**ITEM 2.01. COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS**

**Sale of the Assets of the Micro Paint Repair Business Unit**

On November 1, 2007, NeoMedia Technologies, Inc. (“NeoMedia”) executed a definitive purchase agreement (the “DPA”) to sell the assets of its Micro Paint Repair business unit, excluding the US AutoXperience operations, (“MPR”), to Micro Paint Holdings Limited, a New Zealand company (the “Purchaser”), for \$2,000,000 in cash, and \$200,000 in stock of the Purchaser. The DPA calls for closing to occur by November 7, 2007, which has been subsequently mutually extended until November 14, 2007.

In conjunction with the DPA, NeoMedia entered into a Distribution Agreement with the Purchaser (the “Distribution Agreement”), whereby NeoMedia will be authorized by the Purchaser as the exclusive distributor of the Micro Paint products in the United States of America territory. The DPA and the Distribution Agreement were filed previously as exhibit 16.1 and 16.2, respectively, of a Form 8-K filed by NeoMedia on November 7, 2007.

On November 15, 2007, NeoMedia and the Purchaser completed the closing requirements and the transaction became effective.

## **ITEM 9.01. FINANCIAL STATEMENTS, PRO FORMA INFORMATION AND EXHIBITS**

### **Pro Forma Financial Information**

#### **Notes to Unaudited Pro Forma Condensed Combined Financial Statements**

##### **1. Basis of Presentation**

###### **Current Transaction**

On November 15, 2007, NeoMedia completed the sale of the assets of MPR to the Purchaser for \$2,000,000 in cash, and \$200,000 in stock of the Purchaser.

###### **Other Acquisitions and Dispositions**

In addition to the sale of MPR, the following acquisitions and dispositions have occurred since January 1, 2006, and are reflected in the pro forma financial statements presented herein:

###### ***Acquisition and Disposition of BSD Software, Inc.***

On March 21, 2006, NeoMedia acquired all of the outstanding common shares of BSD Software Inc. (“BSD”), in exchange for 7,123,698 shares of NeoMedia common stock, valued at \$0.3467. Pursuant to the terms of the merger, BSD was merged with and into NeoMedia Telecom Services, Inc., a wholly-owned subsidiary of NeoMedia, and on March 21, 2006 began operating as the NeoMedia Telecom Services Business Unit. Through the acquisition of BSD, NeoMedia acquired 8,080,000 shares, representing 90.19% ownership, of common stock of Triton Global Business Services, Inc. (“Triton”), a provider of live and automated operator calling services and e-business support, including billing, clearinghouse and information management services, to companies in the telecommunications industry. The operations of Triton comprised 100% of the operations of BSD before the transaction and NeoMedia Telecom Services after the transaction. The acquisition of BSD by NeoMedia was transacted for the purpose of acquiring these operations.

On October 30, 2007, NeoMedia completed the sale of its 8,080,000 shares of Triton to Greywolf Entertainment, Inc., a Canadian company (the “Buyer”), for \$1,350,000 cash. NeoMedia also issued 6,190,476 shares of its common stock to the principal shareholder and CEO of the Buyer as additional consideration in the transaction. Due to the fact that Triton comprised 100% of the operations of NeoMedia’s Telecom Services business unit, as a result of the sale of all of its shares of Triton NeoMedia discontinued the operations of its Telecom Services business unit effective with the sale.

###### ***Acquisition of Gavitec AG***

On February 23, 2006, NeoMedia acquired all of the outstanding shares of Gavitec AG (“Gavitec”) of Wuerselen, Germany, in exchange for \$1,800,000 cash and 13,660,511 shares of NeoMedia common stock, calculated by dividing \$5,400,000 by the volume-weighted average closing price of NeoMedia common stock for the ten days up to and including February 16, 2006.

###### ***Acquisition and Disposition of 12Snap AG***

On February 28, 2006, NeoMedia acquired all of the outstanding shares of 12Snap AG (“12Snap”) in exchange for \$2,500,000 cash and \$19,500,000 in stock, represented by 49,294,581 shares of NeoMedia common stock. On April 4, 2007, NeoMedia reached an agreement with an independent buyer (the “12Snap Buyer”), pursuant to which the 12Snap Buyer purchased from NeoMedia 90% of the shares of 12Snap, subject to the following material terms and conditions:

3

---

- \$1,100,000 was paid in cash at closing, and \$500,000 was placed into an escrow account for 90 days to secure warranty claims;
- The 12Snap Buyer waived his portion of the Purchase Price Guarantee Obligation in the amount of \$880,000;
  - The 12Snap Buyer returned to NeoMedia 2,525,818 NeoMedia shares previously issued to Buyer;
- 12Snap management waived their portion of the Purchase Price Guarantee Obligation in the amount of \$880,000;
- 12Snap management returned to NeoMedia 2,525,818 shares of NeoMedia common stock previously issued to 12Snap management;
- NeoMedia will retain a 10% ownership in 12Snap, subject to an option agreement pursuant to which NeoMedia has the right to sell and Buyer has the right to acquire the remaining 10% stake held by NeoMedia for a purchase price of \$750,000 after December 31, 2007; and
- 12Snap and NeoMedia executed a cooperation agreement pursuant to which 12snap remains NeoMedia preferred partner and enjoy most favored prices, and 12snap will perform certain research and development functions for NeoMedia.

### ***Mobot, Inc. and Sponge Ltd.***

On February 17, 2006, NeoMedia acquired all of the outstanding shares of Mobot, Inc. (“Mobot”) in exchange for \$3,500,000 cash and \$6,500,000 in stock, represented by 16,931,493 shares of NeoMedia common stock. On February 23, 2006, NeoMedia acquired all of the outstanding shares of Sponge Ltd. (“Sponge”) in exchange for \$6,141,000 cash and \$13.1 million in stock, represented by 33,097,135 shares of NeoMedia common stock.

On November 14, 2006, NeoMedia divested of 92.5% of its ownership interest in Mobot. On December 6, 2006, NeoMedia sold 82% of its ownership interest in Sponge. Because the acquisition and disposition of Mobot and Sponge occurred during the year ended December 31, 2006, the results of these entities are not shown separately in these pro forma financial statements.

***Presentation***

The unaudited pro forma condensed combined balance sheet as of September 30, 2007 gives effect to the dispositions of the MPR and Telecom Services businesses as if they each had occurred as of September 30, 2007.

The unaudited pro forma condensed combined historical statement of operations for the nine months ended September 30, 2007 gives effect to the dispositions of the MPR, Telecom Services and 12Snap businesses as if they had occurred as of January 1, 2007. Since all three businesses are classified as discontinued operations in NeoMedia's historical statement of operations for the nine months ended September 30, 2007, there are no pro forma adjustments to NeoMedia's loss from continuing operations. The weighted average number of shares outstanding during the nine months ended September 30, 2007 was adjusted to reflect shares that were issued in connection with the sale of Telecom Services, and shares that returned to NeoMedia and retired in connection with the sale of 12Snap.

The unaudited pro forma condensed combined historical statement of operations for the year ended December 31, 2006 gives effect to the disposition of MPR as if it had occurred on January 1, 2006. Since the results of operations of MPR were classified as discontinued operations for the year ended December 31, 2006 in NeoMedia's consolidated statement of operations, there are no pro forma adjustments to NeoMedia's loss from continuing operations resulting from the sale of MPR. The statement also gives effect to the acquisitions of 12Snap and Gavitec as if they had occurred as of January 1, 2006, combining the historical results of NeoMedia for the year ended December 31, 2006 with the historical results of each entity for the year ended December 31, 2006. The acquisition and disposition of Telecom Services, Sponge and Mobot are assumed to have occurred on January 1, 2006, such that the net effect of the acquisition and disposition of each entity on the pro forma consolidated results of operations for the year ended December 31, 2006 is zero. Telecom Services operations for the year ended December 31, 2006 are shown separately in the pro forma statement of operations for informational purposes only.

The unaudited pro forma combined financial statements included in this filing have been prepared by the managements of NeoMedia, MPR, Gavitec, 12Snap, and BSD without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations. However, the managements of NeoMedia, MPR, Gavitec, 12Snap, and BSD believe that the disclosures are adequate to make the information not misleading.

The pro forma adjustments are based on currently available information and upon estimates and assumptions that we believe are reasonable under the circumstances. The unaudited pro forma financial data do not purport to represent what NeoMedia's financial position or results of operations would actually have been if such transactions had occurred on those dates and are not necessarily representative of NeoMedia's financial position or results of operations for any future period. The unaudited pro forma financial statements should be read in conjunction with the separate historical financial statements and footnotes of NeoMedia included in Form 10-K for the year ended December 31, 2006, with the separate historical financial statements and footnotes of MPR for the years ended August 31, 2003 and 2002 (included in Form 8-K/A filed with the SEC on April 12, 2004), with the separate historical financial statements and footnotes of Mobot for the years ended December 31, 2005 and 2004 (included in Form 8-K/A filed with the SEC on May 3, 2006), with the separate historical financial statements and footnotes of Sponge for the years ended September 30, 2005 and 2004 (included in Form 8-K/A filed with the SEC on June 21, 2006), with the separate historical financial statements and footnotes of Gavitec for the years ended December 31, 2005 and 2004 (in Form 8-K/A filed with the SEC on May 8, 2006), with the separate historical financial statements and footnotes of 12Snap for the years ended December 31, 2005 and 2004 (included in Form 8-K/A filed with the SEC on May 8, 2006), and with the separate historical financial statements and footnotes of BSD for the years ended December 31, 2005 and 2004 (included in Form 8-K/A filed with the SEC on June 8, 2007).

## **2. Preliminary Price Allocation**

A final determination of the allocation of the sale of the assets and liabilities of MPR has not been made. Any allocation reflected in the unaudited pro forma combined financial statements is based on management's best judgment and estimate of the accounting treatment of the transaction, and should be considered preliminary. The final allocation could differ materially from the pro forma allocation included herein.

## **3. Pro forma Net Loss Per Share**

The pro forma basic and dilutive net loss per share are based on the pro forma weighted average number of shares of NeoMedia's common stock as if the shares issued to acquire Gavitec, 12Snap, BSD, Mobot and Sponge had been issued at the beginning of the period shown. Shares issued and returned to NeoMedia in connection with the Sponge and 12Snap transactions are assumed to have been issued and retired at the beginning of the period shown. Shares issued in connection with the sale of BSD are assumed to have been issued at the beginning of the period shown. Dilutive shares are not included in the computation of pro forma dilutive net loss per share as their effect would be anti-dilutive.

**Pro-forma Adjustments**

- (A) - Derived from audited interim financial statements for the year ended December 31, 2006
- (B) Results of Gavitec and 12Snap were included in NeoMedia's historical consolidated results for the year ended December 31, 2006 as follows: Gavitec (February 24 - December 31) and 12Snap (March 1 - December 31). This column reflects the results of operations of these acquired entities for the period from January 1, 2006 through the acquisition date of each entity. It is important to note that results of operations of subsidiaries Mobot and Sponge are not shown for pro forma purposes. Since each entity was acquired and disposed of during the year ended December 31, 2006, the net effect for pro forma purposes on the results of operations is zero. The results from Mobot and Sponge have therefore been eliminated of repurposes of this pro forma statement of operations.
- (C) For pro forma purposes, acquisition of NeoMedia Telecom Services and the discontinuation of the business resulting from NeoMedia's sale of its ownership interest in Triton, are assumed to have occurred on January 1, 2006. As a result, there is no net effect on the pro forma consolidated statement of operations from these transactions. The results of the Telecom Services business are shown separately for presentation purposes only.
- (D) Pro forma adjustments are to (i) remove results of operations for Telecom Services included in NeoMedia's results of operations for the period from March 21, 2006 (date of acquisition) through December 31, 2006, (ii) reflect additional amortization of acquired intangible assets for the period from January 1, 2006 through the actual acquisition dates of Gavitec and 12Snap in the amount of \$88,000 and \$143,000, respectively. Since operations of MPR were classified as discontinued operations in NeoMedia's consolidated financial statements for the year ended December 31, 2006, no pro forma adjustments are required to adjust NeoMedia's loss from continuing operations assuming the disposition of MPR occurred on January 1, 2006.
- (E) Adjustment to increase the number of shares included in NeoMedia's actual weighted average shares outstanding for the year ended December 31, 2006 to the weighted average number of shares that would have been outstanding for pro forma purposes if the acquisitions of Telecom Services, 12Snap, Gavitec, Mobot, and Sponge, and the dispositions of Telecom Services, Mobot and Sponge, had occurred on January 1, 2006. Acquisition and sale prices are calculated based on the stock price around January 1, 2006.
