**Item 8.01. Other Events.**

On June 22, 2018, the North Carolina Utilities Commission (the "NCUC") issued an order (the "Order") approving, without modification, the Agreement and Stipulation of Partial Settlement between Duke Energy Carolinas, LLC ("DEC") and the Public Staff - North Carolina Utilities Commission (the "Stipulation") which settled certain issues in the rate case proceeding which DEC filed on August 25, 2017, with the NCUC. The Stipulation included, among other things, a return on equity of 9.9% based upon a capital structure of 52% equity and 48% debt, and the return to customers of North Carolina state excess deferred income taxes over four years through a rider. The Order denied the Pilot Grid Rider Agreement and Stipulation entered into by DEC and intervenors Environmental Defense Fund, Sierra Club and North Carolina Sustainable Energy Association.

The Order also resolves the outstanding items in the rate case proceeding, including implementation of the Federal Tax Cuts and Jobs Act; the cancelation and treatment of costs for the Lee Nuclear Project; DEC's proposal for a Grid Reliability and Resiliency Rider and the recovery of deferred coal ash costs. A summary providing the details of the Order is attached to this Form 8-K as Exhibit 99.1.

As outlined in the attached summary, DEC is currently seeking clarification from the NCUC on certain items that were not clearly addressed by the Order.

The preliminary estimate for rate base for DEC's retail customers in North Carolina addressed in the rate case is approximately \$14.1 billion. New rates will become effective one day after the NCUC approves the filing by DEC recalculating the revenue requirement based on the findings and conclusions in the Order, currently estimated by mid-July. As a result of the Order, Duke Energy Corporation will take an estimated pre-tax impairment charge of approximately \$150 million in the second quarter of 2018 which will be excluded from adjusted diluted earnings per share and treated as a special item.
