On March 30, 2007, Media Sciences International, Inc. (the Company) entered into a proposal and Preliminary Term Sheet (the Term Sheet) with PNC Bank, National Association. The Term Sheet is for a \$10 million secured line of credit (the Credit Facility), which is to replace the Company's current \$3 million line of credit, and it is also for a \$1 million secured equipment/lease line (the Lease/Term Facility). The Credit Facility is to be guaranteed by the Company's domestic subsidiaries, and to be secured by the assets of the Company and its domestic subsidiaries, and by a 65% equity interest in the Company's foreign subsidiaries. The interest rate on the Credit Facility is anticipated to be at the bank's prime rate minus 0.75%, fully fluctuating, which is a lower rate than the Company's existing credit facility which bears interest at the bank's prime rate. The Company will pay a commitment fee on the unused portion of the Credit Facility at the annual rate of 0.125%. The Credit Facility expected to mature three years from the closing of the transactions. The Credit Facility is intended to be for general corporate and working capital purposes, and for permitted acquisitions. The Credit Facility is expected to include reporting and financial covenants. The transactions contemplated by the Term Sheet are nonbinding and remain subject to entering into a commitment letter or a definitive agreement.
