Report of Independent Registered Public Accounting Firm

Board of Directors  
M.D.C. Holdings, Inc.  
401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of M.D.C. Holdings, Inc. 401(k) Savings Plan as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in its net assets available for benefits for the year ended December 31, 2004, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2004 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**401(k) Savings Plan**  
**December 31, 2004**  
**Notes To Financial Statements**

**1. Description of Plan**

The following description of the M.D.C. Holdings, Inc. 401(k) Savings Plan (the Plan ) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan s provisions.

**General**

The Plan was adopted effective January 1, 1992 and amended several times, the most recent of which was effective January 1, 2004. The Plan is a defined contribution plan covering all eligible employees of M.D.C. Holdings, Inc. (the Company ) who have completed six months of employment, as defined, and are age 21 or older. The Plan was established under the provision of Section 401(a) of the Internal Revenue Code ( IRC ), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ( ERISA ). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

**Contributions**

Eligible participants may contribute an amount up to 100% of their pretax annual compensation as elected in their salary deferral agreements. Salary deferral agreements shall be made, terminated or changed according to procedures and limitation set up by the Plan Administrator and the Plan Document.

Deferral contributions shall not exceed certain limits as set forth by the IRC (\$13,000 in 2004 and \$12,000 in 2003). The Internal Revenue Service adjusts this limitation each year for the cost-of-living increases. Participants may change their contribution percentage throughout the year. A participant may cease making pre-tax contributions at any time.

In accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001, those employees age 50 or older are allowed additional catch up contributions of \$3,000 in 2004 and \$2,000 in 2003.

The Company may make matching contributions, in a discretionary amount to be determined by resolution of the Company s Board of Directors, on an annual basis. The Company may make a discretionary profit sharing contribution without regard to the current or accumulated net profits of the Company for the taxable year ending with, or within, the Plan year. The Company s matching and profit sharing contributions may be made in cash or in shares of M.D.C. Holdings, Inc. common stock. Total annual additions under the Plan and all other plans sponsored by the Company are limited to the lesser of \$40,000 or 100% of a participant s annual eligible compensation in 2004.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts are accepted as permitted by the Plan Document.

**1. Description of Plan (continued)**

**Participant Eligibility**

Employees of M.D.C. Holdings are eligible to participate in the Plan:

When they attain age 21

When they have completed 6 months of service

Who are not governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless such agreement expressly provides for participation in this Plan

Who are not certain non-resident aliens who have no earned income from sources within the United States

**Participant Accounts**

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, if any, Plan earnings and losses and rollover contributions. Plan earnings and losses are allocated by funds based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund.

**Forfeitures**

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees. Upon reaching the break-in-service, as defined in the Plan document, amounts forfeited by participants are added to any accumulated forfeitures in the Plan. Forfeitures are available to offset contributions or to pay Plan expenses, which would be otherwise payable by the Company, in accordance with the Plan document. Forfeited non-vested Company contributions in the amount of \$858,283 and \$644,504 are included as a component of net assets available for benefits as of December 31, 2004 and 2003, respectively. The December 31, 2004 forfeiture balance of \$858,283 was used to offset the 2004 Company contribution made in February 2005. During the 2004 Plan year, \$42,013 of forfeitures were utilized to offset administrative expenses as included in the Statement of Changes in Net Assets Available for Benefits. (Note 6).

**Vesting**

Participants are 100% vested in their deferral contributions, rollover contribution and the allocated earnings thereon. A participant's vested interest in the Company's matching contribution is based upon the participant's years of service as follows:

<b>Years of Service</b>	<b>Vested %</b>
Less than 2 years	0%
After 2 years	40%
After 3 years	60%
After 4 years	80%
After 5 years	100%

**Notes To Financial Statements**

**1. Description of Plan (continued)**

**Vesting (continued)**

However, a participant's vesting percentage in the Company's matching contributions shall be 100% if any of the following conditions are met:

1. The participant has died.
2. The participant reaches normal retirement age (age 65).
3. The participant has become totally and permanently disabled as defined by the Plan.

**Investment Options**

Upon enrollment in the Plan, a participant may direct contributions among any of the investment options offered by the Plan. Participants may change or transfer their investments at any time except that Company Insiders must comply with the Company's insider trading policy when changing or transferring an investment with respect to the MDC stock fund.

**Payment of Benefits**

A participant who has attained the age of 59 1/2, or has satisfied the terms for a financial hardship, may elect to commence distributions regardless of whether employed by the Company. The participant or beneficiary may elect to receive a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan Document.

**Expenses**

The Plan pays certain administrative expenses, which are incurred in connection with the Plan. These expenses totaled \$132,859 for the year ended December 31, 2004. The Company pays all other expenses of the Plan. (Note 6).

**Participant Loans**

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to the lesser of (1) \$50,000, reduced by (a) the applicant's highest outstanding loan balance from the Plan during the one-year period ending on the day before the loan is made and (b) the applicant's outstanding loan balance from the Plan on the day before the loan is made, or (2) 50% of the present value of the participant's non-forfeitable accrued benefit. Loan transactions are treated as a transfer between the investment fund and the loan fund. The loans are secured by the participant's account balance and bear interest at a fixed rate equal to the current prime rate plus 100 basis points at the date the application is approved. Interest rates on outstanding loans range from 5.0% to 10.5%. Principal and interest are paid ratably through monthly payroll deductions. Each participant may have only one loan outstanding at any time.

**2. Summary of Accounting Policies**

**Method of Accounting**

The Plan's financial statements are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investment portfolio, as detailed in the accompanying statements of net assets available for Plan benefits, is stated at fair market value. Participant notes receivable are valued at cost, which approximates fair value. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

The net change in fair value of investments (net realized and unrealized appreciation (depreciation) in value of investments and dividends earned) is reflected in the accompanying statement of changes in net assets available for plan benefits.

**Payment of Benefits**

Distributions of benefits are recorded when paid.

**3. Investments**

Custody of Plan Investments and the reporting thereof is managed through an agreement with The AMVESCAP National Trust Company ( AMVESCAP or Asset Custodian ). Participants are allowed to direct their contributions for investments in a variety of investments funds offered by AMVESCAP.

The fair market value of individual investments that represents 5% or more of the Plan 's total net assets as of December 31, 2004 and 2003 are separately identified as follows:

	<b>December 31,</b>	
	<b>2004</b>	<b>2003</b>
M.D.C. Holdings, Inc. Common Stock	\$ 37,502,364	\$ 25,629,591

**December 31, 2004**  
**Notes To Financial Statements**

**3. Investments (continued)**

- \* Investment was not held during the year.
- \*\* Below 5%.

During 2004, the Plan's investments (including investments purchased and sold as well as held during the year) appreciated (depreciated) in fair value as follows:

	<b>Year Ended December 31, 2004</b>
Common stock	\$ 13,003,647
Collective trust	1,042,578
Mutual funds	2,967,929
	<b>\$ 17,014,154</b>

**4. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**5. Income Taxes**

The Company adopted a standardized plan designed by AMVESCAP. This Plan has received a determination letter from the Internal Revenue Service dated August 2, 1995, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. However, the plan administrator believes the plan document continues to qualify in form. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Employee contributions to the Plan are made from pre-tax earnings, as permitted by Section 401(k) of the IRC, and are subject to federal income taxes when distributed. Earnings from the Plan's investments are not taxable to the participants until partial or complete distribution of earnings is made.

**401(k) Savings Plan**  
**December 31, 2004**  
**Notes To Financial Statements**

**6. Related Party Transactions**

Certain Plan investments are shares of collective trust managed by AMVESCAP. AMVESCAP is the asset custodian, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest.

The Plan invests in common stock of the Plan Sponsor, M.D.C. Holdings, Inc.

The Company incurs various audit and legal expenses on behalf of the Plan, which amounted to \$42,013 for the year ended December 31, 2004. These expenses were paid with forfeitures from the Plan. (Note 1)

**7. Concentration of Credit Risk**

The Plan is required by Statement of Financial Accounting Standards No. 105, Disclosures of Information About Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk, to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2004 and 2003, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consist principally of cash, investments and participant loans.

The Plan provides for various investment options in common stock, collective trust and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts presented in the statements of net assets available for benefits.

The cash relates to money held in a unitized fund that maintains the Company stock.

The participant loans are secured by the participant's account balance and the Plan considers risk to be minimal since the loans are fully collateralized by the borrower's account in the Plan.
