On May 3, 2016, The Estée Lauder Companies Inc. (the Company) filed a Current Report on Form 8-K (the May 3, 2016 Form 8-K) regarding a multi-year initiative (Leading Beauty Forward). At that time, the Company disclosed that (i) Leading Beauty Forward is expected to include a number of initiatives, (ii) restructuring and other charges to implement those initiatives through fiscal 2021 are expected to total between \$600 million and \$700 million (before tax) and (iii) the Company was unable to determine the estimated amount or range of amounts to be incurred by major cost type or the future cash expenditures pursuant to Leading Beauty Forward. The Company has since disclosed information about specific initiatives approved under Leading Beauty Forward, including in the Company's Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2017 filed on November 1, 2017, which provided information about specific initiatives approved cumulatively through September 30, 2017. The Company is filing this Form 8-K/A to provide details about specific initiatives approved since September 30, 2017.

Between October 1, 2017 and November 20, 2017, the Company approved certain initiatives under Leading Beauty Forward to optimize both select corporate functions and corporate and region market support structures. These actions will result in a net reduction of the workforce, which includes position eliminations, the re-leveling of certain positions and an investment in new capabilities. In addition, the Company approved consulting, other professional services and temporary labor backfill related to the implementation and integration of new processes and technologies and, to a lesser extent, costs for training and recruitment related to new capabilities. The Company also continued to approve consulting fees and implementation costs for an initiative related to supply chain planning activities.

Once the relevant accounting criteria have been met, the Company expects to record restructuring and other charges of approximately \$78 million (before tax) in connection with these initiatives, which are expected to result in future cash expenditures.

Of the \$600 million to \$700 million restructuring and other charges expected to be incurred in connection with Leading Beauty Forward, total cumulative charges approved by the Company through November 20, 2017, some of which were recorded during fiscal 2018, 2017 and 2016, were:
