**DIGIMARC CORPORATION
PROXY STATEMENT FOR 2003 ANNUAL MEETING OF STOCKHOLDERS**

General Information

This Proxy Statement is being furnished to the stockholders of Digimarc Corporation (the "Company" or "Digimarc" or "we" or "our"), a Delaware corporation, on or about April 10, 2003, in connection with the solicitation by the Company through its Board of Directors (the "Board of Directors") of proxies for use in voting at the Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held on Thursday, May 22, 2003, at 12:30 p.m., local time, at the Le Meridien Hotel, located at 250 Franklin Street, Boston, Massachusetts, 02110, and any adjournment or postponement thereof. The shares represented by the proxies received, properly marked, dated, executed and not revoked will be voted at the Annual Meeting by the proxies elected thereby.

The close of business on March 24, 2003 has been fixed as the record date (the "Record Date") for determining the holders of shares of the Company's common stock, \$0.001 par value per share ("Common Stock"), entitled to notice of, and to vote at, the Annual Meeting. As of the close of business on the Record Date, there were 17,700,635 shares of Common Stock outstanding and entitled to vote at the Annual Meeting.

Each outstanding share of Common Stock on the Record Date is entitled to one vote on all matters. The required quorum for the Annual Meeting is a majority of the shares outstanding, present either in person or by proxy, on the Record Date. There must be a quorum for the Annual Meeting to be held. Our Inspector of Elections will tabulate votes cast in person at the Annual Meeting.

Revocability of Proxy

You may revoke your proxy and change your vote at any time prior to voting at the Annual Meeting by:

delivering to the Company (to the attention of Robert P. Chamness, the Company's Secretary) a written notice of revocation or a duly executed proxy bearing a later date; or

attending the Annual Meeting and voting in person.

Solicitation

The cost of soliciting proxies will be borne by the Company. Besides this solicitation by mail, our directors, officers and other employees may solicit proxies. Such persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse such persons and our transfer agent for their reasonable out-of-pocket expenses in forwarding such material. We may also retain the services of a proxy solicitation, information agent and/or mailing service to perform the broker nominee search and to distribute proxy materials to banks, brokers, nominees and intermediaries, for which the Company would not pay more than \$10,000.

Voting Procedures

Directors are elected by a plurality of the votes cast, provided a majority of the shares of Common Stock are present or represented and entitled to vote at the Annual Meeting.

The approval of the ratification of the independent auditors of the Company for the fiscal year ending December 31, 2003 will require the affirmative vote of a majority of the shares of Common Stock present or represented and entitled to vote at the Annual Meeting.

Abstentions are shares that abstain from voting on a particular matter. Under the General Corporation Law of the State of Delaware, abstentions effectively count as being present for purposes of determining whether a quorum of shares is present at a meeting.

Edgar Filing: DIGIMARC CORP - Form DEF 14A

Abstentions have no effect on Proposal No. 1. Because abstentions will be included in tabulations of the shares entitled to vote for purposes of determining whether a proposal has been approved, abstentions have the same effect as negative votes on Proposal No. 2.

Broker non-votes are shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter. Under the General Corporation Law of the State of Delaware, broker non-votes effectively count as being present for purposes of determining whether a quorum of shares is present at a meeting. Broker non-votes have no effect on Proposal No. 1 or Proposal No. 2.

Principal Executive Offices of Digimarc

Digimarc's principal executive offices are located at 19801 SW 72nd Avenue, Suite 250, Tualatin, Oregon 97062.

ELECTION OF DIRECTORS (Proposal No. 1)

At the Annual Meeting, three directors are to be elected to serve for a term of three years and until their successors are elected and qualified, or until the death, resignation or removal of such director. Proxies will be voted for the election of each of the nominees named below as director unless the authority to vote for the nominee is withheld. Mr. Krepick, Mr. van Luijt, and Mr. Roth have indicated that each one is able and willing to serve if elected. In the event, however, that any nominee is unable or declines to serve as director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current board to fill the vacancy. If Mr. Krepick, Mr. van Luijt, or Mr. Roth should become unavailable prior to the election, the Board of Directors may recommend another person, and Bruce Davis and E.K. Ranjit, in their capacity as proxy holders, will vote for such person.

Our Bylaws authorize the number of directors to be not less than five and not more than eleven. The number of directors is currently fixed at nine. Employment Arrangements

In July 1999, we adopted a policy regarding the vesting of stock options, including prior grants, for all existing officers at such date. This policy was amended in January 2000 to include all our officers. All shares subject to their options that have not vested will immediately vest if the following two conditions are met:

we merge with another company and there is a change of control of the Company or we sell substantially all of our assets to another company; and

any officer's employment is terminated, or constructively terminated, within twelve months thereafter.

Other than the agreement with Bruce Davis referenced below, there are no employment contracts between named executive officers and the Company.

Pursuant to an employment agreement, effective as of July 16, 2001, the Company and Bruce Davis memorialized Mr. Davis's employment with the Company as its full-time Chief Executive Officer. Accordingly, we have agreed that Mr. Davis will be paid a salary of not less than \$300,000 per year and an annual performance bonus of up to 50% of Mr. Davis's base salary per year. Mr. Davis also will receive vacation and other fringe benefits as are generally provided to other executive officers of the Company. Digimarc will grant additional stock options to Mr. Davis consistent with general market practices for similarly situated executive officers. As long as Mr. Davis serves as our Chief Executive Officer, it is the intention of the Company that he will be nominated to serve as a director and as Chairman of the Board of Directors of the Company. We have agreed to an initial term of the employment agreement from July 16, 2001 to December 31, 2002, automatically renewing for successive two-year periods unless terminated by written notice received at least one year prior to any scheduled termination. If Digimarc terminates Mr. Davis's employment without cause or if Mr. Davis terminates his employment due to an adverse change in conditions of his employment, Mr. Davis's stock options will immediately and fully vest and Digimarc will be obligated to continue to pay Mr. Davis his salary and bonus and to provide continued benefits for Mr. Davis and his dependents for two years from the date of termination. In addition, in consideration for the Company's making the post-termination payments described above, Mr. Davis has agreed to certain non-competition and non-solicitation obligations to the Company.

Stock Options

The following table sets forth certain information with respect to stock options granted during the year ended December 31, 2002 to each of the Named Executive Officers. In accordance with the rules of the Securities and Exchange Commission, also shown below is the potential realizable value over the term of the options (the period from the grant date to the expiration date) based on assumed rates of stock appreciation of 5% and 10%, compounded annually. These amounts are based on certain assumed rates of appreciation and do not represent the Company's

Edgar Filing: DIGIMARC CORP - Form DEF 14A

estimate of future stock price. Actual gains, if any, on stock option exercises will be dependent on the future performance of the

12

Company's Common Stock and overall stock market conditions. There can be no assurance that the amounts reflected in this table will be achieved.

Aggregate Option Exercises in Last Fiscal Year and Fiscal Year-End Values

The following table provides summary information, as to the Named Executive Officers, concerning stock options exercised during 2002 and the number of shares subject to both exercisable and unexercisable stock options as of December 31, 2002.

Name	Shares Acquired on Exercise(#)	Value Realized\$(1)	Number of Securities Underlying Options at Fiscal Year-End(#)		Value of Unexercised In-the-Money Options at Fiscal Year-End\$(2)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Bruce Davis	159,631	\$ 2,233,217	407,076	598,393	\$ 168,120	\$ 466,154

John Munday	0	0	29,036	120,964	\$ 6,420	\$ 43,179

- (1) The value realized upon the exercise of the stock options is equal to the fair market value of the purchased shares on the option exercise date less the exercise price paid.
- (2) The value of unexercised "in-the-money" options is calculated based on the closing price of our Common Stock on The Nasdaq National Market on December 31, 2002, which was \$11.34 per share. Amounts reflected are based on the aggregate assumed value minus the aggregate exercise price for each optionee's options and do not necessarily indicate that the optionee sold such shares.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended (the "Securities Act"), or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that might incorporate future filings, including this Proxy Statement, in whole or in part, the following report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such report be incorporated by reference into any such filings, nor shall the following report be deemed to be incorporated by reference into any future filings under the Securities Act or the Exchange Act.

We have a compensation committee of the Board of Directors (the Compensation Committee) which has the authority and responsibility to approve the overall compensation strategy, administer our annual and long-term compensation plans, and review and make recommendations to the Board of Directors with respect to executive compensation. The Compensation Committee is comprised of independent, non-employee board of director members.

General Compensation Policy

The Compensation Committee's overall policy is to offer our executive officers competitive compensation opportunities. The Compensation Committee utilizes competitive data and summaries provided by an outside consultant to develop compensation recommendations competitive with other companies in the software and broad high technology industry. The Compensation Committee's objectives are to:

create a performance oriented environment with variable compensation based upon the achievement of annual and longer-term business results;

focus management on maximizing stockholder value through stock-based compensation aligned to stockholders' return; and

provide compensation opportunities dependent upon the Company's performance relative to its competitors and changes in its own performance over time.

The Compensation Committee is authorized to establish and maintain compensation guidelines for salaries and merit pay increases throughout the Company. The Compensation Committee also makes specific recommendations to the Board of Directors concerning the compensation of our executive officers, including the Chief Executive Officer. The Compensation Committee also administers our 1995 Stock Incentive Plan, as amended, our Restated 1999 Stock Incentive Plan, as amended and restated, and our 1999 Employee Stock Purchase Plan, as amended and restated.

Factors

The primary factors considered in establishing the components of each executive officer's compensation package for the year ended December 31, 2002 are summarized below. The Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Base Salary. The base salary for each officer is set on the basis of personal performance, the salary levels in effect for comparable positions with other companies in the industry, and internal comparability considerations. Digimarc targets a 50th percentile base salary market position for executive officers. The market is defined as business and labor market competitors of similar size and complexity in the software

and broad high technology industry. On average, executive officer base salaries are 98% of market 50th percentile.

Annual Incentive Compensation. For the year ended December 31, 2002, specific financial and organizational objectives, including revenue and orders targets, were established as the basis for the incentive bonuses to be paid to the executive officers of the Company.

Under the supervision of the Compensation Committee, the Company has established an incentive program for executive and corporate officers pursuant to which cash bonuses are payable to such executives. These executives are responsible for establishing strategic direction or are responsible for major functional or operating units and have an impact on bottom-line results. The Company has tied executive compensation to the achievement of Company goals, putting a substantial portion of executive compensation at risk. For 2002, the performance measures were based on the achievement of the Company's earnings per share goal, revenue growth and other specific financial and operational objectives for business unit participants, as well as measures directly tied to stockholder value creation. Each element of the performance expectations and the target incentive amounts are established at the start of the year for each executive, stated as a dollar amount, and adjusted from time to time if warranted by changes in external circumstances. Final payout is calculated based upon the results attained relative to the preset performance targets. If performance is below the threshold amount established, the payout is reduced accordingly. If the targeted results and Company goals are attained, the target incentive amounts are payable.

The amounts shown on the Summary Compensation Table in this Proxy Statement reflect the amounts paid under the guidelines stated above.

Long-Term Stock-Based Incentive Compensation. Generally, the Compensation Committee awards stock options to each of our executive officers following their initial hiring and from time to time thereafter. The option grants are designed to align the interests of the executive officer with those of the stockholders and to provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business.

Generally, the size of the option grant made to each executive officer is set at a level which the Compensation Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, but the Compensation Committee also takes into account comparable awards to individuals in similar positions in the industry, as reflected in external surveys, the individual's potential for future responsibility and promotion, the individual's performance in recent periods and the number of unvested options held by the individual at the time of the grant. The relative weight given to each of these factors will vary from individual to individual in the Compensation Committee's discretion. Each of Mr. Davis, Mr. Chamness, Mr. Gifford, Mr. Paul, Mr. Ranjit, Mr. Rhoads, Mr. Carr, Mr. Stager, Mr. Applegate, Mr. Conwell, Mr. Perry and Mr. Munday received stock option grants in 2002.

Each grant allows the executive officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to 10 years). The option will generally become exercisable in installments over a four-year period, contingent upon the executive officer's continued employment with the Company. The options granted on December 12, 2002 will become exercisable in installments over a two-year period. Accordingly, the option will provide a return to the executive officer only if he remains in the Company's employ, and then only if the market price of the Company's Common Stock appreciates over the option term.

CEO Compensation

The Compensation Committee utilized the services of an outside consulting firm to assist them in determining Mr. Davis's compensation for 2002. Mr. Davis's base salary and bonus target for 2002 were set near the median range for the industry when compared with those of executives holding similar positions with other companies in the technology industries that are similar to Digimarc. Mr. Davis also received a bonus of \$75,600 and stock options to purchase 250,000 shares of Common Stock in 2002.

The Compensation Committee established the Chief Executive Officer's 2002 salary and target bonus levels in December 2001 and reviewed and reevaluated his compensation quarterly. Consistent with the annual compensation analysis described above, the Compensation Committee increased the base salary of Mr. Davis to \$315,000, effective January 1, 2002, and set his target bonus percentage at 60% of his base salary, or \$189,000. The portion of the target bonus earned was to be based solely on corporate revenue and operating profit and the accomplishment of documented objectives. The Compensation Committee approved partial payments of Mr. Davis's target bonuses for the

Edgar Filing: DIGIMARC CORP - Form DEF 14A

second and third quarters, but there were no payments for the first or fourth quarters based on corporate results.

The Compensation Committee awarded long-term compensation to Mr. Davis in the form of options for 50,000 shares of Common Stock in June 2002 and for 200,000 shares of Common Stock in December 2002 as part of the annual option grant process described above. The size of the grant was based on Mr. Davis's relative position, responsibilities and performance as well as his anticipated responsibilities and potential contributions to growth in shareholder value. These options vest as described above.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly held companies for compensation exceeding \$1 million paid to certain executive officers. The limitation applies only to compensation that is not considered to be performance-based. The non-performance-based compensation paid to our executive officers in 2002 did not exceed the \$1 million limit per executive officer.

The compensation committee is aware of the limitations imposed by Section 162(m), and its exemptions, and will address the issue of deductibility when and if circumstances warrant.

Submitted by the compensation committee of the Company's Board of Directors:

The following is a description of the material features of the Company's equity compensation plan that was not approved by the Company's stockholders:

2000 Non-Officer Employee Stock Incentive Plan

The Company's Board of Directors adopted the 2000 Non-Officer Employee Stock Incentive Plan (the "Non-Officer Plan") in June 2000. A maximum of 275,000 shares of Common Stock is available for issuance under the Non-Officer Plan. The Board of Directors, or a committee designated by the Board of Directors, shall act as the plan administrator for the Non-Officer Plan. The Board of Directors may also authorize one or more officers to grant awards of non-qualified stock options under the Non-Officer Plan and may limit such authority as the Board of Directors determines from time to time. The plan administrator shall determine the provisions, terms and conditions of each award of non-qualified stock options under the Non-Officer Plan, including without limitation vesting of such options. The plan administrator also has the authority, among other things, to select employees to

whom awards of non-qualified stock options under the Non-Officer Plan may be granted from time to time, to determine whether and to what extent such awards are granted, and to construe and interpret the terms of the Non-Officer Plan and awards of non-qualified stock options granted pursuant to the Non-Officer Plan. Options currently may be granted under the Non-Officer Plan to employees of the Company and any parent or subsidiary of the Company. Officers and directors may not be granted options under the Non-Officer Plan. The term of each option shall be stated in the applicable option agreement. The exercise price per share of Common Stock for an option shall be not less than fifty percent of the fair market value per share on the date of grant unless otherwise determined by the plan administrator. An option may include a provision whereby the participant may elect to exercise any part or all of the option prior to vesting of the option. Any unvested shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or any other restriction the plan administrator determines to be appropriate. Options are transferable in the manner and to the extent determined by the plan administrator. A participant may not exercise an option after the termination of the participant's employment, director or consulting relationship with the Company or any parent or subsidiary of the Company, except to the extent specified in the applicable option agreement. Where the option agreement permits the exercise of the option following termination of the participant's employment or other service relationship with the Company or any parent or subsidiary of the Company, the option shall terminate to the extent not exercised on the last day of the specified period or the last day of the term of the option, whichever occurs first. The Non-Officer Plan will continue for a term of ten years from the date of adoption unless sooner terminated. The Board of Directors may amend, suspend or terminate the Non-Officer Plan at any time without approval of the stockholders, except as required by law. However, amendment, suspension or termination of the Non-Officer Plan may not alter or impair any option previously granted under the Non-Officer Plan, unless otherwise mutually agreed in writing between an affected participant and the Company. No option may be granted during any suspension of or after termination of the Non-Officer Plan.

each person or entity known by us to own beneficially more than five percent of our Common Stock;

our chief executive officer, each of the other Named Executive Officers and each of our directors; and

all of our executive officers and directors as a group.

The beneficial ownership is calculated based on 17,664,966 shares of our Common Stock outstanding as of March 1, 2003. Unless otherwise indicated, each person or entity named in the table has sole voting power and investment power, or shares voting and investment power with his or her spouse, with respect to all shares of capital stock listed as owned by that person. These registration rights are subject to conditions and limitations, among them the right of the underwriters of an offering to limit the number of shares included in the registration. We have agreed to indemnify each of Macrovision and Philips of these registration rights, and each of Macrovision and Philips has agreed to indemnify us, against liabilities under the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, or other applicable federal or state law.

Transactions in Connection with Directors and Executive Officers

Under Section 145 of the General Corporation Law of the State of Delaware, the Company has broad powers to indemnify its directors and officers against liabilities they may incur in such capacities, including liabilities under the Securities Act of 1933, as amended. Section 7 of the Company's Second Amended and Restated Certificate of Incorporation, as amended, provides that, to the fullest extent permitted by Delaware statutory or decisional law, as amended or interpreted, no directors of the Company shall be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director. Article IX of the Company's Amended and Restated Bylaws also provides for mandatory indemnification of its directors, officers, employees and agents to the fullest extent permissible under General Corporation Law of the State of Delaware. Delaware law provides that directors of a company will not be personally liable to the company or its stockholders for monetary damages for breach of their fiduciary duties as directors, except liability for (a) any breach of their duty of loyalty to the company or its stockholders, (b) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (c) unlawful payments of dividends or unlawful stock repurchases or redemptions or (d) any transaction from which the directors derived an improper personal benefit. The Amended and Restated Bylaws further provide that such right of indemnification shall continue as to a person who has ceased to be a director, officer, employee or agent of the Company. Responsibility for determinations with respect to such indemnification will be made by the Company's Board of Directors.

The Company has entered into an agreement with each of its directors and executive officers that requires the Company to indemnify such persons against any expense, liability or loss, including attorneys' fees, judgments, fines, ERISA excise taxes and penalties, amounts paid or to be paid in settlement, any interest, assessments or other charges imposed thereon, and any federal state, local or foreign taxes imposed as a result of the actual or deemed receipt of any payment under such agreement, paid or incurred in connection with investigating, defending, being a witness in, or participating in, or preparing for any of the foregoing in, any proceeding relating to any event or occurrence by reason of the fact that such person is or was a director or officer of the Company, or is or was serving at the request of the Company in certain capacities. The indemnification agreements also set forth certain procedures that will apply in the event of a claim for indemnification thereunder.

23

The Company also has obtained a policy of directors' and officers' liability insurance that insures the Company's directors and officers against the cost of defense, settlement or payment of a judgment under certain circumstances.

All future transactions between the Company and its officers, directors, principal stockholders and affiliates will be approved by a majority of a committee of the Board of Directors, including a majority of the disinterested non-employee directors on the Board of Directors, and will be on terms no less favorable to the Company than could be obtained from unaffiliated third parties.

The Company amended its existing license agreements with Koninklijke Philips Electronics N.V. in October 2002. Koninklijke Philips Electronics N.V. beneficially owns more than five percent of the Company's Common Stock. At the time of this transaction, Alty van Luijt was both a director of Digimarc and the senior vice president for strategy and business development with Philips Corporate Research, a unit of Koninklijke Philips Electronics N.V. The amendments to the license agreement were reviewed and approved by an independent committee of disinterested non-employee directors of the Company and were determined to be fair and commercially reasonable as to their terms and conditions and to be in the best interests of the Company.

Digimarc and Indraneel Paul, one of our executive officers, are parties to two loans in connection with Mr. Paul's relocation to facilities located in Massachusetts. With regard to such loans, the first loan was entered into on July 1, 2002, is in the principal amount of \$100,000, has an interest rate of 6.75 percent per year, and is not due and payable to the Company until June 30, 2006. At maturity, the principal amount, plus interest, shall be \$130,897.38. The largest aggregate amount outstanding under such loan was \$105,177.91 as of as of March 31, 2003. With regard to the second loan, repayment of the principal amount of \$260,000, and interest at a rate of 4.99 percent per year, will be forgiven on a pro-rata basis over a term of four years from July 1, 2002 provided Mr. Paul remains our full-time employee. In addition, cash payments will be made to Mr. Paul to help offset state and federal taxes associated with the forgiveness of the loan. The loan will be forgiven in full if Mr. Paul is terminated for any reason other than "just cause," provided, however, that if Mr. Paul voluntarily leaves his employment for any reason, or if Mr. Paul is terminated "for cause," then the outstanding balance of the loan shall accelerate and he will be responsible for paying the outstanding principal balance, plus any interest that is accrued and unpaid, in full within 90 days of the date of his departure. As of December 31, 2002, \$35,919 had been forgiven to Mr. Paul and \$17,932 paid to Mr. Paul to help offset state and federal taxes pursuant to such loan. The largest
