CONTENTS

On June 19, 2013, Stratasys Ltd. (the **Company**), Baccio Merger Corporation, Baccio Corporation, Cooperation Technology Corporation, (the direct parent company of MakerBot Industries, LLC, its wholly-owned subsidiary) (such parent company being referred to hereinafter as **MakerBot**) and Shareholder Representative Services, LLC, as Seller Representative, entered into an Agreement and Plan of Merger (the **Merger Agreement**) providing for the combination of privately held MakerBot with a subsidiary of the Company in a stock-for-stock transaction.

Pursuant to the terms of the Merger Agreement, the Company will initially issue approximately 4.76 million of its ordinary shares to MakerBot s existing stockholders in exchange for 100% of the outstanding capital stock of MakerBot, as a result of which MakerBot will become an indirect wholly-owned subsidiary of the Company. MakerBot stockholders and certain employees may also qualify for performance-based earn-outs that provide for the issuance of up to an additional 2.38 million Company ordinary shares through the end of 2014. Those payments, if earned, may also be paid in cash (in an amount reflecting the value of the Company ordinary shares that would have otherwise been issued at the relevant earn out determination date), or a combination of Company ordinary shares and cash, at the Company s discretion.

Under the Merger Agreement, consummation of the merger is subject to regulatory approvals and other customary closing conditions.

The above description is a summary of the material terms of the Merger Agreement. Shareholders and investors are encouraged to review the Merger Agreement itself, a copy of which is furnished as Exhibit 99.1 to this Report of Foreign Private Issuer on Form 6-K (**Form 6-K**), and which is incorporated herein by reference.
