Item 8.01. Other Events.

On August 14, 2008, Enterprise Offshore Port System, LLC (“Enterprise LLC”), an indirect wholly-owned subsidiary of Enterprise Products Partners L.P. (“Enterprise”) entered into a Partnership Agreement (the “Partnership Agreement”) for the Texas Offshore Port System, a Delaware general partnership (“TOPS”) with TEPPCO O/S Port System, LLC (“TEPPCO LLC”), an indirect wholly-owned subsidiary of TEPPCO Partners, L.P. (“TEPPCO”) and Oiltanking Freeport L.P. (“Oiltanking LP”), a subsidiary of Oiltanking Holding Americas, Inc. (“Oiltanking”). TOPS has been formed to design, construct, own and operate a new Texas offshore crude oil port and pipeline system to facilitate delivery of waterborne crude oil to refining centers along the upper Texas Gulf Coast. Through their respective subsidiaries, Enterprise, TEPPCO and Oiltanking will each own a one-third interest in TOPS, and expect to invest a total of \$1.8 billion in the project, which is scheduled to begin service in the fourth quarter of 2010. The offshore terminal will require approval by the U.S. Coast Guard, while the onshore pipeline and storage facilities will be subject to review by the U.S. Environmental Protection Agency, Army Corps of Engineers and Department of Transportation.

The Partnership Agreement provides that:

§ TOPS will be governed by a management committee comprised of representatives appointed by each of TEPPCO LLC, Enterprise LLC and Oiltanking LP (each referred to herein as a “Partner”). Each Partner’s representatives, whether one or more, are entitled to vote such Partner’s interest in TOPS. The management committee may designate officers to act on TOPS’s behalf.

§ The Partners are obligated to fund capital contributions necessary to form TOPS and design, construct, install and place in service the offshore crude oil port and pipeline system. An affiliate of each Partner has guaranteed up to \$700 million of such Partner’s capital contribution obligations. The Partnership Agreement also provides for the dilution of a Partner’s interest in TOPS upon such Partner’s failure to contribute its share of capital required to construct the offshore crude oil port and pipeline facilities.

§ A subsidiary of Enterprise will act as operator and construction manager for TOPS.

§ Except with respect to transfers to affiliates or transfers resulting from a foreclosure, any Partner undergoing a change of control or desiring to transfer all or any portion of its interest in TOPS must first offer to transfer such interest to the non-transferring Partners as a group based upon the same terms and conditions as those under which, and for the same value that, the transferring Partner would receive under the proposed transfer. The non-transferring Partners will have 60 days after receiving notice of the transfer within which to elect to acquire all of such interest proposed to be transferred.

§ Generally, TOPS will distribute available cash (as defined in the Partnership Agreement) from operations to the Partners in proportion to their respective partnership interests on a monthly basis; provided, however, that the Partnership Agreement allows for special allocations of cash flow to Partners that choose to participate in the funding of future expansions of the facilities.

This transaction was reviewed and approved by the Audit, Conflicts and Governance Committee of the board of directors of Enterprise’s general partner. Dan L. Duncan and certain of his affiliates, including Enterprise GP Holdings L.P., a publicly-traded partnership that owns the general partners of TEPPCO and Enterprise, control TEPPCO and Enterprise.
