Item 3.02 Unregistered Sales of Equity Securities.

During April through July, 2013, we sold an aggregate of \$5,657,463 in principal amount of 12% Series A Convertible Promissory Notes to investors. The promissory notes are convertible into shares of our common stock at a conversion price of \$1.75 per share. Outstanding interest on the notes is due and payable quarterly in arrears, with one lump sum payment of all outstanding principal due and payable on March 31, 2015. As part of the sale of these notes, we also issued these investors a total of Series A Warrants to purchase common stock at an exercise price of \$2.00 per share. The warrants expire on March 31, 2018.

We sold the securities to the investors through a private placement offering and received aggregate consideration of \$5,657,463. In connection with the sale of these securities, we paid placement agent fees of 10% of the principal amount, plus non-accountable expenses up to 2% of the principal amount. We also issued the placement agents a total of 323,284 warrants to purchase common stock at an exercise price of \$2.00 per share for a term of three years.

The securities were issued to investors under the exemption from registration provided by Section 4(2) of the Securities Act of 1933 and the rules and regulations promulgated thereunder. The issuance of securities did not involve a public offering based upon the following factors: (i) the issuances of the securities were isolated private transactions; (ii) a limited number of securities were issued to a limited number of offerees; (iii) there was no public solicitation; (iv) the offerees represented that they were accredited investors ; (v) the investment intent of the offerees; and (vi) the restriction on transferability of the securities issued.
