CONSUMERS FINANCIAL CORPORATION AND SUBSIDIARY
(A Development Stage Company)
Notes to the Consolidated Financial Statements
September 30, 2004 and December 31, 2003

NOTE 1 - CONDENSED FINANCIAL STATEMENTS

The accompanying consolidated financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at for the three and nine months ended September 30, 2004 and 2003, and from inception of the development stage on January 1, 2004 through September 30, 2004, and for all periods presented herein, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be

Edgar Filing: CONSUMERS FINANCIAL CORP - Form 10QSB

read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2003 audited financial statements. The results of operations for the periods ended September 30, 2004 and 2003 are not necessarily indicative of the operating results for the full years.

NOTE 2 - GOING CONCERN

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. However, at September 30, 2004, the Company had current assets totaling \$115,621, and its current liabilities of \$1,160,403 exceeded its current assets by \$1,044,782, the Company had a total accumulated deficit of \$13,664,491, and was delinquent in its payments on certain accounts payable. These matters raise substantial doubt about the Company's ability to continue as a going concern.

CFC Partners is currently pursuing various business opportunities for the Company, including strategic alliances, as well as the merger or combination of existing businesses within the Company. The new management of the Company is initially focusing on joint ventures with, or acquisitions of companies in the real estate, construction management and medical technology sectors as well as the direct purchase of income-producing real estate. However, there is no assurance that the Company's efforts in this regard will be successful. In fact, given the Company's current cash position, without new revenues and/or immediate financing, the Company's efforts to develop the above-referenced businesses are not likely to succeed.

F-4

NOTE 2 - GOING CONCERN (Continued)

The Company's ability to continue as a going concern is dependent on its success in developing new cash revenue sources or, alternatively, in obtaining short-term financing while its businesses are being developed. There are no assurances that such financing can be obtained or, if available, be obtained at terms acceptable to the Company. To the extent that such financing is equity-based, this may result in significant ownership dilution for the existing company shareholders.

The consolidated financial statements presented herein do not include any adjustments that might result from the outcome of this uncertainty.

In addition, due to the fact that the Company's planned principal operations have not materially commenced and the Company has not developed an on-going flow of revenues, the Company is considered to have entered the development-stage. January 1, 2004 is the date management has determined most accurately reflects the Company's re-entrance into the development stage.

NOTE 3 - SIGNIFICANT EVENTS

During February 2004, the Company entered into a Memorandum of Understanding with a privately-held corporation located in Connecticut with the intent of a possible business combination either directly with the Company, through a controlled subsidiary of the Company or with a public shell available to the Company. The Company is in the preliminary investigative stages of its customary due diligence and this combination is subject to certain conditions precedent that are material to the

Edgar Filing: CONSUMERS FINANCIAL CORP - Form 10QSB

transaction and whose outcome in subject to material uncertainty at the present time.

On March 19, 2004 the Company executed a loan agreement with Thomas Willemsen in the amount of \$50,000 for operating capital. This is an unsecured loan which is due on June 19, 2004.

On March 22, 2004 the Company executed a loan agreement with Adar Ulster Realty in the amount of \$40,000 for operating capital. This is an unsecured loan which is due on May 22, 2004.

F-5

NOTE 3 - SIGNIFICANT EVENTS (Continued)

On June 1, 2004 the Company issued 2,471,700 shares of its previously unissued common stock to both Donald Hommel and Jack Ehrenhaus as payment for executive services rendered under the terms of the officers' respective employment agreements (See note 17). In addition, the Company issued an aggregate of 1,437,368 to Mr. Hommel and Mr. Ehrenhaus, as bonus compensation per the terms of the aforementioned employment agreements. All shares issued on this date were valued at market value of \$0.05 per share, resulting in an aggregate compensation expense of \$319,038.

On July 23, 2004 the Company issued 8,000,000 shares of common stock to Cove Hill, Inc. as consideration for certain fund-raising services to be performed. The shares were valued at \$0.125 per share, for a total of \$1,000,000. The shares have been held in an escrow account since the date of issuance, pending the completion of certain due diligence measures and the Company completing certain filings with the Securities and Exchange Commission. On October 12, 2004 the Company issued an additional 6,000,000 shares to Cove Hill, Inc., which shares are also being held in escrow under the same provisions. The additional shares were issued at \$0.0714 per share, and the original 8,000,000 shares were revalued to \$0.0714 per share, thus maintaining the aggregate total of the shares at \$1,000,000. As of the date of this report, Cove Hill has not received the shares, and has not begun to perform the agreed upon fundraising services, as the due diligence provisions have not been fully satisfied.

NOTE 4 - LITIGATION

The Company is currently in arbitration against its co-defendant, Life of the South, from a previously settled claim. Life of the South is seeking to recover from the Company its share of the settlement totaling \$17,500, un-reimbursed fees of \$27,825 plus interest, attorney fees and cost of arbitration from the Company. The arbitration is in its initial stages and while the outcome can not be predicted, the Company believes the arbitration will be settled in favor of the Company.

F-6

NOTE 4 - LITIGATION (Continued)

In addition, the Company has been party to subsequent legal disputes, notably with respect to a Securities and Exchange Commission investigation that was settled in October 2004. This investigation was initiated with respect to the Company's dismissal of its certified

Edgar Filing: CONSUMERS FINANCIAL CORP - Form 10QSB

auditor of record, Marcum & Kliegman, LLC. The Company received notification from the SEC Division of Enforcement on October 14, 2004 that a settlement offer was being submitted to the Commission. The terms of the proposed settlement would stipulate that the Company violated Section 13(a) of the Exchange Act and Rules 12b-20, 13a-1, and 13a-13 thereunder. Further, the Commission would not pursue any actions against Messrs. Ehrenhaus or Hommel. Through the date of this report, the Company has not received notification as to whether the Commission has accepted the terms of this proposed settlement.

F-7

NOTE 5 - SUBSEQUENT EVENTS

In October 2004 the Company's Board of Directors resolved to terminate for cause the Company's President and Chief Executive Officer Donald J. Hommel. Mr. Jack Ehrenhaus was appointed by the Board to fill these executive offices.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

CAUTIONARY FORWARD - LOOKING STATEMENT

The following discussion should be read in conjunction with the Company's financial statements and related notes.

Certain matters discussed herein may contain forward-looking statements that are subject to risks and uncertainties. Such risks and uncertainties include, but are not limited to, the following:

- the volatile and competitive nature of the Company's business,
- the uncertainties surrounding the rapidly evolving markets in which the Company competes,
- the arrangements with present and future customers and third parties.

Should one or more of these risks or uncertainties materialize or should any of the underlying assumptions prove incorrect, actual results of current and future operations may vary materially from those anticipated.

Business Overview

Consumers Financial Corporation (the "Company") was formed in 1966 as 20th Century Corporation (a Pennsylvania corporation) and adopted its present name in 1980. The Company was an insurance holding company which, until late 1997, was a leading provider, through its subsidiaries, of credit life and credit disability insurance in the states of Pennsylvania, Delaware, Maryland, Nebraska, Ohio and Virginia. In connection with its credit insurance operations, the Company also marketed, as an agent, an automobile extended service warranty product. The Company operated through various wholly-owned subsidiaries since it was formed; however, as of December 31, 2002, all of these subsidiaries have either been sold or liquidated and dissolved. From 1992 through 1997, the Company also sold all of its in-force insurance policies to various third party insurers.

Edgar Filing: CONSUMERS FINANCIAL CORP - Form 10QSB

On March 24, 1998, the Company's shareholders approved a Plan of Liquidation and Dissolution (the "Plan of Liquidation"), pursuant to which the Company would be liquidated and dissolved. The Plan of Liquidation permitted the Board of Directors to continue to consider other alternatives to liquidating the Company if such alternatives were deemed by the Board to be in the best interest of the Company and its shareholders. It became apparent to the Board during 2001 that the common shareholders would not receive any distribution under the Plan of Liquidation, and the preferred shareholders would receive less than the full liquidation value of their shares. Consequently, the Board concluded that selling the Company for its value as a "public company shell" was a better alternative for the common and preferred shareholders than liquidating the Company. Accordingly, in August 2001, the Company sent request for proposal letters to several investor groups that had expressed an interest in acquiring the Company, and also issued a press release soliciting similar offers. In

4

October 2001, the Board of directors met to consider three offers which were received, one of which was from CFC Partners, Ltd. ("CFC Partners"). Following its review of each offer, the Board determined that the offer from CFC Partners was the best offer. In February 2002, the Company and CFC Partners entered into an option agreement (the "Option Agreement") which permitted CFC Partners to acquire a 51.2% interest in the Company's common stock for \$108,000, or \$.04 per common share. The purchase price was deposited into an escrow account held by the Company in March 2002.

The option held by CFC Partners was exercisable within 15 business days following the completion by the Company of a tender offer to its preferred shareholders. The completion of the tender offer was, in turn, dependent on the sale of the Company's remaining insurance subsidiary, since substantially all of the Company's assets were held by the subsidiary and state insurance laws would not permit the withdrawal of those assets. In June 2002, the Company completed the sale of the insurance subsidiary, and in August 2002, the Company purchased 377,288 shares of preferred stock at \$4.40 per preferred share plus accrued dividends, representing 83.4% of the then total shares outstanding, from those preferred shareholders who elected to tender their shares.

On August 28, 2002, CFC Partners exercised its option to acquire a majority of the outstanding common shares of the Company. Accordingly, on that date, the Board of Directors terminated the Plan of Liquidation and authorized the issuance of 2,700,000 shares of common stock to CFC Partners. In accordance with the Option Agreement with CFC Partners, the Company deposited the sum of \$331,434 into an escrow account, such amount representing the tender price of \$4.40 per preferred share multiplied by the 75,326 preferred shares not tendered at that time.

On May 8, 2003, Vaughn Partners LLC ("Vaughn"), an Illinois limited liability company in which the Company owns a 37.5% interest, acquired a garden-type apartment complex located in Springfield, Illinois for a purchase price of \$5,440,940. The purchase price was comprised of (i) a \$4,650,000 interest only bank loan secured by a first mortgage lien on the property payable in two years, (ii) a \$1,200,000 second mortgage on the property with principal amounts of \$500,000 due six months from acquisition and \$700,000 due twelve months from acquisition, (iii) a \$100,000 interest-free loan made by a private investor due in full on June 13, 2003 and which accrues interest at an annual rate of 18% beyond its due date, and (iv) \$200,000 in cash which was contributed by third party investors to Vaughn. Vaughn is currently in default on the second mortgage and on the \$100,000 private investor loan. As a result of the default under the second mortgage, the second mortgagee has the right to, among other rights, sell the property, collect all rental income from the property and

Edgar Filing: CONSUMERS FINANCIAL CORP - Form 10QSB

exclude Vaughn from the proceeds thereof. As a result of the default under the \$100,000 loan, Vaughn is liable for accrued interest from June 15, 2003 at an annual rate of 18% plus all costs and fees incurred by the lender in collecting the amounts due under the note. The Company has no obligations under or guarantees of these notes and the Company's financial risk is limited to its investment in Vaughn, which is carried at zero value, with the exception of a reserve in the amount of \$200,000 which was created in order to absorb any liabilities arising from the Vaughn partnership.

5

Effective as of October 31, 2003, the Company approved an amended operating agreement whereby Spartan would transfer to the Company 24.22% of its interest in Vaughn in consideration for issuance by the Company of 250,000 shares of common stock. This amended operating agreement memorializing this arrangement was not executed by members of Vaughn Partners holding 5% of the membership interests and the 250,000 shares of common stock were not issued. This amended operating agreement has therefore not and will not be ratified.

The 37.5% equity interest in Vaughn is being accounted for under the equity method in the Company's financial statements at December 31, 2003.

On January 29, 2004, the Company, pursuant to approval by shareholders at a special meeting held in August 2003, filed an amendment to its Articles of Incorporation increasing its authorized capital shares to 50 million; 40 million in common shares and 10 million in preferred shares.

Plan of Operation

Prior to the discontinuation of its business operations as noted above, the Company operated in three industry segments: the Automotive Resource Division, which marketed credit insurance and other products and services to its automobile dealer customers, the Individual Life Insurance Division and the Auto Auction Division. These segments did not include the corporate activities of the Company. Effective with the real estate acquisition by Vaughn, the Company, through its Vaughn subsidiary operates a garden-type apartment complex in Springfield, Illinois.

The Company intends to initially expand into the real estate, construction management, insurance agent and medical technology industries through a combination of strategic alliances, mergers or consolidations, or acquisitions.

With respect to its plans for the real estate business, the Company intends to acquire additional garden-type apartment complexes initially in Illinois and New York and subsequently in other northeastern United States locations. The Company also expects to become involved in real estate development activity, initially in the New York area.

In connection with its construction management initiatives, the Company intends to manage its real estate development activities as well as selected outside projects.

With regard to the medical technology business, the Company plans to develop, own and operate positron emission tomography ("PET") imaging centers initially in the New York area and then in other regional locations. The Company has formed a 55% owned subsidiary, P.E.T Centers of America LLC, and through this subsidiary, has initiated some business arrangements, but none of significant consequence to date. In September the Company, through its subsidiary, had signed a lease for a PET center in Suffolk County, New York, but subsequently the lease terminated. The Company received a letter from the

landlord dated November 11, 2003 claiming that the Company and the subsidiary are liable to the landlord for all costs and expenses incurred in connection with enforcing the lease provisions as well as liquidated damages provided for in the lease (the present value of the lease payments discounted at 6%). The Company has received no further communications from the landlord in connection with its demand. The Company has accrued \$355,676 associated with this terminated lease.

During April, 2003, the Company entered into a Memorandum of Understanding with Mariculture Systems, Inc. ("Mariculture") whereby the Company would acquire 60% of the outstanding shares of Mariculture in exchange for the Company's management and financial expertise. Mariculture designs, builds and operates aquaculture farms used for raising certain species of fish for the consumer market. Although not aggressively pursued by either party to date, and still requiring appropriate due diligence review and board approvals, this memorandum has no expiration date and neither party has expressed an intent to terminate it.

During February 2004, the Company entered into a Memorandum of Understanding with a privately-held corporation located in Connecticut with the intent of a possible business combination either directly with the Company, through a subsidiary of the Company or with a public shell available to the Company. The Company is in the preliminary investigative stages of its customary due diligence and this combination is subject to certain conditions precedent that are material to the transaction and whose outcome in subject to material uncertainty at the present time.

The Company intends to move forward with its due diligence in this transaction pursuant to this memorandum.

Results of Operations

A discussion of the material factors which affected the Company's results of operations for the three and six months ended June 30, 2004 and 2003 is presented below.

THREE MONTHS ENDED September 30, 2004

For the three months ended September 30, 2004, the Company reported a net loss of \$231,919 (\$0.01 per share) compared to a net loss of \$3,581,817 (\$0.37 per share) in the third quarter of fiscal 2003. Since the Company now has only a nominal amount of revenues, the current period net loss is primarily the result of expenses incurred while the Company is developing new business opportunities. During the third quarter of 2004, these expenses consisted principally of salaries to two officers, and audit, legal, and consulting fees.

The Company's net loss for the third quarter of 2003 was \$3,581,817 (\$0.37 per share). The Company had zero operating revenue for the period. The net loss consisted primarily of officer salaries, a provision for the Company's default on its office lease, a provision for the Company's potential liabilities associated with its Vaughn subsidiary and other expense incurred while exploring business opportunities.

NINE MONTHS ENDED September 30, 2004

Edgar Filing: CONSUMERS FINANCIAL CORP - Form 10QSB

For the nine months ended September 30, 2004, the Company reported a net loss of \$767,931 (\$0.04 per share) compared to a net loss of \$3,660,758 (\$0.54 per share) in the first nine months of fiscal 2003. Since the Company now has only a nominal amount of revenues, the current period net loss is primarily the result of expenses incurred while the Company is developing new business opportunities. During the first nine months of 2004, these expenses consisted principally of salaries to two officers, and audit, legal, and consulting fees.

The Company's net loss for the first nine months of 2003 was \$3,660,758 (\$0.54 per share). The Company had zero operating revenue for the period. The net loss consisted primarily of officer salaries, a provision for the Company's default on its office lease, a provision for the Company's potential liabilities associated with its Vaughn subsidiary and other expense incurred while exploring business opportunities.

Liquidity

During the nine months ended September 30, 2004 and 2003, the Company provided (used) cash in operations of \$45,181 and \$(120,098), respectively. The Company had cash on hand of \$101,656 as of September 30, 2004 compared to \$7,840 cash as of September 30, 2003. The Company received \$50,000 net cash proceeds from the issuance of notes payable, and an additional 13,617 from notes to related parties during the nine months ended September 30, 2004. However, the largest inflow of non-restricted cash during the period came from the liquidation of the Company's previously restricted escrow account reserve for preferred shareholders. The Company received a legal opinion stating that the Company was not required to keep this cash in reserve, so it was transferred into an operating account during the period.

The Company anticipates that it will need to raise approximately \$2,000,000 in cash in the next twelve months to cover general and administrative expenses and other anticipated cash needs, particularly for additional due diligence on acquisition candidates. The Company may seek to raise such needed funds through the sale of its shares of stock or by borrowing. No assurance can be given that the Company will be able to raise the necessary funds on terms acceptable to the Company if at all.

Life of the South is seeking to recover from the Company its share of the settlement totaling \$17,500, unreimbursed fees of \$27,825 plus interest, attorney fees and cost of arbitration from the Company. The arbitration is in its initial stages and while the outcome can not be predicted, the Company believes the arbitration will be settled in favor of the Company.

In addition, the Company has been party to subsequent legal disputes, notably with respect to a Securities and Exchange Commission investigation that was settled in October 2004. This investigation was initiated with respect to the Company's dismissal of its certified auditor of record, Marcum & Kliegman, LLC. The Company received notification from the SEC Division of Enforcement on October 14, 2004 that a settlement offer was being submitted to the Commission. The terms of the proposed settlement would stipulate that the Company violated Section 13(a) of the Exchange Act and Rules 12b-20, 13a-1, and 13a-13 thereunder. Further, the Commission would not pursue any actions against Messrs. Ehrenhaus or Hommel. Through the date of this report, the Company has not received notification as to whether the Commission has accepted the terms of this proposed settlement.
