UNITED NATIONAL FILM CORP.
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO FINANCIAL STATEMENTS
(UNAUDITED)

1. ORGANIZATION AND BUSINESS DESCRIPTION

United National Film Corp. ("the Company") is a Colorado corporation. The Company is engaged in the acquisition and development of properties for, and the production of, television series, television specials, made-for-home television motion pictures and feature length motion pictures for domestic and international distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Accounting Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

b. Film Costs and Program Rights:

Film costs and program rights (project cost) which include acquisition and development costs such as story rights, scenario and scripts, direct production costs including salaries and costs of talent, production overhead and post-production costs are stated at the lower of cost or market and are deferred and amortized by the individual-film-forecast-computation method as required by Statement of Financial Standards No. 53.

c. Fair Value of Financial Instruments:

The carrying amounts reported in the balance sheet for cash, accounts and notes payable and accrued expenses approximate fair value based on the short term maturity of these instruments.

d. Principles of Consolidation:

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary. All significant intercompany balances and transactions have been eliminated.

e. Revenue Recognition:

The business of the Company is to derive revenues primarily from providing production services to third parties and exploiting projects originally developed by the Company in which it retains an ownership interest. Revenues from

being a provider of contract production services are recognized using the percentage of completion method, recognizing revenue relative to the proportionate progress on such contracts as measured by the ratio which project costs incurred by the Company to date bear to the total anticipated costs of each project. Amounts advanced under such contracts are deferred and not recognized as revenue until obligations under such contracts are performed. Revenue from licensing company-owned projects is recognized when the film is delivered and available for showing, costs are determinable, the fee is known and collectibility is reasonably assured.

f. Net Loss Per Common Share:

In February 1997, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 128 (SFAS 128), Earnings Per Share, which established new standards for computation of earnings per share. SFAS 128 requires the presentation on the face of the income statement of basic earnings per share and diluted earnings per share.

Basic earnings per share is computed by dividing the net income (loss) available to common shareholders by the weighted average number of outstanding common shares. The calculation of diluted earnings per share is similar to basic earning per share except the denominator includes dilutive common stock equivalents such as stock options and convertible debentures. Common stock options and the common shares underlying the convertible preferred stock are not included as their effect would be anti-dilutive.

3. RELATED PARTY TRANSACTIONS

None.

4. NOTES PAYABLE

Pursuant to the acquisition of the screenplay titled, "Molly and Lawless John", a note was issued for \$50,000 which was due on January 15, 1999. The payment date on this note has been indefinitely extended by the holder of the note.

5. LOANS DUE TO SHAREHOLDER

A director of the company loaned the Company an additional \$ 450 during this reporting period to pay overhead expenses.

6. STOCK ISSUED.

On September 12, 2001 the Company issued a total of 530,000 shares of common stock that included 10,000 shares to each of the Company directors and 500,000 shares to Art Stashower in lieu of legal fees relating to the on-going settlement negotiations with former officers and directors.

7. GENERAL

Reference is made to the financial statements included in the Company's Annual Report (Form 10-K) filed with the Securities and Exchange Commission for the year ended June 30, 2001. The Company began its operation in February 1998. The financial statements for the period ended December 31, 1999 are unaudited but include all adjustments which, in the opinion of management, are necessary for a fair presentation of the results of operations for the period then ended. All such adjustments are of a normal recurring nature. The results of the Company's operations for any interim period are not necessarily indicative of the results of the Company's operations for a full fiscal year.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The Company is a development stage enterprise with no expenses incurred during the period. The Company is engaged in active negotiations with a potential funding source from Ireland for one or more of its screenplays. In addition, the Company is continuing to seek funding for the distribution of its children's animation film, "Snappy Sings", an educational short. The Company is exploring the licensing of film rights to Internet broadcasting companies and has discussed through third parties the suitability of several films in the Western genre to which the Company has access. The company has been approached by more than one suitor company, each of which is requesting an ownership

take-over of the company. A preliminary terms sheet has been issued by one suitor company. However, no terms sheet has been agreed upon or signed by the company. Active negotiations continue with the suitor companies and any definitive agreement will be subject to shareholder approval.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

The Company has initiated legal proceedings to cancel certain common stock certificates. The basis of the lawsuit is the failure of the recipients of the stock certificates to deliver consideration for the shares. Settlement negotiations relating to the lawsuit are in progress. The company is hopeful that the lawsuit will be settled during the next fiscal year.

Item 2. Changes in Securities.

On September 12, 2001 the Company issued a total of 530,000 shares of common stock that included 10,000 shares to each of the Company directors and 500,000 shares to Art Stashower in lieu of legal fees relating to the on-going settlement negotiations with former officers and directors.
