Item 1.01 Entry Into a Material Definitive Agreement.

On June 4, 2013, NRG Energy, Inc. (NRG), as borrower, completed a refinancing (the Refinancing) of its senior secured credit facility (the Senior Credit Facility), comprised of a senior secured term loan facility in an aggregate principal amount of \$2.022 billion (the Term Facility) and a senior secured revolving credit facility in an aggregate principal amount not to exceed \$2.511 billion (the Revolving Facility). The Refinancing was consummated pursuant to an amendment dated as of June 4, 2013 (the Amendment) to the existing amended and restated credit agreement dated as of July 1, 2011 (as amended through June 4, 2013, the Amended Credit Agreement).

The Term Facility and Revolving Facility will each mature on July 1, 2018. The principal amount of the Term Facility amortizes in quarterly installments equal to 0.25% of the original principal amount of the Term Facility, with the balance payable at maturity.

Borrowings under the Term Facility shall bear variable rates of interest, as determined at NRG's election, at LIBOR or at base rate, in each case, plus an applicable margin equal to (a) 2.00% per annum for LIBOR loans and (b) 1.00% per annum for base rate loans.

Borrowings under the Revolving Facility shall bear variable rates of interest, as determined at NRG's election, at LIBOR or at base rate, in each case, plus an applicable margin equal to (a) 2.25% per annum for LIBOR loans and (b) 1.25% per annum for base rate loans.

The Lenders under the Revolving Facility will be paid a per annum commitment fee of 0.50% on the average daily amount of the unused portion of the revolving commitments.

Among other customary restrictions that are usual for facilities and transactions of this type, the terms of the Amended Credit Agreement include:

- mandatory prepayments that are substantially consistent with the mandatory asset sale offer provisions set forth with respect to NRG's senior notes, as adjusted and otherwise modified to reflect the status and nature of the Senior Credit Facility, including a requirement that any such offer shall first be made to the facilities; and
- other covenants substantially consistent with NRG's senior notes, as adjusted or otherwise modified to reflect the status and nature of the Senior Credit Facility as a senior secured facility.

The events of default under the Amended Credit Agreement include, among others, payment defaults, cross defaults with certain other indebtedness, breaches of covenants, judgments, change of control and bankruptcy events. In the event of an event of default, the Amended Credit Agreement requires NRG to pay incremental interest at the rate of 2.0% and, depending on the nature of the default, the commitments will either automatically terminate and all unpaid amounts immediately become due and payable, or the lenders may in their discretion terminate their commitments and declare due all unpaid amounts outstanding.

Edgar Filing: NRG ENERGY, INC. - Form 8-K

In connection with the Amendment, NRG and certain of its subsidiaries reaffirmed the grant of a security interest in substantially all of their assets, subject to customary exceptions for facilities and transactions of this type, and certain of NRG's subsidiaries reaffirmed a guaranty of amounts borrowed and obligations incurred under the Amended Credit Agreement.

A press release announcing the execution of the documents in connection with the Refinancing is attached as Exhibit 99.1 to the Current Report on Form 8-K and incorporated herein by reference. A copy of the Amendment is attached as Exhibit 10.1 to the Current Report on Form 8-K and incorporated herein by reference. The description of the material terms of the Senior Credit Facility, the Amendment and the Amended Credit Agreement does not purport to be complete and is qualified in its entirety by reference to such exhibits.

The representations, warranties and covenants of each party as set forth in the Senior Credit Facility were made only for purposes of that agreement and as of specific dates set forth therein, are solely for the benefit of the parties thereto, and are subject to limitations, qualifications and exceptions agreed upon by the parties thereto (including being qualified by confidential disclosures), and were made for the purposes of allocating contractual risk between the parties thereto, and not for establishing these matters as facts. Any applicable materiality standards in the Senior Credit Facility may differ from what investors may deem material. Investors should not rely on the representations, warranties, or covenants or any description thereof as characterizations of the actual state of facts or condition of the parties or any of their respective subsidiaries or affiliates. Moreover, information concerning the subject matter of the representations, warranties, and covenants may change after the date of the Amendment, which subsequent information may or may not be fully reflected in public disclosures by NRG.
