Proxy Statement for Annual Meeting of Stockholders

This Proxy Statement is furnished by the Board of Directors (the “Board of Directors”) of Perficient, Inc., a Delaware corporation (“Perficient” or the “Company”), in connection with the solicitation of proxies to be used at the Annual Meeting of Stockholders (the “Meeting”) to be held on April 24, 2009 at the Company’s headquarters located at 1120 South Capital of Texas Highway, Building 3, Suite 220, Austin, Texas 78746 at 9:00 a.m. local time, and at any adjournment thereof. This Proxy Statement and the accompanying Notice and Proxy are being mailed to stockholders on or about March 24, 2009. The principal executive offices of Perficient are located at the address listed above.

PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Only holders of record of Perficient common stock, \$.001 par value per share (the “Common Stock”), at the close of business on the record date, March 9, 2009 (the “Record Date”), will be entitled to vote at the Meeting, and at any adjournment thereof. On the Record Date, there were outstanding and entitled to vote 32,113,146 shares of Common Stock. Each outstanding share of Common Stock is entitled to one vote on each matter to be voted upon. Votes cast, either in person or by proxy, will be tabulated by The Bank of New York Mellon Corporation, the Company’s transfer agent.

Quorum Required

The Company’s bylaws provide that the holders of a majority of the Company’s outstanding shares of stock entitled to vote at the Meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Effect of Broker Non-Votes and Abstentions

A broker “non-vote” occurs on an item when shares held by a bank, broker or other nominee are present or represented at the meeting but such nominee is not permitted to vote on that item without instructions from the beneficial owner of the shares and no instruction is given. Broker non-votes and shares as to which proxy authority has been withheld with respect to any matter are not entitled to vote for purposes of determining whether stockholder approval of that matter has been obtained and, therefore, will have no effect on the outcome of the vote on any such matter. Abstentions have the same effect as negative votes.

Voting Procedures

Holders of record of our common stock may vote using one of the following methods:

In Person: Stockholders of record may attend the Meeting and vote in person.

By Mail: Stockholders of record may vote by completing, signing, dating and returning the proxy card in the accompanying self-addressed envelope, which does not require postage if mailed in the United States.

By Telephone: Stockholders of record may call the toll-free number on the accompanying proxy card to vote by telephone, in accordance with the instructions set forth on the proxy card and through voice prompts received during the call.

By Internet: Stockholders of record may access the voting website listed on the accompanying proxy card to vote through the Internet in accordance with the instructions included on the proxy card and prompts on the voting website. Stockholders electing to vote through the Internet may incur telephone and Internet access charges.

Proxies submitted by telephone or the Internet are treated in the same manner as if the stockholder had signed, dated and returned the proxy card by mail. Therefore, stockholders of record electing to vote by telephone or the Internet should not return their proxy cards by mail.

If a proxy is properly signed by a stockholder and is not revoked, the shares represented thereby will be voted at the Meeting in the manner specified on the proxy, or if no manner is specified with respect to any matter therein, such shares will be voted by the person designated therein in accordance with the recommendations of the Board of Directors as indicated in this Proxy Statement. If any of the nominees for director are unable to serve or for good cause will not serve, an event that is not anticipated by Perficient, the shares represented by the accompanying proxy will be voted for a substitute nominee designated by the Board of Directors or the Board of Directors may determine to reduce the size of the Board of Directors. A proxy may be revoked by the stockholder at any time prior to the voting thereof by giving notice of revocation in writing to the Secretary of Perficient, by duly executing and delivering to the Secretary of Perficient a proxy bearing a later date, or by voting in person at the Meeting.

Solicitation of Proxies

Perficient will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the Proxy, and any additional soliciting material furnished to stockholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. Perficient may reimburse such persons for their costs of forwarding the solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by telephone, telegram, or other means by directors, officers, employees or agents of Perficient. No additional compensation will be paid to these individuals for any such service. In addition, Perficient has hired Morrow & Co., LLC, 470 West Ave, Stamford, CT 06902, to assist with the solicitation of stockholders for a fee of approximately \$5,500 plus costs and expenses to aid in the solicitation of proxies and to verify records relating to the solicitation.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Compensation Discussion & Analysis

Overview

The Compensation Committee of the Board of Directors (“Compensation Committee”) is responsible for reviewing, evaluating and approving the agreements, plans, policies and programs of the Company to compensate its officers and directors. The Compensation Committee consists of Messrs. Hopper and Lundeen. Mr. Lundeen serves as chairman of the Compensation Committee. None of the committee members performed as an officer or employee of Perficient or any of its subsidiaries at any time during fiscal 2008 or at any other time. None of the executive officers of the Company served on the board of directors of any company of which one of the Company’s directors was an executive officer.

The Committee makes all decisions related to the compensation of the Chief Executive Officer (“CEO”) and Chief Operating Officer (“COO”). The CEO annually reviews the performance of the named executive officers, other than himself, and presents individual compensation recommendations to the Compensation Committee. The Compensation Committee has the authority to accept, modify or disregard the CEO’s compensation recommendations.

Executive Compensation Objectives and Elements of Compensation

During 2008, various types of compensation were provided to the named executive officers of the Company set forth in the “Summary Compensation Table” at page 14, who are:

- John T. McDonald, CEO,
- Jeffrey S. Davis, COO,
- Paul E. Martin, Chief Financial Officer (“CFO”),
- Richard T. Kalbfleish, Vice President of Finance and Administration (“VP – Finance & Administration”), and
- Timothy J. Thompson, Vice President of Client Development (“VP – Client Development”).

The objectives of the compensation programs of the Company are:

- To recruit and retain the top management available in the industry of the Company in order to aid and to support its rapid growth;
- To allow employees to acquire a proprietary interest in the Company as an incentive to remain employed with the Company; and
- To reward employees for service to the Company by delivering salaries that appropriately recognize job responsibilities and individual performance.

The Company’s compensation programs are designed to attract, retain, and reward executives who are responsible for achieving the business objectives necessary to assure both revenue and profit growth while providing clients of the Company with the highest quality solutions and services. A significant portion of compensation paid to executives is directly related to delivering revenue and profit growth and other factors that influence shareholder value, thereby aligning the executive’s interests closely with our shareholders’ interests. This leads the Company to focus more on variable compensation than on base salary. The Company’s variable compensation programs for executives are structured to pay for high performance and are typically dependent on the Company’s financial results. It is the Company’s view that an incentive-based compensation philosophy keeps management motivated and retains top executives to ensure the Company’s long-term success. Each executive officer is rewarded with the following types of

cash and non-cash compensation:

- Base salary;
- Performance based annual cash bonus award;
- Long-term equity incentive compensation;
- Company-sponsored employee benefits, such as life insurance benefits, and a tax-qualified savings plan (401(k) plan); and
- Upon a termination for certain specified reasons or a change of control, severance and the potential acceleration of vesting of long-term equity awards.

There is no predetermined policy for allocating compensation between these elements, and each type of compensation is designed to achieve a specific purpose in line with management's compensation program objectives.

Peer Group

The Compensation Committee utilized the analysis of Longnecker & Associates (“Longnecker”), an independent compensation consulting firm, from Longnecker’s November 27, 2007 report to determine if the Company’s executive officers’ base salary was comparable to the Company’s peers and a market average. This market average was comprised of a combination of market compensation data from peer company proxy statements as well as published industry sources utilizing companies that operate in the computer programming services industry with average revenues of approximately \$217 million and average market capitalization of \$703 million (“external market”) in 2007. The following companies were included in the peer group: Advent Software, Inc., Computer Programs & Systems, Inc., Computer Task Group, Inc., Diamond Management & Technology Consultants Inc., EPIQ Systems, Inc., iGATE Corporation, QuadraMed Corporation, Secure Computing Corporation, Synaptics, Incorporated, and Syntel, Inc. Published survey compensation data from the following sources was utilized: William Mercer, Watson Wyatt, World at Work, and the Economic Research Institute. The report prepared by Longnecker analyzed the compensation paid to the Company’s top 20 highest paid employees. Therefore, the comparisons of the compensation paid to the Company’s executive officers to the external market midpoint included those top 20 highest paid employees and not merely the Company’s named executive officers. While the data and input provided by Longnecker is a factor in its analysis of various compensation elements, the Compensation Committee makes the final determination on all compensation decisions.

Base Salary

The named executive officers are offered a competitive salary in order to retain their services and to also reward their performance with the Company. For the CEO, COO and CFO, salary is predetermined as part of a written employment agreement that has been approved by the Compensation Committee. Several factors are considered by the Compensation Committee when determining and approving an employment agreement or arrangement for a named executive officer. These factors include the executive officer’s performance relevant to the Company’s goals and objectives, such as the Company’s financial performance and relative shareholder return. For newly hired executives, the individual’s relevant experience in the industry is considered. The base salary of other executive officers of the Company is recommended by the CEO with final approval given by the Compensation Committee.

From January 1, 2008 to May 15, 2008, the CFO had a base salary of \$215,000. Effective May 16, 2008, the Compensation Committee increased the CFO’s base salary to \$225,000. The Compensation Committee determined that the base salaries of the other named executive officers were appropriate and did not make further adjustments. See the “Summary Compensation Table” on page 14 for a detailed discussion of the executives’ base salaries for years 2006, 2007 and 2008.

The November 27, 2007 report provided by Longnecker showed that, including the adjustment to the base salary of the CFO for 2008, the base salaries of the Company’s executives were at the external market midpoint. The Compensation Committee used this report as verification that the base salaries are close to the market midpoint or slightly below, which allows for more emphasis on variable compensation and is in line with the Company’s compensation program objectives.

Performance Based Executive Bonus Plan

The named executive officers, excluding the VP – Client Development, for reasons discussed below under “Business Development Executive Commission Plan,” are eligible for cash bonuses under the Executive Bonus Plan, which is tied to operating performance. The determination of bonus payments is based on various targets and factors. Annual incentive targets are an integral component of compensation that link and reinforce executive decision making and

performance with the annual objectives of the Company. The Compensation Committee has the discretion to determine the appropriate performance criteria, which is objective and established in writing during the first quarter of each year. Typically, these targets include Non-Generally Accepted Accounting Principles Earnings Per Share (“Non-GAAP EPS”) targets and Generally Accepted Accounting Principles Earnings Per Share (“GAAP EPS”) targets that must be met each quarter and are discussed and agreed upon by the Compensation Committee and management during the Company’s annual planning process. Non-GAAP EPS is a performance measure defined as net income plus amortization of intangibles, stock compensation expense and other non-cash items, including related tax effects, divided by shares used in computing diluted net income per share, which is not in compliance with Generally Accepted Accounting Principles (“GAAP”).

Management and the Compensation Committee believe in the importance of structuring a bonus arrangement that pays the Company's stockholders first. Therefore, no incentive bonuses are payable to the Company's executives until the Company surpasses the Non-GAAP EPS and GAAP EPS targets established by the Compensation Committee.

The bonus payments under the 2008 Executive Bonus Plan were contingent upon realization of fully diluted Non-GAAP EPS and GAAP EPS of at least \$0.83 and \$0.55, respectively, for the year. As there were no acquisitions during the year, the targets were not reassessed by the Compensation Committee during the year and were not increased. A detailed description of the 2008 Executive Bonus Plan can be found following the "2008 Grants of Plan-Based Awards" table on page 17. In addition to amounts that may be payable under the Company's Executive Bonus Plan, the Compensation Committee may also award discretionary bonuses. The form and structure of any bonuses paid to the Company's named executive officers must be approved by the Compensation Committee. Bonus payments are offered to reward management for implementing and monitoring the objectives of the Company in line with the Company's financial goals. The effectiveness of the Company's annual incentive program was assessed on the basis of total cash actually received by executives, which includes base salary and annual incentive bonus payments with respect to 2008.

The 2008 Executive Bonus Plan also incorporated a "stair-step" feature. In prior years, the bonus pool established with respect to the named executive officers and other non-executive management employees was funded with each dollar of earnings in excess of the pre-established Non-GAAP EPS targets. Pursuant to the Company's 2008 incentive bonus arrangements, however, a portion of the bonus pool was to be funded upon the achievement of Non-GAAP EPS in excess of \$0.83 (and earnings in excess of the portion of the bonus pool funded would be retained by the Company), another portion of the bonus pool was to be funded upon the achievement of Non-GAAP EPS in excess of \$0.86 (and earnings in excess of the portion of the bonus pool funded would be retained by the Company), and the bonus pool would not be fully funded until the achievement of Non-GAAP EPS in excess of \$0.90. The Compensation Committee implemented this feature based on the recommendation of management to ensure that the Company's executives and management would share in the benefits of increased earnings on Common Stock with the Company's stockholders. Management and the Compensation Committee believe the addition of the "stair-step" feature to the 2008 Executive Bonus Plan furthers the Company's policy of paying stockholders before executives are rewarded for Company performance.

The targets established under the 2008 Executive Bonus Plan were not met and therefore no bonuses were paid to executives for 2008. Discretionary bonuses may be paid to non-executive management for 2008 subject to Compensation Committee approval.

In February 2009, the Compensation Committee established the annual incentive targets for the named executive officers, excluding the VP – Client Development as discussed below under "Business Development Executive Commission Plan," as part of the 2009 Executive Bonus Plan. The table below lists the 2009 target bonus awards as a percent of base salary for the named executive officers:

	Target Bonus Percentage	Maximum Bonus Percentage
CEO	200%	300%
COO	200%	300%
CFO	80%	120%
V P - F i n a n c e & Administration	30%	45%

The named executive officers above are eligible to receive their target bonus if the following Non-GAAP and GAAP EPS targets are met or exceeded for 2009: \$0.45 Non-GAAP EPS and \$0.15 GAAP EPS. The named executive officers may receive up to the maximum bonus percentage to the extent the Non-GAAP and GAAP EPS targets are exceeded up to 1.5 times the targets. The Compensation Committee has full discretion to reduce bonus amounts, even if the targets are met or exceeded. In order to meet these targets, the Company's Non-GAAP and GAAP EPS must meet the predetermined targets after considering the estimated bonus payout. No bonus amounts are paid if the targets are not met.

The 2009 Executive Bonus Plan also incorporates a "stair-step" feature. Pursuant to the Company's 2009 incentive bonus arrangements, a portion of the bonus pool will be funded upon the achievement of Non-GAAP EPS in excess of \$0.45 (and earnings in excess of the portion of the bonus pool funded would be retained by the Company), another portion of the bonus pool will be funded upon the achievement of Non-GAAP EPS in excess of \$0.50 (and earnings in excess of the portion of the bonus pool funded will be retained by the Company), and the bonus pool will not be fully funded until the achievement of Non-GAAP EPS in excess of \$0.55. The Compensation Committee implemented this feature based on the recommendation of management to ensure that the Company's executives and management would share in the benefits of increased earnings on Common Stock with the Company's stockholders. Management and the Compensation Committee believe the addition of the "stair-step" feature to the 2009 Executive Bonus Plan furthers the Company's policy of paying stockholders before executives are rewarded for Company performance.

Business Development Executive Commission Plan

The Company's VP – Client Development is not eligible for the Executive Bonus Plan; however, he participates in the Business Development Executive Commission Plan (the "Commission Plan"). This plan is applicable for all business development executives and provides a percentage commission on certain revenue targets. Each business development executive is assigned a services revenue quota and a software margin quota that is based primarily on prior year results, Company growth objectives, and projected sales opportunities. Business development executives must attain a minimum of 60% of their established quota to be eligible for commissions. Services commissions range from 2% to 6% of project revenue and software commissions range from 10% to 15% of margin.

Participants in the Commission Plan may elect to receive a portion of any earned commission in the form of a restricted stock award granted pursuant to the Perficient, Inc. 1999 Stock Option/Stock Issuance Plan. If such an election is made, the employee will receive a 20% premium on their "purchase" of the restricted stock award. The VP – Client Development did not elect to receive any portion of earned commission in restricted stock during 2009.

Long-Term Equity Incentive Compensation

Share-based compensation such as stock options and restricted stock awards are granted to executive officers on a discretionary basis by the Compensation Committee. The Company does not have any program, plan or practice to grant stock options or restricted stock awards to executives in coordination with the release of material non-public information. Typically, grants of share-based awards to executive officers include grants to other employees as well, unless the award is issued as part of a new employment arrangement with the Company. It is the Company's current practice to grant awards of restricted stock instead of stock options. See detail of these awards at the "2008 Grants of Plan-Based Awards" table on page 17. The Company believes that by offering this type of incentive compensation, they have rewarded the highest quality management and will retain that management in the future. Share-based payments allow the executive officers to obtain a proprietary interest in the Company and therefore participate in the profit and success of the Company in meeting its objectives and goals. Additionally, by focusing on equity-based compensation the Company is able to provide competitive total compensation packages and use cash resources to operate and expand the business.

These types of awards usually have a vesting period of five to seven years, giving the executive officers an inducement to remain with the Company. There are no performance conditions associated with the share-based awards granted by the Company. Award amounts and the timing of grants are determined by the Compensation Committee. In 2008, all of the long-term equity incentive awards granted by the Company were in the form of restricted stock. Awards to the named executive officers vest 20% on each anniversary of the date of grant through 2013. Any potential acceleration of the vesting schedules pursuant to a change of control or a termination is discussed below under "Potential Payments Upon Termination and/or a Change of Control."

Company Sponsored Benefit Plans

The named executive officers are provided with primarily the same company sponsored health, welfare, and retirement benefits as all other employees, including life insurance benefits, and a tax-qualified retirement savings plan. The Company provides all employees with basic life insurance in the amount of two times their annual salary with a \$100,000 minimum benefit and a \$400,000 maximum benefit. In addition to the standard life insurance, the Company retains a \$1.5 million life insurance policy for the CEO and another \$1.5 million policy for the COO. The benefit on these policies is payable to the CEO's or COO's beneficiary, as applicable, upon death. The Company also provides a short-term and a long-term disability benefit to all employees, including the named executive officers, at no cost for 60% of base salary for up to 90 days. In addition to the standard short-term and long-term disability benefits,

the Company provides compensation to the CEO and COO to pay for additional disability coverage. This additional coverage includes a short-term monthly income benefit of \$15,000 for five years for both the CEO and COO, and a long-term monthly income benefit of \$7,500 until the age of 65 for the CEO.

The Perficient 401(k) Employee Savings Plan is a tax-qualified retirement savings plan to which all employees, including the named executive officers, are able to contribute from 1% to 100% of their annual salary on a before-tax basis, up to the limits established by the Internal Revenue Code (the "Code"). During the 2008 year, the Company matched 50% of contributions, up to 6% of salary, comprised of 25% in cash and 25% in Company stock. Employee contributions to the 401(k) Employee Savings Plan vest upon contribution and Company matching funds are fully vested after 3 years of service.

Attributed costs of the benefits described above for the named executive officers for the year ended December 31, 2008 are included in the "All Other Compensation" column of the "Summary Compensation Table" on page 14.

Severance Benefits

The Company has entered into employment agreements with the CEO, COO and CFO, which contain severance and change of control provisions. Benefits under the agreements are payable upon a “double-trigger.” In other words, although the employment agreements provide for accelerated vesting of equity upon a change of control, additional payments under the agreements are only triggered upon termination of employment. The Compensation Committee believes that termination and change of control protection allows management to focus their attention and energy on the Company’s business without any distractions regarding the effects of a change of control. Further, such protections maximize stockholder value by encouraging management to objectively review any proposed transaction to determine whether such proposal is in the best interest of the stockholders. See further information regarding severance and other change of control benefits under the “Potential Payments upon Termination and/or Change of Control” section on page 25.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code (“IRS Section 162(m)”), which limits the deductibility of certain executive officer compensation. Generally, the Company’s policy is to structure compensation so that executive compensation is tax deductible. However, in certain cases, the Compensation Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its executive officers while creating and improving stockholder value.

The Company’s stockholders approved the Perficient, Inc. Omnibus Incentive Plan (the “Omnibus Incentive Plan”) on June 26, 2007. The Omnibus Incentive Plan formalizes the Company’s practices for awarding bonuses under the Executive Bonus Plan, and the Executive Bonus Plan is administered pursuant to the Omnibus Incentive Plan. The Omnibus Incentive Plan is appropriately structured to avoid the limitations on deductibility imposed by IRS Section 162(m) in order to allow the Company to deduct the bonus amounts paid under the Executive Bonus Plan. Taxable income associated with restricted stock awards, however, is subject to the limitations of IRS Section 162(m). During 2008, the CEO and COO were paid bonuses earned under the Omnibus Incentive Plan in 2007. These bonuses were excluded from 2008 compensation for purposes of applying IRS Section 162(m). The compensation subject to IRS Section 162(m) of either the CEO or COO did not exceed \$1,000,000 in 2008.

Annual Incentive Cash Bonus Compensation

The bonuses that are available to the named executive officers (other than Mr. Thompson) as an annual incentive bonus under the Executive Bonus Plan are based upon pre-set percentages of salary and are earned by reaching certain target performance levels.

In March 2008, the Compensation Committee established the targets for the named executive officers (other than Mr. Thompson) under the Executive Bonus Plan for 2008. The table below lists the potential bonus awards as a percent of base salary for the named executive officers as reflected in the "2008 Grants of Plan-Based Awards" table:

* The CFO's Target Bonus increased from 60% to 80% in May 2008.

The named executive officers above are eligible to receive a bonus (which may be less than the target bonus) if the following Non-GAAP and GAAP EPS targets are met for 2008: \$0.83 total Non-GAAP EPS and \$0.55 total GAAP EPS. The executives share in every dollar of earnings above the targets established pursuant to the 2009 Executive Bonus Plan up to the maximum bonus percentage of each. Such executives may receive up to the maximum bonus percentage to the extent the Non-GAAP and GAAP EPS targets are exceeded up to 1.5 times the targets. The Compensation Committee has the discretion to decrease bonus amounts, even if the targets are met or exceeded. In order to meet these targets, the Company's Non-GAAP and GAAP EPS must meet the predetermined targets after considering the estimated bonus payout.

The targets established under the 2008 Executive Bonus Plan were not met and therefore no bonuses were paid to executives for 2008. Discretionary bonuses may be paid to non-executive management for 2008 subject to Compensation Committee approval.

Additional information regarding these bonus awards can be found above in the Compensation Discussion & Analysis under the section entitled "Performance Based Executive Bonus Plan."

The bonus amounts available to Mr. Thompson as an annual incentive bonus under the Business Development Executive Commission Plan are based upon pre-set percentage commissions on certain revenue targets. A description of the applicable performance criteria and other material terms of this arrangement can be found above in the Compensation Discussion & Analysis under the section entitled "Business Development Executive Commission Plan."

Restricted Share Award Terms

The restricted shares awarded on December 17, 2008 were granted under the Perficient, Inc. 1999 Stock Option/Stock Issuance Plan. Under the terms of the restricted share award agreements, 20% of the shares subject to an award will vest on each yearly anniversary of December 17, 2008 with the final tranche vesting on December 17, 2013, provided the recipient continues employment with the Company through the applicable vesting dates.

The amount of restricted share awards granted during 2008 was increased due to the continued deterioration of the U.S. economy and the slow down in the IT industry. Awards to officers and key employees were increased in order to reward performance, retain key management in a tough economy and remain competitive in our industry by providing a competitive total compensation package. Additionally, being able to provide additional equity compensation allowed the Company to be able to use cash resources to operate rather than divert cash to pay compensation.

In the event of a recipient's termination of employment with the Company for any reason (including death or disability) prior to full vesting of the restricted shares, restricted shares that have not vested as of the date of termination will be null and void and will be forfeited to the Company, unless the terms of the recipient's employment agreement provide otherwise. The employment agreements for the named executive officers provide for accelerated vesting of equity awards such as the restricted share awards in the case of certain involuntary terminations or upon the occurrence of a change of control. These acceleration provisions are described below in the section of this proxy entitled "Potential Payments upon Termination and/or Change of Control."

Dividends are payable on the restricted shares at the same rate and at the same time that dividends are paid to stockholders generally; however, the Company has not historically and does not intend to pay dividends.

- (1) The outstanding option awards reported in this table generally vest over a five year period in 20% increments on each yearly anniversary of the date of grant of the option, except that the 20,000 options awarded to Mr. Kalbfleish on December 14, 2004 vest over a four year period with 6.25% of the option vesting on each quarterly anniversary of the date of grant. Options generally expire ten years from the date of grant (the "expiration date"). If the recipient's employment terminates (a) due to death or "permanent disability" (as defined in the applicable award agreement), then the option will remain exercisable for twelve months following the termination date, (b) as a

result of the recipient's "misconduct" (as defined in the applicable award agreement), then the option will terminate immediately and cease to be outstanding, and (c) for any other reason, then the option will remain exercisable for three months following the termination date, provided that no option will be exercisable after its original expiration date. The effect of a "corporate transaction" (as defined in the applicable award agreement) on the vesting and exercisability of option awards is described below in the "Potential Payments upon Termination and/or Change of Control" section of this proxy.

- (2) In January 2007, the Compensation Committee approved the accelerated vesting of these option awards, which were granted on December 15, 2004, as follows: (a) two-sevenths of the total option shares, to the extent unvested, vested as of January 15, 2007, and (b) the remaining option shares subject to each option vest in 20% increments on each yearly anniversary of December 15, beginning on December 15, 2007.

In January 2007, the Compensation Committee approved the accelerated vesting of these restricted shares as follows: (a) one-sixth of the total restricted shares, to the extent unvested, vested as of January 15, 2007, and (b) the remaining restricted shares subject to each award vest in 20% increments on each yearly anniversary of December 15, beginning on December 15, 2007.
- (5) Represents awards of restricted shares made to the named executive officers on December 21, 2006. Twenty-percent of the restricted shares subject to each award vest on the yearly anniversary of December 21 with the final tranche vesting on December 21, 2011.
- (6) Represents awards of restricted shares made to the named executive officers on December 4, 2007. Twenty-percent of the restricted shares subject to each award vested on December 4, 2008. The remaining 80% of each award will vest in four equal installments on each following yearly anniversary of December 4.
- (7) Represents an award of 50,000 restricted shares made to Mr. Martin in connection with his appointment as Chief Financial Officer of the Company on August 21, 2006. Ten percent of this award vested on August 21, 2008. The remaining restricted shares will vest in accordance with the following schedule: (a) 25% of the restricted shares will vest on August 21, 2009, (b) 25% of the restricted shares will vest on August 21, 2010, and (c) the final 35% of the restricted shares will vest on August 21, 2011.
- (8) Represents awards of restricted shares made to the named executive officers on December 17, 2008. The vesting dates for these awards are described above in the narrative entitled "Restricted Share Award Terms."

PENSION BENEFITS

The Company does not sponsor or maintain any plans that provide for specified retirement payments or benefits, such as tax-qualified defined benefit plans or supplemental executive retirement plans, for the named executive officers.

NON-QUALIFIED DEFERRED COMPENSATION

The following table summarizes information regarding the Company's named executive officers' participation in the Perficient, Inc. Executive Deferred Compensation Plan (the "Deferred Compensation Plan").

2008 NON-QUALIFIED DEFERRED COMPENSATION

- (1) All amounts reported as contributions in this column have been reported in the Salary and Bonus columns of the "Summary Compensation Table" on page 14.
- (2) The amounts in this column represent aggregate earnings that accrued during 2008 on amounts of salary and/or bonus deferred at the election of the named executive officer pursuant to the Deferred Compensation Plan. These earnings have not been reported as compensation to the named executive officers in the "Summary Compensation Table" on page 14.

The Deferred Compensation Plan allows each participant to contribute up to 80 percent of base salary and commission and 100 percent of annual incentive bonus payments. Contributions may be made to either the retirement account or the in-service account of the participant; however, no contributions may be made to a participant's in-service account during a deferral period when amounts are scheduled to be distributed from that account. Also, if the Compensation Committee determines that a participant has incurred a financial hardship, it may terminate the participant's deferrals.

In addition, the Company may, in its discretion, provide a matching contribution of 25% of the participant's contribution to the Deferred Compensation Plan up to the first 6% of a participant's compensation (includes base salary and bonus or incentive compensation); however, any matching contribution will be reduced by the amount of matching contributions actually made on the participant's behalf under the Company's 401(k) plan. Matching contributions vest annually over a three year period. The Company may also make discretionary contributions on behalf of participants in the Deferred Compensation Plan, which will be in the amounts and will vest in accordance with the schedule determined by the Company. The Company made no matching contributions in 2008.

The Deferred Compensation Plan permits each participant to make investment allocation choices for both the participant's contributions and any Company matching or discretionary contributions made on the participant's behalf among the investment choices designated by the Company, which earn market rates of return. Participants are permitted to change their investment elections on a daily basis.

A participant will receive a distribution of amounts deferred in a particular year upon the earlier to occur of (1) the time specified in the participant's deferral commitment election with respect to the participant's in-service account, (2)

his termination of employment, or (3) his death or disability. In addition, a participant may receive a distribution if the Compensation Committee determines that the participant has experienced a financial hardship, to the extent reasonably necessary to satisfy the participant's needs. Upon a participant's termination of employment, the participant's benefits under the Deferred Compensation Plan shall be paid to him as soon as administratively practicable following the date of the participant's termination of employment, unless the participant constitutes a "specified employee" (within the meaning of section 409A of the Code), in which case the initial payment will be made no earlier than the first day of the seventh month following the participant's termination. A participant's vested benefits may, at the option of the participant, be distributed in one cash lump sum payment, or in up to a maximum of 15 annual installments (or a maximum of five annual installments with respect to the participant's in-service account). Certain small account balances (a retirement account balance of less than \$50,000 and an in-service account balance of less than \$25,000) will be paid in a lump sum regardless of the participant's election.

Potential Payments upon Termination and/or Change of Control

As part of their employment agreements, Messrs. McDonald, Davis and Martin have certain provisions detailing payments due to them in the event of termination of their employment with the Company, including the resulting compensation from a change of control.

Mr. McDonald

Mr. McDonald's current employment agreement provides for the following death, disability, severance, and change of control benefits:

- death benefits of a lump-sum payment equal to two multiplied by the sum of (i) Mr. McDonald's annual salary and (ii) Mr. McDonald's Target Bonus;
- disability benefits paid over 24 months equal to two multiplied by the sum of (i) Mr. McDonald's annual salary and (ii) Mr. McDonald's Target Bonus;
- severance benefits, if Mr. McDonald's employment with the Company is terminated by the Company prior to a change of control in a Without Cause Termination (as defined in his employment agreement), of a lump-sum payment equal to two multiplied by the sum of (i) Mr. McDonald's annual salary and (ii) Mr. McDonald's Target Bonus, acceleration of option and restricted stock vesting, and welfare benefits and the use of his office and administrative assistance for 24 months; and
- upon the occurrence of a change of control Mr. McDonald is entitled to receive the above described benefits if he is terminated Without Cause or for Good Reason (as defined in his employment agreement) within 2 years of a change of control.

In the event that any payment or benefit received by Mr. McDonald in connection with a change of control would constitute an "excess parachute payment" subject to an excise tax (an "Excise Tax"), the Company will pay him a "gross up payment" intended to provide him with a net payment, after payment of all Excise Taxes and all taxes on the "gross up payment," equal to what he would have received under his employment agreement had no Excise Taxes been imposed on the "excess parachute payments." This amount is determined using the highest marginal federal, state or local tax rates, but takes into account the maximum reduction in federal income taxes that can be obtained from deduction of state and local taxes and any limitations applicable to individuals subject to the highest marginal federal income tax rate. Mr. McDonald may also elect to receive a lesser amount by eliminating the accelerated vesting on his stock options and restricted stock in order to decrease the Excise Taxes owed.

Mr. Davis

Mr. Davis's current employment agreement provides for the following death, disability, severance, and change of control benefits:

- death benefits of a lump-sum payment equal to one year's annual salary and Mr. Davis's Target Bonus;
- disability benefits of a lump-sum payment of one year's annual salary and Mr. Davis's Target Bonus, paid over 12 months;
- severance benefits, if Mr. Davis's employment with the Company is terminated by the Company in a Without Cause Termination (as defined in his employment agreement) either before or after a change of control, of a lump-sum payment equal to one year's annual salary and Mr. Davis's Target Bonus, acceleration of option and restricted stock vesting, and welfare benefits for one year following termination;
- severance benefits of a lump-sum payment equal to one year's annual salary and Mr. Davis's Target Bonus, and welfare benefits for one year following resignation if Mr. Davis voluntarily resigns after a Constructive

Termination; and

- immediate vesting of 50% of all unvested stock option grants and restricted stock grants previously awarded to Mr. Davis upon the occurrence of a change of control.

To the extent payments and benefits to Mr. Davis in connection with a change of control would constitute “excess parachute payments” for purposes of Section 280G of the Code subject to Excise Taxes, Mr. Davis can elect to receive a lesser amount and eliminate the accelerated vesting of his unvested stock options and restricted stock in order to decrease or eliminate the Excise Taxes.

The current employment agreements for Messrs. McDonald and Davis generally use the following terms:

“Change of Control” means (A) The acquisition by one person, or more than one person acting as a group, of ownership of stock of the Company that, together with stock held by such person or group, constitutes more than 50% of the total fair market value or total voting power of the stock of the Company; (B) The acquisition by one person, or more than one person acting as a group, of ownership of stock of the Company, that together with stock of the Company acquired during the twelve-month period ending on the date of the most recent acquisition by such person or group, constitutes 30% or more of the total voting power of the stock of the Company; (C) A majority of the members of the Company’s board of directors is replaced during any twelve-month period by directors whose appointment or election is not endorsed by a majority of the members of the Company’s board of directors before the date of the appointment or election; (D) One person, or more than one person acting as a group, acquires (or has acquired during the twelve-month period ending on the date of the most recent acquisition by such person or group) assets from the Company that have a total gross fair market value (determined without regard to any liabilities associated with such assets) equal to or more than 40% of the total gross fair market value of all of the assets of the Company immediately before such acquisition or acquisitions.

This definition of Change of Control shall be interpreted in accordance with, and in a manner that will bring the definition into compliance with, the regulations under Section 409A of the Internal Revenue Code.

“Constructive Termination” means Mr. Davis’ voluntary termination of his employment with the Company (a) within 30 days of the appointment by the Board of Directors of the Company of a person other than John T. McDonald or Mr. Davis as the Chief Executive Officer of the Company, provided that such appointment occurs prior to a Change of Control, or (b) following (i) a reduction in Mr. Davis’ base compensation (including benefits) of more than fifteen percent (15%), (ii) a material reduction of Mr. Davis’ performance-based target bonus or other incentive programs except in conjunction with a Change of Control or, in the case of (i) and (ii) except where all officers are affected equally, or (iii) a relocation of Mr. Davis’ place of employment of more than 50 miles without his consent; in each case where the condition is not remedied or corrected by the Company within 30 days after Mr. Davis sends notice to the Company in writing specifying the reason why he claims there exists grounds for a Constructive Termination, and he sends the notice within one year of discovering the existence of the condition that gives rise to a right to claim a Constructive Termination.

“Disability” means the Board of Directors’ or CEO’s, as applicable, reasoned and good faith judgment that the executive is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or can be expected to last for a continuous period of not less than twelve months.

"Good Reason Termination" means a termination by Mr. McDonald of employment following (A) a material diminution in Mr. McDonald’s annual salary; (B) a material diminution in Mr. McDonald’s authority, duties, or responsibilities, including but not limited to a requirement that he report to a corporate officer or employee instead of reporting directly to the current Board of Directors, (C) a material change in the geographic location at which Mr. McDonald must perform the services, or (D) any other action or inaction that constitutes a material breach by of the agreement by the Company; in each case where the determination is made in good faith by Mr. McDonald in his sole discretion and he sends the notice within two years after first discovering the existence of the condition that gives rise to a right to seek a Good Reason Termination. The determination by Mr. McDonald as to whether good reason exists shall be binding absent bad faith or manifest error.

“Termination for Cause” means a termination of the executive’s employment by reason of (a) the repeated or willful failure of the executive to substantially perform his duties that has not been cured after written demand from the Board

of Directors, (b) conviction of, or entering a plea of guilty or nolo contendere to, a crime involving moral turpitude or dishonesty or to any other crime that constitutes a felony, (c) executive's intentional misconduct, gross negligence or material misrepresentation in the performance of his duties to the Company, or (d) material breach by executive of any written covenant or agreement with the Company including any covenants not to compete or to non-disclosure of confidential information.

“Without Cause Termination” means a termination of the executive's employment by the Company other than due to (a) Termination for Cause, (b) Disability, (c) death, or (d) the expiration of the employment agreement.

Mr. Martin

Mr. Martin's employment agreement provides for the following severance and change of control benefits:

- severance benefits, if Mr. Martin's employment with the Company is terminated by the Company other than for cause (as defined above) equal to one year's annual salary;
- immediate vesting of 50% of all unvested restricted stock grants previously awarded to Mr. Martin upon the occurrence of a change of control (as defined above); and

- severance benefits if Mr. Martin's employment with the Company is terminated by the Company other than for cause (as defined above) within the first year after a change of control equal to one year's annual salary and immediate vesting of all remaining unvested restricted stock previously awarded to Mr. Martin. In addition, the Company will provide welfare benefits for one year following termination.

Under the employment agreements with the aforementioned officers, each officer would be entitled to receive the following estimated benefits. These disclosed amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the aforementioned officers, which would only be known at the time that they become eligible for payment and would only be payable if the events set forth in the table below occur.

Quantification of Potential Payments Upon Termination and/or Change of Control

The table below reflects the amount that could be payable under the various arrangements assuming that the triggering event set forth in the title of each column occurred on December 31, 2008. For purposes of determining Mr. McDonald's tax gross up payment the Company has assumed that his change of control payment is reasonable compensation for services he will refrain from performing (pursuant to his covenant not to compete with the Company) following the change of control. Any actual payments that may be made pursuant to the arrangements described above are dependent on various factors, which may or may not exist at the time a termination of employment or change of control actually occurs.

POTENTIAL PAYMENTS UPON TERMINATION AND/OR CHANGE OF CONTROL							
Name (1)	Year	Severance/ Change of Control Payment	Accelerated Restricted Stock Vesting (2)	Accelerated Stock Option Vesting (3)	Continuation of Benefits (4)	Tax Gross-up Payment	Total
John T. McDonald (5)	2008	\$ 1,710,000	\$ 2,748,500	\$ 577,300	\$ 47,365	\$ -	\$ 5,083,164
Paul E. Martin (6)	2008	225,000	1,063,517	-	11,488	-	1,300,004
Jeffrey S. Davis (7)	2008	855,000	2,688,750	-	11,278	-	3,555,028

- (1) Mr. Thompson and Mr. Kalbfleish are not included in this table since they do not have arrangements with the Company in the event of termination of their employment with the Company, including a change of control.
- (2) Calculated using the closing market price per share of \$4.78 of the Common Stock on December 31, 2008 for the total number of restricted shares accelerated.
- (3) Calculated using the closing market price per share of \$4.78 of the Common Stock on December 31, 2008 less the option price per share for the total number of options accelerated. The potential payment from the accelerated options includes only the proceeds from the exercise of options with a strike price greater than \$4.78 since there would be no proceeds upon the exercise of underwater stock options. The number of total options held and their related strike prices are listed in the "2008 Outstanding Equity Awards at Fiscal Year-End" table on page 19.
- (4) Represents the estimated present value of all future payments of premiums for benefits which would be paid on behalf of the specified executive officers under the Company's medical, disability, life, and dental insurance programs. If Mr. Davis were to terminate his employment with the Company for cause or voluntarily, he would receive no compensation except his unpaid salary and bonus earned through the termination date.

DIRECTOR COMPENSATION

The Company uses a combination of cash and equity-based incentive compensation to attract and retain qualified candidates to serve on the Board of Directors. When recommending changes to director compensation, the Company considers the significant amount of time they expend in fulfilling their duties to the Company, as well as the skill level required of members of the Board of Directors. No employee receives compensation for serving as a director.

The Board of Directors compensation plan for 2008 provided for the following for non-employee directors:

- Each new member of the Board of Directors is entitled to receive 1,950 shares of restricted stock. These shares of restricted stock vest and become nonforfeitable in twelve equal quarterly installments beginning on the first quarterly anniversary of the date of grant.
- Each member of the Board of Directors on the date of the Annual Stockholders Meeting, whether or not that member was standing for re-election, is entitled to receive 650 shares of restricted stock. These shares of restricted stock vest quarterly over one year.
- Each member of the Board of Directors serving on a committee is entitled to an annual grant of 650 shares of restricted stock. These shares of restricted stock vest quarterly over one year provided the non-employee member of the Board of Directors continues to serve as a member of such committee.
 - Each member of the Board of Directors received \$2,000 for each regularly scheduled quarterly meeting of the Board of Directors attended in person, or \$1,000 if attended telephonically.
 - Each member of the Board of Directors received \$500 for each special meeting of the Board of Directors if attended in person, or \$250 if attended telephonically.
- Each member of the Board of Directors serving on the Audit Committee received \$1,250 for each meeting of the Audit Committee attended in person, or \$750 if attended telephonically.
- Each member of the Board of Directors serving on the Compensation Committee received \$1,000 for each meeting of the Compensation Committee attended in person, or \$500 if attended telephonically.
- Each member of the Board of Directors serving on the Nominating and Corporate Guidance Committee received \$500 for each meeting of the Nominating and Corporate Guidance Committee attended in person, or \$250 if attended telephonically.
- The member of the Board of Directors serving as chairman of the Audit Committee received an additional \$6,250 quarterly.
- The member of the Board of Directors serving as chairman of the Compensation Committee received an additional \$3,750 quarterly.
- On the date of each Annual Stockholders Meeting, the Chairman of the Audit Committee and Chairman of the Compensation Committee will each receive 1,300 shares of restricted stock vesting quarterly over one year.

In March 2009, the Compensation Committee amended the director compensation plan. The amended plan provides for the following compensation in place of the amounts set forth above:

- Each new Non-Employee Director will be granted restricted stock under the Plan with a value of \$100,000, based on the closing price of the Company's stock price on the date of appointment to the Board of Directors, in connection with his election or appointment to the Board, vesting ratably on the last day of each calendar quarter over the immediately succeeding three years;
- Subject to continuing Compensation Committee approval, on the first business day in November of each year, each then-serving Non-Employee Director will be granted an annual award of restricted stock under the Plan with a value of \$20,000, based on the closing price of the Company's stock price on that date, vesting ratably on the last day of each calendar quarter over the immediately succeeding one year;

PROPOSAL 2. APPROVAL OF THE COMPANY'S 2009 LONG-TERM INCENTIVE PLAN

Background of the Incentive Plan

The Company's 1999 Stock Option/Stock Issuance Plan (the "1999 Plan") will expire on May 2, 2009 and consequently no further awards can be granted under that plan after that date. The Board of Directors has recommended, subject to stockholder approval, the approval and adoption of the Perficient, Inc. 2009 Long-Term Incentive Plan (the "Incentive Plan"), which includes a maximum number of shares of Common Stock that can be granted of 1.5 million shares that expires in April 2012. The purposes of the Incentive Plan are to encourage employees and directors to acquire a proprietary and vested interest in the growth and performance of the Company, to generate an increased incentive to contribute to the Company's future success and prosperity, thus enhancing the value of the Company for the benefit of stockholders, and to enhance the ability of the Company to attract and retain individuals of exceptional management talent. Like the Company's 1999 Plan, the Incentive Plan allows officers, Board members and other key employees of the Company to be eligible to receive a grant of stock options, stock appreciation rights ("SAR's"), restricted stock awards, performance awards, and/or other stock unit awards. If approved, the Incentive Plan will be effective as of April 24, 2009 (the "Effective Date"). The 1999 Plan will remain active through the expiration date.

Consequences of Failing to Ratify the Incentive Plan

In the event our stockholders fail to approve the proposal to adopt and approve the Incentive Plan, the Incentive Plan will not become effective and due to the expiration of the Company's 1999 Plan, no further awards may be granted. In such event, we will be required to re-evaluate our compensation structure to ensure that it remains competitive. This evaluation may result in the modification of the amount and types of compensation that is payable to our employees.

The stockholders are urged to read this entire proposal and the complete plan document. The Company believes that the Incentive Plan is necessary to recruit and retain key employees critical to the Company's success, and thus is in the best interest of the Company's stockholders. The Company has explained the reasons for supporting this proposal under the "Why We Believe You Should Vote For this Proposal" below.

Why We Believe You Should Vote For this Proposal

The Board of Directors believes that the Incentive Plan is essential for the ongoing success of the Company and its ability to recruit, retain and reward key employees. The Board of Directors believes that if the Incentive Plan is not approved, the Company's ability to align the interests of key employees with stockholders through equity-based compensation would be compromised, disrupting the Company's compensation program and impairing the Company's ability to recruit and retain key employees. The Board of Directors recommends approval of the Incentive Plan for the following reasons:

Historical Company Equity Usage. We believe that our historical equity usage has been in line with industry norms on an aggregate basis. We set targets for equity compensation based on industry standards and other data provided to the compensation committee by management and compensation consultants. Based on this information, we believe that our equity usage is relatively consistent with the broader market as well as with the peer group of companies we use to benchmark executive compensation. Our equity grant levels are consistent with our overall compensation philosophy of pay-for-performance and below average cash-based compensation. This philosophy resulted in no incentive compensation for our executive officers for 2008 as financial performance goals were not achieved. We believe our compensation philosophy aligns our management's compensation with shareholder interest.

The Need to Provide Competitive Compensation. Similar to other companies in our industry, we believe equity compensation is integral in providing a competitive total compensation package necessary to recruit, retain and reward key employees. Equity awards are commonly used by companies our size and the ability to provide competitive grants is essential to competing in our labor markets. Therefore, we believe it is imperative to provide long-term incentive awards as a component of our compensation program. We will seek an appropriate balance between meeting employee hiring, retention and compensation goals and avoiding excessive stockholder dilution.

Cash Compensation Expense Increase. If our ability to provide equity compensation is impaired, the Company's cash compensation costs could increase substantially to offset equity compensation typically provided in the marketplace. It is important that we use our cash resources to operate and expand our business, rather than unnecessarily divert cash to pay compensation.

Our Continuing Emphasis on Providing Performance-Based Compensation. We believe it is essential to provide a long-term link between compensation and shareholder value creation and rely on equity compensation as one of the most efficient and effective means to create such a relationship. The long-term equity incentive program is designed to align the interests of our officers and other key employees with those of stockholders, motivate the executive officer team to achieve key financial goals and reward superior performance over a multi-year period. We have historically utilized restricted stock awards instead of stock options to create this link between pay and performance. We believe that by offering this type of incentive compensation, we have rewarded the highest quality management and will retain that management in the future. Share-based payments allow the officers and other key employees to obtain a proprietary interest in the Company and therefore participate in the profit and success of the Company in meeting its objectives and goals. Restricted stock awards usually have a vesting period of five to seven years, giving the officers and other key employees an inducement to remain with the Company. If stockholders do not approve the Incentive Plan, our ability to create long-term incentives for key employees will be substantially diminished.

Plan Benefits

Since all awards will be made at the discretion of the Compensation Committee, it is not possible to determine the amount, timing or recipients of future awards. Therefore, it is not presently possible to determine the benefits or amounts that will be received by particular eligible persons or groups pursuant to the Incentive Plan in the future. The maximum number of shares of Common Stock that can be granted under the Incentive Plan is 1.5 million shares.

Summary of the Material Terms of the Incentive Plan

Key Plan Features. The incentive plan generally provides for:

- ten-year maximum term for stock options and stock appreciation rights;
- three-year minimum vesting period for awards;
- no granting of awards below fair market value on the date of grant;
- no re-pricing of stock options or stock appreciation rights without prior stockholder approval;
- no reload or “evergreen” share replenishment features;
- no accelerated vesting upon a change of control; and
- independent plan administration by an independent compensation committee.

Administration of the Incentive Plan

The Compensation Committee will administer the Incentive Plan pursuant to its terms and all applicable state, federal, or other rules or laws, except in the event our Board of Directors chooses to take action under the Incentive Plan. Unless otherwise limited by the Incentive Plan, our listing agreement with NASDAQ, Rule 16b-3 of the Exchange Act, or the Code, the Compensation Committee has broad discretion to administer the Incentive Plan, interpret its provisions, and adopt policies for implementing the Incentive Plan. This discretion includes the power to determine to whom and when awards will be granted, determine the amount and type of such awards, prescribe and interpret the terms and provisions of each award agreement (the terms of which may vary), terminate, modify or amend the Incentive Plan (subject to ratification by our Board of Directors), and exercise and perform all other rights, duties and responsibilities permitted or required under the Incentive Plan.

The Compensation Committee may delegate the authority to grant awards to employees that are not subject to Section 16 of the Exchange Act to the CEO, and to determine the terms and conditions of the awards subject to the limitations of the Incentive Plan or other limitations as the Compensation Committee deems appropriate.

Eligibility to Participate

All employees and all of our officers, the officers of our subsidiaries or parent, and directors (each an “Eligible Person”) are eligible to participate in and receive awards under the Incentive Plan. At the current time there are approximately 1,140 Eligible Persons. Each Eligible Person who is designated by the Compensation Committee to receive an award under the Incentive Plan will be a “Participant.” An employee on leave of absence may be considered still employed by us and/or our subsidiaries or parent for determining eligibility under the Incentive Plan. Any individual granted an award which remains outstanding under the Incentive Plan will continue to be a Participant for purposes of the Incentive Plan.

Types of Awards

Stock Options. Options may be granted to Participants either alone or in additions to other types of awards allowed under the Incentive Plan. The Company receives no consideration upon the granting of an option. The Compensation Committee has the sole discretion to determine the option price, period, exercisability, and method of exercise.

The options may be granted as non-qualified stock options or incentive stock options, which qualify for favorable tax treatment as described below. With respect to incentive stock options granted to a ten percent stockholder, the option price cannot be less than the fair market value of the Company's stock on the date of grant of the option and the term of the option cannot exceed five years. Also incentive stock options are not exercisable during the year ending on the day before the first anniversary date of the grant. For non-qualified stock options, the option price cannot be less than the fair market value of the Company's stock on the date of grant of the option and the term of the option cannot exceed ten years.

Stock Appreciation Rights. The Compensation Committee may grant an award in the form of an SAR which may, but need not, relate to a specific stock option granted. The exercise price of an SAR shall not be less than the fair market value of the Company's stock on the date of grant. The term of the SAR will be determined by the Compensation Committee at its discretion, but it cannot exceed ten years.

An SAR related to a non-qualified stock option may be granted at the same time as the related stock option is granted, or any time thereafter before the stock option is exercised or expired. If an SAR is related to an incentive stock option, it must be granted at the same time the stock option is granted, and may be exercised only if and when the fair value of the Company's stock subject to the stock option exceeds the aggregate purchase price for the stock option.

Restricted Stock Awards. The Compensation Committee may grant restricted stock awards for no cash consideration or for minimum cash consideration as required by applicable law. If an employee is granted a restricted stock award and terminates employment with the Company for any reason, any restricted stock still subject to restriction will be forfeited.

Performance Awards. The Compensation Committee may issue performance awards to eligible personnel and will determine the related performance criteria to be achieved as well as the length of the performance period. Performance Awards may be paid in cash, shares or other property as determined by the Compensation Committee only at the end of the relevant performance period. The Compensation Committee will have full discretion when determining if the performance levels have been achieved and the amount granted relative to that achievement.

Other Stock Unit Awards. The Compensation Committee may grant other stock unit awards pursuant to the Incentive Plan and may determine to whom the awards will be granted, the amount and all other conditions of the awards. Other stock unit awards may be paid in shares, cash or other property as determined by the Compensation Committee.

Stock Awards under the Incentive Plan

The maximum aggregate number of shares of our common stock that may be issued under the Incentive Plan (subject to any adjustment due to recapitalization or reorganization permitted under the Incentive Plan) will not exceed a number equal to (i) 1.5 million shares of our common stock, plus (ii) the number of shares that become available for issuance under the Incentive Plan after the Effective Date with respect to awards that lapse or are terminated and with respect to which shares are not issued.

If any share of our common stock subject to any award under the Incentive Plan is not issued or transferred, or ceases to be issuable or transferable for any reason, including (but not exclusively) because an award is forfeited, terminated, is settled in cash in lieu of shares of our common stock or is otherwise terminated without a delivery of shares to an award recipient, the shares that were subject to that award will again be available for issue, transfer or exercise pursuant to awards under the Incentive Plan (to the extent allowable by law). The shares of our common stock issued

pursuant to the Incentive Plan may be authorized but unissued shares, shares held by us in treasury or shares which have been reacquired by us including shares which have been bought in the open market for the purposes of the Incentive Plan.

Other Provisions

Tax Withholding. An award recipient's tax withholding with respect to an award will be satisfied by withholding from any payment related to the award or, with respect to awards settled in our common stock, at the discretion of the Compensation Committee and subject to conditions that the Compensation Committee may impose, by the withholding of shares of stock based on the fair market value of the shares.

Amendment and Termination. The Board of Directors may amend or terminate the Incentive Plan or the Compensation Committee's authority to grant awards under the Incentive Plan without the consent of stockholders or award recipients. However, our Board of Directors may condition any such amendment on the approval of our stockholders if such approval is necessary or advisable under tax, securities or other applicable laws, policies or regulations. No amendment or termination of the Incentive Plan may adversely affect any award previously granted under the Incentive Plan without written consent of the affected award recipient. Except as prohibited by applicable law (including, without limitation, IRS Section 162(m)), the Compensation Committee may amend or terminate any outstanding award, or waive any conditions or rights under such award, but any such amendment or termination may require the consent of the award recipient.

Federal Tax Consequences

The following discussion is for general information only and is intended to briefly summarize the U.S. federal tax consequences to Participants arising from participation in the Incentive Plan. This description is based on current law, which is subject to change (possibly retroactively). The tax treatment of an award granted under the Incentive Plan may vary depending on the Participant's particular situation and may, therefore, be subject to special rules not discussed below. No attempt has been made to discuss any potential foreign, state or local tax consequences or additional guidance that may be issued by the U.S. Treasury Department under Section 409A of the Code.

Non-qualified Stock Options ("NSO's"). At the time an NSO is granted, no income will be recognized by the Participant. When the NSO is exercised, the Participant will recognize ordinary income in an amount equal to the difference between the option price paid for the Common Stock and the fair market value of the stock on the date of exercise. When the Common Stock acquired through exercise of an NSO is sold, the appreciation (or depreciation) in the value of the stock after the date of exercise will be treated as a short-term or long-term capital gain (or loss) depending on how long the shares have been held.

Incentive Stock Options ("ISO's"). At the time an ISO is granted, no income will be recognized by the award recipient. In general, no income is recognized upon the exercise of an ISO. If the Participant exercises an ISO and holds the stock acquired from that exercise for at least one year after the exercise date, and two years after the option grant date, then the Participant will recognize a long-term capital gain upon the sale of the Common Stock for the amount realized in excess of the option price (or a long-term capital loss if the amount realized is less than the option price). If the Participant sells the shares acquired through exercise of an ISO within two years of the option grant date or within one year after the transfer of the shares to the award recipient, ordinary income will be recognized in the year of disposition in an amount equal to the excess of the fair market value of the stock at the time of exercise over the option price.

Stock Appreciation Rights. No income will be recognized by the recipient of an SAR grant. When the SAR is exercised, the Participant will include an amount equal to the cash received and fair market value of unrestricted stock or property received on the exercise as ordinary income.

Restricted Stock Awards. Generally, restricted stock awards are not subject to tax until the shares are no longer subject to forfeiture or other restrictions, at which time the Participant must recognize ordinary income for the fair market value of the shares. If a Participant elects under Section 83(b) of the Code within 30 days of the date of transfer of the shares, the shares will be taxable to the Participant upon receipt of the award as ordinary income for the fair market value of the shares. Short-term or long-term capital gain (or loss) will be recognized upon sale of the shares depending on how long the shares have been held and the amount of appreciation (or depreciation).

Subject to the discussion immediately below, we (or our subsidiaries) will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the ordinary compensation income recognized by an award recipient under the foregoing rules.

Tax Code Limitations on Deductibility. For the amounts described above to be deductible by us (or by our subsidiaries), such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses.

Our ability (and the ability of our subsidiaries) to obtain a deduction for future payments under the Incentive Plan could also be limited by the golden parachute payment rules of Section 280G of the Code, which prevent the deductibility of certain excess parachute payments made in connection with a change of control of an

employer-corporation.

Finally, our ability (and the ability of our subsidiaries) to obtain a deduction for amounts paid under the Incentive Plan could be limited by IRS Section 162(m), which limits the deductibility, for federal income tax purposes, of compensation paid to a Covered Employee to \$1,000,000 during any taxable year. Although the Incentive Plan has been drafted to satisfy the requirements for the performance-based compensation exception to this \$1,000,000 deduction limit with respect to performance awards, we may determine that it is in our best interests not to satisfy the requirements for the exception. Further, we may grant awards which do not qualify as performance-based compensation under IRS Section 162(m).

Application of Code Section 409A. Code Section 409A imposes an additional 20% tax and interest on an individual receiving non-qualified deferred compensation under a plan that fails to satisfy certain requirements. For purposes of Code Section 409A, “non-qualified deferred compensation” includes certain equity-based incentive programs, including performance award programs. Generally speaking, Code Section 409A does not apply to incentive awards that are paid at the time the award vests. Likewise, Section 409A typically does not apply to restricted stock. Code Section 409A does, however, apply to incentive awards the payment of which is delayed beyond the calendar year in which the award vests.

The Company intends that awards made pursuant to the Incentive Plan will be designed to comply with the requirements of Code Section 409A to the extent such awards are not exempt from coverage. However, if an award fails to comply with Code Section 409A in operation, a Participant could be subject to the additional taxes and interest.

The above summary relates to U.S. federal income tax consequences only and applies to U.S. citizens and foreign persons who are U.S. residents for U.S. federal income tax purposes. The U.S. federal income tax consequences associated with the issuance of shares of our common stock to nonresident aliens depends upon a number of factors, including whether such issuance is considered to be U.S. source income and whether the provisions of any treaty are applicable. The acquisition, ownership or disposition of shares of our common stock may also have tax consequences under various state, local and foreign laws.

Vote Required and Board of Directors' Recommendation

The affirmative vote of the holders of a majority of the shares present or represented by proxy at the meeting and entitled to vote on the matter will be required to approve the Incentive Plan.

The Board of Directors recommends a vote "For" the proposal to adopt and approve our 2009 Long-Term Incentive Plan.

PROPOSAL 3. RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed the firm of KPMG LLP (“KPMG”) as the Company’s independent registered public accounting firm for 2009. Although action by the stockholders in this matter is not required, the Audit Committee believes that in light of the critical role played by the independent registered public accounting firm in maintaining the integrity of the Company’s financial controls and reporting, it is a matter of good practice.

In the event our stockholders fail to approve the proposal to appoint KPMG as the Company’s independent registered public accounting firm, the Audit Committee will reconsider whether or not to retain the firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of the Company and our stockholders.

The Board of Directors recommends a vote “FOR” the proposal to ratify the independent registered public accounting firm.

AUDIT COMMITTEE REPORT

The Audit Committee reports to and acts on behalf of the Board of Directors of the Company by providing oversight of the financial management, legal compliance programs, independent auditors and financial reporting controls and accounting policies and procedures of the Company. The Company's management is responsible for preparing the Company's financial statements and systems of internal control and the independent auditors are responsible for auditing those financial statements and expressing its opinion as to whether the financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles. The Audit Committee is responsible for overseeing the conduct of these activities by the Company's management and the independent auditors.

In this context, the Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements, as of and for the fiscal year ended December 31, 2008, were prepared in accordance with GAAP, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors.

The Audit Committee has discussed with the independent auditors matters required to be discussed by the applicable Auditing Standards as periodically amended (including significant accounting policies, alternative accounting treatments and estimates, judgments and uncertainties). In addition, the independent auditors provided to the Audit Committee the written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee and the independent auditors have discussed the auditors' independence from the Company and its management, including the matters in those written disclosures.

The Audit Committee also has discussed with the Company's independent auditors, with and without management present, their evaluations of the Company's internal accounting controls and the overall quality of the Company's financial reporting.

In further reliance on the reviews and discussions with management and the independent auditors referred to above, the Audit Committee recommended to the Board of Directors the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the SEC.

Submitted by the Audit Committee of the Board of Directors:

PRINCIPAL ACCOUNTING FIRM FEES AND SERVICES

The following table discloses the approximate fees paid to KPMG LLP ("KPMG") for the fiscal year ending December 31, 2008 and KPMG and BDO Seidman, LLP ("BDO") for the fiscal year ending December 31, 2007:

	Year Ended December 31,	
	2008	2007
Audit fees	\$ 643,501	\$ 784,000
Audit-related fees	--	2,000

Tax fees	--	--
All other fees	--	--
Total fees	\$ 643,501	\$ 786,000

Audit fees represent fees for professional services provided in connection with the audit of the Company's annual financial statements and of management's assessment and the operating effectiveness of internal control over financial reporting included in the Company's Annual Report on Form 10-K, the quarterly reviews of financial statements included in the Company's Quarterly Reports on Form 10-Q, other statutory or regulatory filings, and services that are normally provided in connection with such filings.

Audit-related fees are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's annual or quarterly financial statements.

On March 16, 2007, the Company dismissed BDO as its principal accountants and on March 22, 2007, the Company engaged KPMG as its principal accountants. The Audit Committee of the Company's Board of Directors participated in, recommended and authorized the decision to change its principal accountants.

During the two years ended December 31, 2006 and through March 16, 2007, there were no disagreements between the Company and BDO on any matter of accounting principles or practices, financial statement disclosure, auditing scope or procedure, or matter of the kind described in Item 304(a)(1)(v) of Regulation S-K, which if not resolved to the satisfaction of BDO, would have required BDO to make reference to the subject matter of such disagreement in connection with its opinion on the financial statements of the Company for such years. During the Company's two years ended December 31, 2006 and through March 16, 2007, there were no reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K, except that BDO advised the Company of the material weakness identified in internal controls over financial reporting for the year ended December 31, 2005, as discussed in the Company's Form 8-K filed with the SEC on March 22, 2007.

The audit report of KPMG on the Company's financial statements as of December 31, 2008 and 2007 and for the years then ended did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. The audit report of KPMG on the effectiveness of internal control over financial reporting as of December 31, 2008 and 2007 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. KPMG's audit report on the effectiveness of internal control over financial reporting as of December 31, 2008 and 2007 indicated that in KPMG's opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008 and 2007.

During the year ended December 31, 2008, there were no disagreements between the Company and KPMG on any matter of accounting principles or practices, financial statement disclosure, auditing scope or procedure, or matter of the kind described in Item 304(a)(1)(v) of Regulation S-K, which if not resolved to the satisfaction of KPMG, would have required KPMG to make reference to the subject matter of such disagreement in connection with its opinion on the financial statements of the Company for such year. During the Company's year ended December 31, 2008, there have been no reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K.

Representatives of KPMG are not expected to be present at the Meeting.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures relating to the pre-approval of all audit services and non-audit services that are permitted by applicable laws and regulations, that are to be performed by the Company's independent auditors. As part of those policies and procedures, the Audit Committee has pre-approved specific audit and audit-related services that may be provided by the Company's independent auditors subject to certain maximum dollar amounts. No further approval by the Audit Committee is required in advance of services falling within the specific types of services and cost-levels included in the pre-approved services. Any proposed services not specifically pre-approved or exceeding pre-approved cost levels require specific pre-approval by the Audit Committee. No services of any kind were approved pursuant to a waiver permitted pursuant to 17 CFR 210.2-01(c)(7)(i)(C).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires executive officers and directors, and persons who beneficially own more than ten percent of a registered class of the Company's equity securities to file reports of ownership and changes in ownership with the SEC and the Nasdaq Stock Market. Based solely on a review of the copies of reports furnished to the Company and written representations from the Company's executive officers, directors and persons who beneficially own more than ten percent of the Company's equity securities, the Company believes that, during the preceding year, all filing requirements applicable to the Company's officers, directors and ten percent beneficial owners under Section 16(a) were satisfied except as noted below:

The following individuals each failed to timely file one Statement of Change in Beneficial Ownership on Form 4 with regard to one transaction:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In order to identify and address concerns regarding related party transactions and their disclosures, the Company uses Directors and Officers Questionnaires and Business Ethics and Code of Conduct policies. The Company also considers the independence of its directors. The discussion of the independence of the directors contained herein under the caption “Composition and Meetings of the Board of Directors and Committees” is incorporated by reference into this section.

Directors and Officers Questionnaires are distributed to executive officers and directors at the beginning of each fiscal year to identify any potential related-party transactions. Within the questionnaire, executive officers and directors are asked to describe any transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships, occurring since January 1, 2008, in which the Company was or is to be a participant and the amount involved exceeds \$120,000, and in which any of the following had or will have a direct or indirect interest: (i) the individual, (ii) any director or executive officer of the Company, (iii) a nominee for director, (iv) an immediate family member of a director or executive officer of the Company, (v) an immediate family member of a nominee for director, (vi) a security holder of 5% or more of the Common Stock, or (vii) an immediate family member of the security holder. Responses provided within the questionnaire are reviewed by management of the Company to determine any necessary course of action. No such transaction was entered into since January 1, 2008 other than the Employment Agreements described on pages 15-16 of this Proxy Statement.

It is the policy of the Company that all employees, directors and agents maintain the highest ethical standards and comply with all applicable legal requirements when conducting Company business. Guidelines regarding conflicts of interest are detailed in the Company’s Code of Conduct for employees and in the Financial Code of Ethics for the CEO, CFO and Other Senior Financial Officials, both adopted by the Board of Directors. These policies are available on the Company’s website at www.perficient.com. All Company employees must deal with vendors, customers and others doing business with the Company in a manner that avoids even the appearance of conflict between personal interests and those of the Company. Potential conflicts of interest can arise from any of the following:

- a direct or indirect financial interest in any business or organization that is a Company vendor or competitor, if the employee or director can influence decisions with respect to the Company’s business with respect to such business or organization; and
- serving on the Board of Directors of, or being employed in any capacity by, a vendor, competitor or customer of the Company.

Relationships, including business, financial, personal and family, may give rise to conflicts of interest or the appearance of a conflict. Employees should carefully evaluate their relationships as they relate to Company business to avoid conflict or the appearance of a conflict. To avoid conflicts of interest or the appearance of a conflict:

- Employees and directors should not have an undisclosed relationship with, or financial interest in, any business that competes or deals with the Company; provided that the ownership of less than 1% of the outstanding shares, units or other interests of any class of publicly traded securities is acceptable.
- Employees are prohibited from directly or indirectly competing, or performing services for any person or entity in competition with, the Company.
- Employees should comply with the policies set forth in this Code regarding the receipt or giving of gifts, favors or entertainment.
- A full-time employee should obtain the approval of his or her supervisor before serving as a trustee, regent, director or officer of a philanthropic, professional, national, regional or community organization or educational institution. This policy applies where significant time spent in support of these functions may interfere with time that should be

devoted to the Company's business.

- Employees may not sell or lease equipment, materials or property to the Company without appropriate corporate authority.
- Employees should purchase Company equipment, materials or property only on terms available to the general public.

Any employee or director who becomes aware of a conflict is required to bring it to the attention of a supervisor, management or other appropriate personnel.

Directors are expected and required to uphold the same dedication to corporate ethics as the Company's employees.

If a conflict of interest arises involving an executive officer or director, the Board of Directors must approve a waiver to the Code of Conduct and if a director has the conflict, that director must abstain from the approval. Waivers are made on a case-by-case basis. The Board of Directors has not adopted a formal written policy with respect to waiving conflict of interests or approving related party transactions. In making this determination, the Board considered the infrequency in occurrence of these transactions. Any waivers to the Code of Conduct granted to an executive officer or director shall be disclosed by the Company on its website at www.perficient.com.

SECTION 3. ADMINISTRATION.

(a) **AUTHORITY OF COMMITTEE.** The Plan shall be administered by the Committee. The Committee shall have full power and authority, subject to such orders or resolutions not inconsistent with the provisions of the Plan as may from time to time be adopted by the Board, to: (i) select the Participants to whom Awards may from time to time be granted hereunder; (ii) determine the type or types of Award to be granted to each Participant hereunder; (iii) determine the number of Shares to be covered by each Award granted hereunder; (iv) determine the terms and conditions, not inconsistent with the provisions of the Plan, of any Award granted hereunder; (v) determine whether, to what extent and under what circumstances Awards may be settled in cash, Shares or other property or canceled or suspended; (vi) determine whether, to what extent and under what circumstances cash, Shares and other property and other amounts payable with respect to an Award under this Plan shall be deferred either automatically or at the election of the Participant; (vii) interpret and administer the Plan and any instrument or agreement entered into under the Plan; (viii) establish such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan; and (ix) make any other determination and take any other action that the Committee deems necessary or desirable for administration of the Plan. Decisions of the Committee shall be final, conclusive and binding upon all persons, including the Company, any Participant, and shareholder, and any Employee, director or consultant of the Company or of any Affiliate.

(b) **DELEGATION.** The Committee may delegate to the Company's Chief Executive Officer the authority to grant Awards to Participants, other than Participants who are subject to Section 16 of the Exchange Act, and to determine the terms and conditions of such Awards, subject to the limitations of the Plan and such other limitations and guidelines as the Committee may deem appropriate.

SECTION 4. DURATION OF, AND SHARES SUBJECT TO PLAN.

(a) **TERM.** The Plan shall remain in effect until terminated by the Board, provided, however, that no Award may be granted under the Plan more than ten (10) years after the Effective Date, but any Award theretofore granted may extend beyond that date.

(b) **SHARES SUBJECT TO THE PLAN.** The maximum number of Shares in respect for which Awards may be granted under the Plan, subject to adjustment as provided in Section 4(c) of the Plan, is (i) 2,000,000 plus (ii) the number of Shares that remained available for issuance under the Prior Stock Plan as of the Effective Date. No further awards shall be made under the Prior Stock Plans after the Original Effective Date. No Participant may be granted Awards in any one calendar year with respect to more than 600,000 Shares. The maximum amount payable in cash to a Covered Employee for any calendar year with respect to any Award subject to Section 13 shall be \$1,000,000.

For the purpose of computing the total number of Shares available for Awards under the Plan, there shall be counted against the foregoing limitations the number of Shares subject to issuance

upon exercise or settlement of Awards as of the dates on which such Awards are granted. Shares which were previously subject to Awards shall not again be available for Awards under the Plan if any such Awards are forfeited, terminated, expire unexercised, settled in cash or exchanged for other Awards, or if the Shares subject thereto can otherwise no longer be issued. Further, any Shares which are used as full or partial payment to the Company by a Participant of the purchase price of Shares or the tax withholding requirement with respect to any Awards granted under the Plan shall not be available for Awards under the Plan. If a Stock Appreciation Right is settled in Shares, Shares that are in excess of the net Shares delivered on exercise of such Stock Appreciation Right shall not be added back to the number of Shares available for future Awards under the Plan.

Shares which may be issued under the Plan may be either authorized and unissued shares or issued shares which have been reacquired by the Company. No fractional shares shall be issued under the Plan.

(c) **CHANGES IN SHARES.** In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, reverse stock split, spin off or similar transaction or other change in corporate structure affecting the Shares, the Committee shall make equitable adjustments and substitutions with respect to (i) the aggregate number, class and kind of Shares which may be delivered under the Plan, in the aggregate or to any one Participant, (ii) the number, class, kind and option or exercise price of Shares subject to outstanding Options, Stock Appreciation Rights or other Awards granted under the Plan, and (iii) the number, class and kind of Shares subject to, Awards granted under the Plan (including, if the Committee deems appropriate, the substitution of similar options to purchase the shares of, or other awards denominated in the shares of, another company). (a) **DEATH, DISABILITY, RETIREMENT.** If the Participant's Termination Date occurs for reasons of death, Disability or Retirement, (i) the restriction period with respect to any Restricted Shares shall lapse, and (ii) the Participant's outstanding Options and Stock Appreciation Rights shall immediately vest in full and may thereafter be exercised in whole or in part by the Participant (or the duly appointed fiduciary of the Participant's estate or Beneficiary in the case of death, or conservator of the Participant's estate in the case of Disability) at any time prior to the expiration of the respective terms of the Options or Stock Appreciation Rights, as applicable.

SECTION 12. CHANGE IN CONTROL.

(a) Unless the terms of an employment or similar agreement provide to the contrary, a change in control of the Company shall not trigger the acceleration of vesting, exercisability or the lapse of restrictions with respect to any Award. Subject to any employment or similar agreement, the Committee may provide that an Award shall be assumed or otherwise continued in full force and effect by any successor corporation or parent thereof.

SECTION 13. CODE SECTION 162(M) PROVISIONS.

Such performance goals shall be set by the Committee within the times period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Code and the regulations thereunder.

(c) Notwithstanding any provision of this Plan other than Section 12, with respect to any Award that is subject to this Section 13, the Committee may not adjust upwards the amount payable pursuant to such Award, nor may it waive the achievement of the applicable performance goals except in the case of the death or disability of the Participant.

(d) The Committee shall have the power to impose such other restrictions on Awards subject to this Section 13 as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for "performance-based compensation" within the meaning of Section 162(m)(4)(B) of the Code or any successor thereto.

SECTION 14. AMENDMENTS AND TERMINATION.

The Board may amend, alter or discontinue the Plan at any time; provided, however, no amendment, alteration, or discontinuation shall be made that would impair the rights of an optionee or Participant under an Award theretofore granted, without the optionee's or Participant's consent; provided, further that, any amendment that would (i) except as is provided in Section 4(c) of the Plan, increase the total number of shares reserved for the purpose of the Plan, (ii) change the employees or class of employees eligible to participate in the Plan, (iii) change the minimum exercise price for any Option or Stock Appreciation Right below the minimum price set forth in Section 6(a) and Section 7 of the Plan, as applicable, or (iv) materially (within the meaning of rules of NASD) change the terms of the Plan, shall not be effective without the approval of Perficient, Inc.'s shareholders.

The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively; provided, that no such amendment shall impair the rights of any Participant without his or her consent.

SECTION 15. GENERAL PROVISIONS.

(a) Unless the Committee determines otherwise with respect to an Award other than an Incentive Stock Option, no Award, and no Shares subject to Awards described in Section 10 which have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, transferred, pledged or otherwise encumbered, except by will or by the laws of descent and distribution; provided that, if so determined by the Committee, a Participant may, in the manner established by the Committee, designate a beneficiary to exercise the rights of the Participant with respect to any Award upon the death of the Participant. Unless the Committee determines otherwise, each Award shall be exercisable, during the Participant's lifetime, only by the Participant or, if permissible under applicable law,

by the Participant's guardian or legal representative. Notwithstanding the foregoing, subject to such rules as the Committee may establish, a Nonstatutory Stock Option may be transferred by a Participant during his or her lifetime to a trust, partnership or other entity established for the benefit of the Participant and his or her immediate family which, for purposes of the Plan, shall mean those persons who, at the time of such transfer, would be entitled to inherit part or all of the estate of the Participant under the laws of intestate succession then in effect in the state in which the Participant resides if the Participant had died on such transfer date without a will.

(b) Subject to the provisions of Section 6(b) and Section 7, the term of each Award shall be for such period of months or years from the date of its grant as may be determined by the Committee.

(c) No Employee or Participant shall have any claim to be granted any Award under the Plan nor to remain in the employment or service of the Company and there is no obligation for uniformity of treatment of Employees or Participants under the Plan. The Committee may, in its sole discretion, condition eligibility for an Award on the execution of a noncompete or similar-type agreement.

(d) The prospective recipient of any Award under the Plan shall not, with respect to such Award, be deemed to have become a Participant, or to have any rights with respect to such Award, until and unless such recipient shall have executed an agreement or other instrument evidencing the Award and delivered a fully executed copy thereof to the Company, and otherwise complied with the then applicable terms and conditions.

(e) Except as provided in Section 13, the Committee shall be authorized to make adjustments in Performance Award criteria or in the terms and conditions of other Awards in recognition of unusual or nonrecurring events affecting the Company or its financial statements or changes in applicable laws, regulations or accounting principles. The Committee may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem desirable to carry it into effect. In the event the Company shall assume outstanding employee benefit awards or the right or obligation to make future such awards in connection with the acquisition of another corporation or business entity, the Committee may, in its discretion, make such adjustments in the terms of Awards under the Plan as it shall deem appropriate.

(f) The Committee shall have full power and authority to determine whether, to what extent and under what circumstances any Award shall be canceled or suspended.

(g) All certificates for Shares delivered under the Plan pursuant to any Award shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, NASD, any stock exchange upon which the Shares are then listed, and any applicable Federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(h) The Committee shall be authorized to establish procedures pursuant to which the payment of any Award may be deferred. Subject to the provisions of this Plan and any Award

Agreement, the recipient of an Award (including, without limitation, any deferred Award) may, if so determined by the Committee, be entitled to receive, currently or on a deferred basis, interest or dividends, or interest or dividend equivalents, with respect to the number of shares covered by the Award, as determined by the Committee, in its sole discretion, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Shares or otherwise reinvested.

(i) Except as otherwise required in any applicable Award Agreement or by the terms of the Plan, recipients of Awards under the Plan shall not be required to make any payment or provide consideration other than the rendering of services.

(j) The Company shall be authorized to withhold from any Award granted or payment due under the Plan the amount of any withholding taxes due in respect of an Award or payment hereunder and to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for the payment of such that. The Committee shall be authorized to establish procedures for election by Participants to satisfy such withholding taxes by delivery of, or directing the Company to retain, Shares.

(k) Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to shareholder approval if such approval is otherwise required; and such arrangements may be either generally applicable or applicable only in specific cases.

(l) The terms of this Plan and any agreement containing the terms and conditions of an award made pursuant to the Plan shall be interpreted: first, in a manner that causes the award to comply with Section 409A of the Code; and second, in accordance with the laws of the State of Delaware.

(m) If any provision of this Plan is or becomes or is deemed invalid, illegal or unenforceable in any jurisdiction, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan, it shall be stricken and the remainder of the Plan shall remain in full force and effect.

(n) Awards may be granted to Employees, directors or consultants of the Company or Affiliates who are foreign nationals or employed outside the United States, or both, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Committee, be necessary or desirable in order to recognize differences in local law or tax policy. The Committee also may impose conditions on the exercise or vesting of Awards in order to minimize the Company's obligation with respect to tax equalization for Participants on assignments outside their home country.

SECTION 16. EFFECTIVE DATE OF PLAN. This amendment and restatement of the Plan shall be effective on the date that it is approved by the Company's stockholders (the "Effective Date").
