DESCRIPTION OF NOTES

We issued the private notes, and will issue the exchange notes (unless the context requires otherwise, references to the **Notes** include the private notes and the exchange notes), pursuant to an indenture (the **Indenture**), dated as of May 26, 2009, by and between us and Wells Fargo Bank, National Association, as trustee (the **Trustee**).

You can find the definitions of certain capitalized terms used in this section under the heading **Certain Definitions** below. For purposes of this Description of Notes, references to **Bio-Rad**, **we**, **our**, or **us** include only Bio-Rad Laboratories, Inc. and Bio-Rad's successors in accordance with the terms of the Indenture and, except pursuant to the terms of any Guarantee, not our Subsidiaries.

The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the **Trust Indenture Act**). The Notes are subject to all such terms, and holders of Notes are referred to the Indenture and the Trust Indenture Act for a statement thereof.

The following summaries of certain provisions of the Indenture are summaries only, do not purport to be complete and are qualified in their entirety by reference to all of the provisions of the Indenture. We urge you to read the Indenture because it, and not this description, defines your rights as a holder of the Notes.

Brief Description of the Notes

The Notes:

are general unsecured obligations;

rank junior in right of payment with all of our existing and future Senior Debt (other than trade payables);

rank equally in right of payment with all of our existing and future senior subordinated debt, including the Existing Notes;

rank senior in right of payment with all of our existing and future Subordinated Indebtedness; and

are effectively subordinated to all existing and future debt of our subsidiaries that are not guarantors, including trade payables. The Notes will be issued in fully registered form only, without coupons, in denominations of \$1,000 and integral multiples thereof.

The term **Subsidiaries** as used in this section does not include **Unrestricted Subsidiaries**. As of the Issue Date, none of our Subsidiaries were **Unrestricted Subsidiaries**. However, under certain circumstances, we will be able to designate current or future Subsidiaries as **Unrestricted Subsidiaries**. **Unrestricted Subsidiaries** will not be subject to the restrictive covenants set forth in the Indenture.

Principal, Maturity and Interest

We will issue up to an aggregate principal amount of \$300 million of exchange notes in the exchange offer. The Indenture provides for the issuance of additional notes having identical terms and conditions to the Notes (the **Additional Notes**), subject to compliance with the covenants contained in the Indenture, including without limitation the provisions set forth under **Certain Covenants** **Limitation on Incurrence of Additional Indebtedness and Disqualified Capital Stock**. Any **Additional Notes** will be part of the same issue as the Notes and will vote on all matters with the Notes. It is possible, however, that such **Additional Notes** will not be treated as part of the same issue as the Notes for U.S. federal income tax purposes.

The Notes will mature on September 15, 2016.

Table of Contents

The Notes will bear interest at the rate per annum stated on the cover page hereof from the date of issuance or from the most recent date to which interest has been paid or provided for (the **Interest Payment Date**), payable semi-annually in arrears on March 15 and September 15 of each year, beginning September 15, 2009, to the persons in whose names such Notes are registered at the close of business on the March 1 or September 1 immediately preceding such Interest Payment Date. Interest will be calculated on the basis of a 360-day year consisting of twelve 30-day months.

Methods of Receiving Payments on the Notes

Principal of, premium, if any, and interest (and Liquidated Damages, if any) on the Notes will be payable, and the Notes may be presented for registration of transfer or exchange, at our office or agency maintained for such purpose, which office or agency shall be maintained in The City of New York. Except as set forth below, at our option, payment of interest may be made by check mailed to the holders of the Notes (the **Holders**) at the addresses set forth upon our registry books. No service charge will be made for any registration of transfer or exchange of Notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. Until otherwise designated by us, our office or agency will be the corporate trust office of the Trustee presently located at the office of the Trustee in The City of New York.

Subordination

The Notes are our general unsecured obligations, contractually subordinated in right of payment to all of our Senior Debt. This means that holders of our Senior Debt must be paid in full before any amounts are paid to the Holders in the event we become bankrupt or are liquidated and that holders of Senior Debt can block payments to the Holders in the event of a default by us on such Senior Debt, all as more fully described below.

As of September 30, 2009, we had \$10.4 million of Senior Debt and no Indebtedness that is subordinated to the Notes in right of payment. These Notes rank pari passu in right of payment with the Existing Notes.

The rights of Holders are effectively subordinated to all existing and future indebtedness and preferred stock of our subsidiaries that are not guarantors, which as of September 30, 2009, was \$13.7 million.

We may not make payment (by set-off or otherwise), as applicable, on account of any Obligation, including the principal of, premium, if any, or interest on the Notes (or Liquidated Damages, if any), or on account of the redemption provisions of the Notes (including any repurchases of Notes), for cash or property (other than payments made with Junior Securities or from the trust described under **Legal Defeasance and Covenant Defeasance**):

- (1) in the event of default in the payment of any principal of, premium, if any, or interest on our Designated Senior Debt, when it becomes due and payable, whether at maturity or at a date fixed for prepayment or by declaration or otherwise (a **Payment Default**), unless and until such Payment Default has been cured or waived in writing or otherwise has ceased to exist, or
- (2) upon the happening of an event of default other than a Payment Default that permits the holders of Designated Senior Debt to declare such Designated Senior Debt to be due and payable (a **Non-payment Default**) and written notice of such event of default given to us and the Trustee by the representative under the Credit Agreement (a **Payment Notice**), unless and until such event of default has been cured or waived in writing or otherwise has ceased to exist.

Notwithstanding the foregoing, unless the Designated Senior Debt in respect of which a Non-payment Default exists has been declared due and payable in its entirety within 179 days after the Payment Notice is delivered as set forth above (the **Payment Blockage Period**) (and such declaration has not been rescinded or waived), at the end of the Payment Blockage Period, we shall be required to pay all sums not previously paid to the Holders during the Payment Blockage Period due to the foregoing prohibitions and to resume all other payments as and when due on the Notes.

Table of Contents

Any number of Payment Notices may be given; *provided, however*, that

(1) not more than one Payment Notice shall be given within a period of any 360 consecutive days, and

(2) no Non-payment Default that existed upon the date of such Payment Notice or the commencement of such Payment Blockage Period (whether or not such event of default is on the same issue of Senior Debt) shall be made the basis for the commencement of any other Payment Blockage Period (unless such default has been cured or waived for a period of not less than 120 days).

Upon any distribution of our assets upon any dissolution, winding up, total or partial liquidation or reorganization of us, whether voluntary or involuntary, in bankruptcy, insolvency, receivership or a similar proceeding or upon assignment for the benefit of creditors or any marshalling of assets or liabilities

(1) the holders of all of our Senior Debt will first be entitled to receive payment in full in cash or Cash Equivalents (or have such payment first duly provided for to the satisfaction of the Holders of the Senior Debt) or otherwise to the extent holders accept satisfaction of amounts due by settlement in other than cash or Cash Equivalents before the Holders are entitled to receive any payment on account of any Obligation, including the principal of, premium, if any, and interest on the Notes (or Liquidated Damages, if any) (other than payments made with Junior Securities or from the trust described under Legal Defeasance and Covenant Defeasance), and

(2) any payment or distribution of our assets of any kind or character from any source, whether in cash, property or securities (other than payments or distributions made with Junior Securities or from the trust described under Legal Defeasance and Covenant Defeasance) to which the Holders or the Trustee on behalf of the Holders would be entitled (by set-off or otherwise), except for the subordination provisions contained in the Indenture, will be paid by the liquidating trustee or agent or other Person making such a payment or distribution directly to the holders of such Senior Debt or their representative to the extent necessary to make payment in full (or have such payment first duly provided for to the satisfaction of the Holders of the Senior Debt) on all such Senior Debt remaining unpaid, after giving effect to any concurrent payment or distribution to the holders of such Senior Debt.

In the event that, notwithstanding the foregoing, any payment or distribution of our assets (other than payments or distributions made with Junior Securities or from the trust described under Legal Defeasance and Covenant Defeasance) shall be received by the Trustee or the Holders at a time when such payment or distribution is prohibited by the foregoing provisions, such payment or distribution shall be held in trust for the benefit of the holders of such Senior Debt, and shall be paid or delivered by the Trustee or such Holders, as the case may be, upon a request in writing from or on behalf of the holders of such Senior Debt remaining unpaid or unprovided for to such holders or to their representative or representatives, or to the trustee or trustees under any indenture pursuant to which any instruments evidencing any of such Senior Debt may have been issued, ratably according to the aggregate principal amounts remaining unpaid on account of such Senior Debt held or represented by each, for application to the payment of all such Senior Debt remaining unpaid, to the extent necessary to pay or to provide for the payment of all such Senior Debt in full in cash or Cash Equivalents or otherwise to the extent holders accept satisfaction of amounts due by settlement in other than cash or Cash Equivalents after giving effect to any concurrent payment or distribution to the holders of such Senior Debt.

No provision contained in the Indenture or the Notes will affect our obligation or the obligations of any Guarantors, which is absolute and unconditional, to pay, when due, principal of, premium, if any, and interest (and, if applicable, Liquidated Damages) on the Notes. The subordination provisions of the Indenture and the Notes will not prevent the occurrence of any Default or Event of Default under the Indenture or limit the rights of the Trustee or any Holder to pursue any other rights or remedies with respect to the Notes.

As a result of these subordination provisions, in the event of the liquidation, bankruptcy, reorganization, insolvency, receivership or similar proceeding or an assignment for the benefit of our creditors or a marshalling of our assets and liabilities, Holders may receive ratably less than other creditors of Bio-Rad.

Table of Contents

Certain Bankruptcy Limitations

We conduct a substantial portion of our operations through Subsidiaries. Accordingly, our ability to meet our cash obligations may in part depend upon the ability of those Subsidiaries and any future Subsidiaries to make cash distributions to us and to pay intercompany receivables. Furthermore, any right we have to receive the assets of any Subsidiary upon that Subsidiary's liquidation or reorganization (and the consequent right of the Holders to participate in the distribution of the proceeds of those assets) effectively will be subject to the prior claims of that Subsidiary's creditors (including trade creditors), except to the extent that we are recognized as creditors of that Subsidiary.

Redemption

Optional Redemption

At any time prior to September 15, 2013, we may redeem all or part of the Notes, upon not less than 10 days' nor more than 60 days' prior notice to each Holder of the Notes to be redeemed, at a redemption price equal to 100% of the principal amount of those Notes plus the Applicable Premium as of, and accrued and unpaid interest and Liquidated Damages, if any, thereon to, the applicable Redemption Date.

At any time on or after September 15, 2013, we may redeem the Notes for cash at our option, in whole or in part, upon not less than 10 days' nor more than 60 days' notice to each Holder of Notes, at the following redemption prices (expressed as percentages of the principal amount) if redeemed during the 12-month period commencing September 15 of the years indicated below, in each case together with accrued and unpaid interest and Liquidated Damages, if any, thereon to the date of redemption of the Notes (**Redemption Date**):

Year	Percentage
2013	104.000%
2014	102.000%
2015 and thereafter	100.000%

Notwithstanding the foregoing, at any time prior to September 15, 2012, upon any sale of our common stock for cash, up to 35% of the aggregate principal amount of the Notes originally issued pursuant to the Indenture on the Issue Date may be redeemed at our option within 90 days of such sale, on not less than 10 days', but not more than 60 days', notice to each Holder of the Notes to be redeemed, with cash received by us from the Net Cash Proceeds of such sale, at a redemption price equal to 108.000% of the principal amount thereof, together with accrued and unpaid interest and Liquidated Damages, if any, thereon to the Redemption Date; *provided, however*, that immediately following such redemption not less than 65% of the aggregate principal amount of the Notes originally issued pursuant to the Indenture on the Issue Date remain outstanding.

If the Redemption Date hereunder is on or after an interest record date (**Record Date**) on which the Holders of record have a right to receive the corresponding interest due and Liquidated Damages, if any, and on or before the associated Interest Payment Date, any accrued and unpaid interest and Liquidated Damages, if any, due on such Interest Payment Date will be paid to the Person in whose name a Note is registered at the close of business on such Record Date, and such interest and Liquidated Damages, if any, will not be payable to Holders whose Notes are redeemed pursuant to such redemption.

In the case of a partial redemption, the Trustee shall select the Notes or portions thereof for redemption on a *pro rata* basis, by lot or in such other manner it deems appropriate and fair. The Notes may be redeemed in part in multiples of \$1,000 only.

Notice of any redemption will be sent, by first class mail, at least 10 days and not more than 60 days prior to the Redemption Date to the Holder of each Note to be redeemed to such Holder's last address as then shown upon the registry books of our registrar. Any notice which relates to a Note to be redeemed in part only must

Table of Contents

state the portion of the principal amount equal to the unredeemed portion thereof and must state that on and after the Redemption Date, upon surrender of such Note, a new Note or Notes in a principal amount equal to the unredeemed portion thereof will be issued. On and after the Redemption Date, interest will cease to accrue on the Notes or portions thereof called for redemption, unless we default in the payment thereof.

No Sinking Fund

The Notes will not have the benefit of any sinking fund and we will not be required to make any mandatory redemption payments with respect to the Notes.

Covenant Suspension

The Indenture provides that at any time the Notes have achieved Investment Grade Ratings by both Rating Agencies and no Default or Event of Default has occurred and is continuing, the provisions of the Indenture described under the following headings under **Certain Covenants** will no longer apply (even if the Notes subsequently cease to have Investment Grade Ratings):

Limitation on Incurrence of Additional Indebtedness and Disqualified Capital Stock,

Limitation on Restricted Payments,

Limitation on Dividends and Other Payment Restrictions Affecting Subsidiaries,

Limitation on Liens,

Limitation on Sale of Assets and Subsidiary Stock,

Limitation on Transactions with Affiliates,

clause (3) under **Limitation on Merger, Sale or Consolidation**,

Future Guarantors, and

Release of Guarantors.

For purposes hereof the following terms shall have meanings set forth below:

Investment Grade Rating means (1) with respect to S&P, any of the rating categories from and including AAA to and including BBB- and (2) with respect to Moody's, any of the rating categories from and including Aaa to and including Baa3.

Moody's means Moody's Investors Service, Inc., and its successors.

Rating Agency means each of (a) S&P and (b) Moody's.

S&P means Standard & Poor's Rating Service, a division of The McGraw-Hill Companies, Inc., and its successors.

Certain Covenants

The Indenture contains certain covenants including, among others, the following:

Repurchase of Notes at the Option of the Holder Upon a Change of Control

In the event that a Change of Control has occurred, each Holder of Notes will have the right, at such Holder's option, pursuant to an offer (subject only to conditions required by applicable law, if any) by us (the **Change of Control Offer**), to require us to repurchase all or any part of such Holder's Notes (provided that the principal amount of such Notes must be \$1,000 or an integral multiple thereof) on a date (the **Change of**

Table of Contents

Control Purchase Date) that is no later than 45 Business Days after the occurrence of such Change of Control, at a cash price equal to 101% of the principal amount thereof (the **Change of Control Purchase Price**), together with accrued and unpaid interest and Liquidated Damages, if any, to the Change of Control Purchase Date.

The Change of Control Offer shall be made within 10 Business Days following a Change of Control (but may be commenced prior to the Change of Control so long as it is contingent on the Change of Control) and shall remain open for 20 Business Days (the **Change of Control Offer Period**). Upon expiration of the Change of Control Offer Period, we shall promptly purchase all Notes properly tendered in response to the Change of Control Offer.

Notwithstanding the foregoing, we will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us.

In addition, we will not be required to make a Change of Control Offer, as provided above, if, in connection with or in contemplation of any Change of Control, we have made an offer to purchase (an **Alternate Offer**) any and all Notes validly tendered at a cash price equal to or higher than the Change of Control Purchase Price and have purchased all Notes properly tendered in accordance with the terms of such Alternate Offer; *provided, however*, that the terms and conditions of such contemplated Change of Control are described in reasonable detail to the Holders in the notice delivered in connection with such Alternate Offer. The indenture for the Existing Notes contains a similar change of control covenant.

Prior to the commencement of a Change of Control Offer, but in any event within 45 days following any Change of Control, we will

(1)(a) repay in full and terminate all commitments of Indebtedness under the Credit Agreement and all other Senior Debt and Guarantor Senior Debt, in each case, the terms of which require repayment upon a Change of Control or (b) offer to repay in full and terminate all commitments of Indebtedness under the Credit Agreement and all such other Senior Debt and Guarantor Senior Debt and repay the Indebtedness owed to each lender which has accepted such offer in full, or

(2) obtain the requisite consents under the Credit Agreement and all such other Senior Debt and Guarantor Senior Debt to permit the repurchase of the Notes as provided herein.

Our failure to comply with the preceding sentence shall constitute an Event of Default described in clause (3) under the heading **Events of Default** below, but without giving effect to the stated exceptions in that clause.

On or before the Change of Control Purchase Date, we will

(1) accept for payment Notes or portions thereof properly tendered pursuant to the Change of Control Offer,

(2) deposit with the paying agent for us (the **Paying Agent**) cash sufficient to pay the Change of Control Purchase Price (together with accrued and unpaid interest and Liquidated Damages, if any) of all Notes or portions thereof so tendered, and

(3) deliver to the Trustee the Notes so accepted together with an Officers' Certificate listing the Notes or portions thereof being purchased by us.

The Paying Agent promptly will pay the Holders of Notes so accepted an amount equal to the Change of Control Purchase Price (together with accrued and unpaid interest and Liquidated Damages, if any) and the Trustee promptly will authenticate and deliver to such Holders a new Note equal in principal amount to any unpurchased portion of the Note surrendered. Any Notes not so accepted will be delivered promptly by us to the Holder thereof. We will announce publicly the results of the Change of Control Offer on or as soon as practicable after the Change of Control Purchase Date.

Table of Contents

The Change of Control purchase feature of the Notes may make more difficult or discourage a takeover of us, and, thus, the removal of incumbent management.

The phrase all or substantially all of our assets will likely be interpreted under applicable state law and will be dependent upon particular facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or transfer of all or substantially all of our assets has occurred. In addition, we cannot assure you that we will be able to acquire Notes tendered upon the occurrence of a Change of Control.

Holders will not be entitled to require us to purchase their Notes in the event of a takeover, recapitalization, leveraged buyout or similar transaction that is not a Change of Control. In addition, Holders may not be entitled to require us to purchase their Notes in certain circumstances involving a significant change in the composition of our Board of Directors, including in connection with a proxy contest where our Board of Directors does not endorse a dissident slate of directors but approves them as Continuing Directors.

Any Change of Control Offer will be made in compliance with all applicable laws, rules and regulations, including, if applicable, Regulation 14E under the Exchange Act and the rules thereunder and all other applicable federal and state securities laws. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this covenant, our compliance or compliance by any of the Guarantors with such laws and regulations shall not in and of itself cause a breach of their obligations under such covenant.

If the Change of Control Purchase Date hereunder is on or after an interest payment Record Date and on or before the associated Interest Payment Date, any accrued and unpaid interest (and Liquidated Damages, if any) due on such Interest Payment Date will be paid to the Person in whose name a Note is registered at the close of business on such Record Date, and such interest (and Liquidated Damages, if applicable) will not be payable to Holders who tender the Notes pursuant to the Change of Control Offer.

Limitation on Incurrence of Additional Indebtedness and Disqualified Capital Stock

We will not and we will not permit any of our Subsidiaries to, directly or indirectly, issue, assume, guarantee, incur, become directly or indirectly liable with respect to, or otherwise become responsible for, contingently or otherwise (individually and collectively, to **incur** or, as appropriate, an **incurrence**), any Indebtedness (including Disqualified Capital Stock and Acquired Indebtedness).

Notwithstanding the foregoing if

(1) no Default or Event of Default shall have occurred and be continuing at the time of, or would occur after giving effect on a pro forma basis to, such incurrence of Indebtedness, and

(2) on the date of such incurrence (the **Incurrence Date**), our Consolidated Coverage Ratio for the Reference Period immediately preceding the Incurrence Date, after giving effect on a pro forma basis to such incurrence of such Indebtedness and, to the extent set forth in the definition of Consolidated Coverage Ratio, the use of proceeds thereof, would be at least 2.00 to 1.00 (the **Debt Incurrence Ratio**),

then we and our Subsidiaries may incur such Indebtedness (including Disqualified Capital Stock).

In addition, the foregoing limitations of the first paragraph of this covenant will not prohibit the following:

(1) our incurrence or the incurrence by any Subsidiary of Purchase Money Indebtedness; *provided* that

(a) the aggregate amount of such Indebtedness incurred and outstanding at any time pursuant to this paragraph (1) (plus any Refinancing Indebtedness issued to retire, defease, refinance, replace or refund such Indebtedness) shall not exceed \$25 million (or the equivalent thereof, at the time of incurrence, in the applicable foreign currency), and

Table of Contents

- (b) in each case, such Indebtedness shall not constitute more than 100% of our cost or the cost to such Subsidiary (determined in accordance with GAAP), as applicable, of the property so purchased, constructed, improved or leased;
- (2) our incurrence or the incurrence by any of our Guarantors of Indebtedness in an aggregate amount incurred and outstanding at any time pursuant to this paragraph (2) (plus any Refinancing Indebtedness incurred to retire, defease, refinance, replace or refund such Indebtedness) of up to \$100 million (or the equivalent thereof, at the time of incurrence, in the applicable foreign currencies);
- (3) our incurrence or the incurrence by any Guarantor of Indebtedness pursuant to the Credit Facilities in an aggregate amount incurred and outstanding at any time pursuant to this paragraph (3) (plus any Refinancing Indebtedness incurred to retire, defease, refinance, replace or refund such Indebtedness) of up to \$250 million;
- (4) the incurrence by our Subsidiaries that are not Guarantors of Indebtedness so long as, immediately after giving effect thereto, the aggregate principal amount of any such Indebtedness incurred and outstanding pursuant to this clause (4) (plus any Refinancing Indebtedness incurred to retire, defease, refinance, replace or refund such Indebtedness) does not exceed 10% of our consolidated total assets;
- (5) the incurrence by us of Indebtedness evidenced by the Notes issued on the Issue Date and the exchange notes issued pursuant to the Registration Rights Agreement;
- (6) the incurrence by us or our Subsidiaries or the Guarantors of Refinancing Indebtedness with respect to any Indebtedness (including Disqualified Capital Stock) described in clause (5) above or clause (12) below, or incurred pursuant to the Debt Incurrence Ratio or which was refinanced pursuant to this clause (6);
- (7) the incurrence by us or the Guarantors of Indebtedness solely in respect of bankers' acceptances, letters of credit and performance bonds (to the extent that such incurrence does not result in the incurrence of any obligation to repay any obligation relating to borrowed money of others), all in the ordinary course of business in accordance with customary industry practices, in amounts and for the purposes customary in our industry; *provided* that the aggregate principal amount outstanding of such Indebtedness incurred pursuant to this clause (7) (including any Refinancing Indebtedness and any other Indebtedness issued to retire, refinance, refund, defease or replace such Indebtedness) shall at no time exceed \$25 million;
- (8) the incurrence by us or our Subsidiaries of Indebtedness represented by performance bonds and letters of credit for the account of Bio-Rad or any such Subsidiary, as the case may be, in order to provide security for Value Added Tax (VAT) or customs obligations under bonds posted to a governmental authority, security for workers' compensation claims and payment obligations in connection with self-insurance, in each case, that are incurred in the ordinary course of business in accordance with customary industry practice in amounts, and for the purposes, customary in our industry;
- (9) the incurrence by us of Indebtedness owed to (and borrowed from) any of our Subsidiaries, and the incurrence by any of our Subsidiaries of Indebtedness owed to (and borrowed from) any other Subsidiary of ours or us; *provided* that in any case where we are the obligor, such obligations shall be unsecured and contractually subordinated in all respects to our obligations pursuant to the Notes, and any event that causes such Subsidiary no longer to be a Subsidiary (including by designation to be an Unrestricted Subsidiary) shall be deemed to be a new incurrence subject to this covenant;
- (10) the guarantee by any Subsidiary of any of our Indebtedness or the Indebtedness of another Subsidiary that was permitted to be incurred pursuant to the Indenture, substantially concurrently with such incurrence or at the time such Person becomes a Subsidiary; *provided* that a Guarantor cannot guarantee debt of a Subsidiary that is not a Guarantor;
- (11) the incurrence by us or our Subsidiaries of Interest Swap and Hedging Obligations that are incurred for the purpose of fixing or hedging interest rate or currency risk with respect to any fixed or floating rate Indebtedness that is permitted by the Indenture to be outstanding or any receivable or liability

the payment of which is determined by reference to a foreign currency; *provided* that the notional amount of any such Interest Swap and Hedging Obligation does not exceed the principal amount of Indebtedness to which such Interest Swap and Hedging Obligation relates;

(12) the incurrence by us or our Subsidiaries of Existing Indebtedness;

(13) the incurrence by us of Indebtedness arising from agreements of Bio-Rad or our Subsidiaries providing for indemnification, adjustment of purchase price or similar obligations, in each case, incurred or assumed in connection with the disposition of any business, assets or a Subsidiary otherwise permitted by the Indenture;

(14) the accrual of interest, accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, and the payment of dividends on Disqualified Capital Stock in the form of additional shares of the same class of Disqualified Capital Stock; *provided*, in each such case, that the amount thereof is included in Consolidated Fixed Charges of Bio-Rad as accrued; and

(15) the incurrence by us or our Subsidiaries of Indebtedness to the extent the proceeds thereof are used to purchase Notes and/or Existing Notes pursuant to a Change of Control Offer or an Alternate Offer.

Indebtedness (including Disqualified Capital Stock) of any Person which is outstanding at the time such Person becomes one of our Subsidiaries (including upon designation of any subsidiary or other Person as a Subsidiary) or is merged with or into or consolidated with us or one of our Subsidiaries shall be deemed to have been incurred at the time such Person becomes one of our Subsidiaries or is merged with or into or consolidated with us or one of our Subsidiaries, as applicable.

Notwithstanding any other provision of this covenant, but only to avoid duplication, a guarantee of our Indebtedness or of the Indebtedness of another Subsidiary of ours incurred in accordance with the terms of the Indenture issued at the time such Indebtedness was incurred or if later at the time the guarantor thereof became one of our Subsidiaries will not constitute a separate incurrence, or amount outstanding, of Indebtedness. Upon each incurrence we may designate pursuant to which provision of this covenant such Indebtedness is being incurred and, at the time of each subsequent incurrence in accordance with this covenant, may reclassify such item of Indebtedness (or any part thereof) in any manner that complies with this covenant.

Limitation on Restricted Payments

We will not and we will not permit any of our Subsidiaries to, directly or indirectly, make any Restricted Payment if after giving effect to such Restricted Payment on a pro forma basis

(1) a Default or an Event of Default shall have occurred and be continuing,

(2) we are not permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Debt Incurrence Ratio or

(3) the aggregate amount of all Restricted Payments made by us and our Subsidiaries, including after giving effect to such proposed Restricted Payment, on and after January 1, 2003, would exceed, without duplication, the sum of

(a) 50% of our aggregate Consolidated Net Income for the period (taken as one accounting period) commencing on January 1, 2003, to and including the last day of the fiscal quarter ended immediately prior to the date of each such calculation for which our consolidated financial statements are available (or, in the event our Consolidated Net Income for such period is a deficit, then minus 100% of such deficit), plus

(b) the aggregate Net Cash Proceeds received by us after January 1, 2003, from a Capital Contribution or from the sale of our Qualified Capital Stock (other than (I) to one of our Subsidiaries or (II) to the extent applied in connection with a Qualified Exchange after January 1, 2003), plus

Table of Contents

(c) except in each case, in order to avoid duplication, to the extent any such payment or proceeds have been included in the calculation of Consolidated Net Income, an amount equal to the net reduction in Investments (other than returns of or from Permitted Investments) in any Person resulting from distributions on or repayments of any Investments, including payments of interest on Indebtedness, dividends, repayments of loans or advances, or other distributions or other transfers of assets, in each case to us or any Subsidiary or from the Net Cash Proceeds from the sale of any such Investment (valued in each case as provided in the definition of Investments), not to exceed, in each case, the amount of Investments made after January 1, 2003 by us or any Subsidiary in such Person (which Investments constituted (or would have constituted) Restricted Payments), plus

(d) 50% of any cash dividends received by us or any of our Subsidiaries after January 1, 2003 from an Unrestricted Subsidiary of ours, to the extent that such dividends were not otherwise included in our Consolidated Net Income for such period, plus

(e) to the extent that any Unrestricted Subsidiary of ours is redesignated as a Subsidiary of ours after January 1, 2003, the lesser of (i) the fair market value of the Investment by us in such Unrestricted Subsidiary as of the date on which such Subsidiary was originally designated as an Unrestricted Subsidiary (the **Designation Date**) plus the fair market value of any additional Investments in such Unrestricted Subsidiary made by us after the Designation Date, if any, and (ii) the fair market value of such Investments as measured on the date of such redesignation as a Subsidiary, in each case to the extent such amount was not otherwise included in our Consolidated Net Income.

The foregoing clauses (2) and (3) of the immediately preceding paragraph, however, will not prohibit the following:

(1) any dividend, distribution or other payments by any of our Subsidiaries on its Equity Interests that is paid pro rata to all holders of such Equity Interests;

(2) a Qualified Exchange;

(3) the payment of any dividend on Qualified Capital Stock within 60 days after the date of its declaration if such dividend could have been made on the date of such declaration in compliance with the foregoing provisions;

(4) repurchases of our Capital Stock deemed to occur on the exercise of stock options;

(5) payments in lieu of fractional shares not to exceed \$2 million in the aggregate;

(6) repurchases of our Capital Stock in accordance with a repurchase program that is approved and adopted by our Board of Directors and whose primary purpose is to provide Capital Stock to satisfy our obligations under stock option plans and employee stock purchase plans not to exceed \$3 million per annum;

(7) that portion of Investments the payment for which consists exclusively of our Qualified Capital Stock; or

(8) other Restricted Payments not to exceed \$30 million in the aggregate.

The full amount of any Restricted Payment made pursuant to the foregoing clauses (1), (3), (5), (6) and (8) (but not pursuant to clause (2), (4) and (7)) of the immediately preceding sentence, however, will be counted as Restricted Payments made for purposes of the calculation of the aggregate amount of Restricted Payments available to be made referred to in clause (3) of the first paragraph of this covenant.

For purposes of this covenant, the amount of any Restricted Payment made or returned, if other than in cash, shall be the fair market value thereof, as determined in the good faith reasonable judgment of our Board of Directors, unless stated otherwise, at the time made or returned, as applicable. Additionally, not later than the date of making each Restricted Payment, we shall deliver an Officers Certificate to the Trustee describing in

Table of Contents

reasonable detail the nature of such Restricted Payment, stating the amount of such Restricted Payment, stating in reasonable detail the provisions of the Indenture pursuant to which such Restricted Payment was made and certifying that such Restricted Payment was made in compliance with the terms of the Indenture.

Limitation on Dividends and Other Payment Restrictions Affecting Subsidiaries

We will not and we will not permit any of our Subsidiaries to, directly or indirectly, create, assume or suffer to exist any consensual restriction on the ability of any of our Subsidiaries to pay dividends or make other distributions to or on behalf of, or to pay any obligation to or on behalf of, or otherwise to transfer assets or property to or on behalf of, or make or pay loans or advances to or on behalf of, us or any of our Subsidiaries, except

- (1) restrictions imposed by the Notes or the Indenture or by our other Indebtedness ranking senior or *pari passu* with the Notes; *provided* that except as set forth in clause (5) below such restrictions are no more restrictive taken as a whole than those imposed by the Indenture and the Notes,
- (2) restrictions imposed by applicable law,
- (3) existing restrictions under Existing Indebtedness,
- (4) restrictions under any Acquired Indebtedness not incurred in violation of the Indenture or any agreement (including any Equity Interest) relating to any property, asset, or business acquired by us or any of our Subsidiaries, which restrictions in each case existed at the time of acquisition, were not put in place in connection with or in anticipation of such acquisition and are not applicable to any Person, other than the Person acquired, or to any property, asset or business, other than the property, assets and business so acquired,
- (5) any restriction imposed by Indebtedness incurred under the Credit Facilities; *provided* that such restriction or requirement is no more restrictive taken as a whole than that imposed by the Credit Agreement as of the Issue Date,
- (6) restrictions with respect solely to any of our Subsidiaries imposed pursuant to a binding agreement which has been entered into for the sale or disposition of all or substantially all of the Equity Interests or assets of such Subsidiary; *provided* that such restrictions apply solely to the Equity Interests or assets of such Subsidiary which are being sold,
- (7) restrictions on transfer contained in Purchase Money Indebtedness; *provided* that such restrictions relate only to the transfer of the property acquired with the proceeds of such Purchase Money Indebtedness,
- (8) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business,
- (9) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business, and
- (10) in connection with and pursuant to refinancings or replacements of restrictions imposed pursuant to clauses (1), (3), (4), (5) or (7) or this clause (10) of this paragraph that are not more restrictive than those contained in the Indebtedness being refinanced or replaced or contained in the Indebtedness referred to in clauses (1), (3), (4) or (7) of this paragraph (taken as a whole and as in effect on the date of such refinancing or replacement, as the case may be) and do not apply to any other Person or assets than those that would have been covered by the restrictions in the Indebtedness so refinanced.

Notwithstanding the foregoing, (a) customary provisions restricting subletting or assignment of any lease entered into in the ordinary course of business, consistent with industry practice and (b) any asset subject to a Lien which is not prohibited to exist with respect to such asset pursuant to the terms of the Indenture may be subject to customary restrictions on the transfer or disposition thereof pursuant to such Lien.

Limitations on Layering Indebtedness

We will not and we will not permit any of the Guarantors to, directly or indirectly, incur or suffer to exist any Indebtedness that is contractually subordinate in right of payment to any other Indebtedness of ours or of such Guarantor, as the case may be, unless, by its terms, such Indebtedness is contractually subordinate in right of payment to, or ranks *pari passu* with, the Notes (in the case of our Indebtedness) or the Guarantee of the Notes (in the case of Indebtedness of a Guarantor).

Limitation on Liens

We will not, and we will not permit any of our Subsidiaries to, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness, other than Permitted Liens, upon any of our or their respective assets now owned or acquired on or after the date of the Indenture or upon any income or profits therefrom unless we provide, and cause our Subsidiaries to provide, concurrently therewith, that the Notes are equally and ratably so secured; *provided* that if such Indebtedness is Subordinated Indebtedness or is by its terms expressly subordinated to the Guarantee of such Subsidiary (in the case where such Subsidiary is a Guarantor), the Lien securing such Indebtedness shall be subordinate and junior to the Lien securing the Notes or such Guarantee, as the case may be, with the same relative priority as such Subordinated Indebtedness shall have with respect to the Notes or such Guarantee, as the case may be.

Limitation on Sale of Assets and Subsidiary Stock

We will not, and we will not permit any of our Subsidiaries to, in one or a series of related transactions, convey, sell, transfer, assign or otherwise dispose of, directly or indirectly, any of our or their property, business or assets, including by merger or consolidation (in the case of one of our Subsidiaries), and including any sale or other transfer or issuance of any Equity Interests of any of our Subsidiaries, whether by us or one of our Subsidiaries or through the issuance, sale or transfer of Equity Interests by one of our Subsidiaries and including any sale and leaseback transaction (any of the foregoing, an **Asset Sale**) unless

(1)(a) an amount equal to the Net Cash Proceeds therefrom (the **Asset Sale Offer Amount**) is applied within 365 days after the date of such Asset Sale to the repurchase of the Notes and such other Indebtedness on a parity with the Notes and with similar provisions requiring us to make an offer to purchase such Indebtedness with the proceeds from such Asset Sale (including the Existing Notes) pursuant to a cash offer (subject only to conditions required by applicable law, if any) (*pro rata* in proportion to the respective principal amounts (or accreted values in the case of Indebtedness issued with an original issue discount) of the Notes and such other Indebtedness then outstanding) (the **Asset Sale Offer**) at a purchase price of 100% of the principal amount (or accreted value in the case of Indebtedness issued with an original issue discount) (the **Asset Sale Offer Price**) together with accrued and unpaid interest and Liquidated Damages, if any, to the date of payment, or

(b) within 365 days following such Asset Sale, the Asset Sale Offer Amount is

(I) invested in property or assets (other than notes, bonds, obligations and securities) which will immediately constitute or be a part of a Related Business of the Company or such Subsidiary (if it continues to be a Subsidiary) immediately following such transaction, or

(II) used to retire Indebtedness secured by the asset which was the subject of the Asset Sale, Indebtedness outstanding under the Credit Facilities or a Foreign Subsidiary Credit Agreement, or other Senior Debt, and to permanently reduce the amount of such Indebtedness under Credit Facilities or a Foreign Subsidiary Credit Agreement, to the extent such permanent reduction is required by such Credit Facility or Foreign Subsidiary Credit Agreement (and, in the case of a revolver or similar arrangement that makes credit available on a committed basis, to permanently reduce the applicable commitment(s) by such amount, to the extent such reduction is required by such agreement, whichever is less), except that, in the case of each of the provisions of clauses (I) and (II), only proceeds from an Asset Sale of assets or capital stock of a Foreign Subsidiary may be invested in or used to retire Indebtedness of a Foreign Subsidiary,

Table of Contents

- (2) at least 75% of the total consideration for such Asset Sale or series of related Asset Sales consists of cash or Cash Equivalents,
- (3) no Default or Event of Default shall have occurred and be continuing at the time of, or would occur after giving effect, on a pro forma basis, to such Asset Sale, and
- (4) our Board of Directors determines in good faith that we or such Subsidiary received, as applicable, fair market value for such Asset Sale.

An acquisition of Notes pursuant to an Asset Sale Offer may be deferred until the accumulated Net Cash Proceeds from Asset Sales not applied as set forth in 1(a) or (b) above (the **Excess Proceeds**) exceed \$20 million, and each Asset Sale Offer shall remain open for 20 Business Days following its commencement (the **Asset Sale Offer Period**).

Upon expiration of the Asset Sale Offer Period, we shall apply the Asset Sale Offer Amount plus an amount equal to accrued and unpaid interest and Liquidated Damages, if any, to the purchase of all Indebtedness properly tendered in accordance with the provisions hereof (on a *pro rata* basis if the Asset Sale Offer Amount is insufficient to purchase all Indebtedness so tendered) at the Asset Sale Offer Price (together with accrued interest and Liquidated Damages, if any). To the extent that the aggregate amount of Notes and such other pari passu Indebtedness tendered pursuant to an Asset Sale Offer is less than the Asset Sale Offer Amount, we may use any remaining Net Cash Proceeds for general corporate purposes as otherwise permitted by the Indenture and following the consummation of each Asset Sale Offer the Excess Proceeds amount shall be reset to zero. For purposes of (2) above, total consideration received means the total consideration received for such Asset Sales minus the amount of (a) Indebtedness secured solely by the assets sold and assumed by a transferee; *provided* that we are and our Subsidiaries are fully released from obligations in connection therewith, and (b) property that within 30 days of such Asset Sale is converted into cash or Cash Equivalents; *provided* that such cash and Cash Equivalents shall be treated as Net Cash Proceeds attributable to the original Asset Sale for which such property was received.

Notwithstanding, and without complying with, the provisions of this covenant

- (1) we may and our Subsidiaries may, in the ordinary course of business, (a) convey, sell, transfer, assign or otherwise dispose of inventory and other assets acquired and held for resale in the ordinary course of business, (b) liquidate Cash Equivalents and (c) liquidate securities that consist of shares of capital stock that are traded on a nationally recognized stock exchange,
- (2) we may and our Subsidiaries may convey, sell, transfer, assign or otherwise dispose of assets pursuant to and in accordance with the covenant **Limitation on Merger, Sale or Consolidation**,
- (3) we may and our Subsidiaries may sell or dispose of damaged, worn out or other obsolete property in the ordinary course of business so long as such property is no longer necessary for the proper conduct of our business or the business of such Subsidiary, and we may convey, sell, transfer, assign or otherwise dispose of assets to any Subsidiary provided such transaction is otherwise in compliance with the covenant described below under the heading **Transactions with Affiliates**, except that we are not required to comply with the provisions of clause (3) of such covenant,
- (4) our Subsidiaries may convey, sell, transfer, assign or otherwise dispose of assets to us or any other Subsidiary,
- (5) we may and our Subsidiaries may, in the ordinary course of business, convey, sell, transfer, assign, or otherwise dispose of assets (or related assets in related transactions) with a fair market value of less than \$10 million,
- (6) we may and our Subsidiaries may exchange assets held by us or such Subsidiaries for assets held by or Equity Interests of any Person or entity; *provided* that (a) the assets received by us or such Subsidiaries in any such exchange will immediately constitute, be a part of, or be used in, and, in the case of Equity

Interests of another Person, such Person is engaged solely in, a Related Business of the Company or such Subsidiaries, (b) our Board of Directors has in good faith and acting reasonably determined that the terms of any such exchange are fair and reasonable, and (c) any such exchange shall be deemed to be an Asset Sale and we shall be required to comply with the provisions of this covenant to the extent that we or any of our Subsidiaries receives cash or Cash Equivalents in such exchange,

(7) our Subsidiaries may issue their Equity Interests to us or to another Subsidiary,

(8) Permitted Liens may be granted, and

(9) we may and our Subsidiaries may make or liquidate any Restricted Payment or Permitted Investment that is permitted by the covenant described under the caption Limitation on Restricted Payments.

All Net Cash Proceeds from an Event of Loss in excess of \$20 million (other than the proceeds of any business interruption insurance) shall be reinvested or used as otherwise provided above in clauses 1(a) or (b) of the first paragraph of this covenant.

Any Asset Sale Offer shall be made in compliance with all applicable laws, rules, and regulations, including, if applicable, Regulation 14E of the Exchange Act and the rules and regulations thereunder and all other applicable Federal and state securities laws. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this covenant, our compliance or the compliance of any of our subsidiaries with such laws and regulations shall not in and of itself cause a breach of our obligations under such covenant.

If the payment date in connection with an Asset Sale Offer hereunder is on or after an interest payment Record Date and on or before the associated Interest Payment Date, any accrued and unpaid interest (and Liquidated Damages, if any) due on such Interest Payment Date will be paid to the Person in whose name a Note is registered at the close of business on such Record Date, and such interest (or Liquidated Damages, if applicable) will not be payable to Holders who tender Notes pursuant to such Asset Sale Offer.

Limitation on Transactions with Affiliates

We will not, and we will not permit any of our Subsidiaries on or after the Issue Date to, enter into or suffer to exist any contract, agreement, arrangement or transaction with any Affiliate (an **Affiliate Transaction**), or any series of related Affiliate Transactions (other than Exempted Affiliate Transactions) unless

(1) it is determined by our senior management or Board of Directors that the terms of such Affiliate Transaction are fair and reasonable to us, and no less favorable to us than could have been obtained in an arm's length transaction with a non-Affiliate,

(2) if involving consideration to either party in excess of \$10 million, such Affiliate Transaction(s) is evidenced by an Officers' Certificate addressed and delivered to the Trustee certifying that such Affiliate Transaction (or Transactions) has been approved by a majority of the members of our Board of Directors that are disinterested in such transaction, and

(3) if involving consideration to either party in excess of \$15 million, we obtain a written favorable opinion as to the fairness of such transaction to us from a financial point of view from an independent investment banking firm of national reputation in the United States or, if pertaining to a matter for which such investment banking firms do not customarily render such opinions, an appraisal or valuation firm of national reputation in the United States.

Table of Contents

Limitation on Merger, Sale or Consolidation

We will not consolidate with or merge with or into another Person or, directly or indirectly, sell, lease, convey or transfer all or substantially all of our assets (computed on a consolidated basis), whether in a single transaction or a series of related transactions, to another Person or group of affiliated Persons unless

(1) either (a) we are the continuing entity or (b) the resulting, surviving or transferee entity (the **Surviving Person**) is a corporation organized under the laws of the United States, any state thereof or the District of Columbia and expressly assumes all of our obligations in connection with the Notes, the Indenture and the Registration Rights Agreement,

(2) no Default or Event of Default shall exist or shall occur immediately after giving effect on a pro forma basis to such transaction,

(3) unless such transaction is solely the merger of us with or into any person solely for the purpose of effecting a change in our state of incorporation or us and one of our Subsidiaries and which transaction is not for the purpose of evading this provision, immediately after giving effect to such transaction on a pro forma basis, the Surviving Person would immediately thereafter be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Debt Incurrence Ratio set forth in the covenant described above under the heading **Limitation on Incurrence of Additional Indebtedness and Disqualified Capital Stock**, and

(4) each Guarantor, if any, unless such Guarantor is the Person with which we have entered into a transaction under this covenant, shall have by amendment to its Guarantee confirmed that its Guarantee shall apply to our obligations or the obligations of the surviving entity, as applicable, in accordance with the Notes and the Indenture;

provided that clauses (2) and (3) above shall not apply to any consolidation or merger or the sale, lease, conveyance or transfer or other disposition of all or substantially all of our assets between us and a Subsidiary.

Upon any consolidation or merger or any transfer of all or substantially all of our assets in accordance with the foregoing, the successor corporation formed by such consolidation or into which we are merged or to which such transfer is made shall succeed to and (except in the case of a lease) be substituted for, and may exercise every right and power of, Bio-Rad under the Indenture with the same effect as if such successor corporation had been named therein as Bio-Rad, and (except in the case of a lease) we shall be released from the obligations under the Notes and the Indenture except with respect to any obligations that arise from, or are related to, such transaction.

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise) of all or substantially all of the properties and assets of one or more Subsidiaries, our interest in which constitutes all or substantially all of our properties and assets, shall be deemed to be the transfer of all or substantially all of our properties and assets.

Future Guarantors

We will not permit any Subsidiary that is not a Guarantor to (a) become a Material Domestic Subsidiary or (b) guarantee any of our Indebtedness or any Indebtedness of any Domestic Subsidiary, unless the Subsidiary that becomes a Material Domestic Subsidiary or the Subsidiary that guaranteed such Indebtedness, as the case may be, simultaneously executes a supplemental indenture to the Indenture providing for the Guarantee of the payment of the Notes by such Subsidiary or Subsidiaries, which Guarantee(s) shall be irrevocable and unconditional in respect of all principal, premium, if any, and interest on the Notes on a senior subordinated basis.

The Guarantee of the Notes of each Guarantor will be subordinated to the prior payment in full of all its Guarantor Senior Debt to the same extent that the Notes are subordinated to our Senior Debt. The obligations of each Guarantor under its Guarantee of the Notes will be limited as necessary to prevent such Guarantee from constituting a fraudulent conveyance under applicable law.

Table of Contents

Release of Guarantors

No Guarantor will consolidate or merge with or into (whether or not such Guarantor is the surviving Person) another Person unless, subject to the provisions of the following paragraph and certain other provisions of the Indenture,

(1) the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) assumes all the obligations of such Guarantor pursuant to a supplemental indenture in form reasonably satisfactory to the Trustee, pursuant to which such Person shall unconditionally guarantee, on a senior subordinated basis, all of such Guarantor's obligations under such Guarantor's Guarantee on the terms set forth in the Indenture, and

(2) immediately before and immediately after giving effect to such transaction on a pro forma basis, no Default or Event of Default shall have occurred or be continuing.

The provisions of the covenant shall not apply to the merger of any Guarantors with and into each other or with or into us and such merged Guarantor and its Guarantee shall be automatically released upon such merger.

Upon the sale or disposition (whether by merger, stock purchase, Asset Sale or otherwise) of a Guarantor or all or substantially all of its assets to an entity which is not a Subsidiary, or the designation of a Subsidiary to become an Unrestricted Subsidiary, which transaction is otherwise in compliance with the Indenture (including, without limitation, the provisions of the covenant described above under the heading "Limitation on Sale of Assets and Subsidiary Stock"), such Guarantor will be deemed released from its obligations under its Guarantee of the Notes; *provided, however*, that any such termination shall occur only to the extent that all obligations of such Guarantor under all of its guarantees of any of our Indebtedness or any Indebtedness of any other of our Subsidiaries shall also terminate upon such release, sale or transfer and none of its Equity Interests are pledged for the benefit of any holder of any of our Indebtedness or any Indebtedness of any of our Subsidiaries.

Reports

Whether or not we are subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, we will deliver to the Trustee and to each Holder and to prospective purchasers of Notes identified to us by the initial purchaser, at the time we are or would have been (if we were subject to such reporting obligations) required to file such with the Securities and Exchange Commission (the **SEC** or the **Commission**), such annual reports and such information, documents and other reports as are specified in Sections 13 and 15(d) of the Exchange Act, if we were subject to the requirements of Section 13 or 15(d) of the Exchange Act, including, with respect to annual information only, a report thereon by our certified independent public accountants as such would be required in such reports to the Commission, and, in each case, together with a management's discussion and analysis of financial condition and results of operations which would be so required and, unless the Commission will not accept such reports, file with the Commission the annual, quarterly and other reports which it is or would have been required to file with the Commission.

Events of Default and Remedies

The Indenture defines an **Event of Default** as

(1) our failure to pay any installment of interest (or Liquidated Damages, if any) on the Notes as and when the same becomes due and payable and the continuance of any such failure for 30 days, whether or not such payment is prohibited by the subordination provisions of the Indenture,

(2) our failure to pay all or any part of the principal or premium, if any, on the Notes when and as the same becomes due and payable at maturity, redemption, by acceleration or otherwise, whether or not such payment is prohibited by the subordination provisions of the Indenture, including, without limitation, payment of the Change of Control Purchase Price or the Asset Sale Offer Price, on Notes validly tendered and not properly withdrawn pursuant to a Change of Control Offer or Asset Sale Offer, as applicable,

Table of Contents

(3) our failure or the failure by any of our Subsidiaries to observe or perform any other covenant or agreement contained in the Notes or the Indenture and, except for the covenants described above under the headings Repurchase of Notes at the Option of the Holder Upon a Change of Control, Limitation on Sale of Assets and Subsidiary Stock and Limitation on Merger, Sale or Consolidation, the continuance of such failure for a period of 45 days after written notice is given to us by the Trustee or to us and the Trustee by the Holders of at least 25% in aggregate principal amount of the Notes outstanding,

(4) certain events of bankruptcy, insolvency or reorganization in respect of us or any of our Significant Subsidiaries,

(5) a default in our Indebtedness or the Indebtedness of any of our Subsidiaries with an aggregate amount outstanding in excess of \$50 million (a) resulting from the failure to pay principal at maturity or (b) as a result of which the maturity of such Indebtedness has been accelerated prior to its stated maturity,

(6) final unsatisfied judgments not covered by insurance aggregating in excess of \$10 million, at any one time rendered against us or any of our Subsidiaries and not stayed, bonded or discharged within 60 days, and

(7) any Guarantee of a Guarantor that is a Significant Subsidiary ceases to be in full force and effect or becomes unenforceable or invalid or is declared null and void (other than in accordance with the terms of the Guarantee) or any Guarantor that is a Significant Subsidiary denies or disaffirms its Obligations under its Guarantee.

If a Default occurs and is continuing, the Trustee must, within 90 days after the occurrence of such Default, give to the Holders notice of such Default; *provided* that except in the case of a Default in payment of principal of or interest on any Note, the Trustee may withhold the notice if and so long as the Trustee in good faith determines that withholding the notice is in the interest of the Holders.

If an Event of Default occurs and is continuing (other than an Event of Default specified in clause (4) above relating to us), then in every such case, unless the principal of all of the Notes shall have already become due and payable, either the Trustee or the Holders of at least 25% in aggregate principal amount of the Notes then outstanding, by notice in writing to us (and to the Trustee if given by Holders) (an **Acceleration Notice**), may declare all principal, determined as set forth below, and accrued interest (and Liquidated Damages, if any) thereon to be due and payable immediately; *provided* that if any Designated Senior Debt is outstanding upon a declaration of such acceleration, such principal and interest shall be due and payable upon the earlier of (x) the fifth Business Day after sending to us and to the representative under the Credit Agreement such written notice and (y) the date of acceleration of Designated Senior Debt. If an Event of Default specified in clause (4) above relating to us occurs, all principal and accrued interest (and Liquidated Damages, if any) thereon will be immediately due and payable on all outstanding Notes without any declaration or other act on the part of the Trustee or the Holders. The Holders of a majority in aggregate principal amount of Notes generally are authorized to rescind such acceleration if all existing Events of Default, other than the non-payment of the principal of, premium, if any, and interest on the Notes which have become due solely by such acceleration and except a Default with respect to any provision requiring a supermajority approval to amend, which Default may only be waived by such a supermajority, have been cured or waived.

Prior to the declaration of acceleration of the maturity of the Notes, the Holders of a majority in aggregate principal amount of the Notes at the time outstanding may waive on behalf of all the Holders any Default, except a Default with respect to any provision requiring a supermajority approval to amend, which Default may only be waived by such a supermajority, and except a Default in the payment of principal of or interest on any Note not yet cured or a Default with respect to any covenant or provision which cannot be modified or amended without the consent of the Holder of each outstanding Note affected. Subject to the provisions of the Indenture relating to the duties of the Trustee, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request, order or direction of any of the Holders, unless such Holders have offered to the Trustee reasonable security or indemnity.

Table of Contents

Subject to all provisions of the Indenture and applicable law, the Holders of a majority in aggregate principal amount of the Notes at the time outstanding will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee.

Legal Defeasance and Covenant Defeasance

We may, at our option, elect to have our obligations and the obligations of the Guarantors discharged with respect to the outstanding Notes (**Legal Defeasance**). Such Legal Defeasance means that we shall be deemed to have paid and discharged the entire indebtedness represented by the Notes, and the Indenture shall cease to be of further effect as to all outstanding Notes and Guarantees, except as to

- (1) rights of Holders to receive payments in respect of the principal of, premium, if any, and interest (and Liquidated Damages, if any) on such Notes when such payments are due from the trust funds,
- (2) our obligations with respect to such Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes, and the maintenance of an office or agency for payment and money for security payments held in trust,
- (3) the rights, powers, trust, duties, and immunities of the Trustee, and our obligations in connection therewith, and
- (4) the Legal Defeasance provisions of the Indenture.

In addition, we may, at our option and at any time, elect to have our obligations and the obligations of the Guarantors released with respect to most of the covenants under the Indenture, except as described otherwise in the Indenture (**Covenant Defeasance**), and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, non-payment of guarantees, and, solely for a period of 91 days following the deposit referred to in clause (1) of the next paragraph, bankruptcy, receivership, rehabilitation and insolvency events) described above under the heading **Events of Default** will no longer constitute an Event of Default with respect to the Notes. We may exercise our Legal Defeasance option regardless of whether we previously exercised Covenant Defeasance.

In order to exercise either Legal Defeasance or Covenant Defeasance

- (1) we must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, U.S. legal tender, U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on such Notes on the stated date for payment thereof or on the redemption date of such principal or installment of principal of, premium, if any, or interest on such Notes, and the Holders must have a valid, perfected, exclusive security interest in such trust,
- (2) in the case of Legal Defeasance, we shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that:
 - (a) we have received from, or there has been published by the Internal Revenue Service, a ruling, or
 - (b) since the date of the Indenture, there has been a change in the applicable federal income tax law,

in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the Holders of such Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred,

Table of Contents

(3) in the case of Covenant Defeasance, we shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to such Trustee confirming that the Holders of such Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred,

(4) no Default or Event of Default shall have occurred and be continuing on the date of such deposit,

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Indenture or any other material agreement or instrument to which we or any of our Subsidiaries are a party or by which we or any of our Subsidiaries are bound,

(6) we shall have delivered to the Trustee an Officers Certificate stating that the deposit was not made by us with the intent of preferring the Holders of such Notes over any other of our creditors or with the intent of defeating, hindering, delaying or defrauding any other of our creditors or others, and

(7) we shall have delivered to the Trustee an Officers Certificate and an opinion of counsel, each stating that the conditions precedent provided for in, in the case of the Officers Certificate, (1) through (6) and, in the case of the opinion of counsel, clauses (1) (with respect to the validity and perfection of the security interest), (2), (3) and (5) of this paragraph have been complied with.

If the funds deposited with the Trustee to effect Covenant Defeasance are insufficient to pay the principal of, premium, if any, and interest on the Notes when due, then our obligations and the obligations of Guarantors under the Indenture will be revived and no such defeasance will be deemed to have occurred.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of Notes) as to all outstanding Notes when

(1) either (a) all such Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by us and thereafter repaid to us or discharged from such trust) have been delivered to the Trustee for cancellation, or (b) all Notes not theretofore delivered to the Trustee for cancellation otherwise have become due and payable or, within one year will become due and payable or subject to redemption as set forth above under the heading Optional Redemption, and we have irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust for such purpose an amount of money sufficient to pay and discharge the entire Indebtedness (including all principal, premium, if any, and accrued interest and Liquidated Damages, if any) on the Notes not theretofore delivered to the Trustee for cancellation,

(2) we have paid all sums payable by us under the Indenture,

(3) we have delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or on the Redemption Date, as the case may be, and

(4) the Holders have a valid, perfected, exclusive security interest in such trust.

In addition, we must deliver an Officers Certificate and an opinion of counsel stating that all conditions precedent to satisfaction and discharge have been complied with.

Form, Denomination, Transfer, Exchange and Book-Entry Procedures

We will issue exchange notes only in fully registered form, without interest coupons, in denominations of \$1,000 and integral multiples of \$1,000. We will not issue Notes in bearer form. We initially issued the private notes, and will initially issue the exchange notes, in the form of one or more global notes (**Global Notes**). We will deposit the Global Notes upon issuance with the Trustee as custodian for The Depository Trust Company (**DTC**), in New York, New York, and register the Global Notes in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Exchanges of Book-Entry Notes for Certificated Notes

You may not exchange your beneficial interest in a Global Note for a Note in certificated form unless:

- (1) DTC (a) notifies us that it is unwilling or unable to continue as depository for the Global Note or (b) has ceased to be a clearing agency registered under the Securities Exchange Act of 1934, as amended (the **Exchange Act**), and in either case we thereupon fail to appoint a successor depository; or
- (2) We, at our option, notify the Trustee in writing that we are electing to issue the Notes in certificated form; or
- (3) an Event of Default shall have occurred and be continuing with respect to the notes.

In all cases, certificated Notes delivered in exchange for any Global Note or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures). Any certificated Notes issued in exchange for an interest in a Global Note will bear the legend restricting transfers that is borne by such Global Note. Any such exchange will be effected through the DTC Deposit/Withdraw at Custodian system and an appropriate adjustment will be made in the records of the Security Registrar to reflect a decrease in the principal amount of the relevant Global Note.

Certain Book-Entry Procedures

The description of the operations and procedures of DTC, Euroclear Bank S.A./N.V. (as operator of the Euroclear system, **Euroclear**) and Clearstream Banking Luxembourg (**Clearstream**), that follows is provided solely as a matter of convenience. These operations and procedures are solely within their control and are subject to changes by them from time to time. We take no responsibility for these operations and procedures and urge you to contact the system or their participants directly to discuss these matters.

DTC has advised us as follows: DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants (**participants**) and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical transfer and delivery of certificates. Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Indirect access to the DTC system is available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (**indirect participants**).

DTC has advised us that its current practice, upon the issuance of the Global Notes, is to credit, on its internal system, the respective principal amount of the individual beneficial interests represented by such Global Notes to the accounts with DTC of the participants through which such interests are to be held. Ownership of beneficial interests in the Global Notes will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominees (with respect to interests of participants).

As long as DTC, or its nominee, is the registered Holder of a Global Note, DTC or such nominee, as the case may be, will be considered the sole owner and Holder of the Notes represented by such Global Note for all purposes under the indenture governing the Notes and the Notes. Except in the limited circumstances described above under Exchanges of Book-Entry Notes for Certificated Notes, you will not be entitled to have any portions of a Global Note registered in your names, will not receive or be entitled to receive physical delivery of Notes in definitive form and will not be considered the owner or Holder of a Global Note (or any Note represented thereby) under the indenture governing the Notes or the Notes.

You may hold your interests in the Global Notes directly through DTC, if you are participants in such system, or indirectly through organizations (including Euroclear and Clearstream) which are participants in such system. Euroclear and Clearstream will hold interests in the Regulation S Global Note on behalf of their participants through customers securities accounts in their respective names on the books of their respective depositories. The depositories, in turn, will hold such interests in such Global Note in customers securities accounts in the depositories names on the books of DTC. All interests in a Global Note, including those held through Euroclear or Clearstream, will be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream will also be subject to the procedures and requirements of such system.

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, your ability to transfer your beneficial interests in a Global Note to such persons may be limited to that extent. Because DTC can act only on behalf of its participants, which in turn act on behalf of indirect participants and certain banks, your ability to pledge your interests in a Global Note to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

We will make payments of the principal of, premium, if any, and interest on Global Notes to DTC or its nominee as the registered owner thereof. Neither we nor the Trustee nor any of our or their respective agents will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Table of Contents

We expect that DTC or its nominee, upon receipt of any payment of principal or interest in respect of a Global Note representing any Notes held by it or its nominee, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Note for such Notes as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such Global Note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in street name. Such payment will be the responsibility of such participants.

Except for trades involving only Euroclear and Clearstream participants, interests in the Global Note will trade in DTC's settlement system, and secondary market trading activity in such interests will therefore settle in immediately available funds, subject in all cases to the rules and procedures of DTC and its participants. Transfers between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer and exchange provisions applicable to the Notes described elsewhere herein, cross-market transfers between DTC participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected by DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a DTC participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the DTC settlement date. Cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following the DTC settlement date.

DTC has advised us that DTC will take any action permitted to be taken by a Holder of Notes (including the presentation of Notes for exchange as described above) only at the direction of one or more participants to whose account with DTC interests in the Global Notes are credited and only in respect of such portion of the aggregate principal amount of the Notes as to which such participant or participants has or have given such direction. However, if there is an Event of Default under the Notes, the Global Notes will be exchanged for legended Notes in certificated form, and distributed to DTC's participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures in order to facilitate transfers of beneficial ownership interests in the Global Notes among participants of DTC, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of us, the Trustee or any of our or their respective agents will have any responsibility for the performance by DTC, Euroclear and Clearstream, their participants or indirect participants of their respective obligations under the rules and procedures governing their operations, including maintaining, supervising or reviewing the records relating to, or payments made on account of, beneficial ownership interests in Global Notes.

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of certain material U.S. federal income tax consequences relevant to the exchange of private notes for exchange notes in the exchange offer and the ownership and disposition of the notes, but does not purport to be a complete analysis of all potential tax effects. This summary is based upon the Internal Revenue Code of 1986, as amended (the Code), U.S. Treasury Regulations issued thereunder, Internal Revenue Service (IRS) rulings and pronouncements, and judicial decisions, all as of the date hereof. These authorities may be changed, possibly retroactively, so as to result in U.S. federal income tax consequences different from those set forth below. We have not sought any ruling from the IRS with respect to the statements made and the conclusions reached in the following summary, and there can be no assurance that the IRS will agree with such statements and conclusions.

This summary is limited to holders who exchange private notes for exchange notes in the exchange offer and who hold the notes as capital assets. This summary also does not address the effect of the U.S. federal estate or gift tax laws or the tax considerations arising under the laws of any foreign, state or local jurisdiction. In addition, this summary does not address all of the U.S. federal income tax consequences that may be relevant to a holder in light of such holder's particular circumstances or to holders subject to special rules, including, without limitation:

banks, insurance companies or certain other financial institutions;

holders subject to the alternative minimum tax;

tax-exempt organizations;

dealers in securities or commodities;

traders in securities;

expatriates and certain former citizens or long-term residents of the United States;

U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;

persons that are S-corporations, partnerships or other pass-through entities;

persons who hold the notes as part of a straddle, hedge, conversion transaction or other risk reduction transaction; or

persons deemed to sell the notes under the constructive sale provisions of the Code.

If a holder is an entity treated as a partnership or other pass-through entity for U.S. federal income tax purposes, the tax treatment of a partner in such partnership or member in such other entity will generally depend upon the status of the partner or member and the activities of the partnership or other entity. Partnerships or other pass-through entities that hold our notes, and partners in such partnerships or members in such other entities, should consult their tax advisors regarding the tax consequences of the exchange of private notes for exchange notes in the exchange offer.

THIS SUMMARY OF CERTAIN MATERIAL U.S. FEDERAL TAX CONSEQUENCES IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS WITH REGARD TO THE APPLICATION OF

Edgar Filing: PICCOLO C A - Form 4

THE TAX CONSEQUENCES DISCUSSED BELOW TO THEIR PARTICULAR SITUATIONS AS WELL AS THE APPLICATION OF ANY STATE, LOCAL, FOREIGN OR OTHER TAX LAWS, INCLUDING GIFT AND ESTATE TAX LAWS, AND ANY TAX TREATIES.

Exchange Pursuant to this Exchange Offer

The exchange of the private notes for the exchange notes will not constitute a taxable exchange for U.S. federal income tax purposes. As a result, (1) a holder will not recognize taxable gain or loss as a result of exchanging such holder's private notes; (2) the holding period of the exchange notes will include the holding period of the private notes exchanged therefor; and (3) the adjusted basis of the exchange notes received will be the same as the adjusted basis of the private notes exchanged therefor immediately before such exchange.

Consequences to U.S. Holders

The following is a summary of certain material U.S. federal income tax consequences that will apply to a U.S. Holder of the notes. Certain consequences to Non-U.S. Holders (as defined below) of the notes are described under "Consequences to Non-U.S. Holders" below. For purposes of this discussion, a "U.S. Holder" means a beneficial owner of notes that is, for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate, the income of which is subject to U.S. federal income tax regardless of its source; or

a trust, (i) if a U.S. court can exercise primary supervision over the administration of the trust and one or more U.S. persons (within the meaning of the Code) can control all substantial trust decisions, or, (ii) if the trust was in existence on August 20, 1996 and has validly elected to continue to be treated as a U.S. person (within the meaning of the Code).

Interest

Payments of stated interest on the notes generally will be taxable to a U.S. Holder as ordinary income at the time that such payments are received or accrued, in accordance with such U.S. Holder's method of accounting for U.S. federal income tax purposes. Alternatively, a U.S. Holder may elect to include all interest (including original issue discount ("OID") and market discount) in gross income on a constant yield basis. The mechanics and implications of such an election are complex, and, as a result, U.S. Holders should consult their tax advisors regarding the advisability of making such an election.

Original Issue Discount

The notes were issued with OID for U.S. federal income tax purposes, and accordingly, U.S. Holders are subject to special rules relating to the accrual of OID for U.S. federal income tax purposes.

If the issue price of a note is less than its stated redemption price at maturity, then the note will be treated as issued with OID for U.S. federal income tax purposes, unless the difference between the note's issue price and its stated redemption price at maturity is less than a statutory *de minimis* amount. Generally, the "issue price" of a note is the first price at which a substantial amount of the issue is sold to purchasers other than bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers. The "stated redemption price at maturity" of a note is the total of all payments to be made under the note other than qualified stated interest (generally, stated interest that is unconditionally payable in cash or property at least annually at a single fixed rate or at certain floating rates that properly take into account the length of the interval between stated interest payments). It is expected that the stated interest on the notes would qualify as qualified stated interest and the stated redemption price at maturity would equal the principal amount of the notes.

Because the notes were issued with OID which was not less than the *de minimis* amount, the notes are treated as having been issued with OID, and U.S. Holders are required to include the OID in ordinary income for

Table of Contents

U.S. federal income tax purposes as it accrues on a constant yield basis in advance of the receipt of cash payments to which such income is attributable. A U.S. Holder must include in income in each taxable year the sum of the daily portions of OID for each date on which it held the note during the taxable year, regardless of whether it is a cash or accrual method taxpayer. To determine the daily portions of OID, the amount of OID allocable to an accrual period is determined and a ratable portion of such OID is allocated to each date in the accrual period. The amount of OID allocable to an accrual period will equal the product of the note's adjusted issue price at the beginning of the accrual period and the note's yield to maturity (adjusted to reflect the length of the accrual period), less the amount of any qualified stated interest allocable to the period. A note's adjusted issue price at any time generally will be its original issue price, increased by the amount of OID on such note accrued for each prior accrual period and decreased by any payment on the note other than qualified stated interest. A note's yield to maturity is the discount rate that, when used in computing the present value of all principal and interest payments to be made on the note, produces an amount equal to the note's original issue price. An accrual period may be of any length and the length of the accrual periods may vary over the life of the note, but no accrual period may be longer than one year, and each scheduled payment of interest or principal on the note must occur on either the first day or last day of an accrual period.

Optional Redemption; Repurchase at Option of Holders

As described under the headings "Description of Notes - Redemption - Optional Redemption" and "Description of Notes - Certain Covenants - Repurchase of Notes at the Option of the Holder Upon a Change of Control," we may be obligated to pay amounts in excess of stated interest and the adjusted issue price of the notes. We intend to take the position that the notes should not be treated as contingent payment debt instruments because of the possibility of these additional payments. This position is based in part on assumptions regarding the likelihood, as of the date of issuance of the notes, that such additional amounts will be paid. Assuming such position is respected, any amounts paid to a U.S. Holder pursuant to any such redemption or repurchase would be taxable as described below in "Consequences to U.S. Holders - Sale or Other Taxable Disposition of the Notes."

In all such instances, our position is binding on a U.S. Holder of a note unless the holder discloses its contrary position in the manner required by applicable U.S. Treasury Regulations. The IRS, however, may take a position contrary to our position, which could affect the timing and character of a U.S. Holder's income and the timing of our deductions with respect to the notes. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Market Discount

If a U.S. Holder acquires a note and, immediately after such acquisition, such holder's adjusted basis in the note is less than the adjusted issue price of the note, the amount of such difference is treated as "market discount" for U.S. federal income tax purposes, subject to a *de minimis* limitation. Under the market discount rules of the Code, a U.S. Holder will be required to treat any partial payment of principal on a note, and any gain on the sale, exchange, retirement or other disposition of such note, as ordinary income to the extent of the accrued market discount that has not previously been included in income, subject to certain exceptions. If a U.S. Holder disposes of such note in certain otherwise nontaxable transactions, accrued market discount must be included as ordinary income by such holder as if such holder had sold the note at its then fair market value.

In general, the amount of market discount that has accrued is determined on a ratable basis. U.S. Holders may, however, elect to determine the amount of accrued market discount on a constant yield basis. This election is made on a note-by-note basis and is irrevocable.

With respect to notes with market discount, a U.S. Holder may not be allowed to deduct immediately a portion of the interest expense on any indebtedness incurred or continued in order to purchase or to carry the notes. A U.S. Holder may elect to include market discount in income currently as it accrues, in which case the

Table of Contents

interest deferral rule set forth in the preceding sentence will not apply. This election will apply to all market discount debt instruments acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies and is irrevocable without the consent of the IRS. The U.S. Holder's adjusted basis in a note will be increased by the amount of market discount included in such holder's income under the election.

Acquisition Premium

If a U.S. Holder acquires a note issued with OID at an acquisition premium, the amount of OID that such holder includes in gross income is reduced to reflect the acquisition premium. A note will be treated as acquired at an acquisition premium if its adjusted basis, immediately after its acquisition, is:

less than or equal to the sum of all amounts payable on the note after the acquisition date (other than payments of qualified stated interest); and

greater than the note's adjusted issue price.

If a note is acquired at an acquisition premium, the U.S. Holder will reduce the amount of OID that otherwise would be included in income during an accrual period by an amount equal to:

the amount of OID otherwise includible in income multiplied by

a fraction, the numerator of which is the excess of the adjusted basis of the note immediately after its acquisition by the acquirer over the adjusted issue price of the note, and the denominator of which is the excess of the sum of all amounts payable on the note after the acquisition date (other than payments of qualified stated interest) over the note's adjusted issue price.

As an alternative to reducing the amount of OID that otherwise would be included in income by this fraction, the U.S. Holder may elect to compute OID accruals by treating the acquisition as an acquisition at original issuance and applying the constant yield method described above.

Amortizable Bond Premium

If a U.S. Holder acquires a note and, immediately after such acquisition, such holder's adjusted basis in the note exceeds the sum of all amounts payable on the note after the acquisition date (other than payments of qualified stated interest), such holder will be considered to have acquired the note with bond premium equal to such excess amount. Generally, the U.S. Holder may elect to amortize the bond premium using a constant yield method similar to that described above, over the remaining term of the note (or, if it results in a smaller amount of amortizable bond premium, until an earlier call date). Under U.S. Treasury Regulations, the U.S. Holder may offset the qualified stated interest income allocable to an accrual period with the bond premium allocable to the accrual period. If the bond premium allocable to an accrual period exceeds the qualified stated interest income allocable to the accrual period, the excess is treated as a bond premium deduction. However, the amount treated as a bond premium deduction is limited to the amount by which such holder's total interest inclusions on the note in prior accrual periods exceed the total amount treated by such holder as a bond premium deduction in prior accrual periods. If any of the excess bond premium is not deductible, that amount is carried forward to the next accrual period and is treated as bond premium allocable to that period. If a U.S. Holder elects to amortize bond premium, such holder must reduce such holder's adjusted basis in the note by the amount of the bond premium used to offset qualified stated interest income or treated as a deduction as set forth above. An election to amortize bond premium applies to all taxable debt obligations held during the taxable year for which the election is made and thereafter acquired by the U.S. Holder and may be revoked only with the consent of the IRS.

Sale or Other Taxable Disposition of the Notes

Upon the sale, exchange, redemption, retirement or other taxable disposition of a note, a U.S. Holder will generally recognize capital gain or loss equal to the difference between (i) the sum of the cash and the fair market value of all other property received on such disposition (except to the extent such cash or property is attributable

Table of Contents

to accrued but unpaid stated interest not previously included in income, which generally will be taxable as ordinary income) and (ii) such holder's adjusted basis in the note. A U.S. Holder's adjusted basis in a note will generally equal the cost of the note, increased by any accrued OID or market discount included in gross income with respect to the note and decreased by any payment on the note other than qualified stated interest. Such capital gain or loss will be long-term capital gain or loss (except as described above under the heading "Market Discount") if, at the time of such disposition, such U.S. Holder has held the note for more than one year. Long-term capital gains recognized by certain non-corporate U.S. Holders, including individuals, will generally be subject to a reduced tax rate. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting

A U.S. Holder may be subject to information reporting and backup withholding when such holder receives interest (including OID) and principal payments on the notes or with respect to proceeds received from a disposition of the notes. Certain holders (including, among others, corporations and certain tax-exempt organizations) are generally not subject to information reporting or backup withholding. A U.S. Holder will be subject to backup withholding if such holder is not otherwise exempt and such holder:

fails to furnish its taxpayer identification number ("TIN") which, for an individual, is ordinarily his or her social security number;

furnishes an incorrect TIN;

is notified by the IRS that such holder is subject to backup withholding because it has failed to properly report payments of interest (including OID) or dividends; or

fails to certify, under penalties of perjury, that it has furnished a correct TIN and that the IRS has not notified such holder that it is subject to backup withholding.

U.S. Holders should consult their tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption, if applicable. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a U.S. Holder will be allowed as a credit against such holder's U.S. federal income tax liability or such holder may claim a refund, provided the required information is furnished in a timely manner to the IRS.

Consequences to Non-U.S. Holders

The following is a summary of certain material U.S. federal income tax consequences that will apply to a Non-U.S. Holder of the notes. For purposes of this discussion, a "Non-U.S. Holder" means a beneficial owner of notes that is not a U.S. Holder.

Interest

Interest (including OID) paid to a Non-U.S. Holder that is not effectively connected with a U.S. trade or business will not be subject to the U.S. federal withholding tax of 30% (or, if applicable, a lower treaty rate), provided that:

such holder does not directly or indirectly, actually or constructively, own 10% or more of the total combined voting power of all classes of our stock;

such holder is not a controlled foreign corporation (within the meaning of the Code) that is, directly or indirectly, related to us through stock ownership;

Edgar Filing: PICCOLO C A - Form 4

such holder is not a bank receiving interest pursuant to a loan agreement entered into in the ordinary course of its trade or business; and

(1) the Non-U.S. Holder certifies in a statement provided to us or our paying agent, under penalties of perjury, that it is not a U.S. person (within the meaning of the Code) and provides its name and address

Table of Contents

(generally by completing IRS Form W-8BEN), (2) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the notes on behalf of the Non-U.S. Holder certifies to us or our paying agent, under penalties of perjury, that it, or the financial institution between it and the Non-U.S. Holder, has received a statement from the Non-U.S. Holder, under penalties of perjury, that such holder is not a U.S. person (within the meaning of the Code) and provides us or our paying agent with a copy of such statement or (3) the Non-U.S. Holder holds its notes directly through a qualified intermediary and certain conditions are satisfied.

Even if the above conditions are not met, a Non-U.S. Holder may be entitled to an exemption from or reduction in withholding tax if the holder provides us with a properly executed IRS Form W-8BEN claiming such an exemption or reduction under the benefit of an applicable income tax treaty. A Non-U.S. Holder may also be entitled to an exemption from withholding tax if the holder provides us with a properly executed IRS Form W-8ECI stating that interest (including OID) paid on the note is not subject to withholding tax because it is effectively connected with such holder's conduct of a trade or business in the United States. Alternative documentation for certain Non-U.S. Holders may be applicable or required in certain circumstances.

The certification requirements described above may require a Non-U.S. Holder that provides an IRS form, or that claims the benefit of an income tax treaty, to also provide its U.S. TIN.

Optional Redemption; Repurchase at Option of Holders

As described under the heading "Description of Notes - Redemption - Optional Redemption" and "Description of Notes - Certain Covenants - Repurchase of Notes at the Option of the Holder Upon a Change of Control," we may be obligated to pay amounts in excess of stated interest and the adjusted issue price of the notes. We intend to treat any such amounts paid to a Non-U.S. Holder pursuant to any such redemption or repurchase as additional amounts paid for the notes, subject to the rules described below in "Consequences to Non-U.S. Holders - Sale or Other Taxable Disposition of the Notes."

Sale or Other Taxable Disposition of the Notes

Subject to the discussion below regarding backup withholding, a Non-U.S. Holder will generally not be subject to U.S. federal income tax or withholding tax on gain recognized on the sale, exchange, redemption, retirement or other taxable disposition of a note (except with respect to accrued and unpaid interest, including OID, which would be taxable as described above), unless (i) the gain is effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the gain is attributable to a permanent establishment (or, in the case of an individual, a fixed base) maintained in the United States by such Non-U.S. Holder) or (ii) in the case of a Non-U.S. Holder who is an individual, such Non-U.S. Holder is present in the United States for 183 days or more in the taxable year of disposition and certain other requirements are met.

A Non-U.S. Holder whose gain is described in clause (i) above will be subject to tax as described below in "U.S. Trade or Business." A Non-U.S. Holder described in clause (ii) above will be subject to a 30% U.S. federal income tax on the gain derived from the disposition, which gain may be offset by U.S. source capital losses, even though the holder is not considered a resident of the United States. Non-U.S. Holders should consult any applicable income tax treaties that may provide for different rules.

U.S. Trade or Business

If interest (including OID) or gain from a disposition of the notes is effectively connected with a Non-U.S. Holder's conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, the interest or gain is attributable to a permanent establishment (or, in the case of an individual, a fixed base) maintained in

Table of Contents

the United States by such Non-U.S. Holder), the Non-U.S. Holder may be subject to U.S. federal income tax on the interest or gain on a net basis in the same manner as if it were a U.S. Holder (although the 30% withholding tax on interest described above will not apply, provided the certification requirements described above are satisfied). A foreign corporation that is a holder of a note also may be subject to a branch profits tax equal to 30% of its effectively connected earnings and profits for the taxable year, subject to certain adjustments, unless it qualifies for a lower rate under an applicable income tax treaty. For this purpose, interest (including OID) on a note or gain recognized on the disposition of a note will be included in earnings and profits if the interest or gain is effectively connected with the conduct by the foreign corporation of a trade or business in the United States.

Backup Withholding and Information Reporting

A Non-U.S. Holder, in general, will not be subject to backup withholding and information reporting with respect to payments that we make to such holder, provided that (a) we do not have actual knowledge or reason to know that such holder is a U.S. person (within the meaning of the Code) and (b) such holder has given us the statement described above under *Consequences to Non-U.S. Holders Interest*. In addition, a Non-U.S. Holder will not be subject to backup withholding or information reporting with respect to the proceeds of the sale of a note within the United States or conducted through certain U.S.-related financial intermediaries, if the payor receives the statement described above and does not have actual knowledge or reason to know that such holder is a U.S. person (within the meaning of the Code), or such holder otherwise establishes an exemption. However, we may be required to report annually to the IRS and to such Non-U.S. Holder the amount of, and the tax withheld with respect to, any interest (including OID) paid to such holder, regardless of whether any tax was actually withheld. Copies of these information returns may also be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which such Non-U.S. Holder resides.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a Non-U.S. Holder will be allowed as a credit against the holder's U.S. federal income tax liability or such holder may claim a refund, provided the required information is furnished in a timely manner to the IRS. Non-U.S. Holders should consult their tax advisors regarding the application of backup withholding in their particular circumstance and the availability of, and procedure for obtaining, an exemption from backup withholding under current U.S. Treasury Regulations.

Proposed Legislation

Legislative proposals have been introduced that, if enacted in their current form, would substantially revise some of the rules discussed above, including with respect to certification requirements and information reporting. In the event of non-compliance with such revised certification requirements, withholding tax could be imposed on payments to U.S. Holders that own notes through foreign accounts or foreign intermediaries or payments to certain Non-U.S. Holders. It cannot be predicted whether, or in what form, these legislative proposals will be enacted. Holders and prospective investors should consult their tax advisors regarding these legislative proposals.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Broker-dealers may use this prospectus, as it may be amended or supplemented from time to time, in connection with the resale of exchange notes received in exchange for private notes where the broker-dealer acquired the private notes as a result of market-making activities or other trading activities. We have agreed that for a period of up to 90 days after the date that this registration statement is declared effective by the SEC, we will make this prospectus, as amended or supplemented, available to any broker-dealer that requests it in the letter of transmittal for use in connection with any such resale.

We will not receive any proceeds from any sale of exchange notes by broker-dealers or any other persons. Broker-dealers may sell exchange notes received by broker-dealers for their own account pursuant to the exchange offer from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to the prevailing market prices or negotiated prices. Broker-dealers may resell exchange notes directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer and/or the purchasers of the exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of the exchange notes may be deemed to be underwriters within the meaning of the Securities Act and any profit on any resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal for use in connection with any such resale will state that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incident to our performance of, or compliance with, the registration rights agreement and will indemnify the holders of the notes (including any broker-dealers) against liabilities under the Securities Act.

By its acceptance of the exchange offer, any broker-dealer that receives exchange notes pursuant to the exchange offer agrees to notify us before using the prospectus in connection with the sale or transfer of exchange notes. The broker-dealer further acknowledges and agrees that, upon receipt of notice from us of the happening of any event which makes any statement in the prospectus untrue in any material respect or which requires the making of any changes in the prospectus to make the statements in the prospectus not misleading or which may impose upon us disclosure obligations that may have a material adverse effect on us, which notice we agree to deliver promptly to the broker-dealer, the broker-dealer will suspend use of the prospectus until we have notified the broker-dealer that delivery of the prospectus may resume and have furnished copies of any amendment or supplement to the prospectus to the broker-dealer.

LEGAL MATTERS

Certain legal matters with regard to the validity of the exchange notes will be passed upon for us by Latham & Watkins LLP, San Francisco, California.
