Independent Auditors Report

The Associate Benefits Committee
Duke 401(k) Plan:

We have audited the accompanying statements of net assets available for plan benefits of Duke 401(k) Plan as of December 31, 2002 and 2001, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Duke 401(k) Plan as of December 31, 2002 and 2001, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DUKE 401(k) PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(1) Description of Plan

The following description of the Duke 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan sponsored by Duke Realty Corporation (the Employer) covering all employees who are age 21 years or older and have met the service requirement as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Eligible participants may elect to defer a percentage of their compensation to be contributed to their Employee Deferral Account. The Plan stipulates the minimum and maximum percent that may be contributed, not to exceed 75% of a participant's compensation for each plan year, subject to limitations imposed by the Internal Revenue Service. The Plan currently offers eleven mutual funds, a collective trust, Duke common stock, a money market fund, and a self-directed fund, which allows participants to direct their contributions into an investment of their choice. The Employer matches participant contributions annually up to 3% of total compensation. The Employer matching contribution is limited to a participant's first \$200,000 of compensation, and the contribution is invested in the common stock of the Employer. Effective in 2002, participants are able to move all employer contributions to an investment option of their choice. The Employer may also make discretionary contributions to the Plan to be invested in the common stock of the Employer.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer matching contribution, allocations of the Employer's discretionary contribution (when applicable), and Plan earnings. Allocations are based on participant earnings or account balances, as defined.

Edgar Filing: DUKE REALTY CORP - Form 11-K

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in elective salary reduction contributions and the actual earnings thereon. Vesting in discretionary contributions, matching contributions and the earnings thereon is based upon the years of service of the participant. A year of service means a plan year in which the participant completes at least 1,000 hours of service. A participant becomes 20% vested after one year of service and vests an additional 20% for each year of service thereafter and is 100% vested after five years of service.

(e) Benefits

Upon termination of service or retirement, a participant's vested account balance is to be distributed in a lump-sum payment within 90 days of written request.

(f) ***Forfeitures***

Participants who terminate employment forfeit any non-vested portion of their account. Forfeitures are used to reduce the Employer matching contributions. In 2002 and 2001, Employer contributions were reduced by \$138,000 and \$290,000, respectively, from forfeited non-vested accounts. As of December 31, 2002, there is \$4,924 of additional forfeitures that have not yet been used to reduce Employer matching contributions.

(2) **Summary of Significant Accounting Policies**

(a) ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(b) ***Basis of Accounting***

The Plan's financial statements are prepared on the accrual basis of accounting.

(c) ***Investment Valuation***

Mutual fund and common stock investments are stated at fair market value as determined by quoted market prices. The money market funds and collective trust investments are stated at fair market value as reported by the trustee. Loans to participants are stated at the loaned amount, which approximates fair value because the interest rates charged approximate current market rates. Purchases and sales of securities are recorded on a trade-date basis.

(d) ***Administrative Expenses***

Trustee fees and other expenses, except fees charged for participants who have a self-direct brokerage account, are paid directly by the Employer.

(e) ***Tax Status***

The Plan has received a favorable determination letter from the Internal Revenue Service dated December 20, 2001 related to the amendments adopted by the Plan effective prior to the date thereof. The Plan has been amended subsequent to this date, however, the Employer believes the Plan, as amended, is currently being operated in compliance with applicable requirements of the Internal Revenue Code and is exempt from income taxes.

(3) **Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(4) Investments

The following table represents the fair value of individual investments, which exceed five percent of the Plan's net assets available for plan benefits as of December 31:

	2002	2001

Duke Realty Corporation Common Stock - Non-Participant Directed	N/A	12,517,001

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	\$ (2,820,671)	(3,410,550)

(5) Non-participant Directed Investments

The Plan was amended effective March 1, 2002, to allow participants to transfer all or any part of their non-participant directed investments to participant directed investments. As such, there ceased to be non-participant directed investments as of March 1, 2002.

Edgar Filing: DUKE REALTY CORP - Form 11-K
