Item 1.01 Entry into a Material Definitive Agreement

On September 15, 2008, KEMET Electronics Corporation (KEC), a wholly-owned subsidiary of KEMET Corporation, entered into an Asset Purchase Agreement, dated as of September 15, 2008, with Siliconix Technology C.V. (STCV), a wholly-owned subsidiary of Vishay Intertechnology, Inc., pursuant to which KEC sold its wet tantalum capacitor assets to STCV. The consideration for the transaction consisted of \$35.2 million in cash and other consideration in the form of a three-year term loan from Vishay to KEC in the amount of \$15 million. KEC and Vishay entered into a Loan Agreement and a Security Agreement, both dated as of September 15, 2008, with respect to the term loan, which provide for interest at the rate of LIBOR plus 4% and security in the form of certain accounts receivables of KEMET. Until maturity, the term loan is recourse only to the security except in limited circumstances.

Also in connection with the Asset Purchase Agreement, KEC and STCV entered into a Transition Services Agreement, pursuant to which KEC will provide certain manufacturing and related services on a transitional basis with respect to a portion of the purchased product line.

A copy of the press release regarding the Asset Purchase Agreement and the Loan Agreement described above is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
