PROXY STATEMENT

GENERAL

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Fauquier Bankshares, Inc. (the "Company") for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the Black Horse Inn, 8393 Meetze Road, Warrenton, Virginia, on Tuesday, May 17, 2016 at 9:30 a.m., Eastern Time, and at any adjournments thereof.

The Company began mailing this proxy statement and the form of proxy solicited hereby to its shareholders on or about April 15, 2016.

VOTING SECURITIES

As of March 11, 2016 the record date fixed for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting, there were 3,757,972 outstanding shares of common stock, which is the only outstanding class of stock of the Company. Each share of common stock is entitled to one vote on each matter to be voted upon at the Annual Meeting. Shares of stock represented by valid proxies received pursuant to this solicitation, and not revoked before they are exercised, will be voted as instructed. If no instructions are indicated on a signed proxy card or over the telephone or Internet, the shares will be voted "FOR" the election of each of the nominees for director named in this proxy statement, "FOR" the approval of the executive compensation of the Company's named executive officers as disclosed in this proxy statement, and "FOR" the ratification of the selection of Smith Elliott Kearns & Company, LLC ("Smith Elliott") as the Company's independent public accountants for 2016.

The presence, in person or by proxy, of the holders of at least a majority of the total number of shares of common stock entitled to vote is necessary to constitute a quorum at the Annual Meeting.

As to the election of directors, the proxy provided by the Board of Directors enables a shareholder to vote "FOR" the election of the nominees proposed by the Board of Directors or to "WITHHOLD AUTHORITY" to vote for one or more of the nominees being proposed. Under Virginia law, if a quorum is present, the nominees receiving the greatest number of affirmative votes cast at the Annual Meeting will be elected directors. Approval of any other matter requires that the matter receive more votes "FOR" than votes "AGAINST" the matter, with a quorum present.

Shares for which a holder has elected to abstain or to withhold the proxies' authority to vote will count toward a quorum, but will not be included in determining the number of votes cast with respect to such matters.

Brokers and nominees who have record ownership of shares that are held in "street name" for account holders are not permitted to exercise voting discretion with respect to the election of directors. Under New York Stock Exchange ("NYSE") rules, brokers do not have the discretion to vote on the election of directors because a director election, even if uncontested, is not considered a "routine" matter. The proposal on approving the executive compensation of the Company's named executive officers is also considered a "non-routine" matter under NYSE rules. If you do not give your broker specific instructions on these matters, your shares will be treated as "broker non-votes" and will not be voted on the election of directors and the proposal relating to executive compensation. Without instructions, your broker or nominee is permitted to use its own discretion and vote your shares on certain routine matters, such as ratification of the Company's independent public accountants. As a result, if your broker or nominee votes on the ratification of the Company's independent public accountants, those shares will be counted for quorum purposes.

SOLICITATION AND VOTING OF PROXIES

If you are a shareholder of record, any proxy given pursuant to this solicitation may be revoked at any time prior to its exercise by submitting to the Secretary of the Company a written notice of revocation or granting a new proxy bearing

a later date, or by attending the Annual Meeting and voting in person. If you hold shares in "street name", you may change your vote at any time prior to the taking of the vote at the Annual Meeting by submitting new voting instructions to your broker or other nominee by following the instructions they provided or, if you have obtained a legal proxy from your broker or other nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person using a valid legal proxy. Proxies will extend to, and will be voted at, any properly adjourned session of the Annual Meeting.

The cost of this proxy solicitation will be borne by the Company. The Company will pay the costs of its effort in soliciting and obtaining proxies, including the cost of reimbursing banks and brokers for forwarding proxy materials to shareholders. Proxies may be solicited without extra compensation, by the Company's directors, officers and employees by mail, electronic mail, telephone, fax or personal interviews.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

Independence. A majority of the directors are "independent directors" as defined by the listing standards of the NASDAQ Stock Market LLC ("NASDAQ"), and the Board of Directors has determined that these independent directors have no relationships with the Company that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. The independent directors are Messrs. Adams, Frostick, Keyser, Minter, Montgomery, Rodgers, Strange and Flory. In determining the independence of the directors, the Board considered the following relationship that Mr. Frostick has with the Company outside of his director position: Vanderpool, Frostick and Nishanian, P.C., a law firm of which Mr. Frostick is a partner and shareholder, has been engaged by the Bank for legal services. During 2015, the firm was paid \$20,425 for its services. After considering this relationship, the Board concluded that Mr. Frostick is independent.

Board Leadership. The Board of Directors is committed to maintaining an independent Board, and for many years a majority of our Board has been comprised of independent directors. Generally, it has been the Company's practice to separate the duties of Chairman and Chief Executive Officer. In keeping with good corporate governance practices, at this time the Board believes that the separation of the duties of Chairman and Chief Executive Officer eliminates any inherent conflict of interest that may arise when the roles are combined, and that an independent director who has not served as an executive of the Company can best provide the necessary leadership and objectivity required as Chairman.

Meetings and Attendance. During the year ended December 31, 2015, the Board of Directors held 12 meetings. Each director attended at least 75% of the aggregate of: (i) the number of Board meetings held during the period in which he has been a director and (ii) the number of meetings of all committees on which he served.

The Company has not adopted a formal policy on Board members' attendance at our annual meetings of shareholders, although all Board members are encouraged to attend. All of the current Board members attended our 2015 Annual Meeting of Shareholders.

Communications with the Board of Directors. Any shareholder who wishes to contact the Board of Directors or any of its members may do so by writing to Fauquier Bankshares, Inc., Board of Directors, c/o Secretary, 10 Courthouse Square, Warrenton, Virginia 20186. The Secretary of the Company will promptly forward all such communications to the specified addressees. Communications may also be directed to the Board of Directors through our website: www.tfb.bank under "Contact Us." Audit Committee. The Board has an Audit Committee, composed entirely of directors who satisfy the independence and financial literacy requirements for audit committee members under the NASDAQ listing standards and applicable Securities and Exchange Commission ("SEC") regulations. In addition, at least one member of the Audit Committee has past employment experience in finance or accounting or comparable experience which results in the individual's financial sophistication. The Audit Committee is responsible for the appointment, compensation and oversight of the work performed by the Company's independent registered public accounting firm. The Audit Committee held five official meetings and several informal discussions in 2015 (Please see "Audit Committee Report"). The current members of the Audit Committee are Messrs. Adams, Keyser, Rodgers and Strange. The Board of Directors has determined that Messrs. Keyser and Strange qualify as the audit committee financial experts as defined by SEC regulations and has designated them as the Company's Audit Committee Financial Experts. The Audit Committee operates pursuant to a written charter, which is posted on the Bank's website: www.tfb.bank under "Investor Relations – Corporate Governance." The committee reviews and reassesses the charter annually and recommends any changes to the Board for approval.

Enterprise Risk Management Committee. In February 2014, the Board created an Enterprise Risk Management Committee. The committee is composed entirely of directors who satisfy the independence and financial literacy requirements under the NASDAQ listing standards and applicable SEC regulations. The primary functions of this committee are to assist the Board of Directors in its oversight of the Company's management of financial, operational, information technology (to include cyber risk), credit, market, capital, liquidity, reputation, strategic, legal,

compliance and other risks; and to oversee the Company's enterprise risk management framework. The Enterprise Risk Management Committee held four official meetings and several informal discussions in 2015. Current members of the committee are Messrs. Adams, Frostick, Keyser and Strange. The Enterprise Risk Management Committee operates pursuant to a written charter, which is posted on the Bank's website: www.tfb.bank under "Investor Relations – Corporate Governance." The committee reviews and reassesses the charter annually and recommends any changes to the Board for approval.

Compensation and Benefits Committee. The Company has a Compensation and Benefits Committee, whose function is to aid the full Board of Directors of the Company in meeting its overall responsibilities with regard to the oversight and determination of executive compensation. The committee, composed entirely of directors who satisfy the independence requirements for compensation committee members under the NASDAQ listing standards, held four official meetings and several informal discussions in 2015. The current members of the Company's Compensation and Benefits Committee are Messrs. Adams, Minter, Montgomery and Rodgers. These same directors serve as the Bank's Compensation and Benefits Committee, whose function is to aid the Board of Directors of the Bank in meeting its overall responsibilities with regard to the oversight and determination of executive compensation. The Bank's Compensation and Benefits Committee held four official meetings and several informal discussions during 2015. The Compensation and Benefits Committees operate pursuant to written charters, which are posted on the Bank's website: www.tfb.bank under "Investor Relations – Corporate Governance." Adams, Bogan, Frostick and Strange. The committee held three official meetings in 2015 and several informal discussions. The committee operates pursuant to a written charter, which is posted on the Bank's website: www.tfb.bank under "Investor Relations – Corporate Governance." The committee reviews and reassesses the charter annually and recommends any changes to the Board for approval.

Nominating Committee. The responsibilities of the Nominating Committee include the identification and evaluation of potential director candidates and making recommendations to the full Board regarding nominations of individuals for election to the Board of Directors. The committee is composed entirely of directors who satisfy the independence requirements for nominating committee members under the NASDAQ listing standards. The members of the Nominating Committee are Messrs. Adams, Frostick and Minter. The committee held three official meetings in 2015 and several informal discussions. The committee operates pursuant to a written charter, which is posted on the Bank's website: www.tfb.bank under "Investor Relations – Corporate Governance." The committee reviews and reassesses the charter annually and recommends any changes to the Board for approval.

The Nominating Committee considers diversity in board composition and qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing Board composition. The committee generally reviews a potential candidate's background, experience and abilities, the contributions the individual could be expected to make to the collective functioning of the Board and the needs of the Board at the time. The Board has adopted Corporate Governance Guidelines for the Company, which outline certain specific criteria that the Board seeks to attract, which include (i) a commitment to the Company's purpose; (ii) informed, mature and practical judgment developed as a result of management or policy-making experience; (iii) business acumen, with an appreciation of the major issues facing a company of comparable size and sophistication; (iv) financial literacy in reading and understanding key performance reports; (v) integrity and an absence of conflicts of interest; (vi) visionary thinking and strategic planning expertise; (vii) ability to influence others; (viii) strong organizational and self-management skills; (ix) being independent according to NASDAQ listing standards and SEC rules; (x) having sufficient time to prepare and meet Board commitments; (xi) works or resides in the Bank's market area, thereby bringing current and relevant demographic knowledge to the Board; and (xii) meeting age limit requirements.

The Nominating Committee will consider candidates for directors proposed by shareholders. The committee will accept written submissions that include the name, address and telephone number of the proposed nominee, along with a brief statement of the candidate's qualifications to serve as a director. All such shareholder recommendations should be submitted to the attention of the Chairman, Nominating Committee, Fauquier Bankshares, Inc., 10 Courthouse Square, Warrenton, Virginia 20186, and must be received no later than November 15, 2016 in order to be considered for the next annual election of directors. Any candidates submitted by a shareholder are reviewed and considered in the same manner as all other candidates. The current nominees for Class II and Class III members of the Board of Directors were approved on the recommendation of the Nominating Committee.

In addition, in accordance with the bylaws of the Company, any shareholder entitled to vote in the election of directors generally may directly nominate one or more persons for election as directors at an Annual Meeting if the shareholder gives written notice of his or her intent to make such nomination. In accordance with the Company's bylaws, a shareholder nomination must include (i) the name and address of the shareholder who intends to make the nomination and of the person(s) to be nominated, (ii) a representation that the shareholder is an owner of common stock of the Company, entitled to vote, and intends to appear at the Annual Meeting (in person or by proxy) to nominate the individual(s) specified in the notice, (iii) a description of all arrangements, understandings or relationships between the shareholder and each nominee for director pursuant to which the nomination(s) are made by the shareholder, (iv) such other information regarding such nominee proposed by the shareholder as required in the proxy rules of the SEC

including the amount and nature of each nominee's beneficial ownership, age and principal occupation for the past five years, and (v) the written consent of each nominee to serve as a director of the Company if so elected. All such nominations for the 2017 Annual Meeting must be in proper written form and received by the Secretary of the Company by December 16, 2016.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act"), executive officers, directors and beneficial owners of more than 10% of the Company's common stock are required to file reports on Forms 3, 4 and 5 with the SEC to report their beneficial ownership of the Company's common stock as well as certain changes in such beneficial ownership. Based solely upon the Company's review of such reports, the Company believes that no executive officer, director or more than 10% beneficial owner failed to file required reports on Forms 3, 4 or 5 on a timely basis with respect to the fiscal year ended December 31, 2015.

DIRECTOR COMPENSATION

Retainer and Meeting Fees. Non-employee directors of the Bank received an annual retainer of \$3,000 for Bank board service during 2015. Non-employee directors of the Company received an annual retainer of \$5,000 for Company board service during 2015. The Chairman received a retainer from the Company of \$27,500 during 2015, but did not receive a retainer from the Bank. Annual retainers are pro-rated at one half for any director who does not serve after the annual meeting of shareholders. For 2015, all Board meetings were joint meetings of the Bank and the Company, and the fee paid to non-employee directors was \$500 per meeting. Non-employee directors of the Bank and of the Company received committee fees of \$300 for each committee meeting attended, except that Committee Chairmen for the Audit, Compensation and Benefits, Board Governance and Nominating Committees received \$400 for each committee meeting they chaired. The Chairman receives a committee fee only if he chairs the committee.

Equity Compensation. During 2015, the Company granted restricted stock to non-employee directors under the Fauquier Bankshares, Inc. Stock Incentive Plan (the "Stock Incentive Plan"), which was approved by shareholders at the 2009 Annual Meeting. The number of shares of restricted stock granted to each director was calculated by dividing \$8,500, the value of the average restricted stock grant awarded in the most recent three years, by the closing price of the Company's common stock on the day prior to the day the Compensation and Benefits Committee made the grant determination.

The Compensation and Benefits Committee believes that granting restricted stock as part of director compensation better aligns the directors and shareholders' long term interest in the Company in a way that cannot be accomplished through cash compensation, and increases director ownership of Company shares in an appropriate manner. On February 19, 2015, 494 shares of restricted stock were awarded to each non-employee director continuing in office after the 2015 Annual Meeting. The shares automatically vested on such date but are subject to transferability restrictions that lapse on the third anniversary of the grant date. See "Executive Compensation-Stock Incentive Plan" for more information on the plan.

The following table provides compensation information for the year ended December 31, 2015 for each non-employee director.

- Randy K. Ferrell, the Company's President and Chief Executive Officer during 2015, and Eric P. Graap, the Company's Chief Financial Officer, are not included in this table as they are executives of the Company and thus received no compensation for their services as directors. The compensation received by Messrs. Ferrell and Graap as executives of the Company are shown in the Summary Compensation Table. Mr. Ferrell retired as President of the Company and the Bank effective February 18, 2016 and retired as Chief Executive Officer of the Company and the Bank effective March 31, 2016.
- (1) Because each Company director also serves on the Bank's board of directors, the amounts reported in this table reflect compensation for board service paid by the Company and the Bank.
- (2) Each non-employee director received an award of 494 shares of restricted stock on February 19, 2015 under the Stock Incentive Plan. The shares automatically vested on such date but are subject to transferability restrictions that lapse on the third anniversary of the grant date. This column reflects the dollar amount recognized for financial statement reporting purposes for these grants in accordance with FASB ASC Topic 718 –
- (3) "Compensation-Stock Compensation". This amount is the grant date fair value and was determined by multiplying the number of shares by the closing sales price of the Company's common stock on the date prior to the grant, \$17.20 per share. Please refer to Note 12, Stock Based Compensation, in the Company's audited financial statements for the fiscal year ended December 31, 2015 included in the Company's Annual Report on Form 10-K filed with the SEC on March 18, 2016.

EXECUTIVE COMPENSATION

Compensation Philosophy. The Company strives to be an organization where work is satisfying to our staff and where knowledgeable and skillful associates can work in a challenging and rewarding atmosphere. Achievement of these goals is critical to the Company's ability to provide quality products and services to its clients, as well as a reasonable return to its shareholders. The Company considers compensation an integral part of this strategy. The compensation system must support the achievement of these goals by making a significant contribution to the achievement of strategy and objectives at an acceptable level of compensation and ongoing development of the organization and its human resources.

The Company's compensation system is designed to result in the achievement of the Company's objectives. To this end, the compensation system is designed to: (i) attract employees whose qualifications clearly meet or exceed the minimum education, experience and skills specified for each job; (ii) attract individuals who are willing to be held accountable for results; (iii) retain those who achieve the high level of results expected; (iv) motivate employees to seek additional accountability, make and communicate well-informed business decisions, and achieve greater than expected results; and (v) differentiate employees between those who perform and those who do not want to be accountable or fail to achieve results.

Overview of Compensation Program. The Company's Compensation and Benefits Committee (the "Committee") approves the Company's compensation philosophy, strategy and policy. Although executive compensation is primarily paid by the Bank, the Committee develops Company goals and objectives relevant to the compensation of the Chief Executive Officer and the Chief Financial Officer, including developing annual and long term performance objectives for the Chief Executive Officer and the Chief Financial Officer for joint approval by the independent members of the Boards of the Company and the Bank.

The Company's Chief Executive Officer and Chief Financial Officer are referred to throughout this discussion as the "named executive officers" or "NEOs."

With the assistance of the independent members of the Company and Bank Boards, the Committee evaluates the performance of the NEOs and sets their annual compensation, including annual salary, cash and equity incentive awards, and other direct or indirect benefits. The Committee also annually approves compensation structures, job values, compensation budgets and distribution guidelines of the Bank with the Bank's Board of Directors' approval. In addition to the Chief Executive Officer, Human Resources Department personnel periodically attend Committee meetings and make presentations to the Committee on compensation and benefits matters. The Committee meets in executive session, without the Chief Executive Officer, when discussing his compensation.

Finally, the Committee is responsible for reviewing the competitiveness of the Company's executive compensation programs to ensure (i) the attraction and retention of senior management; (ii) the motivation of senior management to achieve the Company's business objectives; and (iii) the alignment of the interests of key leadership with the long term interests of the Company's shareholders.

Establishing Executive Compensation. The Company compensates our NEOs, and other members of senior management, through a mix of base salary, cash and equity incentive compensation, and perquisites and benefits designed to be competitive with our peer financial institutions. Cash and equity incentive awards to senior management are made pursuant to our Management Incentive Plan and Stock Incentive Plan, which are designed to reward company-wide performance through tying awards to selected performance goals. We want to provide our NEOs with a level of assured cash compensation in the form of base salary as well as cash and equity opportunities in the form of incentive compensation that will help recruit, retain and reward competent and effective executive talent, and at the same time align senior management's interests with the long term interests of our shareholders.

The compensation planning process consists of annually establishing an overall executive compensation package and then allocating that compensation among base salary, cash and equity incentives under the Management Incentive

Plan and the Stock Incentive Plan. In order to recruit and retain top executive talent whom we expect to provide performance that will create and sustain long term value for our shareholders, we intentionally pay overall compensation that we believe is competitive with our peer group. Our base salaries are comparable with the base salaries paid by most of our peer group for comparable positions. We generally offer higher compensation components in the form of cash and equity incentive compensation under our Management Incentive Plan and Stock Incentive Plan, and incentive compensation comprises a large portion of our total compensation. To assist the Committee in reviewing and establishing executive compensation, the Committee has identified a peer group consisting of publicly-traded banks, similar in asset size compared to the Company, and predominantly located in the greater Washington, D.C./Virginia area.

Decisions regarding the base salaries for the NEOs are generally made at the Committee's first meeting following the availability of the Company's financial results for the prior year. In addition to referring to proposed pay ranges, the Committee uses the prior year financial results to evaluate the NEO's performance against his individual performance plan for the prior year. Generally at this meeting, the Committee also determines the extent to which the cash and equity incentive awards under the Management Incentive Plan and the Stock Incentive Plan for the prior year were earned by measuring actual outcomes against the pre-determined performance goals. The Committee sets the performance goals for the Management Incentive Plan for the current year at its next meeting. The performance goals are made as early as practicable in the year in order to maximize the time period for the incentives associated with the awards to be achieved. The Committee's schedule is determined several months in advance, and the proximity of the granting of any equity awards to announcements of earnings or other market events is coincidental.

The Chief Executive Officer attends these Committee meetings, although the Chief Executive Officer is not present during deliberations or voting concerning his own compensation. The Committee seeks the Chief Executive Officer's input regarding the performance evaluation and compensation recommendations for the Company's other NEO, although the Committee makes the final decision.

Base Salaries. Based on an evaluation of each officer's performance against his individual performance plan and a review of the Company's overall performance in 2014, the Committee set the 2015 base salary for the Chief Executive Officer at \$299,406, and the Chief Financial Officer at \$198,400. For 2016, the Committee recommended, and the independent members of the Board approved, a base salary for the Chief Executive Officer of \$299,406 and a base salary for the Chief Financial Officer of \$206,300. Mr. Ferrell's base salary was not increased due to his previously announced retirement from the Company, which was effective on March 31, 2016.

Management Incentive Plan. Our practice is to award incentive compensation based on satisfactory completion of pre-determined Company performance objectives. Cash incentive awards to senior management are made pursuant to our Management Incentive Plan, which is designed to reward the achievement of company-wide performance through the tying of awards to selected performance measures. The Committee approves the performance goals and award payouts under the Management Incentive Plan, and has the discretion to increase or decrease cash awards earned under the Management Incentive Plan.

The Committee reviewed the Company's strategic objectives for 2015 and chose award factors relative to meeting certain primary objectives. The NEO's performance goal objectives for 2015 were based on the following measures of the Company's 2015 performance: managing expenses, non-interest and fee income, loan growth, core deposit growth for retail and commercial deposits, non-performing assets, and CAMELS rating.

The 2015 annual award opportunity for the Chief Executive Officer was 40% of base salary. The 2015 annual award opportunity for the Chief Financial Officer was 30% of base salary. Performance criteria was not met therefore no cash incentives were paid for 2015.

Stock Incentive Plan. The Company believes that ownership of Company common stock will stimulate the efforts of those persons upon whose judgment, interest and efforts the Company is and will be largely dependent for the successful conduct of its business, and will better align their interests with the interests of the Company's shareholders. The Stock Incentive Plan was adopted by the Board of Directors of the Company on March 19, 2009 and approved by the shareholders on May 19, 2009 at the Company's 2009 Annual Meeting.

The Stock Incentive Plan provides for the granting of restricted stock awards and stock options in the form of incentive stock options and non-statutory stock options, and other stock-based awards to employees and directors of the Company on a periodic basis. The plan makes available up to 350,000 shares for issuance to participants under the plan. No more than 200,000 shares may be issued in connection with any type of award other than (i) stock appreciation rights (under the other stock-based awards provisions of the plan) or (ii) incentive stock options, which are eligible for more favorable tax treatment.

The Stock Incentive Plan is administered by the Committee, which is comprised of independent directors as such term is defined under SEC rules and NASDAQ listing standards. Under the Stock Incentive Plan, the Committee determines which employees will be granted options, restricted stock awards, or other stock-based awards, whether such options will be incentive or non-statutory options, the number of shares subject to each option or award, whether such options may be exercised by delivering other shares of common stock, and when such options or awards vest.

We have granted equity awards under the Stock Incentive Plan. The Committee believes that grants of restricted stock are generally more effective than grants of stock options at aligning the interests of the executives with those of the Company's shareholders. The overall award opportunity is defined as a percentage of base salary, then divided equally between time vested restricted stock shares and performance vested restricted stock units. Time vested shares vest according to a three-year cliff, becoming fully vested after three full years of continued employment. The performance vested awards are in the form of restricted stock units and will be earned at the end of the three-year performance period depending on the average of the Company's past three years actual return on average equity performance relative to the defined SNL National Peer Group's average of the three-year period. Each performance award agreement allows the award to be issued in stock at 50% of the value of the award, and in cash at 50% of the value of the award to allow for applicable withholding taxes due by the participants. The shares relating to the performance vested restricted stock units awarded in 2015 will be provided to the NEOs based on the performance requirements at December 31, 2017.

The 2015 annual target award opportunity for the Chief Executive Officer was 35% of base salary. The 2015 annual target award opportunity for the Chief Financial Officer was 25% of base salary. For our Chief Executive Officer and Chief Financial Officer, the time vested restricted stock grants totaled \$52,391 and \$24,802, respectively, for 2015. For our Chief Executive Officer and Chief Financial Officer, the performance vested restricted stock units totaled \$52,391 and \$24,802, respectively, for 2015. The grants of time vested restricted stock and performance vested restricted stock units were made on February 19, 2015 under the Stock Incentive Plan.

401(k) Savings Plan. To encourage saving for retirement and as a retention tool, the Bank maintains a defined contribution 401(k) savings plan (the "401(k) Savings Plan"), covering employees on the first day of hire who are at least 18 years of age. Under the plan, participants may contribute an amount up to the Internal Revenue Service maximum amount of their covered compensation for the year. Eligible participants receive a 6% employer contribution that is 100% vested. In addition, eligible participants receive 100% match on the first 1% of compensation deferred and a 50% match on the next 5% of compensation deferred. This equates to a maximum match of 3.5% on the first 6% of compensation deferred.

Supplemental Executive Retirement Plan. In 2005, the Company adopted a Supplemental Executive Retirement Plan for executives (the "Executive SERP"), which is a supplemental benefit plan designed to ensure that participants will have, upon retirement from the Company or its subsidiaries participating in the plan, retirement benefits targeted at

70% (prorated if the participant has fewer than 10 years of benefit service) of base salary and incentive pay when added together with benefits provided through Social Security, the Company's non-contributory defined benefit plan (terminated in 2009), and employer contributions to the 401(k) Savings Plan. A participant's employee contributions to the 401(k) Savings Plan are not taken into account in determining the 70% target and thus will increase the total retirement benefits available to the participant.

The Company adopted this plan to provide consistent retirement benefits as a percent of final compensation for individuals whose retirement compensation under any qualified retirement plan sponsored by the Company or the Bank is limited by maximums imposed on these plans by law. Employees eligible to participate in the Executive SERP include Messrs. Ferrell and Graap and any individuals designated by the Board of Directors as plan participants. Subject to certain specified forfeiture events (termination of employment for cause, pre-change-in-control competition, or unauthorized disclosure of confidential information), an eligible employee will have a vested and non-forfeitable right in his or her supplemental retirement benefits under the Executive SERP upon the first of the following events to occur while he or she is an active participant in the Executive SERP: (i) the participant meets the age and service requirements for early retirement under the Executive SERP (60 years of age with 10 years of vesting service); (ii) the participant reaches his or her normal retirement date (65 years of age); (iii) the participant retires on a disability retirement date (first day of the month following the date participant retires as a result of a disability); or (iv) a change in control of the Company or the Bank.

Supplemental retirement benefits are payable under the Executive SERP for 180 months (15 years), with the amount payable reduced actuarially in the event payment begins before the participant reaches his or her normal retirement date. If the participant dies before receiving monthly payments for 180 months, the remaining monthly benefits will be paid to the participant's beneficiary until the Executive SERP has made a total of 180 monthly payments to the participant and his or her beneficiary. In addition, the Executive SERP provides a pre-retirement death benefit payable for 15 years to the participant's beneficiary, with the amount payable reduced actuarially in the event payment begins before the participant reaches his or her normal retirement date.

Mr. Ferrell has a fully vested and non-forfeitable right to receive an estimated monthly benefit of \$8,364 under the Executive SERP as he has satisfied the age and service requirements for early retirement under the plan. Mr. Graap has a fully vested and non-forfeitable right to receive an estimate monthly benefit of \$3,986 under the Executive SERP as he has satisfied the age and service requirements for early retirement under the plan. Based on contribution rates and plan provisions and assumptions in effect on January 1, 2015, with retirement at age 65, the estimated monthly retirement benefit for Mr. Ferrell under the Executive SERP is \$8,364. Based on contribution rates and plan provisions and assumptions in effect on January 1, 2015, and assuming retirement at age 65, the estimated monthly retirement benefit for Mr. and Graap under the Executive SERP is \$4,559.

On October 21, 2010, the Board of Directors approved amendments to the Executive SERP due to the termination of the Company's non-contributory defined benefit plan in 2009, and entered into participation agreements with the named participants.

Employment Agreement With Former Chief Executive Officer. We entered into an employment agreement with Mr. Ferrell effective as of January 19, 2005 with an initial term until December 31, 2008. The agreement provided for successive, automatic one-year extensions beginning on December 31, 2008, unless either party notified the other in writing at least 90 days prior to December 31. The employment agreement was operative until Mr. Ferrell's retirement as Chief Executive Officer of the Company and the Bank effective March 31, 2016.

Under the agreement, Mr. Ferrell served as the Chief Executive Officer of the Company and the Bank. The agreement provided that Mr. Ferrell was eligible to participate in the Management Incentive Plan, with targeted performance levels for the Company to be established by the Committee or the Board. The agreement also provides that Mr. Ferrell was eligible to participate in any employee benefit or incentive plans that were provided to senior management, including group medical, disability and life insurance, paid time off and retirement. More information regarding Mr. Ferrell's employment agreement is provided under "Potential Payments Upon Termination or Change in Control".

Employment Agreement with Chief Financial Officer. We entered into an employment agreement with Mr. Graap effective as of January 1, 2011 with an initial term until December 31, 2014. The Committee determined an employment agreement with Mr. Graap was appropriate because it clarifies the terms of Mr. Graap's employment and ensures that the Company and the Bank are protected by non-compete, non-solicitation, and non-disclosure provisions in the event Mr. Graap ceases employment with us. In addition, the Committee believes an employment agreement is necessary to attract and retain a qualified Chief Financial Officer in our industry. On December 31, 2013 and on each December 31st thereafter, the term of the employment agreement will be automatically be extended for an additional year so as to terminate two years from each renewal date, unless the Company gives written notice of its election not to renew the employment agreement before the applicable renewal date. Under the agreement, Mr. Graap serves as the Chief Financial Officer of the Company and the Bank at an annual base salary of not less than \$175,500 per year. The agreement provides that Mr. Graap is eligible to participate in the short term and long term incentive plans, with targeted performance levels for the Company to be established by the Committee or the Board. The agreement also provides that Mr. Graap is eligible to participate in any employee benefit plans that are provided to senior management, including group medical, disability and life insurance, paid time off and retirement. Any incentive-based compensation or award to which Mr. Graap is entitled is subject to clawback by the Company as required by applicable federal law. More information regarding Mr. Graap's employment agreement is provided under "Potential Payments Upon Termination or Change in Control".

Reported Pay vs. Realized Pay

The following charts summarize reported pay and realized pay for the Chief Executive Officer and Chief Financial Officer for the years ended December 31, 2015, 2014, 2013, 2012 and 2011.

Reported pay includes actual annual cash compensation, long term retirement benefits, and long term equity incentive opportunities. Both the long term retirement benefits and the long term equity incentive opportunities are based on accounting and performance assumptions that may or may not be realized. Reported pay are the amounts reported in the Summary Compensation Table as required by the SEC.

Realized pay are the amounts actually paid to the NEO. Realized pay includes taxable pay including base salary, cash incentives, taxable fringe benefits, and taxable payouts under the Stock Incentive Plan. For purposes of these charts, taxable fringe benefits included in realized pay include auto allowance, tax planning and physical exam reimbursements, health and welfare benefit, cumulative dividends received on restricted stock, and cash dividends

earned on performance vested restricted stock units. Realized pay does not include the change in value of accumulated benefit under the Executive SERP, club dues reimbursement, supplemental long term disability plan premiums paid by the Company, a 401(k) Savings Plan company match, and a 401(k) Savings Plan employer contribution.

Performance-based awards in the above table (1) assume the probable outcome of performance conditions is equal to the target potential value of the awards. The calculation of these amounts are included in Note 12 to the Company's audited financial statements for the fiscal year ended December 31, 2015 included in the Company's Annual Report on Form 10-K filed with the SEC on March 18, 2016.

(2) The amounts in this column for 2014 represent the amount of cash incentive compensation earned for 2014. The officers did not receive cash incentive compensation for 2015.

In 2015, for Mr. Ferrell, there was a \$116,768 increase in the value of the accumulated benefit under his Executive SERP. Three factors are attributed to the change in value: \$18,667 represents a decrease due to the change in the discount rate, \$97,071 represents an additional year in benefit accrual, and \$38,364 represents an increase due to age. Messrs. Ferrell and Graap are each vested in their respective accrued benefit under the Executive SERP.

(4) Mr. Ferrell retired as President of the Company and the Bank effective February 18, 2016 and retired as Chief Executive Officer of the Company and the Bank effective March 31, 2016.

(6) These amounts consist of: club dues reimbursements of \$150; health and welfare benefit of \$200; tax planning reimbursements of \$595; supplemental long term disability plan premiums paid by the Company of \$1,883; a 401(k) Savings Plan company match of \$7,825; a 401(k) Savings Plan employer contribution of \$13,254; and \$2,683 in cumulative dividends Mr. Graap received during 2015 on his restricted stock.

Potential Payments Upon Termination or Change in Control

The section below describes the payments that may be made to the NEOs upon certain termination events or upon a change in control of the Company.

Employment Agreement and Change in Control Agreement with Mr. Ferrell. In addition to the provisions described earlier under "Employment Agreement with Former Chief Executive Officer", the employment agreement with Mr. Ferrell provided that in the event his employment was terminated, he would have been entitled to receive his earned but unpaid compensation and any other benefits to which he was entitled pursuant to any plan, program or arrangement of the Company or which were due as a matter of law. Depending on the circumstances, he also would have been entitled to additional compensation or benefits under his employment agreement as described below. In the event Mr. Ferrell's employment was terminated prior to a change in control of the Company by the Company without "cause" (as defined in the agreement) or by Mr. Ferrell for "good reason" (as defined in the agreement), he would have also received (i) a lump sum payment of a prorated annual bonus paid for the portion of the year up to termination based on the most recent prior year's bonus; (ii) an amount equal to two times the average of his annual bonuses paid for the last two calendar years preceding the calendar year of termination of employment (Annual Incentive); (iii) payment at regular payroll intervals of his annual base salary for a period of 24 months from the date of termination; (iv) all health and welfare plan and program coverage for Mr. Ferrell and his spouse and dependents in effect at the time of termination for a period of 24 months from the date of termination or, if such continuation of coverage was not feasible, substantially identical benefits through an alternative arrangement or a lump sum equal to 1.4 times the estimated cost of maintaining such coverage; and (v) automatic acceleration of vesting in all equity compensation awards granted to Mr. Ferrell, so that such equity compensation awards would have been immediately exercisable and fully vested as of the date of termination, with at least 90 days to exercise any stock options, stock appreciation rights or similar awards.

If Mr. Ferrell's employment had ended due to his death prior to a change in control, the Company would have continued to pay his base salary for three months following the month of his death to his designated beneficiary. If Mr. Ferrell's employment had ended due to his termination by the Company for cause, or if he had resigned his position without good reason or, prior to a change in control of the Company, he was terminated as a result of his incapacity, he would not have been entitled to any additional compensation, bonus or benefits under the agreement. In the event of a change in control of the Company, Mr. Ferrell was guaranteed employment for three years following the change in control, his outstanding equity compensation awards would have become automatically vested and exercisable, the Company would have reimbursed him for any federal income tax liability incurred by him by such vesting, and the Company, at the discretion of the non-employee directors, had the ability to cancel any or all of Mr. Ferrell's equity compensation awards for a cash payment equal to the aggregate spread between the average exercise price of the awards and the higher of (i) the average closing price of the Company's common stock for the 30 business day period preceding the public announcement of the change in control, or (ii) the highest price per share paid in connection with the change in control.

During the three year guaranteed term of employment for Mr. Ferrell following a change in control, his base salary (with a Consumer Price Index inflation adjustment), annual bonus opportunity, incentive, savings and retirement benefit rights opportunities, health and welfare coverage (including that of his family), fringe benefits and vacation could not be less than the most favorable of such compensation, rights and benefits provided at any time during the 12 months before the change in control.

If Mr. Ferrell's employment had ended due to his death within three years after a change in control, the Company was required to pay to his designated beneficiaries a lump sum equal to his base salary for three months and provide his spouse and other dependents with continued health and welfare plan and program coverage for 36 months following the date of death or, if such continuation of coverage was not feasible, substantially identical benefits through an alternative arrangement or a lump sum equal to 1.4 times the estimated cost of maintaining such coverage. If Mr. Ferrell's employment had ended due to his incapacity within three years after a change in control, the Company

was required to pay him a lump sum equal to his base salary for three months and provide his spouse and other dependents with continued health and welfare plan and program coverage for 36 months following the date of termination or, if such continuation of coverage was not feasible, substantially identical benefits through an alternative arrangement or a lump sum equal to 1.4 times the estimated cost of maintaining such coverage.

The agreement also provided for enhanced severance payments and certain other benefits if, within three years following a change in control, Mr. Ferrell (i) was terminated involuntarily without cause and not as a result of death, incapacity or normal retirement, or (ii) terminated his employment voluntarily for good reason (which included for this purpose Mr. Ferrell's right to voluntarily terminate the agreement during the 90 days following the change in control or during the 90 days following the first anniversary thereof). The term "change in control" was defined generally to include (i) an acquisition of 20% or more of the Company's voting stock, or (ii) certain changes in the composition of the Company's Board of Directors as the direct or indirect result of, or in connection with, a tender or exchange offer, a merger or other business combination, sale of assets, contested election, or any combination of these events.

In the event of such termination without cause or for good reason following a change in control, Mr. Ferrell would have been entitled to: (i) a lump sum payment of a prorated annual bonus paid for the portion of the year up to termination based on the most recent prior year's bonus; (ii) a payment in a lump sum or in six monthly installments, at Mr. Ferrell's option, of an amount equal to 2.99 times his highest annual salary and bonus paid during the six months prior to the termination; (iii) continuation for a period of 36 months following his termination of all health and welfare plan and program coverage for Mr. Ferrell, his spouse and dependents in effect at the time of termination or, if such continuation of coverage was not feasible, substantially identical benefits through an alternative arrangement or a lump sum equal to 1.4 times the estimated cost of maintaining such coverage; (iv) continuation for a period of 36 months from the date of termination of participation in the Company's employee retirement benefit plans and programs or, if such continued participation was not feasible, an annual cash payment during the 36 months of the value of the retirement benefit accrual which was not provided through the retirement plans; and (v) automatic acceleration of vesting in all equity compensation awards granted to Mr. Ferrell, so that such equity compensation awards would be immediately exercisable and fully vested as of the date of termination, with at least 90 days to exercise any stock options, stock appreciation rights or similar awards.

Employment Agreement with Mr. Graap. The Company and the Bank have entered into an employment agreement with Mr. Graap. In addition to the provisions described earlier under "Employment Agreement with Chief Financial Officer", the agreement provides that Mr. Graap will be entitled to receive certain severance payments in the event of a termination of employment under certain circumstances. If the Company terminates Mr. Graap's employment without "cause" or Mr. Graap terminates his employment with "good reason" (as such terms are defined in the agreement), in a non-change of control context, the Company will be obligated to continue to pay Mr. Graap his base salary in effect on the date of termination for a period of 24 months from the date of termination. In addition, if he elects coverage under the Consolidated Omnibus Reconciliation Act of 1985, as amended ("COBRA"), Mr. Graap will be entitled to continue to receive his current benefits under group health and dental plans, provided that such benefits will not extend beyond the 18-month period permitted by COBRA.

Mr. Graap's agreement will terminate upon a change of control of the Company, at which time the Change of Control Agreement, dated as of November 27, 2000 and as amended, between the Bank and Mr. Graap will become effective, and any termination benefits will be determined and paid solely in accordance with that agreement, as described below.

Mr. Graap will be subject to a one-year noncompetition restriction and a two-year nonsolicitation restriction following the termination of his employment for any reason.

Change of Control Agreement with Mr. Graap. The Bank has also entered into a change of control agreement with Mr. Graap. The agreement becomes operative upon a change of control in the Bank, with change of control having a substantially similar definition as in Mr. Ferrell's employment agreement. If, after a change of control occurs, Mr. Graap's employment is terminated within three years, he is entitled to receive the payments specified in the agreement, unless such termination was for "cause" or Mr. Graap terminates employment without "good reason" (as such terms are defined in the agreement).

If Mr. Graap is terminated other than for cause or terminates employment for good reason, the Bank is required (i) to pay Mr. Graap, in a lump sum or in six monthly installments, at Mr. Graap's option, as compensation for services rendered to the Bank a cash amount, subject to any applicable payroll or other taxes required to be withheld, equal to 2.99 times the highest annual compensation paid to him by the Bank for any six months ending with Mr. Graap's termination; (ii) in addition to the benefits to which Mr. Graap is entitled under the retirement plans or programs in effect on the date of termination, to pay a cash amount equal to the actuarial equivalent of the retirement pension to which he would have been entitled under the terms of such retirement plans or programs, without regard to "vesting" thereunder, had he accumulated three additional years of continuous service after termination at his base rate in effect at the time of termination, reduced by the single sum actuarial equivalent of any amounts to which Mr. Graap is entitled pursuant to the provisions of the retirement plans or programs; and (iii) to maintain, for the continued benefit of Mr. Graap for a three-year period after termination, all employee benefit plans and programs or arrangements in which he was entitled to participate immediately prior to termination, or substantially similar benefits if his continued participation is not possible under the general terms and provisions of such existing plans and programs. In addition, all stock options granted to Mr. Graap under any of the Company's equity compensation plans shall become immediately exercisable with respect to all or any portion of the shares covered thereby. The Bank is required to reimburse Mr. Graap for any federal income tax liability incurred by him in connection with the exercise of such options that would not have been incurred by him in the absence of such options becoming immediately available upon a change of control.

If any payment made or benefit provided to Mr. Graap pursuant to the change in control agreement would constitute an "excess parachute payment" within the meaning of Section 280G of the Internal Revenue Code, thereby resulting in a loss of an income tax deduction by the Bank or the imposition of an excise tax on the executive officer under Section 4999 of the Internal Revenue Code, then the payments scheduled under the agreement will be reduced to one dollar less than the maximum amount which may be paid without causing any such payment or benefit to be nondeductible.

Equity Awards. Our restricted stock grants normally vest on the third anniversary of the date of grant, if the conditions with respect to the grants are met. In addition to any equity vesting provisions contained in Mr. Ferrell's employment agreement or Mr. Graap's change in control agreement, under the terms of their restricted stock agreements, early vesting of their restricted stock occurs upon any of the following events (as defined in the Omnibus Plan or Stock Incentive Plan): (i) the occurrence of a "change in control", (ii) the executive's death while an employee, (iii) the executive's "disability" while an employee, (iv) the executive's "retirement", or (v) the termination of the executive's employment by the Company or a subsidiary other than for "just cause" or "cause" under circumstances where the plan committee provides for special vesting rules or restrictions and waives the otherwise applicable automatic forfeiture on cessation of employment.

Executive SERP. The benefits payable to the NEOs under the Executive SERP upon termination are described under "Supplemental Executive Retirement Plan".

Executive Survivor Income. The Company maintains an Executive Survivor Income arrangement which provides a covered executive's beneficiary with a lump sum benefit (equal to \$75,000 for Messrs. Ferrell and Graap) if either the executive dies prior to terminating employment or if the executive dies after termination of employment due to disability (as defined in the arrangement), attaining early retirement (which requires attainment of age 55 with 10 years of service) or normal retirement age (65), or if the Company terminates the executive's employment without cause (as defined in the arrangement) or the executive terminates his employment for good reason (as defined in the arrangement) within two years after the Company's change in control (as defined in the arrangement).

Employment of Mr. Bogan. On February 18, 2016 the Company announced the appointment of Marc J. Bogan as President of the Company and the Bank effective February 18, 2016. Mr. Bogan also became Chief Executive Officer of the Company and the Bank, effective March 31, 2016 in connection with the retirement of Mr. Ferrell. The Company will initially pay Mr. Bogan an annual salary of \$310,000. He will also be entitled to participate in the Company's annual incentive program pursuant to which he will be eligible to receive cash bonuses and equity compensation commensurate to his chief executive officer position. Under the 2016 incentive plan, Mr. Bogan has received a grant of restricted stock in an amount equal in value to \$105,000, based on market price of the Company's common stock at the time of the grant. The shares of restricted stock are subject to time and performance vesting requirements, with 50% of the number of shares vesting over a period of three years and 50% of the number of shares vesting upon the Company achieving a targeted return on average equity over a period of three years relative to its percentile position among a national peer group. Mr. Bogan also will be entitled to reimbursement of his actual relocation expenses and the Company will pay up to \$30,000 in real estate agent commission relating to the sale of his current residence. The Company expects to enter into an employment agreement with Mr. Bogan establishing his compensation and other terms of his employment in the near future.

The following table shows the estimated payments for the NEOs upon the described termination events or upon a change in control of the Company, based on following assumptions:

The table assumes each termination event or the change in control occurred on December 31, 2015, and assumes a stock price of \$15.25, which was the Company's closing stock price on December 31, 2015.

The amounts reflected in the following table are estimates, as the actual amounts to be paid to an NEO can only be determined at the time of termination or change in control.

In any case where a choice of payment is permitted, the table assumes all amounts were paid in a lump sum.

Except as noted in the table below, at termination, an NEO is entitled to receive all amounts accrued and vested under our 401(k) Savings Plan according to the same terms as other employees participating in those plans, whose benefits are not shown in the table below.

An NEO is entitled to receive amounts earned during his term of employment regardless of the manner in which the NEO's employment is terminated. These amounts include base salary, unused vacation pay, and vested stock or option awards. These amounts are not shown in the table below.

Except as provided in Mr. Ferrell's employment agreement or Mr. Graap's change in control agreement, an employee generally must be employed by the Company or the Bank on December 31, 2015 in order to receive any cash or equity award under the Management Incentive Plan for 2015. In the event a termination occurs on an earlier date, the Committee has the discretion to award the employee an annual cash incentive under the plan. Discretionary annual cash compensation payments would not typically be awarded in the event of termination by the Company for cause or termination by Mr. Graap without good reason.

RELATED PARTY TRANSACTIONS

Pursuant to our Code of Business Conduct and Ethics, all directors (including our NEOs) are prohibited from being a consultant to (excluding an attorney), a director, officer, or employee of, or otherwise operate, another bank or financial institution that markets products or services in competition with the Bank. Our Chief Executive Officer implements our Code of Business Conduct and Ethics and is responsible for overseeing compliance with the Code of Business Conduct and Ethics.

Our Board of Directors has adopted a formal policy with respect to related party transactions that governs the review, approval or ratification of covered related party transactions. Our Audit Committee manages this policy. The policy generally provides that we may enter into a related party transaction only if the Audit Committee approves or ratifies such transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party; or the transaction involves compensation approved by our Compensation and Benefits Committee.

In the event our management determines to recommend a related party transaction to the Audit Committee, the transaction must be presented to the Audit Committee for approval. After review, the Audit Committee will approve or disapprove such transaction and at each subsequently scheduled Audit Committee meeting, our management will update the Audit Committee as to any material change to the proposed related party transaction. The Audit Committee approves only those related party transactions that are in, or are not inconsistent with, the best interests of the Company and its shareholders, as the Audit Committee determines in good faith.

For purposes of this policy, "related party" is (i) any person who is, or at any time since the beginning of our last fiscal year was, a director or executive officer of us or a nominee to become a director, (ii) any person known to own more than 5% of our common stock, (iii) any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of a person in (i) or (ii) and any person (other than a tenant or employee) sharing the household of a person in (i) or (ii), and (iii) any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

A "related party transaction" is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we were, are or will be a participant and the amount involved exceeds \$120,000 and in which any related party had, has or will have a direct or indirect material interest. For purposes of determining whether a transaction is a related party transaction, the Audit Committee relies upon Item 404 of Regulation S-K, promulgated under the Exchange Act, except that any loan or other relationship approved by the Board in accordance with Regulation O, and which is not disclosed as non-accrual, past due, restructured or a potential problem loan, is not reviewed by the Audit Committee under this policy. There were no such related party transactions in 2014 other than with respect to loans.

The Bank has had, and may be expected to have in the future, banking transactions in the ordinary course of business with executive officers, directors, their immediate families and affiliated companies in which they are principal shareholders. Such loans were made in the ordinary course of business, on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectability or present other unfavorable features. At December 31, 2015, these loans amounted to \$2,215,499. During 2015, total principal additions were \$635,365 and total principal payments were \$1,251,161.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Committee's responsibilities include providing for effective external audits of all corporate subsidiaries by a suitable independent registered public accounting firm, providing for an effective and efficient internal audit program to serve all subsidiaries in an examining and advisory capacity, assisting the Board of Directors in fulfilling its fiduciary responsibilities for financial reporting and internal accounting and operations controls, and to act as an agent for the Board of Directors to help ensure the independence of internal and external auditors, the integrity of management, and the adequacy of disclosure to shareholders.

The Company's management is responsible for preparing the Company's financial statements. The Company's independent registered public accounting firm, Smith Elliott Kearns & Company, LLC, is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those audited financial statements with United States generally accepted accounting principles. The Committee's responsibility is to monitor the Company's financial reporting process and report its findings to the Board.

In this context, the Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2015 with the Company's management. The Audit Committee has discussed with Smith Elliott the matters required to be discussed by Auditing Standard No. 16 (Codification of Auditing Standards, AS No. 1301), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee has received from Smith Elliott the written disclosures regarding the independent registered public accounting firm's independence required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committee Concerning Independence, and has discussed with Smith Elliott its independence. In that regard, the Audit Committee has considered whether the provision by Smith Elliott of certain limited permissible non-audit services in addition to its audit services, is compatible with maintaining that firm's independence and has determined that it is. Based on the review and discussions referred to above, the Audit Committee recommended to, and the Board of Directors approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 filed with the SEC.

The four members of the Audit Committee are independent as defined by the NASDAQ listing standards and applicable SEC regulations.

The Audit Committee considers the provision of all of the above services to be compatible with maintaining the independence of Smith Elliott, the Company's independent registered public accounting firm.

PRE-APPROVAL POLICIES

Pursuant to the terms of the Company's Audit Committee Charter, the Audit Committee is responsible for the appointment, compensation and oversight of the work performed by the Company's independent public accountants. The Audit Committee, or a designated member of the Audit Committee, must pre-approve all audit (including audit-related) and non-audit services performed by the Company's independent registered public accounting firm in order to assure that the provisions of such services does not impair the accountants' independence. The Audit Committee has delegated interim pre-approval authority to Mr. Keyser, Chairman of the Audit Committee. Any interim pre-approval of permitted non-audit services is required to be reported to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent accountant to management.

**PROPOSAL TWO:
ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION**

As part of implementing the "say on pay" requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act, pursuant to applicable rules, the SEC requires a separate and non-binding shareholder vote to approve the compensation of the named executive officers in the proxy statement. This proposal, commonly known as a "say on pay" proposal, gives shareholders the opportunity to endorse or not endorse a company's executive pay program. At the Company's 2013 Annual Meeting, the shareholders voted in favor of having an advisory (non-binding) vote on executive compensation every year. Accordingly, shareholders of the Company are being asked to approve the following resolution:

"RESOLVED, that the shareholders of Fauquier Bankshares Inc. approve, on an advisory basis, the compensation of the company's named executive officers as disclosed in the Executive Compensation section, the accompanying compensation tables and the related narrative disclosure in this proxy statement."

As stated above, this is an advisory vote only. Approval of the proposed resolution requires the affirmative vote of a majority of the shares present and entitled to vote at the meeting.

The Company believes its compensation policies and procedures are strongly aligned with the long term interests of its shareholders. Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation and Benefits Committee of the Board of Directors will take into account the outcome of the vote when considering future executive compensation decisions.

The Board of Directors recommends that you vote "FOR" the approval of the above resolution.

**PROPOSAL THREE:
RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS**

The Audit Committee has selected the firm of Smith Elliott Kearns & Company, LLC as the Company's independent registered public accounting firm to audit the books of the Company and the Bank for the current year, to report on the consolidated statement of financial position and related statement of earnings of the Company and the Bank, and to perform such other appropriate accounting services as may be required by the Audit Committee. Smith Elliott audited the books of the Company and the Bank for 2015. A representative of Smith Elliott is expected to be present at the Annual Meeting and will be given the opportunity to make a statement if he so desires, and to respond to appropriate questions of the shareholders.

The Audit Committee and the Board of Directors recommends that the shareholders vote "FOR" ratifying the selection of Smith Elliott for the purposes set forth above. A majority of the votes cast is required for the ratification of Smith Elliott for such purposes. The Company has been advised by Smith Elliott that the firm did not have any direct financial interest or any material indirect financial interest in the Company or the Bank in 2015.

If the appointment of Smith Elliott as the Company's independent registered public accounting firm is ratified, the Audit Committee may, in its sole discretion, change the appointment at any time during the year should it determine such a change would be in the best interest of the Company and its shareholders. If the shareholders do not ratify the appointment, the Audit Committee will reconsider whether to retain Smith Elliott and may proceed, in its sole discretion, with the retention of Smith Elliott if it deems such retention to be in the best interest of the Company and its shareholders.
