Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On March 30, 2007, the Compensation Committee of the Board of Directors of the Company approved the individual performance goals for William Pastore, President and Chief Executive Officer, and Charles Baker, Senior Vice President and Chief Financial Officer, to be utilized for the determination of performance awards under the Company's 1999 Long Term Incentive Plan (the LTIP) for the calendar year ending December 31, 2007 (the 2007 Goals).

The performance goals are based upon the attainment by the Company of one or more of a range of certain specified percentage increases in earnings per share and revenue. Subject to terms of the LTIP and the adjustments described below, upon the certification of the Compensation Committee of the achievement of the 2007 Goals, Mr. Pastore and Mr. Baker will be entitled to receive bonuses in specified amounts.

Payments of such performance awards shall be subject to continued employment of the individual by the Company through the date of the certification by the Compensation Committee of the achievement of the 2007 Goals (irrespective of whether any cessation or termination of employment is voluntary or involuntary) and shall be subject to the terms and conditions of the LTIP, including the Compensation Committee's right to reduce the amount that would otherwise be payable pursuant to a performance-based award. To the maximum extent permissible under the LTIP, the awards shall be payable first in cash and then in shares of the Company's common stock. The maximum aggregate cash amount that may be paid to any single individual named above under the LTIP with respect to calendar year 2007 (whether under the awards discussed in this Form 8-K or other performance-based awards in calendar year 2007) is \$1,000,000.

On March 30, 2007, the Compensation Committee also approved the grant of restricted stock units under the LTIP to approximately 800 employees of the Company, including certain executive officers, subject to the execution of a Restricted Stock Unit Agreement (each an RSU Agreement) by the Company and each such grantee. Mr. Pastore and Mr. Baker were granted 40,000 and 20,000 restricted stock units, respectively.

Notwithstanding the foregoing, the number of shares of Common Stock covered by each RSU Agreement are subject to reduction or elimination based on whether or not certain specified performance-based conditions set forth in the RSU Agreement are satisfied. If the optimal performance-based condition becomes satisfied, the maximum number of restricted stock units will vest in 25% increments on each of March 17, 2008, March 16, 2009, March 15, 2010 and March 15, 2011, provided that the recipient is continuously employed by the Company or any of its affiliates on each applicable vesting date. In the event the optimal performance-based condition is not satisfied but a minimum performance-based condition is satisfied, a reduced number of restricted stock units will vest in 25% increments on each of March 17, 2008, March 16, 2009, March 15, 2010 and March 15, 2011, provided that the recipient is continuously employed by the Company or any of its affiliates on each applicable vesting date. In the event the minimum performance-based condition is not satisfied, no restricted stock units will be awarded. Restricted stock units may automatically vest if during the recipient's employment the recipient dies or incurs a specified disability, or there occurs a Change in Control (as defined in the RSU Agreement).
