REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Plan Administrator
ACR Group, Inc. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the ACR Group, Inc. 401(k) Plan as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion of these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and changes in its net assets available for benefits for the year ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion of the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2006 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

ACR GROUP, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

1. DESCRIPTION OF PLAN

General– The ACR Group, Inc. 401(k) Plan (the “Plan”) is a defined contribution profit sharing plan covering all eligible employees of ACR Group, Inc. and its participating employers (collectively, the “Company” or the “Employer”). The Plan was adopted effective March 1, 1991 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions, a copy of which is available from the Company.

The Plan’s record keepers are Hartford Life Insurance Company and July Business Services.

Effective May 8, 2001, the ACR Stock Fund was frozen due to lack of a national exchange mechanism for trading ACR stock. Participants may invest no new contributions in this fund option. Participants are currently restricted from transferring their prior investment out of this fund. Subsequent to December 31, 2006, the Company’s stock began trading on the American Stock Exchange and the Plan is working with The Hartford to allow participants to make transfers out of the ACR Stock Fund and into the other investment funds offered.

Effective August 13, 2001, an officer of the Company became trustee of the Plan.

Effective January 1, 2006, the Plan is amended to allow Eligible Employees employed by ACR Supply, LP and Contractors Heating & Supply, LP to participate in the Plan. The Plan is modified to include recent Internal Revenue Service (“IRS”) regulations regarding the events that can qualify for a hardship distribution. In addition, the Plan has adopted the safe harbor provision under Sections 401(k) and 401(m) of the Internal Revenue Code (“IRC”).

Eligibility– Each salaried or hourly employee of the Company who has completed at least six months of service, completed 500 hours of service and is at least 19 years of age is eligible to participate in the Plan.

Contributions– Participants may contribute up to 100% of their eligible annual compensation on a pretax basis, not to exceed the maximum amount allowed for deferral for federal income taxes, which for 2006 and 2005 was \$15,000 and \$14,000 respectively. Qualified rollover contributions are also accepted by the Plan at the discretion of the Company.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

1. DESCRIPTION OF PLAN (continued)

The Company may determine annually the percentage of a participant's pretax contributions that will be matched up to 6% of compensation. For the 2006 plan year, the Company elected to match 50% of a participant's contribution limited to 6% of annual compensation. Also, at its sole discretion, the Company may elect to make an additional contribution to the Plan from time to time. No additional contribution was made for 2006.

All participant contributions and employer matching contribution accounts are participant-directed.

Administrative Expenses— Certain administrative expenses of the Plan are paid by the Company. In 2006, the Company paid \$38,530 of administrative expenses related to the Plan.

Vesting— Participants are immediately 100% vested in their contributions plus earnings thereon.

Vesting in the Company contributions portion of participants' account plus earnings thereon is based on years of credited service at 25% per year with 100% vesting after four years. Participants also become 100% vested upon death, disability, or the attainment of normal retirement age of 65. Forfeitures of account balances by participants not fully vested are used to reduce future Employer contributions. For the year ended December 31, 2006, forfeitures of \$2,292 were used to offset Employer contributions.

Benefit Payments— To meet certain financial hardships as defined by the IIRS, participants may make withdrawals from the portion of their accounts attributable to employee pretax contributions and the vested employer contributions. Distributions of a participant's accrued benefits are also made upon termination of employment, total and permanent disability, or death. Participants may elect to receive distributions in a lump-sum payment or rolled over to an Individual Retirement Account or a qualified plan.

At December 31, 2006 and 2005, the Plan had allocated \$0 to participants who had elected to withdraw from the Plan but had not been paid.

Plan Termination— Although there is no current intention to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2006 AND 2005

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting— The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

Use of Estimates— The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition— The Company's common stock is stated at fair value based on quoted market prices. The investments in the pooled separate accounts are stated at fair value as determined by the issuer based on quoted market values of the underlying investments.

Short-term investments are stated at costs that approximate fair value. The fixed income account is stated at contract value, which approximates fair value, as reported to the plan administrator by Hartford Life Insurance Company. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Loans— The Plan does not provide for participant loans.

Risk and Uncertainties— The Plan provides for various investments in common stock, short-term investments, pooled separate accounts, and an investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
