Item 1.01 Entry Into a Material Definitive Agreement.

On March 30, 2010, XsunX signed a \$5 million stock purchase agreement with Lincoln Park Capital Fund, LLC (“LPC”), an Illinois limited liability company. Upon signing the agreement, XsunX received \$500,000 from LPC as an initial purchase under the \$5 million dollar commitment in exchange for 5,000,000 shares of our common stock. We also entered into a registration rights agreement with LPC whereby we agreed to file a registration statement related to the transaction with the U.S. Securities & Exchange Commission (“SEC”) covering the shares that have been issued or may be issued to LPC under the purchase agreement. After the SEC has declared effective the registration statement related to the transaction, we have the right over a 25-month period to sell our shares of common stock to LPC in amounts up to \$500,000 per sale, depending on certain conditions as set forth in the purchase agreement, up to the aggregate commitment of \$5 million.

There are no upper limits to the price LPC may pay to purchase our common stock, and the purchase price of the shares related to the \$4.5 million of future funding will be based on the prevailing market prices of the Company’s shares at the time of sales without any fixed discount. The Company will control the timing and amount of any sales of shares to LPC. LPC shall not have the right or the obligation to purchase any shares of our common stock on any business day that the price of our common stock is below \$0.08.

In consideration for entering into the \$5 million agreement which provides for an additional \$4.5 million of future funding, we issued to LPC 1,250,000 shares of our common stock as a commitment fee and shall issue an equivalent amount of shares pro rata as LPC purchases the additional \$4.5 million. The common stock purchase agreement may be terminated by us at any time at our discretion without any cost to us. Except for a limitation on variable priced financings, there are no negative covenants, restrictions on future fundings, penalties or liquidated damages in the agreement. The proceeds received by the Company under the common stock purchase agreement are expected to be used in the development of thin film manufacturing equipment and technologies, general and administrative costs, and general working capital.

The foregoing description of the common stock purchase agreement and the registration rights agreement are qualified in their entirety by reference to the full text of the common stock purchase agreement and the registration rights agreement, a copy of each of which is attached hereto as Exhibit 10.1 and 10.2, respectively, and each of which is incorporated herein in its entirety by reference.

Item 3.02 Unregistered Sales of Equity Securities.
