Senior Convertible Notes due 2022

This document supplements the prospectus dated July 29, 2002, as amended and supplemented from time to time, relating to the resale by the holders of Senior Convertible Notes due April 16, 2022 and the shares of our common stock into which the notes are convertible.

This prospectus supplement is incorporated by reference into, and should be read in conjunction with, the prospectus dated July 29, 2002, including any amendments or supplements to it. This prospectus supplement is not complete without, and may not be delivered or utilized except in connection with, the prospectus, including any amendments or supplements to it.

The following table sets forth information as of April 11, 2003, with respect to the selling security holders and the principal amounts of notes beneficially owned by each selling security holder that may be offered under the prospectus. This information is based on information provided by or on behalf of the selling security holders pursuant to questionnaires they have sent to us. No holder of the notes may sell the notes or shares without furnishing to us a questionnaire setting forth the information specified below.

The selling security holders may offer all, some or none of the notes or common stock into which the notes are convertible. In addition, the selling security holders may have sold, transferred or otherwise disposed of all or a portion of their notes since the date on which they provided the information regarding their notes in transactions exempt from the registration requirements of the Securities Act. No selling security holder beneficially owns one percent or more of our common stock assuming conversion of the selling security holders' notes, except as otherwise indicated in the table below.

Information concerning the selling security holders may change from time to time, and any changed information will be set forth in additional supplements to the prospectus if and when necessary. In addition, the conversion rate and, therefore, the number of shares of common stock issuable upon conversion of the notes, is subject to adjustment under certain circumstances.

The table of selling security holders contained on pages 47-51 of the prospectus dated July 29, 2002 is hereby amended and replaced by the table set forth below.
