ARROW RESOURCES DEVELOPMENT, INC. AND SUBSIDIARIES  
(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - NATURE OF BUSINESS / ORGANIZATION

Business Description

Arrow Resources Development, Inc. and Subsidiaries (“the Company”), is a development stage company. The Company was subject to a change of control transaction that was accounted for as a recapitalization of CNE Group, Inc. (“CNE”) in November 2005. Arrow Resources Development, Ltd., (“Arrow Ltd.” or “Arrow”) the Company’s wholly-owned subsidiary, was incorporated in Bermuda in May 2005. Arrow Ltd. provides marketing and distribution services for natural resource products and currently has an exclusive marketing and distribution agreement with Arrow Pacific Resources (s) Pte. Ltd. (“Arrow PNG”) to market lumber and related products from land leased by Arrow PNG’s timber subsidiaries in Papua, New Guinea. Under the agreement Arrow Ltd. will receive a commission of 10% of gross sales derived from lumber and related products.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation:

The accompanying consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Arrow. All significant inter-company balances and transactions have been eliminated.

Income taxes:

The Company follows SFAS No. 109, “Accounting for Income Taxes.” Under the asset and liability method of SFAS No. 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. A valuation allowance has been provided for the Company’s net deferred tax asset, due to uncertainty of realization.

Fair value of financial instruments:

For financial statement purposes, financial instruments include cash, accounts and accrued expenses payable, and amounts due to Empire Advisory, LLC (“Empire”) (as discussed in Notes 6 and 7) for which the carrying amounts approximated fair value because of their short maturity.

Use of estimates:

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

ARROW RESOURCES DEVELOPMENT, INC. AND SUBSIDIARIES  
(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Loss per share:

The Company complies with the requirements of the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 128, "Earning per share" ("SFAS No. 128"). SFAS No. 128 specifies the compilation, presentation and disclosure requirements for earning per share for entities with publicly held common stock or potentially common stock. Net loss per common share, basic and diluted, is determined by dividing the net loss by the weighted average number of common shares outstanding.

Net loss per diluted common share does not include potential common shares derived from stock options and warrants because they are anti-dilutive for the period ended September 30, 2006. As of September 30, 2006, there are no dilutive equity instruments outstanding.

Acquired intangibles:

Intangible assets are comprised of an exclusive sales and marketing agreement. In accordance with SFAS 142, "Goodwill and Other Intangible Assets" the Company assesses the impairment of identifiable intangibles whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors the Company considers to be important which could trigger an impairment review include the following:

1. Significant underperformance relative to expected historical or projected future operating results;
2. Significant changes in the manner of use of the acquired assets or the strategy for the overall business; and
3. Significant negative industry or economic trends.

When the Company determines that the carrying value of intangibles may not be recoverable based upon the existence of one or more of the above indicators of impairment and the carrying value of the asset cannot be recovered from projected undiscounted cash flows, the Company records an impairment charge. The Company measures any impairment based on a projected discounted cash flow method using a discount rate determined by management to be commensurate with the risk inherent in the current business model. Significant management judgment is required in determining whether an indicator of impairment exists and in projecting cash flows.

The sales and marketing agreement will be amortized over 99 years, utilizing the straight-line method. Amortization expense has not been recorded since the acquisition occurred as the company has not yet made any sales.

ARROW RESOURCES DEVELOPMENT, INC. AND SUBSIDIARIES  
(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements:

In May 2005, the FASB issued SFAS 154, "Accounting Changes and Error Corrections," that applies to all voluntary changes in accounting principle. This Statement requires retrospective application to prior periods' financial statements of changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. When it is impracticable to determine the period-specific effects of an accounting change on one or more individual prior periods presented, this Statement requires that the new accounting principle be applied to the balances of assets and liabilities as of the beginning of the earliest period for which retrospective application is practicable and that a corresponding adjustment be made to the opening balance of retained earnings (or other appropriate components of equity or net assets in the statement of financial position) for that period rather than being reported in an income statement. When it is impracticable to determine the cumulative effect of applying a change in accounting principle to all prior periods, this Statement requires that the new accounting principle be applied as if it were adopted prospectively from the earliest date practicable. SFAS 154 will be effective for the Company for fiscal year ended December 31, 2007. The Company does not anticipate that the adoption of SFAS No. 154 will have an impact on the Company's overall results of operations or financial position.

(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (continued):

In February 2006, the FASB issued SFAS 155, "Accounting for Certain Hybrid Financial Instruments—an amendment of FASB Statements No. 133 and 140," that allows a preparer to elect fair value measurement at acquisition, at issuance, or when a previously recognized financial instrument is subject to a remeasurement (new basis) event, on an instrument-by-instrument basis, in cases in which a derivative would otherwise have to be bifurcated. It also eliminates the exemption from applying Statement 133 to interests in securitized financial assets so that similar instruments are accounted for similarly regardless of the form of the instruments. This Statement is effective for all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006. The Company does not anticipate that the adoption of SFAS No. 155 will have an impact on the Company's overall results of operations or financial position.

In March 2006, the FASB issued SFAS 156, "Accounting for Servicing of Financial Assets—an amendment of FASB Statement No. 140," that applies to the accounting for separately recognized servicing assets and servicing liabilities. This Statement requires that all separately recognized servicing assets and servicing liabilities be initially measured at fair value, if practicable. An entity should adopt this Statement as of the beginning of its first fiscal year that begins after September 15, 2006. The Company does not anticipate that the adoption of SFAS No. 156 will have an impact on the Company's overall results of operations or financial position.

In July 2006, the FASB issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes. The Interpretation clarifies the way companies are to account for uncertainty in income tax reporting and filing and prescribes a consistent recognition threshold and measurement attribute for recognizing, derecognizing, and measuring the tax benefits of a tax position taken, or expected to be taken, on a tax return. The Interpretation is effective for fiscal years beginning after December 15, 2006, although early adoption is possible. The Company does not plan to adopt early and the Company is currently in the process of evaluating the impact, if any, the adoption of the Interpretation will have on the 2007 financial statements.

In September 2006, the FASB issued SFAS 157, "Fair Value Measurements," which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements, the Board having previously concluded in those accounting pronouncements that fair value is the relevant measurement attribute. Accordingly, this Statement does not require any new fair value measurements. The adoption of SFAS No. 157 will not have an impact on the Company's overall results of operations or financial position.

In September 2006, the Financial Accounting Standards Board ("FASB") the issued SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans, an Amendment of FASB Statements No. 87, 88, 106, and 132(R)" ("SFAS No. 158"). SFAS No. 158 requires companies to report the funded status of their defined benefit pension and other postretirement benefit plans on their balance sheets as a net liability or asset as of December 31, 2006. The new standard does not address the accounting treatment for pension and postretirement benefits in the income statement. This will have no impact on the Company's results of operations or financial position.

NOTE 3 - AGREEMENT AND PLAN OF MERGER BETWEEN ARROW RESOURCES DEVELOPMENT, LTD.  
AND CNE GROUP, INC.

In August 2005, the Company entered into an Agreement and Plan of Merger (“the Agreement”) with CNE Group, Inc. (“CNE”) under which, CNE was required to issue 10 million shares of Series AAA convertible preferred stock (“the Preferred Stock”) to the Company, representing 96% of all outstanding equity of CNE on a fully diluted basis for the Marketing and Distribution Agreement provided to the Company, Empire, as agent. Under the Agreement, the Company changed its name to Arrow Resources Development, Inc. and divested all operations not related to Arrow Bermuda. The Preferred Stock contained certain liquidation preferences and each share of the Preferred Stock was convertible to 62.4 shares of common stock.

The transaction was consummated upon the issuance of the Preferred Stock on November 14, 2005, which was used to settle the senior secured note payable for \$125,000,000 and \$1,161,000 of cash advances from Empire. The Preferred Stock was subsequently converted to common stock on December 2, 2005, for a total of approximately 649 million shares of common stock outstanding. This was recorded as a change of control transaction that was accounted for as a recapitalization of CNE.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## NOTE 4 - INCOME TAXES

The significant components of the Company's deferred tax assets as of September 30, 2006 are as follows:

Net operating loss carryforward	\$ 2,165,783
Differences resulting from use of cash basis for tax purposes	-
Total deferred tax assets	2,165,783
Less valuation allowance	(2,165,783)
Net deferred tax assets	\$ —

As of September 30, 2006, the Company has a net operating loss carryforward of \$6,369,950 that expires through 2026. The Company has provided a valuation allowance against the full amount of the deferred tax asset due to management's uncertainty about its realization. During the nine months ended September 30, 2006, the increase in the valuation allowance was \$1,029,503.

Net operating losses carried forward from the period prior to the recapitalization generated from discontinued operations of CNE are not available to the Company, as the Company has exited the relevant business activities.

## NOTE 5 - NOTES PAYABLE

As of September 30, 2006 and December 31, 2005, the Company had notes payable outstanding as follows:

Holder	Terms	September 30, 2006	December 31, 2005
Barry Blank (1)	Due on demand, 10% interest	\$ 200,000	\$ 200,000
H. Lawrence Logan	Due on demand, non-interest bearing	25,000	--
Accrued interest (1)		20,000	20,000
<b>Total</b>		<b>\$ 245,000</b>	<b>\$ 220,000</b>

(1) The Company has a note payable outstanding for \$200,000, plus \$20,000 in accrued interest. Although the predecessor company (CNE) reserved 456,740 shares of its common stock to retire this debt pursuant to a settlement agreement, the stock cannot be issued until the party to whom the note was assigned by its original holder emerges from bankruptcy or reorganization. During the nine months ended September 30, 2006, no interest expense was recorded on the note as the number of shares to be issued was determined in the settlement agreement, executed prior to the recapitalization.

(A DEVELOPMENT STAGE COMPANY)  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 6 - MARKETING AND DISTRIBUTION AGREEMENT AND RELATED SENIOR NOTE PAYABLE DUE TO EMPIRE ADVISORY, LLC

As discussed in Note 1, in August 2005, Arrow Ltd. executed a marketing and distribution agreement with Arrow PNG. This agreement was valued at fair value as determined based on an independent appraisal, which approximated the market value of 96% of the CNE public stock issued in settlement of the note.

The marketing and distribution agreement will be amortized over the remainder of 99 years (the life of the agreement) once the Company commences sales. As of December 31, 2005, the Company had recorded a \$125,000,000 amortizable intangible asset for this agreement and corresponding credits to common stock and additional paid-in capital in conjunction with the stock settlement of the senior secured note payable to Empire and related cash advances in the same aggregate amount. The senior secured note payable was non-interest bearing and was repaid in the form of the preferred stock, which was subsequently converted to common stock (See Note 3). Any preferred stock issued under the senior secured note payable is considered restricted as to the sale thereof under SEC Rule 144 as unregistered securities. No amortization of the agreement was taken during the nine months ended September 30, 2006, as the relevant operations had not yet commenced. Operations are expected to commence during the 2007 fiscal year.

NOTE 7 - RELATED PARTY TRANSACTIONS

[1] Management Agreement with Empire Advisory, LLC:

Effective August 1, 2005, Arrow Ltd. entered into a Management Agreement with Empire, under which Empire provides chief executive officer and administrative services to the Company in exchange for a) an annual fee of \$300,000 for overhead expenses, b) \$25,000 per month for rent, c) \$1,000,000 per annum (subject to increases in subsequent years) for executive services, and d) a one-time fee of \$150,000 for execution of the proposed transaction. In addition, the Board of Directors authorized a one-time payment of \$500,000 to Empire upon closing the transaction.

As of September 30, 2006 and December 31, 2005, the Company had short-term borrowings of \$2,354,722 and \$1,282,764, respectively, due to Empire, consisting of cash advances to the Company and working capital raised by Empire, as agent, on behalf of the Company. In addition the Company received advances of \$316,425 and \$50,000, respectively, from Hans Karundeng. The Company will repay the loan amount in cash and conversion of the balance to shares of restricted stock of Arrow Resources Development, Inc., if and when issued. These amounts are non-interest bearing and due on demand.

Peter Frugone is a member of the Board of Directors of the Company and is the owner of Empire. Empire, as agent, was the holder of the \$125,000,000 senior secured note payable settled in December 2005.

Consulting fees and services charged in the Statement of Operations for the nine months ended September 30, 2006 incurred to Empire totaled \$1,151,138.

During the nine months ended September 30, 2006, the Company received additional advances of \$484,142 from Empire under the agreement.

[2] Engagement and Consulting Agreements entered into with individuals affiliated with Arrow PNG:

Consulting fees and services charged in the Statement of Operations for the nine months ended September 30, 2006 incurred to Hans Karundeng and Rudolph Karundeng under Engagement and Consulting Agreements totaled \$1,291,666. In addition, as of September 30, 2006 and December 31, 2005, the Company owed them \$2,049,066 and \$844,212, respectively, under these agreements. These agreements are discussed in detail in Note 10.

**[3] Non-Interest Bearing Advance Received from Company Director:**

In July 2006, the Company received a \$150,000 non-interest bearing advance from John E. McConnaughy, Jr., a Director of the Company, which is due on demand. As of September 30, 2006, the Company has \$125,000 left to be repaid to Mr. McConnaughy, which is included in "Due to Related Parties."

NOTE 8 - STOCKHOLDER'S EQUITY

Arrow Resources Development, Ltd. was incorporated in May 2005 as a Bermuda corporation. Upon incorporation, 1,200,000 shares of \$.01 par value common stock were authorized and issued to CNE.

On November 14, 2005, the Company increased its authorized shares to 1 billion and reduced the par value of its common stock to \$0.00001 per share, resulting in a common stock conversion rate of 1 to 62.4.

On November 14, 2005, the Company completed a reverse merger with CNE Group, Inc. by acquiring 96% of the outstanding shares of CNE's common stock in the form of convertible preferred stock issued in settlement of the senior note payable.

During 2005, CNE divested or discontinued all of its subsidiaries in preparation for the reverse merger transaction. Accordingly, the results of operations for the divested or discontinued subsidiaries are not included in the consolidated results presented herein. In conjunction with the divestitures, CNE repurchased and retired all preferred stock and made certain payments to related parties.

In conjunction with the reverse merger transaction, the Company retired 1,238,656 shares of Treasury Stock.

NOTE 9 - GOING CONCERN

These consolidated financial statements are presented on the basis that the Company is a going concern. Going concern contemplates the realization of assets and the satisfaction of liabilities in the normal course of business over a reasonable period of time.

As shown in the accompanying consolidated financial statements, the Company incurred a net loss of \$3,027,950 for the nine months ended September 30, 2006, and a net loss during the development stage from inception in November 15, 2005 through September 30, 2006 of \$4,300,208. The Company's operations are in the development stage, and the Company has not generated any revenue since inception. The Company's existence in the current period has been dependent upon advances from related parties and other individuals, and the sale of senior notes payable.

The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 10 - COMMITMENTS AND OTHER MATTERS

[1] Engagement and Consulting Agreements entered into with individuals affiliated with Arrow PNG.

Effective May 20, 2005, the Company entered into an Engagement Agreement with Hans Karundeng for business and financial consulting services for fees of \$1,000,000 per annum. The term of the agreement is five years. Payments under the agreement are subject to the Company's cash flow.

Effective August 1, 2005, the Company entered into a Consulting Agreement with Rudolph Karundeng for his services as Chairman of the Board of the Company for fees of \$1,000,000 per annum. The term of the agreement was five years. Rudolph Karundeng is a son of Hans Karundeng. However, on May 1, 2006, the Company accepted the resignation of Rudolph Karundeng as Chairman of the Board, but he will continue to be a director of the Company. Peter Frugone has been elected as Chairman of the Board until his successor is duly qualified and elected. Subsequent

to his resignation, it was agreed that Rudolph Karundeng's annual salary is to be \$500,000 as a director.

During the nine months ended September 30, 2006, the Company made cash payments of \$82,758 to Hans Karundeng and \$23,555 to Rudolph Karundeng under the agreements.

[2] Management Agreement with Empire Advisory, LLC

Effective August 1, 2005, the Company entered into a Management Agreement with Empire, under which Empire provides chief executive officer and administrative services to the Company in exchange for a) an annual fee of \$300,000 for overhead expenses, b) \$25,000 per month for reimbursable expenses, c) \$1,000,000 per annum (subject to increases in subsequent years) for executive services, and d) a one-time fee of \$150,000 for execution of the proposed transaction.

[3] Litigation

The Company is a party to a lawsuit where the plaintiff is alleging that he is entitled to \$60,000 and 1,300,000 of common stock based upon CNE's failure to compensate him for services related to identifying financing for CNE, based upon an agreement that was entered into between CNE and the plaintiff in April 2005. The Company and its counsel strongly feel that the plaintiff's claims against the Company have no merit, the likelihood of an unfavorable outcome is very low, and is prepared to vigorously defend the matter.

In May 2006, the Company was advised that they were in default of a settlement agreement entered into in January of 2005 by CNE related to the release of unrestricted, freely-tradable, non-legend shares of stock. Management has agreed to release shares of the Company's stock in consideration of the above matter.

[4] Consulting and Marketing Agreements

On April 4, 2006, the Company entered into a consulting agreement with Dekornas GMPLH ("Dekornas") (a non profit organization in Indonesia responsible for replanting of trees in areas that were destroyed by other logging companies) in which the Company will provide financial consultancy services to Dekornas for an annual fee of \$1.00 for the duration of the agreement. The term of the agreement is effective upon execution, shall remain in effect for ten (10) years and shall not be terminated until the expiration of at least one (1) year. As of September 30, 2006, the Company has not recovered any revenue from this agreement.

On April 9, 2006, the Company entered into a marketing and distribution agreement with Shanghai Heyang Bio-Technology Development Co., Ltd. ("Shanghai"), a China limited company, in which Shanghai will supply and sell all of its timber resource products through the Company. The Company will market, promote, distribute and sell those timber resource products worldwide. The Company will be entitled to ten percent (10%) of the gross revenue earned by the Company from the sale of the products. The term of the agreement is effective upon execution and shall remain in effect for ninety-nine (99) years. As of September 30, 2006, the Company has not recovered any revenue from this agreement.

On April 14, 2006, the Company entered into a consulting agreement with P.T. Eucalyptus Alam Lestari ("Lestari") in which the Company will provide financial consultancy services to Lestari for an annual fee, payable quarterly, equal to 10% of Lestari's gross revenue payable commencing upon execution. The term of the agreement is effective upon execution, shall remain in effect for ninety-nine (99) years and shall not be terminated until the expiration of at least ten (10) years. As of September 30, 2006, the Company has not recovered any revenue from this agreement.

[5] Stock Purchase Agreement

On August 2, 2006, the Company entered into a stock purchase agreement with Arrow Pacific Resources Group Limited (“APR”) wherein APR agreed to purchase up to an aggregate amount of 15,000,000 shares of common stock in the Company for \$1.00 per share, making this a capital contribution of \$15,000,000 in total. The stock will be delivered at the time the Company files for registration. APR is currently the principal shareholder of the Company, owning 349,370,000 shares or 53.78%. As of September 30, 2006, the Company has received \$200,000 from APR towards the fulfillment of this agreement.

The Company also engages certain consultants to provide services including management of the corporate citizenship program and investor relation services. These agreements contain cancellation clauses with notice periods ranging from zero to sixty days.

NOTE 11 - SUBSEQUENT EVENTS

In October 2006, the Company received an additional \$335,000 capital contribution towards the stock purchase agreement with APR to purchase up to an aggregate amount of 15,000,000 shares of common stock in the Company for \$1.00 per share (as noted in Note 10 above).

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

### **GENERAL**

We are a holding company whose only operating subsidiary as of November 15, 2005 is Arrow Bermuda. The principal business of Arrow is to provide marketing, sales, distribution, corporate operations and corporate finance services for the commercial exploitation of natural resources around the world.

### **FORWARD-LOOKING STATEMENTS**

This report on Form 10-Q contains forward-looking statements relating to such matters as anticipated financial performance and business prospects. When used in this report, the words, "anticipates," "expects," "believes," "may," "intends," and similar expressions are intended to be among the statements that identify forward-looking statements. From time to time, the Company may also publish forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. Forward-looking statements involve risks and uncertainties, including, but not limited to, the consummation of certain events referred to in this report, technological changes, competitive factors, maintaining customer and vendor relationships, inventory obsolescence and availability, and other risks detailed in the Company's periodic filings with the Securities and Exchange Commission, which could cause the Company's actual results and experience to differ materially from the anticipated results or other expectations expressed in the Company's forward-looking statements.

### **ARROW RESOURCES DEVELOPMENT, LTD.**

In August 2005, Arrow entered into an Agreement and Plan of Merger ("the Agreement") with its wholly-owned subsidiary, Arrow Bermuda, in which Arrow (formerly CNE) was required to issue 10,000,000 shares of Series AAA convertible preferred stock ("the Preferred Stock") to Arrow Bermuda's designees, representing 96% of all outstanding equity of CNE on a fully diluted basis in exchange for the Marketing and Distribution Agreement provided to the Company by Arrow. Under the Agreement, the Company discontinued all former operations (CareerEngine, Inc., SRC and US Commlink.) and changed its name to Arrow Resources Development, Inc.

On August 1, 2005, Arrow Ltd. entered into the Marketing Agreement with Arrow Pacific and its subsidiaries in consideration for Arrow issuing a non-interest bearing note (the "Note") in the principal amount of \$125,000,000 to Empire Advisory, LLC, ("Empire"), acting as agent, due on or before December 31, 2005. Empire is Arrow Pacific's merchant banker. The Note permitted the Company, as Arrow's sole stockholder, to cause Arrow to repay the Note in cash or with 10,000,000 shares of the Company's non-voting Series AAA Preferred Stock.

### **CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of net revenue and expenses during the reporting period. On an ongoing basis, we evaluate our estimates, including those related to our allowance for doubtful accounts, inventory reserves, goodwill and purchased intangible asset valuations, and asset impairments. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results may differ from these estimates under different assumptions or conditions. We believe the following critical accounting policies, among others, affect the significant judgments and estimates we use in the preparation of our consolidated financial statements.

## **VALUATION OF PURCHASED INTANGIBLE ASSETS**

We assess the impairment of other amortizable intangible assets and long-lived assets whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Factors we consider important that could trigger an impairment review include significant underperformance to historical or projected operating results, substantial changes in our business strategy and significant negative industry or economic trends. If such indicators are present, we evaluate the fair value of the goodwill. For other intangible assets and long-lived assets we determine whether the sum of the estimated undiscounted cash flows attributable to the assets in question is less than their carrying value. If less, we recognize an impairment loss based on the excess of the carrying amount of the assets over their respective fair values. Fair value of goodwill is determined by using a valuation model based on market capitalization. Fair value of other intangible assets and long-lived assets is determined by future cash flows, appraisals or other methods. If the long-lived asset determined to be impaired is to be held and used, we recognize an impairment charge to the extent the anticipated net cash flows attributable to the asset are less than the asset's carrying value. The fair value of the long-lived asset then becomes the asset's new carrying value, which we depreciate over the remaining estimated useful life of the asset.

## **RECENT ACCOUNTING PRONOUNCEMENTS**

In May 2005, the FASB issued SFAS 154, "Accounting Changes and Error Corrections," that applies to all voluntary changes in accounting principle. This Statement requires retrospective application to prior periods' financial statements of changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. When it is impracticable to determine the period-specific effects of an accounting change on one or more individual prior periods presented, this Statement requires that the new accounting principle be applied to the balances of assets and liabilities as of the beginning of the earliest period for which retrospective application is practicable and that a corresponding adjustment be made to the opening balance of retained earnings (or other appropriate components of equity or net assets in the statement of financial position) for that period rather than being reported in an income statement. When it is impracticable to determine the cumulative effect of applying a change in accounting principle to all prior periods, this Statement requires that the new accounting principle be applied as if it were adopted prospectively from the earliest date practicable. SFAS 154 will be effective for the Company for fiscal year ended December 31, 2007. The Company does not anticipate that the adoption of SFAS No. 154 will have an impact on the Company's overall results of operations or financial position.

In February 2006, the FASB issued SFAS 155, "Accounting for Certain Hybrid Financial Instruments—an amendment of FASB Statements No. 133 and 140," that allows a preparer to elect fair value measurement at acquisition, at issuance, or when a previously recognized financial instrument is subject to a remeasurement (new basis) event, on an instrument-by-instrument basis, in cases in which a derivative would otherwise have to be bifurcated. It also eliminates the exemption from applying Statement 133 to interests in securitized financial assets so that similar instruments are accounted for similarly regardless of the form of the instruments. This Statement is effective for all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006. The Company does not anticipate that the adoption of SFAS No. 155 will have an impact on the Company's overall results of operations or financial position.

In March 2006, the FASB issued SFAS 156, "Accounting for Servicing of Financial Assets—an amendment of FASB Statement No. 140," that applies to the accounting for separately recognized servicing assets and servicing liabilities. This Statement requires that all separately recognized servicing assets and servicing liabilities be initially measured at fair value, if practicable. An entity should adopt this Statement as of the beginning of its first fiscal year that begins after September 15, 2006. The Company does not anticipate that the adoption of SFAS No. 156 will have an impact on the Company's overall results of operations or financial position.

On July 13, 2006, the FASB issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes. The Interpretation clarifies the way companies are to account for uncertainty in income tax reporting and filing and

prescribes a consistent recognition threshold and measurement attribute for recognizing, derecognizing, and measuring the tax benefits of a tax position taken, or expected to be taken, on a tax return. The Interpretation is effective for fiscal years beginning after December 15, 2006, although early adoption is possible. The Company does not plan to adopt early and the Company is currently in the process of evaluating the impact, if any, the adoption of the Interpretation will have on the 2007 financial statements.

In September 2006, the FASB issued SFAS 157, "Fair Value Measurements," which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. This Statement applies under other accounting pronouncements that require or permit fair value measurements, the Board having previously concluded in those accounting pronouncements that fair value is the relevant measurement attribute. Accordingly, this Statement does not require any new fair value measurements. The adoption of SFAS No. 157 will not have an impact on the Company's overall results of operations or financial position.

In September 2006, the Financial Accounting Standards Board ("FASB") the issued SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans, an Amendment of FASB Statements No. 87, 88, 106, and 132(R)" ("SFAS No. 158"). SFAS No. 158 requires companies to report the funded status of their defined benefit pension and other postretirement benefit plans on their balance sheets as a net liability or asset as of December 31, 2006. The new standard does not address the accounting treatment for pension and postretirement benefits in the income statement. This will have no impact on the Company's results of operations or financial position.

## **RESULTS OF OPERATIONS - FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2006**

In November 2005, we discontinued and disposed of our subsidiaries except for Arrow Bermuda in conjunction with the recapitalization of the Company. The Company had no revenue during this period as Arrow Bermuda is still in the development stage. For the three months and nine months ended September 30, 2006 we incurred consulting fees of \$807,300 and \$2,560,972, respectively, of which, \$794,045 and \$2,442,805, respectively, was related to services provided by the Management Agreement with Empire under which Empire provides the services of Chief Executive Officer and administrative services to the Company and consulting services provided by Hans Karundeng and Rudolph Karundeng under Engagement and Consulting Agreements.

## **LIQUIDITY AND CAPITAL RESOURCES**

In November 2005 we discontinued and disposed of our subsidiaries except for Arrow Bermuda in conjunction with the recapitalization of the Company. The Company was recapitalized by the conversion of \$125,000,000 preferred convertible note related to the purchase of the Marketing Agreement. As part of the recapitalization plan the Company settled all outstanding debt except for \$220,000. As of September 30, 2006 and December 31, 2005 the Company had \$- and \$3,084 of cash, respectively. We had losses of approximately \$1.0 million and \$3.0 million for the three and nine months ended September 30, 2006, respectively, and do not currently generate any revenue. In order for us to survive the next twelve months we will need to secure approximately \$350,000 of debt or equity financing, \$335,000 of which the Company has received in October 2006 (as noted in Note 11). We expect to receive the remaining funds no later than November 30, 2006.

We expect to raise the additional financing in the future but there can be no guarantee that we will be successful.

## **OFF-BALANCE SHEET ARRANGEMENTS**

At September 30, 2006 and December 31, 2005, we had no off-balance sheet arrangements.

## **INFLATION**

We believe that inflation does not significantly impact our current operations.

## **RECENT TRANSACTIONS**

None.

## **Item 3. Controls and Procedures**

Management, including the Company's Chief Executive Officer and Principle Accounting Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this report. Based upon that evaluation, the Chief Executive Officer and Principal Accounting Officer concluded that the disclosure controls and procedures were effective to ensure that information required to be disclosed in the reports the Company files and submits under the Exchange Act is (i) recorded, processed, summarized and reported as and when required and (ii) accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding disclosure.

There have been no changes in the Company's internal control over financial reporting identified in connection with the evaluation that occurred during the Company's last fiscal quarter that has materially affected, or that is reasonably likely to materially affect, the Company's internal control over financial reporting.

**PART II - OTHER INFORMATION**

**Item 1. Legal Proceedings**

The Company is a party to a lawsuit where the plaintiff is alleging that he is entitled to \$60,000 and 1,300,000 of common stock based upon CNE's failure to compensate him for services related to identifying financing for CNE, based upon an agreement that was entered into between CNE and the plaintiff in April 2005. The Company and its counsel strongly feel that the plaintiff's claims against the Company have no merit, the likelihood of an unfavorable outcome is very low, and is prepared to vigorously defend the matter.

In May 2006, the Company was advised that they were in default of a settlement agreement entered into in January of 2005 by CNE related to the release of unrestricted, freely-tradable, non-legend shares of stock.
