**ORGANIZATION**

Great American Family Parks, Inc. (GAFP) (formally Royal Pacific Resources, Inc) is a Nevada corporation formed during 2002 for the purpose of merging with Painted Deseret Uranium and Oil Company, Inc., a Washington corporation, incorporated in 1954, with the merger being completed on July 25, 2002.

On December 23, 2003 GAFP completed the acquisition of all member interests in Crossroads Convenience Center, LLC (CCC) from Great Western Parks, LLC by issuance of 27,067,000 shares of common capital stock, representing 91.4% of the outstanding stock after the acquisition, which was accounted for a reverse acquisition, in which Great Western Parks, LLC was considered to the acquirer of Royal Pacific Resources Inc. for reporting purposes. The outstanding stock of GAFP before the acquisition was 2,533,000 and after 29,600,000. The continuing operations of the business are those of CCC including its prior historical financial statements and the operations of GAFP from December 23, 2003. The financial statements show a retroactive restatement of CCC's historical members' equity to reflect the equivalent number of shares of common stock issued in the acquisition.

Crossroads Convenience Center, LLC (CCC) was organized under the laws of the state of Idaho on June 18, 1998. CCC's primary business activity is operating a retail convenience center, which includes a Chevron gasoline station, and a convenience store in Nampa, Idaho. The assets and business activity of CCC were sold in October and December of 2006.

On June 13, 2005 the Company acquired the theme park outlined in note 3.

## **SIGNIFICANT ACCOUNTING POLICIES**

The accounting policy relative to the carrying value of property and equipment is indicated in the caption on the balance sheet. Other significant accounting policies are as follows:

**Accounting Method:** The Company recognizes income and expenses based on the accrual method of accounting.

**Dividend Policy:** The Company has not yet adopted a policy regarding payment of dividends.

**Basic and Diluted Net Income (loss) Per Share:** Basic net income (loss) per share amounts are computed based on the weighted average number of shares actually outstanding. Diluted net income (loss) per share amounts are computed using the weighted average number of common shares and common equivalent shares outstanding as if shares had been issued on the exercise any common share rights unless the exercise becomes anti-dilutive and then only the basic per share amounts are shown in the report.

**Revenue Recognition:** The major source of income is received in the form of cash sales from a convenience center and gas station, and theme park. Revenue is recognized upon receipt of the cash from the sale of a product or service.

**SIGNIFICANT ACCOUNTING POLICIES - continued**

***Advertising and Market Development:*** The Company expenses advertising and marketing costs as incurred.

***Income Taxes:*** The Company utilizes the liability method of accounting for income taxes. Under the liability method deferred tax assets and liabilities are determined based on the differences between financial reporting and the tax bases of the assets and liabilities and are measured using the enacted tax rates and laws that will be in effect, when the differences are expected to reverse. An allowance against deferred tax assets is recorded, when it is more likely than not, that such tax benefits will not be realized.

CCC is a limited liability company with all tax attributes passing through to its members. Before the acquisition date of December 23, 2003, the income of CCC passed through to the former members. Accordingly, there is no provision for income taxes in the accompanying financial statements associated with the income of CCC prior to acquisition. After acquisition by GAFP the income or loss of CCC passes through to GAFP, the sole member of CCC. On June 30, 2007 the Company and its subsidiaries had a net operating loss available for carry forward of \$451,268. The tax benefit of approximately \$135,000 from the loss carry forward has been fully offset by a valuation reserve because the use of the future tax benefit is doubtful since the Company is unable to project a reliable future net income. The loss carry-forward expires beginning in the year 2024.

***Principles of Consolidation:*** The accompanying consolidation financial statements includes the accounts of GAFP, (parent) and its subsidiaries CCC, Wild Animal Safari, Inc. Revenue and expenses of GAFP are included for the period subsequent to December 23, 2003 and includes the accounts of CCC and Wild Animal Safari, Inc. from their inception. All material inter-company accounts and transactions have been eliminated.

***Financial and Concentrations Risk:*** The Company does not have any concentration or related financial credit risks except for the accounts receivable and a note receivable, however, the Company considers the accounts to be fully collectable.

***Estimates and Assumptions:*** Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of the assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing these financial statements.

**SIGNIFICANT ACCOUNTING POLICIES - continued**

**Property and Equipment:** Property and equipment are stated at cost, Depreciation is computed on the straight-line method over the estimated useful lives of the assets, which range from five to thirty nine years.

A summary is included below.

Land	\$ 1,762,005

Equipment	549,244
Animals	403,698
Less accumulated depreciation	(325,262)
Net	\$ 4,735,098

**Inventory:** Inventory consist of park supplies, and are stated at the lower of cost or market. Cost is determined on the first-in, first-out method.

**Impairment of Long-Lived Assets:** The Company reviews its major assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If an asset is considered impaired, impairment will be recognized in an amount determined by the excess of the carrying amount of the asset over its fair value.

**Financial Instruments:** The carrying of financial instruments are considered by management to be their estimated fair values due to their short term maturities.

**Stock Based Compensation:** Prior to October 1, 2006 we accounted for stock based compensation under recognition and measurement principles of SFAS No. 123 and as permitted under APB Opinion No. 25, and related interpretations. Effective October 1, 2006, we adopted FAS 123R using the modified prospective method recognizing compensation costs on a straight-line basis over the requisite service period of the award. SFAS No. 123R requires that cash flows resulting from tax deductions in excess of the cumulative compensation cost recognizes for options exercised be classified as cash inflows from financing activities and cash outflows from operating activities. We also apply SFAS No.123R and EITF No. 96-18 stock based compensation to non-employees.

**Other Recent Accounting Pronouncements:** The Company does not expect that the adoption of other recent accounting pronouncements will have a material impact on its financial statements.

**MORTGAGE PAYABLE    THEME PARK**

On November 8, 2004, the Company entered into an Asset Purchase Agreement with Ron Snider & Associates, Inc. to purchase animals and other park property for a theme park in Pine Mountain Georgia for \$700,000, with an extended closing date of June 13, 2005. At closing the Company paid \$350,000 and a promissory note for the balance. The promissory note includes interest at 7.5% per annum and will be payable in eighty-three monthly installments of principle and interest of \$5,368. The Company also entered into a Real Estate Purchase Agreement with individuals and a partnership for the acquisition of the land underlying the theme park site, including the improvements, buildings, and fixtures for \$4,000,000. The Company paid \$2,000,000 and a promissory note for \$2,000,000 for the balance at closing. As a result of this refinancing, Ron Snider & Associates, Inc. and its affiliated entities were paid in full and the liens which were held by those entities against the Wild Animal Safari theme park assets were released. In place of the original seven year financing, which was provided by the Snider entities, there is now a loan due by Wild Animal Safari, Inc. to Commercial Bank & Trust.

This new loan will be repaid in monthly installments based on a twenty year amortization schedule. The interest rate on the new loan is 7.75% for the first five years. The interest rate will be renegotiated at the end of the initial five years of the payment term on November 17, 2010, but as part of the refinancing the bank has agreed to extend the payment term for an additional fifteen years after November 17, 2010, subject to no default. The new loan is secured by a first priority security agreement and a first priority security deed on the Wild Animal Safari theme park assets. The old loan had a monthly payment of \$30,767 and the new loan a monthly payment of \$18,883.

In addition, on November 17, 2005, Wild Animal Safari, Inc. (subsidiary) obtained a line of credit loan from Commercial Bank & Trust Company of Troup County for working capital purposes in the principal amount of \$200,000. This line of credit loan is renewable annually, subject to the satisfactory performance by Wild Animal Safari theme park assets.

**Overview**

Great American Family Parks is in the business of acquiring, developing and operating local and regional theme parks and attractions both in the U.S. and internationally. We are in the process of building a family of parks primarily through acquisitions of small local or regional privately owned parks. Our goal is to develop a series of compatible, but distinct entertainment and amusement products including themed amusement parks, associated products, food and beverage, and multimedia offerings. The implementation of this strategy has begun with themed amusement parks and attractions. Our business plan is to acquire existing properties with three criteria in mind:

- 

Properties that have an operating history and are profitable;

- 

Properties where our management team believes the potential exists to increase profits and operating efficiencies; and

- 

Properties where there is additional, underutilized land upon which to expand operations.

It also is our belief that acquisitions should not unnecessarily encumber the Company with debt that cannot be justified by current operations. By using a combination of equity, debt and other non-traditional financing options, we intend to carefully monitor shareholder value in conjunction with our pursuit of growth.

Great American Family Parks, Inc. is the parent corporation of the following wholly owned subsidiaries:

(1) GFAM Management Corporation, an Idaho corporation. GFAM Management Corporation is responsible for overall management of all operating entities, which includes our Wild Animal Safari theme park and any additional theme parks we may acquire. GFAM Management Corporation does not generate any revenues separate from the operating units at present;

(2) Wild Animal Safari, Inc., a Georgia corporation that operates and owns the Wild Animal Safari theme park in Pine Mountain, Georgia.

## **Results of Operations**

### **Three Months Ended June 30, 2007 Compared to Three Months Ended June 30, 2006**

Revenues for the three months ended June 30, 2007 were \$1,060,212 compared to \$2,964,222 for the three months ended June 30, 2006. This represents a decrease of \$1,904,010 or 35.7% comparing the two periods. The decrease in revenue for the three months ended June 30, 2007 is primarily the result of the sale of Crossroads Convenience Center, LLC.

Gross profit decreased by \$271,905, or 24.9 %, to \$821,469 for the six months ended June 30, 2007 compared to \$1,093,374 for the six months ended June 30, 2006. The change in gross profit is primarily the result of increased receipts at Wild Animal Safari, Inc and the elimination of the convenience store, which had high sales volumes, but low gross profit margins.

For the three months ended June 30, 2007, selling, general and administrative expenses totaled \$557,034. This was a decrease of \$313,810 or 36%. The net decrease in selling, general and administrative expenses is a result of expanded volume of operations for the amusement park, the elimination of the convenience store, and an adjustment of general expenses.

Interest expense was \$ 58,482 and \$81,447 for the three months ended June 30, 2007 and 2006, respectively. This was a decrease of \$22,965 or 28.2 %. The reason for this decrease was the elimination of long term debt on Crossroads Convenience Center and the decrease in long term debt.

Our net profit was \$230,680 for the three months ended June 30, 2007 compared to net profit of \$137,718 for the three months ended June 30, 2006. The increase in profitability for the three months ended June 30, 2007 was due to the improved operations at Wild Animal Safari Inc, management fees and the elimination of the marginal performance from the convenience store.

#### **Six Months Ended June 30, 2007 Compared to Six Months Ended June 30, 2006**

Revenues for the six months ended June 30, 2007 were \$1,598,140 compared to \$4,832,507 for the six months ended June 30, 2006. This represents a decrease of \$3,234,367, or 66.7% comparing the two periods. The decrease in revenue for the six months ended June 30, 2007 is primarily the result of the sale of Crossroads Convenience Center, LLC.

Gross profit decreased by \$274,805, or 19.7%, to \$1,116,808 for the six months ended June 30, 2007 compared to \$1,391,613 for the six months ended June 30, 2006. The change in gross profit is primarily the result of increased receipts at Wild Animal Safari, Inc and the elimination of the convenience store, which had high sales volumes, but low gross profit margins.

For the six months ended June 30, 2007, selling, general and administrative expenses totaled \$938,646. This was a decrease of \$308,865 or 24.8 %. The increase in selling, general and administrative expenses is a result of expanded volume of operations for the amusement park, the elimination of the convenience store and an adjustment of general expenses.

Interest expense was \$105,537 and \$135,067 for the six months ended June 30, 2007 and 2006, respectively. This was a decrease of \$29,530 or 21.9%. The reason for this decrease was the elimination of long term debt on Crossroads Convenience Center and the decrease in long term debt.

Our net profit was \$236,159 for the six months ended June 30, 2007 compared to net profit of \$23,085 for the six months ended June 30, 2006. The increase in profitability for the six months ended June 30, 2007 was due to the improved operations at Wild Animal Safari Inc, management fees and the elimination of the marginal performance from the convenience store.

### **Liquidity and Capital Resources**

Our total current assets at June 30, 2007 were \$1,448,046 including \$1,202,941 in cash, as compared with \$320,870 in total current assets at June 30, 2006, which included cash of \$146,564. Additionally, we had shareholder equity in the amount of \$4,232,725 at June 30, 2007, as compared to shareholder equity of \$2,531,252 at June 30, 2006.

Our accounts receivable at June 30, 2007 was \$144,628, compared to \$2,830 at June 30, 2006. The change in accounts receivable is primarily due to the elimination of the convenience store and a receivable for management services.

As of June 30, 2007, we had a positive working capital of \$1,278,200 as compared to a deficiency of \$368,680 at June 30, 2006. A major portion of our debt was attributed to consulting fees and attorney fees. The sale of Crossroads Convenience Center reduced these debts, and created cash to start expansion of the amusement park.

The current portion of long-term debt at March 31, 2007 was \$55,001 compared to \$83,340 as of June 30, 2006.

As of June 30, 2007, our total bank debt was \$2,160,254 as opposed to \$2,885,263 at the end of June 30, 2006. The long term debt for Crossroads Convenience Center was paid in full.

We believe that we have sufficient cash, other current assets and operating cash flow to sustain foreseeable organic growth throughout the next fiscal year. Management intends to seek additional needed funds through financings or other avenues such as loans, the sale and issuance of additional debt and/or equity securities, or other financing arrangements for acquisitions and expansions. Any future capital raised by our company is likely to result in substantial dilution to existing stockholders.

Our principal source of income is from cash sales, which are expected to provide sufficient cash flow to service our current debt.

## **Financings**

During the second quarter of 2005, we obtained funding needed to complete the purchase of Wild Animal Safari through a private placement of approximately 11,128,000 shares of our common stock and 11,128,000 warrants resulting in gross proceeds of approximately \$3,338,400. We will require additional debt and/or equity funding in order to pursue our strategy of acquiring additional theme parks, which is our intended business plan. However, we will be able to support our operations over the next 12 months from our revenues even if the funding necessary to complete further potential acquisitions does not materialize.

On June 13, 2005, we completed our acquisition of the assets of Ron Snider & Associates, Inc. also known as Pine Mountain Wild Animal Park, located in Pine Mountain, Georgia. At closing, we paid \$350,000 in cash and a promissory note for \$350,000. The promissory note bears interest at 7.5% per annum and is payable in eighty-three monthly payments of principal and interest of \$5,368. We also entered into a Real Estate Purchase agreement for the underlying land and all buildings, improvements and fixtures of the park for \$4,000,000. We paid \$2,000,000 in cash at closing and issued a promissory note for \$2,000,000. The note bore interest at 7.5% per annum and was payable in eighty-three monthly payments of principal and interest of \$30,676. Both notes were secured by a first priority Security Agreement on the operating assets and a first Security Deed on the real estate. An agreement extension payment of \$50,000 for extension of closing was also paid in addition to 50,000 shares of Company stock.

On November 17, 2005, our wholly owned subsidiary, Wild Animal Safari, Inc., completed the refinancing of the debt we incurred on June 13, 2005 in connection the acquisition of the Wild Animal Safari theme park from Ron Snider & Associates, Inc. and related entities. A new loan in the principal amount of \$2,300,210 was obtained from Commercial Bank & Trust Company of Troup County in LaGrange, Georgia. As a result of this refinancing, the promissory notes in the aggregate principal amount of \$2,350,000 that were issued to Ron Snider & Associates, Inc. and its affiliated entities were paid in full and the liens which were held by those entities against the Wild Animal Safari theme park assets were released. The new loan is secured by a first priority security agreement and a first priority security deed on the Wild Animal Safari theme park assets.

In addition, on November 17, 2005, our Wild Animal Safari, Inc. subsidiary obtained a line of credit loan from Commercial Bank & Trust Company of Troup County for working capital purposes in the principal amount of \$200,000. This line of credit loan is renewable annually, subject to the satisfactory performance by Wild Animal Safari, Inc. under the terms of the line of credit. It is also secured by a lien on the Wild Animal Safari theme park assets.

### **Off Balance Sheet Arrangements**

We do not have any off balance sheet arrangements that are reasonably likely to have a current or future effect on our financial condition, revenues, results of operations, liquidity or capital expenditures.

### **Summary of Significant Accounting Policies**

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of any contingent assets and liabilities. On an on-going basis, we evaluate our estimates. We base our estimates on various assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

An infinite number of variables can be posited that could have an effect on valuation of assets and liabilities. For example, it is assumed that:

- 

Revenue and profit growth at Wild Animal Safari subsidiary will continue;

- 

The infrastructure will accommodate the additional customers;

- 

Cost of improvements and operations will remain a relatively stable budgeted allocation;

- 

Per capita spending by the customers will continue to rise in relation to the rise in capital expenditures;

If any one of these assumptions, or combination of assumptions, proves incorrect, then the values assigned to real estate, per capita revenues, attendance and other variables that have remained consistent over the past two years may not be realized. The same would be true if higher than expected revenue streams occurred.
