BLINK COUTURE, INC.
(A Development Stage Company)
NOTES TO THE FINANCIAL STATEMENTS
October 31, 2009

NOTE 1. ORGANIZATION AND DESCRIPTION OF BUSINESS

Business description

Blink Couture, Inc. (the "Company") was originally incorporated as Fashionfreakz International Inc. on October 23, 2003 under the laws of the State of Delaware. On December 2, 2005, Fashionfreakz International Inc. changed its name to Blink Couture Inc. Until March 4, 2008, the Company's principal business was the online retail marketing of trendy clothing and accessories produced by independent designers. On March 4, 2008, the Company discontinued its prior business and changed its business plan. The Company's business plan now consists of exploring potential targets for a business combination through the purchase of assets, share purchase or exchange, merger or similar type of transaction. The Company has limited operations and in accordance with SFAS # 7, the Company is considered a development stage company.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF ACCOUNTING

The financial statements have been prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred. The Company has adopted a July 31, year-end.

B. CASH EQUIVALENTS

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

C. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. DEVELOPMENT STAGE

The Company continues to devote substantially all of its efforts to exploring potential targets for a business combination through the purchase of assets, share purchase or exchange, merger or similar type of transaction.

E. BASIC EARNINGS PER SHARE

In February, 1997, the FASB issued SFAS No. 128, "Earnings Per Share", which specifies the computation, presentation and disclosure requirements for earnings (loss) per share for entities with publicly held common stock. SFAS No. 128 supersedes the provisions of APB No. 15, and requires the presentation of basic earnings (loss) per share and diluted earnings (loss) per share.

Edgar Filing: Blink Couture Inc. - Form 10-Q

Basic net loss per share amounts is computed by dividing the net income by the weighted average number of common shares outstanding. Diluted earnings per share are the same as basic earnings per share due to the lack of dilutive items in the Company.

6

BLINK COUTURE, INC.
(A Development Stage Company)
NOTES TO THE FINANCIAL STATEMENTS
October 31, 2009

F. INCOME TAXES

Income taxes are provided in accordance with Statement of Financial Accounting Standards No. 109 (SFAS 109), Accounting for Income Taxes. A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carryforwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities.

Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

G. REVENUE RECOGNITION

The Company has not recognized any revenues from its operations.

H. RECENTLY ISSUED ACCOUNTING PRONCEMENTS

FASB Accounting Standards Codification

(Accounting Standards Update (“ASU”) 2009-01)

In June 2009, FASB approved the FASB Accounting Standards Codification (“the Codification”) as the single source of authoritative nongovernmental GAAP. All existing accounting standard documents, such as FASB, American Institute of Certified Public Accountants, Emerging Issues Task Force and other related literature, excluding guidance from the SEC, have been superseded by the Codification. All other non-grandfathered, non-SEC accounting literature not included in the Codification has become nonauthoritative. The Codification did not change GAAP, but instead introduced a new structure that combines all authoritative standards into a comprehensive, topically organized online database. The Codification is effective for interim or annual periods ending after September 15, 2009, and impacts the Company’s financial statements as all future references to authoritative accounting literature will be referenced in accordance with the Codification. There have been no changes to the content of the Company’s financial statements or disclosures as a result of implementing the Codification during the quarter ended October 6, 2009.

As a result of the Company’s implementation of the Codification during the quarter ended October 6, 2009, previous references to new accounting standards and literature are no longer applicable. In the current quarter financial statements, the Company will provide reference to both new and old guidance to assist in understanding the impacts of recently adopted accounting literature, particularly for guidance adopted since the beginning of the current fiscal year but prior to the Codification.

Subsequent Events

(Included in ASC 855 “Subsequent Events”, previously SFAS No. 165 “Subsequent Events”)

ASC 855 established general standards of accounting for and disclosure of events that occur after the balance sheet date, but before the financial statements are issued or available to be issued (“subsequent events”). An entity is required to disclose the date through which subsequent events have been evaluated and the basis for that date. For public

entities, this is the date the financial statements are issued. ASC 855 does not apply to subsequent events or transactions that are within the scope of other GAAP and did not result in significant changes in the subsequent events reported by the Company. ASC 855 became effective for interim or annual periods ending after June 15, 2009 and did not impact the Company's consolidated financial statements. The Company evaluated for subsequent events through November 12, 2009, the issuance date of the Company's financial statements.

7

BLINK COUTURE, INC.
(A Development Stage Company)
NOTES TO THE FINANCIAL STATEMENTS
October 31, 2009

NOTE 3. WARRANTS AND OPTIONS

There are no warrants or options outstanding to acquire any additional shares of common or preferred stock.

NOTE 4. GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company generated net losses of \$172,390 during the period of October 23, 2003 (inception) to October 31, 2009. This condition raises substantial doubt about the Company's ability to continue as a going concern. The Company's continuation as a going concern is dependent on its ability to meet its obligations, to obtain additional financing as may be required and ultimately to attain profitability. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Company is dependent on advances from its principal shareholders for continued funding. There are no commitments or guarantees from any third party to provide such funding nor is there any guarantee that the Company will be able to access the funding it requires to continue its operations.

NOTE 5. RELATED PARTY TRANSACTIONS

At October 31, 2009, the Company had loans and notes outstanding from a shareholder in the aggregate amount of \$90,453, which represents amounts loaned to the Company to pay the Company's expenses of operation. On January 31, 2009, the Company exchanged prior convertible promissory notes dated April 30, 2008, July 31, 2008 and October 31, 2008, together with an additional shareholder payable in the amount of \$14,463 for a promissory note in the amount of \$51,577 bearing simple interest at a rate of 6% per annum due and payable on January 30, 2010 (the "Note"). On April 30, 2009, the parties amended the Note increasing the principal balance to \$64,593 representing amounts advanced to the Company by the payee during the period February 1, 2009 through April 30, 2009. On July 31, 2009, the parties further amended the Note increasing the principal balance to \$77,653 representing amounts advanced to the Company by the payee during the period May 1, 2009 through July 31, 2009. On October 31, 2009, the parties further amended the Note increasing the principal balance to \$90,453 representing amounts advanced to the Company by the payee during the period August 1, 2009 through October 31, 2009.

Effective as of March 5, 2008, the Company entered into a Services Agreement with Fountainhead Capital Management Limited ("FHM"). The term of the Services Agreement is one year and the Company is obligated to pay FHM a quarterly fee in the amount of \$10,000, in cash or in kind, on the first day of each calendar quarter commencing February 1, 2008. A prorated amount of \$6,500 was paid for the quarter ended April 30, 2008. During the fiscal quarter ended October 31, 2009, the Company paid a total of \$10,000 in fees to FHM.

BLINK COUTURE, INC.
(A Development Stage Company)
NOTES TO THE FINANCIAL STATEMENTS
October 31, 2009

NOTE 6. INCOME TAXES

The Company recognizes deferred income tax liabilities and assets for the expected future tax consequences of events that have been recognized in the financial statements or tax returns. Under this method, deferred tax liabilities and assets are determined based on the differences between the financial statement carrying amounts and the tax basis of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. The Company has not incurred any income tax liabilities since its inception due to operating losses of approximately \$172,389. The expected income tax benefit for the net operating loss carryforwards is approximately \$48,000. The difference between the expected income tax benefit and non-recognition of an income tax benefit in each period is the result of a valuation allowance applied to deferred tax assets.

This results in a net deferred tax asset, assuming an effective tax rate of 34% or approximately \$48,000 at October 31, 2009. A valuation allowance in the same amount has been provided to reduce the deferred tax asset, as realization of the asset is not assured.

NOTE 7. STOCKHOLDERS' EQUITY

The stockholders' equity section of the Company contains the following classes of capital stock as of October 31, 2009:

- * Preferred stock, \$0.0001 par value: 20,000,000 shares authorized; -0- shares issued and outstanding.
- * Common stock, \$0.0001 par value: 100,000,000 shares authorized; 393,148 shares issued and outstanding.

NOTE 8. REVERSE SPLIT

On November 23, 2009, the Company completed a one for fifty-two and one-half shares reverse split. All per share data in this report reflect the impact of this reverse split.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

The following discussion should be read in conjunction with our unaudited financial statements and the notes thereto.

Forward-Looking Statements

This quarterly report contains forward-looking statements and information relating to us that are based on the beliefs of our management as well as assumptions made by, and information currently available to, our management. When used in this report, the words "believe," "anticipate," "expect," "estimate," "intend", "plan" and similar expressions, as they relate to us or our management, are intended to identify forward-looking statements. These statements reflect management's current view of us concerning future events and are subject to certain risks, uncertainties and assumptions, including among many others: a general economic downturn; a downturn in the securities markets; federal or state laws or regulations having an adverse effect on proposed transactions that we desire to effect; Securities and Exchange Commission regulations which affect trading in the securities of "penny stocks,"; and other risks and uncertainties. Should any of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in this report as anticipated, estimated or expected. The accompanying information contained in this registration statement, including, without limitation, the information set forth under the heading "Management's Discussion and Analysis or Plan of Operation -- Risk Factors" identifies important additional factors that could materially adversely affect actual results and performance. You are urged to carefully consider these factors. All forward-looking statements attributable to us are expressly qualified in their entirety by the foregoing cautionary statement.

Overview

We are presently a shell company (as defined in Rule 12b-2 of the Exchange Act) whose plan of operation over the next twelve months is to seek and, if possible, acquire an operating business or valuable assets by entering into a business combination. We will not be restricted in our search for business combination candidates to any particular geographical area, industry or industry segment, and may enter into a combination with a private business engaged in any line of business, including service, finance, mining, manufacturing, real estate, oil and gas, distribution, transportation, medical, communications, high technology, biotechnology or any other. Management's discretion is, as a practical matter, unlimited in the selection of a combination candidate. Management will seek combination candidates in the United States and other countries, as available time and resources permit, through existing associations and by word of mouth. This plan of operation has been adopted in order to attempt to create value for our shareholders. For further information on our plan of operation and business, see PART I, Item 1 of our Annual Report on Form 10-K for the fiscal year ending July 31, 2009.

Plan of Operation

We do not intend to do any product research or development. We do not expect to buy or sell any real estate, plant or equipment except as such a purchase might occur by way of a business combination that is structured as an asset purchase, and no such asset purchase currently is anticipated. Similarly, we do not expect to add additional employees or any full-time employees except as a result of completing a business combination, and any such employees likely will be persons already then employed by the company acquired.

Until March 4, 2008, the Company's principal business was the online retail marketing of trendy clothing and accessories produced by independent designers. On March 4, 2008, the Company discontinued its prior business and changed its business plan. The Company's business plan now consists of exploring potential targets for a business combination through the purchase of assets, share purchase or exchange, merger or similar type of transaction. We anticipate no operations unless and until we complete a business combination as described above.

Edgar Filing: Blink Couture Inc. - Form 10-Q

Results of Operations for the Three Months Ended October 31, 2009 Compared To October 31, 2008

During the three months ended October 31, 2009, we had no revenues and had a net loss of \$(17,172) compared to a net loss of \$(18,202) in the quarter ended October 31, 2008. Expenses in the first quarter of 2010 related to transfer agent fees, professional fees, management fees and filing agent fees and expenses in the first quarter of 2009 related to professional fees, management fees and filing agent fees.

Liquidity and Capital Resources

We had \$-0- cash on hand at the end of the first quarter of 2010 and had no other assets to meet ongoing expenses or debts that may accumulate. Since inception, we have accumulated a deficit of \$1172,389. As of October 31, 2009 we had total liabilities of \$98,663.

We have no commitment for any capital expenditure and foresee none. However, we will incur routine fees and expenses incident to our reporting duties as a public company, and we will incur expenses in finding and investigating possible acquisitions and other fees and expenses in the event we make an acquisition or attempt but are unable to complete an acquisition. Our cash requirements for the next twelve months are relatively modest, principally accounting expenses and other expenses relating to making filings required under the Securities Exchange Act of 1934 (the "Exchange Act"), which should not exceed \$50,000 in the fiscal year ending July 31, 2010. Any travel, lodging or other expenses which may arise related to finding, investigating and attempting to complete a combination with one or more potential acquisitions could also amount to thousands of dollars.

We will only be able to pay our future obligations and meet operating expenses by raising additional funds, acquiring a profitable company or otherwise generating positive cash flow. As a practical matter, we are unlikely to generate positive cash flow by any means other than acquiring a company with such cash flow. We believe that management members or shareholders will loan funds to us as needed for operations prior to completion of an acquisition. Management and the shareholders are not obligated to provide funds to us, however, and it is not certain they will always want or be financially able to do so. Our shareholders and management members who advance money to us to cover operating expenses will expect to be reimbursed, either by us or by the company acquired, prior to or at the time of completing a combination. We have no intention of borrowing money to reimburse or pay salaries to any of our officers, directors or shareholders or their affiliates. There currently are no plans to sell additional securities to raise capital, although sales of securities may be necessary to obtain needed funds. Our current management has agreed to continue their services to us and to accrue sums owed them for services and expenses and expect payment reimbursement only.

Should existing management or shareholders refuse to advance needed funds, however, we would be forced to turn to outside parties to either loan money to us or buy our securities. There is no assurance whatever that we will be able to need to raise necessary funds from outside sources. Such a lack of funds could result in severe consequences to us, including among others:

- failure to make timely filings with the SEC as required by the Exchange Act, which also probably would result in suspension of trading or quotation in our stock and could result in fines and penalties to us under the Exchange Act;
- curtailing or eliminating our ability to locate and perform suitable investigations of potential acquisitions; or
- inability to complete a desirable acquisition due to lack of funds to pay legal and accounting fees and acquisition-related expenses.

We hope to require potential candidate companies to deposit funds with us that we can use to defray professional fees and travel, lodging and other due diligence expenses incurred by our management related to finding and investigating a candidate company and negotiating and consummating a business combination. There is no assurance that any potential candidate will agree to make such a deposit.

Going Concern

Our independent auditors have added an explanatory paragraph to their audit issued in connection with the financial statements for the period ended July 31, 2009, relative to our ability to continue as a going concern. We had \$98,663 negative working capital as of October 31, 2009; we had an accumulated deficit of \$172,389 incurred through October 31, 2009 and recorded a loss of \$(17,172) for the first quarter of 2010. The going concern opinion issued by our auditors means that there is substantial doubt that we can continue as an ongoing business for 12 month period ending July 31, 2010 and thereafter. The financial statements do not include any adjustments that might result from the uncertainty about our ability to continue our business.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not Applicable.

ITEM 4A(T). CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (Exchange Act), as of October 31, 2009. Based on this evaluation, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that our disclosure and controls are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive officer and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There were no changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls over financial reporting that occurred during the quarter ended October 31, 2009 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

There are no legal proceedings which are pending or have been threatened against us or any of our officers, directors or control persons of which management is aware.

ITEM 1A. RISK FACTORS.

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide information required by this Item

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES

Except as may have previously been disclosed on a current report on Form 8-K or a quarterly report on Form 10-Q, we have not sold any of our securities in a private placement transaction or otherwise during the past three years.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

Not applicable.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None

ITEM 5. OTHER INFORMATION

On November 23, 2009, the Company effected a one for fifty-two and one-half share reverse split which reduced the number of issued and outstanding common shares of the Company from 20,640,250 to 393,148. The total authorized shares of the Company were unaffected by this reverse split. All data in this report have been adjusted to reflect the impact of this reverse split.

ITEM 6. EXHIBITS

Exhibit Description
No.

31.1 Certification of Principal Executive Officer and Principal Financial Officer filed pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.

32.1 Certification of Principal Executive Officer and Principal Financial Officer furnished pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
