Item 2.05 Costs Associated with Exit or Disposal Activities.

On January 7, 2009, Facet Biotech Corporation (the Company or we) filed with the Securities and Exchange Commission (SEC) a Current Report on Form 8-K (the January 8-K) to disclose the implementation of a restructuring and reduction in force (the 2009 Restructuring). This Amendment No. 1 on Form 8-K/A amends the January 8-K.

In the January 8-K, we disclosed that in connection with the 2009 Restructuring we may incur additional restructuring charges or costs in connection with our planned consolidation of operations into one of the two buildings we currently lease in Redwood City, California. However, we were not able at that time to provide a good faith estimate of the amount or range of amounts of these charges or costs. We consolidated our operations into one of the two leased buildings in Redwood City, California during April and May 2009, and we have recently prepared analyses estimating a restructuring charge that we expect to recognize in the second quarter of 2009 related to the Company vacating approximately 240,000 square feet of leased space at 1400 Seaport Boulevard, Redwood City, California (the Administration Building), which is one of the two buildings the Company leases in Redwood City. The space the Company vacated represents approximately 85% of the Administration Building (the Idle Space). Based on our analyses, we expect to recognize a restructuring charge related to the Idle Space of between \$15 million and \$25 million for the second quarter of 2009. This range represents the net present value of our expected sublease and sublease-related (e.g. property tax, insurance and common area expenses) expenses related to the Idle Space offset by (i) the sublease and sublease-related income we expect to receive pursuant to subleases we are seeking to enter into with third parties that would sublease all or a portion of the Administration Building; and (ii) a credit for an existing deferred rent liability associated with the Idle Space of the Administration Building.

We will disclose the actual charge that we recognize for such lease-related restructuring activities in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2009, which we expect to file with the SEC in August 2009.
