annual bonus for the relevant period exceeded the lower payment that would have been made based on the restated financial results, provided that we will not seek to recover bonuses paid more than one year prior to the date the need for such material financial restatement is determined.

Termination and Change-of-Control Agreements

Severance Provisions in Employment Agreements. The employment agreements of all of the named executive officers provide for termination and change of control benefits as follows:

If the officer's employment is terminated by the officer for good reason, which includes, among other things, (a) the Corporation requiring the officer to relocate his place of employment without the officer's consent, or (b) a material adverse change in the officer's title, position, and/or duties 90 days before or within one year after a change of control, the officer is entitled to a severance benefit equal to his base salary and health benefits for one year. This one-year base salary severance benefit will be extended to 16 months if either the officer was required to relocate more than 50 miles in order to commence employment and the termination occurs within two years of commencement of employment, or the officer later consents to a relocation of his employment and the termination occurs within two years of such voluntary relocation.

If the officer's employment is terminated by the Corporation without cause, the officer is entitled to a severance benefit equal to his base salary for one year, health benefits for 18 months, and a lump sum bonus payment equal to the product of (a) 60% of his base salary paid for the year in which his termination occurred, multiplied by (b) a fraction, the numerator of which is the number of days that have elapsed during the then-current calendar year and the denominator of which is 365. The one-year base salary severance benefit will be extended to 16 months if either the officer was required to relocate more than 50 miles in order to commence employment and the termination occurs within two years of commencement of employment, or the officer later consents to a relocation of his employment and the termination occurs within two-years of such voluntary relocation.

The officer is not entitled to any severance if his employment is terminated at any time by the Corporation with cause or by the officer without good reason.

Dr. Copeland's current base salary is \$325,000 per year; Mr. Fallini's current base salary is \$230,000 per year; Mr. Voelker's current base salary is \$205,000 per year; Mr. Balogh's current base salary is \$193,800 per year; and Mr. Sabacky's current base salary is \$225,000 per year.

Acceleration of Vesting of Options. The employment agreements of each of the named executive officers requires that all options and other equity awards granted to the named executive officer provide that the award immediately vests as of the effective date of a "Change of Control Event". A "Change of Control Event" is defined in the agreement to mean (a) any capital reorganization, reclassification of the capital stock of the Corporation, consolidation or merger of the Corporation with another corporation in which the Corporation is not the survivor (other than a transaction effective solely for the purpose of changing the jurisdiction of incorporation of the Corporation), (b) the sale, transfer or other disposition of all or substantially all of the Corporation's assets to another entity, (c) the acquisition by a single person (or two or more persons acting as a group, as a group is defined for purposes of Section 13(d)(3) under the Securities Exchange Act of 1934, as amended) of more than 40% of the outstanding common shares.

The following table provides information relating to the number of options that are unvested as of December 31, 2009 that would vest immediately for each named executive officer if a change in control event were to have occurred as of December 31, 2009:

Name	Number of Securities Underlying Unvested Options that Would Vest Upon a Change in Control
Terry Copeland, President, Chief Executive Officer and Director	462,500
John C. Fallini, Chief Financial Officer	212,500
Bruce J. Sabacky, Vice President & Chief Technology Officer	156,250
Stephen Balogh, Vice President Human Resources	148,750
Daniel Voelker, Vice President Engineering and Operations	237,500

Explanation of Change of Control Policies. The Compensation, Nominating and Governance Committee believes that providing a reasonable severance arrangement tied to termination without cause is essential to attracting and retaining talented executive officers. In addition, the Compensation, Nominating and Governance Committee believes that the severance arrangements provided to certain of its named executive officers serve the best interests of the Corporation and its shareholders by ensuring that, if a hostile or friendly change of control is under consideration, its executives will feel secure enough about their post-transaction financial future that they will advise the Board about the potential transaction without consideration, or with lessened consideration, of any adverse effect of the transaction on their future employment and compensation. The Compensation, Nominating and Governance Committee believes that its inclusion of a “double trigger,” i.e. both a change of control and a subsequent termination or adverse action, is appropriate because it reasonably balances the needs of the executive and of the Corporation. The provision protects the executive if his status is changed following a change of control but protects the Corporation and its successors because it does not provide for severance payments if the Corporation or successor permits the employee to remain in the same position in the same place. The Corporation has no other severance agreements in place with its named executive officers.

Stock Ownership Guidelines

Our stock ownership guidelines (effective January 1, 2010) are designed to encourage our named executive officers and non-employee directors to achieve and maintain an equity stake in the Corporation and more closely align his or her interests with those of our stockholders.

Upon recommendation of the Compensation, Nominating and Governance Committee, the Board has adopted stock ownership guidelines for directors. Under these guidelines, non-employee directors are required to own, within one year of becoming a director, a number of common shares equal to at least 20,000 shares. Shares counted towards this guideline include any shares held by the director directly or through a broker, including shares vested under restricted stock grants.

The Board also has adopted, on recommendation of the Compensation, Nominating and Governance Committee, stock ownership guidelines applicable to the Corporation's executive officers. Under these guidelines, the Corporation's Chief Executive Officer is expected to hold an investment level of at least 25,000 common shares and other executive officers are expected to hold at least 15,000 common shares. Executives are expected to comply with these guidelines within three years.

The proposed Consolidation will reduce the number of shares required to be owned by our named executive officers and non-employee directors in proportion to the consolidation ratio determined by the Board within the limits set forth in the Consolidation Resolution.

In addition, the guidelines include retention requirements for stock option exercises under which executives must retain certain common shares acquired upon exercise of a stock option. Executive officers who do not yet satisfy the ownership guidelines must retain 50% of the shares acquired on exercise remaining after the sale of shares sufficient to cover the exercise price of the option and taxes.

An annual review will be conducted by the Compensation, Nominating and Governance Committee to assess compliance with the guidelines and to review the guideline policy.

Role of Executive Officers in Determining Executive Pay

The Compensation, Nominating and Governance Committee makes all decisions with respect to base compensation, annual incentive compensation and the award of stock options to the executive officers of the Corporation, including all named executive officers. Such authority may not be delegated to another person other than, as appropriate, the entire Board.

At the end of each fiscal year, the Corporation's Vice President of Human Resources and Chief Executive Officer are responsible for evaluating the performance of each named executive officer (and other officers) against corporate and individual performance objectives and for submitting a report to the Compensation, Nominating and Governance Committee detailing the results of their evaluations. In connection with this report, each of the Vice President of Human Resources and Chief Executive Officer make recommendations to the Compensation, Nominating and Governance Committee with respect to compensation matters related to the prior year, including employee-specific recommendations but not with respect to himself. In addition, each of the two officers makes recommendations to the Compensation, Nominating and Governance Committee with respect to compensation matters related to the upcoming year, including employee-specific recommendations (but not with respect to himself) and strategic and design recommendations. The Compensation, Nominating and Governance Committee considers these recommendations, and the report of these officers, among other factors by the Compensation, Nominating and Governance Committee as it makes prior-year and coming-year compensation decisions.

Compensation Consultant

The Compensation, Nominating and Governance Committee retains Radford, an AON Consulting Corporation ("Radford") to provide ongoing advice and information regarding design and implementation of the Corporation's executive compensation programs. Radford also provides information and updates to the Compensation, Nominating and Governance Committee about regulatory and other technical developments that may affect the Corporation's executive compensation programs. In addition, Radford provides the Committee with competitive market information, analyses and trends on base salary, short-term incentives and long-term incentives.

The Compensation, Nominating & Governance Committee believes that Radford provides candid, direct and objective advice to the Committee, which is not influenced by any other services provided by Radford. To ensure independence:

- the Compensation, Nominating & Governance Committee directly hired and has the authority to terminate Radford;
- Radford is engaged by and reports directly to the committee chair;
- Radford has direct access to all members of the Compensation, Nominating & Governance Committee during and between meetings; and
- interactions between Radford and management generally are limited to discussions on behalf of the Compensation, Nominating & Governance Committee and information presented to the committee for approval.

Neither Radford, nor any of its affiliates, provides any other services to the Corporation.

Tax and Accounting Considerations

Accounting Treatment

The Corporation previously adopted Standard of Financial Accounting Standards No. 123(R), Share-Based Payment (as well as its successor, Accounting Standards Codification Topic 718 of the Financial Accounting Standards Board), which requires companies to expense the costs of stock-based compensation in their financial statements. Accordingly, the Corporation began recording stock-based compensation expense in the income statement in 2006. The fair value of each award is estimated on the date of grant, using the Black-Scholes option-pricing model. Once the fair value of each award is determined, it is expensed in the income statement over the vesting period.

Deductibility of Executive Compensation

Section 162(m) of the United States Internal Revenue Code of 1986, as amended (the “Code”), imposes a \$1 million annual limit on the amount that a public company may deduct for compensation paid during a tax year to the company’s Chief Executive Officer or to any of the company’s four other most highly compensated executive officers who are still employed at the end of the tax year. The limit does not apply to compensation that meets the requirements of Code Section 162(m) for “qualified performance-based” compensation (i.e., compensation paid only if the executive meets pre-established, objective goals based upon performance criteria approved by the company’s shareholders).

The Compensation, Nominating and Governance Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code. In certain situations, the Compensation, Nominating and Governance Committee may approve compensation that will not meet the requirements of Code Section 162(m) in order to ensure competitive levels of total compensation for its executive officers. Stock option grants in 2008 and 2009 were intended to constitute “qualified performance-based compensation” under Section 162(m); however, the Corporation’s 2009 annual performance bonus would not have been, and the Corporation’s 2010 annual performance bonus will not be, “qualified performance-based compensation” because the Corporation does not have shareholder-approved performance criteria for its cash incentive plan. In 2009, none of the named executive officers, received base pay, annual bonus and other compensation in an amount in excess of the \$1 million deduction limit.

Compensation, Nominating and Governance Committee Report

The Compensation, Nominating and Governance Committee has reviewed and discussed the Compensation Discussion & Analysis section included in this Management Proxy Circular with management. Each member of the Compensation, Nominating and Governance Committee is entitled to rely on (i) the integrity of those persons within the Corporation and of the professionals and experts from which the Compensation, Nominating and Governance Committee receives information, and (ii) the accuracy of the financial and other information provided to the Compensation, Nominating and Governance Committee by such persons, professionals or experts absent actual knowledge to the contrary.

Based upon that review and related discussions, the Compensation, Nominating and Governance Committee recommends to the Corporation's Board that the Compensation Discussion & Analysis contained herein be included in this Circular and Proxy Statement.

(1) Amounts reflect potential, not actual, bonus amounts calculated based on the 2009 annual incentive bonus plan. The target was based on achieving 100% of the Corporation performance goal, and the maximum is based on achieving 125% of the Corporation performance goal, which also is the bonus cap. The named executive officers were not entitled to receive a bonus at a threshold below the target. No bonus amounts were paid out under the 2009 incentive plan, as targets were not achieved.

- (2) These options were issued in connection with the 2009 annual grant of options. As such, the vesting terms were set at 25% to vest in 2010, 25% to vest in 2011, 25% to vest in 2012, and 25% to vest in 2013.
- (3) The amounts in column (j) represent the grant date fair value of stock and option awards determined in accordance with ASC 718 "Stock Compensation" pursuant to the Stock Incentive Plans.

Audit Committee and Audit Committee Report

Audit Committee

The Audit Committee operates pursuant to a written charter adopted by the Board, a copy of which may be found on the Corporation's website under the heading "Investors" and is attached hereto as Appendix B. A copy may also be obtained free of charge by mailing a request in writing to: Secretary, Altair Nanotechnologies Inc., 204 Edison Way, Reno, Nevada 89502, U.S.A.

The Audit Committee is comprised solely of non-employee directors, each of whom has been determined by the Board to be independent under the requirements of the NASDAQ listing standards and National Instrument 52-110 of the Canadian Securities Administrators ("NI 52-110"). The Audit Committee is comprised of Robert van Schoonenberg (Chair), Jon Bengtson, George Hartman and Pierre Lortie. If elected by the shareholders, Robert van Schoonenberg (Chair), Jon Bengtson, George Hartman and Pierre Lortie are expected to be members of the Audit Committee during 2010. The Audit Committee held four meetings in person and one meeting via conference call during the fiscal year ended December 31, 2009. The members of the Audit Committee were in attendance at each meeting except that Mr. Lortie was unable to attend one meeting.

The Board has determined in its business judgment that each member of the Audit Committee satisfies the requirements with respect to financial literacy set forth in NASDAQ Rule 4350(d)(2)(A)(iv) and applicable Canadian securities laws; and the Board has determined that Jon Bengtson is an "audit committee financial expert" as such term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Securities Act, is independent under Rule 10A-3(b)(1)(ii) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and are, as a result of their past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background, sophisticated with respect to financial matters.

The Audit Committee's responsibility is to assist the Board in its oversight of (a) the quality and integrity of the Corporation's financial reports, (b) the independence and qualifications of the Corporation's independent auditor, and (c) the compliance by the Corporation with legal and regulatory requirements. Management of the Corporation has the responsibility for the Corporation's financial statements as well as the Corporation's financial reporting process, principles and internal controls. The Corporation's independent public accounting firm is responsible for performing an audit of the Corporation's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States of America.

Audit Committee Report

The Audit Committee reviewed and discussed the audited financial statements of the Corporation as of and for the year ended December 31, 2009 with management and with the independent public accounting firm. The Audit Committee has discussed with the independent public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent public accounting firm required by applicable requirements of the Public Corporation Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence, and has discussed with the independent public accounting firm the independent auditor's independence.

The Audit Committee has also considered whether the independent auditor's provision of non-audit services to the Corporation is compatible with maintaining the auditors' independence.

46

The members of the Audit Committee are not engaged in the accounting or auditing profession and, consequently, are not experts in matters involving auditing or accounting including in respect of auditor independence. As such, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements fairly present the Corporation's financial position and results of operation and are in accordance with generally accepted accounting principles and applicable laws and regulations. Each member of the Audit Committee is entitled to rely on (i) the integrity of those persons within the Corporation and of the professionals and experts (such as the independent auditor) from which the Audit Committee receives information, (ii) the accuracy of the financial and other information provided to the Audit Committee by such persons, professionals or experts absent actual knowledge to the contrary and (iii) representations made by management or the independent public accounting firm as to any information technology services of the type described in Rule 2-01(c)(4)(ii) of Regulation S-X and other non audit services provided by the independent auditor to the Corporation.

Based on the reports and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2009, for filing with the SEC.

Compensation Policies and Practices Relating to Risk Management

The Compensation, Nominating and Governance Committee has reviewed the Corporation compensation program as it relates to all of the Corporation's full-time employees and believes there is no material risk in the program. As a matter of best practice, the Compensation Nominating and Governance Committee continues to monitor our compensation program to ensure that it continues to align the interests of our employees with those of our long-term stockholders while avoiding unnecessary or excessive risk.

Board Leadership Structure and Role in Risk Oversight

The Board believes that different people should hold the positions of chairman of the Board and CEO to aid in the Board's oversight of management. Mr. Bengtson currently serves as the Chairman of our Board of Directors in a non-executive capacity. As the Chairman of the Board of Directors, Mr. Bengtson has a number of responsibilities, which include setting board meeting agendas in collaboration with the CEO, presiding at Board meetings, executive sessions and the annual stockholders' meeting, assigning tasks to the appropriate committees, and ensuring that information flows openly between management and the Board. The Board believes its administration of its risk oversight function has not affected the Board's leadership structure.

The Board is actively involved in assessing and managing risks that could affect the Corporation. The Board's mandate calls for the Board to periodically assess the processes utilized by management with respect to risk assessment and risk management, including identification by management of the principal risks of the Corporation's business, and the implementation by management of appropriate systems to deal with such risks. The Board fulfills these responsibilities either directly, through delegation to committees of the Board, or, as appropriate, through delegation to individual directors.

When the Board determines to delegate any risk management oversight responsibilities, typically such delegation is made to the standing committees of the Board. The Audit Committee would typically be tasked with oversight of risks to the Corporation such as those relating to the quality and integrity of the Corporation's financial reports, the independence and qualifications of the Corporation's independent auditor and inquiries regarding allegations of ethical, financial and legal issues. The Compensation, Nominating and Governance Committee would typically be tasked with overseeing risks such as relating to employment policies, the Corporation's compensation and benefits systems, the identification and recommendation of individuals qualified to become directors, management of the Corporation and succession planning. Each of these committees satisfies its oversight responsibilities through regular reports from officers of the Corporation responsible for each of these risk areas, regular meetings to discuss and analyze such risks, and, when necessary, consultation with outside advisors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Corporation's officers and directors to file reports concerning their ownership of common shares with the SEC and to furnish the Corporation with copies of such reports. Based solely upon the Corporation's review of the reports required by Section 16 and amendments thereto furnished to the Corporation, the Corporation believes that all reports required to be filed pursuant to Section 16(a) of the Exchange Act during 2009 were filed with the SEC on a timely basis except as follows: (a) Form 4 for Hossein Asrar Haghghi, Director, was due on June 17, 2009 but was filed on June 26, 2009; (b) Forms 4 for Eqbal Al Yousuf and Al Yousuf LLC, 10% beneficial owners, were due on June 17, 2009 but were filed on June 26, 2009; (c) Form 3 for Hossein Asrar Haghghi, Director, was due on June 18, 2009 but was filed on June 26, 2009; (d) Form 4 for Terry M. Statement of Corporate Governance Practices

National Policy 58-201 of the Canadian Securities Administrators has set out a series of guidelines for effective corporate governance (the “Guidelines”). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. National Instrument 58-101 (“NI 58-101”) of the Canadian Securities Administrators requires the disclosure by each listed corporation of its approach to corporate governance with reference to the Guidelines as it is recognized that the unique characteristics of individual corporations will result in varying degrees of compliance.

Set out below is a description of the Corporation’s approach to corporate governance in relation to the Guidelines.

1. The Board

NI 58-101 defines an “independent director” as a director who has no direct or indirect material relationship with the corporation. A “material relationship” is in turn defined as a relationship that could, in the view of the corporation’s Board, be reasonably expected to interfere with such member’s independent judgement. The Board of the Corporation is currently comprised of seven members, a majority of whom the Board has determined are “independent directors” within the meaning of NI 58-101.

Dr. Copeland is considered a non-independent director, as he is an officer of the Corporation. Alexander Lee and Hossein Asrar Haghighi are appointed by, and executives of, Al Yousuf, LLC, which is an approximately 19% shareholder in the Corporation. The Board believes that Messrs. Lee and Haghighi are independent despite their affiliation with a significant shareholder based on the independence from management they have exhibited at all times since appointment to the Board and its general belief that being a significant shareholder is not likely to interfere with the independence of a director’s judgment (and is likely to enhance it).

In addition to Messrs. Lee and Haghighi, Messrs. Bazinet, Bengtson, Hartman, van Schoonenberg and Lortie are considered independent directors since they are all independent of management and free from any material relationship with the Corporation. The basis for this determination is that, since the beginning of the fiscal year ended December 31, 2009, none of the independent directors have worked for the Corporation, received more than CDN. \$75,000 in annual remuneration from the Corporation, excluding fees received for serving on the Board or any board committee, or had material contracts with or material interests in the Corporation which could interfere with their ability to act with a view to the best interests of the Corporation.

The Board believes that it functions independently of management. To enhance its ability to act independent of management, the Board may meet in the absence of members of management and the non-independent directors or may excuse such persons from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate. The Board held four meetings of the non-management directors in the absence of members of management during the fiscal year ended December 31, 2009. Mr. Hemphill, who is not a member of management but was deemed to not be independent because of his status as an officer of a significant customer, was permitted to attend the meeting of the non-management directors. Mr. Bengtson, Chairman of the Board, generally acts as the chairman during meetings of the non-management directors.

Mr. Bengtson currently serves as the Chairman of our Board in a non-executive capacity. As the Chairman of the Board, Mr. Bengtson has a number of responsibilities, which include setting board meeting agendas in collaboration with the CEO, presiding at Board meetings, executive sessions and the annual stockholders’ meeting, assigning tasks to the appropriate committees, and ensuring that information flows openly between management and the Board.

The Board and its committees met throughout the year on a set schedule, held special meetings and acted by written consent from time to time as appropriate.

Additional information concerning meetings of the Board held in fiscal 2009 is set forth above under the heading "Meetings of the Directors and Attendance at Shareholders Meeting."

50

Mr. Lortie currently serves as a director of Group Canam (TSX-V: CAM), director of Dynaplas, and also as director of Consolidated Thompson Iron Mines Ltd. (TSX: CLM). Mr. van Schoonenberg serves as a director of Guidance Software, Inc. (NASDAQ: GUID), a director of Ryland Group, Inc. (NYSE: RYL) and also as a director of Premiere Entertainment LLC.

2. Board Mandate

The Board has a mandate to set the strategic direction of the Corporation and to oversee its implementation by management of the Corporation. A copy of the Board mandate is set forth in Appendix E to this Circular and a copy may also be found on the Internet at <http://altairannualmeeting.com>.

3. Position Descriptions

Given the current size of the Corporation's infrastructure and the existence of a limited number of executive officers and seven directors, the Board does not feel that it is necessary at this time to formalize position descriptions or corporate objectives for any of the Chairman of the Board, Chairmen of committees of the Board, or the President and Chief Executive Officer in order to delineate their respective responsibilities. Accordingly, the roles of the executive officers of the Corporation are delineated on the basis of the customary practice.

4. Orientation and Continuing Education

Although the Corporation currently has no formal orientation and education program for new Board members, sufficient information (such as recent annual reports, prospectus, proxy solicitation materials and various other operating and budget reports) is provided to any new Board member to ensure that new directors are familiarized with the Corporation's business and the procedures of the Board. In addition, on at least an annual basis, the Board is given a presentation by an attorney or other professional regarding their role, responsibilities and obligations. In addition, new directors are encouraged to visit and meet with management on a regular basis. The Corporation also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Corporation.

5. Ethical Business Conduct

The Board has adopted a formal code of conduct and code of ethics. See "Code of Conduct and Code of Ethics" above. In order to ensure compliance with the Code of Conduct and Code of Ethics, and to ensure that directors exercise independent judgement, the Audit Committee has assumed responsibility for approving transactions involving the Corporation and any "related party" (as that term is defined in Multilateral Instrument Rule 61-101), except for decisions related to compensation, which are approved by the Compensation, Nominating and Governance Committee. The full Board is responsible for monitoring the Corporation's compliance with strategic planning matters, implementing a process for assessing the effectiveness of committees of directors and individual directors, and reviewing changes in or additions to compliance policies, standards, codes and programs, as well as applicable legislation.

6. Nomination of Directors

The Board has established a Compensation, Nominating and Governance Committee, which has assumed the responsibility for identifying new candidates for Board nomination. See "Nominating Committee" above.

7. Compensation

The Board has established a Compensation, Nominating and Governance Committee, which has assumed the responsibility for making recommendations to the Board on compensation related matters. See “Composition of the Compensation Committee” and “Compensation Committee Report on Executive Compensation” above. Director compensation is evaluated using the same process as the Corporation’s total compensation (see “Determination of Compensation” beginning on page 32).

8. Committees

In addition to the Audit Committee and the Compensation, Nominating and Governance Committee, the Board formed a standing Strategy Review Committee, the members of which are Pierre Lortie, Michel Bazinet, George Hartman and Robert van Schoonenberg in April 2008, which was eliminated in February 2009.

9. Assessments

The Board assesses, on an annual basis, the contributions of the Board as a whole, the Audit Committee and Compensation, Nominating and Governance Committee, and each of the individual directors, in order to determine whether each is functioning effectively. The Compensation, Nominating and Governance Committee has responsibility for conducting and overseeing the annual self-evaluations for the Board and reporting such results to the Board following the end of each fiscal year. The evaluations, documented in the form of questionnaires, include peer review evaluations and are based on such objective and subjective criteria, as such committee deems appropriate.

Interest of Informed Persons in Material Transactions

No informed person of the Corporation (within the meaning of applicable Canadian securities laws), any nominee for election as a director or any associate or affiliate thereof, has or has had any material interest in any transaction since the commencement of the Corporation's last completed financial year, or in any proposed transaction, which has materially affected or would materially affect the Corporation.

Indebtedness of Directors and Executive Officers

There is currently no outstanding indebtedness of (i) any present or former director, executive officer or employee; or (ii) any associate of any current or former director, executive officer or employee, either owing to the Corporation or any of its subsidiaries, or owing to another entity which is the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding provided by the Corporation or any of its subsidiaries.

Policies for Approval of Related Party Transactions

The Corporation's Audit Committee has the authority and responsibility to review and approve any proposed transactions between the Corporation (including its subsidiaries) and any person that is an officer, key employee, director or affiliate of the Corporation (or any subsidiary), other than transactions related to the employment and compensation of such persons, which are reviewed and approved by the Compensation, Nominating and Governance Committee.
