THE BOARD OF DIRECTORS

The Board of Directors held two meetings during FY 2004 and has held no meetings in Fiscal 2005 through December 31, 2004. The Board has two meetings scheduled for FY 2005 one in March after the Annual Meeting and one in June 2005. Each director is expected to attend each meeting of the Board and those committees on which he serves. In addition to meetings, the Board and its committees review and act upon matters through written consent procedures. No director attended less than 75% of all the meetings of the Board and those committees on which he served in FY 2004.

THE EXECUTIVE COMMITTEE

The Executive Committee may exercise certain authority of the Board between Board meetings as noted in its charter attached as Appendix A. The principal restrictions on the Executive Committees authority are (a) to the extent that the Board has delegated authority to another committee or to other persons, (b) as limited by California law, and (c) the Executive Committee is prohibited from authorizing the sale of all or substantially all of the Company s assets. The Executive Committee held fifteen meetings in the fiscal year ended June 30, 2004 (FY 2004) and has held four meetings through December 31, 2004 for the current fiscal year ending June 30, 2005.

THE AUDIT COMMITTEE

The Audit Committee and the Board have ultimate authority and responsibility to select, evaluate and, when appropriate, replace the company s independent auditors. The Audit Committee recommends for approval by the Board of Directors an independent firm of certified public accountants whose duty it is to audit the financial statements of the company for the fiscal year in which they are appointed. The Audit Committee monitors the activities of the Company s external auditors, including the audit scope, the external audit fees, auditor independence matters and the extent to which the independent auditors may be retained to perform advisory services. The Audit Committee also reviews the results of the external audit work to assess the adequacy and appropriateness of the company s financial and accounting controls. The Audit Committee reviews changes in accounting standards that impact the financial statements and discusses with management major events, including legal matters and tax audits, which may have significant financial impact or are the subject of discussions with the independent auditors. In addition, the Audit Committee oversees the company s internal compliance programs. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee are intended to be in accord with Securities and Exchange Commission rules with regard to corporate audit committees. The Audit Committee held four meetings during FY 2004. For the fiscal year ending June 30, 2005, the Audit Committee had held four meetings through December 31, 2004.

THE COMPENSATION COMMITTEE

The Compensation Committee administers the Company s stock option plans, including the review and grant of stock options to officers and other employees under the company s stock option plans. The Compensation Committee also reviews and approves various other company compensation policies and matters, and reviews and approves salaries and other matters relating to compensation of the executive officers of the company. The Compensation Committee had two meetings during FY 2004 and has had one meeting in Fiscal 2005 through December 31, 2004.

NOMINATION AND SHAREHOLDER COMMUNICION PROCESSES

Currently the Board of Directors functions as the company s nominating committee. The Board performs the functions typical of a nominating committee, including the identification, recruitment and selection of nominees for election as directors of the Company. Five of the seven members of the Board (Messrs. Galloway, Falcone, Berman, Binn & Perlyn) are independent as that term is defined by the Nasdaq Stock Market listing standards and participate in the consideration of director nominees. The nominees for election as directors at this Annual Meeting were unanimously recommended by the Board. The Board believes that a nominating committee separate from itself is not necessary at this time, given the size of the Company and the Board, to ensure that candidates are appropriately evaluated and selected and that an additional committee of the Board would not add to the effectiveness of the evaluation and nomination process.

The Board s process for recruiting and selecting nominees is for Board members to attempt to identify individuals who are thought to have the business background and experience, industry specific knowledge and general reputation and

expertise that would allow them to contribute as effective directors to the Company's governance and who are willing to serve as directors of a public company. To date, the Company has not engaged any third party to assist in identifying or evaluating potential nominees. After a possible candidate is identified, the individual meets with various members of the Board and is sounded out concerning their possible interest and willingness to serve, and Board members discuss amongst themselves the individual's potential to be an effective Board member.

To date, no shareholder has presented any candidate for consideration as a Board member and the Company does not have a specific policy on shareholder-recommended director candidates. However, the Committee believes its process for evaluation of nominees proposed by shareholders would be no different from the process of evaluating any other candidate. In evaluating candidates, the Committee will require that candidates possess, at a minimum, a desire to serve on the Company's Board, an ability to contribute to the effectiveness of the Board, an understanding of the function of the Board of a public company and relevant knowledge and experience. In addition, while not required of any one candidate, the Committee would consider favorably experience, education, training or other expertise in business or financial matters and prior experience serving on boards of public companies. In evaluating any candidate for director nominee, the Committee will also evaluate the contribution of the proposed nominee toward compliance with the Nasdaq Stock Market listing standards.

Although the Company has not to date developed formal processes by which shareholders may communicate directly to directors, it believes that the informal process, in which any communication addressed to the Board at the Company's offices at 100 Rowland Way, Suite 300, Novato, Ca 94945 in care of the Chairman of the Board, President or other corporate officer is required to be forwarded to the entire Board, has served the Board's and its shareholders' needs. There is no screening process, and all shareholder communications which are received by officers for the Board's attention are forwarded to the Board. In view of recently adopted SEC disclosure requirements relating to this issue, the Board may consider development of more specific procedures. Until any other procedures are developed, any communications to the Board should be sent to it in care of the Chairman of the Board.

REMUNERATION OF MEMBERS OF THE BOARD OF DIRECTORS

 - An additional annual grant of 25,000 common stock options for the Executive Committee Chairman.
- An additional annual grant of 25,000 common stock options for the Compensation Committee Chairman.

The exercise price of such options shall be the market price of the Company's common stock on the date of grant of the options.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

On the recommendation of the Audit Committee, the Board of Directors has appointed BURR, PILGER & MAYER LLP, independent auditors, to audit the consolidated financial statements of IMSI for the fiscal year ending June 30, 2005, and recommends that stockholders vote for ratification of such appointment. In the event of a negative vote on such ratification, the Board of Directors will reconsider its selection.

BURR, PILGER & MAYER LLP, independent auditors, were retained pursuant to their engagement letter dated January 10, 2005.

We expect representatives of BURR, PILGER & MAYER LLP to be present at the meeting and such representatives will have the opportunity to make a statement if they desire to do so as well as to respond to appropriate questions.

Grant Thornton LLP has audited our financial statements for the fiscal year ended June 30, 2004 and for the preceding five fiscal years.

As previously disclosed in our filing on Form 8-K filed with the Securities and Exchange Commission on November 12, 2004, the Audit Committee of the Board of Directors of International Microcomputer Software, Inc. was notified on November 10, 2004 that Grant Thornton LLP, its independent registered accounting firm, resigned effective November 11, 2004.

The reports issued by Grant Thornton LLP on IMSI's financial statements for both of the two most recent fiscal years ended June 30, 2004 and 2003 did not contain any adverse opinion or a disclaimer of opinion, or any qualification or modification as to uncertainty, audit scope or accounting principles.

During IMSI's two most recent fiscal years and through November 11, 2004, there were no disagreements with Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Grant Thornton LLP, would have caused Grant Thornton LLP to make reference to the subject matter of the disagreement in connection with its reports.

As required by Item 304(a)(3) of Regulation S-B, IMSI furnished Grant Thornton LLP with the disclosures contained in the Form 8-K report and Grant Thornton LLP furnished IMSI with a letter addressed to the Securities and Exchange Commission which stated that it agreed with the statements made by IMSI. A copy of Grant Thornton LLP's letter dated November 11, 2004 was included as Exhibit 16 to the Form 8-K filed with the Securities and Exchange Commission on November 12, 2004.

We do not expect representatives of Grant Thornton LLP to be present at the meeting.

FEE DISCLOSURE

Prior to having engaged Grant Thornton LLP to perform any service, audit or otherwise, the Audit Committee specifically reviewed, with the assistance of management, the nature and purpose of those proposed services. As a matter of policy, all such services were approved prior to the commencement of those services. Subsequent to their completion the results of the service were reviewed by the Committee.

The Audit Committee expects to utilize the same policy with respect to any services that Burr, Pilger & Mayer may perform.

All Other Fees

No other fees were billed during the previous two fiscal years.

VOTE REQUIRED AND BOARD OF DIRECTORS RECOMMENDATION

The affirmative vote of a majority of the outstanding shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of BURR, PILGER & MAYER LLP as our independent auditors. The effect of an abstention is the same as a vote against the ratification of BURR, PILGER & MAYER LLP as our independent auditors. Broker non-votes will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF BURR, PILGER & MAYER LLP AS OUR INDEPENDENT AUDITORS.

**PROPOSAL THREE: AMENDMENT OF THE 2004 INCENTIVE STOCK
OPTION PLAN**

The Board of Directors has previously adopted and the shareholders have approved a stock option plan, known as the 2004 Incentive Stock Option Plan (the "Option Plan"), for the purpose of providing stock options to employees, directors and other valued contributors to the Company, and pursuant to which the Company has reserved three million (3,000,000) shares of Common Stock for issuance upon exercise of such stock options; and

The Board of Directors deems it is in the best interest of the Company and its shareholders to increase the number of shares for which options may be granted under the Option Plan by an additional one million (1,000,000) shares of Common Stock;

The Board of Directors of the Company recommends the approval of the amendment of the 2004 Plan, such that Article V, paragraph A shall read as follows:

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock. The maximum number of shares of Common Stock which may be issued over the term of the Plan shall not exceed four million (4,000,000) shares; provided, however, that the number of shares issuable on exercise of outstanding options under the Plan and all other stock option, stock bonus and similar plans or agreements of the Corporation (except as otherwise provided by the California Corporations Code and regulations promulgated thereunder) shall at no time exceed thirty percent (30%) of the number of outstanding shares of the Corporation's capital stock. In the event that the Corporation's Board of Directors authorizes the grant of options under the Plan such that the 30% limit set forth above is exceeded, those options authorized in excess of the 30% limit will not be considered granted until such time as (i) additional shares are issued by the Corporation to bring the authorized options within the 30% limit, or (ii) the consent of the holders of at least two-thirds of the Company's outstanding shares is obtained to the issuance of options in excess of the 30% limit.

Such amendment to the Option Plan will not take effect until it is approved by the affirmative vote of the holders of not less than fifty percent of the Company's outstanding Common Stock.

An aggregate of four million (4,000,000) shares of the Company's Common Stock are hereby reserved for issuance under the Option Plan.

The Board of Directors also believes that it is in the Company's best interests to register the additional one million (1,000,000) shares reserved for issuance under the amended Option Plan.

Upon obtaining the consent of the Company's shareholders as described above, the President, Secretary and such other officers as they may designate are hereby, authorized, directed and empowered to prepare and file with the United States Securities Exchange Commission a Registration Statement on Form S-8 to effect the registration of the additional one million (1,000,000) shares of Common Stock being added to the Option Plan and to prepare and file any and all additional applications and registrations with the State Blue Sky administrators as may be deemed appropriate.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Note Receivable from Related Party - DCDC 15% Note

On September 18, 2003, we received a 15% one-year note from Digital Creative Development Corporation (DCDC) upon extending a loan to DCDC in the amount of \$350,000 secured by 400,000 shares of IMSI 's stock held by DCDC and due on September 18, 2004. Concurrent with this note, DCDC repaid the entire principal portion of a \$50,000 note, made in favor of IMSI on February 25, 2003. That note, due on February 25, 2004, was unsecured and carried a 4% interest rate. The note had been previously recorded as a fully reserved receivable as it was unsecured. The reversal of the reserve upon the repayment of this note was consequently accounted for as other income during the first quarter of fiscal 2004.

On September 18, 2004, we amended the terms of the \$350,000 promissory note with DCDC extending the maturity of the note to May 31, 2005. The accrued interest which was earned through September 18, 2004 was paid in full on October 1, 2004 in addition to a principal payment in the amount of \$25,000. Additionally, DCDC agreed to increase the collateral attached to the note by assigning to IMSI its interest in a private equity investment.

Consulting agreement

On May 1, 2003, we entered into a consulting agreement with Mr. Bruce Galloway, chairman of our board of directors, to provide services to the company related to potential acquisitions and divestitures. In return for his services, Mr. Galloway could be entitled to a fee from zero to \$200,000 dependent on his involvement and the consideration received or paid by us as a result of the transaction. Upon the successful sale of ArtToday in June 2003, we paid Mr. Galloway a fee of \$150,000 per the terms of the agreement.

Five-year, 15% secured promissory notes, with warrants attached

In March 2003, we initiated a private placement of five-year, 15% secured promissory notes to accredited investors. We were successful in raising \$805,000. Purchasers of the notes also received warrants to purchase IMSI 's common stock at the rate of one warrant for each \$2.00 of principal of the notes. These warrants have a strike price of \$0.45 and will expire on June 30, 2006. The notes were secured by a pledge of the common stock of ArtToday.com.

None of the participants in these private placements, except for our Chief Financial Officer, Mr. William J. Bush and Mr. Joseph Abrams (an IMSI related party as a former beneficial owner of IMSI Common Stock) who participated in the amounts of \$80,000 and \$50,000 respectively and received 40,000 and 25,000 warrants to purchase shares of IMSI 's stock respectively, were deemed to be an affiliate or a related party as defined in Statement of Financial Accounting Standards No.57, Related Party Disclosures .

The offering was conducted directly by IMSI. Proceeds of the offering were intended to retire existing debt, purchase of and/or license of digital content and software assets and fund general working capital needs.

Concurrent with the sale of ArtToday on June 30, 2003, we repaid the notes in full with an early repayment penalty of 2% which was \$16,000.

EMPLOYEE AND DIRECTOR STOCK OPTIONS AND WARRANTS

EMPLOYEE STOCK INCENTIVE PLANS AND EQUITY RELATED TRANSACTIONS

During fiscal 2004, we adopted a new stock option plan The 2004 Incentive Stock Option Plan (the 2004 Plan). Our Board of Directors and shareholders adopted the predecessor to the 2004 Plan, the 1993 Incentive Option Plan on June 30, 1993 (the 1993 Plan). The purpose of the 2004 and the 1993 Plans was to further the growth and general prosperity of IMSI by enabling our employees to acquire Common Shares, increasing their personal involvement in the Company and thereby enabling IMSI to attract and retain those employees.

Under existing federal tax laws, certain benefits are not applicable to stock options granted under plans adopted more than ten years prior. In particular, options granted more than ten years after adoption of the 1993 Plan are not eligible for incentive stock option treatment within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended. IMSI believes that the ability to grant incentive stock options to its employees is critically important we hope to offer incentive compensation to such employees on par with those provided by our competition and others in the high-tech industry. In addition, tax laws and incentive compensation policies have changed since adoption of the 1993 Plan. As a result, our Board of Directors has adopted and our shareholders have approved the 2004 Plan to permit IMSI to offer a wide range of incentives, including incentive and non-statutory stock options and stock purchase rights.

The 2004 Plan provides for the granting of options to purchase up to an aggregate of 3,000,000 common shares to employees, directors and other service providers of IMSI. Any options that expire prior to exercise will become available for new grants from the pool of ungranted options. Options that are granted under the 2004 Plan may be either options that qualify as incentive stock options under the Internal Revenue Code (Incentive Options), or those that do not qualify as such incentive stock options (Non-Incentive Options).

The 2004 Incentive Options may not be granted at a purchase price less than the fair market value of the Common Shares on the date of the grant (or, for an option granted to a person holding more than 10% of the Company s voting stock, at less than 110% of fair market value) and Non-Incentive Options may not be granted at a purchase price less than 85% of fair market value on the date of grant.

The term of each option, under the 2004 plan, which is fixed at the date of grant, may not exceed ten years from the date the option is granted (by law, an Incentive Option granted to a person holding more than 10% of the company s voting stock may be exercisable only for five years). At December 31, 2004, 1,355,838 options were available for future grants under the 2004 plan.

The 1993 Employee Incentive Plan, as amended, permitted us to grant options to purchase up to 2,925,000 shares of common stock to employees, directors and consultants at prices not less than the fair market value at date of grant for incentive stock options and not less than 85% of fair market value for non-statutory stock options. These options generally expire 10 years from the date of grant and become exercisable ratably over a 1 to 3 year period. The plan expired on June 30, 2003. At December 31, 2004, no shares were available for future grants under the 1993 plan.

Option activity for the previous two fiscal years under the 2004 and 1993 plan is as follows:

The 1993 Incentive Option Plan (the 1993 Plan) was originally adopted by the Board and approved by the stockholders in 1993 and then amended, with the approval of the Board and shareholders, at various times after that date. Employees and service providers, including executive officers and the members of the Board of Directors, were eligible to participate in the 1993 Stock Plan. The 1993 Plan was intended to help the Company attract and retain outstanding individuals in order to promote the Company's success. Incentive stock options (that is, options that entitle the optionee to special U.S. income tax treatment) and non-statutory stock options may be granted under the 1993 Plan. Options granted under the 1993 Plan generally vest over periods ranging from one to four years and expire within ten years of date of grant. The exercise price of the stock options granted under the 1993 Plan is equal to the closing price of our Common Stock on the grant date. The plan expired on June 30, 2003 and was replaced, with Board of Director and shareholder approval, by the 2004 Incentive Stock Option Plan.

Warrants, which were not approved by the shareholders, have been issued with the Board's approval to various employees, service providers and directors. The issuance of these warrants is intended to help the Company attract and retain outstanding individuals and to assist the company in raising funds and retaining qualified service providers in certain specialized areas in order to promote the Company's success. These warrants generally vest, and are exercisable, over periods ranging from one to four years from the date of grant. The exercise price of the warrants granted generally is equal to the closing price of our Common Stock on the grant date.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is a subcommittee of the Board of Directors comprised solely of independent directors as required by the listing standards of the NASDAQ National Market. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee are intended to be in accordance with applicable requirements for corporate audit committees. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis.

The purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial reporting, the systems of internal control and the audit process; and by monitoring compliance with applicable laws, regulations and policies.

The Audit Committee reviewed and discussed the audited financial statements for fiscal 2004 and the unaudited interim statements for the first fiscal quarter ended September 30, 2004 with management and Grant Thornton LLP, IMSI's former independent auditors. The Audit Committee will discuss and review with management and BURR, PILGER & MAYER LLP, IMSI's current independent auditors, the unaudited interim statements for fiscal 2005 and the audited financial statements for the fiscal year ending June 30, 2005. Management is responsible for the quarterly and annual financial statements and the reporting process, including the systems of internal controls. The Company's independent auditors are responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles. In addition, we received from and discussed with Grant Thornton LLP the written disclosures and the letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, discussed Grant Thornton LLP's independence with them, and discussed with Grant Thornton LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, each as currently in effect.

With the notification by Grant Thornton on LLP, the Company's former independent auditors, of their intent to resign as of November 11, 2004, the Committee discussed with Grant Thornton's representatives, in private session, its reasons for resigning and determined to its satisfaction that there were no disagreements with Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Grant Thornton LLP, would have caused Grant Thornton LLP to make reference to the subject matter of the disagreement in connection with its reports during IMSI's two most recent fiscal years and through November 11, 2004.

Thereafter, with the assistance of management, the Committee commenced a search to identify a new independent accounting firm to perform reviews of the Company's quarterly filings and complete audits of its annual statements. The search, which identified and resulted in the retention of Burr, Pilger & Mayer LLP, subject to the affirmation of the Company's shareholders, was focused on ensuring that the new firm had sufficient

- v technical resources to ensure current and future compliance with all FASB and other regulatory accounting and reporting guidance
- v software industry experience to assist in the implementation of industry specific practices, rules and reporting requirements
- v people resources to meet all company deadlines and relationships to address any issues associated with the Company's international operations
- v people and technical resources to assist the Company with any significant acquisitions or divestitures

After a thorough candidate search, interview and review process, the Committee determined that Burr. Pilger & Mayer LLP met the above criteria and appointed it the Company's auditors for fiscal 2005.

The Audit Committee discussed with IMSI's independent auditor the overall scope and plans for their audit. In addition, the Audit Committee met with the independent auditors, with and without management present, and discussed the results of their examinations and the overall quality of IMSI's financial reporting.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that IMSI's audited financial statements be included in IMSI's Annual Report on Form 10-KSB, as amended, for the FY 2004 for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors is comprised of three non-employee directors. Members of this Committee are required to meet the independence requirements for non-employee directors under the NASDAQ Marketplace Rules, Rule 16b-3 promulgated under Section 16 of the Securities Exchange Act of 1934 and Section 162(m) of the Internal Revenue Code of 1986. During fiscal year 2004 and as of January 1, 2005, the Compensation Committee consisted of Bruce Galloway, Chairman, Donald Perlyn and Evan Binn.

The purpose of the Compensation Committee is to ensure the Company has programs in place to attract, retain and develop a highly effective management team and to discharge the Board's responsibilities relating to certain compensation matters of the Company.

Specifically, the Compensation Committee is responsible for establishing the policies and programs that determine the compensation of our executive officers. The Compensation Committee sets base cash compensation and bonus compensation on an annual basis for the Chief Executive Officer and other executive officers of IMSI and, in addition, has exclusive authority to grant stock options to executive officers. The Compensation Committee considers both internal data, including financial and non-financial corporate goals and individual performance, as well as data from outside compensation consultants and independent executive compensation data from comparable high technology companies, in determining executive officers' compensation.

The Compensation Committee also reviews IMSI's executive and leadership development policies, practices and plans to ensure that they support the Company's ability to retain and develop the superior executive and leadership talent required to deliver against the Company's short term and long term business strategies.

Compensation Philosophy

IMSI operates in an extremely competitive and rapidly changing high technology industry.

When creating policies and making decisions concerning executive compensation, the Compensation Committee:

- ensures that the executive team has clear goals and accountability with respect to financial and non-financial corporate performance;
- establishes pay opportunities that are competitive based on prevailing practices for the industry, the stage of growth of IMSI, and the dynamic and challenging high technology labor markets in which IMSI operates;
 - independently assesses operating results on a regular basis in light of our expected performance; and
 - aligns pay incentives with the long-term interests of our stockholders.

Compensation Program

IMSI's executive compensation program has three major components, all of which are intended to attract, retain and motivate highly effective executives:

1. *Base salary* for executive officers is set annually by reviewing the competitive pay practices of comparable high technology companies. Local and national compensation data are examined and taken into account, along with the skills and performance of each officer and the needs of IMSI

2. *Cash incentive compensation* is designed to motivate executives to attain short-term and longer-term corporate, business unit and individual management goals. The actual annual cash bonuses received by an executive depend upon attainment of these specified business goals, together with discretionary analysis of individual contribution. Payment of incentive bonuses for fiscal year 2004 depended upon the achievement of corporate financial goals. In setting goals and measuring performance against those goals, the Compensation Committee considers compensation practices among companies competing for a common employee pool, as well as general economic and market conditions. It is the intention of the Compensation Committee in fiscal year 2005 to continue this linkage between the achievement of specific financial targets, corporate and individual goals and the payment of incentive cash compensation to our officers and other executives.

3. *Equity-based incentive compensation* has been provided to employees and management through our stock incentive plans. Under these plans, officers and employees are eligible to be granted stock options based on competitive market data, as well as their responsibilities and position at IMSI. These options allow participants to purchase shares of our Common Stock at the market price on the date of the grant, subject to vesting during the participant's employment with IMSI. Our stock option plans utilize vesting periods to encourage employees and executives to remain with IMSI and to focus on longer-term results.

IMSI believes that its executive compensation program falls within the typical range of compensation programs offered by comparable high technology companies.

Chief Executive Officer Compensation

In determining Mr. Wade's compensation for FY 2004, the Compensation Committee reviewed industry surveys of compensation paid to chief executive officers of comparable companies, with a focus on those companies located in the San Francisco Bay Area, and evaluated achievement of corporate and individual objectives for the fiscal year. Overall, Mr. Wade received \$200,000 in annual base compensation for fiscal year 2004.

Other Executive Compensation

IMSI provides certain compensation programs to executives that are also available to our other employees, including pre-tax savings plans and medical/dental/vision benefits. There are no pension programs. We generally do not provide executive perquisites such as club memberships.

AUDIT COMMITTEE CHARTER

Purpose of the Audit Committee

The primary purpose of the Audit Committee (the "Committee") is to assist the Board of Directors of International Microcomputer Software, Inc. (the "Board") in fulfilling its responsibility to oversee management's conduct of the Company's financial reporting process, including oversight of: (a) the financial reports and other financial information the Company provides to any governmental or regulatory body, the public and others; (b) the Company's systems of internal accounting and financial controls; (c) the annual independent audit of the Company's financial statements; and (d) the Company's internal audit function.

In discharging its oversight role, the Committee is empowered (a) to investigate any matter brought to its attention with full access to all books, records, facilities and personnel of the Company and (b) to retain outside counsel, auditors or other experts for this purpose.

The Board and the Committee are in place to represent the Company's shareholders; accordingly, the outside auditor is ultimately accountable to the Board and the Committee.

The Committee shall review the adequacy of this Charter on an annual basis.

Term

Subject to the Board of Directors discretion to change the composition of the committee at any time, the members of the committee shall be appointed by the Board after the Annual Meeting of Shareholders and serve until the expiration of their term as Director.

Membership on the Audit Committee

The Committee, which shall be appointed by the Board of Directors, shall be comprised of not fewer than three members of the Board and the Committee's composition will meet the requirements of the NASD Manual Regarding Qualification Requirements for NASDAQ Stock Market Securities (the "Manual").

Accordingly, all Committee members will be directors who:

1. have no relationship to the Company that may interfere with the exercise of their independence from management and the Company;
2. meet the criteria for independence set forth in Rule 10A-3(b)(1)(i) and (ii) under the Securities Exchange Act of 1934, as amended;
3. have not participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the prior three years; and
4. are able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement.

In addition, at least one member of the Committee will have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background that results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer of a public company with financial oversight responsibilities.

The Committee shall meet at such times and places as the Committee shall determine, and may take such action by written consent as they deem appropriate. The Committee shall periodically meet in executive session with the independent auditor, the Company's chief audit officer and management. The Chairman of the Committee (if any) shall report to the full Board on Committee activities.

Key Responsibilities

The Committee's job is one of oversight and it recognizes that the Company's management is responsible for preparing the Company's financial statements and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that financial management, as well as the outside auditors, have more time, knowledge and detailed information about the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditor's work.

The following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate given the circumstances.

1. The Committee shall be responsible for the appointment, replacement, compensation and oversight of the work of the company's independent auditor. The independent auditor will report directly to the Committee. In this capacity, the Committee will: (a) obtain and review annually a report by the independent auditor describing the auditor's internal quality-control procedures, any material issues raised by the most recent internal quality-control review or peer review or by any inquiry or investigation by governmental or professional authorities within the preceding five years, and any steps taken to deal with such issues; (b) establish procedures and policies for the review and pre-approval by the Committee of all auditing services and permissible non-auditing services (including the fees and terms thereof) to be performed by the independent auditor; and (c) review and discuss with the independent auditor the independent auditor's judgments as to the quality, not just the acceptability, of the Company's accounting principles and such further matters as the independent auditors present the Company under general accepted auditing standards.
2. The Committee shall review with management and the outside auditors the audited financial statements and management's discussion and analysis of operations to be included in the Company's Annual Report on Form 10-KSB (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-KSB) and review and consider with the outside auditors the matters required to be discussed by Statement of Auditing Standards (SAS) No. 61.
3. As a whole, or through the Committee Chair, the Committee shall review with the outside auditors the Company's interim financial results and management's discussion and analysis of operations to be included in the Company's quarterly reports to be filed with the Securities and Exchange Commission and the matters required to be discussed by SAS No. 61; this review will occur prior to the Company's filings on Form 10-QSB.
4. The Committee shall review all press releases related to the financial matters of the Company, including all releases related to quarterly or annual earnings, mergers or acquisitions.
5. With respect to the Company's external audit, the Committee shall:
 - a. request from the outside auditors annually and prior to the engagement of the auditor for the succeeding year, a formal written statement delineating all relationships between the auditor and the Company;
 - b. discuss with the outside auditors any such disclosed relationships and their impact on the outside auditor's objectivity and independence;
 - c. when appropriate, recommend that the Board take appropriate action in response to the auditor's written statement to satisfy itself of the independence of the outside auditor;
 - d. subject to any action that may be taken by the full Board, have the ultimate authority and responsibility to select (or nominate for shareholder approval), evaluate, and, where appropriate, replace the outside auditor; and
 - e. on a quarterly basis, meet separately with the outside auditors to discuss any matters that the committee or auditors believe should be discussed privately

6. With respect to the Company's internal control and risk management:

- a. Annually, Management shall report to the Committee its assessment of the adequacy and effectiveness of the accounting and financial controls of the Corporation and the independent auditor shall provide the Committee with its assessment of such report. The Committee shall elicit recommendations for the improvement of such internal controls procedures or particular areas where new or more detailed controls or procedures are desirable.
- b. Management and the independent auditor shall discuss with the Committee significant financial risks and exposures. Further, the Committee will discuss policies with management with respect to risk assessment and risk management and shall assess the steps management has taken to minimize such risks to the Company.
- c. The independent auditor shall review with the Committee any significant findings and recommendations together with management's response. The Committee shall satisfy itself that management has taken any necessary corrective actions on a timely basis.

7. With respect to the Company's compliance with regulatory matters

- a. Management and its counsel shall periodically update the Committee regarding compliance with laws and regulations.
 - b. The Committee shall review the findings of any examinations by regulatory agencies.
- c. Management shall review with the Committee the code of conduct, and periodic updates to such code, and plan to ensure that all employees are aware of it, as well as the program for monitoring compliance.
- d. The Committee will establish procedures, covering the receipt, retention and treatment of complaints received by the Company regarding internal controls or auditing matters, including the detection of fraud, and confidential, anonymous submissions by employees or others regarding questionable financial, accounting, regulatory or auditing concerns (i.e. the Whistleblower Policy)
8. Review, with management, policies and procedures with respect to officer expense accounts and use, if any, of corporate assets.
9. The Committee will review the Committee Charter on a periodic basis to ensure it continues to address all significant areas of control and procedures which are appropriate and recommend to the Board appropriate amendments to the Charter consistent with the findings of such reviews.
10. Annually, the Committee shall prepare a report of the Committee to the shareholders to be included in the Company's annual meeting proxy statement.

The Committee shall have the authority to engage independent legal, accounting and other advisers as it deems necessary to carry out its duties. The Committee shall have sole authority to approve related fees and retention terms.
