Apex Silver has determined through an internal investigation that one of its Latin American subsidiaries may have made improper payments to government officials several years ago in connection with an inactive, early stage, exploration property that is not related to any of Apex Silver's active exploration or development properties. In March 2006, Apex Silver informed the Department of Justice and Securities and Exchange Commission of the internal investigation. Apex Silver has been informed that the Department of Justice and the Securities and Exchange Commission may commence an investigation of the Company with respect to these matters, including possible violations of the Foreign Corrupt Practice Act. The Company is fully cooperating with the internal investigation and any related investigation of these matters by the Department of Justice and Securities and Exchange Commission.

Apex Silver is currently assessing whether the results of the internal investigation may indicate that internal controls were not operating effectively during 2003, 2004 and 2005 and the potential impact on management's assessment of internal controls for the years ended December 31, 2004 and December 31, 2005. In order to devote sufficient time to complete its evaluation of its internal controls in light of the possible improper payments, the Company is unable to complete its financial statements and Form 10-K prior to the filing deadline.
