ANNUAL MEETING AND PROXY SOLICITATION INFORMATION

General Information

This Proxy Statement is furnished to the stockholders of American Equity Investment Life Holding Company, 5000 Westown Parkway, Suite 440, West Des Moines, Iowa 50266 (referred to in this Proxy Statement as the "Company" or as "we," "our" or "us"), in connection with the solicitation of proxies by the Board of Directors for use at the Annual Meeting of Stockholders to be held on June 10, 2004, at the time and place shown in the Notice of Annual Meeting of Stockholders, and at any adjournment thereof.

We will bear all expenses in connection with this solicitation. Proxies may be solicited by the Board of Directors or management personally, by telephone or by facsimile.

This Proxy Statement is first being mailed on or about April 27, 2004.

Voting Rights

Only stockholders of record as of the close of business on April 7, 2004, will be entitled to the notice of and to vote at the meeting. We have a single class of voting common stock, \$1 par value per share ("Common Stock"), of which 36,099,035 shares were outstanding and entitled to vote on such date. Each share is entitled to one vote.

Shares present in person or represented by proxy at the meeting will be tabulated for determination of whether or not a quorum is present. A quorum will be present if a majority of the votes entitled to be cast on a matter are represented for any purpose at the meeting. Votes withheld for any Director and abstentions represented at the meeting will be counted for quorum purposes, but will not be counted as votes cast with respect to any other matter to come before the meeting and will not affect the outcome of any other matter. Votes will be tabulated under the supervision of EquiServe, Inc., which has been designated by the Board of Directors to act as inspector of the election.

If your shares of Common Stock are held in the name of a bank, broker or other holder of record, you will receive instructions from that holder of record that you must follow in order for your shares to be voted at the Annual Meeting. Contact your bank, broker or other holder of record directly if you have any questions.

If you plan to attend the meeting and vote in person, we will give you a ballot when you arrive. If your shares of Common Stock are not registered in your own name, and you plan to attend the Annual Meeting and vote your shares in person, you will need to contact the broker or agent in whose name your shares are registered to obtain a broker's proxy card and bring it with you to the Annual Meeting.

Voting

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

"FOR" the election of the four nominees for Directors; and

"FOR" the ratification of the appointment of Ernst & Young LLP as our independent auditors for 2004.

If any other matter is presented at the Annual Meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement went to press, we knew of no matters to be addressed at the Annual Meeting beyond those described in this proxy statement.

2

As an alternative to voting by using the enclosed proxy card, if you are a registered shareholder (that is, you own shares of Common Stock in your own name and not through a broker, nominee or in some other "street name"), you may vote by telephone or Internet. Please see the enclosed proxy card for instructions on how to access the telephone and Internet voting systems. If you hold your shares in "street name," your broker or other nominee will advise you whether you may vote by telephone or through the Internet as an alternative to voting by using the enclosed proxy card.

When voting using any of these methods, as to the election of Directors, you may (a) vote for all of the Director nominees as a group, (b) vote for all of the Director nominees as a group, except those nominees whose names you specify or (c) withhold your vote from all nominees as group. As to the other proposal, you may vote "for" or "against" the item or "abstain" from voting.

A proxy may be revoked at any time prior to its use. Such revocation may be made in person at the Annual Meeting, by a notice in writing delivered to the Corporate Secretary of the Company, by voting by telephone or over the Internet at a later date or by a proxy bearing a later date.

The Board of Directors urges you to exercise your right to vote by returning the enclosed proxy card, by using the telephone or through the Internet.

Proposal 2 Appointment of Independent Auditors

The Audit Committee has appointed Ernst & Young LLP as our independent auditors for the year 2004. Ernst & Young LLP has served as our independent auditors since the Company was formed in 1995. The Board seeks to have the shareholders ratify the appointment of Ernst & Young LLP. If the appointment of Ernst & Young LLP is not ratified by our stockholders, our Audit Committee will investigate the reasons for the stockholder rejection and will consider approving other independent auditors.

Fees paid to Ernst & Young LLP during the last two fiscal years were:

	2003	2002
Audit fees	\$ 613,913	\$ 645,847
Audit related fees	21,775	36,760
Tax fees	12,205	26,160
All other fees	29,677	
Total	\$ 677,570	\$ 708,767

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

Fees for audit services include fees associated with the annual audit, the reviews of our quarterly reports on Form 10-Q and statutory audits required by regulatory authorities. Audit-related services principally include accounting consultations and audits of our employee benefit plan. Fees for tax services include corporate tax advice and planning. In 2003, fees for all other services principally related to a study of senior management compensation.

Our policy is that all fees for services provided by our independent auditors must be approved in advance by the Audit Committee. In addition, the Audit Committee reviews with Ernst & Young LLP, whether the non-audit services to be provided are compatible with maintaining their independence. Permissible non-audit services are usually limited to fees for tax services, accounting assistance or audits in connection with acquisitions and other services specifically related to accounting or audit matters such as audits of employee benefit plans. These policies were adopted in compliance with SOX, and rules adopted by the Securities and Exchange Commission ("SEC") thereunder.

The Audit Committee is responsible for the appointment, retention, compensation and oversight of the independent auditors. The Audit Committee has adopted policies and procedures for pre-approving services (audit and non-audit) performed by the independent auditors. In accordance with such policies and procedures, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent auditors in order to assure that the provision of such services do not impair the auditors' independence. These services may include audit services, audit-related services, tax services and other services. Unless a type of service to be provided by the independent auditors has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee specific pre-approval authority provided that the estimated fee for any such engagement does not exceed \$25,000. The Chairman of the Audit Committee must report, for information purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. Requests or applications to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent auditors and our Chief Financial Officer and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

Representatives of Ernst & Young LLP will be present at the meeting and will be available to respond to questions.

The Board of Directors unanimously recommends that you vote FOR the ratification of the appointment of Ernst & Young LLP as our independent auditors.

Information Regarding the Company's Process for Identifying Director Nominees

The Company is committed to having a Board of Directors comprised of individuals who are accomplished in their fields, have the ability to make meaningful contributions to the Board's oversight of the business and affairs of the Company and have an impeccable record and reputation for honest

and ethical conduct. The Nominating and Corporate Governance Committee will consider candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating and Corporate Governance Committee will take into consideration the needs of the Board and the qualifications of the candidate. The Nominating and Corporate Governance Committee may also take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held.

To have a candidate considered by the Nominating and Corporate Governance Committee, a shareholder must submit the recommendation in writing and in accordance with the requirements of our Amended and Restated Bylaws.

The Nominating and Corporate Governance Committee may apply several criteria in identifying nominees. At a minimum, the Committee shall consider (i) whether each such nominee has demonstrated, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of our business and affairs and (ii) the nominee's reputation for honesty and ethical conduct in his or her personal and professional activities. Additional factors which the Committee may consider include a candidate's specific experiences and skills, relevant industry background and knowledge, time availability in light of other commitments, age, potential conflicts of interest, material relationships with us and independence from management and us. The Nominating and Corporate Governance Committee also may seek to have the Board represent a diversity of backgrounds and experience.

Audit Committee Report

The Audit Committee of the Board of Directors (the "Committee") oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the Company's financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the Company's audited financial statements for the year ended December 31, 2003 in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

In addition, the Committee reviewed with the Company's independent auditors, who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles, their judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as amended by Statement on Auditing Standards No. 90, *Audit Committee Communications*. The Committee also has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and reviewed and approved the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their evaluations of the Company's systems of internal controls, and the overall quality of the Company's financial reporting. The Committee, or its Chairman, meets with the independent auditors and management prior to the release of Company financial information or the filing of any such information with the Securities and Exchange Commission (the "Commission").

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the year 2004.

Compensation Committee Report

The Compensation Committee of the Board of Directors evaluates the job performance of Mr. Noble as President and CEO and makes recommendations to the Board of Directors as to the amount and form of his compensation. The Compensation Committee also makes recommendations regarding the compensation plans for others of our senior officers, and administers our equity-based incentive plans, which includes approving grants of stock options under the 2000 Employee Stock Option Plan.

Our compensation programs are designed to:

attract and retain highly qualified and motivated executive officers and employees;

encourage and reward achievement of our annual and long-term goals; and

encourage executive officers and employees to become stockholders with interests aligned with those of other stockholders.

Our executive compensation program includes base pay, discretionary annual cash bonuses, and long-term incentive opportunities through the use of stock options. Section 162(m) of the Internal Revenue Code limits deductible compensation to \$1 million per individual, with the exception of "performance-based compensation." All options granted to our CEO and other executive officers qualify for this exclusion. It is not anticipated that any executive officer will be paid more than \$1 million (excluding "performance-based compensation") and accordingly, all amounts paid as executive compensation should be deductible for federal income tax purposes.

Mr. Noble has elected to receive an annual base salary of \$60,000 since the formation of the Company in December 1995, and has received no cash bonuses. In 2000 and again in 2003, the Compensation Committee reviewed Mr. Noble's compensation and made recommendations to the Board of Directors concerning an increase in Mr. Noble's compensation and a cash bonus to reflect his leadership, the scope of his responsibilities and the Company's growth and profitability. In 2003, the Compensation Committee approved a form of employment contract for Mr. Noble. Mr. Noble has not accepted any salary increase or cash bonuses, and his total cash compensation from the Company remains at \$60,000. Mr. Noble desires to negotiate several aspects of his proposed employment contract.

In 2000, Mr. Noble received a five-year forgivable loan in the aggregate principal amount of \$800,000. Payments on this loan are treated as compensation to Mr. Noble when forgiven in accordance with the terms of the applicable agreements.

The Compensation Committee approved the grant of an aggregate of 300,000 stock options under the 2000 Employee Stock Option Plan to senior management and other officers and employees of the Company on the first day of trading of the Company's Common Stock on the New York Stock Exchange. All such options (i) are exercisable at \$9.00 per share (the price at which the Common Stock

13

began trading in connection with the Company's initial public offering of its Common Stock); (ii) have a ten year term; and (iii) have a 6-month vesting period.

The Compensation Committee also approved an increase in Directors compensation. Each member of the Board of Directors who is not an officer now receives (i) \$1,000 per month payable quarterly and (ii) \$1,000 per meeting for attending meetings of the Board of Directors or meetings of committees of the Board of Directors (\$500 per meeting for telephonic meetings), plus reimbursement of expenses for attending such meetings. Each Chair of a committee who is not an officer of the Company now receives \$1,000 for each additional day such Chair is required to work in preparation for meetings.

The Compensation Committee also approved the grant of an aggregate of 6,000 stock options to our independent Directors under the 2000 Director Stock Option Plan on the first day of trading of the Company's Common Stock on the New York Stock Exchange. All such options (i) are exercisable at \$9.00 per share (the price at which the Common Stock began trading in connection with the Company's initial public offering of its Common Stock); and (ii) have a ten year term.

During 2000, we loaned Mr. Noble \$800,000 pursuant to a forgivable loan agreement. The forgivable loan agreement is with full recourse, and although the proceeds of the loan were used to exercise warrants to purchase 240,000 shares of Common Stock, all of which were exercised in 2000, the loan is not collateralized by the shares issued in connection with the exercise of the warrants. The loan is repayable in five equal annual installments of principal and interest, each of which may be forgiven if Mr. Noble remains continuously employed by us in his present capacities, subject to specified exceptions. Forgiven amounts will constitute compensation to Mr. Noble in the year the forgiveness occurs. In each of 2003, 2002 and 2001, \$192,508 of the loan was forgiven. All options described in this table were granted to the recipients on December 4, 2003, at a price of \$9.00 per share. December 4, 2003 was the first date on which our Common Stock became publically traded on the New York Stock Exchange, and the opening market value was \$9.00 per share. The options all become exercisable after the expiration of six months from the date of grant.

(2)

As required by the SEC, these columns show gains that may exist for the respective options, assuming that the fair value for our Common Stock appreciates from the date of grant of the duration of the options at the annual rates of 5% and 10% respectively. If the price of our Common Stock does not increase above the exercise price at the time of exercise, the value realizable from these options will be zero.

Stock Incentive Plans

2000 Employee Stock Option Plan. Our 2000 Employee Stock Option Plan was adopted by our Board of Directors in April 2000, and was approved by our stockholders in June 2000. The 2000 Employee Stock Option Plan provides for the issuance of options to purchase a maximum of 1,800,000 shares of our Common Stock to our employees. Options granted under the 2000 Employee Stock Option Plan may be exercised for a period of no more than ten years from the date of grant. Unless sooner terminated by the Board of Directors, the 2000 Employee Stock Option Plan will terminate on June 30, 2010, and no additional awards may be made under the 2000 Employee Stock Option Plan after that date. As of December 31, 2003, there were 1,155,708 options outstanding under the 2000 Employee Stock Option Plan.

Options granted under the 2000 Employee Stock Option Plan may be either "incentive stock options" within the meaning of Section 422 of the Code or nonqualified stock options and entitle the optionee, upon exercise, to purchase shares of Common Stock from us at a specified exercise price per share. Incentive stock options must have a per-share exercise price of no less than the fair market value of a share of Common Stock on the date of grant or, if the optionee owns or is treated as owning (under Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of our stock, 110% of the fair market value of a share of Common Stock on the date of the grant. Nonqualified stock options granted under the 2000 Employee Stock Option Plan must have a per-share exercise price of no less than the fair market value of a share of Common Stock on the date of the grant. Options are not transferable other than by laws of descent and distribution and will generally be exercisable during an optionee's lifetime only by the optionee.

Our Compensation Committee administers the 2000 Employee Stock Option Plan and has the authority, subject to the provisions of the 2000 Employee Stock Option Plan, to determine who will receive awards under the 2000 Employee Stock Option Plan and the terms of such awards. The maximum number of shares which may be granted to any employee in any one year is 225,000. The Compensation Committee has the authority to determine whether to include a vesting schedule for any option grant; provided that, in the absence of such a schedule, all options vest six months after the date of grant. The Compensation Committee has the authority to adjust the number of shares available for options, the number of shares subject to outstanding options and the exercise price for options following the occurrence of events such as stock splits, dividends, distributions and recapitalizations.

However, without the approval of our stockholders, and except in connection with a stock split, stock dividend or similar event, the Compensation Committee will not lower the exercise price for any outstanding options or issue any replacement options for options previously granted at a higher exercise price.

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

The Compensation Committee may provide that the exercise price of an option may be paid in cash, Common Stock or by a promissory note. The Compensation Committee may also permit a "cashless exercise" arrangement whereby an optionee delivers an exercise notice and irrevocable instructions to an approved registered broker to sell shares and deliver the exercise price in cash to us.

If an optionee's employment with our company is terminated for any reason other than the optionee's death or disability, any outstanding options granted under the 2000 Employee Stock Option Plan will expire unless exercised within 60 days from the date of employment termination. If an optionee's employment with our company is terminated because the optionee dies or becomes disabled, any outstanding options granted under the 2000 Employee Stock Option Plan will expire unless exercised within one year after the date of employment termination. In the event of a change of control of our company, or upon the death or disability of the optionee, any outstanding options under the 2000 Employee Stock Option Plan will be immediately fully exercisable by an optionee or his or her designated beneficiary. A change of control includes the acquisition by any person of more than 20% of our outstanding voting stock, the election of two or more Directors in opposition to the Director nominees proposed by management, the transfer of all or substantially all of our assets or a merger or share exchange in which we are not the surviving corporation.

The 2000 Employee Stock Option Plan may be amended by the Board of Directors, except that the Board may not (i) change any option previously made under the 2000 Employee Stock Option Plan in a manner which would impair the recipients' rights without their consent or (ii) amend the 2000 Employee Stock Option Plan without approval of our stockholders, if required by law.

2000 Director Stock Option Plan. Our 2000 Director Stock Option Plan was adopted by our Board of Directors in April 2000, and was approved by our stockholders in June 2000. The 2000 Director Stock Option Plan provides for the issuance of options to purchase a maximum of 225,000 shares of Common Stock to nonemployee Directors of our company. Options granted under the 2000 Director Stock Option Plan may be exercised for a period of no more than ten years from the date of grant. Unless sooner terminated by our Board of Directors, the 2000 Director Stock Option Plan will terminate on June 30, 2010, and no additional awards may be made under the 2000 Director Stock Option Plan after that date. As of December 31, 2003, there were 6,000 options outstanding under the 2000 Director Stock Option Plan.

Options granted under the 2000 Director Stock Option Plan will be nonqualified stock options under the Code and entitle the optionee, upon exercise, to purchase shares of Common Stock from us at an exercise price per share no less than the fair market value of a share of Common Stock on the date of the grant. Options will not be transferable other than by laws of descent, and will generally be exercisable during an optionee's lifetime only by the optionee.

Our Board of Directors administers the 2000 Director Stock Option Plan and has the authority, subject to the provisions of the 2000 Director Stock Option Plan, to determine who will receive awards under the 2000 Director Stock Option Plan and the terms of such awards. The maximum number of shares which may be granted to any Director in any one year is 10,500. The Board has the authority to determine whether to include a vesting schedule for any option granted; provided that, in the absence of such a schedule, all options vest six months after the date of grant. The Board has the authority to adjust the number of shares available for options, the number of shares subject to outstanding options and the exercise price for options following the occurrence of events such as stock splits, dividends, distributions and recapitalizations. However, without the approval of our stockholders, and except in connection with a stock split, stock dividend or similar event, the Board will not lower the exercise

20

price for any outstanding options or issue any replacement options for options previously granted at a higher exercise price.

If an optionee's directorship is terminated for any reason other than the optionee's death or disability, any outstanding options granted under the 2000 Director Stock Option Plan will expire unless exercised within 60 days from the date of directorship termination. If an optionee's directorship is terminated because the optionee dies or becomes disabled, any outstanding options granted under the 2000 Director Stock Option Plan will expire unless exercised within one year after the date of directorship termination. In the event of a change of control of our company, or upon the death or disability of the optionee, any outstanding options under the 2000 Director Stock Option Plan will be immediately fully exercisable by an optionee or his or her designated beneficiary. A change of control includes the acquisition by any person of more than 20% of our outstanding voting stock, the election of two or more Directors in opposition to the Director nominees proposed by management, the transfer of all or substantially all of our assets or a merger or share exchange in which we are not the surviving corporation.

The 2000 Director Stock Option Plan may be amended by the Board of Directors, except that the Board may not (i) change any option previously made under the 2000 Director Stock Option Plan in a manner which would impair the recipients' rights without their consent or (ii) amend the 2000 Director Stock Option Plan without approval of our stockholders, if required by law.

Other Compensation Plans

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

We sponsor a bonus plan for all employees based upon net receipts of premiums from new annuity sales. Senior managers of the Company, with the exception of Mr. Noble, participate in this plan on a pro rata basis with all other employees. The bonus pool consists of 5 basis points (0.05%) of net premiums received during the six-month periods preceding each semi-annual distribution date. Distributions are made as cash bonuses on a pro rata basis equal to the ratio which each employee's gross salary bears to our total payroll expense for the relevant period. In addition, officers of the Company may receive annual discretionary cash bonuses in amounts determined by Mr. Noble.

We also have a qualified 401(k) plan for all employees after 30 days of employment and attainment of age 18. We match 50% of employee contributions to the plan to the extent of 4% of total compensation, subject to the limitations specified in the Code.

In 2002, we offered to senior officers a non-qualified deferred compensation plan and trust. Under this plan, any of our senior officers may elect to defer all or a portion of their salary and/or cash bonuses until their separation from service due to death, disability or retirement, or until the Board authorizes the release of the deferred amounts. Each officer electing to defer salary under this plan has a deferred compensation account where the investment of such account is subject to his/her direction. All assets held to fund such accounts are held in trust and would be returned to the Company only in the event of its insolvency.

Change in Control Arrangements

We have entered into change in control severance agreements with Messrs. Matovina, Wingert, Gerlach, and Reimer and Ms. Richardson and Ms. Carlson, which provide for payment of certain benefits to these executives if they are terminated following a change in control (defined below). The term of each agreement continues through December 31, 2004. However, each January 1 (beginning January 1, 2005), the term of each agreement will automatically extend one year unless we have given 90 days notice that we will not extend the term of the agreement. Upon the occurrence of a change in control, the term of each agreement shall be extended until the date that is 36 months following the change in control, or, with respect to Messrs. Gerlach and Reimer, 24 months.

21

An executive is entitled to payments under the change in control severance agreement if, following a change in control and during the 36-month period (or with respect to Messrs. Gerlach and Reimer, 24-month period) following the change in control, (i) we terminate the executive's employment other than for "cause" (defined below), or (ii) the executive terminates his or her employment with us for "good reason" (defined below).

Upon an executive's termination of employment as described above, the executive is entitled to the following:

Cash in an amount equal to three times (two times with respect to Messrs. Gerlach and Reimer) the greater of (i) the executive's base annual salary in effect at the time notice of termination is given or (ii) the executive's base annual salary in effect immediately preceding the change in control. This amount is payable in monthly installments over the three-year period following the executive's termination of employment, or, with respect to Messrs. Gerlach and Reimer, over the two-year period following the executive's termination of employment.

A cash lump sum equal to three times (two times with respect to Messrs. Gerlach and Reimer) the executive's target annual cash bonus in effect at the time notice of termination is given.

A cash lump sum equal to (i) the executive's base annual salary through the date of termination (to the extent not already paid) and (ii) the amount of the target annual bonus that the executive would receive for the year in which the executive's termination occurs, prorated through the date of termination.

During the period in which the executive is entitled to continued salary, the continuation of health, dental and life insurance benefits to the executive and the executive's family. If the executive becomes eligible to receive medical or other welfare benefits under another employer's plan, benefits from us will be secondary to those provided under such other employer's plan.

Amounts paid in respect of the executive's base annual salary or bonus shall be treated as "compensation" under any retirement plans.

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

Additionally, with respect to Messrs. Matovina and Wingert and Ms. Richardson and Ms. Carlson, if the executive is subject to the "golden parachute" excise tax imposed by Internal Revenue Code Sections 280G and 4999, the executive is entitled to receive an additional "gross-up" payment that is sufficient to pay the golden parachute excise tax and all other taxes, interest and penalties associated with the excise tax and gross-up payment.

With respect to Messrs. Gerlach and Reimer, if the executive is subject to the golden parachute excise tax, it will be determined whether a reduction in the amount of payments to the executive would result in a greater after-tax benefit to the executive than if the executive received all payments and paid all applicable taxes, including the golden parachute excise tax. If such a reduction would result in a greater after-tax benefit to the executive, the executive's payments will be reduced accordingly.

During the term of the agreement and during the period in which the executive is entitled to continued salary payments, the executive may not (i) solicit or entice any other employee to leave us or our affiliates to go to work for any competitor, or (ii) request or advise a customer or client of ours or our affiliates to curtail or cancel its business relationship with us or our affiliates.

The term "change in control" is defined in the agreements, but generally means the occurrence of any of the following events:

a person or entity, other than certain parties (such as Farm Bureau), directly or indirectly acquires beneficial ownership of securities representing 35% of the voting power of our outstanding securities;

22

during any period of not more than two consecutive years, a majority of the Board of Directors ceases to be constituted by incumbent Directors or Directors approved by two-thirds of the incumbent Directors;

our stockholders approve and we consummate a merger other than a merger that would result in our voting securities continuing to represent at least 50% of the voting power of the stock of the surviving entity; or

we sell all or substantially all of our assets or our stockholders approve a plan of complete liquidation of the company.

The term "cause" is defined in the agreements, but generally means any of the following:

The executive's willful and continued failure to substantially perform the executive's duties after a written demand for substantial performance is delivered to the executive.

The final conviction of the executive of, or an entering of a guilty plea or a plea of no contest by the executive to, a felony.

The willful engaging by the executive in illegal conduct or gross misconduct which is materially and demonstrably injurious to us.

The term "good reason" is defined in the agreements, but generally means, unless the executive has consented in writing, the occurrence of any of the following:

The assignment to the executive of duties inconsistent with the executive's position or a material diminution in status, title, authority, duties or responsibilities.

A reduction in the executive's base salary.

The relocation of the executive's office to a location more than fifty (50) miles outside of West Des Moines, Iowa.

Following a change in control, the failure by us or any of our affiliates to continue in effect any material fringe, compensation or employee benefit plan, or the taking of any action that would adversely affect the executive's participation in or materially reduce his or her benefits under any of such plans.

Following a change in control, our failure to obtain the successor entity's assumption of the executive's change in control severance agreement in writing.

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee during 2003 were Messrs. Hilton, Strickland and Whitfield, none of whom has served at any time as an officer or employee of the company or our subsidiaries. Mr. Whitfield is of counsel to Whitfield & Eddy, P.L.C. We have retained Whitfield & Eddy from time to time to perform legal services.

23

Stock Performance Graph

Our Common Stock first became listed on the NYSE and publically traded on December 4, 2003. This was the initial public offering of our Common Stock. Item 402(l) of Regulation S-K requires the inclusion in our proxy of a stock performance graph comparing the performance of our Common Stock on a total return basis with the performance of a recognized index and a related industry index or peer group. However, under the SEC's interpretation of this requirement, no graph is required for short fiscal years of 30 days or less, such as following an initial public offering. Because our Common Stock was traded for a limited period of less than 30 days, no performance graph is presented in this proxy statement.

Certain Relationships and Related Party Transactions

General Agency Commission and Servicing Agreement. We have a General Agency Commission and Servicing Agreement with American Equity Investment Service Company, or the Service Company, which is wholly-owned by Mr. Noble, our chairman, chief executive officer, president and treasurer, whereby the Service Company acts as a national supervisory agent with responsibility for paying commissions to our agents. Under the terms of the original agreement, the Service Company was required to pay the greater of (a) 5% of the premiums we collected on the sale of certain annuity products, or (b) 50% of the agent's commissions payable by us on the sale of those same policies. In return, we agreed to pay quarterly renewal commissions to the Service Company equal to .3875% of the premiums received by us on policies that still remain in force.

During 1999, we amended the agreement to provide for the payment of 30% of agents' commissions by the Service Company for policies issued on or after September 1, 1999. In return, we agreed to pay the Service Company quarterly renewal commissions of .25% of the premiums received thereafter.

During 2002, we amended the agreement to provide for the payment of 35% of the agents' commissions by the Service Company for policies issued from October 1, 2002 through December 31, 2002. In return, we agreed to pay the Service Company quarterly renewal commissions of .325% of premiums received on in-force policies thereafter. Effective October 1, 2002, we also agreed to pay the Service Company quarterly renewal commissions of .325% of in-force amounts on policies issued from January 1, 1998 through August 31, 1999 and .7% of in-force amounts on policies issued prior to January 1, 1998. The termination date of the agreement was extended to December 31, 2008.

During 2003, we amended the agreement to provide for the payment of 27% of the agents' commissions payable by the Service Company for policies issued from July 1, 2003 through December 31, 2003. In return, we agreed to pay the Service Company quarterly renewal commissions of .375% of in-force amounts received thereafter.

In connection with the General Agency Commission and Servicing Agreement, we record commissions and related payables for amounts paid by the Service Company. Interest expense is recorded based upon estimated future payments to the Service Company pursuant to an imputed interest rate (approximately 9.0%) for each of the periods presented. Estimated future payments are evaluated regularly and the imputed

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

interest rate will be adjusted when deemed necessary. During the years ended December 31, 2003 and 2002, the Service Company paid \$14.4 million and \$11.8 million, respectively, to our agents. We paid renewal commissions to the Service Company of \$22.1 million, \$21.7 million, and \$23.2 million during the years ended December 31, 2003, 2002 and 2001, respectively.

24

Estimated future payments under the General Agency Commission and Servicing Agreement at December 31, 2003 are as follows (Dollars in thousands):

Year ending December 31:	
2004	\$ 29,968
2005	8,961
2006	4,759
2007	1,312
	45,000
Amounts representing interest	(4,399)
	40,601
Net amount	\$ 40,601

As a source of funding its portion of agents' commission payments, the Service Company borrowed funds from Mr. Noble. The amount payable to Mr. Noble by the Service Company at December 31, 2003 and 2002 was \$14.3 million and \$24.4 million, respectively. As an alternate source of funds for such first year commissions, the Service Company borrowed funds from us. At December 31, 2003 and 2002, amounts receivable from the Service Company totaled \$27.9 million and \$20.5 million, respectively. Principal and interest on all loans to the Service Company are payable quarterly over five years from the date of the advance. The Service Company repays the above described indebtedness from the renewal commissions paid to it under the General Agency Commission and Servicing Agreement. Interest on such indebtedness accrues at the "reference rate" of the financial institution that is our principal lender. This rate averaged 7.40% in 2003, 9.18% in 2002, and 9.16% in 2001.

EquiTrust Transactions. Effective August 1, 2001, we entered into a coinsurance agreement with EquiTrust Life Insurance Company, or EquiTrust, an affiliate of Farm Bureau Life Insurance Company, or Farm Bureau covering 70% of certain of our non-multi-year rate guaranteed fixed annuities and index annuities issued from August 1, 2001 through December 31, 2001 and 40% of those contracts for 2002 and 2003. As of December 31, 2003, Farm Bureau beneficially owned 14.9% of our Common Stock. Total annuity deposits ceded were approximately \$649.4 million and \$837.9 million for the years ended December 31, 2003 and 2002, respectively. Expense allowances received were approximately \$65.6 million and \$99.4 million the years ended December 31, 2003 and 2002. The balance due under this agreement to EquiTrust was \$22.6 million at December 31, 2003 and \$1.5 million at December 31, 2002, and represents the market value of the call options related to the ceded business we hold to fund the index credits and cash due to or from EquiTrust related to the transfer of annuity deposits. We remain liable with respect to policy liabilities ceded to EquiTrust should it fail to meet the obligations assumed by it.

On December 29, 2003, we entered into a coinsurance agreement with EquiTrust, effective January 1, 2004, covering 20% of certain of our non-multi-year rate guarantee fixed annuities and index annuities. However, for each calendar year, the quota share will reduce to 0% in any month where the year-to-date premium ceded exceeds \$500 million at the end of the prior month. This agreement may be terminated at any time by either party upon the giving of forty-five days prior notice.

5% Trust Preferred Securities. In October 1999, American Equity Capital Trust II ("Trust II") issued 97,000 shares of company obligated mandatorily redeemable preferred securities of subsidiary trust, or the 5% trust preferred securities to Iowa Farm Bureau Federation, which owns more than 50% of the voting capital stock of the parent of Farm Bureau. The 5% trust preferred securities have a liquidation value of \$100 per share (\$97,000,000 in the aggregate). The consideration received by Trust II in connection with the issuance of the 5% trust preferred securities consisted of fixed income trust preferred securities of equal value which were issued by the parent of Farm Bureau. Farm Bureau beneficially owned 14.9% of our Common Stock as of December 31, 2003. We receive an annual

25

Edgar Filing: AMERICAN EQUITY INVESTMENT LIFE HOLDING CO - Form DEF 14A

dividend of \$4,850,000 on the fixed income trust preferred securities issued by the parent of Farm Bureau, and Trust II pays an equivalent annual dividend on the 5% trust preferred securities.

Other Relationships. Harley A. Whitfield, a member of our Board of Directors, and Wendy L. Carlson, our Chief Financial Officer and General Counsel, are each of counsel to Whitfield & Eddy, P.L.C. We have retained Whitfield & Eddy from time to time to perform legal services.

We completed our initial public offering, or IPO, in December 2003. Sanders Morris Harris Inc., a wholly-owned subsidiary of Sanders Morris Harris Group, Inc., received an underwriting discount of \$652,050 in connection with its role as an underwriter of 1,035,000 shares of Common Stock in the IPO. The 1,035,000 shares of Common Stock purchased by Sanders Morris Harris Inc. represent 900,000 shares purchased upon the closing and the IPO and 135,000 shares purchased in connection with the underwriters' full exercise of their over-allotment option in December 2003 and January 2004. Ben T. Morris, a member of our Board of Directors, is the Chief Executive Officer of Sanders Morris Harris Group, Inc. and a member of its Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance.

Section 16(a) of the Securities Exchange Act generally requires the officers and directors of a reporting company, and persons who own more than ten percent of a registered class of a reporting company's equity securities, to file reports of beneficial ownership and changes in beneficial ownership with the Securities and Exchange Commission. Based solely on our review of the copies of such reports received by us, or upon written representations received from certain reporting persons, we believe that during 2003, our officers, directors and ten-percent stockholders complied with all Section 16(a) filing requirements applicable to them.

**CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS OF
AMERICAN EQUITY INVESTMENT LIFE HOLDING COMPANY
AS AMENDED AND RESTATED BY THE BOARD ON APRIL 5, 2004**

I. PURPOSE OF THE COMMITTEE

The purpose of the Audit Committee (the "Committee") of the Board of Directors (the "Board") of American Equity Investment Life Holding Company (the "Corporation") is to (a) assist the Board's oversight of (i) the integrity of the Corporation's financial statements, (ii) the Corporation's compliance with legal and regulatory requirements as they pertain to the financial statements and annual audit process, (iii) the Corporation's independent auditors' qualifications and independence, and (iv) the performance of the Corporation's independent auditors and the Corporation's internal audit function, and (b) prepare the report required to be prepared by the Committee pursuant to the rules of the Securities and Exchange Commission (the "SEC") for inclusion in the Corporation's annual proxy statement.

II. COMPOSITION OF THE COMMITTEE

The Committee shall consist of three (3) or more directors as determined from time to time by the Board. Each member of the Committee shall be qualified to serve on the Committee pursuant to the requirements of the New York Stock Exchange (the "NYSE"), and any additional requirements that the Board deems appropriate.

No director may serve as a member of the Committee if such director serves on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee. Any such determination must be disclosed in the Corporation's annual proxy statement.

The chairperson of the Committee shall be designated by the Board, *provided* that if the Board does not so designate a chairperson, the members of the Committee, by a majority vote, may designate a chairperson.

Any vacancy on the Committee shall be filled by majority vote of the Board. No member of the Committee shall be removed except by majority vote of the Board.

Each member of the Committee must be financially literate, as such qualification is interpreted by the Board in its business judgment, or must become financially literate within a reasonable period of time after his or her appointment to the Committee. At least one member of the Committee must be designated by the Board to be the "audit committee financial expert," as defined by the SEC pursuant to the Sarbanes-Oxley Act of 2002 (the "Act").

No member of the Committee shall receive directly or indirectly any compensation from the Corporation other than Directors' fees and benefits.

III. MEETINGS OF THE COMMITTEE

The Committee shall meet as often as it determines necessary to carry out its duties and responsibilities, but no less frequently than once every fiscal quarter. The Committee, in its discretion, may ask members of management or others to attend its meetings (or portions thereof) and to provide pertinent information as necessary. The Committee should meet separately on a periodic basis with (i) management, (ii) the director of the Corporation's internal auditing department or other person responsible for the internal audit function and (iii) the Corporation's independent auditors, in each

case to discuss any matters that the Committee or any of the above persons or firms believe warrant Committee attention.

A majority of the members of the Committee present in person or by means of a conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other shall constitute a quorum.

The Committee shall maintain minutes of its meetings and records relating to those meetings.

IV. DUTIES AND RESPONSIBILITIES OF THE COMMITTEE

In carrying out its duties and responsibilities, the Committee's policies and procedures should remain flexible, so that it may be in a position to best address, react or respond to changing circumstances or conditions. The following duties and responsibilities are within the authority of the Committee and the Committee shall, consistent with and subject to applicable law and rules and regulations promulgated by the SEC, NYSE, or any other applicable regulatory authority:

(b) Review and, in its sole discretion, approve in advance the Corporation's independent auditors' annual engagement letter, including the proposed fees contained therein, as well as all audit and, as provided in the Act and the SEC rules and regulations promulgated thereunder, all permitted non-audit engagements and relationships between the Corporation and such independent auditors (which approval should be made after receiving input from the Corporation's management, if desired).

(c) Review the independent auditors' annual letter pursuant to Independence Standards Board Statement No. 1, Independence Discussions with Audit Committees, outlining all relationships that may impact their independence;

(d) Obtain at least annually from the Corporation's independent auditors and review a report describing:

- (i) the independent auditors' internal quality-control procedures;
- (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditors, or by any inquiry or investigation by any governmental or professional authority, within the preceding five years, respecting one or more independent audits carried out by the independent auditors, and any steps taken to deal with any such issues; and
- (iii) all relationships between the independent auditors and the Corporation (including a description of each category of services provided by the independent auditors to the Corporation and a list of the fees billed for each such category);

(e) Review and evaluate the qualifications, independence and performance of the Corporation's independent auditors, including the lead partner and reviewing partner of the independent auditors;

The Committee should present its conclusions with respect to the above matters, as well as its review of the lead partner and the reviewing partner of the independent auditors, and its views on whether there should be a regular rotation of the independent auditors, to the Board.

(h) Resolve all disagreements between the Corporation's independent auditors and management regarding financial reporting;

(i) Review on a regular basis with the Corporation's independent auditors any problems or difficulties encountered by the independent auditors in the course of any audit work, including management's response with respect thereto, any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management.

Oversight of the Financial Reporting Process and Internal Controls

(j) Review the adequacy and effectiveness of the Corporation's accounting and internal control policies and procedures on a regular basis, including the responsibilities, budget, compensation and staffing of the Corporation's internal audit function, through inquiry and discussions with the Corporation's independent auditors and management;

(k) Discuss guidelines and policies governing the process by which senior management of the Corporation and the relevant departments of the Corporation, including the internal auditing department, assess and manage the Corporation's exposure to risk, as well as the Corporation's major financial risk exposures and the steps management has taken to monitor and control such exposures;

(l) Review with management the progress and results of all internal audit projects, and, when deemed necessary or appropriate by the Committee, make recommendations to the Corporation's chief executive officer regarding the assignment of additional internal audit projects to the director of the Corporation's internal auditing department;

(m) Review with management the Corporation's administrative, operational and accounting internal controls, including any special audit steps adopted in light of the discovery of material control deficiencies;

(n) Receive periodic reports from the Corporation's independent auditors, management and director of the Corporations's internal auditing department to assess the impact on the Corporation of significant accounting or financial reporting developments that may have a bearing on the Corporation;

Miscellaneous

(o) Review the type and presentation of information to be included in the Corporation's earnings press releases (especially the use of "pro forma" or "adjusted" information not prepared in compliance with generally accepted accounting principles), as well as financial information and earnings guidance provided by the Corporation to analysts and rating agencies (which review may be done generally (i.e., discussion of the types of information to be disclosed and type of presentations to be made), and the Committee need not discuss in advance each earnings release or each instance in which the Corporation may provide earnings guidance);

(p) Establish clear hiring policies by the Corporation for employees or former employees of the Corporation's independent auditors;

(q) Prepare the report required by the rules of the SEC to be included in the Corporation's annual proxy statement and such other reports as may from time to time be necessary or appropriate;

(r) Establish procedures for (i) the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential, anonymous submission by employees of the Corporation of concerns regarding questionable accounting or auditing matters;

(s) Secure independent expert advice to the extent the Committee determines it to be appropriate, including retaining, at the Corporation's expense, with or without Board approval, independent counsel, accountants, consultants or others, to assist the Committee in fulfilling its duties and responsibilities;

(t) Report regularly to the Board on its activities, as appropriate. In connection therewith, the Committee should review with the Board any issues that arise with respect to the quality or integrity of the Corporation's financial statements, the Corporation's compliance with legal or regulatory requirements, the performance and independence of the Corporation's independent auditors, or the performance of the internal audit function; and
