PRESS RELEASE

Date 14 November 2003
Number 014

Not for release, publication or distribution, in whole or in part, in or into the United States, Canada or Japan.

This announcement does not constitute an offer of Buhrmann securities. Any such offer will be made solely on the basis of the information contained in the Offer Document and Prospectus.

BUHRMANN OPTIMIZES DEBT PORTFOLIO THROUGH NEW BANK FACILITY AND CONVERTIBLE BONDS

The existing credit facility is being replaced by:

A Senior secured credit facility of up to EUR 880 million, and

Convertible subordinated bonds of approximately EUR 110 million.

Buhrmann has strengthened its financing structure by adjusting the interest and maturity profile of its debt. This was achieved by obtaining a fully underwritten 7-year senior secured credit facility of EUR 880 million. This new credit facility will be used to replace the existing facility. In addition, Buhrmann will issue convertible subordinated bonds of approximately EUR 110 million ("Convertible Bonds"), which will reduce the amount of the new credit facility. This new overall financing package provides the flexibility to potentially refinance the outstanding USD 350 million 12.25% Senior Subordinated Notes due 2009, which are redeemable as from 1 November 2004.

Buhrmann's positive available cash flow and the proceeds from the sale of the Paper Merchanting Division have been used to reduce the Group's debt significantly. Through this new refinancing initiative, Buhrmann aims to achieve a better balanced capital structure. The current refinancing initiative strengthens the base from which the Group can capitalise on its position as a focused, leading business-to-business distributor of office products and graphic systems.

Details of new credit facility

The new senior credit facility consists of:

- a revolving credit facility of approximately EUR 320 million, maturing December 2008;
- an amortising term loan A of approximately EUR 200 million, maturing December 2010; and
- a term loan B of approximately EUR 360 million, maturing December 2010.

Deutsche Bank and ABN Amro have underwritten the new credit facility subject to the usual conditions and are acting as Joint Bookrunners.

Details of Convertible Bonds

The Convertible Bonds will be issued by Buhrmann N.V. and will be guaranteed by certain subsidiaries of the Group, in each case on a unsecured subordinated basis. The coupon is expected to be within the 2.00% to 2.50% range and a conversion price range of EUR 8.0 to EUR 8.40. The issue and redemption prices are set at 100 percent. The Convertible Bonds are to mature in 7 years, with Buhrmann having the right to call the Convertible Bonds at par from July 2008, subject to a 150% trigger. The shares underlying the issue and the "greenshoe" will represent, in aggregate, up to approximately 13.6 million shares of Buhrmann or up to 10% of the outstanding share capital. Deutsche Bank is acting as Sole Bookrunner for the offering.

Edgar Filing: BUHRMANN NV - Form 6-K

Application will be made to list the Convertible Bonds on Euronext Amsterdam N.V. in December 2003. Prior to such listing, Buhrmann will publish an offering circular in order to meet the listing requirements. The Convertible Bonds will be placed solely with institutional investors outside the US, Canada and Japan in reliance on Regulation S.

Charges in fourth quarter P&L related to this refinancing

Capitalised financing fees related to the existing facility are to be written off, which will lead to an exceptional (non-cash) interest charge of EUR 26 million. In addition, project expenses of about EUR 5 million are incurred.
