Item 2.06. Material Impairments

## Edgar Filing: TELEPHONE & DATA SYSTEMS INC /DE/ - Form 8-K

On February 7, 2005, the audit committee of Telephone and Data Systems, Inc. approved the recommendation of management and concluded that charges for impairments of \$87.9 million for the write down of long-lived assets and \$29.4 million for the write off of goodwill at TDS Telecom's competitive local exchange carriers were required. Regulatory actions and competitive developments triggered an impairment review by TDS Telecom of its competitive local exchange carrier operations' long-lived assets and intangible assets, pursuant to Statement of Financial Standards ("SFAS") No. 144, "Accounting for the Impairments or Disposal of Long-Lived Assets" and SFAS No. 142, "Goodwill and Other Intangible Assets." These are non-cash impairment charges and are not expected to result in any future cash expenditures.

The conclusion that charges for impairments are required at this time and the amount of the impairments is based on judgment and estimates concerning the future and is subject to risks and uncertainties that could cause actual results to differ materially, including, without limitation, the possibility that the actual impairment or cash expenditures could exceed estimates. Additional factors that could cause actual results to differ materially are discussed in our recent filings with the Securities and Exchange Commission, including but not limited to our Form 10-K, Form 10-Qs and Form 8-Ks.
