SELECTED NOTES TO FINANCIAL STATEMENTS  
June 30, 2003

Note 1. Condensed Financial Statements:

The condensed balance sheet as of June 30, 2003, the statement of operations for the periods ended June, 2003 and 2002, and the condensed statement of cash flows for the periods then ended have been prepared by the Company, without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows at June 30, 2003 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2002 audited financial statements. The results of operations for the period ended June 30, 2003 are not necessarily indicative of the operating results for the full year.

Note 2. Revenue Recognition: Revenues are recorded at the time of shipment of products or performance of services. Monthly license fees are recorded over the lives of the respective contracts or as earned.

Note 3. Customer Concentration: Five major customers comprised 95% of the Company's revenues from installation and licensing fees from the installation of the Company's Table Trac(TM) system through June 30 2003.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Business Overview:

Table Trac, Inc.'s patented real-time management system product automates and monitors the operations of casino table games (blackjack, craps, etc.) The Table Trac(TM) system (patent number 5,957,776) is available for an installation and monthly license fee from the Company. The system is operating in 5 midwest casinos. With the system developed, site tested and commercial viability established, the Company has turned its focus to sales and marketing as well as development of complimentary products such as Self Service Kiosks.

Results of Operations:

Revenues in the quarter ended June 30, 2003 of \$37,771 are lower than the \$126,397 posted in 2002. Although license and maintenance fees increased in 2003, a system sale in 2002 accounts for the difference. All of the Company's revenues from installation and licensing fees from the installation of the Company's Table Trac(TM) system were from seven customers through June 2003. Costs of sales in the quarter ended June 30 decreased in 2003 to \$-0- from \$14,018 in 2002 as none of the 2003 revenues were the result of hardware sales. Operating expenses in the quarter ended June 30 substantially reduced in 2003, to \$41,924 from \$103,001. The major changes were decreased payroll and decreased employee benefit expenses in 2003 compared to 2002. The result was that there was a net loss of (\$-4,064) in the second quarter 2003 compared to a net gain of \$9,640 in the second quarter 2002. The net loss per share was \$(-0.0011) in the second quarter 2003 compared to a net gain per share of \$0.0026 in the second quarter 2002.

Liquidity and Capital Resources:

The Company received a bridge loan of \$12,000 from Emergent Financial which will convert to stock at not less than \$0.08. The company presently has no plans to offer further notes or other securities. The Company's current operations are supported using the monies provided from current contracts. The Company continues to pursue opportunities for additional installations, but there can be no assurances that the Company will be successful in its efforts.

Safe Harbor:

The Private Securities Litigation Reform Act of 1995 provides "safe harbor" for forward-looking statements. Certain information included in this Form 10-QSB and other materials filed or to be filed by the Company with the Securities and Exchange Commission (as well as information included in oral statements or other written statements made or to be made by the Company) contain statements that are forward-looking, such as statements relating to plans for sales and marketing, liquidity, and other business activities and developments. Such forward-looking information involves important risks and uncertainties that could significantly affect anticipated results in the future and, accordingly, such results may differ from those expressed in any forward-looking statements made by or on behalf of the Company.
