The following constitutes the Schedule 13D filed by the undersigned (the "Schedule 13D").

Item 1. Security and Issuer.

This statement relates to the common stock, par value \$0.10 per share (the "Shares"), of VAALCO Energy, Inc., a Delaware corporation (the "Issuer"). The address of the principal executive offices of the Issuer is 9800 Richmond Avenue, Suite 700, Houston, Texas 77042.

Item 2. Identity and Background.

(a) This statement is filed by:

- (i) Lone Star Value Investors, LP, a Delaware limited partnership ("Lone Star Value Investors");
- (ii) Lone Star Value Investors GP, LLC, a Delaware limited liability company ("Lone Star Value GP"), which serves as the general partner of Lone Star Value Investors;
- (iii) Lone Star Value Management, LLC, a Connecticut limited liability company ("Lone Star Value Management"), which serves as the investment manager of Lone Star Value Investors and a certain managed account ("Separately Managed Account I"); and
- (iv) Jeffrey E. Eberwein, who serves as the manager of Lone Star Value GP and sole member of Lone Star Value Management.

Each of the foregoing is referred to as a "Reporting Person" and collectively as the "Reporting Persons." Each of the Reporting Persons is party to that certain Joint Filing Agreement, as further described in Item 6. Accordingly, the Reporting Persons are hereby filing a joint Schedule 13D.

(b) The address of the principal office of each of the Reporting Persons is 53 Forest Avenue, 1st Floor, Old Greenwich, Connecticut 06870.

(c) The principal business of Lone Star Value Investors is investing in securities. The principal business of Lone Star Value GP is serving as the general partner of Lone Star Value Investors. The principal business of Lone Star Value Management is serving as the investment manager of Lone Star Value Investors and Separately Managed Account I. The principal occupation of Mr. Eberwein is serving as the manager of Lone Star Value GP and the sole member of Lone Star Value Management.

(d) No Reporting Person has, during the last five years, been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors).

(e) No Reporting Person has, during the last five years, been party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

(f) Mr. Eberwein is a citizen of the United States of America.

Item 3. Source and Amount of Funds or Other Consideration.

The Shares purchased by Lone Star Value Investors and held in Separately Managed Account I were purchased with working capital (which may, at any given time, include margin loans made by brokerage firms in the ordinary course of business) in open market purchases, except as otherwise noted, as set forth in Schedule A, which is incorporated by reference herein. The aggregate purchase price of the 3,300,000 Shares beneficially owned by Lone Star Value Investors is approximately \$3,531,167, including brokerage commissions. The aggregate purchase price of the 450,000 Shares held in Separately Managed Account I is approximately \$487,278, including brokerage commissions.

Item 4. Purpose of Transaction.

The Reporting Persons, collectively referred to as Lone Star Value ("LSV"), purchased the Shares based on their belief that the Shares, when purchased, were undervalued and represented an attractive investment opportunity. Depending upon overall market conditions, other investment opportunities available to the Reporting Persons, and the availability of Shares at prices that would make the purchase or sale of Shares desirable, the Reporting Persons may endeavor to increase or decrease their position in the Issuer through, among other things, the purchase or sale of Shares on the open market or in private transactions or otherwise, on such terms and at such times as the Reporting Persons may deem advisable.

The Reporting Persons may engage in communications with management and the Board of Directors (the "Board") of the Issuer, engage in discussions with shareholders of the Issuer and others, and make proposals to the Issuer concerning its business or strategic alternatives for the Issuer.

The Reporting Persons agree with the Issuer's recent decision to pursue a strategic alternatives process and hire a financial advisor. LSV is concerned, however, that the Issuer's strategic alternatives process is not adequately focused on maximizing shareholder value. LSV stresses to the Board and management team the importance of carrying out a thorough and proper strategic alternatives process with a focus on selling the Issuer.

The Reporting Persons believe the Issuer's assets have significant value to a company that operates at a lower cost of capital and has a larger market presence. This leads LSV to believe the sale of the Issuer to the highest bidder, in a competitive auction process, would generate higher returns for the Issuer's shareholders than remaining a going concern. LSV's conclusion is further enhanced by the Issuer's poor exploration drilling track record and its unnecessary cost structure (the Issuer's corporate overhead and public company costs, for example, would not be needed by an industry buyer).

The Reporting Persons' concern about the adequacy of the Issuer's strategic alternatives process stems from the Issuer's recent presentation dated April 11, 2016 where the Issuer listed the potential outcomes from its planned strategic alternatives process as follows:

1. Securing additional investment to bolster liquidity
2. Funding growth opportunities
3. Considering joint ventures, asset sales or farm outs
4. Pursuing potential sale or merger of the Issuer
5. Continuing to execute the Issuer's existing operating plan

The Reporting Persons strongly believe that a sale of the Issuer to a larger industry player is the best outcome for shareholders, thus LSV became concerned by management listing five potential outcomes for its strategic alternatives process with four such outcomes implying a going concern and only one involving a sale or merger of the Issuer (this outcome was listed as fourth out of five alternatives). In addition, the Reporting Persons strongly advise the Issuer not to engage in any new issuances of debt or dilutive equity offerings as implied by options one and two – LSV strongly believes doing so would lead to further destruction of shareholder value.

Given the high cost of drilling offshore exploration wells and the Issuer's poor exploration drilling track record, the Reporting Persons believe any exploration drilling is likely to further destroy shareholder value. The Issuer's long track record of poor exploration drilling failures is evidenced by the five dry holes it has drilled in the last three fiscal years². In addition, the Issuer spent more than \$223.4 million³ in capital expenditures during this time, which equates to approximately three times the Issuer's current market capitalization⁴. Based on these factors, we strongly believe option five, as listed above (continuing to execute the Issuer's existing operating plan), is untenable. To be clear, the Reporting Persons do support the Issuer drilling development wells in its core area because we believe these wells are lower risk and lower cost than drilling exploration wells; however, LSV does not believe a company as small as the Issuer should have entered into Angola and committed to drill three exploration wells with a penalty payment of \$15 million due in the near future if such wells are not drilled.

LSV also encourages the Issuer to further reduce its excessive corporate costs. The Issuer has consistently paid its CEO and COO in excess of \$1 million each in total compensation for the last three fiscal years (2013, 2014 and 2015)⁵ and the Issuer's total corporate G&A expenses represent more than 20% of its market capitalization.⁶

LSV reminds the Board of its fiduciary duties to the Issuer's shareholders and LSV intends to hold the Board and management team accountable for any actions that result in further erosion of shareholder value. Although LSV is encouraged by the recent additions to the Board, if the recently announced strategic alternatives process does not result in a material benefit to the Issuer's shareholders, LSV may be forced to conclude that further changes to the Board are necessary for shareholder value to be maximized.

No Reporting Person has any present plan or proposal that would relate to or result in any of the matters set forth in subparagraphs (a) - (j) of Item 4 of Schedule 13D except as set forth herein or such as would occur upon or in connection with the completion of, or following, any of the actions discussed herein. The Reporting Persons intend to review their investment in the Issuer on a continuing basis. Depending on various factors including, without limitation, the Issuer's financial position and strategic direction, actions taken by the Board of the Issuer, the price levels of the Shares, conditions in the securities markets and general economic and industry conditions, the Reporting Persons may in the future take such actions with respect to their investment in the Issuer as they deem appropriate including, without limitation, engaging in communications with management and the Board of the Issuer, engaging in discussions with shareholders of the Issuer and others about the Issuer and the Reporting Persons' investment, making proposals to the Issuer concerning changes to the capitalization, ownership structure, Board structure (including seeking Board representation) or operations of the Issuer, purchasing additional Shares, selling some or all of their Shares, engaging in short selling of or any hedging or similar transaction with respect to the Shares, or changing their intention with respect to any and all matters referred to in Item 4.
