ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements of Online Vacation Center Holdings Corp., (the "Company"), and the notes thereto have been prepared in accordance with the instructions for Form 10-QSB and Item 310(b) of Regulation S-B of the Securities and Exchange Commission, or SEC. The year end condensed consolidated balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America. These unaudited condensed consolidated financial statements do not include all of the information and disclosures required by accounting principles generally accepted in the United States of America. However, such information reflects all adjustments (consisting of normal recurring adjustments) that are, in the opinion of management, necessary for a fair statement of results for the interim periods presented.

The results of operations for the three months ended March 31, 2007 are not necessarily indicative of annual results. The Company manages its business as one reportable segment.

The unaudited condensed consolidated financial statements included herein should be read in conjunction with the audited consolidated financial statements and the notes thereto that are included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2006 that was filed with the SEC on March 21, 2007.

Use of Estimates

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. For the Company, key estimates include allowance for doubtful accounts, the fair value of goodwill and intangible assets, asset lives used in computing depreciation and amortization, including amortization of intangible assets, and accounting for income taxes, contingencies and litigation. While the Company believes that such estimates are fair when considered in conjunction with the condensed consolidated financial position and results of operations taken as a whole, actual results could differ from those estimates and such differences may be material to the financial statements.

2. ACQUISITIONS

On January 3, 2007, pursuant to the terms of an Acquisition Agreement, Online Vacation Center Holdings Corp. purchased and acquired all of the issued and outstanding ownership interests of La Tours and Cruises, Inc., a Houston, Texas travel agency, operating as West University Travel, for \$550,000, subject to

6

ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

adjustment as defined by the Acquisition Agreement, \$250,000 in cash payable upon closing and \$300,000, payable in \$100,000 annual installments, subject to adjustment as defined by the Acquisition Agreement, commencing on January 2, 2008. Additionally, the owners of La Tours and Cruises, Inc. received 50,000 restricted shares of the Company's common stock which are subject to a lock-up agreement. The series of three annual installments of \$100,000 has been discounted, using the Company's estimated incremental borrowing rate of 6.5% and the aggregate related imputed interest of \$31,646 as of March 31, 2007 has been offset against the face value of the debt and a corresponding reduction of purchase price consideration.

On January 5, 2007, pursuant to the terms of an Acquisition Agreement, Online Vacation Center Holdings Corp. purchased and acquired all of the issued and outstanding ownership interests of Dunhill Vacations, Inc., a Fort Lauderdale, Florida, publisher of a leading vacation values newsletter, Dunhill Vacation News, for \$250,000, in cash payable upon closing and 50,000 restricted shares of the Company's common stock.

On January 19, 2007, pursuant to the terms of an Acquisition Agreement, Online Vacation Center Holdings Corp. purchased certain assets of SmartTraveler.com, Inc., a Royal Palm Beach, Florida, home-based travel seller, for \$125,000, in cash payable upon closing and 125,000 restricted shares of the Company's common stock which are subject to a lock-up agreement.

The cost of these acquisitions, net of cash acquired, was \$858,133. The consideration has been allocated to acquired working capital and other accounts. A third-party company was hired to prepare a valuation to assist management of the Company in its allocation of the purchase price, primarily through the determination of the fair value and remaining useful lives of La Tours, Dunhill and SmartTraveler intangible assets. The aggregate cost related to these intangible assets is \$673,500 and have been capitalized and are being amortized over their expected useful life, ranging from 5 to 10 years. Amortization

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

expense for the three months ended March 31, 2007 and 2006 was \$61,761 and \$945, respectively.

The remaining purchase price of \$982,563 has been initially allocated to goodwill. Our assessment of the value of assets and liabilities acquired are in the process of being finalized. Accordingly, the amount initially allocated to goodwill and certain other identifiable intangible assets may change as the integration and valuation processes are completed. One of the acquisitions includes provisions that may result in payments to the former owners based on certain measures of future profitability that may impact goodwill in future periods.

The operating results of these above acquisitions are included in the accompanying condensed consolidated financial statements from their respective acquisition dates.

ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

3. RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements" which defines fair value, establishes a measurement framework and expands disclosure requirements ("SFAS 157"). SFAS 157 applies to assets and liabilities that are required to be recorded at fair value pursuant to other accounting standards. SFAS 157 is effective at the beginning of fiscal 2009 and is not expected to have a material effect on the Company's consolidated results of operations, financial position, or cash flows.

In September 2006, the FASB issued SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans -- an Amendment of FASB Statements No. 87, 88, 106 and 132(R)." This standard requires the recognition of the funded status of defined benefit pension and other postretirement benefit plans as an asset or liability in the year in which they occur. Furthermore, it requires changes in the funded status of these plans to be recognized through "accumulated other comprehensive income," as a separate component of stockholders' equity, and provides for additional annual disclosure. SFAS No. 158 is effective for fiscal years ending after December 15, 2008 and is not expected to have a material effect on the Company's consolidated results of operations, financial position, or cash flows.

In February 2007, the FASB issued Statement No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" ("SFAS 159"). This statement, which is expected to expand fair value measurement, permits entities to choose to measure many financial instruments and certain other items at fair value. SFAS 159 will be effective for us at the beginning of fiscal 2009. The Company is currently evaluating the impact of SFAS 159.

In September 2006, the SEC staff issued Staff Accounting Bulletin No. 108, "Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements" ("SAB 108"). SAB 108 requires the combined use of a balance sheet approach and an income statement

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

approach in evaluating whether either approach results in an error that is material in light of relevant quantitative and qualitative factors. The Company must begin to apply the provisions of SAB 108 no later than its fiscal 2007 annual financial statements. The Company is currently evaluating the impact of SAB 108.

8

4. CRITICAL ACCOUNTING POLICIES

Revenue Recognition

The Company recognizes revenue in accordance with Staff Accounting Bulletin (SAB) No. 104 "Revenue Recognition in Financial Statements", which states that revenue is realized or realizable and earned when all of the following criteria are met: persuasive evidence of an arrangement exists, services have been rendered, the seller's price to the buyer is fixed or determinable, and collectibility is reasonably assured. Vacation travel sales transactions are billed to customers at the time of booking, however commission revenue is not recognized in the accompanying consolidated financial statements until the customers' travel occurs. Advertising revenue is recognized upon distribution of the publication.

Emerging Issues Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent", discusses the weighing of the relevant qualitative factors regarding the Company's status as a primary obligor and the extent of their pricing latitude. Based upon the Company's evaluation of vacation travel sales transactions and in accordance with the various indicators identified in EITF Issue No. 99-19, the Company's vacation travel suppliers assume the majority of the business risks such as providing the service and the risk of unsold travel packages. As such, all vacation travel sales transactions are to be recorded at the net amount, which is the amount charged to the customer less the amount to be paid to the supplier. The method of net revenue presentation does not impact operating profit, net income, earnings per share or cash flows.

The Corporation adopted the provisions of FASB Interpretation ("FIN") No. 48, "Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement 109," effective January 1, 2007. FIN 48 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. Benefits from tax positions should be recognized in the financial statements only when it is more likely than not that the tax position will be sustained upon examination by the appropriate taxing authority that would have full knowledge of all relevant information. A tax position that meets the more-likely-than-not recognition threshold is measured at the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. Tax positions that previously failed to meet the more-likely-than-not recognition threshold should be recognized in the first subsequent financial reporting period in which

ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

that threshold is met. Previously recognized tax positions that no longer meet the more-likely-than-not recognition threshold should be derecognized in the first subsequent financial reporting period in which that threshold is no longer met. FIN 48 also provides guidance on the accounting for and disclosure of unrecognized tax benefits, interest and penalties. Adoption of FIN 48 did not have a significant impact on the Company's financial statements.

The Company files income tax returns in the U.S. federal jurisdiction and various states. The Company has not been subject to U.S. federal income tax examinations by tax authorities nor state authorities since its inception in 2000.

ONLINE VACATION CENTER HOLDINGS CORP AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

In conjunction with its acquisition of Thoroughbred Travel, LLC ("Thoroughbred") the Company issued a Convertible Note to the former owner of Thoroughbred in the amount of \$125,000 bearing interest at 5% per annum with accrued interest and principal payable on September 25, 2007; the Note may be paid in advance by the Company upon 30 days notice. The Note is convertible, at the election of Thoroughbred prior to the earlier of prepayment or maturity, into 62,500 shares of the Company's common stock at a conversion price equal to \$2.00 per share. Thoroughbred had not converted the Note as of March 31, 2007.

In conjunction with its acquisition of La Fern, Inc. ("La Fern"), the Company issued a Convertible Note to the former owner of La Fern, in the amount of \$375,000, due October 1, 2009 bearing interest at 6% per annum with interest payable semi-annually commencing on April 1, 2007 and may not be prepaid by the Company. In accordance with the terms of the Acquisition Agreement, the principal amount of the Note was subject to adjustment based upon audit as defined by the Agreement. The audit was concluded during the quarter ended March 31, 2007 and resulted in a reduction of principal of \$52,944 to \$322,056 and a reduction of a corresponding receivable from the former owner; all other terms remained unchanged. The Note is convertible, at the election of La Fern prior to maturity, into 161,028 shares of the Company's common stock at a conversion price equal to \$2.00 per share. La Fern had not converted the Note as of March 31, 2007. As a result of the conversion feature and adjustment to the principal amount of the Note, additional paid in capital and goodwill were reduced by \$11,187 representing the fair value of the effect of the reduction of the principal value of the Note upon its conversion feature.

In conjunction with its acquisition of La Tours and Cruises, Inc. on January 3, 2007, the Company is obligated to pay \$100,000 on January 2, 2008, January 2, 2009 and January 2, 2010. Each payment is subject to an adjustment of \$25,000 in accordance with the terms of the Acquisition Agreement. The Company has discounted each of the payments by its estimated annual incremental rate of borrowing of 6.5% and the aggregate unamortized imputed interest of \$31,646 as of March 31, 2007 has been offset against the face value of the debt.

Interest expense for the quarter ended March 31, 2007 and 2006 was \$11,830 and \$48,658, respectively.

7. STOCK BASED COMPENSATION

Results of Operations

Quarter Ended March 31, 2007 Compared to Quarter Ended March 31, 2006

Revenues increased by 32.4%, \$654,852, from \$2,022,901 for the quarter ended March 31, 2006 ("first quarter of 2006") to \$2,677,753 for the quarter ended March 31, 2007 ("first quarter of 2007"). The increase is attributable to the revenues of the six acquisitions that we completed during the fourth quarter of 2006 and the first quarter of 2007 ("the acquisitions").

Selling and marketing expenses increased by \$901,830, 326% to \$1,300,395 for the first quarter of 2007 as compared to \$398,565 for the first quarter of 2006. The increase is primarily attributable to the acquisitions and partially attributable to an increase in co-op marketing projects during the first quarter of 2007 for Online Vacation Center, Inc. Selling and marketing expenses primarily consist of sales staff compensation and costs to produce marketing materials.

General and administrative expenses increased by \$226,349 or 19.4% to \$1,390,659 for the first quarter of 2007 as compared to \$1,164,310 for the first quarter of 2006. The increase is entirely attributable to the acquisitions. General and administrative expenses primarily include management and non sales staff compensation, professional services, and occupancy costs.

Depreciation and amortization expense for the first quarter of 2007 was \$84,015 as compared to \$21,656 for the first quarter of 2006. Amortization expense increased by \$60,816 during the first quarter of 2007 as a result of amortization of intangible assets acquired in conjunction with the acquisitions. The remaining increase of \$1,543 is attributable to an increase in depreciation expense.

15

Interest Income/ (Expense) increased from an expense of \$40,036 for the first quarter of 2006 to income of \$5,480 for the first quarter of 2007. The first quarter of 2006 expense was attributable to accrued interest on subordinated debt which was ultimately exchanged for 1,500,310 shares of our common stock in conjunction with the Share Exchange Agreement in March 2006. The income in the first quarter of 2007 represents the excess of interest income earned on our

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

cash balances at the bank over the accrued interest expense on the debt issued by us in conjunction with our acquisition of Thoroughbred Travel, LLC, La Fern, Inc., and La Tours and Cruises, Inc.

Our loss before benefit for income taxes was \$91,836 in the first quarter of 2007 compared to income before provision for income taxes of \$398,334 in the first quarter of 2006. These results are primarily attributable to the six acquisitions that we completed in the first quarter of 2007 and the fourth quarter of 2006.

The provision for income taxes decreased from an expense of \$177,926 for the first quarter of 2006 compared to a tax benefit of \$24,647 for the first quarter of 2007. The decrease is directly related to a decrease in results from operations whereby income before income taxes for the first quarter of 2006 was \$398,334 whereas the loss before income taxes for the first quarter of 2007 was \$91,836. The tax rate in the first quarter of 2006, 44.6%, was due to the gain on sale of cigar assets, the result of the transaction wherein the Company distributed the assets relating to the cigar business to a former director and majority shareholder in exchange for 2.7 million shares of its common stock. The Company recognized gain on each asset distributed based upon the difference between the fair market value and the Company's adjusted basis in each asset at the time of closing. The benefit rate in the first quarter of 2007, 26.8% was due to the tax effect of non-deductible items.

As a result of the foregoing, our net loss for the first quarter of 2007 was \$67,189 compared to net income of \$220,408 in the first quarter of 2006.

Liquidity and Capital Resources

Cash at March 31, 2007 was \$2,054,104 as compared to \$2,658,885 at December 31, 2006. The primary source of our liquidity and capital resources has come from our operations.

Cash flows provided by operating activities for first quarter of 2007 and 2006 were \$280,728 and \$261,932, respectively. Although the first quarter of 2007 had a net loss of \$67,189 as compared to a net profit of \$220,408 in the first quarter of 2006, this decrease of \$287,597 was offset by improvements in non

cash operating items. This was comprised of an increase in depreciation and amortization of \$84,015 as a result of increased amortization expense associated with amortization of intangible assets acquired in conjunction with the acquisitions and an increase in stock based compensation of \$62,080 as result of the issuance of restricted stock grants and options under our 2005 Management and Director Equity Incentive and Compensation Plan. Additionally, accounts receivable decreased by \$289,025 as a result of increased collection efforts during the first quarter of 2007.

Cash flows used in investing activities for the first quarter of 2007 increased to \$885,509 compared to \$496 during the first quarter of 2006. The primary cash out flow related to the excess of cash paid over cash received totaling \$858,133 in conjunction with the three acquisitions completed during the first quarter of

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

2007. The balance of the increase, \$27,376, is attributable to capital expenditures, primarily computers and software, made during the first quarter of 2007.

There were no cash flows from financing activities during the first quarter of 2007 and 2006; however, in conjunction with the Share Exchange Agreement in March 2006, \$3,000,000 of 8% subordinated debentures due on January 1, 2008 were ultimately exchanged for 1,500,310 shares of our common stock effective as of March 16, 2006.

At March 31, 2007, we had a working capital deficit of \$432,460, a decrease of \$1,013,941 from December 31, 2006 and an accumulated deficit of \$1,424,716, an increase of \$67,189 from December 31, 2006.

Management believes that the existing cash and cash expected to be provided by operating activities will be sufficient to fund the short term capital and liquidity needs of our operations. We may need to seek to sell equity or debt securities or obtain credit lines from financial institutions to meet our longer-term liquidity and capital requirements, which includes strategic growth through mergers and acquisitions. We can not provide any assurances that we will be able to obtain additional capital or financing in amounts or on terms acceptable to us, if at all or on a timely basis.

We have historically been dependent on our relationships with four major cruise lines: Celebrity Cruises, Princess Cruises, Norwegian Cruise Line and Royal Caribbean Cruise Line. We also depend on third party service providers for processing certain fulfillment services.

Seasonality and Inflation

The domestic and international leisure travel industry is seasonal. Our results have been subject to quarterly fluctuations caused primarily by the seasonal variations in the travel industry. Leisure travel net revenues and net income are generally lower in the third quarter. We expect seasonality to continue in the future but hope to mitigate the effects of seasonality by acquiring companies in the travel industry that are not as sensitive to seasonality, such as travel advertising. We do not expect inflation to materially affect our revenues and net income.

Critical Accounting Policies

We prepared our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. As such, management is required to make certain estimates, judgments and assumptions that it believes are reasonable based on the information available. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the periods presented. A more extensive list of significant accounting policies and a description of accounting policies that are considered critical may be found in our 2006 Annual Report on Form 10-KSB filed on March 21, 2007, in the Notes to the Consolidated Financial Statements, Note 2, and the Critical Accounting Policies section. The significant accounting policies which management believes are the most critical to aid in fully understanding and evaluating our reported financial results include revenue recognition, intangible asset testing and income taxes.

Revenue Recognition

We recognize revenue in accordance with Staff Accounting Bulletin (SAB) No. 104 "Revenue Recognition in Financial Statements", which states that revenue is

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

realized or realizable and earned when all of the following criteria are met: persuasive evidence of an arrangement exists, services have been rendered, the seller's price to the buyer is fixed or determinable, and collectibility is reasonably assured. Vacation travel sales transactions are billed to customers at the time of booking, however, commission revenue is not recognized in the accompanying consolidated financial statements until the customers' travel occurs. Advertising revenue is recognized upon distribution of media.

Emerging Issues Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent", discusses the weighing of the relevant qualitative factors regarding our status as a primary obligor and the extent of our pricing latitude. Based upon our evaluation of vacation travel sales transactions and in accordance with the various indicators identified in EITF Issue No. 99-19, our vacation travel suppliers assume the majority of the business risks such as providing the service and the risk of unsold travel packages. As such, all vacation travel sales transactions are recorded at the net amount, which is the amount charged to the customer less the amount to be paid to the supplier. The method of net revenue presentation does not impact operating profit, net income, earnings per share or cash flows. Intangible Asset Testing

Absent any circumstances that warrant testing at another time, we test for goodwill and non-amortizing intangible asset impairment as part of our year-end closing process. Our goodwill testing consists of comparing the estimated fair values of each of our operating entities to their carrying amounts, including recorded goodwill. We estimate the fair value of our reporting unit by discounting its projected future cash flow. Developing future cash flow projections requires us to make significant assumptions and estimates regarding the sales, gross margin and operating expenses of our reporting unit, as well as economic conditions and the impact of planned business or operational strategies. Should future results or economic events cause a change in our projected cash flows, or should our operating plans or business model change, future determinations of fair value may not support the carrying amount of our unit, and the related goodwill would need to be written down to an amount considered recoverable. Any such write down would be included in the operating expenses. While we make reasoned estimates of future performance, actual results below these expectations, or changes in business direction can result in additional impairment charges in future periods.

ITEM 3. CONTROLS AND PROCEDURES

As of the end of the period covered by this Quarterly Report, we carried out an evaluation, under the supervision and with the participation of management, including Edward B. Rudner, our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934. In designing and evaluating the disclosure controls and procedures, management recognizes that there are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their desired control objectives. Additionally, in evaluating and implementing possible controls and procedures, management is required to apply its reasonable judgment.

Based upon the required evaluation, our Chief Executive Officer and Chief Financial Officer concluded as of March 31, 2007, that our disclosure controls and procedures are effective in timely alerting him to material information relating to the Company that is required to be disclosed by us in the reports

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 10QSB

that we file or submit under the Exchange Act to be recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. There have been no significant changes in our internal controls over financial reporting or in other factors that could significantly affect internal controls over financial reporting subsequent to the date we carried out our evaluation.

There have been no changes in our internal control over financial reporting during the quarter ended March 31, 2007, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
