**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 20, 2005**

This Proxy Statement is furnished to the stockholders of Neenah Paper, Inc. in connection with the solicitation of proxies by our Board of Directors to be voted at the 2005 Annual Meeting of Stockholders and at any adjournments thereof. The Annual Meeting will be held at the Neenah Paper Whiting Mill, Conference Center, 3243 Whiting Road, Stevens Point, Wisconsin 54481 on Monday, June 20, 2005 at 2:00 p.m., local time. When used in this Proxy Statement, the terms "we," "us," "our" and "Neenah" refer to Neenah Paper, Inc.

The approximate date on which this Proxy Statement and form of proxy card are first being sent or given to stockholders is April 29, 2005.

VOTING

General

The securities that can be voted at the Annual Meeting consist of our common stock, \$.01 par value per share, with each share entitling its owner to one vote on each matter submitted to the stockholders. The record date for determining the holders of common stock who are entitled to receive notice of and to vote at the Annual Meeting is April 25, 2005. On the record date, 14,763,319 shares of common stock were outstanding and eligible to be voted at the Annual Meeting.

Quorum and Vote Required

The presence, in person or by proxy, of a majority of the issued and outstanding shares of our common stock is necessary to constitute a quorum at the Annual Meeting. In counting the votes to determine whether a quorum exists at the Annual Meeting, we will use the proposal receiving the greatest number of all votes "for" or "against" and abstentions (including instructions to withhold authority to vote).

In voting with regard to the proposal to elect two Class I directors (Proposal 1), stockholders may vote in favor of all nominees, withhold their votes as to all nominees or withhold their votes as to specific nominees. The vote required to approve Proposal 1 is governed by Delaware law and is a plurality of the votes cast by the holders of shares represented and entitled to vote at the Annual Meeting, provided a quorum is present. As a result, in accordance with Delaware law, votes that are withheld will be counted in determining whether a quorum is present but will have no other effect on the election of directors.

In voting with regard to the proposal to ratify the directors' appointment of the independent auditors (Proposal 2), stockholders may vote in favor of the proposal or against the proposal or may abstain from voting. The vote required to approve Proposal 2 is governed by Delaware law and is the affirmative vote of the holders of a majority of the shares represented and entitled to vote at the Annual Meeting, provided a quorum is present. As a result, abstentions will be considered in determining whether a quorum is present and the number of votes required to obtain the necessary majority vote for the proposal and therefore, will have the same legal effect as voting against the proposal.

Edgar Filing: Neenah Paper Inc - Form DEF 14A

Under the rules of the New York and American Stock Exchanges (the "Exchanges") that govern most domestic stock brokerage firms, member firms that hold shares in street name for beneficial owners may, to the extent that such beneficial owners do not furnish voting instructions with respect to any or all proposals submitted for stockholder action, vote in their discretion upon proposals which are considered "discretionary" proposals under the rules of the Exchanges. These votes by brokers are considered as votes cast in determining the outcome of any discretionary proposal. We believe that Proposal 1 and Proposal 2 are discretionary. Member brokerage firms that have received no instructions from their clients as to "non-discretionary" proposals do not have discretion to vote on these proposals. If the brokerage firm returns a proxy card without voting on a non-discretionary proposal because it received no instructions, this is referred to as a "broker non-vote" on the proposal. "Broker non-votes" are considered in determining whether a quorum exists at the Annual Meeting, but "broker non-votes" are not considered as votes cast in determining the outcome of any proposal.

Proxy Voting Procedures

You may vote in person at the meeting or by proxy. We recommend you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some, or none of our director candidates. You may also vote for or against the other proposal or abstain from voting.

If your shares are held in your name, you can vote by proxy in three convenient ways:

Via Internet: Go to <http://www.eproxyvote.com/np> and follow the instructions. You will need to enter the control number printed on your proxy card.

By Telephone: Call toll-free 1-877-779-8683 and follow the instructions. You will need to enter the control number printed on your proxy card.

In Writing: Complete, sign, date and return your proxy card in the enclosed envelope.

All properly executed proxies received by Neenah in time to be voted at the Annual Meeting and not revoked will be voted at the Annual Meeting in accordance with the directions noted on the proxy card. **In the absence of such instructions, the shares represented by a proxy will be voted "FOR" the election of all Class I director nominees and "FOR" the ratification of the appointment of Deloitte & Touche LLP as independent auditors.** If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment.

Any stockholder delivering a proxy has the power to revoke it at any time before it is voted (i) by giving written notice to Steven S. Heinrichs, Vice President, General Counsel and Secretary of Neenah, at 3460 Preston Ridge Road, Preston Ridge III, Suite 600, Alpharetta, Georgia 30005, (ii) by submitting a proxy card bearing a later date, including a proxy given via the Internet or by telephone or (iii) by voting in person at the Annual Meeting. Please note, however, that under the rules of the Exchanges and the NASDAQ National Market, any beneficial owner of our common stock whose shares are held in street name by a member brokerage firm may revoke his proxy and vote his or her shares in person at the Annual Meeting only in accordance with applicable rules and procedures of the Exchanges or the NASDAQ National Market, as employed by the beneficial owner's brokerage firm.

We are also sending this Proxy Statement and voting materials to participants in various employee benefit plans of the company. The trustee of each plan, as the stockholder of record of the shares of common stock held in the plans, will vote whole shares of stock attributable to each participant's interest in the plans in accordance with the directions the participant gives or, if no directions are given by the participant, in accordance with the directions of the respective plan committees.

In addition to soliciting proxies through the mail, we may solicit proxies through our directors, officers and employees in person and by telephone or facsimile. We expect to retain Georgeson Shareholder Communications Inc. to aid in the solicitation at a cost of approximately \$7,500 plus reimbursement of out-of-pocket expenses. Brokerage firms, nominees, custodians and fiduciaries also may be requested to forward proxy materials to the beneficial owners of shares held of record by them. We will pay all expenses incurred in connection with the solicitation of proxies.

CORPORATE GOVERNANCE

Independent Directors

Our Amended and Restated By-Laws provide that a majority of the directors on our Board shall be independent. In addition, the Corporate Governance Policies adopted by the Board, described further below, provide independence standards consistent with NYSE listing standards. The nominees for director are such that immediately after the election of the nominees to the Board of Directors, a majority of all directors holding office will be independent directors. The Nominating and Corporate Governance Committee and the Board have determined that all directors and nominees, except for Mr. Erwin, do not have any relationship that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors and are independent in accordance with NYSE listing standards and our Corporate Governance Policies.

Nomination of Directors

The Board of Directors is responsible for approving candidates for Board membership. The Board has delegated the screening and recruitment process to the Nominating and Corporate Governance Committee, in consultation with the Chairman of the Board and Chief Executive Officer. More specifically, our Nominating and Corporate Governance Committee has adopted, and the Board of Directors has ratified, the Neenah Paper, Inc. Policy Regarding Qualification and Nomination of Director Candidates.

The Nominating and Corporate Governance Committee seeks to create a Board that is as a whole strong in its collective knowledge of, and diversity of skills and experience with respect to, accounting and finance, management and leadership, vision and strategy, business operations, business judgment, crisis management, risk assessment, industry knowledge, corporate governance and global markets.

Qualified candidates for director are those who, in the judgment of the Committee, possess all of the following personal attributes and a sufficient mix of the experience attributes to assure effective service on the Board. Personal attributes of a Board candidate considered by the Committee include: leadership, ethical nature, contributing nature, independence, interpersonal skills, and effectiveness. Experience attributes of a Board candidate considered by the Committee include: financial acumen, general business experience, industry knowledge, diversity of view points, special business experience and expertise. When the Committee reviews a potential new candidate, the Committee looks specifically at the candidate's qualifications in light of the needs of the Board and our company at that time given the then current mix of director attributes.

The Committee will utilize a variety of methods for identifying and evaluating nominees for director. The Committee will periodically assess the appropriate size of the Board and whether any vacancies on the Board are expected. In the event that vacancies are anticipated or otherwise arise, the Committee will seek to identify director candidates based on input provided by a number of sources, including: (i) Committee members, (ii) other directors of the company, (iii) management of the company and (iv) stockholders of the company. The Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates.

In accordance with NYSE listing standards, we ensure that at least a majority of our Board is independent under the NYSE definition of independence, and that the members of the Board as a group maintain the requisite qualifications under NYSE listing standards for populating the Audit, Compensation and Nominating and Corporate Governance Committees.

The Nominating and Corporate Governance Committee considers nominees recommended by stockholders as candidates for election to the Board of Directors. A stockholder wishing to nominate a candidate for election to the Board at the Annual Meeting is required to give written notice to the Secretary of the Corporation of his or her intention to make a nomination. Pursuant to our Amended

Edgar Filing: Neenah Paper Inc - Form DEF 14A

and Restated By-Laws, the notice of nomination must be received by the company not less than 50 days nor more than 75 days prior to the Annual Meeting, or if the company gives less than 60 days notice of the meeting date, the notice of nomination must be received within 10 days after the meeting date is announced.

To recommend a nominee, a stockholder should write to Steven S. Heinrichs, Vice President, General Counsel and Secretary of Neenah, at 3460 Preston Ridge Road, Preston Ridge III, Suite 600, Alpharetta, Georgia 30005. Any such recommendation must include:

the name and address of the stockholder and a representation that the stockholder is a holder of record of shares of our common stock;

a brief biographical description for the nominee, including his or her name, age, business and residence addresses, occupation for at least the last five years, and a statement of the qualifications of the candidate, taking into account the qualification requirements set forth above;

a description of all arrangements or understandings between the stockholder and each nominee; and

the candidate's consent to serve as a director if elected.

Once director candidates have been identified, the Committee will then evaluate each candidate in light of his or her qualifications and credentials, and any additional factors that the Committee deems necessary or appropriate, including those set forth above. Qualified prospective candidates will be interviewed by the Chairman of the Board, the Chief Executive Officer and at least one member of the Committee. The full Board will be kept informed of the candidate's progress. Using input from such interviews and other information obtained by the Committee, the Committee will evaluate whether a prospective candidate is qualified to serve as a Director and, if so qualified, will seek full Board approval of the nomination of the candidate or the election of such candidate to fill a vacancy on the Board.

Existing directors who are being considered for re-nomination will be re-evaluated by the Committee based on each director's satisfaction of the qualifications described above and his or her performance as a director during the preceding year. All candidates submitted by stockholders will be evaluated in the same manner as candidates recommended from other sources, provided that the procedures set forth above have been followed.

All of the current nominees for director recommended for election by the stockholders at the 2005 Annual Meeting are current members of the Board. Based on the Committee's evaluation of each nominee's satisfaction of the qualifications described above and their performance as directors in 2004, the Committee determined to recommend the two directors for re-election. The Committee has not received any nominations from stockholders for the 2005 Annual Meeting.

Corporate Governance Policies

We have adopted the Neenah Paper, Inc. Corporate Governance Policies that guide the company and the Board on matters of corporate governance, including director responsibilities, Board committees and their charters, director independence, director qualifications, director evaluations, director orientation and education, director access to management, Board access to independent advisors, and management development and succession planning. A copy the Corporate Governance Policies are available on our website at www.neenah.com. We will provide a copy of the Corporate Governance Policies to stockholders upon request.

Code of Business Conduct and Ethics

We have adopted the Neenah Paper, Inc. Code of Business Conduct and Ethics, which applies to all of our directors, officers and employees. The Code of Business Conduct and Ethics meets the requirements of a "code of ethics" as defined by Item 406 of Regulation S-K, and applies to our Chief Executive Officer, Chief Financial Officer, (who is both our principal financial and principal accounting officer), as well as all other employees, as indicated above. The Code of Business Conduct and Ethics also meets the requirements of a code of conduct under NYSE listing standards. The Code of Business Conduct and Ethics is available on our website at www.neenah.com. We will provide a copy of the Code of Business Conduct and Ethics to stockholders upon request.

Communications with the Board of Directors

We have established a process for stockholders to communicate with members of the Board. If you have any concern, question or complaint regarding any accounting, auditing or internal controls matter, as well as any issues arising under our Code of Business Conduct and Ethics or other matters that you wish to communicate to our Board or non-management directors, send these matters in writing to c/o General Counsel, Neenah Paper, Inc., 3460 Preston Ridge Road, Preston Ridge III, Suite 600, Alpharetta, Georgia 30005. Information about our Board communications policy can be found on our website at www.neenah.com under the links "Investor Relations Corporate Governance Board of Directors Board Communications Policy."

DIRECTOR COMPENSATION

Each of our directors who is not an employee receives an annual cash retainer fee of \$36,000 and is paid \$1,000 for each Board and Committee meeting attended. The chairperson of the Audit Committee is paid an additional \$5,000 in cash per year and directors chairing other committees are paid an additional \$3,000 in cash per year. In addition to the cash compensation, to ensure that our directors will have an equity ownership interest aligned with our stockholders, we plan to make annual awards of nonqualified stock options, restricted shares and/or restricted stock units of our common stock under the Neenah Paper, Inc. 2004 Omnibus Stock and Incentive Compensation Plan to each nonemployee director. On December 15, 2004, each nonemployee director was granted 1,840 nonqualified stock options at a per share exercise price of \$32.60 (which was the fair market value of our common stock on that date) and 575 restricted stock units. These stock options and restricted stock units will become fully exercisable and/or vested, as applicable, on the first anniversary of the date of grant. Employee directors will receive no additional compensation for serving on our Board.

EXECUTIVE COMPENSATION

Compensation Summary

The information set forth in the following tables reflects compensation paid by us to our Chief Executive Officer and our four other most highly paid executive officers, who were named executive officers, for services between November 30, 2004, the date of our Spin-Off from Kimberly-Clark Corporation ("Kimberly-Clark"), to December 31, 2004. Prior to our Spin-Off from Kimberly-Clark, we had no material activities as a separate corporate entity. Accordingly, prior to the Spin-Off, the compensation of the individuals named below was determined in accordance with policies established by Kimberly-Clark.

- (1) Amounts reported as salary and bonus for all named executive officers are for the one month of operation as a separate entity. The salary and bonus amounts for Ms. Lind and Messrs. Heinrichs, O'Connor and Piedmonte did not exceed \$100,000, due to the fact that we only operated as a separate entity for one month of the 2004 fiscal year. Such amounts are expected to exceed \$100,000 for the next fiscal year.
- (2) Restricted stock awards and restricted stock unit awards were granted pursuant to the Neenah Paper, Inc. 2004 Omnibus Stock and Incentive Compensation Plan. All restricted stock awards and restricted stock unit awards were valued at the closing price of our common stock on the date of grant. The restricted stock awards were granted on December 1 when the closing price of our common stock was \$33.50, and the restricted stock unit awards were granted on December 15 when the closing price of our common stock was \$32.60. The restricted stock granted on December 1 replaced restricted stock that was forfeited under the Kimberly-Clark equity compensation plans, which shares represent four different grants, with vesting on June 8, 2005, November 12, 2005, November 12, 2006, and February 17, 2008. The restricted stock unit awards granted on December 15 will be fully vested on December 15, 2009. As of December 31, 2004, the number and value (based on the December 31, 2004 closing stock price of \$32.60 per share) of total shares of restricted stock and restricted stock units held by the named executive officers are: Mr. Erwin, 22,072 shares, \$719,547; Mr. Heinrichs, 2,000 shares, \$65,200; Ms. Lind, 6,979 shares, \$227,515; Mr. O'Connor, 5,009 shares, \$163,293; Mr. Piedmonte, 1,900 shares, \$61,940. Dividends are paid on restricted stock and restricted stock units at the same rate paid to all of our stockholders.
- (3) Amounts shown are for payments made after December 1, 2004 or for 2004 unused vacation paid out in 2005 as follows: for Mr. Erwin, \$22,693 for unused vacation; for Mr. Heinrichs, \$562 for matching contributions under our 401(k) Plan and \$6,400 under our Retirement Contribution Plan, a tax-qualified defined contribution plan; for Ms. Lind, \$687 for matching contributions under our 401(k) Plan and \$5,288 for unused vacation; for Mr. O'Connor, the entire amount represents matching contributions under our 401(k) Plan; and for Mr. Piedmonte, \$537 for matching contributions under our 401(k) Plan and \$8,270 for unused vacation.

(1) Amounts represent hypothetical gains assuming exercise at the end of the option term and assuming annual rates of stock price appreciation of 5% and 10%, compounded annually from the date the respective options were granted to their expiration date. The 5% and 10% assumed rates of appreciation are mandated by the rules of the SEC. These assumptions are not intended to forecast future appreciation, if any, of our stock price. The potential realizable value computation does not take into account federal or state income tax consequences of option exercises or sales of appreciated stock. The actual gains, if any, on the stock option exercises will depend on the future performance of our common stock, the optionee's continued employment through applicable exercisability periods, the dates on which the options are exercised and the dates on which the

underlying shares are sold. The closing price of our common stock on April 25, 2005, the record date, was \$30.59 per share.

- (2) These options were granted on December 15, 2004, and will become exercisable as follows: 30% on December 15 of 2005 and 2006, and the remaining 40% on December 15, 2007.
- (3) These options were granted on December 1, 2004, as a conversion of certain Kimberly-Clark options that were forfeited under the Kimberly-Clark equity compensation plans due to the Spin-Off. These options became fully exercisable on December 1, 2004.
- (4) These options were granted on December 1, 2004, as a conversion of certain Kimberly-Clark options that were forfeited under the Kimberly-Clark equity compensation plans due to the Spin-Off. These options become exercisable as follows: 30% on the first anniversary of February 18, 2002 (the original date of grant under the Kimberly Clark equity participation plan), 30% on the second anniversary and the remainder on the third anniversary of the original date of grant.
- (5) These options were granted on December 1, 2004, as a conversion of certain Kimberly-Clark options that were forfeited under the Kimberly-Clark equity compensation plans due to the Spin-Off. Option Exercises

The following table sets forth option exercises by the named executive officers during the fiscal year ended December 31, 2004, including the aggregate value of gains on the date of exercise. The table also sets forth (i) the number of shares covered by options (both exercisable and unexercisable) as of December 31, 2004 and (ii) the respective value for "in-the-money" options, which represents the positive spread between the exercise price of existing options and the fair market value of our common stock at December 31, 2004.

Defined Benefit Retirement Plans

The table below illustrates the estimated annual standard pension benefit payable as of normal retirement at age 65 at specified compensation levels and years of service classifications under our tax-qualified defined benefit plan, the Neenah Paper Pension Plan, and our nonqualified defined benefit plan, the Neenah Paper Supplemental Pension Plan. These benefits include accrued liabilities assumed by our defined benefit plans as part of transfer of liabilities from the Kimberly-Clark tax-qualified and nonqualified defined benefit plans. Our tax-qualified defined benefit plan also received a transfer of assets from the Kimberly-Clark tax-qualified defined benefit plan related to the assumed liabilities.

Plan compensation considered in calculating benefits under the defined benefit plans includes all compensation except payments in lieu of vacation, severance, noncash compensation, service or suggestion awards, and any other special or unusual compensation.

The amounts set forth in the table above are subject to offset for social security benefits. The estimated years of benefit service, which includes years of service while at Kimberly-Clark, as of normal retirement at age 65, for our named executive officers are: 38.1 years for Mr. Erwin, 41.9 years for Ms. Lind, 37.3 years for Mr. O'Connor, and 43.4 years for Mr. Piedmonte. Mr. Heinrichs was not eligible to participate in our Pension Plan; however, he does participate in our Retirement Contribution Plan, a defined contribution plan. Under the defined benefit plan, an employee is entitled to receive an annual benefit based on the number of his completed years of benefit service and the average of his earnings over the highest five years, as integrated with social security benefits. Benefits under the Neenah Paper Pension Plan will be limited to the extent required by the Code, with any excess benefits over those limitations being paid under the Neenah Paper Supplemental Pension Plan (as described below).

Retirement benefits for participants who have at least five years of vesting service may begin on a reduced basis at age 55, or on an unreduced basis at normal retirement age. Unreduced benefits also are available for participants with 10 years of vesting service at age 62 or as early as age 60 with 30 years of vesting service. The normal form of benefit is a single-life annuity, payable monthly. Benefits will be actuarially adjusted if the employee receives payment in the form of a joint and survivor annuity or any of other optional forms of benefit available under the Pension Plan.

Mr. Heinrichs participates in our Retirement Contribution Plan, a defined contribution money purchase pension plan. Under the Retirement Contribution Plan, we provide monthly contributions to an account pursuant to a schedule based on the participant's age and eligible earnings. Contributions are based on a percentage of the employee's compensation and are invested in certain designated investment options as elected by the participant. Distributions of the participant's account balance are only available after termination of employment. Contributions under this plan will be limited to the extent required by the Code, with any excess benefits over those limitations being paid under the Neenah Paper Supplemental Retirement Contribution Plan (as described below).

Supplemental Retirement Plans

We have adopted the Neenah Paper Supplemental Pension Plan and the Neenah Paper Supplemental Retirement Contribution Plan to provide participants with a benefit equal to the difference between (i) the benefit payable to a participant under our tax-qualified Pension Plan and/or the Retirement Contribution Plan, as applicable, and (ii) the benefit that would be payable to a participant under such plans, calculated without regard to the annual benefit and compensation limitations imposed by the Code. The supplemental retirement plans are currently unfunded and all benefits under those plans would be payable from our general assets. In the event of a change of control, each participant would receive the present value of his or her accrued benefits or account balance in the supplemental retirement plans in a lump sum. Each of the named executive officers participates in only one supplemental retirement plan.

Executive Severance Plan

We have adopted the Neenah Paper Executive Severance Plan that covers designated officers, including all of our named executive officers, and provides certain severance benefits upon termination of employment following a change in control of our company. Upon termination of the officer's employment by the company without "cause" or by the officer for "good reason" (as defined in the plan) within the two-year period following a change in control or a termination by us without "cause" during the one-year period preceding such a change of control, the officer will be entitled to a lump-sum cash payment equal to the sum of: (i) two times the sum of his annual base salary and targeted annual bonus; (ii) any qualified retirement plan benefits forfeited as a result of such termination, (iii) the amount of retirement benefits such officer would have received under the qualified and supplemental retirement plans but for his or her termination for the two-year period following his or her termination; (iv) the cost of medical and dental COBRA premiums for a period of two years; and (v) a cash settlement of any accrued retiree medical credits. In addition, the officer will be eligible to receive outplacement services for a period of two years (up to a maximum cost to us of \$50,000). Payment of the benefits under the Executive Severance Plan is subject to the executive executing an agreement that includes restrictive covenants and a general release of claims against us. The Executive Severance Plan has been designed to limit exposure for any "parachute" excise taxes; but if such excise taxes apply, we will reimburse the officer on an after-tax basis for any excise taxes incurred by that executive due to payments under the Executive Severance Plan.

Severance Pay Plan

We have adopted the Neenah Paper Severance Pay Plan to provide regular and change in control severance to salaried employees of our U.S. companies. Participation in the Severance Pay Plan is conditioned upon each participant's execution of a noncompete agreement. In the event of a qualifying termination, the Severance Pay Plan generally provides officers (including named executive officers) severance equal to one year of base salary. Other eligible employees generally receive severance equal to one week's pay for each year of employment with a minimum of six weeks pay (provided they are eligible for at least one week of severance pay) and a maximum of 26 weeks pay. In the event of a

qualifying termination within two years following a change in control of our company, the severance pay plan generally provides (i) officers (other than officers covered by the Executive Severance Plan discussed above) with a lump sum severance payment equal to two years of base salary, (ii) director-level employees with one year of base salary, and (iii) other eligible employees with one week's pay for each year of employment with a minimum of six weeks of pay and a maximum of 26 weeks of pay. Payment of severance under the Severance Pay Plan is subject to the employee executing a severance agreement that includes restrictive covenants and a general release of claims against us.

Omnibus Stock and Incentive Compensation Plan

We have adopted the Neenah Paper, Inc. 2004 Omnibus Stock and Incentive Compensation Plan. The purpose of the Omnibus Plan is to encourage ownership in our common stock by those employees, directors and others who have contributed, or are determined to be in a position to contribute, materially to our success, thereby increasing their interest in our long-term success. Grants and awards under the plan may be made to our employees, directors, employees of our affiliated companies, consultants, agents, advisors or independent contractors who perform services for us or our affiliates.

We have reserved 3,500,000 shares of our common stock for issuance under the Omnibus Plan. The number of shares available for issuance under the Omnibus Plan may be adjusted in the event of any corporate reorganization or transaction. In addition, any outstanding awards would be adjusted to reflect any changes in number of shares or exercise price subject to the awards, upon such a corporate event or upon any unusual or nonrecurring event that affects our stock, if appropriate to prevent unintended dilution or enlargement of awards.

The Omnibus Plan is administered by the Compensation Committee, which consists entirely of independent directors. The Compensation Committee may, from time to time, select participants, determine the extent of awards under the plan and make all other necessary decisions and interpretations under the plan. Under the Omnibus Plan, the Compensation Committee, in its discretion, may grant awards of various types of equity-based compensation, including incentive and nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, and performance units, in addition to certain cash-based awards. All grants and awards under the Omnibus Plan are made at fair market value and no grant or award may be repriced after its grant. The terms and conditions of each grant or award are determined by the Compensation Committee at the time of grant and are documented in an award agreement with the participant.

The Omnibus Plan is designed to allow certain awards to meet the requirements for exemptions under Section 16 of the Securities Exchange Act of 1934 and the tax deductibility requirements for performance-based compensation under Code Section 162(m). The Omnibus Plan specifies that the Compensation Committee may design performance-based grants and awards using performance measures for exercisability, vesting or payment subject to the deduction limits of Code Section 162(m) for our Chief Executive Officer and four other most highly compensated officers based on the following: (i) net earnings or net income (before or after taxes); (ii) earnings per share; (iii) net sales or revenue growth; (iv) gross or net operating profit; (v) return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales or revenue); (vi) cash flow (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital); (vii) earnings before or after taxes, interest, depreciation and/or amortization; (viii) gross or operating margins; (ix) productivity ratios; (x) share price (including, but not limited to, growth measures and total shareholder return); (xi) expense targets; (xii) margins; (xiii) operating efficiency; (xiv) customer satisfaction; (xv) working capital targets; (xvi) economic value added; (xvii) volume; (xviii) capital expenditures; (xix) market share; (xx) costs; (xxi) regulatory ratings; (xxii) asset quality; (xxiii) net worth; and (xxiv) safety. Performance measures may be used to measure the performance of our company, our affiliates and/or subsidiaries or any combination thereof, and may be compared to the performance of a group of comparator companies or an index, all as determined by the Compensation Committee.

The Compensation Committee may provide in an award that any evaluation of performance may include or exclude any of the following events: asset write-downs; litigation or claim judgments or settlements; the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; any reorganization or restructuring programs; extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or management's discussion and analysis of financial condition and results of operations appearing in our annual report to shareholders for the applicable year; acquisitions or divestitures; and foreign exchange gains and losses. The Compensation Committee may adjust awards that are intended to be performance-based compensation downward in its discretion, but may not adjust them upward.

Upon a change in control of our company, unless otherwise determined by the Compensation Committee and reflected in a specific award agreement, all outstanding options and stock appreciation rights granted under the Omnibus Plan will become fully exercisable and all other outstanding awards that vest based on service will become fully vested and free of restrictions. Any outstanding awards based on performance, such as performance-based restricted stock, performance-based restricted stock units, performance units, performance shares and performance-based cash-based awards, will be deemed fully vested at target level upon a change in control.

Notwithstanding the above, if a replacement award is provided to the participant following the change in control, the treatment of outstanding awards under the Omnibus Plan will be determined by the Compensation Committee. Upon termination of employment by us without cause, termination by the employee with good reason, or termination of service of a director within two years following a change in control of our company, (i) all replacement awards held by that individual will become fully exercisable, vested and free of restrictions, and (ii) outstanding options and stock appreciation rights that are replacement awards or that were held by that individual as of the date of the change in control will remain exercisable for at least one year following termination of employment or service (but not to exceed the maximum term of the award).

The converted shares preserved the value or loss that existed at the time of conversion. Vesting terms and expiration dates were also preserved. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This Report of the Compensation Committee of the Board of Directors on Executive Compensation discusses the methods that were used to determine executive compensation for the fiscal year ended December 31, 2004. The report specifically reviews the methods employed in setting the compensation of our Chairman of the Board, President and Chief Executive Officer (the "Chief Executive Officer") and generally with respect to all executive officers.

Philosophy

Our compensation policies are designed to accomplish the following key objectives:

- (1) reward executives for long-term strategic management and enhancement of stockholder value;
- (2) support a performance-oriented environment that rewards achievement of internal goals and recognizes our performance compared to the performance of peer companies; and
- (3) attract and retain leaders whose abilities are considered essential to the long-term success and competitiveness of the Company.

In 2004, an outside compensation consultant was engaged to assist us in developing appropriate compensation levels for our executives, based on a comparison of peer group companies and our compensation philosophy. The consultant examined the executive compensation of 14 other companies from the forest and paper products industry. Median revenues for this peer group of 14 companies are \$1.04 billion, ranging from \$551 million to \$2.7 billion. Market capitalization of these companies ranged from \$264 million to \$2.5 billion with a median of \$675 million.

The primary components of our executive compensation are: base salaries; annual cash bonuses for achieving performance goals; and long-term equity-based incentives that may require performance goal achievement as well as continued employment.

Base Salary

Individual base salaries of our named executive officers are set at a level close to median of similar positions at the peer companies noted above. The Committee reviews and approves base salary increases for the named executive officers on an annual basis.

Annual Performance Bonuses

Annual incentives are based on performance against our company's goals that are established at the beginning of the year. Because the Kimberly-Clark annual incentive program and performance objectives were established for Neenah business units at the beginning of 2004, and that 11 months of the year had already been completed at the time of the Spin-Off, the Committee decided to adopt a similar style plan solely for the month of December 2004, continuing the previously established 2004 objectives. This 2004 Management Achievement Award Program, or MAAP, allowed for a payout ranging from 0% to 240% of target. Goals for the 2004 MAAP program included a measurement of both operating profits and return on invested capital. Awards to named executive officers under this plan for December 2004 were 240% of the target award levels due to significant increases over 2003 in our operating profit and return on invested capital. For 2005, the Committee has approved a new Management Incentive Plan, or MIP. MIP bonuses will be paid as a percentage of base salary with a target bonus ranging from 45% to 75% for named executive officers. The amount of the actual bonus awards may be adjusted up or down based on year-end performance results and the actual MIP bonuses can range from 0%, or no payout, to 220% of target if results substantially exceed performance goals, which for 2005 are focused on earnings, paper revenues, pulp volumes, cost savings and corporate safety.

Long-Term Equity Compensation

On August 31, 2004, Kimberly-Clark, acting as our sole stockholder, approved the Neenah Paper, Inc. 2004 Omnibus Stock and Incentive Compensation Plan (the "Omnibus Plan"). In addition, immediately upon the Spin-Off, our Board of Directors ratified the adoption of the Omnibus Plan by unanimous written consent on December 1, 2004. With this approval, we reserved 3,500,000 shares of the common stock for issuance under the Omnibus Plan. Pursuant to the terms of the Omnibus Plan, the Compensation Committee of the Board of Directors may grant awards of various type of equity-based compensation, including incentive and nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares and performance units, in addition to certain cash-based awards. All grants and awards under the Omnibus Plan will be made at fair market value and no grant or award may be repriced after its grant. In general the options expire ten years from the date of grant and vest over a three-year service period.

For 2005, we will grant a combination of stock options and performance share units, each representing approximately 50% of the participant's 2005 long-term incentive compensation award. The options will be granted on two different dates, one grant in February and the second grant in August. The February grant took place on February 21 at a fair market value and exercise price of \$33.19 per share. The Committee also approved in February a target number of performance share units for each participant. The number of units actually earned by each participant will depend on our corporate performance in 2005, specifically our return on invested capital and the revenue growth of our three business units, with pulp price being neutral for pulp sales growth. Based on actual 2005 results, the number of units earned could range from 30% to 225% of target. Once earned at the end of 2005, the performance share units will become vested on December 31, 2007, and then will be subject to a mandatory two-year holding period.

Stock Ownership Guidelines

In keeping with the principles outlined earlier in this report, we believe that the interests of executives and stockholders will be more closely aligned if executives own meaningful amounts of our common stock. Accordingly, the Committee adopted stock ownership guidelines regarding the amount of stock executive officers should own. Under the guidelines, officers subject to the ownership guidelines are expected, over time, to acquire Neenah stock worth up to three times base salary, based on their level of responsibility. The recommended time period for reaching the guidelines is five years. The Committee periodically reviews share ownership levels of those officers subject to the guidelines. If the guidelines are not met, future MIP payments may be made in stock instead of cash and future stock grants may be reduced in size.

Other Benefits

In order to remain competitive in the general marketplace, we offer our named executive officers certain other benefits, including qualified retirement plans, medical and dental insurance, life insurance, disability insurance, paid time off, and paid holidays. These benefits are offered to all other salaried employees in the United States. Highly compensated employees, including executive officers, are eligible for participation in one of the supplemental retirement plans.

In addition to these benefits, in 2005 we will also offer our named executive officers certain reimbursements for financial planning, estate planning and tax preparation services and reimbursement for one annual health physical. We did not pay our executives these reimbursements in 2004.

Compensation of the Chief Executive Officer

Mr. Erwin's annual compensation was raised to \$590,000 on December 1, 2004 in association with our spin-off from Kimberly-Clark. This is just below the median for Chief Executive Officers of peer companies using statistical regression based on company revenues.

Mr. Erwin's 2004 target annual cash bonus award was established at 75% of base salary. The bonus amount paid to Mr. Erwin for 2004 recognized significant growth over 2003 in operating profit for all three business segments, fine paper, technical paper, and pulp, with much stronger than expected returns on invested capital. The actual cash bonus paid by Neenah was for the month of December 2004 only and was in the amount of \$88,500, or 240% of target award for the month under the MAAP program.

On December 1, 2004, Mr. Erwin's 84,000 outstanding Kimberly-Clark stock options were converted to 155,847 stock options for Neenah Paper common stock. On the same date, 5,034 shares of restricted Kimberly-Clark shares that were forfeited due to the Spin-Off were converted to 9,272 shares of restricted Neenah common stock. In addition, Mr. Erwin was awarded 135,700 stock options and 12,820 restricted stock units on December 15 as part of our fresh-start grant for our management team. We believe these equity grants are consistent with our philosophy aligning the interests of Mr. Erwin with those of our stockholders.

The Compensation Committee of the Board of Directors is composed entirely of independent Directors. The Board designates the members and the Chairman of the Committee.

Limitations on the Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits Neenah's tax deduction for compensation over \$1,000,000 paid to each of the Chief Executive Officer and to the four other most highly compensated executive officers. Compensation that meets the requirements for qualified performance-based compensation or certain other exceptions under the Internal Revenue Code is not included in this limit. Our executive compensation for 2004 did not exceed the deductible limit. Generally, the Compensation

Committee desires to maintain the tax deductibility of compensation for executive officers to the extent it is feasible and consistent with the objectives of our compensation programs. However, the Compensation Committee retains the discretion to determine whether the interests of Neenah and its stockholders may be served by providing compensation that is not deductible in order to compensate executive officers in a manner commensurate with performance and the competitive environment for executive talent.

12. At least annually, obtain and review a report by the independent auditors describing: (1) the firm's internal quality-control procedures; and (2) any material issues raised by the most recent internal quality-control review, peer review or Public Company Accounting Oversight Board review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting any independent audits carried out by the firm and any steps taken to deal with any such items.
13. At least annually, receive reports from the Corporation's independent auditors regarding the auditors' independence from management and the Corporation (including the identification of all relationships between the independent auditors and the Corporation, including matters set forth in Independence Standard Board Standard No. 1), discuss such reports with the independent auditors, consider whether the provision of non-audit services by the independent auditors is compatible with the auditors' independence, and, if determined by the Audit Committee, recommend that the Board take action to satisfy itself of the independence of the auditors.
14. Evaluate the performance of the Corporation's independent auditors and lead audit partner, and report its conclusions to the full Board. Ascertain that the Corporation's independent auditors are in compliance with the audit partner rotation rules of the SEC.

Review periodically with management and the internal auditors these procedures and any significant complaints received.
29. Report regularly to the Board any issues that arise with respect to the quality or integrity of the Corporation's financial statements, the Corporation's compliance with regulatory requirements, the performance and independence of the independent auditors and the performance of the internal audit.
30. In consultation with the Nominating and Corporate Governance Committee, conduct an annual evaluation of the performance and effectiveness of the Audit Committee and report the results of that evaluation to the Board.
31. Have such other duties and responsibilities as may be assigned to the Audit Committee, from time to time, by the Board and/or the Chairman of the Board to the extent allowed by applicable law.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for preparing the Corporation's financial statements and the Corporation's independent auditors are responsible for auditing the annual financial statements and for reviewing the unaudited interim financial statements. Nor is it the duty of the Audit Committee to conduct investigations to assure compliance with laws and regulations and the Corporation's Code of Conduct.
