

ECOLAB INC
Form 10-K
February 28, 2007

UNITED STATES SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-K

(Mark One)

**ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934**

For the Fiscal Year Ended December 31, 2006

Commission File No. 1-9328

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF
THE
SECURITIES EXCHANGE ACT OF 1934**

For the transition period from _____ to _____

ECOLAB INC.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

370 Wabasha Street North, St. Paul, Minnesota

(Address of principal executive offices)

41-0231510

(I.R.S. Employer
Identification No.)

55102

(Zip Code)

Registrant's telephone number, including area code: **(651) 293-2233**

Securities registered pursuant to Section 12(b) of the Act:

Title of each class

Common Stock, \$1.00 par value

Preferred Stock Purchase Rights

Securities registered pursuant to Section 12(g) of the Act: None

Name of each exchange on which registered

New York Stock Exchange, Inc.

New York Stock Exchange, Inc.

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.

YES NO

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act.

Edgar Filing: ECOLAB INC - Form 10-K

YES NO

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

YES NO

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of accelerated filer and large accelerated filer in Rule 12b-2 of the Exchange Act. (Check one):

Large Accelerated Filer

Accelerated Filer

Non-Accelerated Filer

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

YES NO

Aggregate market value of voting and non-voting common equity held by non-affiliates of registrant on June 30, 2006: \$10,187,562,612 (see Item 12, under Part III hereof), based on a closing price of registrant's Common Stock of \$40.58 per share.

The number of shares of registrant's Common Stock, par value \$1.00 per share, outstanding as of January 31, 2007: 250,634,287 shares.

DOCUMENTS INCORPORATED BY REFERENCE

1. Portions of the registrant's Annual Report to Stockholders for the year ended December 31, 2006 (hereinafter referred to as "Annual Report") are incorporated by reference into Parts I and II.
2. Portions of the registrant's Proxy Statement for the Annual Meeting of Stockholders to be held May 4, 2007 and to be filed within 120 days after the registrant's fiscal year ended December 31, 2006 (hereinafter referred to as "Proxy Statement") are incorporated by reference into Part III.

Forward-Looking Statements

This Annual Report on Form 10-K, including Management's Discussion and Analysis of Financial Condition and Results of Operation incorporated by reference into Item 7 of this Form 10-K, contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include expectations concerning business progress and expansion, business acquisitions, currency translation, cash flows, debt repayments, environmental and regulatory considerations, share repurchases, global economic conditions, pension expenses and potential contributions, income taxes and liquidity requirements. Without limiting the foregoing, words or phrases such as will likely result, are expected to, will continue, is anticipated, we believe, we expect, estimate, project (including the negative or variants thereof) or similar terminology, generally identify forward-looking statements. Forward-looking statements may also represent challenging goals for us. We caution that undue reliance should not be placed on such forward-looking statements, which speak only as of the date made. Some of the factors which could cause results to differ from those expressed in any forward-looking statement are set forth under Item 1A of this Form 10-K, entitled Risk Factors.

Item 1. Business.

Item 1(a) General Development of Business.

Ecolab was incorporated as a Delaware corporation in 1924. Our fiscal year is the calendar year ending December 31.

During 2006, we continued to make business acquisitions to broaden our product offerings and expand our geographic coverage, consistent with our Circle the Customer Circle the Globe strategy. These transactions included the following:

In June 2006, the Company acquired Shield Medicare Ltd., a developer, manufacturer and marketer of contamination control products used in pharmaceutical, medical device and hospital clean rooms. Shield Medicare Ltd., located in the United Kingdom, has annual sales of approximately \$19,000,000 and became part of our International operations beginning in the third quarter of 2006.

In September 2006, we acquired DuChem Industries, Inc. DuChem manufactures and markets cleaning and sanitizing products with a focus on the protein (meat and poultry) segment of the food and beverage market. DuChem is located in Newnan, Georgia and has annual sales of approximately \$10,000,000 and became part of our United States Cleaning & Sanitizing operations in the third quarter of 2006.

In September 2006, we acquired Powles Hunt & Sons International Ltd.'s commercial laundry business from Quill International Group. Powles Hunt is a leading supplier of professional laundry products in the United Kingdom with annual sales of approximately \$5,000,000 and became part of our International operations beginning in the fourth quarter of 2006.

Additional details regarding certain of the above acquisition transactions are found in Note 5 located on pages 34 and 35 of the Annual Report, and incorporated into Item 8 of this Form 10-K.

Item 1(b) Financial Information About Operating Segments.

The financial information about reportable segments appearing under the heading Operating Segments in Note 16, located on pages 45 and 46 of the Annual Report, is incorporated herein by reference.

Item 1(c) Narrative Description of Business.

General: Ecolab develops and markets premium products and services for the hospitality, foodservice, healthcare and industrial markets. We provide cleaning and sanitizing products and programs, as well as pest elimination, maintenance and repair services primarily to hotels and restaurants, healthcare and educational facilities, quick-service (fast-food and other convenience store) units, grocery stores, commercial and institutional laundries, light industry, dairy plants and farms, food and beverage processors and the vehicle wash industry. A strong commitment to customer support is a distinguishing characteristic of our business. Additional information on our business philosophy is found below under the heading **Additional Information Competition** of this Item 1(c).

The following description of our business is based upon our three reportable segments as reported in our consolidated financial statements. However, we pursue a **Circle the Customer Circle the Globe** strategy by providing products, systems and services which serve our customer base, and do so on a global basis to meet the needs of our customers' various operations around the world. Therefore, one customer may utilize the products or services of all three of the segments and there is interdependence among the operating segments. Revenues of our International segment include sales outside the United States by our Kay and Pest Elimination businesses.

United States Cleaning & Sanitizing Segment

The **United States Cleaning & Sanitizing** segment is comprised of seven business units which provide cleaning and sanitizing products and programs to United States markets.

Institutional: Our Institutional Division is our largest division and sells specialized cleaners and sanitizers for washing dishes, glassware, flatware, foodservice utensils and kitchen equipment (**warewashing**), for on-premise laundries (typically used by hotel and health care customers) and for general housekeeping functions, as well as food safety products and equipment, dishwasher racks and related kitchen sundries to the foodservice, lodging, educational and healthcare industries, and water filters to the foodservice industry. The Institutional Division also provides pool and spa treatment programs for hospitality and other commercial customers. The Institutional Division manufactures and markets various chemical dispensing device systems, which are made available to customers, to dispense our cleaners and sanitizers. In addition, the Institutional Division markets a lease program comprised of energy-efficient dishwashing machines, detergents, rinse additives and sanitizers, including full machine maintenance.

We believe we are the leading supplier of chemical warewashing products and programs to institutions in the United States.

The Institutional Division sells its products and programs primarily through company-employed field sales and service personnel. However, to a significant degree, we also utilize independent, third-party foodservice distributors to market and sell our products to smaller accounts or accounts which purchase through food distributors. We provide the same customer support to accounts supplied by food distributors as to direct customers.

Effective January 1, 2007, we integrated our former Professional Products division into the Institutional Division to deliver a broad range of cleaning and floor care products and programs to customers in hospitality, health care and commercial facilities. The Institutional sales force along with a network of independent, third-party distributors serving the commercial janitorial industry, market Professional Products proprietary offerings (detergents, general purpose cleaners, carpet care, stone care, furniture polishes, disinfectants, floor care products, hand soaps and odor counteractants).

Kay: Our Kay Division (which consists of certain wholly-owned subsidiaries of Ecolab Inc.) supplies chemical cleaning and sanitizing products primarily to national and regional quick-service restaurant chains and to the food retail (i.e., grocery store) industry. Kay's products include specialty and general purpose hard surface cleaners, degreasers, sanitizers, polishes, hand care products and

assorted cleaning tools. Products are sold under the Kay brand or the customer's private label. In addition, Kay supports its product sales with employee training programs and technical support designed to meet the special needs of its customers. Kay's customized cleaning and sanitation programs are designed to reduce labor costs and product usage while increasing sanitation levels, cleaning performance, equipment life and safety levels.

Kay employs a direct field sales force which primarily calls upon national and regional quick-service restaurant, franchisee, and food retail chain headquarters, although the sales are made to distributors who supply the chain or franchisee's units.

We believe that our Kay Division is the leading supplier of chemical cleaning and sanitizing products to the traditional quick-service restaurant industry in the United States. While Kay's customer base has been growing, Kay's business is largely dependent upon a limited number of major quick-service restaurant chains and franchisees. Kay continues to seek growth and diversification opportunities.

Food & Beverage: Our Food & Beverage Division addresses cleaning and sanitation at the beginning of the food chain to facilitate the production of products for human consumption. The Division provides detergents, cleaners, sanitizers, lubricants and animal health products, as well as cleaning systems, electronic dispensers and chemical injectors for the application of chemical products, primarily to dairy plants, dairy farms, breweries, soft-drink bottling plants, and meat, poultry and other food processors. The Food & Beverage Division is also a leading developer and marketer of antimicrobial products used in direct contact with meat, poultry, seafood and produce during processing in order to reduce microbial contamination on those surfaces. The Division also designs, engineers and installs CIP (clean-in-place) process control systems and facility cleaning systems for its customer base. Farm products are sold through dealers and independent, third-party distributors, while plant products are sold primarily by our field sales personnel.

We believe that we are one of the leading suppliers of cleaning and sanitizing products to the dairy plant, dairy farm, food, meat and poultry, and beverage/brewery processor industries in the United States.

Textile Care: Our Textile Care Division provides chemical laundry products and proprietary dispensing systems, as well as related programs, to large industrial and commercial laundries. Typically these customers process a minimum of 1,000,000 pounds of linen each year and include free-standing laundry plants used by institutions such as hotels, restaurants and healthcare facilities as well as industrial and textile rental laundries. Products and programs include laundry cleaning and specialty products and related dispensing equipment, which are marketed primarily through a Company-employed sales force and, to a lesser extent, through independent, third-party distributors. The Division's programs are designed to meet our customer's need for exceptional cleaning, while extending the useful life of linen and reducing the customer's overall operating cost.

Healthcare: Our Healthcare Division provides infection prevention and healthcare offerings to hospital, acute care and long-term care markets in the United States. Healthcare's proprietary infection prevention/healthcare products (skin care, disinfectants and instrument cleaners) are sold primarily under the Ecolab and Huntington brand names.

Vehicle Care: Our Vehicle Care Division provides vehicle appearance products which include soaps, polishes, sealants, wheel and tire treatments and air fresheners. Products are sold to vehicle rental, fleet and consumer car wash and detail operations. Brand names utilized by the Vehicle Care Division include Blue Coral®, Black Magic® and Rain-X®.

Water Care Services: Water Care Services provides water and wastewater treatment products, services and systems for commercial/institutional customers (full service hotels, cruise ships, hospitals, healthcare, commercial real estate, government, and commercial laundries), food and beverage customers (dairies, meat, poultry, food processing and beverage) and other light industry. Water Care Services works closely with our Institutional, Textile Care and Food & Beverage Divisions to offer customized water care strategies to their accounts that have water care needs, primarily to treat water used in heating and cooling systems and manufacturing processes and to treat wastewater.

United States Other Services Segment

The United States Other Services segment is comprised of two business units: Pest Elimination and GCS Service. In general, these businesses provide service or equipment which can augment or extend our product offering to our business customers as a part of our Circle the Customer approach.

Pest Elimination: Our Pest Elimination Division provides services for the detection, elimination and prevention of pests to restaurants, food and beverage processors, educational and healthcare facilities, hotels, quick-service restaurant and grocery operations and other institutional and commercial customers. These services are sold and performed by Company-employed sales and service personnel. In addition, through our EcoSure Food Safety Management business, the Division provides customized on-site evaluations, training and quality assurance services to foodservice operations.

GCS Service: GCS Service provides commercial cooking and refrigeration equipment repair and maintenance services for restaurant and other foodservice operations. Repair services are offered for in-warranty repair, acting as the Manufacturer's Authorized Service Agent, as well as after warranty repair. In addition, GCS Service offers parts at a wholesale level to repair service companies and end users.

International Segment

We conduct business in approximately 70 countries outside of the United States through wholly-owned subsidiaries or, in the case of Israel, the United Arab Emirates and Venezuela, through joint ventures with local partners. In other countries, selected products are sold by our export operations to distributors, agents or licensees, although the volume of those sales is not significant in terms of our overall revenues. Our largest International operations are located in Europe, Asia Pacific, Latin America and Canada, with smaller operations in Africa and the Middle East.

In general, the businesses conducted internationally are similar to those conducted in the United States but are managed on a geographic basis. The businesses which are similar to the United States Institutional and Food & Beverage businesses are the largest businesses in our International operations. They are conducted in virtually all our International locations and, compared to the United States, constitute a larger portion of the overall business. Kay also has sales in a number of International locations. A significant portion of Kay's international sales are to international units of United States-based quick-service restaurant chains. Consequently, a substantial portion of Kay's international sales are made either to domestic or internationally-located third-party distributors who serve these chains.

Our Pest Elimination business continues to expand its geographic coverage. Since 2001, we have entered markets in Brazil, Chile, the United Kingdom, Ireland, France and South Africa, primarily through acquisitions.

Our other businesses are conducted less extensively in our International locations. However, in general, most of the principal businesses conducted in the United States are operated in Canada.

International businesses are subject to the usual risks of foreign operations, including possible changes in trade and foreign investment laws, tax laws, currency exchange rates and economic and

political conditions abroad. The profitability of our International operations has historically been lower than the profitability of our businesses in the United States. This has been due to the smaller scale of the International operations as well as the additional cost of operating in numerous and diverse foreign jurisdictions.

Additional Information

Competition: Our business units have two significant classes of competitors. First, each business unit competes with a small number of large companies selling directly or through distributors on a national or international scale. Second, all of our business units have numerous smaller regional or local competitors which focus on more limited geographies, product lines and/or end-user segments.

Our objective is to achieve a significant presence in each of our business markets. In general, competition is based on customer support, product performance and price. We believe we compete principally by providing superior value, premium customer support and differentiated products. Value is provided by state-of-the-art cleaning, sanitation and maintenance products and systems coupled with high customer support standards and continuing dedication to customer satisfaction. This is made possible, in part, by our significant on-going investment in training and technology and by our standard practice of advising customers on means to lower operating costs and helping them comply with safety, environmental and sanitation regulations. In addition, we emphasize our ability to uniformly provide a variety of related premium cleaning and sanitation programs to our customers and to provide that level of customer support to multiple locations of chain customer organizations worldwide. This approach is succinctly stated in our Circle the Customer Circle the Globe strategy which is discussed above in this Item 1(c) under the heading General.

Sales and Service: Products, systems and services are primarily marketed in domestic and international markets by Company-trained sales and service personnel who also advise and assist our customers in the proper and efficient use of the products and systems in order to meet a full range of cleaning and sanitation needs. Independent, third-party distributors are utilized in several markets, as described in the business unit descriptions found under the discussion of the three reportable segments above.

Number of Employees: We have approximately 23,130 employees.

Customers and Classes of Products: We believe that our business is not materially dependent upon a single customer although, as described above in this Item 1(c) under the description of the Kay business, Kay is largely dependent upon a limited number of national and international quick-service chains and franchisees. Additionally, although we have a diverse customer base and no customer or distributor constitutes ten percent or more of our consolidated revenues, we do have customers and independent, third-party distributors, the loss of which could have a material negative effect on results of operations for the affected earnings periods; however, we consider it unlikely that such an event would have a material adverse impact on our financial position. No material part of our business is subject to renegotiation or termination at the election of a governmental unit. We sell two classes of products which each constitute 10 percent or more of our sales. Sales of warewashing products in 2006, 2005 and 2004 approximated 21, 21 and 22 percent, respectively, of our consolidated net sales. In addition, through our Institutional and Textile Care businesses, we sell laundry products and provide customer support to a broad range of laundry customers. Sales of laundry products and services in 2006, 2005 and 2004 approximated 10, 11 and 10 percent, respectively, of our consolidated net sales.

Patents and Trademarks: We own and license a number of patents, trademarks and other intellectual property, including through a license agreement with Henkel KGaA. While we have an active program to protect our intellectual property by filing for patents or trademarks, and pursuing legal action, when appropriate, to prevent infringement, we do not believe that our overall business is materially dependent on any individual patent or trademark.

Seasonality: Overall our business does not have a significant degree of seasonality. However, we do experience variability in our quarterly operating results due to sales volume and business mix fluctuations in our operating segments. Note 17, entitled "Quarterly Financial Data" located on page 47 of the Annual Report, is incorporated herein by reference.

Working Capital: We have invested in the past, and will continue to invest in the future, in merchandising equipment consisting primarily of systems used by customers to dispense our cleaning and sanitizing products. Otherwise, we have no unusual working capital requirements.

Manufacturing and Distribution: We manufacture most of our products and related equipment in Company-owned manufacturing facilities. Some products are also produced for us by third-party contract manufacturers, including Henkel KGaA. Other products and equipment are purchased from third-party suppliers. Additional information on product/equipment sourcing is found in the segment discussions above and additional information on our manufacturing facilities is located beginning at page 15 of this Form 10-K under the heading "Properties."

Deliveries to customers are made from our manufacturing plants and a network of distribution centers and public warehouses. We use common carriers, our own delivery vehicles, and distributors. Additional information on our plant and distribution facilities is located beginning at page 15 of this Form 10-K under the heading "Properties."

Raw Materials: Raw materials purchased for use in manufacturing our products are inorganic chemicals, including phosphates, silicates, alkalis, salts and organic chemicals, including surfactants and solvents. These materials are generally purchased on an annual contract basis from a diverse group of chemical manufacturers. When practical, global sourcing is used so that purchasing or production locations can be shifted to control product costs at globally competitive levels. Pesticides used by our Pest Elimination Division are purchased as finished products under contract or purchase order from the producers or their distributors. We also purchase packaging materials for our manufactured products and components for our specialized cleaning equipment and systems. Most raw materials, or substitutes for those materials, used by us, with the exception of a few specialized chemicals which we manufacture, are available from several suppliers.

Research and Development: Our research and development program consists principally of devising and testing new products, processes, techniques and equipment, improving the efficiency of existing ones, improving service program content, and evaluating the environmental compatibility of products. Key disciplines include analytical and formulation chemistry, microbiology, process and packaging engineering and product dispensing technology. Substantially all of our principal products have been developed by our research, development and engineering personnel. At times, technology has also been licensed from third parties to develop offerings. Note 13, entitled "Research Expenditures" located on page 40 of the Annual Report, is incorporated herein by reference.

Environmental and Regulatory Considerations: Our businesses are subject to various legislative enactments and regulations relating to the protection of the environment and public health. While we cooperate with governmental authorities and take commercially practicable measures to meet regulatory requirements and avoid or limit environmental effects, some risks are inherent in our businesses. Among the risks are costs associated with transporting and managing hazardous substances, waste disposal and plant site clean-up, fines and penalties if we are found to be in violation of law, as well as modifications, disruptions or discontinuation of certain operations or types of operations including product recalls. Additionally, although we are not currently aware of any such circumstances, there can be no assurance that future legislation or enforcement policies will not have a material adverse effect on our consolidated results of operations, financial position or cash flows. Environmental and regulatory matters most significant to us are discussed below.

Ingredient Legislation: Various laws and regulations have been enacted by state, local and foreign jurisdictions pertaining to the sale of products which contain phosphorous, volatile organic compounds, or other ingredients that may impact human health or the environment. Under California Proposition 65, label disclosures are required for certain products containing chemicals listed by California. To date, we generally have been able to comply with such legislative requirements by reformulation or labeling modifications. Such legislation has not had a material negative effect on our consolidated results of operations, financial position or cash flows to date.

Pesticide Legislation: Various international, federal and state environmental laws and regulations govern the manufacture and/or use of pesticides. We manufacture and sell certain disinfecting and sanitizing products which kill or reduce microorganisms (bacteria, viruses, fungi) on hard environmental surfaces and on certain food products. Such products constitute pesticides or antimicrobial pesticides under the current definitions of the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended by the Food Quality Protection Act of 1996, the principal federal statute governing the manufacture, labeling, handling and use of pesticides. We maintain approximately 400 product registrations with the U.S. Environmental Protection Agency (EPA). Registration entails the necessity to meet certain efficacy, toxicity and labeling requirements and to pay on-going registration fees. In addition, each state in which these products are sold requires registration and payment of a fee. In general, the states impose no substantive requirements different from those required by FIFRA. However, California and certain other states have adopted additional regulatory programs, and California imposes a tax on total pesticide sales in that State. While the cost of complying with rules as to pesticides has not had a material adverse effect on our consolidated results of operations, financial condition, or cash flows to date, the costs and delays in receiving necessary approvals for these products continue to increase. Total fees paid to the EPA and the states to obtain or maintain pesticide registrations, and for the California tax, were approximately \$3,400,000 in 2006 and \$2,900,000 in 2005. In Europe, the Biocidal Product Directive (98/8/EC) is establishing a program to evaluate and authorize marketing of biocidal active substances and products. The Biocidal Product Directive requirements are transitioning into effect. In September 2006, certain biocidal active substances not notified to the European Chemicals Bureau were required to be withdrawn from the market. We are working with suppliers and industry groups to manage requirements associated with the Biocidal Products Directive. Anticipated registration costs are not expected to significantly affect our consolidated results of operations, financial position or cash flows.

In addition, our Pest Elimination Division applies restricted-use pesticides which it generally purchases from third parties. That Division must comply with certain standards pertaining to the use of such pesticides and to the licensing of employees who apply such pesticides. Such regulations are enforced primarily by the states or local jurisdictions in conformity with federal regulations. We have not experienced material difficulties in complying with these requirements.

FDA Antimicrobial Product Requirements: Various laws and regulations have been enacted by federal, state, local and foreign jurisdictions regulating certain products manufactured and sold by us for controlling microbial growth on humans, animals, foods, and medical devices. In the United States, these requirements generally are administered by the U.S. Food and Drug Administration (FDA). However, the U.S. Department of Agriculture and EPA also may share in regulatory jurisdiction of antimicrobials applied to food. The FDA also has been expanding requirements applicable to such products, including proposing regulations in a Tentative Final Monograph for Healthcare Antiseptic Drug Products dated June 17, 1994 that may impose additional requirements associated with antimicrobial hand care products and associated costs when finalized by the FDA. To date, such

requirements have not had a material adverse effect on our consolidated results of operations, financial position or cash flows.

Europe: The European Union is developing a new regulatory framework for the Registration, Evaluation and Authorization of Chemicals (REACH). The European Parliament and Council adopted the REACH regulation in December 2006, and it will enter into force in June 2007. REACH will establish a new European Chemicals Agency in Helsinki, Finland. The Agency would be responsible for evaluating data to determine hazards and risks and to manage this program for authorizing chemicals for sale and distribution in Europe. All new and existing chemicals produced or imported into the European Union in quantities above one ton per year must be registered in a central database. For chemicals deemed to be of most concern, industry must gain specific authorization for particular uses which have been demonstrated to be safe. Other uses would be prohibited. To manage this new program, we are simplifying our product line and working with chemical suppliers to comply with registration requirements. The eventual impact of REACH will also be felt by our competitors. Potential costs to us are not yet fully quantifiable.

Other Environmental Legislation: Our manufacturing plants are subject to federal, state, local or foreign jurisdiction laws and regulations relating to discharge of hazardous substances into the environment and to the transportation, handling and disposal of such substances. The primary federal statutes that apply to our activities are the Clean Air Act, the Clean Water Act and the Resource Conservation and Recovery Act (RCRA). We are also subject to the Superfund Amendments and Reauthorization Act of 1986, which imposes certain reporting requirements as to emissions of hazardous substances into the air, land and water. We make capital investments and expenditures to comply with environmental laws and regulations, to ensure employee safety and to carry out its announced environmental stewardship principles. To date, such expenditures have not had a significant adverse effect on our consolidated results of operations, financial position or cash flows. Our capital expenditures for environmental health and safety projects world-wide were approximately \$6,410,000 in 2006 and \$4,230,000 in 2005. Approximately \$9,370,000 has been budgeted globally for projects in 2007.

Environmental Remediation and Proceedings: Along with numerous other potentially responsible parties (PRPs), we are currently involved with waste disposal site clean-up activities imposed by the federal Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) or state equivalents at 22 sites in the United States. Additionally, we have similar liability at eight sites outside the United States. In general, under CERCLA, we and each other PRP which actually contributes hazardous substances to a Superfund site are jointly and severally liable for the costs associated with cleaning up the site. Customarily, the PRPs will work with the EPA to agree and implement a plan for site remediation. Pursuant to an Environmental Agreement dated December 7, 2000 with Henkel KGaA, Henkel agreed to indemnify us for certain environmental liabilities associated with the parties' former joint venture in Europe. Reimbursement from Henkel has been requested for 647,924 euro (or approximately \$855,000) spent for such environmental liabilities prior to December 31, 2006.

Based on an analysis of our experience with such environmental proceedings, our estimated share of all hazardous materials deposited on the sites referred to in the preceding paragraph, and our estimate of the contribution to be made by other PRPs which we believe have the financial ability to pay their shares, we have accrued our best estimate of our probable future costs relating to such known sites. Unasserted claims are not reflected in the accrual. In establishing accruals, potential insurance reimbursements are not included. The accrual is not discounted. It is not feasible to predict when the amounts accrued will be paid due to the uncertainties inherent in the environmental remediation and associated regulatory processes.

Our worldwide net expenditures for contamination remediation were approximately \$950,000 in 2006 and \$1,240,000 in 2005. Including the ChemLawn matters described below, our worldwide accruals at December 31, 2006 for probable future remediation expenditures totaled approximately \$4,900,000. We review our exposure for contamination remediation costs periodically and our accruals are adjusted as considered appropriate. While the final resolution of these issues could result in costs below or above current accruals and, therefore, have an impact on our consolidated financial results in a future reporting period, we believe the ultimate resolution of these matters will not have a material effect on our consolidated results of operations, financial condition or liquidity. In addition, we have retained responsibility for certain sites where our former ChemLawn business is a PRP. Currently there are five such locations and, at each, ChemLawn is a *de minimis* party. Anticipated costs currently accrued for these matters were included in our loss from our discontinued ChemLawn operations in 1991. The accrual remaining reflects our best estimate of probable future costs.

Item 1(d) Financial Information About Geographic Areas.

The financial information about geographic areas appearing under the heading "Operating Segments" in Note 16, located on pages 45 and 46 of the Annual Report, is incorporated herein by reference.

Item 1(e) Available Information

Our Internet address is www.ecolab.com. Copies of our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to these reports, are available free of charge on our website at www.ecolab.com/investor as soon as reasonably practicable after such material is filed with, or furnished to, the Securities and Exchange Commission.

In addition, the following governance materials are available on our website at www.ecolab.com/investor/governance and the same information is available in print to any requesting persons, free of charge, by writing to the Corporate Secretary at our headquarters address, or by submitting an e-mail request to investor.info@ecolab.com: (i) charters of the Audit, Compensation, Finance and Governance Committees of our Board of Directors; (ii) our Board's Corporate Governance Principles; and (iii) our Code of Conduct and Code of Ethics for Senior Officers and Finance Associates.

Executive Officers of the Company

The persons listed in the following table are our current executive officers. Officers are elected annually. There is no family relationship among any of the directors or executive officers, and no executive officer has been involved during the past five years in any legal proceedings described in applicable Securities and Exchange Commission regulations.

Edgar Filing: ECOLAB INC - Form 10-K

Name	Age	Office	Positions Held Since Jan. 1, 2002

Daniel J. Schmechel	47	Senior Vice President and Controller Vice President and Controller Vice President and Treasurer	Dec. 2005 - Present Apr. 2002 - Nov. 2005 Jan. 2002 - Mar. 2002
C. William Snedeker	61	Executive Vice President Global Services Sector Senior Vice President Global Pest Elimination Vice President and General Manager Pest Elimination	Mar. 2006 - Present May 2003 - Feb. 2006 Jan. 2002 - Apr. 2003
Robert P. Tabb	55	Vice President and Chief Information Officer	Sep. 2003 - Present(5)

1. Prior to joining Ecolab in September 2004, Mr. Gifford served as Vice President, World Logistics and Program Manager of Hewlett Packard Corporation for three years. Prior to Hewlett Packard, Mr. Gifford was employed by Compaq and Tandem.
2. Prior to joining Ecolab in August 2003, Mr. Handley was employed by the Procter & Gamble Company for 22 years in various management, marketing and executive positions including assignments in Japan and Mexico. Mr. Handley's last position at P&G was Vice President - Feminine Care Strategic Planning.
3. Mr. Mason re-joined Ecolab in May 2004, where he formerly served 23 years in various management and executive positions, most recently as Vice President Asia Pacific. Prior to re-joining Ecolab, Mr. Mason was employed by HAVI Group, LP, serving as President, HPR Partners from 1997-2004.
4. Prior to joining Ecolab in March 2003, Ms. Nestegard was employed by 3M Company for 20 years, most recently as Business Director of Optical Components. Ms. Nestegard's experience includes product and process development and technical management as Director Engineering Systems Technology Center and as Technical Director of the Electronic Products Division of 3M in Austin, Texas.
5. Prior to joining Ecolab in September 2003, Mr. Tabb held various executive positions in the systems technology industry, most recently with Focus IT Group, a consulting firm. From 1997-2000 Mr. Tabb was employed by CNF Transportation, Inc. as Vice President and Chief Information Officer. From 2000-2001 Mr. Tabb served as Vice President, Global Information Technology at Nike, Inc.

Item 1A. Risk Factors.

The following are important factors which could affect our financial performance and could cause our actual results for future periods to differ materially from our anticipated results or other expectations, including those expressed in any forward-looking statements made in this Form 10-K. See the section entitled Forward-Looking Statements located on page 2 of this Form 10-K.

We may also refer to this disclosure to identify factors that may cause results to differ from those expressed in other forward-looking statements made in oral presentations, including telephone conference and/or webcasts open to the public.

Except as may be required under applicable law, we undertake no duty to update our Forward-Looking Statements.

Our results depend upon the continued vitality of the markets we serve: Economic downturns, and in particular downturns in the foodservice, hospitality, travel, health care and food processing industries, can adversely impact our end-users who are sensitive to changes in travel and dining activities. During such downturns, these end-users typically reduce their volume of purchases of cleaning, hygiene and appearance products, which would likely in turn have an adverse impact on our consolidated results of operations, financial condition, or cash flows.

Our growth depends upon our ability to successfully compete with respect to value, product offerings and customer support: Our competitive market is made up of numerous national, regional and local competitors. Our ability to compete depends in part upon our ability to maintain a superior technological capability and to continue to identify, develop and commercialize innovative, high value-added products for niche applications. There can be no assurance that we will be able to accomplish this or that technological developments by our competitors will not place certain of our products at a competitive disadvantage in the future. In addition, certain of the new products that we have under development will be offered in markets in which we do not currently compete, and there can be no assurance that we will be able to compete successfully in those new markets. If we fail to timely introduce new technologies, we may lose market share and our consolidated results of operations, financial condition, or cash flows could be adversely affected.

We enter into multi-year contracts with customers that can impact our results. We enter into multi-year contracts with some of our customers which include terms affecting our pricing flexibility. There can be no assurance that these restraints will not have an adverse impact on our margins and operating income.

Consolidation of our customer and vendors can affect our results: Customers and vendors in the foodservice, hospitality and lodging industry have been consolidating in recent years and that trend may continue. This consolidation could have an adverse impact on our ability to retain customers and on our margins and operating income.

Our results can be adversely affected by fluctuations in the cost of raw materials: The prices of raw materials used in our business can fluctuate significantly from time to time, and have increased in recent years. Changes in oil or raw material prices, unavailability of adequate and reasonably priced raw materials or substitutes for those raw materials, or the inability to obtain or renew supply agreements on favorable terms can adversely affect our consolidated results of operations, financial position or cash flows.

If we are unsuccessful in integrating acquisitions, our business could be adversely affected: As part of our long-term strategy, we seek to acquire complementary businesses. There can be no assurance that we will find attractive acquisition candidates or succeed at effectively managing the integration of acquired businesses into existing businesses. If the expected synergies from such transactions do not materialize or we fail to successfully integrate new businesses into our existing businesses, our consolidated results of operations, financial position or cash flows could be adversely affected.

Our business depends on our ability to comply with governmental regulations: Our business is subject to numerous regulations relating to the environment and to the manufacture, storage, distribution, sale and use of our products. Compliance with these regulations, as well as changes in tax, fiscal, governmental and other regulatory policies expose us to potential financial liability and increase our operating costs. Regulation of our products and operations continues to increase with more stringent standards, causing increased costs of operations and potential for liability if a violation occurs. The potential cost to us relating to environmental and product registration laws and regulations is uncertain due to factors such as the unknown magnitude and type of possible contamination and clean-up costs, the complexity and evolving nature of laws and regulations, and the timing and expense of compliance. In addition, changes in accounting standards, including the adoption effective January 1, 2007 of FASB Interpretation No. 48 Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109, could increase the volatility of our quarterly tax rate.

Our results are impacted by general worldwide economic factors: Economic factors such as the worldwide economy, interest rates and currency movements including, in particular, our exposure to foreign currency risk have affected our business in the past and may have a material adverse impact on our consolidated results of operations, financial condition, or cash flows in the future.

Extraordinary events may significantly impact our business: The occurrence of (a) litigation or claims, (b) the loss or insolvency of a major customer or distributor, (c) war (including acts of terrorism or hostilities which impact our markets), (d) natural or manmade disasters, or (e) severe weather conditions or public health epidemics affecting the foodservice, hospitality and travel industries may have a significant, adverse impact on our business.

Defense of litigation, particularly certain types of actions such as antitrust, patent infringement and class action lawsuits, can be costly and time consuming even if ultimately successful, and if not successful could have a material adverse impact on our consolidated results of operations, financial position or cash flows.

While we have a diverse customer base and no customer or distributor constitutes ten percent or more of our consolidated revenues, we do have customers and independent, third-party distributors, the loss of which could have a material negative effect on our consolidated results of operations for the affected earnings periods; however, we consider it unlikely that such an event would have a material adverse impact on our financial position.

War (including acts of terrorism or hostilities), natural or manmade disasters or severe weather conditions or public health epidemics affecting the foodservice, hospitality and travel industries cause a downturn in the business of restaurants, motels and hotels and other of our customers, which in turn can have a material adverse impact on our business, financial condition, results of operations and cash flows.

We depend on key personnel to lead our business: Our continued success will largely depend on our ability to attract and retain a high caliber of talent and on the efforts and abilities of our executive officers and certain other key employees. Our operations could be adversely affected if for any reason such officers or key employees did not remain with us.

Item 1B. Unresolved Staff Comments

We have no unresolved comments from the staff of the Securities and Exchange Commission.

Item 2. Properties

Our manufacturing philosophy is to manufacture products wherever an economic, process or quality assurance advantage exists or where proprietary manufacturing techniques dictate internal production processes. Currently, most products sold by us are manufactured at our facilities.

Our manufacturing facilities produce chemical products or equipment for all of our businesses, although the businesses constituting the United States Other Services segment purchase the majority of their products and equipment from outside suppliers. Our chemical production process consists primarily of blending and packaging powders and liquids and casting solids. Our equipment manufacturing operations consist primarily of producing chemical product dispensers and injectors and other mechanical equipment and dishwasher racks and related sundries.

The following chart profiles our main manufacturing facilities with ongoing production activities. In general, manufacturing facilities located in the United States serve the United States Cleaning & Sanitizing segment and facilities located outside of the United States serve the International segment. However, certain of the United States facilities do manufacture products for export and which are used by the International segment. The facilities having export involvement are marked with an asterisk(*).

We believe our manufacturing facilities are in good condition and are adequate to meet our existing production needs, except that a new manufacturing facility in Wales, U.K. is being constructed to support continued growth in Europe.

Most of our manufacturing plants also serve as distribution centers. In addition, we operate distribution centers around the world, all of which are leased, and utilize various public warehouses to facilitate the distribution of our products and services. In the United States, our sales and service associates are located in approximately 90 leased offices. Additional sales offices are located internationally.

Our corporate headquarters is comprised of three adjacent multi-storied buildings located in downtown St. Paul, Minnesota. The main 19-story building was constructed to our specifications and is leased through 2008. Thereafter, it is subject to multiple renewals at our option. The second building is leased through 2011 with additional options available. The third building is owned. The corporate headquarters includes an employee training center. In April 2004, we purchased a 90 acre campus in Eagan, Minnesota to provide for future growth. The acquired facility houses the research and development and data center requirements as well as several of our administrative functions. Renovations of the buildings on this property, comprising approximately 500,000 square feet, have been completed and more than 800 associates now work at this site. Our former research center in Mendota Heights, Minnesota and the data center in St. Paul were sold in 2005.

Item 3. Legal Proceedings.

The Company and certain of our subsidiaries are defendants in various lawsuits and claims arising out of the normal course of business. Accruals have been established reflecting our best estimate of probable future costs relating to such matters.

As previously reported, the New York State Department of Environmental Conservation issued a Notice of Violation in 2006 alleging that two products had been sold by us with phosphorous levels exceeding New York State requirements for certain household cleansing products. We have provided information to the State resolving allegations relating to one of the products that is not in violation of the relevant statute, have suspended sales of the other product, and are in discussions with the State attempting to resolve the matter.

As previously reported, in June 2006 Ecolab received notice from the Connecticut Department of Environmental Protection alleging violations of state regulatory requirements for the business of commercial pesticide applications. This matter relates mainly to supervisory issues relative to application procedures. In December 2006 Ecolab signed an Administrative Order on Consent (AOC) that resolved the state's pest elimination enforcement action. Under the terms of the AOC, Ecolab will pay a \$145,750 penalty and fund three supplemental environmental improvement projects worth a total of \$437,250.

Other matters arising under laws relating to protection of the environment are discussed at Item 1(c) above, under the heading Environmental and Regulatory Considerations.

Item 4. Submission of Matters to a Vote of Security Holders.

No matters were submitted to a vote of our security holders during the fourth quarter of 2006.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

Market Information: Our Common Stock is listed on the New York Stock Exchange under the symbol ECL. The Common Stock is also traded on an unlisted basis on certain other United States exchanges. The high and low sales prices of our Common Stock on the consolidated transaction reporting system during 2006 and 2005 were as follows:

Quarter	2006		2005	
	High	Low	High	Low
First	\$ 40.50	\$ 33.64	\$ 35.08	\$ 31.20
Second	\$ 41.20	\$ 37.00	\$ 34.23	\$ 30.68
Third	\$ 45.44	\$ 39.57	\$ 34.14	\$ 30.75
Fourth	\$ 46.40	\$ 42.17	\$ 37.15	\$ 30.93

The closing Common Stock price on January 31, 2007 was \$43.90.

Holders: On January 31, 2007, we had 5,222 holders of Common Stock of record.

Dividends: We have paid Common Stock dividends for 70 consecutive years. Quarterly cash dividends of \$0.0875 per share were declared in February, May and August 2005. Cash dividends of \$0.10 per share were declared in December 2005, and February, May and August 2006. A dividend of \$0.115 per share was declared in December 2006.

Issuer Purchases of Equity Securities:

Period	(a) Total number of shares purchased(1)	(b) Average price paid per share(2)	(c) Number of shares purchased as part of publicly announced plans or programs(3)	(d) Maximum number of shares that may yet be purchased under the plans or programs
October 1-31, 2006	256,733	\$ 43.8163	199,900	13,312,500
November 1-30, 2006	215,309	\$ 45.1004	200,000	13,112,500
December 1-31, 2006	204,885	\$ 44.6910	186,500	12,926,000
Total	676,927	\$ 44.4895	586,400	12,926,000

(1) In addition to programs under publicly announced plans, column (a) includes 90,527 shares reacquired from employees and/or directors as swaps for the cost of stock options, shares surrendered to satisfy minimum statutory tax obligations, under our stock incentive plans, or forfeitures of unvested shares of restricted stock.

(2) The average price paid per share includes brokerage commissions associated with publicly announced plan purchases plus the value of such other reacquired shares.

(3) As announced on December 9, 2004, our Board of Directors authorized the repurchase of up to 10,000,000 additional shares of Common Stock, including shares to be repurchased under Rule 10b5-1. As announced on October 26, 2006, our Board of Directors authorized the repurchase of up to 10,000,000 additional shares of Common Stock, including shares to be repurchased under Rule 10b5-1. We intend to repurchase all shares under this authorization, for which no expiration date has been established, in open market or privately negotiated transactions,

subject to market conditions.

18

Item 6. Selected Financial Data.

The comparative data for the years ended December 31, 2006, 2005, 2004, 2003 and 2002 inclusive, which are set forth under the heading entitled Summary Operating and Financial Data located on pages 50 and 51 of the Annual Report, are incorporated herein by reference.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operation.

The material appearing under the heading entitled Financial Discussion, located on pages 17 through 26 of the Annual Report, is incorporated herein by reference.

Item 7A. Quantitative and Qualitative Disclosures about Market Risk

The material appearing under the heading entitled Market Risk, located on page 26 of the Annual Report, is incorporated herein by reference.

Item 8. Financial Statements and Supplementary Data.

The financial statements and material which are an integral part of the financial statements listed under Item 15.I(1). below and located on pages 27 through 51 of the Annual Report, are incorporated herein by reference.

Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure.

None.

Item 9A. Controls and Procedures.

Disclosure Controls and Procedures: As of December 31, 2006, we carried out an evaluation, under the supervision and with the participation of our management, including the Chairman of the Board, President and Chief Executive Officer and the Executive Vice President and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 as amended). Based upon that evaluation, our Chairman of the Board, President and Chief Executive Officer and the Executive Vice President and Chief Financial Officer concluded that our disclosure controls and procedures are effective.

Internal Control Over Financial Reporting: Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Under the supervision and with the participation of our management, including our Chairman of the Board, President and Chief Executive Officer and Executive Vice President and Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on our evaluation under this framework, our management concluded that our internal control over financial reporting was effective as of December 31, 2006.

Our management's assessment of the effectiveness of our internal control over financial reporting as of December 31, 2006 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm. PricewaterhouseCoopers LLP has issued an attestation report on our controls over financial reporting. Their report, and our management reports, can be found in our Annual Report, the relevant portion of which has been filed as Exhibit (13) to this Form 10-K and is incorporated into Item 8 of this Form 10-K.

During the period October 1 - December 31, 2006, there were no changes in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information.

The following disclosures would otherwise be filed on Form 8-K under the heading Item 5.02(e) Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

In the paragraphs below describing certain of our executive compensation plans and programs, the Named Executive Officers or NEOs refer to our Principal Executive Officer and Principal Financial Officer during 2006 and the next three most-highly compensated executive officers who were serving in those capacities at December 31, 2006, and the Committee refers to the Compensation Committee of the Board of Directors.

General: The components of the overall compensation program for the Company's executive officers include base salary, long-term incentives in the form of annual stock option awards, cash-based annual bonus incentives, participation in deferred compensation and retirement plans, and certain perquisites. Information regarding the compensation awarded to the NEOs in respect of and during the year ended December 31, 2006 will be provided in the definitive proxy statement for the Company's 2007 annual meeting of stockholders, which is expected to be filed with the Securities and Exchange Commission on or around March 30, 2007.

Base Salary: For the 2007 fiscal year, base salaries for the NEOs, other than the CEO, are scheduled to increase on an annualized basis by an average of 7.1%. The salary of the CEO has been established at \$900,000, representing an increase of \$100,000 over 2006. The base salaries established for the 2007 fiscal year for the NEOs are included as a part of the Named Executive Officer Summary of Base Salary, Bonus Award Opportunities, and Executive Benefits and Perquisites filed as Exhibit (10)U to this Form 10-K and incorporated by reference herein.

Establishment of 2007 Non-Equity Incentive Plan Compensation Criteria: The Company maintains annual cash incentive programs for executives referred to as the Management Incentive Plan or MIP and Management Performance Incentive Plan or MPIP. The Company's stockholders approved the current version of the MPIP in 2004, an annual incentive plan under which awards should qualify as performance based under Internal Revenue Code Section 162(m). On February 22, 2007, as required under the terms of the MPIP, the Committee selected the CEO and CFO and one other NEO to participate in the MPIP for 2007, established the 2007 performance goal based upon the performance criteria of diluted earnings per share (EPS), set an EPS performance target of a designated earnings per share, and designated a cash award of 300% of the base salary of each such officer for 2007 to the extent the goal is achieved. The award is subject to and interpreted in accordance with the terms and conditions of the MPIP and no amount will be paid under the MPIP unless and until the Committee has determined the extent to which the performance goal has been met and the corresponding amount of the award earned by the participant. The MPIP permits the Committee to exercise downward discretion so as to pay an amount which is less than the amount of the award earned by the participant. In applying this downward discretion, the Committee considers underlying operable metrics communicated to the participant, which are described as a part of the Named Executive Officer Summary of Base Salary, Bonus Award Opportunities, and Executive Benefits and Perquisites filed as Exhibit (10)U to this Form 10-K and incorporated by reference herein. Two other NEOs will participate in the MIP in 2007 and the operating metrics with respect to such NEOs' participation are similarly included as a part of Exhibit (10)U.

Adoption of Form of Restricted Stock Award Agreement: On February 22, 2007, the Committee approved the form of Agreement for restricted stock awards granted under our 2005 Stock Incentive Plan (2005 Plan). Each restricted stock award will vest at such times and in such installments as may be determined by the Committee and, until such award vests, will be subject to restrictions on transferability and the possibility of forfeiture. An unvested restricted stock award will become fully

vested upon the termination of employment due to death or disability of the holder of such award or if we have a change-in-control (as such term is defined in the 2005 Plan). Such an award will be terminated and forfeited upon such holder's termination of employment for any other reason. A holder will have all voting, liquidation and other rights with respect to the shares covered by a restricted stock award. A holder will have no right to receive dividends or distributions with respect to unvested shares, however, the Committee may distribute special dividends or distributions paid on such unvested shares or direct that such special dividends or distributions be held subject to the award restrictions.

The foregoing summary of the restricted stock award agreement is qualified in its entirety by reference to the full text of such agreement, a copy of which is attached as Exhibit (10)W(iii) to this Form 10-K and incorporated by reference herein.

PART III

Item 10. Directors, Executive Officers of the Registrant and Corporate Governance

Information about our directors is incorporated by reference from the discussion under the heading "Proposal to Elect Directors" located in the Proxy Statement. Information about compliance with Section 16(a) of the Securities Exchange Act of 1934, as amended, is incorporated by reference from the discussion under the heading "Section 16(a) Beneficial Ownership Reporting Compliance" located in the Proxy Statement. Information about our Audit Committee, including the members of the Committee, and our Audit Committee financial experts, is incorporated by reference from the discussion under the heading "Corporate Governance," and sub-headings "Board Committees" and "Audit Committee," located in the Proxy Statement. Information about our Code of Conduct is incorporated by reference from the discussion under the heading "Corporate Governance Materials and Code of Conduct" located in the Proxy Statement. Information regarding our executive officers is presented under the heading "Executive Officers of the Company" in Part I on pages 10 through 12 of this Form 10-K, and is incorporated herein by reference.

Item 11. Executive Compensation

Information appearing under the headings entitled "Executive Compensation" and "Director Compensation" located in the Proxy Statement is incorporated herein by reference. However, pursuant to Instructions to Item 407(e)(5) of Securities and Exchange Commission Regulation S-K, the material appearing under the sub-heading "Compensation Committee Report" shall not be deemed to be filed with the Commission, other than as provided in this Item 11.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

Information appearing under the heading entitled "Security Ownership" located in the Proxy Statement is incorporated herein by reference. The holdings of Henkel KGaA and Henkel Corporation are subject to certain limitations with respect to our voting securities as more fully described in our Proxy Statement under the heading "Stockholder Agreement," and is incorporated herein by reference.

A total of 494,715 shares of Common Stock held by our directors and executive officers, some of whom may be deemed to be affiliates of the Company, have been excluded from the computation of market value of our Common Stock on the cover page of this Form 10-K. This total represents that portion of the shares reported as beneficially owned by our directors and executive officers as of June 30, 2006, which are actually issued and outstanding.

Equity Compensation Plan Information: The following table presents, as of December 31, 2006, compensation plans (including individual compensation arrangements) under which our equity securities are authorized for issuance.

Plan Category	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights	(b) Weighted average exercise price of outstanding options, warrants and rights	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders	21,778,635	(1)(2) \$ 29.74	(2) 11,689,435 (3)
Equity compensation plans not approved by security holders	-0-		-0-
Total	21,778,635	(1)(2) \$ 29.74	(2) 11,689,435 (3)

(1) Includes 125,492 Common Stock equivalents under our 2001 Non-Employee Director Stock Option and Deferred Compensation Plan. These Common Stock equivalents represent deferred compensation earned by non-employee directors and are excluded from the calculation of weighted average exercise price of outstanding options, warrants and rights in column (b) of this table.

(2) Includes 14,343 shares of our Common Stock subject to stock options with a weighted-average exercise price of \$26.97, which we assumed in connection with our acquisition of Alcide Corporation effective July 30, 2004. These assumed options are deemed exempt from shareholder approval under Rule 303A.08 of the New York Stock Exchange in accordance with our notice to the NYSE dated August 18, 2004. The respective Alcide plans were amended to prohibit future grants.

(3) Includes 1,100,000 shares restored to reserves as part of a refueling feature of our 2002 Stock Incentive Plan. The refueling feature permits the restoration of shares repurchased on the open market using proceeds from options exercised under the Plan.

Item 13. Certain Relationships and Related Transactions.

Information appearing under the heading entitled Director Independence Standards and Determinations and Related Person Transactions located in the Proxy Statement as well as the biographical material pertaining to Messrs. Stefan Hamelmann, Kasper Rorsted and Hans Van Bylen, located in the Proxy Statement under the heading Proposal to Elect Directors are incorporated herein by reference.

Item 14. Principal Accountant Fees and Services

Information appearing under the heading entitled Audit Fees located in the Proxy Statement is incorporated herein by reference.

PART IV

Item 15. Exhibits and Financial Statement Schedules.

I(1). The following financial statements of the Company, included in the Annual Report, are incorporated into Item 8 hereof.

- (i) Consolidated Statement of Income for the years ended December 31, 2006, 2005 and 2004, Annual Report page 27.
- (ii) Consolidated Balance Sheet at December 31, 2006 and 2005, Annual Report page 28.
- (iii) Consolidated Statement of Cash Flows for the years ended December 31, 2006, 2005 and 2004, Annual Report page 29.
- (iv) Consolidated Statement of Comprehensive Income and Shareholders' Equity for the years ended December 31, 2006, 2005 and 2004, Annual Report page 30.
- (v) Notes to Consolidated Financial Statements, Annual Report pages 31 through 47.
- (vi) Report of Independent Registered Public Accounting Firm, Annual Report page 49.

I(2). The following financial statement schedule to the Company's financial statements listed in Item 15.I(1). for the years ended December 31, 2006, 2005 and 2004 located on page 33 hereof, and the Report of Independent Registered Public Accounting Firm on Financial Statement Schedule at page 32 hereof, are filed as part of this Report.

- (i) Schedule II - Valuation and Qualifying Accounts for the years ended December 31, 2006, 2005 and 2004.

All other schedules, for which provision is made in the applicable regulations of the Securities and Exchange Commission, are not required under the related instructions or are inapplicable and therefore have been omitted. All significant majority-owned subsidiaries are included in the filed consolidated financial statements.

II. The following documents are filed as exhibits to this Report. We will, upon request and payment of a fee not exceeding the rate at which copies are available from the Securities and Exchange Commission, furnish copies of any of the following exhibits to stockholders.

- (3)A. Restated Certificate of Incorporation of Ecolab Inc., dated as of February 27, 2006, effective as of March 13, 2006 - Incorporated by reference to Exhibit (3)A of our Form 10-K Annual Report for the year ended December 31, 2005.
- B. Certificate of Designation, Preferences and Rights of Series A Junior Participating Preferred Stock of Ecolab Inc., dated as of February 27, 2006, effective as of March 13, 2006 - Incorporated by reference to Exhibit (3)C of our Form 10-K Annual Report for the year ended December 31, 2005.
- C. By-Laws, as amended through February 18, 1999 - Incorporated by reference to Exhibit (3)B of our Form 10-K Annual Report for the year ended December 31, 1998.
- (4)A. Common Stock - see Exhibits (3)A and (3)C.

- B. Form of Common Stock Certificate effective February 28, 2007.
- C. Rights Agreement, dated as of February 24, 2006, between Ecolab Inc. and Computershare Investor Services, LLC, as Rights Agent, which includes the following exhibits thereto: (i) Exhibit A Form of Certificate of Designation,

23

Preferences and Rights of Series A Junior Participating Preferred Stock and (ii) Exhibit B Form of Rights Certificate Incorporated by reference to Exhibit (4)C of our Form 10-K Annual Report for the year ended December 31, 2005.

D. Second Amended and Restated Stockholder s Agreement between Henkel KGaA and Ecolab Inc., dated November 30, 2001 - Incorporated by reference to Exhibit (4) of our Form 8-K dated November 30, 2001.

E. Amended and Restated Indenture, dated as of January 9, 2001, between Ecolab Inc. and Bank One, NA (formerly known as The First National Bank of Chicago) as Trustee - Incorporated by reference to Exhibit (4)(A) of our Current Report on Form 8-K dated January 23, 2001.

F. Officer s Certificate establishing terms and conditions of 6.875% Notes due February 1, 2011 - Incorporated by reference to Exhibit 4(B) of our Form 8-K dated January 23, 2001.

G. Form of 6.875% Note due February 2, 2011 - Incorporated by reference to Exhibit 4(c) of our Form 8-K dated January 23, 2001.

Copies of other constituent instruments defining the rights of holders of our long-term debt are not filed herewith, pursuant to Section (b)(4)(iii) of Item 601 of Regulation S-K, because the aggregate amount of securities authorized under each of such instruments is less than 10% of our total assets on a consolidated basis. We will, upon request by the Securities and Exchange Commission, furnish to the Commission a copy of each such instrument.

(10)A. Multicurrency Credit Agreement, dated as of September 29, 1993, as amended and restated as of June 1, 2006, among Ecolab Inc., the financial institutions party thereto as Banks from time to time, the financial institutions party thereto as Issuing Banks from time to time, Citibank, N.A., as administrative agent for the Banks and Issuing Banks thereunder, Citibank International PLC, as agent for the Banks in connection with certain of the Eurocurrency Advances, and JPMorgan Chase Bank, N.A., as syndication agent Incorporated by reference to Exhibit (10) of our Form 8-K dated June 1, 2006.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
ON FINANCIAL STATEMENT SCHEDULE

To the Shareholders and Directors of Ecolab Inc.:

Our audits of the consolidated financial statements, of management's assessment of the effectiveness of internal control over financial reporting and of the effectiveness of internal control over financial reporting referred to in our report, dated February 23, 2007, which contains an explanatory paragraph indicating that Ecolab Inc. changed the manner in which it accounts for defined benefit and other post retirement plans effective December 31, 2006, appearing in the 2006 Annual Report to Shareholders of Ecolab Inc. (which report and consolidated financial statements are incorporated by reference in this Annual Report on Form 10-K) also included an audit of the financial statement schedule listed in Item 15.I(2).(i) of this Form 10-K. In our opinion, this financial statement schedule presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements.
