SUMMARY

The following summary may not contain all the information that may be important to you. You should read the entire prospectus, as well as the information to which we refer you and the information incorporated by reference, before making an investment decision.

Wabash National Corporation

Founded in 1985 as a start-up company, Wabash is one of North America's leaders in designing, manufacturing and marketing standard and customized truck trailers and related transportation equipment. We believe our success has been the result of our longstanding relationships with our core customers, our demonstrated ability to attract new customers, our broad and innovative product lines, our technological leadership and our large distribution and service network. Our management team is focused on rightsizing our manufacturing and retail operations to match the current demand environment, implementing our cost savings initiatives, strengthening our capital structure, developing innovative products, improving earnings and selective production introductions that meet the needs of our customers.

We seek to identify and produce proprietary products that offer exceptional value to customers with the potential to generate higher profit margins than those of standardized products. We believe that we have the engineering and manufacturing capability to produce these products efficiently. We introduced our proprietary composite product, DuraPlate®, in 1996. Based on a July 2009 A.C.T. Research Company, LLC ("ACT") research report, composite trailers have achieved widespread industry acceptance with our DuraPlate® dry vans accounting for approximately one out of every three dry van trailers sold in 2008. Since 2002, sales of our DuraPlate® trailers represented approximately 90% of our total new dry van trailer sales. We are also a competitive producer of standardized sheet and post and refrigerated trailer products and we strive to become the low-cost producer of these products within our industry. Through our Transcraft Corporation ("Transcraft") subsidiary we also manufacture steel flatbed and dropdeck trailers. As part of our commitment to expand our customer base, diversify our revenues and extend our market leadership, Transcraft acquired in July 2008 certain operating assets of Benson International LLC, and its affiliates, a manufacturer of aluminum flatbeds, dump trailers and other truck bodies. In addition, in December 2008, the Company announced a multi-year agreement to build and service all of PODS®1 portable storage container requirements as part of our strategy to leverage our DuraPlate® panel technology into other industry segments. We expect to continue a program of product development and selective acquisitions of quality proprietary products that further differentiate us from our competitors and increase shareholder value.

We market our transportation equipment under the Wabash®, DuraPlate®, DuraPlateHD®, FreightPro®, ArcticLite®, RoadRailer®, Transcraft®, Eagle®, Eagle II®, D-Eagle® and Benson™ trademarks directly to customers, through independent dealers and through our Company-owned retail branch network. Historically, we have focused on our longstanding core customers representing many of the largest companies in the trucking industry. Our relationships with our core customers have been central to our growth since inception. Beginning in 2003, we have actively pursued the diversification of our customer base by focusing on what we refer to as the mid-market. These carriers, which represent approximately 1,250 carriers, operate fleets of between 250 to 7,500 trailers, which we estimate in total account for approximately one million trailers.

Our 11 company-owned full service retail branches provide additional opportunities to distribute our products and also offer nationwide services and support capabilities for our customers. In addition, we maintain four used fleet sales centers to focus on selling both large and small fleet trade packages to the wholesale market. Our retail branch network's sale of new and used trailers, aftermarket parts and service through our retail branch network generally provides enhanced margin opportunities. We also utilize a network of approximately 24 independent dealers with approximately 48 locations throughout North America to distribute our van trailers. In addition, we distribute our flatbed and dropdeck trailers through a network of over 80 independent dealers with approximately 110 locations

throughout North America.

We continue to be affected by the global economy, especially the credit markets, as well as the decline in the housing and construction-related markets in the U.S. For the year ended December 31, 2008 and six month period ended June 30, 2009, we recorded net sales of \$836.2 million and \$164.1 million, respectively and reported a net loss for these periods of \$125.8 million and \$46.2 million, respectively. Our gross profit was \$20.9 million for the year ended December 31, 2008 and declined to a gross loss of \$20.7 million for the six month period ended June 30, 2009. These figures are based on the audited and unaudited financial statements incorporated by reference into this prospectus and have not been adjusted to illustrate the estimated pro forma effects of the Transaction and the Amended Facility described below. You should read our audited and unaudited financial statements incorporated by reference into this prospectus and our unaudited pro forma financial information and the notes thereto, including the pro forma adjustments that reflect the effects of the Transaction and Amended Facility, which are included elsewhere in this prospectus.

The Transaction

On July 17, 2009, we entered into a Securities Purchase Agreement with Trailer Investments, LLC (“Trailer Investments”) pursuant to which Trailer Investments agreed to invest \$35 million in the Company. On August 3, 2009, pursuant to the Securities Purchase Agreement, we issued to Trailer Investments 20,000 shares of our Series E redeemable preferred stock (the “Series E Preferred”), 5,000 shares of our Series F redeemable preferred stock (the “Series F Preferred”), and 10,000 shares of our Series G redeemable preferred stock (the “Series G Preferred”, and together with the Series E Preferred and the Series F Preferred, the “Preferred Stock”) and a warrant that is exercisable at \$0.01 per share for 24,762,636 newly issued shares of our common stock representing on August 3, 2009, the date the warrant was delivered, 44.21% of our issued and outstanding common stock after giving effect to the issuance of the shares underlying the warrant, subject to upward adjustment (the “Warrant”) for an aggregate purchase price of \$35,000,000 (the “Transaction”). The dividend rates for the Series E Preferred, Series F Preferred and Series G Preferred are 15% per annum, 16% per annum and 18% per annum, respectively. Initially, the annual dollar amounts of dividends are \$3 million, \$800,000 and \$1.8 million, respectively. The dividend on each series of Preferred Stock is payable quarterly and subject to increase by 0.5% every quarter if the applicable series of Preferred Stock is still outstanding after August 3, 2014. During the first two years following the issuance of the Preferred Stock, we may elect to accrue these dividends. The dividend rates on the Preferred Stock will increase upon the occurrence of events of noncompliance. On July 17, 2009, we also entered into our Third Amended and Restated Loan and Security Agreement, which was effective August 3, 2009 (the “Amended Facility”), by and among us and certain of our subsidiaries identified on the signature page thereto (the “Borrowers”), Bank of America, N.A., as a lender and as agent (“Agent”), and the other lenders parties thereto. The proceeds from the Transaction were used by us to reduce the outstanding balance under our Amended Facility and to pay the costs of the Transaction. As a result of the Transaction, we have a material relationship with the selling stockholder and certain of its affiliates, as described in this prospectus and as described in detail in our Current Reports on Form 8-K filed with the SEC on July 20, 2009 and August 4, 2009, which are incorporated by reference in this prospectus.

Risk Factors

See “Risk Factors” and the other information contained in this prospectus or to which we refer you for a discussion of factors you should consider carefully before deciding to invest in shares of our common stock.

RISK FACTORS

Investing in our common stock involves a high degree of risk. You should carefully consider and evaluate all of the information contained in this prospectus and in the documents we incorporate by reference in this prospectus before you decide to purchase our common stock. In particular, you should carefully consider and evaluate the risks and uncertainties described below as well as those described in “Part I— Item 1A. Risk Factors” of our amended Form 10-K/A for the fiscal year ended December 31, 2008 and the additional risks and uncertainties set forth in “Part II— Item 1A. Risk Factors” of our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2009, which information is incorporated in this prospectus by reference. Any of the risks and uncertainties set forth therein and below could materially and adversely affect our business, results of operations and financial condition, which in turn could materially and adversely affect the trading price of our common stock. As a result, you could lose all or part of your investment.

Our results of operations have declined significantly in recent periods, and the impact of the current global economic downturn and its effects on our industry could continue to harm our operations and financial performance.

For the year ended December 31, 2008 and six month period ended June 30, 2009, we recorded net sales of \$836.2 million and \$164.1 million, respectively, and we recorded a net loss for these periods of \$125.8 million and \$46.2 million, respectively. This compares to net sales of \$1.1 billion and \$362.5 million for the year ended December 31, 2007 and the six month period ended June 30, 2008, respectively, net income for the year ended December 31, 2007 of \$16.3 million and net loss for the six months ended June 30, 2008 of \$9.6 million. These declines in our results of operations reflect the conditions in the markets we serve and the general condition of the global economy. The global economic downturn has caused demand for new trailers to decline and has led to, in some cases, the cyclical timeframe for trailer replacement to be pushed out due to economic pressures. We believe that the overall industry in which we operate has been effected similarly. For example, according to a July 2009 report by ACT, total trailer industry shipments in 2008 were approximately 146,000, which reflected a decline of approximately 33% from the 216,000 trailers it reported for the year ended December 31, 2007. By comparison, we shipped 33,300 new trailers in 2008, which reflected a decline of approximately 28% from the 46,400 new trailers we shipped in the year ended December 31, 2007.

We continue to be affected by the global economy, especially the credit markets, as well as the decline in the housing and construction-related markets in the U.S. The same general economic concerns faced by us are also faced by our customers. We believe that many of our customers are highly leveraged, have limited access to capital, and may be reliant on liquidity from global credit markets and other sources of external financing. If the current conditions impacting the credit markets and general economy are prolonged, we may be faced with unexpected delays in product purchases or the loss of customers, which could further materially impact our financial position, results of operations and cash flow. Further, lack of liquidity by our customers could impact our ability to collect amounts owed to us. While we have taken steps to address these concerns through the implementation of our strategic plan, we are not immune to the pressures being faced by our industry and our results of operations may continue to decline.

Sales of a substantial number of shares of our common stock into the public market by the selling stockholder may result in significant downward pressure on the price of our common stock and could affect the ability of our stockholders to realize the current trading price of our common stock.

Sales of a substantial number of shares of our common stock in the public market could cause a reduction in the market price of our common stock. As of August 21, 2009, there were 31,241,388 shares of our common stock outstanding. The selling stockholder has the right to acquire 24,762,636 shares of our common stock, subject to upward adjustment, issuable upon exercise of the Warrant, which represented approximately 44.21% of our issued and outstanding common stock as of August 3, 2009, the date on which the Warrant was delivered. The selling

stockholder may sell these shares pursuant to this prospectus or otherwise. Investors should be aware that the current or future market price of their shares of our common stock could be negatively impacted by the sale or perceived sale of all or a significant number of the shares being registered hereby.

USE OF PROCEEDS

We will not receive any proceeds from the sale of shares of our common stock offered by this prospectus.

SELLING STOCKHOLDER

All of the shares of common stock registered for sale pursuant to this prospectus are shares issuable upon the exercise of the Warrant owned by the selling stockholder, Trailer Investments, or its donees, pledgees, transferees or other successors-in-interest. The Warrant was issued to Trailer Investments on August 3, 2009 and it was acquired by Trailer Investments, together with shares of Preferred Stock, under a Securities Purchase Agreement, dated as of July 17, 2009, between us and Trailer Investments. We are registering the shares of common stock in order to permit the selling stockholder and its donees, pledgees, transferees or other successors-in-interest, to offer the shares acquired by full or partial exercise of the Warrant for resale from time to time. We have agreed to pay all expenses resulting from our obligation to register the shares issuable upon exercise of the Warrant. This prospectus relates only to sales of shares of our Common Stock upon exercise of the Warrant and does not cover sale of any shares of the Preferred Stock, or the Warrant itself. The Warrant may be exercised in full or in part, from time to time and at any time within its 10 year term, by the holder thereof, and the exercise price per share is \$.01. The Warrant may be exercised for cash or pursuant to a cashless exercise feature and the shares issuable upon exercise will be issued in a transaction not involving a public offering under federal and state securities laws.

The Preferred Stock and the Warrant were issued for an aggregate purchase price of \$35,000,000. As a result of the Transaction, we have a material relationship with Trailer Investments and certain of its affiliates. This relationship includes certain consent rights and privileges we granted to Trailer Investments under the agreements we entered into at the closing of the Transaction. This material relationship includes, for so long as Trailer Investments and its affiliates, including investors in the funds controlled by Lincolnshire Management, Inc. (collectively with Trailer Investments, the "Trailer Investors"), beneficially own at least 10% of our outstanding common stock, the right for the Trailer Investors to designate five persons for election to our board of directors. Other elements of this material relationship are more fully described under the "Dividend Policy" and "Description of Our Common Stock" sections of this prospectus and are described in detail in our Current Reports on Form 8-K filed with the SEC on July 20, 2009 and August 4, 2009, which are incorporated by reference in this prospectus.

The following table sets forth information with respect to the selling stockholder and the shares of common stock beneficially owned by the selling stockholder, including shares that may be offered under this prospectus. The information is based on information provided by or on behalf of the selling stockholder to us and is as of the date of this prospectus. Because the selling stockholder may offer all or some portion of the common stock, no estimate can be given as to the amount of the common stock that will be held by the selling stockholder upon termination of this offering. For purposes of the table below, however, we have assumed that after termination of this offering none of the shares covered by this prospectus will be held by the selling stockholder.

Name of Selling Stockholder	Shares of Common Stock Beneficially Owned Prior to Offering	Maximum Number of Shares That May Be Sold Pursuant to this Prospectus	Shares of Common Stock Beneficially Owned After Offering	Percent of Shares Owned After Offering
Trailer Investments, LLC (1)	24,762,636 (1)	24,762,636	(2)	(2)

(1) Lincolnshire Equity Fund III, L.P. ("LEF III"), a Delaware limited partnership is the sole member of Trailer Investments, Lincolnshire Equity Partners III, L.P. ("LEP III"), a Delaware limited partnership, is the general partner

of LEF III, and Lincolnshire Equity III, LLC (“Equity III”), a Delaware limited liability company, is the general partner of LEP III. Thomas J. Maloney, one of our directors who was designated by Trailer Investments holds a majority of the voting power of Equity III. Trailer Investments has also designated the following individuals to serve on our board of directors: Michael J. Lyons, Vineet Pruthi, James G. Binch, and Andrew C. Boynton. All of the shares of common stock beneficially owned by Trailer Investments and offered hereby are not currently outstanding but are issuable at any time upon exercise of the Warrant.

- (2) Because the selling stockholder may, under this prospectus, offer all or some portion of its common stock, no estimate can be given as to the number of shares of our common stock that will be held by the selling stockholder upon termination of any sales. We refer you to the information under the heading “Plan of Distribution.”

PLAN OF DISTRIBUTION

 - an exchange distribution in accordance with the rules of the applicable exchange;
 - privately negotiated transactions;
- short sales effected after the date the registration statement of which this prospectus is a part is declared effective by the SEC;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- an agreement between a broker-dealer and the selling stockholder to sell a specified number of such shares at a stipulated price per share; and
 - a combination of any such methods of sale.

The selling stockholder may, from time to time, pledge or grant a security interest in some or all of the shares of common stock it owns and, if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment or supplement to this prospectus amending the list of selling stockholders to include the pledgee, transferee or other successors-in-interest as selling stockholders under this prospectus. The selling stockholder also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors-in-interest will be the selling beneficial owners for purposes of this prospectus.

To the extent required, the shares of our common stock to be sold, the name of the selling stockholder, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In connection with the sale of our common stock or interests therein, the selling stockholder may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholder may also sell shares of our common stock short and deliver these securities to close out its short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholder may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling stockholder from the sale of the common stock it offers will be the purchase price of the common stock less discounts or commissions, if any. The selling stockholder reserves the right to accept and, together with its agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents. We will not receive any of the proceeds from this offering.

The selling stockholder also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule.

The selling stockholder and any underwriters, broker-dealers or agents that participate in the sale of the common stock or interests therein may be “underwriters” within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. A selling stockholder who is an “underwriter” within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

In order to comply with the securities laws of some states, if applicable, the common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

To facilitate the offering of common stock, certain persons participating in the offering may engage in transactions that stabilize, maintain, or otherwise affect the price of common stock. This may include over-allotments or short sales of common stock, which involve the sale by persons participating in the offering of more common stock than the selling stockholders sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of common stock by bidding for or purchasing common stock in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if common stock sold by them is repurchased in connection with stabilization transactions. The

effect of these transactions may be to stabilize or maintain the market price of the common stock at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

We have advised the selling stockholder that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholder and their affiliates. In addition, we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholder for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling stockholder may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the selling stockholder against liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus.

We have agreed with the selling stockholder to keep the registration statement of which this prospectus constitutes a part effective until the earlier of (1) such time as all of the shares covered by this prospectus have been disposed of pursuant to and in accordance with the registration statement or (2) the date on which the shares may be sold pursuant to Rule 144(b)(1)(i) of the Securities Act.

DIVIDEND POLICY

We historically paid quarterly dividends until these dividend payments were suspended by our board of directors on December 28, 2001. We resumed the payment of quarterly dividends beginning in the first quarter of 2005. However, in December 2008 these dividend payments were again suspended due to the weak economic environment and uncertainty as to the timing of a recovery as well as our effort to enhance liquidity.

Under the Amended Facility, we are not permitted to pay cash dividends to our common stockholders until the second anniversary of the effectiveness of the Amended Facility and then only if (i) no default or events of default are then in existence or would be caused by such purchase, redemption or payment, (ii) immediately after such purchase, redemption or payment, the Borrowers have unused availability under the Amended Facility of at least \$40 million, (iii) the amount of all cash dividends paid by us does not exceed \$20 million in any fiscal year and (iv) at least five business days prior to the purchase, redemption or payment, an officer of Wabash has delivered a certificate to the Agent certifying that the conditions precedent in clauses (i)-(iii) have been satisfied. Further, for so long as the Trailer Investors continue to hold a majority of the Preferred Stock, we cannot directly or indirectly declare or make any dividend, distribution, or redemption of any shares of any class of our stock other than dividend payments on the Preferred Stock without the consent of a majority of the Trailer Investors.
