Solicitation

The enclosed proxy is being solicited by the Board of Directors of the Company, which will pay the cost of solicitation. In addition to solicitations by mail, solicitations may be made by personal interview, telephone and telegram by directors, officers and regular employees of the Company. No compensation will be paid for the solicitation of proxies, although the Company will reimburse bankers, brokers and others holding shares in their names or in the names of nominees or otherwise for reasonable out-of-pocket expenses incurred in sending the Proxy Materials to the beneficial owners of such shares.

Householding

Only one proxy statement may be delivered to multiple shareowners sharing an address, unless the Company has received contrary instructions from one or more of the shareowners. The Company will deliver promptly, upon written or oral request, a separate copy of the proxy statement to a shareowner at a shared address to which a single copy of the proxy statement was delivered. To request a separate copy in the future, or to request delivery of a single copy if multiple copies are being received, the shareowner can direct the request to M.D.C. Meeting. The affirmative vote of the holders of a plurality of the shares of Common Stock present or represented and entitled to vote at the Meeting will be required for election to the Board of Directors. Approval of the shareowner proposal requires the affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote at the Meeting.

Voting Proxies

Shares of Common Stock represented by properly executed proxy cards received by the Company in time for the Meeting will be voted in accordance with the choices specified in the proxies. Unless contrary instructions are indicated on a proxy, the shares of Common Stock represented by such proxy will be voted **FOR** the election as Directors of the nominees named in this Proxy Statement and **AGAINST** the shareowner proposal. Abstentions and broker non-votes (proxies that do not indicate that brokers or nominees have received instructions from the beneficial owner of shares) will be counted for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions are counted in tabulating the total number of votes cast on proposals presented to shareowners, whereas broker non-votes are not counted for purposes of determining the total number of votes cast.

Management and the Board of Directors of the Company know of no other matters to be brought before the Meeting. If other matters are properly presented to the shareowners for action at the Meeting and any adjournments or postponements thereof, it is the intention of the proxy holders named in the proxy to vote in their discretion on all matters on which the shares of Common Stock represented by such proxy are entitled to vote.

Revocability of Proxy

The giving of the enclosed proxy does not preclude the right of a shareowner to vote in person. A proxy may be revoked at any time prior to its exercise by notice of revocation in writing sent to the Secretary of the Company, by presenting to the Company a later-dated proxy card executed by the person executing the prior proxy card or by attending the Meeting and voting in person.

Annual Report

The Company's 2003 Annual Report to Shareowners, including the Company's 2003 audited financial statements (the Annual Report), was previously sent to shareowners on or about February 25, 2004, and also may be enclosed with these Proxy Materials. The 2003 Annual Report is not incorporated into this Proxy Statement by reference, nor is it a part of the Proxy Materials.

CORPORATE GOVERNANCE

The Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act), new rules of the Securities and Exchange Commission (the SEC) and recently amended listing standards of the New York Stock Exchange (the NYSE) implement new corporate governance provisions. Prior to the adoption of these new requirements, the Company already had corporate governance measures in place. The Company now has adopted other measures designed to comply with the new requirements. Among the measures the Company already had in place, and other measures that the Company has implemented to comply with the new requirements, are the following:

Director Independence

The amended NYSE listing standards require that the Board of Directors be comprised of a majority of independent directors. The Sarbanes-Oxley Act, SEC rules and amended NYSE listing standards now require that audit committees be comprised solely of independent directors. The amended NYSE listing standards also require that corporate governance/nominating committees be established, and that corporate governance/nominating committees and compensation committees be comprised solely of independent directors.

Table of Contents

Prior to the adoption of these new requirements, the Company's Board of Directors included a majority of independent directors and the Company's Audit Committee and Compensation Committee already were comprised solely of independent directors.

In 2003, the Board of Directors adopted the following standards for determining whether a director of the Company (Director) is independent:

Unless there exists a material relationship between the Company and a Director, such Director will be deemed independent if, (a) for the period prior to November 4, 2004, within the prior year period, or (b) for the period after November 4, 2004, within the prior three year period:

1. The Director has not been an employee of the Company or any of its subsidiaries (collectively, MDC) and no immediate family member of the Director has been an executive officer of MDC.
2. The Director has not received, and no immediate family member of the Director has received for service as an executive of MDC, more than \$100,000 per year in direct compensation from MDC, other than Director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
3. The Director has not been affiliated with or employed by, and no immediate family member of the Director has been affiliated with or employed in a professional capacity by, a present or former internal or external auditor of MDC.
4. The Director has not been employed, and no immediate family member of the Director has been employed, as an executive officer of another company where any of MDC's present executives serve on the other company's compensation committee.
5. The Director has not been an executive officer or an employee, and no immediate family member of the Director has been an executive officer, of a company that makes payments to or receives payments from MDC for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

Also in 2003, the Board of Directors adopted the following, additional standards of independence with respect to members of the Company's Audit Committee:

A Director will be deemed independent for purposes of Rule 10A-3 promulgated under the Securities Exchange Act of 1933, as amended, provided:

1. The Director has not directly or indirectly accepted any consulting, advisory, or other compensatory fee from MDC, other than (1) in the Director's capacity as a member of the Board of Directors and any Board committee, (2) fixed amounts under a retirement plan for prior service or (3) dividends to shareowners.
2. The Director has not been an affiliated person of MDC, apart from his/her capacity as a member of the Board or any Board committee. An affiliated person means a person that directly or indirectly through one or more intermediaries controls, or is controlled by, or is under common control with, MDC.

The Company's Board of Directors has determined that each of Messrs. Herbert T. Buchwald, William B. Kemper, Steven J. Borick and David E. Blackford have no material relationship with the Company, whether directly or as a partner, shareowner or officer of an organization that has a relationship with the Company, and that each is independent under the rules of the SEC (including Rule 10A-3) and the NYSE listing standards, each meet the foregoing standards of independence adopted by the Board and each constitutes an outside director under Section 162(m) of the Internal Revenue Code and the regulations thereunder.

Table of Contents

Frequent Meetings of the Board of Directors and Audit Committee

Prior to the Sarbanes-Oxley Act and the new corporate governance standards required by the SEC and the NYSE, the Board of Directors and the Audit Committee held frequent meetings. In 2001, the Board held 12 regularly scheduled meetings and 6 special meetings, and the Audit Committee met 13 times. During 2002, the Board held 11 regularly scheduled meetings and 11 special meetings, and the Audit Committee met 11 times. In 2003, the Board held 11 regularly scheduled meetings and 10 special meetings, and the Audit Committee met 11 times.

Asset Management Committee

Also, prior to passage of the Sarbanes-Oxley Act and the new SEC and NYSE corporate governance requirements, the Company had in place an Asset Management Committee (AMC), now consisting of two committees, composed of members of our senior management. The AMC generally meets weekly to review all proposed land acquisitions and review other proposed non-land transactions at or above certain thresholds. Land acquisitions and other transactions that exceed higher thresholds are also reviewed by an executive committee of senior officers and the Board of Directors.

Corporate Governance/Nominating Committee

On October 20, 2003, the Board of Directors established a Corporate Governance/Nominating Committee, consisting of Messrs. Kemper, Buchwald and Blackford, who serves as its Chairman. Each member of the Committee is independent as defined in the listing standards of the NYSE. The organization, functions and responsibilities of the Corporate Governance/Nominating Committee are described in the Corporate Governance/Nominating Committee charter adopted by the Board of Directors on October 20, 2003.

Corporate Governance Guidelines

Upon the recommendation of the Corporate Governance/Nominating Committee, the Board of Directors adopted a set of corporate governance guidelines to implement the new requirement of the NYSE. These guidelines are posted under the corporate governance documents on the investor relations section of the Company's website, www.richmondamerican.com.

Regularly Scheduled Executive Sessions of Non-Management Directors

The Company's corporate governance guidelines provide for the non-management Directors to meet quarterly in an executive session without management present. At least once a year, the independent Directors are to meet in an executive session including only independent Directors. The non-management Directors are empowered to select a presiding Director for each executive session. In order that interested parties may be able to contact non-management Directors, such persons may use the procedures established by the Audit Committee for receipt of complaints and concerns. These procedures are posted under the corporate governance documents on the investor relations section of the Company's website, www.richmondamerican.com.

Committee Charters

Upon the recommendations of the Audit Committee and the Compensation Committee, respectively, the Board of Directors has adopted re-stated charters for those committees, designed to comply with the applicable requirements of the amended NYSE listing standards and SEC regulations. The Board of Directors previously adopted a charter for the Corporate Governance/Nominating Committee. These charters are posted under the corporate governance documents on the investor relations section of the Company's website, www.richmondamerican.com.

Corporate Code of Conduct

Prior to passage of the Sarbanes-Oxley Act and the new requirements of the SEC and the NYSE, the Company already had in place a Corporate Code of Conduct designed to provide that all persons associated with the Company, including

Table of Contents

employees, officers and Directors, follow the Company's compliance program and legal and ethical obligations and conduct themselves accordingly. The Company now has revised its Corporate Code of Conduct to include, among other things, a code of ethics for senior financial officers and Audit Committee complaint procedures, as required by the Sarbanes-Oxley Act and SEC regulations. The Corporate Code of Conduct, the code of ethics for senior financial officers and the Audit Committee complaint procedures for handling confidential complaints regarding accounting or auditing matters are posted under the corporate governance documents on the investor relations section of the Company's website, www.richmondamerican.com.

ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides for three classes of Directors with staggered terms of office, to be divided as equally as possible. Nominees of each class serve for terms of three years (unless a nominee is changing to a different class) and until election and qualification of their successors or until their resignation, death, disqualification or removal from office.

The Board of Directors currently consists of seven members, including two Class I Directors whose terms expire in 2004, two Class II Directors whose terms expire in 2005 and three Class III Directors whose terms expire in 2006. At the Meeting, two Class I Directors are to be elected to three-year terms expiring in 2007. The nominees for the Class I Directors are Messrs. Herbert T. Buchwald and Larry A. Mizel. Both of the nominees presently serve on the Board of Directors of the Company.

Unless otherwise specified, the enclosed proxy card will be voted **FOR** the election of Messrs. Buchwald and Mizel. Management and the Board of Directors are not aware of any reasons which would cause Messrs. Buchwald or Mizel to be unavailable to serve as Directors. If Messrs. Buchwald or Mizel become unavailable for election, discretionary authority may be exercised by the proxy holders named in the enclosed proxy card to vote for a substitute nominee or nominees proposed by the Board of Directors.

The Board of Directors recommends a vote **FOR** the election of Messrs. Buchwald and Mizel as Directors.

Report of the Compensation Committee

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate future filings, including this Proxy Statement, in whole or in part, the following Report of the Compensation Committee and Performance Graph shall not be incorporated by reference into any such filing.

The Committee oversees all employee compensation levels, including benefits, having a goal to maintain compensation levels that are comparable to the marketplace and in conformity with shareowner interests.

There are three primary objectives of the Company's executive compensation program. First, this program is designed to attract, retain and reward highly qualified executives. Second, the stock-based portion of the compensation program is designed to create and maintain a strong and direct link between executive pay, the Company's financial performance and total returns to shareowners. Third, the Company's compensation program is intended to address, among other things, the Committee's concern that the Company's highly experienced executives could be targeted by the Company's competitors.

The three main components of the Company's executive compensation program are: base salary, annual performance-based incentive compensation and stock-based, long-term incentives. Base salaries for the Company's executive officers, including the Chief Executive Officer, are set in order to enable the Company to retain its experienced and skilled executives. The Committee believes that the Company's overall management costs are reasonably comparable to those of other major homebuilders, including those that are part of the peer group index shown on the performance graph below.

Base salaries are reviewed annually and adjusted based on individual performance, annual salary increases in the industry, local economic and employment conditions, the Company's performance and the compensation paid for similar positions at comparable companies. The amount of annual performance-based incentive compensation for each of Messrs. Mizel and Mandarich is determined by formula under the Executive Compensation Plan approved by the shareowners, as described in footnote 4 to the Summary Compensation Table above. Annual grants of stock options, restricted stock or bonuses are based on individual performance and the role played by the recipient in achieving the Company's results and objectives.

2003 Compensation

The Committee considered the following factors in setting total compensation for 2003, including incentive compensation: the Company's record net income, home closings, revenues, homebuilding profits and home orders; stockholders' equity exceeding \$1 billion for the first time; a 24% net return on average stockholders' equity; the 12% net return on assets in 2003, which ranked among the highest in the industry; two issuances of 10-year, 5.5% senior notes; the Company's position among the top quintile of the homebuilding industry in most financial performance criteria; and the rating upgrades of the Company's senior notes by Standard & Poor's Ratings Services, Moody's Investors Service and Fitch Ratings, establishing the Company as one of only five homebuilders with investment grade ratings from all three of the major rating agencies.

The Company also maintains an annual bonus program for other officers and key management employees. Bonuses are intended to compensate management and other employees for the attainment of the Company's annual financial performance goals and other criteria, as determined by the Committee. Because the Company met or exceeded the 2003 performance goals for these performance criteria, the Committee authorized the bonuses set forth in the summary compensation table for Messrs. Reece and Touff, the named executive officers other than Messrs. Mizel and Mandarich, whose bonus compensation is computed pursuant to the Executive Compensation Plan approved by the Company's shareowners.

The Committee also uses long-term, stock-based incentives in the form of stock options and grants of restricted stock to provide compensation to executive officers and other key employees, which is linked directly to the performance of the Common Stock. In 2003, the Committee awarded stock options to acquire 1,130,030 shares of Common Stock to a total of 149 employees, including the named executive officers, and shares of restricted stock to 19 employees, including Messrs. Reece and Touff. These incentives are designed and intended to link management and shareowner interests and to motivate executives to make long-term decisions and investments that will serve to increase the long-term total return to shareowners. Vesting

Table of Contents

requirements contained in the option grants and restricted stock award agreements serve as an additional long-term incentive to retain key officers and other employees.

CEO Compensation

Mr. Mizel's base salary for 2003 of \$1,000,000 was based on the factors described below. The Committee ratified a bonus of \$10,852,916 for Mr. Mizel for 2003 in accordance with the terms of the Executive Compensation Plan approved by the Company's shareowners.

The Committee approved Mr. Mizel's 2003 base salary based on the following factors, in order of importance to the Committee: (i) achieving the Company's goal of continuing to be in the top quintile of the homebuilding industry in most financial performance measures; (ii) the Company's record operating results during 2002; (iii) the issuance by the Company of senior notes with investment grade terms and covenants; (iv) additional coverage by Wall Street analysts; and (v) credit rating agency upgrades. The Committee approved the grant of stock options to Mr. Mizel for 2003 based on the factors set forth above under 2003 Compensation.

The primary financial performance improvements on which the Committee relied in determining Mr. Mizel's 2003 base salary were the increase in the Company's earnings per share in 2002 and the Company's ranking as one of the top homebuilders in many financial performance measures.

Set forth below is a graph comparing the yearly change in the cumulative total return of the Common Stock with the cumulative total return of the Standard & Poor's 500 Stock Index and with that of a peer group of other homebuilders over the five-year period ending on December 31, 2003.

It is assumed in the graph that \$100 was invested (1) in the Company's Common Stock; (2) in the stocks of the companies in the Standard & Poor's 500 Index; and (3) in the stocks of the peer group companies just prior to the commencement of the period and that all dividends received within a quarter were reinvested in that quarter. The peer group index is composed of the following companies: Beazer Homes USA, Inc., Centex Corporation, D.R. Horton, Inc., Hovnanian Enterprises, Inc., KB Home, Lennar Corporation, M/I Homes, Inc., NVR, Inc., Pulte Homes, Inc., The Ryland Group, Inc., Standard Pacific Corp. and Toll Brothers, Inc.

EMPLOYMENT AGREEMENTS AND CHANGE IN CONTROL AGREEMENTS

Employment Agreements

Mr. Mizel and Mr. Mandarich (each an Executive or together the Executives) each entered into an Employment Agreement with the Company effective October 1, 1997, and restated as of February 26, 2003 (the Employment Agreements). The Employment Agreements provide for each Executive's continued employment by the Company: Mr. Mizel as Chairman and Chief Executive Officer, and Mr. Mandarich as President and Chief Operating Officer. The Initial Term of each Employment Agreement continued through September 30, 2002. Unless either the Company on the one hand or either Executive on the other hand elects by notice in writing delivered to the other at least six months prior to the expiration of the Initial Term or any extension thereof, such term shall be extended automatically for two additional years, subject to earlier termination as provided pursuant to the terms of the Employment Agreement (the Employment Term). Neither the Company nor either Executive has delivered notice to terminate an Employment Agreement.

Pursuant to the Employment Agreements, the Executives' base salaries (Base Salaries) are subject to annual review under the Company's normal policies and procedures for executive salary increases. Messrs. Mizel and Mandarich also are to be paid incentive compensation pursuant to the Executive Compensation Plan (Annual Incentive Compensation) and

Table of Contents

long-term incentive compensation pursuant to the Company's Employee Equity Incentive Plan and any successor or supplementary plans (the Equity Plans).

Each Executive will be entitled to a retirement benefit under the Employment Agreement. Mr. Mizel's retirement benefit required that he remained employed by the Company through September 30, 1999, and Mr. Mandarich's required that he remained employed by the Company through September 30, 2002, in each case unless such employment was terminated by the Company without cause, in the event of the Executive's death or total disability or if the Executive elected to terminate his employment upon a Change in Control or because of a Material Change (as those terms are described below). The retirement benefit shall be equal to 70% of the Executive's highest Base Salary during the final three years of the Employment Term and shall be payable for the duration of the Executive's life. In addition, the Employment Agreements provide for medical insurance benefits, reimbursement of certain expenses, and entitle each of the Executives to participate in the Company's benefit plans. If Mr. Mizel and Mr. Mandarich each retired at the end of 2003, their annual retirement benefits would approximate \$700,000 and \$581,000, respectively.

Messrs. Mizel and Mandarich may be terminated for cause, as defined in the Employment Agreements. If an Executive is terminated without cause (including the Company's election not to extend the term of the Employment Agreement) during the Employment Term, he will be entitled to receive (i) an amount equal to the aggregate Base Salary earned by the Executive during the three years prior to such termination, plus (ii) an amount equal to 300%, for Mr. Mizel, and 200%, for Mr. Mandarich, of the Annual Incentive Compensation paid for the year prior to termination, and (iii) the retirement benefits payable under the Employment Agreement commencing on the date of termination. In addition, in the event of termination without cause, each Executive's options and other rights under the Equity Plans shall vest immediately and the Executive and his spouse and dependents shall be entitled to continued medical benefits.

If a Change in Control occurs, all options, dividend equivalents and other rights granted to Executives under the Equity Plans and any other Company plans shall be accelerated and become exercisable immediately prior to the occurrence of the transaction giving rise to the Change in Control.

Within two years after a Change in Control or a Material Change, the Executive may terminate his employment, if not already terminated by the Company. In the event of such termination or a termination of employment by the Company without cause upon or within two years following a Change in Control, then (A) each Executive shall receive the amounts payable in the event the Executive's employment were terminated without cause as described above and (B) with respect to the retirement benefit, either (1) the Company shall establish and fund an irrevocable grantor trust in conformance with the model trust set forth in Internal Revenue Service Revenue Procedure 92-64, or (2) the Company shall, if it so elects, pay to the Executive, in a lump sum cash payment, the amount that otherwise would be required to be contributed to such trust.

If the amounts payable upon the occurrence of a Change in Control or Material Change, either alone or together with any other payments which the Executive has the right to receive, would be subject to an excise tax as an excess parachute payment under Section 4999 of the Internal Revenue Code, each Executive agrees in his Employment Agreement that such aggregate amounts shall be paid in annual installments over the shortest period of time over which such aggregate amounts may be paid and not be treated as excess parachute payments under Section 4999.

For purposes of this description of the Employment Agreements, a Change in Control shall occur if:

(i) a report on Schedule 13D is filed with the SEC disclosing that any person, other than the Company or any employee benefit plan sponsored by the Company, or any Director as of the date of the Employment Agreements, or affiliate of such Director, is the beneficial owner, directly or indirectly, of twenty percent (20%) or more of the combined voting power of the then-outstanding securities of the Company;

(ii) any person, other than the Company or any employee benefit plan sponsored by the Company or any Director as of the date of the Employment Agreements, or affiliate of such Director, shall purchase securities pursuant to a tender offer or exchange offer to acquire any Common Stock (or securities convertible into Common Stock) for cash,

securities or any other consideration, provided that after consummation of the offer, the person in question is the beneficial owner of twenty percent (20%) or more of the combined voting power of the then-outstanding securities of the Company;

(iii) the shareowners of the Company shall approve: (A) any consolidation or merger of the Company (1) in which the Company is not the continuing or surviving corporation; or (2) pursuant to which shares of Common Stock would be converted into cash, securities or other property; or (B) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all or substantially all the assets of the Company; or

(iv) there shall have been a change in a majority of the members of the Board of Directors of the Company within a twelve month period, unless the election or nomination for election by the Company's shareowners of each new Director during such twelve month period was approved by the vote of two-thirds of the Directors then still in office who were Directors at the beginning of such twelve month period.

For purposes of the Employment Agreements, a Material Change shall occur if:

(i) the Company makes any of certain specified adverse changes in an Executive's reporting relationship, titles, functions, duties or responsibilities from those that the Executive occupied on the date of the last renewal or extension of the Executive's Employment Agreement;

(ii) the Company assigns or reassigns the Executive (without his written permission) to another place of employment;

(iii) the Company reduces the Executive's Base Salary, Annual Incentive Compensation or long-term incentive compensation or the manner in which such compensation is determined, or retirement benefits, unless such reduction similarly applies to all Senior Executive Officers of the Company, as defined in the Employment Agreements, or the Company breaches the terms of the Employment Agreements; provided, however, that nothing in this clause (iii) shall be construed to permit the Company to reduce either Executive's retirement benefit, as provided in the Employment Agreements, in any event, and regardless of whether such reduction would similarly apply to all Senior Executive Officers of the Company; or

(iv) a purchaser of all or substantially all of the Company's assets or any successor or assignee of the Company fails to assume the Employment Agreements.

Certain Other Change in Control Agreements

Messrs. Reece and Touff (each, the Employee) have entered into change in control agreements with the Company (the Agreements). The Agreements are effective January 26, 1998 and terminate on the earlier of termination of the employee's employment or December 31, 2004. Unless either party elects by notice in writing delivered to the other by September 30, 2004, or at least 90 days prior to December 31 of each subsequent year, the term of the Agreement will be renewed automatically for successive one-year terms. No notice has been delivered by either party. In addition, if an Agreement has not been terminated prior to a Change in Control (as defined below), upon a Change in Control, the term of an Agreement shall extend automatically for two years.

For purposes of the Agreements, the definition of Change in Control is generally the same as the definition of Change in Control in the description of the Employment Agreements as described above.

For purposes of the Agreements, a Change in Control Event occurs if a Change in Control is followed by a Material Change within two years. A Material Change is defined in the Agreements to occur if the Employee's employment is terminated without cause (as defined in the Agreements) or if any of the events set forth under the definition of Material Change described above with respect to the Employment Agreements takes place, taking into account the titles, positions and reporting relationships of the Employee.

Table of Contents

Pursuant to the Agreements, if a Change in Control Event occurs, the Employee may elect within 90 days after the Change in Control Event to terminate the Employee's employment, if not previously terminated by the Company, and to receive a Change in Control payment. The Change in Control payment equals two times the sum of the Employee's base salary, in effect immediately prior to the Change in Control Event, plus the amount of the Employee's last regular annual bonus, provided that the amount of such annual bonus shall not exceed 50% of the Employee's annual base salary in effect immediately prior to the Change in Control Event.

If a Change in Control as defined above occurs, all options, dividend equivalents and other rights granted to the Employee under any Company equity incentive plan shall be accelerated and become exercisable immediately prior to the closing of the Change in Control. If the Change in Control is not consummated, the Employee's election to exercise such options and other rights shall be of no effect and the Employee's options shall remain subject to their original restrictions.

Any amounts payable pursuant to the Agreement are in addition to any payments otherwise payable to the Employee pursuant to any agreement, plan or policy of the Company. If the amounts payable upon the occurrence of a Change in Control Event, either alone or together with other payments which the Employee has the right to receive, would be subject to an excise tax as an excess parachute payment under Section 4999 of the Internal Revenue Code, each Employee agrees in the Agreement that such aggregate amounts shall be paid in annual installments over the shortest period of time over which such amounts may be paid and not be treated as excess parachute payments under Section 4999.

Certain other employees of the Company (the Covered Employees) have been provided change in control agreements containing substantially the same terms and conditions as the Agreements described above for Messrs. Reece and Touff, taking into account the respective titles, positions and reporting relationships of the other Covered Employees and with changes to certain other provisions. If the agreements for the Covered Employees have not been terminated prior to a Change in Control, upon a Change in Control, the term of the agreements for the other Covered Employees shall extend automatically for one year, rather than two years as in the cases of Messrs. Reece and Touff. The Change in Control payment for a Covered Employee would equal the sum of the Covered Employee's base salary in effect immediately prior to the Change in Control Event plus an amount equal to the Covered Employee's last regular annual bonus, provided that the amount of such bonus shall not exceed 50% of the Covered Employee's annual base salary in effect immediately prior to the Change in Control Event.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company leases its headquarters office space. Approximately 7,000 square feet in the Company's Denver office building is subleased by various affiliates of Mr. Mizel, for which they collectively paid rent, including parking, to the Company of approximately \$134,331 in 2003. In addition, Mr. Mizel owns a building that is leased to the Company for which the Company paid Mr. Mizel rent and common area fees of \$73,866 in 2003.

Effective as of March 1, 2003, the Company entered into a new two-year agreement with Gilbert Goldstein, P.C., of which Gilbert Goldstein, a Director, is the sole shareholder. Pursuant to the agreement, Mr. Goldstein acts as a consultant to the Company on legal matters. In return, the Company has agreed that, from March 1, 2003 through February 28, 2005, the Company will pay Mr. Goldstein's firm \$21,000 per month for a minimum of 30 hours per week in legal services; and \$180 per hour for services performed in excess of 120 hours in any month. The Company also provides Mr. Goldstein's firm with office space in the Company's leased office space, which has an estimated annual rental value of \$17,100, provides one full-time secretary (in 2003, this secretary received a salary of approximately \$27,000 plus benefits), and reimburses actual expenses incurred related to services provided. In the event that Mr. Goldstein retires from the practice of law, becomes disabled or dies during the term of the agreement, the Company will pay to Mr. Goldstein or his estate \$10,000 per month during the remaining term of the agreement. Payment of \$240,000 was made directly to Mr. Goldstein's firm in 2003 for services performed.

Table of Contents

During 2003, the Company paid a firm owned by Carol Mizel, Mr. Mizel's wife, \$240,000 for consulting services in connection with corporate and consumer marketing, merchandising, design work, human resources development, product development, and such other matters as were requested by the Company's senior management. The firm, Mizel Design and Decorating Company, has an Independent Contractor Agreement with the Company, dated as of January 1, 2001.

On April 12, 1995, the Board of Directors adopted a program to permit the Company's key executive officers to increase their ownership of Common Stock and more closely align their interests with those of the Company's other shareholders by facilitating the exercise of options that would expire (the Option Purchase Program). All borrowings under the Option Purchase Program were secured by a pledge of 100% of the Common Stock acquired upon exercise (with a pro-rata release of collateral upon payment of principal), were full recourse to the borrower and bore interest at the average one-month LIBOR plus 1%, adjusted monthly. Principal and accrued interest were payable on April 1st of each year based on a 10-year amortization. Additional principal was due on each April 1st in an amount required to reduce the outstanding aggregate principal amount of the loans under the Option Purchase Program to each borrower in an amount depending on each borrower's maximum permitted borrowings. The unpaid principal balance was due on the earlier of: (i) the fifth anniversary of the loan; (ii) 90 days after the borrower's employment with the Company has been terminated for cause; or (iii) one year after the borrower's employment with the Company has been terminated other than for cause.

The following table shows the number of shares exercised, the date of borrowings, the largest aggregate amount of indebtedness outstanding at any time during 2003 and the amount outstanding as of December 31, 2003, for the executive officers who have participated in the Option Purchase Program and had borrowings outstanding during 2003:

Borrower	Number of	Date of	Largest Amount	Note
	Shares Exercised		Outstanding during 2003	Balance at 12/31/03
David D. Mandarich	175,000	5/19/98	\$ 120,696	-0-
David D. Mandarich	100,000	2/07/00	\$ 688,180	-0-
Paris G. Reece III	50,000	3/24/99	\$ 203,374	-0-

In light of Section 402 of the Sarbanes-Oxley Act, the Board of Directors determined in August 2002 that no further loans would be permitted under this program and that no modifications would be authorized to existing loans until further action of the Board of Directors. As of December 31, 2003, there were no loans outstanding under this program.

In the ordinary course of its business, HomeAmerican originates mortgage loans to Company employees, including officers. Substantially all of the mortgage loans originated by HomeAmerican are sold to investors within 45 days of origination. Mortgage loans originated for Company employees are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collection or present other unfavorable features.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Company's executive officers and Directors and any beneficial owner of more than ten percent of the Company's Common Stock are required under Section 16(a) of the Securities Exchange Act of 1934, as amended, to file initial reports of ownership and reports of changes in ownership of Common Stock of the Company with the SEC, the NYSE and the Pacific Stock Exchange, Inc. Copies of those reports also must be furnished to the Company. Based solely upon a review of the copies of reports furnished to the Company and written representations that no other reports were required, the Company believes that during the year ended December 31, 2003, all such reports were filed on a timely basis.

SHAREOWNER PROPOSAL FOR A SUSTAINABILITY REPORT

Calvert Asset Management Company, Inc. (Calvert), 4550 Montgomery Avenue, Bethesda, MD 20814, through its Calvert Social Index Fund, holds 220 shares of Common Stock as of October 30, 2003 and has held 100 shares for at least one year. Calvert has given notice that it intends to present the resolution set forth below at the Meeting. Approval of the proposal requires the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote at the Meeting. The adoption of the proposal would only constitute a recommendation to the Board of Directors.

WHEREAS:

M.D.C. Holdings, Inc. has homebuilding operations that significantly affect a variety of stakeholders, including employees, shareholders, and local community members. The Company does not currently comprehensively disclose its social and environmental performance, however, and stakeholders do not have access to information on these vital issues.

There are significant long-term financial benefits to corporations that have high levels of transparency. For example, a recent study (Sibson Consulting and Spencer Stuart) found that companies with higher levels of disclosure on their governance practices have higher returns than less transparent companies. Likewise, an October 2002 study (Standard & Poors) concludes that markets pay a premium for companies that have higher levels of information disclosure. Social investors, the fastest growing class of investors, additionally find that social and environmental disclosure is material to overall financial value. Moreover, companies that do not disclose face the risk of being sued by their shareholders or fined by facing increased risks of penalties from regulatory bodies, for nondisclosure.

Table of Contents

Increased disclosure is becoming the corporate norm among larger corporations, and a growing population of institutional investors believes that increased disclosure is best captured in a sustainability report formatted in accordance with Global Reporting Initiative (GRI) guidelines. To date, 318 companies in 26 countries have used the Guidelines in shaping their sustainability reports.

GRI (www.globalreporting.org) is an international standard-setting organization with representatives from business, environmental, human-rights and labor communities. The GRI Sustainability Reporting Guidelines, created by the GRI, provide companies with (1) a set of reporting principles essential to producing a balanced and reasonable report and (2) guidance for report content, including performance against core indicators in six categories (direct economic impacts, environmental, labor practices and decent work conditions, human rights, society, and product responsibility).

The Guidelines provide a flexible system for sustainability reporting that permits a company to use an incremental approach where a company may omit some content requested by the Guidelines but base their reports on the GRI framework and incrementally improve report content coverage, transparency, and structure over time.

GRI reports can directly benefit a company by saving time and money in responding to dozens of questionnaires from social institutions and advisors, in addition to improving reputation, raising staff morale, and enhancing stakeholder relations. An analysis carried out by the Sustainability Development Reporting project revealed that the content of GRI guidelines covers more than 80% of the issues mentioned in the various questionnaires of the sustainability rating agencies.

BE IT RESOLVED, we request that M.D.C. Holdings, Inc. prepare a GRI-based sustainability report at a reasonable cost, which may exclude confidential information. This report shall be made available to shareholders and employees, 6 months after the company's 2004 annual general meeting of shareholders.

The Board of Directors recommends a vote AGAINST the shareowner proposal.

As we understand it, a sustainability report as called for by the shareowner proposal would review the Company's social and environmental performance, evaluating the Company's performance against various social, economic and environmental indicators.

We believe that a formal sustainability study, as proposed, would subject the Company to unwarranted expense and would not be in the best interests of the Company and its shareowners. It is our view that the social, economic and environmental performance of the Company is the province of experienced management, not something to be dictated by others or those who have developed outlines dictating what sustainability should address.

The Company conscientiously respects its responsibility to balance the economic priorities of the business with environmental concerns, customer preferences, and the social welfare of the communities it serves. While seeking to maintain a cost effective business and provide affordable, quality housing dedicated to maximizing shareowner value, the Company recognizes its duty to conduct its operations in a socially and environmentally acceptable manner. We believe that the Company is fulfilling these responsibilities and that the Company's current practices and procedures already address the issues concerning sustainability raised by the shareowner proposal.

The Company frequently reviews its practices and procedures to find better ways of accomplishing its mission. Best practices include updating building practices, which address improved methods of conserving water, energy and other natural resources. Customer preferences and environmental regulations require that we consider environmental factors while designing and building homes. The exercise of our judgment, in consultation with local government, architects, engineers and other third party professionals, is specific to our individual homes, communities and markets.

Table of Contents

Our Corporate Code of Conduct requires that we always respect the rights of, and deal fairly with not only our customers, suppliers and competitors, but also our employees. We are committed to providing a work environment that is free from all forms of discrimination and conduct that could be considered harassing, coercive or disruptive. We continue to implement various training programs for our employees that benefit both the Company and our work force.

The Company understands that its policies and practices are not designed to achieve only a business purpose, but must also meet its duty for social responsibility. The Company realizes that by meeting its social responsibilities, it assists in the achievement of its business purposes, because a homebuilder's reputation in the community is an essential factor in many home buyer decisions.

As a result, the Company believes that the proposed sustainability report would not be an effective use of corporate resources or in the best interests of the Company and its shareowners.

For the foregoing reasons, the Board of Directors recommends a vote AGAINST the shareowner proposal. The enclosed proxy card will be voted AGAINST the shareowner proposal unless you otherwise specify in the proxy card.

C. Review Results of the Annual Audit

The Committee shall review the Company's audited financial statements. The Committee shall discuss the financial statements and the results of the audit with the Company's external auditor and management, including disclosures under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Company's Form 10-K. The Committee shall recommend to the Board whether or not the audited financial statements should be included in the Company's Form 10-K.

Each external auditor that performs for the Company any audit required under the securities laws shall report, prior to the filing of the audit report with the SEC, to the Committee on: the critical policies and practices of the Company, all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, and all other material written communications between the Company's external auditor and management.

The Committee shall review management's disclosure as to the effectiveness of their controls and procedures, all significant deficiencies in the design or operation of the internal controls, and any fraud, whether material or not, involving management or other employees who have a significant role in internal controls.
