99.1	Press Release, issued by Gilead Sciences, Inc. on October 28, 2003

**ITEM 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION**

On October 28, 2003, Gilead Sciences, Inc., a Delaware corporation, issued a press release announcing earnings for the quarter and nine months ended September 30, 2003. A copy of the earnings press release is filed as Exhibit 99.1 to this report.

Each non-GAAP financial measure presented in the earnings press release is included because our management uses this information to monitor and evaluate on-going operating results and trends excluding certain items. Our management believes the non-GAAP information is also useful for investors because the in-process research and development charge relating to the acquisition of Triangle Pharmaceuticals, Inc. in January 2003 and the reimbursement to Gilead from the settlement of a contractual dispute with a vendor in September 2003 were the result of transactions that are unusual due to their nature, size and infrequency. Consequently, excluding these items from our operating results provides users of the financial statements an important insight into our operating results and related trends that affect our core business.

**SIGNATURES**
