The presence at the meeting, in person or represented by proxy or by voting instruction card, of at least two shareholders holding at least 33¹/₃% of our ordinary shares issued and outstanding on the record date and entitled to vote at the meeting will constitute a quorum for the transaction of business. If within half an hour from the time appointed for the meeting a quorum is not present, the meeting will stand adjourned for one week, to May 26, 2014 at the same hour and place, without any notification to shareholders. If a quorum is not present at the adjourned date of the meeting on May 26, 2014 within half an hour of the time fixed for the commencement thereof, subject to the terms of applicable law, the persons present at the meeting on the adjourned date of May 26, 2014 will constitute a quorum.

As of the date of this proxy statement, no shareholder has advised us of the intent to present any other matter, and we are not aware of any other matters to be presented at the meeting. Our board of directors recommends that you vote your shares "**FOR**" the election of each of the director nominees who are not outside directors identified in this proxy statement, "**FOR**" the election of Mr. David Perlmutter as an additional outside director of our company, "**FOR**" the cash bonus to be paid to Mr. Waldman, "**FOR**" the approval of the grant of 40,000 restricted stock units to Mr. Waldman, "**FOR**" the approval, on an advisory basis, of the compensation of our named executive officers, "**FOR**" the approval of compensation, on an annual basis, in the amount of \$50,000 to Irwin Federman, the chairman of the board of directors, for services rendered in such capacity, and "**FOR**" the appointment of PricewaterhouseCoopers LLP and the authorization of audit committee determination of their fiscal 2014 remuneration.

What shares can I vote at the meeting?

You may vote all of the shares you owned as of April 14, 2014, the record date, including shares held directly in your name as the *shareholder of record* and all shares held for you as the *beneficial owner* through a broker, trustee or other nominee such as a bank.

Table of Contents

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholders of Record. If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company, you are considered, with respect to those shares, the *shareholder of record*, and these proxy materials are being sent directly to you by us. As the *shareholder of record*, you have the right to vote in person at the meeting or direct the proxyholder how to vote your shares on your behalf at the meeting by fully completing, signing and dating the enclosed proxy card and returning it to us in the enclosed postage-paid return envelope.

Beneficial Owner. If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held *in street name*, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee to vote your shares as you instruct in the voting instruction card. The broker, trustee or other nominee may either vote in person at the meeting or grant a proxy and direct the proxyholder to vote your shares at the meeting as you instruct in the voting instruction card. If you hold shares through a broker, trustee or nominee you may also vote in person at the meeting, but only after you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares, giving you the right to vote your shares at the meeting. Your broker, trustee or nominee has enclosed or provided a voting instruction card for you to use in directing the broker, trustee or nominee how to vote your shares.

Table of Contents

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the shareholder of record or as a beneficial owner, you may direct how your shares are voted without attending the meeting by completing and returning the enclosed proxy card or voting instruction card (as described below). If you provide specific instructions with regard to items of business to be voted on at the meeting, your shares will be voted as you instruct on those items. Proxies properly signed, dated and submitted to us that do not contain voting instructions and are not revoked prior to the meeting will be voted **"FOR"** the election of each of the director nominees who are not outside directors identified in this proxy statement, **"FOR"** the election of Mr. David Perlmutter as an additional outside director of our company, **"FOR"** the cash bonus to be paid to Mr. Waldman, **"FOR"** the approval of the grant of 40,000 restricted stock units to Mr. Waldman, **"FOR"** the approval, on an advisory basis, of the compensation of our named executive officers, **"FOR"** the approval of compensation, on an annual basis, in the amount of \$50,000 to Irwin Federman, the chairman of the board of directors, for services rendered in such capacity, and **"FOR"** the appointment of PricewaterhouseCoopers LLP and the authorization of audit committee determination of their fiscal 2014 remuneration.

Voting by Telephone or over the Internet. You may also vote by telephone or over the Internet by following the instructions included on the enclosed proxy card or voting instruction card. You may vote by telephone or over the Internet until 11:59 p.m. Eastern Daylight Time the day before the meeting. The Internet voting procedures comply with California law.

How can I vote my shares in person at the meeting?

Shares held in your name as the shareholder of record may be voted in person at the meeting (after providing proof of identification). Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares at the meeting. You should be prepared to present photo identification for admittance. Please also note that if you are not a shareholder of record but hold shares through a broker, trustee or nominee you will need to provide proof of beneficial ownership as of the record date, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee or other similar evidence of ownership. The meeting will begin promptly at 5:00 p.m. local Israeli time (10:00 a.m. Eastern Daylight Time). Check-in will begin at 4:00 p.m. local Israeli time. ***Even if you plan to attend the meeting, we recommend that you also complete, sign and date the enclosed proxy card or voting instruction card and return it promptly in the accompanying postage-paid return envelope in order to ensure that your vote will be counted if you later decide not to, or are unable to, attend the meeting.***

Table of Contents

Can I change my vote or revoke my proxy?

You may change your vote or revoke your proxy at any time prior to the vote at the meeting. If you are the shareholder of record, you may change your vote by granting a new proxy bearing a later date, which automatically revokes the earlier proxy, by providing a written notice of revocation to our corporate secretary prior to your shares being voted or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. If you are a beneficial owner, you may change your vote by submitting a new voting instruction card to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Is my vote confidential?

Proxy cards, voting instructions, ballots and voting tabulations that identify individual shareholders are not secret; however, all such materials will be handled in a manner intended to reasonably protect your voting privacy. Your vote will not be disclosed, except as required by law and except as required to American Stock Transfer and Trust Company, our transfer agent, to allow for the tabulation of votes and certification of the vote and to facilitate a successful proxy solicitation.

How are votes counted and what vote is required to approve each item?

Each outstanding ordinary share entitles the holder thereof to one vote on each matter considered at the meeting. Shareholders are not entitled to cumulate their votes in the election of directors or with respect to any other matter submitted to a vote of the shareholders pursuant to this proxy statement. The election of each of Eyal Waldman, Dov Baharav, Glenda Dorchak, Irwin Federman and Thomas Weatherford as directors requires the vote of the holders of a majority of the voting power represented at the meeting in person or by proxy or written ballot and voting thereon. You may vote either **"FOR"** or **"AGAINST"** the election of each nominee, or you may abstain. A properly executed proxy marked **"ABSTAIN"** with respect to the election of any nominee will not be voted, although it will be counted for purposes of determining whether there is a quorum present.

Table of Contents

The election of the outside director nominee, Mr. David Perlmutter, requires the vote of the holders of a majority of the voting power represented at the annual general meeting in person or by proxy or written ballot and voting on the election of the outside director, provided that (a) at least one-half of the shares of non-controlling shareholders or shareholders that do not have a personal interest in the election (other than a personal interest which is not the result of an affiliation of the shareholder with the controlling shareholder) voted at the meeting are voted in favor of the election of the outside director nominee (disregarding abstentions) or (b) the total number of shares of non-controlling shareholders or shareholders that do not have such personal interest in the election voted against the election of the outside director nominee does not exceed two percent of the aggregate voting rights in the company. You may vote either **"FOR"** or **"AGAINST"** the election of the outside director nominee, or you may abstain. A properly executed proxy marked **"ABSTAIN"** with respect to the election of the outside director nominee will not be voted, although it will be counted for purposes of determining whether there is a quorum present.

The Company is not currently aware of any controlling shareholder, as such term is defined in the Companies Law. Pursuant to the Companies Law, the term "Personal Interest" is defined as a shareholder's personal interest in an action or a transaction of a company including the personal interest of the shareholder's spouse, siblings, parents, grandparents, descendants, spouse's descendants, siblings or parents or the spouse of any such persons or the personal interest of any entity in which the shareholder or one of the aforementioned relatives of the shareholder serves as a director or a chief executive officer, has the right to appoint a director or the chief executive officer or owns 5% or more of the outstanding shares or voting rights, excluding a personal interest arising solely from ownership of a company's shares ("**Personal Interest**").

The approval of the cash bonus to be paid to Mr. Waldman in the amount of \$60,000 for services rendered for the fiscal year ended December 31, 2013 requires the approval of the holders of a majority of the voting power represented at the meeting in person or by proxy or written ballot and voting thereon provided that (a) at least one-half of the shares of non-controlling shareholders or shareholders that do not have a Personal Interest in such approval voted at the meeting are voted in favor of this proposal (disregarding abstentions) or (b) the total number of shares of non-controlling shareholders or shareholders that do not have such Personal Interest voted against this proposal does not exceed two percent of the aggregate voting rights in the company. You may vote either **"FOR"** or **"AGAINST"** this proposal, or you may abstain. A properly executed proxy marked **"ABSTAIN"** with respect to this proposal will not be voted with respect to such proposal, although it will be counted for purposes of determining whether there is a quorum present.

Table of Contents

The approval of the grant of 40,000 restricted stock units to Mr. Waldman requires the approval of the holders of a majority of the voting power represented at the meeting in person or by proxy or written ballot and voting thereon provided that (i) at least one-half of the shares of non-controlling shareholders or shareholders that do not have a Personal Interest in such approval voted at the meeting are voted in favor of this proposal (disregarding abstentions) or (ii) the total number of shares of non-controlling shareholders or shareholders that do not have such Personal Interest voted against this proposal does not exceed two percent of the aggregate voting rights in the company. You may vote either **"FOR"** or **"AGAINST"** this proposal, or you may abstain. A properly executed proxy marked **"ABSTAIN"** with respect to this proposal will not be voted with respect to such proposal, although it will be counted for purposes of determining whether there is a quorum present.

The approval, on an advisory basis, of the compensation of our named executive officers requires the approval of the holders of a majority of the voting power represented at the meeting in person or by proxy or written ballot and voting thereon. You may vote either **"FOR"** or **"AGAINST"** this proposal, or you may abstain. A properly executed proxy marked **"ABSTAIN"** with respect to this proposal will not be voted with respect to such proposal, although it will be counted for purposes of determining whether there is a quorum present.

A properly executed proxy marked **"ABSTAIN"** with respect to this proposal will not be voted with respect to such proposal, although it will be counted for purposes of determining whether there is a quorum present.

The appointment of PricewaterhouseCoopers LLP and authorization of audit committee determination of their fiscal 2014 remuneration requires the approval of the holders of a majority of the voting power represented at the meeting in person or by proxy or written ballot and voting thereon. You may vote either **"FOR"** or **"AGAINST"** this proposal, or you may abstain. A properly executed proxy marked **"ABSTAIN"** with respect to this proposal will not be voted with respect to such proposal, although it will be counted for purposes of determining whether there is a quorum present.

What is a "broker non-vote"?

Under the rules that govern brokers and banks that have record ownership of our ordinary shares that are held in street name for their clients such as you, who are the beneficial owners of the shares, brokers and banks have the discretion to vote such shares on routine matters. Each of the following matters is considered to be a non-routine matter on which brokers do not have discretion to vote: (i) the election of directors who are not outside directors identified in this proxy statement, (ii) the election of Mr. David Perlmutter as an additional outside director, (iii) the approval of the cash bonus to be paid to Mr. Waldman, (iv) the grant of restricted stock units to Mr. Waldman, (v) the advisory vote to approve the compensation of our named executive officers and (vi) the approval of compensation, on an annual basis, in the amount of \$50,000 to Irwin Federman, the chairman of the board of directors, for services rendered in such capacity. We encourage you to provide instructions to your broker regarding the voting of your shares; otherwise, if you do not provide instructions to your broker or bank regarding how to vote your shares on the non-routine proposals set forth in this proxy, then your shares will **NOT** be voted on these important shareholder proposals.

Further, this means that, without your instructions, your broker may **ONLY** vote your shares on the appointment of PricewaterhouseCoopers LLP. If you do not otherwise instruct your broker or bank, the broker or bank may vote your shares on routine matters. A "broker non-vote" occurs when a broker or bank expressly instructs on a proxy card that it is *not* voting on a matter, whether routine or non-routine.

How are "broker non-votes" counted?

Broker non-votes will be counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will **NOT** be counted in tabulating the voting result for any particular proposal.

How are abstentions counted?

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented by your proxy will be counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will **NOT** be counted in tabulating the voting result for any particular proposal.

What happens if the meeting is adjourned?

Assuming the presence of a quorum, if our annual general meeting is adjourned to another time and place, no additional notice will be given of the adjourned meeting if the time and place of the adjourned meeting is announced at the annual general meeting, unless the adjournment is for more than 21 days, in which case a notice of the adjourned meeting will be given to each shareholder of record as of April 14, 2014 entitled to vote at the adjourned meeting. At the adjourned meeting, we may transact any items of business that might have been transacted at the annual general meeting.

Table of Contents

Who will serve as inspector of elections?

A representative of American Stock Transfer and Trust Company, our transfer agent, will tabulate the votes and act as inspector of elections at the meeting.

What should I do in the event that I receive more than one set of proxy materials?

You may receive more than one set of these proxy solicitation materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. In addition, if you are a shareholder of record and your shares are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive to ensure that all your shares are voted.

Who is soliciting my vote and who will bear the costs of this solicitation?

The enclosed proxy is being solicited on behalf of our board of directors. We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement. In addition to solicitation by mail, our directors, officers, employees and agents may also solicit proxies in person, by telephone, by electronic mail or by other means of communication. We will not pay any additional compensation to our directors, officers or other employees for soliciting proxies.

Where can I find the voting results of the meeting?

We intend to announce preliminary voting results at the meeting and publish the final voting results in a Current Report on Form 8-K filed within four business days after the meeting.

What is the deadline for submitting proposals for consideration at next year's annual general meeting of shareholders or to nominate individuals to serve as directors?

As a shareholder, you may be entitled to present proposals for action at a future meeting of shareholders, including director nominations.

person's relatives, partners, employers or anyone to whom the person is directly or indirectly subjected to or any entity under the person's control) has or had during the two years preceding the date of appointment any affiliation with the company, its controlling shareholder, any of the controlling shareholder's relatives, any other entity under the control of the company or the company's controlling shareholder, the chairman of the board of directors of the company, the company's chief executive officer, any beneficial owner of 5% or more of the issued shares or the voting power of the company or the most senior executive officer of the company in the finance field.

The term affiliation includes:

an employment relationship;

a business or professional relationship maintained on a regular basis;

control; and

service as an office holder, excluding service as a director in a private company prior to the first offering of its shares to the public if such director was appointed as a director of the private company in order to serve as an outside director following the public offering.

"Office holder" is defined in the Companies Law as a chief executive officer, chief business manager, deputy general manager, vice general manager, any person who holds such position in the company even if such person holds a different title, any director and other manager or officer who reports directly to the chief executive officer.

No person can serve as an outside director if his or her position or other business interests create, or may create, a conflict of interest with his or her responsibilities as an outside director or may otherwise interfere with his or her ability to serve as an outside director.

No person can serve as an outside director if the person (or any of the person's relatives, partners, employers, anyone to whom the person is directly or indirectly subjected to or any entity under the person's control) has business or professional relations with anyone the affiliation with whom is forbidden under the Companies Law, even if those affiliations are not general, excluding negligible affiliations.

Our outside directors are required to possess professional qualifications as set out in regulations promulgated under the Companies Law. In addition, our board of directors is required to determine how many of our outside directors should be required to have financial and accounting expertise. In determining such number, the board of directors must consider, among other things, the type and size of the company and the scope and complexity of its operations.

Under the Companies Law, each of our outside directors must also serve on our audit committee and compensation committee.

Under the Companies Law, until the lapse of two years from termination of office (and with respect to a relative of an outside director who is not the outside director's spouse or child, one year from termination of office), we may not grant a person who served as an outside director of the company, or to its spouse or child, any benefit, directly or indirectly, and may not engage a person who served as an outside director of the company, or its spouse or child as an office holder of the company or an entity under the control of the company's controlling shareholder and cannot employ or receive services from that person, either directly or indirectly, including through a corporation controlled by that person.

Table of Contents

Outside directors will be elected by the approval of the holders of a majority of the voting power represented at the meeting in person or by proxy or written ballot, provided that either:

at least one-half of the shares of non-controlling shareholders or shareholders that do not have a personal interest in the election (other than a personal interest which is not the result of an affiliation of the shareholder with the controlling shareholder) voted at the meeting are voted in favor of the election of the outside director nominee (disregarding abstentions); or

the total number of shares of non-controlling shareholders or shareholders that do not have such personal interest voted against the election of the outside director nominee does not exceed two percent of the aggregate voting rights in the company.

The initial term of an outside director is three years. Thereafter, an outside director of a company whose shares are traded only on the NASDAQ, like the company, may be re-elected by the shareholders to additional terms of three years each, provided that the audit committee and the board of directors confirm that, in light of the outside director's expertise and special contribution to the work of the board of directors and its committees, the re-election for such additional period(s) is beneficial to the company. An outside director may be removed only by the same percentage of shareholders as is required for his or her election, or by a court, and then only if he or she ceases to meet the statutory requirements for his or her appointment or if he or she violates the duty of loyalty to the company.

PROPOSAL FIVE ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS ("SAY-ON-PAY VOTE") AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND NARRATIVE DISCUSSION SET FORTH IN THIS PROXY STATEMENT

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or Dodd-Frank Act, enables our shareholders to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

Summary

As required pursuant to Section 14A of the Exchange Act, we are asking our shareholders to provide advisory approval of the compensation of our named executive officers, as defined in the "Compensation Discussion and Analysis" section below, as such compensation is described in such section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this proxy statement. Our compensation program for our named executive officers is designed to reward high performance and innovation, to promote accountability and to ensure that executive interests are aligned with the interests of our shareholders. The following is a summary of the primary components of our named executive officer compensation. We urge our shareholders to review the Compensation Discussion and Analysis section of this proxy statement and executive-related compensation tables for more information.

Table of Contents

One component of our compensation program is base compensation or salary. We design base salaries to fall within a competitive range of the companies against which we compete for executive talent. As we have grown and matured as a public company, our compensation objectives have continued to evolve and the base salaries for our named executive officers were increased in 2011 and 2012 so that they would be closer to the market median but not increased in 2013. The named executive officers' 2013 base salaries were either at the median of the market survey data or between the 40-45th percentile of the survey data, as discussed more fully in the "Compensation Discussion and Analysis" section of this proxy statement. Generally, the base salary established for an individual named executive officer reflects many inputs, including our chief executive officer's assessment of the named executive officer's performance, the level of responsibility the named executive officer bears and competitive pay levels based on salaries paid to employees with similar roles and responsibilities based on market survey data.

Another component of our compensation program is annual cash bonuses. We structure our annual cash bonus award program to reward named executive officers for our company's successful performance, measured on the basis of our operating income (determined on a non-GAAP basis), and for each individual's contribution to that performance in accordance with the Company's Compensation Statement. Our operational and financial performance during 2013 drove our annual cash incentive payouts. Consistent with our approach of placing a greater emphasis on equity compensation, our compensation committee awarded bonuses under the company's annual cash bonus compensation program in February 2014 for services performed in the year ended December 31, 2013 that ranged from 12% to 17% of each named executive officer's, other than our chief executive officer's, base salary paid during 2013. These bonus amounts represented between approximately 1.4 and 2 months of base salary for each executive.

The third component of our compensation program is equity awards. In 2013, we granted restricted stock units to our named executive officers in order to align their interests with the interests of our shareholders by tying the value delivered to our named executive officers to the value of our ordinary shares. We also believe that restricted stock unit grants to our named executive officers provide them with long-term incentives that will aid in retaining executive talent by providing opportunities to be compensated through the company's performance and rewarding executives for creating shareholder value over the long-term.

The say-on-pay vote is advisory, and therefore not binding on the company, the compensation committee or our board of directors. Our board of directors believes that the information provided above and within the Compensation Discussion and Analysis and compensation tables included in this proxy statement demonstrates that our named executive officer compensation is designed to provide incentives and rewards for our short-term, mid-term and long-term performance, and is structured to motivate the company's named executive officers to meet our strategic objectives, thereby maximizing total return to shareholders.

The following resolution will be submitted for a shareholder vote at the annual general meeting:

"RESOLVED, that the shareholders of Mellanox approve, on an advisory basis, the compensation of Mellanox's named executive officers, as disclosed in the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth in this proxy statement."

Our board of directors has adopted a policy providing for an annual say-on-pay advisory vote. Unless our board of directors modifies its policy on the frequency of future say-on-pay advisory votes, the next say-on-pay advisory vote will be held at the 2015 annual general meeting of shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DESCRIBED IN THE COMPENSATION DISCUSSION AND ANALYSIS, COMPENSATION TABLES AND NARRATIVE DISCUSSION SET FORTH IN THIS PROXY STATEMENT, AS DESCRIBED IN THIS PROPOSAL FIVE.

PROPOSAL SIX APPROVAL OF COMPENSATION, ON AN ANNUAL BASIS, TO IRWIN FEDERMAN, THE CHAIRMAN OF THE BOARD OF DIRECTORS, FOR SERVICES RENDERED IN SUCH CAPACITY

Under Israeli law, the terms of service of the members of the board of directors of a public company, including the chairman of the board of directors, require the approval of the shareholders following the approval of the compensation committee and the board of directors. In recognition that our board structure now includes a non-employee chairman of our board of directors, Irwin Federman, each of our compensation committee and our board of directors, subject to the approval of our shareholders at this meeting, has approved an annual retainer to Mr. Federman, the chairman of the board of directors, in the amount of \$50,000 for services rendered in his capacity as chairman. Such amount will be in lieu of any annual compensation to which the chairman would otherwise be entitled from his service as a board member, but in addition to any annual compensation to which he is entitled from his service on a committee of the board, in each case, pursuant to the compensation program for non-employee directors of the Company as approved at the 2013 annual general meeting of shareholders.

Board of Directors' Recommendation

THE BOARD OF DIRECTORS, FOLLOWING THE APPROVAL OF THE COMPENSATION COMMITTEE, APPROVED AND RECOMMENDS THAT YOU VOTE *FOR* THE COMPENSATION, ON AN ANNUAL BASIS, TO IRWIN FEDERMAN, THE CHAIRMAN OF THE BOARD OF DIRECTORS, FOR SERVICES RENDERED IN SUCH CAPACITY, AS DESCRIBED IN THIS PROPOSAL SIX.

PROPOSAL SEVEN APPROVAL OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AND AUTHORIZATION OF AUDIT COMMITTEE DETERMINATION OF REMUNERATION

The audit committee of our board of directors has selected PricewaterhouseCoopers LLP as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2014.

Shareholder approval of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 is required under the Companies Law. The audit committee of our board of directors believes that such appointment is appropriate and in the best interests of the company and its shareholders. Subject to the approval of this proposal, the audit committee will fix the remuneration of PricewaterhouseCoopers LLP in accordance with the volume and nature of their services to the company.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual general meeting of shareholders. They will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from our shareholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* THE APPROVAL OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014 AND THE AUTHORIZATION OF OUR AUDIT COMMITTEE TO DETERMINE THEIR FISCAL 2014 REMUNERATION IN ACCORDANCE WITH THE VOLUME AND NATURE OF THEIR SERVICES, AS DESCRIBED IN THIS PROPOSAL SEVEN.

Audit and Non-Audit Services

Subject to shareholder approval of the audit committee's authority to determine remuneration for their services, the audit committee is directly responsible for the appointment, compensation and oversight of our independent auditors. In addition to retaining PricewaterhouseCoopers LLP to audit our consolidated financial statements for the fiscal year ended 2013, the audit committee retained PricewaterhouseCoopers LLP to provide other non-audit and advisory services in 2013. The audit committee has reviewed all non-audit services provided by PricewaterhouseCoopers LLP in 2013 and has concluded that the provision of such non-audit services was compatible with maintaining PricewaterhouseCoopers LLP's independence and that such independence has not been impaired.

The aggregate fees billed by PricewaterhouseCoopers LLP for audit and non-audit services in 2013 and 2012 were as follows:

Service Category	Fiscal Year Ended	
	December 31,	
	2013	2012
Audit Fees	\$ 1,175,000	\$ 900,000
Audit-Related Fees	350,000	
Tax Fees(1)	230,000	260,000
All Other Fees	50,000	37,800
Total	\$ 1,805,000	\$ 1,197,800

(1)

Tax Fees for 2013 not pre-approved by the Audit Committee or the Board of Directors comprise 3.9% of the total fees billed to us by PricewaterhouseCoopers LLP for services provided in 2013. Such services were subsequently approved by the Audit Committee prior to the completion of the audit.

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees for professional services for the audit and review of our annual consolidated financial statements, as well as fees for issuance of consents and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements except those not required by statute or regulation; "audit-related fees" are fees for assurance and related services that were reasonably related to the performance of the audit or review of our financial statements, including attestation services that are not required by statute or regulation, due diligence and any services related to acquisitions; "tax fees" are fees for tax compliance, tax advice and tax planning; and "all other fees" are fees for any services not included in the first three categories, including services related to updating salary structures for our employees (non-executive officers), an application previously submitted to the Israeli Office of Chief Scientist and our enterprise status in Israel.

REPORT OF THE AUDIT COMMITTEE(1)

The audit committee, which currently consists of Messrs. Weatherford, Baharav and Riordan and Ms. Johnson, evaluates audit performance, manages relations with our independent registered public accounting firm and evaluates policies and procedures relating to internal accounting functions and controls. The board of directors adopted a written charter for the audit committee in December 2000 and most recently amended it in April 2012, which charter details the responsibilities of the audit committee. This report relates to the activities undertaken by the audit committee in fulfilling such responsibilities.

The audit committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The audit committee oversees the company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and reporting process, including the company's systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed with management the audited financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2013. This review included a discussion of the quality and the acceptability of the company's financial reporting and controls, including the clarity of disclosures in the financial statements.

The audit committee also reviewed with the company's independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of the company's audited financial statements with generally accepted accounting principles, its judgments as to the quality and the acceptability of the company's financial reporting and such other matters required to be discussed with the audit committee under generally accepted auditing standards in the United States including the matters required to be discussed by Auditing Standards No. 16, "Communications with Audit Committees" issued by the Public Company Accounting Oversight Board.

The audit committee has received the written disclosures and the letter from the company's independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm its independence.

The audit committee further discussed with the company's independent registered public accounting firm the overall scope and plans for its audits. The audit committee meets periodically with the independent registered public accounting firm, with and without management present, to discuss the results of the independent registered public accounting firm's examinations and evaluations of the company's internal controls, and the overall quality of the company's financial reporting.

The Sarbanes-Oxley Act of 2002 and the auditor independence rules of the SEC require all issuers to obtain pre-approval from their respective audit committees in order for their independent registered public accounting firms to provide professional services without impairing independence. As such, the audit committee has a policy and has established procedures by which it pre-approves all audit and other permitted professional services to be provided by the company's independent registered public accounting firm. From time to time, the company may desire additional permitted professional services for which specific pre-approval is obtained from the audit committee before provision of such services commences. The audit committee has considered and determined that the provision of the services

other than audit services referenced above is compatible with maintenance of the auditors' independence.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2013, which was filed with the SEC on February 28, 2014.

REPORT OF THE COMPENSATION COMMITTEE(2)

Our compensation committee reviews and recommends our programs, policies and practices relating to the compensation and benefits of our officers and employees. Our compensation committee, in consultation with our chief executive officer, or our CEO, (other than with respect to his own compensation) and our board of directors, decides how much cash compensation should be part of each of our officer's total compensation by benchmarking to a peer group of companies, which we refer to as our Peer Group Companies, and considers the relative importance of short-term incentives. In addition, our compensation committee, in consultation with our CEO (other than with respect to his own compensation), makes recommendations to our board of directors regarding equity-based compensation to align the interests of our management with shareholders, considering each named executive officer's equity holdings. Our compensation committee also manages the granting of options to purchase our ordinary shares and restricted stock units under our equity incentive plans. Under the Companies Law and subject to its provisions, compensation for officers (other than directors and chief executive officer) is required to be approved by the compensation committee and the board of directors. Compensation for our chief executive officer is required to be approved by the shareholders, following the approval by the board of directors and compensation committee. Our compensation committee will review and evaluate, at least annually, our incentive compensation plans. All members of our compensation committee are independent under the applicable rules and regulations of the SEC, the NASDAQ Stock Market and the U.S. Internal Revenue Service.

Our compensation committee has reviewed and discussed the Compensation Discussion and Analysis, or CD&A, for the year ended December 31, 2013 with management. In reliance on the reviews and discussion referred to above, our compensation committee recommended to our board of directors that the CD&A be included in the proxy statement for the 2014 annual general meeting of shareholders, which is incorporated by reference into the Annual Report on Form 10-K for the year ended December 31, 2013, each as filed with the SEC.

The foregoing report is provided by the undersigned members of our compensation committee.

COMPENSATION DISCUSSION AND ANALYSIS

We invest our resources to grow our business in a manner that we believe will increase shareholder value. To further this objective, our compensation committee oversees our compensation program to support and reward the achievement of our financial goals and to promote the attainment of other key business objectives. In order to conduct our business effectively, we must attract, motivate and retain highly qualified employees. Our compensation program, the principles of which are included in our Compensation Statement, is designed to reward high performance and innovation, to promote accountability and to ensure that executive interests are aligned with the interests of our shareholders.

Our named executive officers for 2013 were Eyal Waldman, president and CEO; Jacob Shulman, chief financial officer; Marc Sultzbaugh, senior vice president of worldwide sales; Shai Cohen, chief operating officer; and Roni Ashuri, senior vice president of engineering.

2013 Financial Results and Link to Pay Decisions

Company Financial Performance. In fiscal year 2013, we achieved the following levels of revenue, cash flow and profitability:

Revenue for 2013 was 390.9 million, a decrease of 22 percent from revenue of \$500.8 million reported in 2012.

GAAP net loss in 2013 was \$22.9 million or \$0.53 per diluted share, compared to net income of \$111.4 million or \$2.54 per diluted share in 2012.

Non-GAAP net income in 2013 was \$40.9 million, or \$0.90 per diluted share, compared to \$155.7 million or \$3.60 per diluted share in 2012. 2013 non-GAAP net income excludes \$45.1 million of share-based compensation expenses, amortization of acquired intangible assets of \$13.9 million and acquisition-related expenses of \$4.7 million. 2012 non-GAAP net income excludes \$35.0 million of share-based compensation expenses and amortization of acquired intangible assets of \$9.3 million.

The company generated \$52.0 million in cash from operating activities for the year.

Cash and investments at December 31, 2013 were \$330.2 million compared to 426.3 million at year-end 2012.

Base Salaries. The base salaries of our named executive officers were not increased in 2013.

Cash Bonuses Reflected 2013 Company Performance. We structured our 2013 annual cash bonus award program to reward named executive officers for our company's successful performance, measured on the basis of our non-GAAP operating income, and for each individual's contribution to that performance and all in accordance with the criteria set forth in our Compensation Statement. For 2013, the total profit sharing pool was \$4.8 million and represented 10% of our non-GAAP operating income, which, inclusive of this expense was \$43.4 million.

Equity as a Key Component of Compensation. In February 2013, our compensation committee and board of directors granted each of our named executive officers (other than our CEO) restricted stock unit awards that were consistent with the levels awarded in 2012. Following shareholder approval at our 2013 annual general meeting of shareholders, our CEO was granted 65,000 restricted stock units. The size of Mr. Waldman's 2013 award was less than his 2012 grant by 23%. Our 2013 restricted stock unit awards are subject to vesting over four years, aid in retaining executive talent and reward executives for creating shareholder value over the long term.

Table of Contents

In this Compensation Discussion and Analysis section, we discuss the material elements of our compensation programs and policies, including program objectives and reasons why we pay each element of our executives' compensation. Following this discussion, you will find a series of tables containing more specific details about the compensation earned by, or awarded to, our named executive officers. This discussion focuses principally on compensation and practices relating to the named executive officers for 2013.

Compensation Philosophy and Objectives

Our compensation philosophy, the principles of which are included in our Compensation Statement, includes compensating our executives at levels that are competitive with our peer group companies, discussed more fully below, in order to attract and retain talented executives and to provide equity incentives that align the interests of our executives with the interests of our shareholders.

Historically, we paid base salaries to our named executive officers that were less than the median base salaries paid to executive officers of our peer group companies. As we have grown and matured as a public company, our compensation objectives have continued to evolve and the base salaries for our named executive officers were increased in 2011 and 2012 so that they would be closer to the median but were not increased in 2013. The named executive officers' 2013 base salaries were either at the median of the survey data, discussed more fully below, or between the 40-45th percentile of the survey data. Generally, bonus awards for 2013 were set in reference to performance during 2013 and based on the criteria set forth in the Compensation Statement.

We seek to align the interests of our executives and other employees with the interests of our shareholders by granting our executives and other employees equity awards. In 2013, our compensation committee and board of directors granted our named executive officers restricted stock units. Our compensation committee and board of directors believe that restricted stock units can provide value certainty in an uncertain economic environment while continuing to align the interests of our executives and other employees with the interests of our shareholders.

In order to provide our named executive officers employment security so that they can remain focused on our business in the event of a potential change in control, we have entered into executive severance benefits agreements with each of our named executive officers that provide for certain payments and other severance benefits in the event their service is terminated following a change in control of our company. We believe that these executive severance benefits agreements help attract and retain talented executives by ensuring their efforts remain focused on our shareholders' long term interests rather than the individual executive's short term employment-related interests.

We believe that the cash compensation (including base salary and annual cash bonus awards) and equity award grants we provide, along with the security provided by restricted stock units and executive severance benefits agreements, created a competitive total compensation package for our named executive officers for 2013.

Components of Compensation

Our executive compensation program has three primary components: (i) base compensation or salary, (ii) annual cash bonuses and (iii) equity awards, including awards of restricted stock units. Our program is designed to provide incentives and rewards for our short-term, mid-term and long-term performance, and is structured to motivate the company's named executive officers to meet our strategic objectives, thereby maximizing total return to shareholders. In addition, we provide our named executive officers with benefits that we also generally make available to all salaried employees in the geographic location where they are based. In Israel, we make contributions on behalf of most of our employees, including our named executive officers, to an education fund and also to a fund known as Managers' Insurance, which provides a combination of retirement plan, insurance and severance pay

Table of Contents

benefits to Israeli employees, and permit employees to participate in the company's automobile leasing program, under which we pay for gas, maintenance, insurance and the cost of normal wear and tear of the vehicle over the life of the lease. We make matching 401(k) plan contributions in an amount up to 4% of base salary for all employees based in the United States, including our U.S.-based named executive officers.

Our executive compensation program is administered by our compensation committee, which is currently comprised of four independent members (including the Company's outside directors as required by the Companies Law) of, and reports to, our board of directors. Operating under its charter, our compensation committee reviews, in consultation with management and the board of directors, and evaluates the Compensation Statement, including the compensation plans, policies and programs of the company. In addition, our compensation committee reviews and recommends to our board of directors the approval of our CEO's compensation (including base salary, cash bonuses and equity awards, including stock option grants and awards of restricted stock units). Our compensation committee also annually evaluates and approves certain elements of our other named executive officers' compensation, including compensation of other officer holders of the Company (as the term "officer holder" is defined in the Companies Law). These annual evaluations include, inter alia: (i) consideration of the current levels and components of compensation paid to our named executive officers and office holders (ii) consideration of the mix of cash incentives and long-term equity awards (iii) a review of compensation paid by survey companies to executives in positions comparable to those held by our named executive officers and office holders (iv) consideration of the ratio between an officer holder's compensation and the salary paid to other employees and contractors of the Company, including without limitation, the ratios to the median and average salaries of such employees and contractors, and whether such variation has an effect on employment relationships within the Company; and (v) consideration of the education, skills, expertise, professional experience and accomplishments of the office holder, his or her role, responsibilities and previous compensation arrangement of the office holders.

Pursuant to the Companies Law, the compensation of our named executive officers (other than our CEO) and the compensation of other office holders (who are not directors) who report directly to our CEO must be approved by our board of directors following the approval by our compensation committee. In accordance with the Companies Law, our CEO's compensation must be approved by our compensation committee, board of directors and shareholders.

Approach for Determining Form and Amount of Compensation

Comparison to Market Practices. In making compensation decisions, our compensation committee and board of directors reference third-party surveys that provide compensation data and review feedback from an independent compensation consultant.

For 2012 and 2013, our compensation committee and board of directors referred to data from, respectively, a 2012 and 2013 Radford Executive Survey U.S., an independent third-party national compensation survey, and a local Israeli-based Zviran survey, an independent third-party survey of compensation practices by large high-tech companies in Israel, which, together, we refer to as the Surveys. The Radford survey was filtered so that it consisted of companies in the San Francisco Bay Area with revenues of between \$200 million and \$500 million. The industry data from the Surveys consists of salaries and other compensation paid by companies to executives in positions comparable to those held by our named executive officers. Specifically, we reviewed data on named executive officer positions in the United States from the Radford survey and for positions in Israel from the Zviran survey.

Table of Contents

The Role of Our Chief Executive Officer. Our CEO provides our compensation committee with his assessment of the performance levels of the company and our named executive officers (other than himself) and his recommendations with respect to compensation of our named executive officers (other than himself). Our compensation committee believes it is important to consider and evaluate our CEO's input on matters concerning compensation of other named executive officers. The compensation committee believes that our CEO's input regarding our other named executive officers' individual performances, as well as the expected contributions and future potential of each of them, is useful because each other named executive officer reports directly to our CEO, and our CEO interacts with our other named executive officers on an ongoing basis throughout the year.

Pursuant to the Companies Law, the compensation of our named executive officers and the compensation of other office holders (who are not directors) who report directly to our CEO must also be approved by our board of directors following the approval by our compensation committee (and with respect to our CEO's compensation, also by our shareholders).

Base Salary

We design base salaries to fall within a competitive range of the companies against which we compete for executive talent. We endeavor to set the base salaries of our named executive officers near the market 50th percentile. For 2013, the named executive officers' base salaries fell at or below the 50th percentile of the Survey data. Generally, the base salary established for an individual named executive officer reflects many inputs, including our CEO's assessment of the other named executive officers' performance, the level of responsibility the named executive officers bear, and competitive pay levels based on salaries paid to employees with similar roles and responsibilities at the peer group companies.

Our CEO's base salary reflects his central management role, which is consistent with our review of CEO salaries in the salary surveys referenced above. The base salaries of other named executive officers are determined based on their overall duties and responsibilities within the company, their experience and qualifications and the base salaries paid by the companies participating in the Surveys for similar roles.

The Company did not increase the base salaries of its executive officers, including the CEO, in 2013.

Annual Cash Bonus Program

We structured our 2013 annual cash bonus award program to reward named executive officers for our company's successful performance, measured on the basis of our non-GAAP operating income, and for each individual's contribution to that performance. We initiated our annual cash bonus program in 2005 and since then, other than with respect to our CEO, annual cash bonuses have not constituted a significant portion of our named executive officers' total compensation because we primarily rely on equity awards to provide incentives to our named executive officers.

Under our annual cash bonus award program, our employees in good performance standing, including our named executive officers, are eligible to receive an award, in accordance with the criteria set forth in our Compensation Statement from a bonus pool in an amount that is determined annually.

The annual bonus pool amount is determined by our compensation committee based on its assessment of our achievement of our operating plan and company profitability. For 2013, the total profit sharing pool was \$4.8 million and represented 10% of our non-GAAP operating income, which, inclusive of this expense was \$43.4 million. Based on consultation with our CEO, in 2013 the compensation committee and board of directors determined and approved the amount of each named

Table of Contents

executive officer's bonus award from this pool for purposes of compensating them for their individual contributions to our fiscal 2013 financial performance.

In accordance with our Compensation Statement, the maximum annual value of the cash bonus payable for each of our office holders shall not exceed two times such office holder's annual base salary. Consistent with our approach of placing a greater emphasis on equity compensation, our compensation committee awarded bonuses under the company's annual cash bonus compensation program in March 2014 for services performed in the year ended December 31, 2013 that ranged from 12% to 17% of each named executive officer's, other than our CEO's, base salary paid during 2013. Specifically, Mr. Shulman was awarded \$30,000, which represents 12% of his base salary; Mr. Sultzbaugh was awarded \$42,500, which represents approximately 16% of his base salary; Mr. Cohen was awarded \$40,000, which represents approximately 17% of his base salary; and Mr. Ashuri was awarded \$30,000, which represents approximately 13% of his base salary. Payments under the annual cash bonus program were contingent upon continued employment through the actual date of payment, which was April 1, 2014. These bonus amounts represented between approximately 1.4 and 2 months of base salary for each executive and are consistent with our Compensation Statement. The size of each bonus was based upon our compensation committee's assessment of each named executive officer's performance and his ability to influence our company's performance.

In February 2014, upon the recommendation and approval of our compensation committee, our board of directors approved a cash bonus to our CEO, Eyal Waldman, in the amount of \$60,000, which represented 13% of his base salary, for services performed in the year ended December 31, 2013 pursuant to the company's annual cash bonus compensation program. Mr. Waldman received a larger bonus than other participants in the program because of his larger base salary and overall responsibility for our company. Payment to Mr. Waldman of this bonus remains subject to approval by our shareholders at our 2014 annual general meeting to which this proxy document relates.

Policies with Respect to Equity Compensation Awards

Historically we have granted stock options and restricted stock units to our named executive officers in order to align their interests with the interests of our shareholders by tying the value delivered to our named executive officers to the value of our ordinary shares. Annual stock option and restricted stock unit grants provide our named executive officers with long-term incentives that aid in retaining executive talent and reward executives for creating shareholder value over the long term. We may also make grants of stock options and restricted stock units at the discretion of our board of directors and the compensation committee in connection with the hiring or promotion of new executive officers.

Our annual awards of restricted stock units made to existing employees in February 2013, including our named executive officers, vest over four years at the rate of $\frac{12}{48}$ th of the shares on February 1, 2014, and thereafter at the rate of $\frac{3}{48}$ th of the original number of shares on the first day of each quarterly period of May, August, November and February commencing May 1, 2014, with the last $\frac{3}{48}$ th of the original number of shares vesting on February 1, 2017, so long as the restricted stock unit holder remains an officer or employee of the company. We set these vesting schedules in order to provide an incentive to our employees, including our named executive officers, to continue their employment with us over the long term and, with respect to the restricted stock units, generally to provide them the opportunity to sell their vested shares to cover taxes incurred with vesting during a period following the public release of our prior quarter's fiscal operating results.

Generally, we determine the size of each equity award to a named executive officer after considering, inter alia, the role of each named executive officer within our company, the criticality of his function within the organization and the named executive officer's current equity position from previous equity awards. Since long-term incentive compensation levels fluctuate from year to year

Table of Contents

(depending on each company's granting patterns, valuation assumptions, and stock price), we generally review surveys using long-term incentive information from our peer group companies under both a value approach, which is based on the fair value of long-term incentive awards, and a percentage of common shares outstanding approach, which compares the number of shares subject to each long-term incentive award to the number of shares outstanding for each company.

In February 2013, our board of directors granted each of our named executive officers restricted stock units as follows: Mr. Shulman, 9,000; Mr. Sultzbaugh, 14,000; Mr. Cohen, 14,000; and Mr. Ashuri 13,000. These award levels were consistent with the levels awarded in 2012, except that Mr. Sultzbaugh's award was decreased in order to align it with the grants to our other named executive officers. The initial determinations with respect to the number of restricted stock units granted to each named executive officer and the vesting terms were made by our compensation committee in consultation with our CEO (except for his own grant). The size of each award correlates to our compensation committee's determination of the ability of each executive to influence the Company's performance and results. In 2013, our compensation committee and CEO reviewed the Surveys, but did not target a particular percentile or engage in any benchmarking. Our compensation committee and our CEO (except with respect to his own grant) recommended the number of restricted stock units and the vesting terms to our board of directors.

Following shareholder approval at our 2013 annual general meeting of shareholders, upon the recommendation and approval of our compensation committee and the approval of our board of directors, our CEO was granted 65,000 restricted stock units, which also vest in accordance with the schedule described above. The size of Mr. Waldman's 2013 award was lower than his 2012 grant by 23%.

Pursuant to the Companies Law, the compensation of our named executive officers (other than our CEO) and the compensation of other office holders (who are not directors) who report directly to our CEO must be approved by our board of directors following the approval by our compensation committee. In accordance with the Companies Law, our CEO's compensation must be approved by our compensation committee, board of directors and shareholders.

The company does not have any equity ownership guidelines that require any of our directors or executive officers to hold a stated number or fixed percentage of our ordinary shares.

In accordance with our Compensation Statement, the maximum annual value of variable compensation components (cash bonuses and equity grants) for all office holders of the Company shall not exceed two percent (2%) of the Company's market cap. The compensation approved for payment to our office holders for the year 2013 complies with this requirement.

Change of Control Severance Arrangements

We have entered into executive severance benefits agreements with each of our named executive officers which provide that if the executive's employment with our company is terminated without cause or if the executive is constructively terminated (as these terms are defined in the agreements), and the executive provides us a general release of all claims, in each case during the 12-month period following a change of control (as defined in the agreements) of our company, then the executive is entitled to receive the following payments and benefits:

Continuation of the named executive officer's salary for six months at a per annum rate of 120% of the executive's annual base salary in effect on the termination date.

In the case of a named executive officer who resides in the United States, if the named executive officer elects COBRA coverage under our group health plan, payment for the cost to continue COBRA coverage for the named executive officer and his eligible dependents for up to 12 months following the termination date.

Table of Contents

Accelerated vesting and immediate exercisability of the named executive officer's outstanding and unvested stock awards as to 50% of the total number of unvested shares subject to such outstanding and unvested stock option awards.

We determined the amount of these payments and benefits prior to our initial public offering by reference to the general practices of public companies in our industry at that time.

The benefits payable under the severance agreements are in addition to payments or other benefits, if any, that any named executive officer who resides in Israel may be entitled to receive under applicable Israeli law. Israeli law generally requires severance pay equal to one month's salary for each year of employment upon the retirement, death or termination without cause (as defined in the Israeli Severance Pay Law) of an employee. To satisfy this requirement, we make contributions on behalf of most of our Israeli-based employees to a fund known as Managers' Insurance or to a pension fund. These funds provide a combination of pension plan, insurance and severance pay benefits to the employee, giving the employee or his or her estate payments upon retirement or death and securing the severance pay, if legally entitled, upon termination of employment. Each full-time Israeli employee and hourly employee as of September 2012, including each of our Israeli-based named executive officers, is entitled to participate in the plan. Each employee who participates contributes an amount between 5% and 5.5% of his or her salary to the pension plan and we contribute between 13.33% and 16.83% of his or her salary (consisting of between 5% and 6% to the pension plan, 8.33% for severance payments and up to 2.5% for disability insurance). In addition to the above, each full-time Israeli employee, including each of our Israeli-based named executive officers, is entitled to participate in an education fund plan. Each employee who participates contributes an amount equal to 2.5% of his or her salary to the education fund and we contribute 7.5% of his or her salary.

Within the context of our compensation philosophy, the compensation committee believes the terms of our executive severance agreements with our named executive officers will encourage their continued attention and dedication to their assigned duties through and following any change of control of our company. We believe that the terms of these agreements will further ensure that each of our named executive officers will continue to remain focused on the long-term objective of delivering shareholder value during and following a change of control event if they are assured that their long-term employment interests are reasonably provided for with a competitive market severance arrangement. We believe that these executive severance agreements thus help ensure the best interests of our shareholders.

The potential payments under the executive severance benefits agreements as of December 31, 2013 are set forth below under the heading " Potential Payments Upon Termination Following a Change of Control."

Perquisites

Historically, from time to time, our compensation committee and board of directors have provided certain of our named executive officers with perquisites that we believe are reasonable. We do not view perquisites as a significant element of our comprehensive compensation structure, but do believe they can be useful in attracting, motivating and retaining the below named executive officers. We believe that these additional benefits may assist our executive officers in performing their duties and provide time efficiencies for our executive officers in appropriate circumstances, particularly when we require frequent or lengthy travel, and we may consider providing additional perquisites in the future. In 2013, our named executive officers received the perquisites set forth in the table below, which our

Table of Contents

compensation committee determined were appropriate in order to facilitate the efforts of Mr. Waldman and Mr. Sultzbaugh on behalf of our company while at our California headquarters.

Name	Perquisite
Eyal Waldman	Housing and housing-related expense reimbursement Tax reimbursement related to perquisites provided
Marc Sultzbaugh	Car expense reimbursement Housing and housing-related expense reimbursement Select travel reimbursement Tax reimbursement related to perquisites provided

The table above does not include automobile-related expense reimbursement, insurance reimbursement, retirement fund contributions, severance fund contributions and education fund contributions, all of which are provided to all of our employees, including our named executive officers, who are based in Israel.

In the future, we may provide additional perquisites to our named executive officers as an element of their overall compensation structure. We do not expect these perquisites to be a significant element of our compensation structure. All future practices regarding perquisites will be approved and subject to periodic review by our compensation committee and/or board of directors. In addition, pursuant to the Companies Law, the compensation of our named executive officers (other than our CEO) and the compensation of other office holders (who are not directors) who report directly to our CEO must be approved by our board of directors following the approval by our compensation committee. In accordance with the Companies Law, our CEO's compensation must be approved by our compensation committee, board of directors and shareholders.

Shareholder Advisory Vote to Approve Executive Compensation

At our 2013 Annual General Meeting of Shareholders, our shareholders voted, in non-binding advisory votes, to approve the compensation of our named executive officers. Our compensation committee reviewed the result of the shareholders' advisory vote on executive compensation. In light of the approval by a substantial majority of our shareholders of the compensation programs described in our 2013 proxy statement (representing approximately 74% of the shares represented in person or by proxy at the meeting and entitled to vote), our compensation committee did not implement changes to our executive compensation programs as a result of the shareholders' advisory vote.

Shareholder Vote to Approve the Compensation Statement

At our 2014 Extraordinary General Meeting held on January 7, 2014, our shareholders approved our Compensation Statement for our office holders, which addresses certain items prescribed by the Companies Law. Pursuant to the Companies Law, our Compensation Statement must generally be approved by the board of directors (after considering the recommendations of the compensation committee) and the shareholders every three years.

Tax Considerations

Section 162(m) of the U.S. Internal Revenue Code establishes a limitation on the deductibility of compensation payable in any particular tax year to our named executive officers. Section 162(m) generally provides that publicly-held companies cannot deduct compensation paid to certain named executive officers to the extent that such compensation exceeds \$1 million per officer. Compensation that is "performance-based" compensation within the meaning of the U.S. Internal Revenue Code does not count toward the \$1 million limit. While the compensation committee may consider Section 162(m) in making its compensation decisions, historically, the deductibility of compensation under

Table of Contents

Section 162(m) has not been a factor in the compensation committee's determination process. The compensation committee will monitor the level of compensation paid to the company's named executive officers and may act in response to the provisions of Section 162(m).

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS MATTERS

Director Independence

The board of directors currently consists of seven directors. Our board of directors has determined that each of our current directors other than Mr. Waldman, our president and chief executive officer, is independent under the director independence standards of The NASDAQ Stock Market.

The Companies Law provides that our board of directors is required to determine how many of our members of the board of directors should be required to have financial and accounting expertise, in addition to an outside director with financial and accounting expertise. Our board of directors has determined that at least one member of our board of directors (excluding outside directors) should be required to have financial and accounting expertise. Each member of the audit committee of our board of directors has financial and accounting expertise as defined under Israeli law.

Board Leadership Structure

Our Board of Directors believes it is in the best interest of the Company to make the determination regarding the separation of the roles of Chief Executive Officer and Chairman of the Board based on varied considerations, including the position and direction of the Company and the membership of the Board at any given time. Our Board of Directors has determined that having Eyal Waldman serve as Chief Executive Officer and Irwin Federman as Chairman of the Board is in the best interest of the Company's stockholders at this time. This structure permits Mr. Waldman to manage our day-to-day operations and Mr. Federman to oversee the Board's activities.

Risk Oversight

The board of directors oversees the company's risk exposures and risk management of various parts of the business, including appropriate guidelines and policies to minimize business risks and major financial risks and the steps management has undertaken to control them. In its risk oversight role, the board of directors reviews annually the company's strategic plan, which includes an assessment of potential risks facing the company. While the board of directors has the ultimate oversight responsibility for the risk management process, various committees of the board also have responsibility for risk management. In particular, the audit committee focuses on financial risk, including internal controls, as described below under the section titled " Audit Committee." In addition, in setting compensation, the compensation committee strives to create incentives that do not encourage risk-taking behavior that is inconsistent with the company's business strategy. Each committee regularly reports to the full board of directors.

Table of Contents**Committees of the Board of Directors**

Our board of directors has four standing committees: the audit committee, the compensation committee, the nominating and corporate governance committee and the technology, strategy and M&A committee. From time to time, the board of directors may also create various ad hoc committees for special purposes. The membership of each of the four standing committees of the board of directors as of April 1, 2014 is set forth below:

Name of Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee	Technology, Strategy and M&A Committee
Dov Baharav	Member	Member		Member
Glenda Dorchak		Member	Chairman	Member
Irwin Federman				Member
Amal M. Johnson	Member	Chairman		
Thomas Riordan	Member	Member	Member	Chairman
Thomas Weatherford	Chairman		Member	

Mr. Waldman is not a member of any standing committee of our board of directors.

Audit Committee

Our board of directors must appoint an audit committee comprised of at least three directors including all of the outside directors. Under the Companies Law, the chairman of the board of directors, the controlling shareholder or his or her relative and any director employed by the company or its controlling shareholder or an entity controlled by the controlling shareholder or any director who provides services on a regular basis to the company, its controlling shareholder or an entity controlled by the controlling shareholder and any director whose principal livelihood is derived from such controlling shareholder may not be a member of the audit committee.

A majority of the members of the audit committee must be "Independent Directors," and the chairman of the audit committee must be an "Outside Director" (each as defined under the Companies Law). In 2011, Israeli companies listed on The NASDAQ Stock Market were granted an exemption that was adopted in the Companies Regulations, pursuant to which the chairman of our audit committee may be an Independent Director (and not an Outside Director) until September 14, 2014. All of the members of our audit committee satisfy the criteria of an "Independent Director" (as defined under the Companies Law). The Companies Law further provides that the quorum for discussions and adoption of resolutions by the audit committee is a majority of the audit committee members, provided that a majority of those present are Independent Directors and at least one of them is an Outside Director (each as defined under the Companies Law). The Companies Law also provides restrictions as to who may be present at meetings of the audit committee.

Our audit committee oversees our corporate accounting and financial reporting process. Among other matters, our audit committee evaluates the independent auditors' qualifications, independence and performance, determines the engagement of the independent auditors, reviews and approves the scope of the annual audit and the audit fee, discusses with management and the independent auditors the results of the annual audit and the review of our quarterly financial statements, approves the retention of the independent auditors to perform any proposed permissible non-audit services, monitors the rotation of partners of the independent auditors on the Mellanox engagement team as required by law, reviews our critical accounting policies and estimates, oversees our internal audit function, reviews, approves and monitors our code of ethics and "whistleblower" procedures for the treatment of reports of concerns regarding questionable accounting or auditing matters and annually reviews the audit committee charter and the committee's performance.

Table of Contents

In addition, our audit committee reviews and, where required, approves related party transactions on an ongoing basis as required by the Companies Law and the regulations promulgated thereunder and as required by The NASDAQ Listing Rules. Under the Companies Law, our audit committee must approve specified actions and transactions with office holders and controlling shareholders or in which an office holder or controlling shareholder has a personal interest. The audit committee is also required to determine whether any such action is material and whether any such transaction is an extraordinary transaction or non-negligible transaction, for the purpose of approving such action or transaction as required by the Companies Law. Our audit committee may not approve any such action or transaction, unless, at the time of approval, the audit committee complies with the requirements for composition and presence at audit committee meetings. Under the Companies Law, a "controlling shareholder" is a shareholder who has the ability to direct the company's activity, excluding an ability deriving merely from holding an office of director or another office in the company, and a person will be presumed to control the company if he holds 50% or more of (i) our voting rights or (ii) the rights to appoint our directors or general managers. For the purpose of "transactions with an interested party," the definition also includes a shareholder that owns 25% or more of the voting rights in the general meeting of the company, if there is no other person who holds more than 50% of the voting rights in the company. Two or more persons holding voting rights in the company each of which has a personal interest in the approval of the transaction being brought for approval of the company will be considered to be joint holders. The Company is not currently aware of any controlling shareholder, as such term is defined in the Israeli Companies Law.

Additionally, under the Companies Law, the role of the audit committee is, among other things, to identify any irregularities in the business management of the company in consultation with the company's independent accountants or internal auditor and to suggest an appropriate course of action. Our audit committee charter allows the committee to rely on interviews and consultations with our management, our internal auditor and our independent public accountant and does not obligate the committee to conduct any independent investigation or verification.

All members of our audit committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and The NASDAQ Stock Market. Our board has determined that Mr. Weatherford is an audit committee financial expert as defined by the SEC rules and has the requisite financial sophistication as defined by The NASDAQ Stock Market rules and regulations. Our board has determined that each of Ms. Johnson and Mr. Riordan, as an outside director, has the requisite financial and accounting expertise required under the Companies Law. Our board has also determined that each of the members of our audit committee is independent within the meaning of the independent director standards of The NASDAQ Stock Market and the SEC. Our board of directors has adopted a written charter for the audit committee. A copy of the charter is available on our website at www.mellanox.com under "Investor Relations Corporate Governance."

Compensation Committee

Under the Companies Law, our board of directors must appoint a compensation committee comprised of at least three directors including all of the outside directors. In addition, the chairman of the board of directors, the controlling shareholder or his or her relative and any director employed by the company or its controlling shareholder or an entity controlled by the controlling shareholder or any director who provides services on a regular basis to the company, its controlling shareholder or an entity controlled by the controlling shareholder and any director whose principal livelihood is derived from such controlling shareholder, may not be a member of the compensation committee. The chairperson of the compensation committee must be an "Outside Director" (as defined under the Companies Law). The Companies Law also provides restrictions as to who may be present at meetings of the compensation committee.

Table of Contents

Our compensation committee reviews and recommends our programs, policies and practices relating to compensation and benefits of our officers and employees, the principles of such compensation policies, with respect to our officers, are included in our Compensation Statement. Pursuant to the Companies Law, the compensation committee is required to recommend to the board of directors whether to approve the Compensation Statement's continuation every three years and to periodically review the Compensation Statement and monitor its implementation. From time to time, as may be required, the compensation committee shall recommend to the board of directors amendments to the Compensation Statement as necessary to comply with the provisions of the Companies Law. The compensation committee, in consultation with our chief executive officer (other than with regard to his own compensation) and our board of directors, decides how much cash compensation should be part of each officer's total compensation by comparing the officer's compensation against a peer group of companies listed in the survey data we utilize and considering the relative importance of short-term incentives. In addition, the compensation committee, in consultation with our chief executive officer (other than with regard to his own compensation), approves and makes recommendations to our board of directors regarding equity-based compensation to align the interests of our management with shareholders, considering each officer's equity holdings. The compensation committee also manages the issuance of share options and restricted stock units under our equity incentive plans. Under the Companies Law and subject to its provisions, compensation for officers (other than directors and chief executive officer) is required to be approved by the compensation committee and the board of directors. Compensation for our chief executive officer is required to be approved by the shareholders, following the approval by the board of directors and compensation committee. The compensation committee may delegate its responsibilities to a subcommittee, except its responsibilities to review and approve the Compensation Statement and the compensation for officers, directors, controlling shareholders and certain highly compensated employees of the Company, to manage and review all annual bonus, long-term incentive compensation, stock option, employee pension and welfare benefits, for any matters involving executive compensation or any matters where it has determined such compensation is intended to comply with Section 162(m) of the Code or be exempt from Section 16(b) under the Exchange Act pursuant to Rule 16b-3. The compensation committee also has authority to retain, obtain the advice of and fund compensation consultants, independent legal counsel and other advisers and is generally responsible for considering the independence of such advisers prior to selecting or receiving advice from them. The compensation committee will review and evaluate, at least annually, the goals and objectives of our incentive compensation plans and monitors the results against the approved goals and objectives. All members of our compensation committee are independent under the applicable rules and regulations of the SEC, The NASDAQ Stock Market and the U.S. Internal Revenue Code. Our board of directors has adopted a written charter for the compensation committee. A copy of the charter is available on our website at www.mellanox.com under "Investor Relations Corporate Governance."

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is responsible for making recommendations to the board of directors regarding candidates for directorships and the composition and organization of our board of directors. In addition, the nominating and corporate governance committee is responsible for overseeing our corporate governance guidelines and reporting and making recommendations to the board of directors concerning governance matters. We believe that the composition of our nominating and corporate governance committee meets the criteria for independence under, and the functioning of our nominating and corporate governance committee complies with, the applicable rules and regulations of the SEC and The NASDAQ Stock Market. Our board of directors has adopted a written charter for the nominating and corporate governance committee. A copy of the charter is available on our website at www.mellanox.com under "Investor Relations Corporate Governance."

Technology, Strategy and M&A Committee

Our technology, strategy and M&A committee, which we established in November 2012, assists our chief executive officer and his staff in reviewing and discussing technology plans, decisions and potential transactions. The technology, strategy and M&A committee's responsibilities include providing general counsel and commentary on our competitiveness, the strength and competitiveness of our engineering processes and disciplines, our technology planning processes to support our growth objectives, our engineering leadership strategy and technology aspects pertinent to potential strategic investments, mergers and acquisitions. Our board of directors has adopted a written charter for the technology, strategy and M&A committee. A copy of the charter is available on our website at www.mellanox.com under "Investor Relations technology, strategy and M&A."

Meetings Attended by Directors

The board of directors held a total of twelve meetings during 2013. The audit committee, compensation committee, nominating and corporate governance committee and technology, strategy and M&A committee held eight, eight, five, and five meetings, respectively, during 2013. During 2013, each of our directors attended or participated in at least 75% of the aggregate of the total number of meetings of the board of directors and the total number of meetings held by the committees of the board of directors on which he or she served.

Our directors are encouraged to attend our annual general meeting of shareholders although we do not maintain a formal policy regarding director attendance at the annual general meeting of shareholders. In 2013, none of our directors, except Mr. Waldman, attended the annual general meeting of shareholders.

Consideration of Director Nominees

Shareholder Nominations and Recommendations. Our amended and restated articles of association set forth the procedure for the proper submission of shareholder nominations for membership on the board of directors as previously discussed. In addition, the nominating and corporate governance committee may consider properly submitted shareholder recommendations for candidates for membership on the board of directors. A shareholder may make such a recommendation by submitting the following information to the secretary of the company at the offices of Mellanox Technologies, Inc., 350 Oakmead Parkway, Suite 100, Sunnyvale, California 94085: the name and address of both the shareholder who intends to make the nomination and of the person or persons to be nominated; a representation that the recommending shareholder is a holder of record of our ordinary shares and is entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to nominate the candidate; if applicable, a description of all arrangements or understandings between the shareholder and each nominee pursuant to which nominations are to be made by the shareholder; the consent of each nominee to serve as a director if so elected; and a declaration signed by each nominee declaring that there is no limitation under the Companies Law for the appointment of such nominee. Shareholders are also advised to review our amended and restated articles of association, which contain additional requirements with respect to shareholder nominees for our board of directors. The chairman of the board of directors may refuse to acknowledge the nomination of any person not made in compliance with these procedures.

Director Qualifications. Members of the board of directors should have the highest professional and personal ethics and values and conduct themselves in a manner that is consistent with our Code of Business Conduct and Ethics. While the nominating and corporate governance committee has not established specific minimum qualifications for director candidates, the committee believes that candidates and nominees must reflect a board of directors that comprises directors who have: personal and professional integrity, ethics and values; experience in corporate management, such as serving as an

Table of Contents

officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment; experience in the Company's industry and with relevant social policy concerns; experience as a board member of another publicly held company; academic expertise in an area of the Company's operations; and practical and mature business judgment, including ability to make independent analytical inquiries.

Identifying and Evaluating Director Nominees. Although candidates for nomination to the board of directors typically are suggested by existing directors or by our executive officers, candidates may come to the attention of the board of directors through professional search firms, shareholders or other persons. The nominating and corporate governance committee reviews the qualifications of any candidates who have been properly brought to the committee's attention. Such review may, at the committee's discretion, include a review solely of information provided to the committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the committee deems proper. The nominating and corporate governance committee considers the suitability of each candidate, including the current members of the board of directors, in light of the current size and composition of the board of directors. In evaluating the qualifications of the candidates, the committee considers many factors, including issues of character, judgment, independence, age, expertise, diversity of experience, length of service, other commitments and other similar factors. The committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by shareholders are evaluated by the committee using the same criteria as other candidates. In addition, under the Companies Law, if at the time for the appointment of outside directors all members of the board of directors, which are not the controlling shareholders of the company or their relatives, are of the same gender, then at least one of the outside directors to be appointed must be of the other gender.

Code of Business Conduct and Ethics

We are committed to maintaining the highest standards of business conduct and ethics. Our Code of Business Conduct and Ethics reflects our values and the business practices and principles of behavior that support this commitment. The code applies to all of our officers, directors and employees and satisfies SEC rules for a "code of ethics" required by Section 406 of the Sarbanes-Oxley Act of 2002, as well as the NASDAQ listing standards requirement for a "code of conduct." The code is available on our website at www.mellanox.com under "Investor Relations Corporate Governance." We will post any amendment to the code, as well as any waivers that are required to be disclosed by the rules of the SEC or The NASDAQ Stock Market, on our website.

Risk Assessment and Compensation Practices

Our management assessed and discussed with our compensation committee and board of directors the Company's compensation policies and practices for our employees as they relate to our risk management and, based upon this assessment, we believe that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on the company in the future.

Our employees' base salaries are fixed in amount and thus we do not believe that they encourage excessive risk-taking. While performance-based cash bonuses and sales commissions focus on achievement of short-term and mid-term or annual goals, which may encourage the taking of short-term and mid-term risks at the expense of long-term results, we believe that our internal controls help mitigate this risk and our performance-based cash bonuses and sales commissions are limited, representing a small portion of the total compensation opportunities available to most employees. We also believe that our performance-based cash bonuses and sales commissions appropriately balance risk and the desire to focus our employees on specific short-term and mid-term goals important to our success and do not encourage unnecessary or excessive risk-taking.

Table of Contents

A significant proportion of the compensation provided to our employees is in the form of long-term equity-based incentives that are important to help further align our employees' interests with those of our shareholders. We do not believe that these equity-based incentives encourage unnecessary or excessive risk taking because their ultimate value is tied to our share price. In addition, we generally stagger grants of equity-based awards and subject them to long-term vesting schedules to help ensure that employees have significant value tied to the long-term performance of our ordinary shares.

Compensation Committee Interlocks and Insider Participation

None of the members of our compensation committee has at any time been one of our executive officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Sales to Oracle mainly through its contract manufacturers during 2013 were \$29.0 million and were conducted at arm's-length. At December 31, 2013, accounts receivable from Oracle totaled \$0.7 million.

Other than the transactions described above, in our last fiscal year, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any of our directors, executive officers, holders of more than 5% of our ordinary shares or any members of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest. Director Compensation

In October 2006, our board of directors adopted a compensation program for non-employee directors which became effective on February 6, 2007 and was last amended at our 2013 annual general meetings of shareholders. Pursuant to the revised compensation program, each member of our board of directors who is not our employee received the following cash compensation for board services, as applicable:

\$35,000 per year for service as a board member;

in addition to fees received for service as a board member, \$25,000 per year for service as chairperson of the audit committee, \$14,000 per year for service as chairperson of the

compensation committee, \$7,000 per year for service as chairperson of the nominating and corporate governance committee and \$7,000 per year for service as chairperson of the technology, strategy and M&A committee;

in addition to fees received for service as a board member, \$5,000 per year for service as a member of the audit committee, \$4,000 per year for service as a member of the compensation committee, \$3,000 per year for service as a member of the nominating and corporate governance committee and \$3,000 per year for service as a member of the technology, strategy and M&A committee; and

reimbursement for expenses incurred in connection with attending board and committee meetings.

No fees are paid for each board or committee meeting attended. In 2013, our non-employee directors were paid cash compensation in accordance with our non-employee director compensation program as amended at our 2013 annual general meeting of shareholders beginning in June 2013. See Proposal Six in this Proxy Statement for a description of the proposed annual fee to be paid to Irwin Federman, the chairman of the board of directors.

In addition to cash compensation, each of our non-employee directors receive initial and annual, automatic, non-discretionary grants pursuant to our Non-Employee Director Option Grant Policy, which was established under our Global Share Incentive Plan (2006), of nonqualified share options, in the case of non-employee directors who are U.S. taxpayers, and options that qualify in accordance with Section 102 of the Israeli Tax Ordinance, 1961, in the case of non-employee directors who are Israeli taxpayers. On January 26, 2010, the board of directors amended the Non-Employee Director Grant Policy, effective as of the date of the 2010 annual general meeting of shareholders. The amendment of the Non-Employee Director Grant Policy was approved by shareholders at the 2010 annual general meeting. Pursuant to the Non-Employee Director Grant Policy, each new non-employee director will receive an option to purchase 50,000 ordinary shares as of the date he or she first becomes a non-employee director, which will begin vesting immediately in equal monthly increments over the 36 months following such appointment and will be 100% vested on the 36-month anniversary of such appointment provided the director continues to serve as a non-employee director. In addition, following the date of each annual general meeting, each individual who continues to serve as a non-employee director on such date will receive an award of 5,000 restricted stock units, which will begin vesting immediately in equal monthly increments over the 12 months following such meeting and will be 100% vested on the 12-month anniversary of the grant date provided the director continues to serve as a non-employee director.

The exercise price of each share option granted to a non-employee director will be equal to 100% of the fair market value on the date of grant of the shares covered by such award. Share options will have a maximum term of 10 years measured from the grant date, subject to earlier termination in the event of the director's cessation of service to our company.

Under our Non-Employee Director Option Grant Policy, our directors will have a three-month period following cessation of service to our company in which to exercise any outstanding vested options, except in the case of a director's death or disability, in which case the options will be exercisable by the director or his or her estate or beneficiary for a 12-month period following the cessation of services. Options and restricted stock units granted to our non-employee directors pursuant to our Non-Employee Director Option Grant Policy will fully vest and become immediately exercisable upon a change in control of our company.

The compensation of our outside directors, Ms. Johnson and Mr. Riordan, is subject to restrictions imposed by Israeli law and cannot, among other things, be less than the lowest compensation paid to any other non-executive director at the time of determination of the outside directors' compensation.
