PROXY STATEMENT

The following statement, first mailed on or about June 29, 2009, is furnished in connection with the solicitation by the Board of Directors (the "Board") of World Acceptance Corporation (the "Company") of proxies to be used at the Annual Meeting of Shareholders of the Company (the "Meeting") to be held on August 5, 2009, at 11:00 a.m., local time, at the Company's main office at 108 Frederick Street, Greenville, South Carolina, and at any adjournment or adjournments thereof.

Copies of the Company's 2009 Annual Report are provided with this proxy statement. These documents are also available for review on the Internet at <http://www.irinfo.com/wrld/WRLD2009.html>.

The accompanying form of proxy is for use at the Meeting if a shareholder is unable to attend in person or plans to attend but prefers to vote by proxy. The proxy may be revoked by the shareholder at any time before it is exercised by submitting to the Secretary of the Company written notice of revocation, or a properly executed proxy of a later date, or by attending the Meeting and electing to vote in person. All shares represented by valid proxies received pursuant to this solicitation, and not revoked before they are exercised, will be voted in the manner specified therein. If no specification is made, the proxies will be voted in favor of:

1. The election to the Board of the seven (7) nominees named in this Proxy Statement; and
2. The ratification of the Audit Committee's selection of KPMG LLP as the independent registered public accounting firm to audit the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending March 31, 2010.

The entire cost of soliciting these proxies will be borne by the Company. In addition to the solicitation of the proxies by mail, the Company will request banks, brokers, and other record holders to send proxies and proxy materials to the beneficial owners of the Company's common stock, no par value (the "Common Stock"), and secure the beneficial owners' voting instructions, if necessary. The Company will reimburse them for their reasonable expenses in so doing. If necessary, the Company may use several of its regular employees, who will not be specially compensated, to solicit proxies from shareholders, either personally or by other forms of communication.

Pursuant to the provisions of the South Carolina Business Corporation Act, the Board of Directors has fixed June 17, 2009 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and, accordingly, only holders of record of outstanding shares (the "Shares") of the Common Stock at the close of business on that date will be entitled to notice of and to vote at the Meeting.

The number of outstanding Shares entitled to vote as of the record date was 16,231,962. Each Share is entitled to one vote. In accordance with South Carolina law and the Company's bylaws, a majority of the outstanding Shares entitled to vote, represented in person or by proxy, will constitute a quorum for the election of directors and the ratification of the selection of auditors. Abstentions and broker non-votes (if any) will be counted for purposes of determining the presence or absence of a quorum.

With regard to the election of directors, votes may either be cast in favor of or withheld, and directors will be elected by a plurality of the votes cast. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the election of directors. Selection of the independent registered public accounting firm will be ratified if more votes are cast in favor of such proposal than are cast against it. Accordingly, abstentions will have no effect on the outcome of the vote on these proposals. Broker non-votes (if any), will not be counted as votes cast and will have no effect on the outcome of the vote on any proposals. Cumulative voting is not permitted under the Company's articles of incorporation.

On June 17, 2009, the only class of voting securities the Company had issued and outstanding was its Common Stock. The following table sets forth the names and addresses of, and the numbers and percentages of Shares beneficially owned by, persons known to the Company to beneficially own five percent or more of the outstanding Shares as of June 17, 2009. Except as noted otherwise, each shareholder listed below possesses sole voting and investment (dispositive) power with respect to the Shares listed opposite the shareholder's name.

ELECTION OF DIRECTORS

The Company's bylaws provide for seven directors. The Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated the director candidates described below. It is intended that the persons named in the accompanying proxy will vote only for the seven nominees for director named on the following pages, except to the extent authority to so vote is withheld with respect to one or more nominees. Each director will be elected to serve until the next annual meeting of shareholders or until a successor is elected and qualified. Directors will be elected by a plurality of the votes cast.

Although the Board does not expect that any of the nominees named will be unavailable for election, in the event of a vacancy in the slate of nominees occasioned by death or any other unexpected occurrence, it is intended that Shares represented by proxies in the accompanying form will be voted for the election of a substitute nominee selected by the Nominating and Corporate Governance Committee.

During the most recent fiscal year, the Board of Directors held four regularly scheduled meetings and took a number of actions by written consent. Each director attended all meetings of the Board of Directors and all meetings of each committee on which he served. The Board typically schedules a meeting in conjunction with the Company's annual meeting of shareholders and expects that all directors will attend the annual meeting absent a schedule conflict or other valid reason. All of our directors attended the Company's fiscal 2008 Annual Meeting.

The Board of Directors maintains an Audit Committee on which Messrs. Way (Chairman), Bramlett, and Whitaker serve. The Audit Committee reviews the results and scope of each audit, the service provided by the Company's independent registered public accounting firm and all related-party transactions. The Board has determined, in accordance with NASDAQ independence requirements, that each member of the Audit Committee is an independent director. In addition, the Board has determined that each member of the Audit Committee meets the heightened standards of independence for audit committee members under the Securities Exchange Act of 1934. The Audit Committee met four times during fiscal 2009 and once thus far in fiscal 2010 prior to the filing of this Proxy Statement. This included quarterly conference call meetings with management and the Company's independent auditors to review interim financial information prior to its public release. Additional information regarding the Audit Committee is set forth below under "Appointment of Independent Registered Public Accountants."

The Company's Audit Committee, consistent with its established practice, reviews and considers any "related person" transactions, within the meaning of Item 404(a) of Regulation S-K under the Securities Act of 1933, as well as any matters regarding the Company's outside directors, that the Committee believes may present a conflict of interest or potentially impair the independence of one of the Company's outside directors. The Committee typically conducts this review in conjunction with the preparation of materials for the Company's annual meeting of shareholders, or on any such other occasion when such transactions are brought to the attention of the Committee, and applies its own judgment, in conjunction with SEC disclosure and NASDAQ independence rules, in assessing such transactions and determining the impact of such transactions on the independence of an outside director.

The Board also maintains a Compensation and Stock Option Committee on which Messrs. Bramlett (Chairman), Hummers and Way serve. This Committee establishes and reviews the compensation criteria and policies of the Company, reviews the performance of selected officers of the Company and recommends appropriate compensation levels to the Board of Directors. Additionally, this Committee administers the Company's 1992, 1994, 2002, 2005 and 2008 Stock Option Plans. The Board has determined, in accordance with NASDAQ independence requirements, that each member of the Compensation and Stock Option Committee is an independent director. The Compensation and Stock Option Committee met four times during the most recent fiscal year and four times thus far in fiscal 2010 prior to the filing of this Proxy Statement. Additional information regarding the Compensation and Stock Option Committee is set forth below under "Executive Compensation – Compensation Discussion and Analysis."

The Board also maintains a Nominating and Corporate Governance Committee on which Messrs. Gilreath (Chairman), Hummers and Whitaker serve. This committee makes recommendations to the Board regarding nominations for director and senior executive candidates, makes recommendations regarding membership of Board Committees and reviews issues with respect to the structure of Board meetings. This Committee meets at the discretion of the Board or at the call of any two directors. The Board has determined, in accordance with NASDAQ independence requirements, that each member of the Nominating and Corporate Governance Committee is an independent director. This Committee met once in fiscal 2009 and once thus far in fiscal 2010 prior to the filing of this Proxy Statement. Additional information regarding the Nominating and Corporate Governance Committee is set forth below under "Corporate Governance Matters – Director Nominations."

Below is a list of nominees for election to the Board of Directors. Each nominee's name, age, current principal occupation (which has continued for at least five years unless otherwise indicated) and the name and principal business of the organization in which that occupation is carried on, the year each incumbent was first elected to the Board, all positions and offices presently held with the Company, and directorships in other public companies are set forth below. Each of the nominees served on the Board of Directors during the Company's last fiscal year. None of the following nominees or current directors is related (as first cousin or closer) by blood, marriage, or adoption to any other nominee, director, or person who may be deemed to be an executive officer of the Company.

The Board unanimously recommends a vote FOR the election of these nominees for Director.

CORPORATE GOVERNANCE MATTERS

Corporate Governance Policy and Committee Charters

In furtherance of its goal of providing effective governance of the Company's business and affairs for the benefit of shareholders, the Board of Directors of the Company has adopted a corporate governance policy. Copies of the governance policy and the committee charters for the Company's Audit Committee, Compensation and Stock Option Committee and Nominating and Corporate Governance Committee are available on the Company's website, at www.worldacceptance.com as well as by mail to any shareholder who requests a copy by writing to the Company's Corporate Secretary at P.O. Box 6429, Greenville, SC 29606.

Director Independence

The Board of Directors has determined that a majority of its members, specifically, Mr. James R. Gilreath, Mr. William S. Hummers, III, Mr. Charles D. Way, Mr. Ken R. Bramlett, Jr. and Mr. Darrell E. Whitaker, are independent within the meaning of the independence requirements of NASDAQ. In considering its independence determination with respect to Mr. Hummers, the Board considered Mr. Hummers' position as a director of the parent corporation of one of the lenders under the Company's revolving credit facility and determined that this relationship did not impair Mr. Hummers' independence. Mr. A. Alexander McLean, Chairman and Chief Executive Officer, and Mr. Mark C. Roland, President and Chief Operating Officer, do not meet the independence requirements of NASDAQ.

Audit Committee Financial Experts

The Board of Directors has determined that each current member of the Audit Committee, Mr. Way, Mr. Bramlett and Mr. Whitaker, is an audit committee financial expert. Each of these three directors is also "independent" as that term is defined in accordance with the independence requirements of NASDAQ.

Executive Sessions of Non-Management Directors

Non-management Board members meet without management present at regularly scheduled executive sessions. In addition, to the extent that the group of non-management directors include directors that are not independent directors, at least once a year an executive session including only independent directors will be scheduled. Mr. Gilreath, or any successor Chairman of the Nominating and Corporate Governance Committee, will preside over meetings of the non-management or independent directors.

Code of Business Conduct and Ethics

The Company has adopted a written Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all directors, employees and officers of the Company (including the Company's Chief Executive Officer (principal executive officer) and Senior Vice President and Chief Financial Officer (principal financial and accounting officer)). The Code of Ethics has been incorporated by reference as an exhibit to the Company's Annual Report on Form 10-K for the year ended March 31, 2009. A copy of the Code of Ethics is also available on the Company's website at www.worldacceptance.com, and to any shareholder who requests a copy by writing to the Company's Corporate Secretary at P.O. Box 6429, Greenville, South Carolina 29606.

Shareholder Communications with Directors

Any shareholder who wishes to communicate with the board of directors, or one or more individual directors, may do so by writing to this address:

World Acceptance Corporation
Board Administration
c/o Corporate Secretary
P. O. Box 6429
Greenville, South Carolina 29606

Your letter should indicate that you are a shareholder. Depending on the subject matter, management will:

- Forward the communication to the director or directors to whom it is addressed;
- Attempt to address the communication directly, for example, where it is a request for information about the Company or a stock-related matter; or
- Not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic.

At each meeting of the Board, a member of management will present a summary of all communications received since the last meeting that were not forwarded. Those communications are available to the directors on request.

Director Nominations

The Board of Directors is responsible for nominating members of the Board and for filling vacancies on the Board that may exist between annual meetings of shareholders, except to the extent that the Company's bylaws or applicable South Carolina law require otherwise. The Board of Directors has delegated the screening process for director nominees to the Nominating and Corporate Governance Committee (the "Governance Committee"). The Company's Governance Committee consists of three "independent" directors, as determined by the Board in accordance with applicable NASDAQ standards.

The Company's corporate governance policy outlines certain minimum criteria for Board membership. These criteria reflect the Board's belief that all directors should have the highest personal and professional integrity and, as a general rule, should be persons who have demonstrated exceptional ability, diligence and judgment. In addition, the policy requires that at least a majority of the Board consist of independent directors. The Governance Committee has not developed or recommended to the Board any specific criteria for Board membership to complement these general criteria. However, the Governance Committee believes that directors should, at a minimum, have expertise that may be useful to the Company. Directors should also be willing and able to devote the required amount of time to Company business.

The Governance Committee applies these criteria when evaluating all nominee candidates. When current Board members are considered for nomination for re-election, the Governance Committee also considers their prior Board contributions and meeting attendance records.

When seeking director candidates, the Governance Committee may solicit suggestions from incumbent directors, management or others. Consistent with the Company's corporate governance policy, the Governance Committee will also consider candidates recommended by shareholders, provided that such nominations are made in writing and are received by the Company at its executive offices not later than, in the case of nominees to be considered for election at the 2010 Annual Meeting of Shareholders, March 2, 2010 (which is the business day closest to, but not less than, 120 days prior to the anniversary of this Proxy Statement). Any nomination should be sent to the attention of the Company Secretary and must include, concerning the director nominee, the following information: full name, age, date of birth, educational background and business experience, including positions held for at least the preceding five years. The nomination must also include the nominee's home and business addresses and telephone numbers and include a signed representation by the nominee to timely provide all information requested by the Company as part of its disclosure in regard to the solicitation of proxies for the election of directors. The name of each such candidate for director must be placed in nomination at the Annual Meeting by a shareholder present in person. The nominee must also be present in person at the meeting. A vote for a person who has not been duly nominated pursuant to these requirements is void.

The Governance Committee's process for recommending nominees begins with a preliminary assessment of each candidate based on the individual's resume and biographical information, willingness to serve and other background information. This information is evaluated against the criteria stated above and the specific needs of the Company at that time. After these preliminary assessments, the candidates who appear best suited to meet the Company's needs may be invited to participate in a series of interviews to continue the evaluative process. Incumbent directors, however, generally are not required to interview again. On the basis of the information learned during this process, the Governance Committee determines which nominees to recommend to the Board for nomination.

The Company's Governance Committee does not currently use the services of any third party search firm to assist in identifying or evaluating board candidates. However, the Committee may engage a third party to provide these services in the future, as it deems appropriate at the time.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10 percent of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, directors, and greater-than-10-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, all of the Company's executive officers, directors, and greater-than-10-percent beneficial owners have complied with such reporting requirements during the fiscal year ended March 31, 2009, except that the two Form 4 reports with respect to two transactions were filed late for Mr. Darrell E. Whitaker.

Process Overview

The Company's Compensation and Stock Option Committee (sometimes referred to below as the Compensation Committee or the Committee) is empowered to review and approve, or in some cases recommend for approval by the full Board of Directors, the annual compensation paid to, and the compensation practices and procedures regarding, the five executive officers of the Company identified below in the Summary Compensation Table, who are also sometimes referred to in this Proxy Statement as the Company's Named Executive Officers, ("NEOs"): Chief Executive Officer ("CEO"); President and Chief Operating Officer ("COO"); Senior Vice President and Chief Financial Officer ("CFO"); Senior Vice President – Mexico; and Senior Vice President – Southern Division. The Company's Compensation Committee is also empowered to review and approve, or in some cases recommend for approval by the full Board of Directors, the annual compensation and compensation practices and procedures regarding the 2 executive officers who are not NEOs, and the 24 non-executive officers of the Company.

Role of Executives in Establishing Compensation

The Company's CEO plays a role in the assessment and recommendation of compensation award decisions for his direct reports, including the assessment and recommendation of compensation for the Company's CFO. He provides information to the Committee regarding compensation matters and, in such instances, helps set the agenda for compensation discussions. He does not play a role in recommendations regarding his own compensation, the compensation of the Company's directors or the compensation of employees other than his direct reports.

Compensation Committee Activity

The Compensation Committee meets as often as it determines necessary to carry out its duties and responsibilities. This includes regularly scheduled meetings and, if necessary, special meetings. The regular meeting schedule is established in consultation with management. The Committee members review and approve the minutes of each meeting. Any special meetings of the Committee are initiated by the Chairman of the Committee or at management's request. Generally, the agenda for each meeting includes regular administrative items to be considered by the Committee and any specific topics the Chairman or any other Committee member may want to discuss. The Committee from time to time seeks input from the CEO in setting the agenda. Members of management provide information to the Committee that management believes will be helpful to the Committee in discussing agenda topics. Management also provides materials that the Committee specifically requests.

The Company's CEO is typically invited to attend general sessions of the Compensation Committee, and, depending upon the topic to be discussed, may be invited to attend executive sessions of the Committee. The Committee believes that the CEO's insight into particular compensation matters is an important factor when discussing and making such decisions regarding such matters. The Company's CEO is not present during Committee discussions concerning his own compensation. Other members of management attend meetings and executive sessions upon invitation by the Committee if and when the Committee believes their advice and input regarding specific matters before the Committee would be useful and appropriate.

The Committee met four times since the beginning of the last fiscal year and four times in fiscal 2010 prior to the filing of this Proxy Statement. The authority and responsibilities of the Compensation Committee are set forth in more detail in the Committee's charter, which is available on the Company's website, at www.worldacceptance.com.

Objectives of the Compensation Program

The primary objectives of the Company's compensation program, including the executive compensation program, are (i) to attract and retain highly capable and well-qualified executives and other employees, (ii) to focus executives on driving specified operating results and (iii) to focus executives' efforts on increasing shareholder value. A further objective of the compensation program is to provide incentives and rewards to executives and other employees for their contribution to the Company. In addition, the Company strives to promote an ownership mentality among executives, other employees and the Board of Directors and to structure compensation programs and make compensation decisions that are based on performance.

What the Company's Compensation Program is Designed to Reward

The Company's compensation program is designed to create a collegial atmosphere that encourages executives to cooperate toward the achievement of goals that benefit the Company and shareholders as a whole, while at the same time rewarding each executive's and other employee's individual contribution to the Company. The Committee has established a compensation package consisting of base salary, short-term incentive compensation in the form of annual cash bonuses based on the performance of the Company during the prior fiscal year, and long-term incentive compensation primarily in the form of discretionary stock options and restricted stock awards that historically have vested over a period of time.

The Compensation Committee believes that it is desirable to tie a significant percentage of the executive officer's overall compensation to the achievement of performance goals designed to maximize shareholder value. Accordingly, executive employment agreements and Executive Incentive Plan provide for base salary levels, subject to adjustment at the discretion of the Compensation Committee, and potentially significant annual cash bonus awards based on the achievement of objective annual Company performance goals. The Committee intends to use stock options and restricted stock, with appropriate vesting criteria, as further means of attracting and retaining qualified and highly talented executive officers with a market competitive compensation program that supplements the base salary and bonus elements with longer-term incentives. The Committee also believes that these equity-based awards serve the useful purpose of fostering an ownership mentality in executives and fairly linking the value of a significant component of executive compensation to the value realized by the Company's shareholders. The same key components and compensation philosophy, at differing amounts, are applied to key employees at all levels within the Company.

The Executive Incentive Plan is based on the Company's achievement of pre-established annual goals related to (1) increases in earnings per share, (2) growth in loan receivables, (3) expense control, and (4) charge-off control. The Compensation Committee selected these goals to motivate and reward the maximization of shareholder value based on its belief that earnings per share is the most direct measure of shareholder value and that growth in loans receivable combined with expense control and charge-off control are the three most significant determinants of earnings per share. In fiscal 2009, incentive compensation averaged approximately 73.0% of the total compensation earned by the NEOs.

Stock price performance has not been a factor in determining annual compensation because the price of the Company's stock is subject to a variety of factors outside management's control such as historically low float and trading volumes. The Company has not historically used a rigid formula for allocating between cash and non-cash compensation.

Compensation Benchmarking

The Compensation Committee has the sole authority to hire and dismiss outside compensation consultants. In June 2007, the Committee engaged Semler Brossy Consulting Group, LLC ("Semler Brossy") to prepare a compensation survey and in October 2007 engaged Semler Brossy again to prepare proposed long term incentive guidelines for the CEO, CFO, and COO positions. Semler Brossy compared the compensation and long-term incentive program for these three executives with the compensation programs of a 13 company peer group selected by Semler Brossy and consisting of publicly traded, consumer finance businesses, and other non-banking companies ranging from one-third to three times the Company's market capitalization as of March 31, 2006. The peer group companies were as follows: Advance America Cash Advance Centers; Cash America International Inc.; CompuCredit Corp; Credit Acceptance Corp; EZCORP Inc; First Cash Financial Services Inc.; Infinity Property and Casualty Corp; National Interstate Corp; QC Holdings Inc.; RLI Corp; Safety Insurance Group Inc.; and United PanAm Financial Corp. This peer group was selected in an effort to ensure that our total compensation programs for these three executive officers are competitive in attracting and retaining exceptional executive talent. As of the survey date these 13 companies market capitalization ranged from \$227 million to \$2.0 billion, and the Company's market capitalization ranked seventh among this group. Based on the surveys, the Company's fiscal 2007 compensation was as follows:

- Cash compensation for the CEO and CFO was below the 25th percentile and essentially equal to the median for the COO.
- Long-term incentive levels were below competitive levels for the CEO, but above competitive levels for the COO and CFO. In fiscal 2007 these three executives received identical dollar value long-term incentive awards.
- Total compensation (cash and equity grants) for the CEO was below competitive levels, but both the COO and CFO were paid within a reasonable competitive range.

After reviewing the 2007 surveys, the Compensation Committee made a one-time adjustment to the three executives' base salaries to be more in line with the competitive levels. The base salary adjustment was transitioned over a two-year period (fiscal 2008 and fiscal 2009).

Semler Brossy also suggested that the Compensation Committee consider a transition towards a more structured annual equity grant approach in which long-term incentive awards are made annually to these three executives in amounts equal to a percentage of each executive's base salary. The Compensation Committee used the 2007 survey results in the development of the compensation programs for 2008 and 2009 for the CEO, CFO and COO.

For fiscal 2008 and 2009, the Compensation Committee changed the long-term incentive award targets for these three executive officers to receive equity grants within the following target ranges:

Executive	Long Term Incentive Target			
	Percent of Salary Target	Maximum	Time Based	Percent of Shares Awarded Performance Based
A.A. McLean III	125%	175%	67%	33%
Kelly M. Malson	75%	125%	67%	33%
Mark C. Roland	90%	140%	67%	33%

In May 2009, the Compensation Committee engaged Semler Brossy, to perform a similar survey for the senior vice presidents of operation. As of the date of filing this Proxy Statement, the survey had not been completed.

Executive Officer Changes

As of May 19, 2008, Mr. Souza was designated as an executive officer. There were no other changes to the Company's executive officers during fiscal 2009.

The Role of Employment Agreements

The Company maintains employment agreements with Mr. McLean, Mr. Roland, Ms. Malson and Mr. Souza, which are described below in more detail under "Executive Compensation – Retention Agreements." The Committee believes that the employment contracts are necessary to secure the services of those individuals on the terms and conditions stated in the agreements, and to provide management stability should there occur a significant corporate change in control event. The employment agreements with these executives run for three-year terms expiring on May 20, 2010, May 20, 2010, August 26, 2010 and May 31, 2011, respectively. These agreements generally provide for the payment of severance benefits above and beyond compensation accrued through the date of separation in cases in which the executive is terminated without cause or is constructively discharged. In cases of a change in control of the Company (as generally defined under the agreements in accordance with Section 409A of the Internal Revenue Code), the severance benefits are triggered only in the event there is both a change in control and the executive is terminated without cause or constructively discharged within two years following the change in control, except Mr. Souza whose benefits are triggered within one year following a change in control. The Committee believes that the change in control severance triggers in these agreements strike an appropriate balance between Company and shareholder concerns about executive retention in the event of a change in control versus the executives' legitimate concerns regarding termination or diminution of duties in such an event.

Elements of Company's Compensation Program

Base Salary and Executive Incentive Plan

Annual executive officer cash compensation consists of a base salary component and the Executive Incentive Plan discussed above. It is the Compensation Committee's intention to set total executive cash compensation high enough to attract and retain highly capable and well-qualified executives, but at levels that fairly balance the goals of compensation relative to the interests of the Company's shareholders and are dependent to a significant extent on Company performance.

A key objective of the executive pay program is to deliver compensation that is related to the Company's performance. In determining how compensation is allocated among the various compensation elements and appropriate levels of each, the Committee reviews competitive practice and internal relationships among executives and the other employees of the Company. Long-term incentive awards make up the difference between the overall market level for total compensation and the salary plus target bonus as determined by the Committee.

The Compensation Committee targets base salary at the median of comparative market data, and normally provides bonus opportunities that are directly in line with Company's performance. The Executive Incentive Plan (EIP) is based on the Company's achievement of pre-established annual goals related to (1) increases in earnings per share, (2) growth in loan receivables, (3) expense control, and (4) charge-off control. The Compensation Committee selected these goals to motivate and reward the maximization of shareholder value based on its belief that earnings per share is the most direct measure of shareholder value and that growth in loans receivable combined with expense control and charge-off control are the three most significant determinants of earnings per share.

In addition to the annual review of compensation levels, market positioning is considered when a program component is introduced or modified, and when individual compensation decisions – such as salary increases and bonus awards – are made. While the Committee considers multiple factors in making decisions about new programs and individual decisions, all compensation decisions are evaluated against their impact on the desired positioning.

The variable nature of the EIP and the Long Term Incentive Award (LTIA) programs means that actual annual compensation each year is likely to vary from the initial target. Executives' overall annual compensation is weighted towards compensation that varies with performance. This is intended to ensure that executive interests are aligned with those of the Company's shareholders. At target performance, the mix between fixed and variable compensation, and cash versus non-cash compensation, is outlined in the table below.

Executive	Salary	% of fiscal 2009 Target Total Compensation				Cash	Non-Cash
		EIP (2)	LTIA (3)	Fixed (4)	Variable (5)		
A.A. McLean III	31.4	31.4	37.3	56.3	43.7	62.7	37.3
Kelly M. Malson	34.7	28.9	36.4	59.4	40.6	63.6	36.4
Mark C. Roland	32.9	29.6	37.5	58.2	41.8	62.5	37.5
James. D Walters (1)	39.7	29.1	31.2	70.9	29.1	68.8	31.2
Francisco J. Sauza (1)	43.7	36.4	19.9	63.6	36.4	80.1	19.9

(1) Semler Brossy has been hired by the Compensation Committee to provide a survey related to these NEOs. As of the filing of this proxy that survey has not been completed.

(2) Represents the non-equity Incentive Bonus.

(3) Represents Stock Option or restricted stock grants.

(4) Includes salary and stock options and restricted stock grants during the year that have specific vesting dates.

(5) Includes the non-equity incentive bonus and the performance based restricted stock grants.

Stock Option Grants and Restricted Stock Grants

Each of the Company's executive officers receives stock option grants or restricted stock under the Company's stock option plans, but the NEO's are transitioning towards restricted stock. All of the Company's full time employees are eligible for stock option grants through the Company's stock option plans. Approximately 88% and 6% of the stock options and restricted stock, respectively, granted under the plan in fiscal 2009 were granted to employees who are not executive officers. Approximately 89% and 9% of the stock options and restricted stock, respectively, granted under the plan in fiscal 2008 were granted to employees who are not executive officers.

The Compensation Committee believes that through the Company's broad-based equity award plans, the economic interest of employees, including executives, are more closely aligned to those of the Company's shareholders. The decision on the number of stock options or shares of restricted stock granted to each executive officer is made by the Compensation Committee on a discretionary rather than formula basis.

The Compensation Committee believes it is appropriate to position executive officer compensation at or around the median of the market for a comparable position. This results in the package remaining competitive enough to attract and retain top talent while not over rewarding average performance. Compensation is set higher for exceptional business performance, for key skills in critical demand, and for positions that are of particularly high internal value. The Company is willing to pay above the industry median to motivate, reward and retain performers that significantly exceed the Company and individual goals.

The Company grants all equity incentive awards based on the fair market value as of the date of grant. The value of restricted stock grants and the exercise price for stock option grants are determined by reference to the last quoted price per share on the NASDAQ at the close of business on the date of grant.

Option and restricted stock awards under the compensation programs are made at regularly scheduled Compensation Committee meetings or, as may be needed in the case of new hires, promotions, or inadvertent omissions of employees from the regularly scheduled annual grants, at properly noticed special meetings.

Post-Employment Compensation

The Company has instituted a Supplemental Executive Retirement Plan ("SERP"), which is a non-qualified executive benefit plan in which the Company agrees to pay the participating executive additional benefits in the future, usually at retirement, in return for continued employment by the executive. Based on Company recommendations, the Compensation Committee approves the key executives who participate in the SERP. The SERP is an unfunded plan, which means there are no specific assets set aside by the Company to fund its obligations under the plan. The executive has no rights under the plan beyond those of a general creditor of the Company. There are currently eleven senior level managers, including all the executive officers, who participate in the SERP. The SERP contracts provide for a retirement benefit of 45% of the participant's final base salary, multiplied by a "Days of Service Fraction" should the participant elect early retirement, for a period of 15 years. No participant will be granted early retirement until the participant has reached age 57, has been a participant of the plan for at least 8 years and obtains permission from the Board of Directors. More information regarding the SERP is set forth below under "Executive Compensation – Supplemental Executive Retirement Plan."

Stock Ownership/Retention Guidelines

Currently, the Company does not maintain stock ownership guidelines or have a stock retention policy applicable to its executive officers, and is not considering any such guidelines or policy at this time.

Other Elements of Compensation and Perquisites:

In order to attract and retain top caliber executives and to pay them market levels of compensation, the Company provides NEOs and certain other employees the following benefits and perquisites:

- **Medical Insurance.** The Company makes available to each NEO, the NEO's spouse and dependents such health and dental insurance coverage as the Company may from time to time make available to its other employees, officers and executives. The Company pays the same portion of the premiums for these insurances for its NEOs as it does for all of its employees.
- **Life and Disability Insurance.** The Company provides each NEO long term disability and life insurance as the Company in its sole discretion may from time to time make available to its other officers and employees.
- **Deferred Compensation.** The Company maintains for its senior and executive officers a Non-Qualified Deferred Compensation Plan. No executive officers currently participate in this plan and the plan is unfunded.
- **Defined Contribution Plan.** The Company offers the Section 401(k) Retirement Plan (the "401(k) Plan"), a tax qualified retirement plan, to its eligible employees. The 401(k) Plan permits eligible employees to defer up to 15% of their annual eligible compensation, subject to certain limitations imposed by the Internal Revenue Code. The employees' elective deferrals are immediately vested and non-forfeitable in the 401(k) Plan. The Company makes a matching contribution equal to 50% of the employees' contributions for the first 6% of annual eligible deferred compensation, which vests over a 6 year period
- **Company Car.** The Company provides each NEO and each of its other officer level employees the unrestricted use of a Company car at no expense to the officer employee.
- **Company Aircraft.** The Company allows the NEOs and their spouses or family members to fly on the Company aircraft when used concurrently with another official Company function. No other personal use of the Company aircraft is allowed.
- **Other.** The Company makes available certain perquisites or fringe benefits to executive officers and other employees, such as professional society dues, food, and recreational fees incidental to official Company functions.

How the Company Chose Amounts and/or Formulas for Each Element

Base Compensation

The Company is committed to retaining talented executives capable of diverse responsibilities and, as a result, believe base salaries for executives should be maintained at rates at or slightly ahead of market rates. The Compensation Committee assesses base salaries for each position, based on the value of the individual's experience, performance and/or specific skill set, in the ordinary course of business, but generally not less than once each year at or around the time that our annual budget is approved.

Annual Bonus

It is the Compensation Committee's objective to have a substantial portion of each officer's compensation contingent on the Company's performance as well as upon his or her own level of performance and contribution towards the Company's performance. Executive officers, as well as non-executive officers and other employees, receive bonus compensation in the event certain specified corporate performance measures are achieved. As an officer's level of responsibility increases, it is the Compensation Committee's intent to have a greater portion of the officer's total compensation be dependent upon the Company's performance rather than on base salary.

The table below shows the maximum incentive compensation payable to NEOs for fiscal 2009 as a percentage of base salary and the particular targets, as a percentage of the executive's overall incentive opportunity, on which the incentive compensation opportunity is based.

Name	Maximum Incentive Compensation as a % of Base Salary	% of Incentive Opportunity tied to EPS Increase	% of Incentive Opportunity tied to Loan Receivable Growth	% of Incentive Opportunity tied to Expense Control	% of Incentive Opportunity tied to Charge-off Control
A. A. McLean III	150%	40%	30%	20%	10%
Kelly M. Malson	125%	40%	30%	20%	10%
Mark C. Roland	135%	40%	30%	20%	10%
Francisco Javier Sauza	50%	40%	35%	25%	0%
James D. Walters	50%	40%	35%	25%	0%

In addition to the incentive compensation above, Mr. Walters is eligible for an additional incentive compensation amount equal to 50% of his base salary based on the achievement of business unit performance goals, which are as follows:

Maximum Incentive Compensation as a % of Base Salary	% of Incentive Opportunity tied to Profit	% of Incentive Opportunity tied to Net Bad Debt	% of Incentive Opportunity tied to Delinquency	% of Incentive Opportunity tied to Loan Receivable Growth
50%	20%	30%	20%	30%

In addition to the incentive compensation above, Mr. Souza is eligible for an additional incentive compensation amount equal to 75% of his base salary based on the achievement of business unit performance goals, which are as follows:

Maximum Incentive Compensation as a % of Base Salary	% of Incentive Opportunity tied to Profit	% of Incentive Opportunity tied to Net Bad Debt	% of Incentive Opportunity tied to Branch Openings
75%	33%	33%	33%

Approximately 71.6% of the aggregate amount of annual bonus earned by Company employees in fiscal 2009 was awarded to employees who are not NEOs.

Timing of Compensation Decisions

All elements of executive officer and non-executive officer compensation are reviewed in May or June after a review of the financial statements, operating objectives and personal objectives for the prior fiscal year has been completed.

The Compensation Committee may, however, review salaries or grant stock options or restricted stock at other times as a result of new appointments or promotions during the year. The following table summarizes the approximate timing of the more significant compensation events:

Event	Timing
Set Board and Committee meeting dates	At least 1 year prior to meeting dates. Board meetings have historically been held in February, May, August and November. Compensation Committee meeting dates have historically been in May and November.
Establish executive and non-executive officer financial and personal objectives	May or June of each fiscal year for the current year.
Review and approve base salary for executive and non-executive officers	May of each fiscal year for the current year.
Determine stock option grants and restricted stock grants for executive officers, non-executive officers, and other employees	October or November of each fiscal year for the current year.

Supplemental Executive Retirement Plan

As discussed above under “Executive Compensation - Compensation Discussion and Analysis - Elements of the Company’s Compensation Program – Post-Employment Compensation” the Company has a SERP.

The expected benefits associated with the retirement of any of the NEOs at March 31, 2009 assuming retirement at projected base salary at the number of years of credited service, are indicated in the table below.

In the event of a participant’s death, the SERP is payable to the participant’s beneficiary or estate as if the participant had retired at 65 years of age.

Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit at Retirement (\$) (1)	Present Value of Accumulated Benefit at Death (\$) (2)	Payments During Last Fiscal Year (\$)

(2) Present value of SERP benefits payable at death was calculated as 45% of the executive’s base salary for 15 years assuming a 6% interest rate.

Employment Agreements

Effective May 21, 2007, the Company entered into new employment agreements with Mr. A. Alexander McLean, III, its Chief Executive Officer, and Mr. Mark C. Roland, its President and Chief Operating Officer. Effective August 28, 2007, the Company entered into an employment agreement with Ms. Kelly M. Malson, its then Vice President (now Senior Vice President) and Chief Financial Officer. Effective June 1, 2008, the Company entered into an employment agreement with Mr. Francisco J. Sauza, its Senior Vice President of Mexico. These new agreements run for an initial three-year term that expires on May 20, 2010, May 20, 2010, August 27, 2010 and May 31, 2011 respectively, but are subject to automatic extension for successive one-year periods thereafter unless either the

Company or the executive gives notice of termination not less than 90 days prior to the date on which the agreement would otherwise be automatically extended. The agreements provide for annual base salaries as specified for Mr. McLean, Mr. Roland, Ms. Malson and Mr. Souza, subject in each case to annual adjustment as determined by the Compensation and Stock Option Committee (the "Committee"). In conjunction with the Company's annual performance review performed in May 2009, the fiscal 2010 base salaries for Mr. McLean, Mr. Roland and Ms. Malson were increased to \$420,000, \$315,000 and \$185,500, respectively. These increases were effective June 1, 2009. The Committee is currently reviewing Mr. Souza's total compensation.

The agreements further provide for payment, at the Company's discretion, of annual cash incentive payments and equity or cash based long-term incentive compensation awards in accordance with criteria established by the Board or the Committee, including participation in the Company's Executive Incentive Plan, as described above under "—Compensation Discussion and Analysis." Each executive is also entitled to the use of a Company automobile (including maintenance and insurance) of a value commensurate with the executive's position in accordance with the Company's car policy and to participate in all other compensation benefits and programs and to receive such other benefits and perquisites as provided under any existing or future program for salaried employees. These benefits include the right to participate in the Company's SERP in accordance with that plan, as described above.

McLean, Roland and Malson

Under the agreements with Mr. McLean, Mr. Roland and Ms. Malson, the Company has agreed to provide these executives with long-term disability insurance benefits equal to 60% of the executive's base salary at the time of disability. These agreements also provide for severance payments and the continuation of certain benefits if the executive is terminated without cause or constructively discharged (as defined in the agreement). In the event of such termination without cause or constructive discharge, including any such termination or discharge that occurs within two years after a change of control of the Company, the executive is generally entitled to receive (i) a lump sum cash payment of accrued salary, unused vacation pay and any unpaid bonus earned for the year prior to the fiscal year in which termination occurs, (ii) a prorated bonus for the portion of the fiscal year in which the termination occurs, calculated based on the average of the executive's bonus payments for the preceding three years, (iii) severance pay equal to two years' base salary and two years' bonus (calculated as the average of the bonus paid to the executive over the three years prior to termination), payable over 24 months and (iv) the continuation of all other welfare and fringe benefits until the earlier of 24 months from the date of termination or such time as the executive becomes employed and eligible for similar benefits from another company. In the event the executive is terminated without cause or is constructively discharged following a change in control, the severance payments described in item (iii) of the preceding sentence shall be payable in a lump sum, unless the termination occurs between the first and second anniversary of the change in control. In the event the executive's employment is terminated for reasons other than a without cause termination or constructive discharge, the Company is generally obligated to pay to the employee or his estate the amount of accrued and unpaid compensation due the employee through the date of termination.

Under these agreements, Messrs. McLean and Roland and Ms. Malson have agreed to observe certain confidentiality and non-compete obligations during the term of employment and for 24 months thereafter.

Sauza

Under the agreement with Mr. Sauza, the Company has agreed to provide Mr. Sauza with long-term disability insurance benefits equal to 60% of the executive's base salary at the time of disability. This agreement also provides for severance payments and the continuation of certain benefits if the executive is terminated without cause or constructively discharged (as defined in the agreement). In the event of such termination without cause or constructive discharge, including any such termination or discharge that occurs within one year after a change of control of the Company, the executive is generally entitled to receive (i) a lump sum cash payment of accrued salary, unused vacation pay and any unpaid bonus earned for the year prior to the fiscal year in which termination occurs, (ii) a prorated bonus for the portion of the fiscal year in which the termination occurs, calculated based on the average of the executive's bonus payments for the preceding three years, (iii) severance pay equal to one year's base salary and one year's bonus (calculated as the average of the bonus paid to the executive over the three years prior to termination), payable over 12 months and (iv) the continuation of all other welfare and fringe benefits until the earlier of 12 months from the date of termination or such time as the executive becomes employed and eligible for similar benefits from another company. In the event the executive is terminated without cause or is constructively discharged following a change in control, the severance payments described in item (iii) of the preceding sentence shall be payable in a lump sum, unless the termination occurs between the first and second anniversary of the change in control. In the event the executive's employment is terminated for reasons other than a without cause termination or constructive discharge, the Company is generally obligated to pay to the employee or his estate the amount of accrued and unpaid compensation due the employee through the date of termination.

Under this agreement, Mr. Sauza has agreed to observe certain confidentiality and non-compete obligations during the term of employment and for 12 months thereafter.

The following table provides estimates of the amounts payable to Messrs. McLean Roland, Sauza and Ms. Malson under their employment agreements, assuming each was terminated without cause or constructively discharged on March 31, 2009. Note that the table excludes unpaid salary accrued through the termination date and reimbursement of any unpaid business expenses.

Name	Salary Continuation (\$)	Bonus Continuation (\$)	Benefits Continuation (\$) (1)	Benefits from Accelerated Equity Vesting (\$) (2)	Total (\$)
A. A. McLean III	\$ 800,000	\$ 854,135	\$ 13,152	\$ 617,344	\$ 2,284,631

Francisco J. Sauza	185,190	144,714	7,320	90,972	428,196

(1) The benefits continuation payment represent 24 months of health and dental insurance for all NEOs other than Mr. Sauza, and 12 months of such insurance for Mr. Sauza, based on the executive's current insurance cost.

(2) Benefits from accelerated equity vesting represent the difference between the Company's March 31, 2009 closing stock price and the option exercise price for any unvested shares.

These executives are also entitled to benefits discussed in the sections entitled "-Supplemental Executive Retirement Plan," "-Death Benefits," and "-Disability Benefits."

Death Benefits

The Company also provides death benefits to the NEOs, which are payable to each participant's designated beneficiary or estate. The participant's designated beneficiary will be entitled to receive the proceeds of any life or other insurance or other death benefit programs. In addition, the beneficiaries will be eligible for SERP benefits according to the terms and conditions of that plan as if the executive had retired at age 65. Had any of the NEOs become deceased on March 31, 2009, the Company would have paid the following:

Name	Life insurance proceeds (\$) (1)	Present Value of SERP benefits (\$) (2)	Benefits from Accelerated Equity Vesting (\$) (3)	Total (\$)
A. A. McLean III	\$ 500,000	\$ 1,748,205	\$ 617,344	\$ 2,865,549
Kelly Malson	350,000	764,840	250,139	1,364,979

Francisco J. Sauza	370,380	809,375	90,972	1,270,727

(1) Life insurance proceeds represent two times the participant's base pay not to exceed \$500,000.

(2) Present value of SERP benefits payable at death was calculated as 45% of the executive's base salary for 15 years assuming a 6% interest rate.

(3) Benefits from accelerated equity vesting represent the difference between the Company's March 31, 2009 closing stock price and the option exercise price for any unvested shares.

Disability Benefits

In the event of disability, the Company will continue to pay the NEO his or her salary for a period of 90 days. After the 90 days, the Company may terminate his or her employment, at which time the Company will provide long-term disability payments of 60% of the base salary at the time of disability until the NEO reaches age 65. At age 65, the NEO will begin to receive payments under the SERP plan. Had any of the NEOs become disabled on March 31, 2009 his or her benefits would have been as follows:

Name	90 day continuation pay (\$) (1)	Long term disability pay (\$) (2)	Present Value of SERP benefits (\$) (3)	Total (\$)
A. A. McLean III	\$ 100,000	1,490,351	\$ 744,288	\$ 2,334,639

Francisco J. Sauza	46,298	876,342	67,891	990,531

(1) Represents 3 months of the Executive's current base salary.

(2) Long term disability pay was calculated as the present value of 60% of the executive's base pay from March 31, 2009 until the executive reaches age 65. The present value calculation assumed a 6% interest rate.

(3) SERP benefits if the executive was disabled were calculated as the present value of 45% of the executive's base pay, at the time the executive was disabled, for 15 years beginning when the executive reaches age 65. The present value calculation assumes an interest rate of 6%.

All directors are reimbursed for ordinary and necessary out-of-pocket expenses incurred in attending meetings of the Board of Directors and its committees. APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has approved the selection of the firm KPMG LLP as the independent registered public accounting firm to audit the consolidated financial statements and the effectiveness of internal control over financial reporting of the Company and its subsidiaries for the 2009 fiscal year, and to perform such other appropriate accounting services as may be required by the Board.

The Company has been advised by KPMG LLP that the firm did not have any direct financial interest or any material indirect financial interest in the Company and its subsidiaries during the Company's most recent fiscal year.

Representatives of KPMG LLP are expected to be present at the Meeting with the opportunity to make a statement if they so desire, and they are expected to be available to respond to appropriate questions.

Approval of the proposal requires the affirmative vote of a majority of the Shares voted on the proposal. Should the shareholders vote negatively, the Board of Directors will consider a change in accountants for the next year.

The Board unanimously recommends a vote FOR ratifying the selection of KPMG LLP as the independent registered public accounting firm to audit the consolidated financial statements and the effectiveness of internal control over financial reporting of the Company and its subsidiaries for the 2010 fiscal year.

Report of the Audit Committee of the Board of Directors

The Audit Committee for the Company's fiscal year ended March 31, 2009 was composed of three directors, each of whom is independent within the meaning of applicable NASDAQ rules and all of whom have accounting or related financial management expertise. The Audit Committee operates under a written charter approved by the Board of Directors.

Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent registered public accounting firm is responsible for auditing those financial statements. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. Our responsibility, as members of the Audit Committee, is to assist the Board of Directors in fulfilling its oversight responsibilities by monitoring these processes.

Our oversight of these processes and considerations and discussions with management and with our independent registered public accounting firm do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles or that the audit of our Company's financial statements has been carried out in accordance with generally accepted auditing standards.

In this context, the Audit Committee met with management and our independent registered public accounting firm to review and discuss the Company's audited consolidated financial statements as of and for the fiscal years ended March 31, 2009. The Audit Committee also discussed with our independent registered public accounting firm the matters required by Statement on Auditing Standards No. 61 as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee also received written disclosures and a letter from our independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding our independent registered public accounting firm's communications with the Audit Committee concerning independence, and the Audit Committee discussed with our independent registered public accounting firm that firm's independence. In particular, the Audit Committee considered whether the provision of non-audit services described in the following section is compatible with maintaining the independence of the accountants.

Based upon the Audit Committee's discussions with management and our independent registered public accounting firm, and the Audit Committee's review of the representations of management and our independent registered public accounting firm, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended March 31, 2009, for filing with the Securities and Exchange Commission.

To the extent that any other services not detailed on these engagements are proposed throughout the year, these services may be undertaken only after review with, and approval by, the Audit Committee Chairman, who reports on such services to the full Audit Committee at its regularly scheduled meetings.
