ITEM 1. FINANCIAL STATEMENTS

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Shareholders and Board of Directors Camden National Corporation

We have reviewed the accompanying interim consolidated financial information of Camden National Corporation and Subsidiaries as of September 30, 2011, and for the three-month and nine-month periods ended September 30, 2011 and 2010. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is to express an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

CAMDEN NATIONAL CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Amounts in Tables Expressed in Thousands, Except Number of Shares and per Share Data)

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements were prepared in accordance with instructions for Form 10-Q and, therefore, do not include all disclosures required by accounting principles generally accepted in the United States of America ("GAAP") for complete presentation of financial statements. In the opinion of management, the consolidated financial statements contain all adjustments (consisting only of normal recurring accruals) necessary to present fairly the consolidated statements of condition of Camden National Corporation (the "Company") as of September 30, 2011 and December 31, 2010, the consolidated statements of income for the three and nine months ended September 30, 2011 and 2010, the consolidated statements of cash flows for the nine months ended September 30, 2011 and 2010. All significant intercompany transactions and balances are eliminated in consolidation. Certain items from the prior year were reclassified to conform to the current year presentation. The income reported for the three month and nine month periods ended September 30, 2011, is not necessarily indicative of the results that may be expected for the full year. The information in this report should be read in conjunction with the consolidated financial statements and accompanying notes included in the Company's December 31, 2010 Annual Report on Form 10-K.

NOTE 2 – EARNINGS PER SHARE

Basic earnings per common share ("EPS") excludes dilution and is computed by dividing net income applicable to common stock by the weighted average number of common shares outstanding for the year. Diluted EPS reflects the potential dilution that could occur if certain securities or other contracts to issue common stock (such as stock options) were exercised or converted into additional common shares that would then share in the earnings of the Company. Diluted EPS is computed by dividing net income applicable to common stock by the weighted average number of common shares outstanding for the year, plus an incremental number of common-equivalent shares computed using the treasury stock method. The following table sets forth the computation of basic and diluted earnings per share under the two-class method, as unvested share-based payment awards include the nonforfeitable right to receive dividends and therefore are considered participating securities:

| | Three Months Ended | | | ths Ended |
|---|--------------------|-----------|-----------|-----------|
| | Septen | nber 30, | Septen | nber 30, |
| | 2011 | 2010 | 2011 | 2010 |
| Net income, as reported | \$6,929 | \$7,441 | \$20,338 | \$18,340 |
| Weighted-average common shares outstanding – basic | 7,677,972 | 7,657,098 | 7,671,911 | 7,655,097 |
| Dilutive effect of stock-based compensation | 5,598 | 5,953 | 8,490 | 5,822 |
| Weighted-average common and potential common | | | | |
| shares – diluted | 7,683,570 | 7,663,051 | 7,680,401 | 7,660,919 |
| Basic earnings per share – common stock | \$0.90 | \$0.97 | \$2.65 | \$2.40 |
| Basic earnings per share – unvested share-based payment | | | | |
| awards | 0.87 | 0.97 | 2.51 | 2.40 |
| Diluted earnings per share – common stock | 0.90 | 0.97 | 2.65 | 2.39 |
| Diluted earnings per share – unvested share-based payment | | | | |
| awards | 0.90 | 0.97 | 2.65 | 2.39 |

For the three month and nine month periods ended September 30, 2011, options to purchase 108,200 and 102,400 shares, respectively, of common stock were not considered in the computation of potential common shares for purposes of diluted EPS, because the exercise prices of the options were greater than the average market price of the common stock for the respective periods. For both the three month and nine month periods ended September 30, 2010, options to purchase 92,050 and 87,750 shares of common stock, respectively, were not considered in the computation of potential common shares for purposes of diluted EPS, because the exercise prices of the options were greater than the average market price of the common stock for the respective periods.
