PROXY STATEMENT

GLOBALSTAR, INC.

Annual Meeting of Stockholders

May 22, 2012

INFORMATION ABOUT THE MEETING, VOTING AND ATTENDANCE

We are sending you this proxy statement and the enclosed proxy card because our Board of Directors (the “Board”) is soliciting your proxy to vote your stock at our 2012 Annual Meeting of Stockholders (the “Annual Meeting”). At the Annual Meeting, stockholders will be asked to elect two Class C Directors, ratify the selection of Crowe Horwath LLP as our independent registered public accounting firm, and to consider any other matters that may properly be brought before the meeting. You are invited to attend the Annual Meeting, where you may vote your stock directly. However, whether or not you attend the Annual Meeting, you may vote by proxy as described on the next page.

We expect to begin mailing these proxy materials on or about April 13, 2012 to stockholders of record at the close of business on April 9, 2012 (the “Record Date”).

Who Can Vote

Only holders of our voting common stock at the close of business on the Record Date are entitled to vote at the Annual Meeting. On the Record Date, there were 298,475,751 shares of voting common stock outstanding and entitled to vote. Each share of voting common stock that you owned as of the Record Date entitles you to one vote on each matter to be voted on at the Annual Meeting. Holders of our nonvoting common stock are not entitled to vote those shares at the Annual Meeting and will not be included in determining a quorum or the number of votes required

for passage of matters at the Annual Meeting. Unless the context otherwise requires, references to common stock in this proxy statement mean our voting common stock.

Shares Held of Record— If you are a stockholder of record, you can vote before or at the Annual Meeting on the matters to be presented in either of the ways described below. If you vote by proxy card, you are authorizing the persons named on the enclosed proxy card (the “management proxies”) to vote your stock in the manner you direct.

By Mail ~~You~~ may vote by completing, signing, dating and returning the enclosed proxy card. For your vote to be counted, this proxy card must be received by the close of business on May 21, 2012.

In Person ~~You~~ may come to the Annual Meeting and cast your vote there.

Stock Held in “Street Name” — If your stock is held in the name of your broker, bank or other nominee on the Record Date, the nominee should be contacting you to seek your instructions on how to vote. If you do not instruct your nominee before the Annual Meeting as to how you wish to vote, then under currently applicable rules the nominee will have discretionary authority to vote your stock on the ratification of the appointment of our independent registered public accounting firm but will not have discretion to vote your stock on the election of directors.

Voting Authority of Management Proxies

If you are a stockholder of record and you vote by proxy, the management proxies will vote as directed by you. If you are a stockholder of record and you send in a properly executed proxy card without specific voting instructions, your shares of common stock represented by the proxy will be voted as recommended by the Board, namely:

FOR the election of all nominees for director.
FOR the ratification of the appointment of our independent registered public accounting firm.

Our Chairman and controlling stockholder, Mr. James Monroe III, has informed us that he intends to vote, on behalf of himself and the entities he controls, in favor of the two proposals, which assures approval of the proposals in accordance with the Board recommendations.

Other Business — We are not aware of any other matter that is expected to be acted on at the Annual Meeting.

How to Change or Revoke Your Proxy Vote

Shares Held of Record— If you send in a proxy card and later want to change or revoke your vote, you may do so at any time provided that your instructions are received before voting by proxy closes at the close of business on May 22, 2012 or if you vote at the meeting. You may change or revoke your vote in any of the following ways:

- by mailing new voting instructions to us on a proxy card with a later date;
- by notifying our Corporate Secretary in writing (at the address listed at the end of this proxy statement) that you have revoked your proxy; or
- by voting in person at the Annual Meeting.

Shares Held in “Street Name” — You should follow the instructions given to you by your broker or nominee on how to change or revoke your vote.

You may use any of these methods to change your vote, regardless of the method used previously to submit your vote. Representatives of Computershare will count only the most recent vote received and serve as the independent inspectors of election for the meeting.

How to Vote Shares in Our Employee Benefit Plans

If you hold common stock in our Employee Stock Purchase Plan (“ESPP”), you cannot vote your shares directly. The trustee for the ESPP will vote the shares held in the plan. You will receive a voting instruction card from the trustee, which will provide instructions to vote. If you provide voting instructions, the trustee will vote the shares as you direct. If you do not provide voting instructions, your shares in the ESPP will not be voted.

Holders of stock options or unvested restricted stock issued under our 2006 Equity Incentive Plan cannot vote the shares issuable upon exercise or vesting until those shares are issued.

Quorum Requirement

A quorum of stockholders is necessary to hold a valid meeting. A quorum will exist if holders of a majority of the shares of common stock entitled to vote at the meeting (149,237,876 shares) are present in person or by proxy. Abstentions, broker non-votes and votes withheld from director nominees count as shares of common stock present at the meeting for purposes of establishing a quorum.

Method and Cost of Soliciting Proxies

We have asked banks, brokers and other financial institutions, nominees and fiduciaries to forward our proxy material to beneficial owners and to obtain authority to execute proxies on their behalf, and we will reimburse them for their expenses in doing so. Proxies also may be solicited by our management, without additional compensation, through the mail, in person, or by telephone or electronic means.

Admission to the Meeting

Admission to the Annual Meeting will be limited to our stockholders of record, persons holding proxies from our stockholders of record and beneficial owners of our common stock. If your common stock is registered in your name, we will verify your ownership at the meeting in our list of stockholders as of the Record Date. If your common stock is held through a broker or a bank, you must bring to the meeting proof of your beneficial ownership of the stock. This could consist of, for example, a bank or brokerage firm account statement that shows your ownership as of the Record Date or a letter from your bank or broker confirming your ownership as of the Record Date.

SECURITY OWNERSHIP OF PRINCIPAL STOCKHOLDERS AND MANAGEMENT

The following table shows (i) the number of shares of common stock beneficially owned as of the Record Date by each director and nominee for director, by each executive officer named in the Summary Compensation Table, and by all directors, nominees and current executive officers as a group and (ii) all the persons who were known to be beneficial owners of five percent or more of our common stock, our only voting securities, on April 9, 2012 based upon 298,475,751 shares of common stock outstanding as of that date. Holders of our common stock are entitled to one vote per share.

“Beneficial ownership” is a technical term broadly defined by the Securities and Exchange Commission (“SEC”) to mean more than ownership in the usual sense. Stock is “beneficially owned” if a person has or shares the power (a) to vote it or direct its vote or (b) to sell it or direct its sale, even if the person has no financial interest in the stock. Also, stock that a person has the right to acquire, such as through the exercise of options or warrants or the

1. conversion of notes, within 60 days is considered to be “beneficially owned.” These shares are deemed to be outstanding and beneficially owned by the person holding the derivative security for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise noted, each person has full voting and investment power over the stock listed.

The address of Mr. Monroe, Globalstar Holdings, LLC, Globalstar Satellite, L.P. and Thermo Funding Company LLC is 1735 Nineteenth Street, Denver, CO 80202. This number includes 38,640,750 shares held by Globalstar Holdings, LLC, 146,465,355 shares held by Thermo Funding Company LLC, 618,558 shares held by Globalstar Satellite, L.P., and 1,460,346 shares held by Mr. Monroe’s trust. Under SEC rules noted in footnote 1, Mr. Monroe also beneficially owns 200,000 shares pursuant to vested options; 92,563,139 shares issuable to Thermo Funding Company upon conversion of our nonvoting common stock held by it; and 43,875,738 shares issuable to his trust or Thermo Funding upon exercise of certain warrants. Mr. Monroe’s trust also holds \$11.4 million principal amount of 2. 8% Convertible Senior Unsecured Notes and Thermo Funding holds \$20 million of 5% Convertible Senior Unsecured Notes, which are convertible into common stock as provided under the terms of the notes. This would represent approximately 74% ownership. The terms of the nonvoting common stock and the warrants prohibit conversions and exercises if the resulting ownership for Thermo entities and affiliates would represent 70% or more of our outstanding voting stock. Mr. Monroe controls, either directly or indirectly, each of Globalstar Satellite, L.P., Globalstar Holdings, LLC and Thermo Funding and, therefore, is deemed the beneficial owner of the common stock held by these entities.

These persons also must provide us with copies of these forms when filed. DISCUSSION OF PROPOSALS TO BE VOTED ON

PROPOSAL 1: ELECTION OF DIRECTORS

Our bylaws provide for a Board of seven members. The Board currently consists of six members.

Our Board is divided into three classes, with staggered three-year terms. Each of Class A, B and C consists of two directors. The terms of the directors of each class expire at the annual meetings of stockholders to be held in 2012 (Class C), 2013 (Class A), and 2014 (Class B). At each annual meeting of stockholders, one class of directors will be elected for a term of three years to succeed the directors whose terms are expiring. The current Directors are: Class A – J. Patrick McIntyre and Richard S. Roberts; Class B – John Kneuer and James F. Lynch; and Class C –William A. Hasler and James Monroe III.

Upon recommendation of the Nominating and Governance Committee, the Board has nominated William A. Hasler and James Monroe III for election as Class C Directors at the Annual Meeting due, in part, to each nominee's business experience, qualifications, skills and attributes described below. Each of these nominees has consented to being named in this proxy statement and has agreed to serve if elected. If you elect them, they will hold office until the annual meeting to be held in 2015 or until their successors have been elected and qualified. The Board is not aware of any reason why either nominee would be unable to serve as a director if elected. If prior to the Annual Meeting either nominee should become unable to serve as a director, the management proxies may vote for another nominee proposed by the Board, although proxies may not be voted for more than two nominees. If any director resigns, dies or is otherwise unable to serve out his term, or if the Board increases the number of directors, the Board may fill the vacancy for the balance of that director's term. Under our Bylaws, only the Board may fill vacancies on the Board.

Vote Required to Elect Directors

The two nominees who receive the highest number of votes cast (a plurality) will be elected as directors. There is no provision for cumulative voting in the election of directors. If you do not vote for a particular nominee, or if you indicate “withhold authority” to vote for a particular nominee, your vote will not count “for” the nominee. “Abstentions” and “broker non-votes” will not count as a vote cast with respect to that nominee’s election. However, as described earlier in this proxy statement, in these cases your vote will be counted for purposes of determining a quorum.

Board Recommendation

The Board recommends that stockholders vote FOR the election of the two Class C director nominees.

PROPOSAL 2: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board desires to obtain from the stockholders an indication of their approval or disapproval of the appointment by the Audit Committee of Crowe Horwath LLP as our independent auditors for 2012.

Crowe Horwath has served as our independent auditors beginning with the audit of the year ended December 31, 2005. We have been informed that neither Crowe Horwath nor any of its partners has any direct financial interest or any material indirect financial interest in Globalstar and during the past three years has no connection therewith in the capacity of promoter, underwriter, director, officer or employee.

One or more representatives of Crowe Horwath will be present at the meeting, will have an opportunity to make a statement if they desire and will be available to respond to appropriate questions.

If the resolution is defeated, the adverse vote will be considered a direction to the Audit Committee to select other auditors for the following year. However, because of the difficulty and expenses of making any substitution of auditors so long after the beginning of the current year, it is contemplated that the appointment for the year 2012 will be permitted to stand unless the Audit Committee finds other good reasons for making a change.

Vote Required to Ratify the Appointment of Crowe Horwath

The affirmative vote of the holders of a majority of the shares of common stock represented, in person or by proxy, and entitled to vote at the meeting is required to ratify the appointment of Crowe Horwath.

Board Recommendation

The Board recommends that stockholders vote FOR ratification of the appointment of Crowe Horwath as our independent registered public accounting firm for the year ending December 31, 2012.

INFORMATION ABOUT THE BOARD AND ITS COMMITTEES

Board Governance, Meetings and Attendance at Meetings

Our Board has three standing committees: Audit, Compensation, and Nominating and Governance. The Board established these committees on October 23, 2006, at which time it also adopted a charter for each standing committee.

We have a Code of Conduct that is applicable to all employees, including executive officers, as well as to directors to the extent relevant to their service as directors. The committee charters and Code of Conduct are available on our website at www.globalstar.com by clicking on “Corporate Site,” “Investor Relations” and “Corporate Governance.” You may request a copy of any of these documents to be mailed to you as described on page 23 of this proxy statement. We will post any amendments to, or waivers from, the Code of Conduct that apply to our principal executive and financial officers on our website.

Thermo and its affiliates hold stock representing a majority of our voting power. See “Security Ownership of Principal Stockholders and Management.” As a result, we are a “controlled company” for purposes of the Nasdaq Listing Rules and are not required to have a majority of independent Directors on the Board or to comply with the requirements for compensation and nominating/governance committees. However, we are subject to all other Nasdaq corporate governance requirements, including the rule requiring that the audit committee be composed entirely of independent directors.

The Board has determined that Messrs. Hasler, Kneuer and McIntyre are independent directors as defined in Rule 10A-3 under the Securities Exchange Act of 1934 and in the Nasdaq Listing Rules. This determination was based on the absence of any relationship known to the Board between Messrs. Hasler, Kneuer or McIntyre and us (other than as a director and stockholder) and the Board’s conclusion that the relationship described below does not affect the independence of any of them as a Director.

Messrs. Hasler and McIntyre are directors of ET Water, a privately held company of which Mr. McIntyre is the Chairman and Chief Executive Officer.

During 2011, the Board held nine meetings and took action by unanimous written consent thirteen times. Each director serving on the Board in 2011 attended at least 75% of the meetings of the Board and of each committee on which he served.

We expect directors to attend the Annual Meeting. Four of the seven directors then in office attended the 2011 Annual Meeting.

Leadership Structure

From our initial public offering in November 2006 until July 2009, Mr. Monroe served as our Chairman and Chief Executive Officer. Although the Board intended to separate the positions prior to July 2009, Mr. Monroe continued his dual service to concentrate on the strategic and financing issues we faced. In July 2009, the Board, with input from Mr. Monroe, changed our leadership structure with the appointment of Mr. Peter J. Dalton as Chief Executive Officer, resulting in split positions for the Chief Executive Officer and Chairman of the Board. Upon Mr. Dalton’s retirement in July 2011, Mr. Monroe resumed the role of CEO. The Board determined that the dual service was appropriate given the Company’s goal of reducing expenses.

Board's Role in Risk Oversight

The Board has determined that the role of risk oversight will remain with the full Board rather than having responsibility delegated to a specific committee, although the Audit Committee continues its focus on accounting and financial risks. Our executive officers evaluate and manage day-to-day risks and report regularly to the Board on such matters.

Audit Committee

The current members of the Audit Committee are Messrs. Hasler, Kneuer and McIntyre. Mr. Hasler serves as Chairman, and the Board has determined that he is an “audit committee financial expert” as defined by SEC rules.

The principal functions of the Audit Committee include:

- appointing and replacing our independent registered public accounting firm;
- approving all fees and all audit and non-audit services of the independent registered public accounting firm;
- annually reviewing the independence of the independent registered public accounting firm;
- assessing annual audit results;
- periodically reassessing the effectiveness of the independent registered public accounting firm;
- reviewing our financial and accounting policies and its annual and quarterly financial statements and earnings releases;
- reviewing the adequacy and effectiveness of our internal accounting controls and monitoring progress for compliance with Section 404 of the Sarbanes-Oxley Act;
- overseeing our programs for compliance with laws, regulations and company policies;
- approving all related person transactions;
- considering any requests for waivers from our Code of Conduct for senior executive and financial officers (any such waivers being subject to Board approval); and
- in connection with the foregoing, meeting with our independent registered public accounting firm and financial management.

During 2011, the Audit Committee held five meetings and took action by unanimous written consent once.

The Audit Committee has furnished the following report for inclusion in this proxy statement.

Audit Committee Report for 2011

In addition to other activities, the Committee:

· reviewed and discussed with management the Company's audited financial statements for 2011; discussed with Crowe Horwath LLP, the Company's independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. I, AU 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including significant accounting policies, management's judgments and accounting estimates, and Crowe Horwath's judgments about the quality of the Company's accounting principles as applied in its financial reporting; and received the written disclosures and the letter from Crowe Horwath required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning the accountant's independence from the Company and its subsidiaries, and discussed with Crowe Horwath their independence.

Based on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements for the year ended December 31, 2011 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

Compensation Committee

The current members of the Compensation Committee are Messrs. Monroe and McIntyre. Mr. Dalton served on this committee until his retirement. Mr. Monroe serves as Chairman. The principal functions of the Compensation Committee include:

- reviewing and approving corporate goals and objectives relevant to the compensation of our executive officers in light of business strategies and objectives;
- reviewing and recommending to the Board all compensation of our chief executive officer and other executive officers; and
- administering our incentive compensation plans, including the 2006 Equity Incentive Plan, and, in this capacity, recommending all grants or awards to our Directors, executive officers and other eligible participants under these plans to the Board.

As indicated above, the Compensation Committee is responsible for recommending the compensation of each of our executive officers to the Board. (Director compensation is established by the Board, based upon recommendations of the Nominating and Governance Committee.) The Compensation Committee may delegate tasks to a subcommittee for any purpose and with such power and authority as it deems appropriate and has delegated to Mr. Monroe the review of corporate goals, objectives and compensation related to executive officers other than himself. The Committee has designated Mr. Roberts to act as an officer-administrator to approve actions on behalf of the Committee to implement existing compensation awards under the 2006 Equity Incentive Plan. Only the Compensation Committee or the Board may grant awards to, or make decisions regarding awards granted to, executive officers and directors.

Mr. Monroe makes decisions on all components of compensation for all employees of vice president level and above and reviews manager level employees and above for bonus and equity awards based upon input from executive officers in charge of each business unit. Mr. Monroe does not receive a salary from us and, notwithstanding his position as executive Chairman and Chief Executive Officer, generally does not participate in any of our incentive compensation plans. The Committee will review annually the total business expense reimbursements paid to Thermo (described under “Other Information – Related Person Transactions”) without Mr. Monroe’s participation in the review.

The Compensation Committee meets in person as often as it determines necessary to discharge its responsibilities, which it expects to be approximately twice a year. The Committee may hold follow-up conference calls and act by written consent in between its regularly scheduled meetings. In 2011, the Compensation Committee held three meetings and acted seven times by unanimous written consent. Unless a later date is specified, the date of grant of any award made by unanimous written consent is the date on which the last consent is received by our Corporate Secretary.

Under its charter, the Committee has the authority to retain and terminate a compensation consultant, but has not retained one.

The Compensation Committee has furnished the following report for inclusion in this proxy statement.

Compensation Committee Report for 2011

The undersigned comprise the members of the Compensation Committee of the Company's Board of Directors.

The Committee has reviewed and discussed the Compensation Discussion and Analysis presented below with the Company's management. Based upon that review and those discussions, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

April 11, 2012 James Monroe III, Chair
J. Patrick McIntyre, Jr.

Nominating and Governance Committee

The current members of the Nominating and Governance Committee are Messrs. Roberts and McIntyre. Mr. Roberts serves as Chairman. The principal functions of the Nominating and Governance Committee include:

- identifying and recommending to the Board qualified candidates to fill vacancies on the Board;
- recommending to the Board candidates to be nominated for election as directors at annual meetings of stockholders;

- considering stockholder suggestions for nominees for director;
- making recommendations to the Board regarding corporate governance matters and practices;
- reviewing and making recommendations to the Board regarding director compensation; and

reviewing public policy matters of importance to our stockholders, including oversight of our corporate responsibility program.

The Nominating and Governance Committee met once and took action by written consent once in 2011. We do not currently employ an executive search firm, or pay a fee to any other third party, to locate or evaluate qualified candidates for director positions. In the past, recommendations for new director nominees were made by existing independent directors. The Board and the Nominating and Governance Committee believe that the minimum qualifications (whether recommended by a stockholder, management or the Board) for serving as a director are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of our business and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities.

Because Mr. Monroe controls the election of all directors, the Board has not established formal procedures for stockholders to submit director recommendations; however, such recommendations may be sent to the Nominating and Governance Committee, c/o Director, Public and Investor Relations, 300 Holiday Square Blvd., Covington, Louisiana 70433. If we were to receive a recommendation of a candidate from a stockholder, the Nominating and Governance Committee would consider such recommendation in the same manner as all other candidates. In considering candidates submitted by stockholders, the Nominating and Governance Committee will take into consideration the needs of the Board and the qualifications of the candidate. We did not receive any recommendations of candidates from stockholders during 2011.

Communicating with the Board of Directors or with Individual Directors

The Board has adopted a process for our stockholders to send communications to the Board or any management or non-management director. Correspondence should be addressed to the Board or any individual director(s) or group or committee of Directors either by name or title. All such correspondence should be sent c/o Director, Public and Investor Relations by mail to us at 300 Holiday Square Blvd., Covington, Louisiana 70433.

All communications received as set forth in the preceding paragraph will be opened by the office of the Director, Public and Investor Relations for the sole purpose of determining whether the contents represent a message to the Directors. Any contents that are not in the nature of promotion of a product or service, advertising, or patently offensive will be forwarded promptly to the addressee(s), but any communication will be available to any director who requests it.

COMPENSATION OF DIRECTORS

In 2011, we provided the following compensation to our non-employee directors:

For further discussion of our accounting policies for stock-based compensation and assumption used in calculating the grant date fair value of stock-based compensation awards, see Note 15 to the Consolidated Financial Statements in our 2011 Annual Report on Form 10-K. The actual amount of compensation realized, if any, for option awards may differ from the amounts presented in the table.

Upon his election to the Board in February 2011, Mr. Kneuer received options to purchase 200,000 shares of common stock at the closing price of the common stock on the date of grant with vesting on a monthly schedule based on continued service as a director. In May 2011, all directors other than Messrs. Monroe and Kneuer received options to purchase shares of common stock as noted above. All of the options are vested but options with respect to 100,000 shares of common stock were subject to decreasing incremental risk of forfeiture until May 1, 2014 on a monthly schedule based on continued service as a director.

EXECUTIVE OFFICERS

The current executive officers of the Company are James Monroe III, Executive Chairman and Chief Executive Officer; Anthony J. Navarra, President, Global Operations; L. Barbee Ponder IV, Vice President of Regulatory Affairs and General Counsel; and Richard S. Roberts, Corporate Secretary. Information about Messrs. Monroe and Roberts is given above under "Election of Directors."

Anthony J. Navarra, age 63, has served as our President, Global Operations since January 2005. Mr. Navarra was a director from December 2003 until September 2004. He served as President of our predecessor Globalstar, L.P. and of the company from September 1999 to December 2004.

L. Barbee Ponder IV, age 45, has been our General Counsel and Vice President of Regulatory Affairs since July 2010. He owned and operated a private company with timber, sand and gravel, and oil and gas interests from 2005 to July 2010. Mr. Ponder served in various Regulatory Counsel positions for BellSouth Corporation from 1996 to 2005. Prior to joining BellSouth, Mr. Ponder practiced with the Jones Walker law firm in New Orleans, where he specialized in commercial litigation including class action defense.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Overview

Our compensation program for executive officers is intended to:

provide each officer with a conservative base salary; and
create an incentive for retention and achievement of our long-term business goals using a sizeable, multi-year stock or option bonus programs.

The Compensation Committee and its designated officer-delegate (currently our Corporate Secretary) as administrator are responsible for evaluating the performance of, and reviewing and approving all compensation of, our executive officers, including those executive officers named on the Summary Compensation Table (the “named executive officers”). The Board approves equity awards to all executive officers, including the named executive officers and directors, to preserve the exemption from short swing liability under Section 16(b) of the Securities Exchange Act of 1934.

Results of 2011 Say-on-Pay Vote

In 2011, we provided our stockholders with the opportunity to provide a non-binding vote on executive compensation. At our 2011 Annual Meeting, over 99% of the stockholders who voted on the “say-on-pay” proposal approved the compensation of our Named Executive Officers. The Board also considered the stockholder vote regarding the frequency of stockholder advisory votes on named executive officer compensation and determined that it will hold an advisory vote on its named executive officer compensation every three years, consistent with its recommendation, until the next vote on frequency, which is expected to occur at the 2017 Annual Meeting of Stockholders.

Compensation Philosophy

Our goal is to create performance-based compensation that motivates management to increase stockholder value. Our current Executive Chairman and CEO receives no cash compensation. We compensate our other senior executive officers with a conservative base salary and incentivize them to remain with us through stock options and discretionary cash bonuses. The Compensation Committee has not independently reviewed peer group or other market data in setting base salaries or incentive compensation for senior executives. Because our compensation programs are limited, we do not have policies regarding the allocation of compensation between short and long-term or cash and non-cash.

We do not believe that our compensation policies or practices are reasonably likely to have a material effect on us, due in part on the structure of our compensation programs and risk mitigation provided by Board oversight of significant business decisions.

Elements of Compensation

The principal elements of our compensation for the named executive officers are base salary, discretionary cash bonus and the opportunity to receive equity awards pursuant to the Amended and Restated 2006 Equity Incentive Plan. During 2011, we matched a portion of all contributions by executives to our 401(k) Plan, as well as provided certain named executive officers with limited perquisites.

Base Salaries. We have established base salaries according to each named executive officer's position, responsibilities and performance. We do not pay Mr. Monroe a salary for his services as Chairman or Chief Executive Officer. The salary for Mr. Navarra is consistent with his prior salary during his employment by our predecessor, Globalstar, L.P. Upon his appointment as Chief Executive Officer in 2009, we agreed to pay a \$360,000 annual base salary to Mr. Dalton. In connection with the relocation of our corporate headquarters to Louisiana, we hired Mr. Wild, Mr. Ponder and Mr. Barnett with annual base salaries of \$225,000, \$200,000 and \$158,000, respectively. All executive officers are at-will employees.

Discretionary Cash Bonuses. In 2011, the Compensation Committee authorized cash bonuses to Messrs. Ponder and Wild of \$50,000 and \$125,000, respectively. In addition, Mr. Wild received a cash bonus of \$80,000 at the time of his resignation in November 2011 as recognition for completing necessary financial statements through the third quarter of 2011. In 2012, Mr. Ponder received a \$50,000 bonus in recognition of his efforts in 2011.

Dalton Agreement. On September 23, 2009, the Board approved a non-qualified stock option grant and performance-based bonus arrangement with Mr. Dalton. Mr. Dalton received options to purchase 3,000,000 shares of common stock with an exercise price of \$0.83 per share (the closing price on the grant date), of which the option to purchase 1,500,000 shares was vested and immediately exercisable. The unvested options were forfeited upon Mr. Dalton's retirement in July 2011.

Designated Executive Award Agreements. Effective August 10, 2007 (the "Effective Date"), the Board, upon recommendation of the Compensation Committee, approved the concurrent termination of the former cash-based Executive Incentive Compensation Plan and the award of restricted stock or restricted stock units under the 2006 Equity Incentive Plan to the named executive officers who participated at that time in the Executive Incentive Compensation Plan (the "Participants"). Each award agreement provided that the Participant will receive awards of restricted common stock or restricted stock units, which, upon vesting, each entitled the Participant to one share of common stock. Total benefits per Participant (valued at the grant date) were approximately \$6.0 million, which represented an increase of approximately \$1.5 million in potential compensation compared to the maximum potential benefits under the Executive Incentive Compensation Plan. However, the new award agreements extended the vesting period by up to two years and provided for payment in shares of common stock instead of cash, thereby enabling us to conserve our cash for capital expenditures for the procurement and launch of our second-generation satellite constellation and related ground station upgrades.

Pursuant and subject to the award agreements, one-third of the 71,499 shares awarded to each Participant vested in each of 2008, 2009 and 2010 not earlier than the third business day after we announced our financial results for the preceding year (each an "Annual Vesting Date"), the 190,658 shares awarded to each Participant vested on the Annual Vesting Date in 2011, the 95,329 shares awarded to each Participant on the Annual Vesting Date in 2008 also vested on the Annual Vesting Date in 2011 and the shares awarded on each of the Annual Vesting Dates in 2008, 2009 and 2010 (the number of shares awarded on each Annual Vesting Date was equal to 750,000 divided by the then market price of the common stock) vested immediately upon their award. This program concluded with the final vesting of awards in 2011.

2011 Option Grants. In October 2011, we granted options to purchase common stock to Messrs. Navarra and Ponder and other employees. These awards were granted as a retention tool at the time of our reduction in force. The options for Messrs. Navarra and Ponder vest on the earlier of (i) the first trading day after the company's common stock have traded on the Nasdaq stock market for more than ten consecutive trading days at or above a per share closing price of \$2.50, and (ii) the day that a binding written agreement is signed for the sale of the company, as determined by the Board of Directors in its discretion reasonably exercised.

All Other Compensation. In 2011, we matched a portion of the 401(k) contributions of all U.S. employees, including named executive officers. We contributed \$0.50 for each \$1.00 contributed by an employee, up to 4% of the employee's base salary. In addition, Mr. Navarra was eligible for a benefit under our Retirement Plan. This Plan is frozen.

We provide limited perquisites to certain named executive officers consisting primarily of premiums for term life insurance policies and funding of flexible spending accounts.

We reimburse Thermo for transportation, lodging and meal expenses incurred by Messrs. Monroe, Lynch and Roberts in connection with performing their services for us. These reimbursements are reviewed and approved for payment by our Chief Financial Officer or Corporate Controller at least once a year. The Compensation Committee reviews the total reimbursement amount annually. During 2011, we reimbursed Thermo approximately \$208,000 for these expenses.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code prohibits us from taking an income tax deduction for any compensation in excess of \$1 million per year paid to its chief executive officer or any of its other three most-highly compensated executive officers, unless the compensation qualifies as "performance-based" pay under a plan approved by stockholders. We may or may not design future compensation programs so that all compensation above \$1 million will be performance-based to permit deductibility.

Pension Plan

Mr. Navarra is entitled to benefits under a defined benefit pension plan originally maintained by Space Systems/Loral for employees of our predecessor, among others. The accrual of benefits in our predecessor's segment of this plan was curtailed, or frozen, as of October 23, 2003. On June 1, 2004, the assets and frozen pension obligations of our predecessor's segment of the plan were transferred to a new Globalstar Retirement Plan, which remains frozen. We continue to fund the plan in accordance with Internal Revenue Code requirements, but participants are not currently accruing benefits beyond those accrued at October 23, 2003. The estimated annual benefit payable upon retirement at normal retirement age to Mr. Navarra is \$35,394. The actual amount of the estimated annual benefit depends upon a number of factors such as time of retirement, years of contributions to the Plan, final average salary, social security wage base and the election for receipt of benefit payments. The estimated annual benefits upon retirement include either a contributory benefit (for those who have enrolled in the Plan) or a non-contributory benefit or a combination of both. The non-contributory benefit equals \$21 per month times the years of non-contributory service. The contributory benefit is the larger of the primary benefit formula, which factors in Social Security and a minimum benefit formula, which does not. The assumptions for valuation of the Pension Plan are described in Note 12 to our

Consolidated Financial Statements contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

Payments Upon Termination or Change In Control

We have not entered into employment agreements with our current executive officers, including the named executive officers. Voluntary termination of employment or retirement would not result in any payments to the named executive officers beyond the amounts each would be entitled to receive under our pension and retirement plans. We pay life insurance premiums for all U.S.-based employees that would be paid (based on a multiple of salary) to the employee's beneficiary upon death, in addition to an immediate payment of two-weeks' base salary.

We also have a severance allowance applicable to all U.S.-based employees if an employee is terminated due to a reduction in workforce of ten or more positions and upon the employee's execution of a release of claims. Under this plan, the named executive officers would receive a lump sum payment equal to six to eight week's base salary. Other severance, if any, is determined at the time of dismissal and is subject to negotiation.

Under our 2006 Equity Incentive Plan, if a participant dies, becomes disabled or is terminated for cause, unvested awards are forfeited. For vested option awards, the participant or his survivor generally has 12 months to exercise. If a participant is terminated for cause, all unexercised vested options also are forfeited. If a change in control occurs, any unvested options outstanding would vest immediately. A change in control occurs when: (1) a person or group (other than us, an existing controlling stockholder, or trustee for a employee benefit plan) acquires beneficial ownership of 50% or more of the voting power in the election of directors; (2) our merger or consolidation; (3) a sale of all or substantially all of our assets; or (4) the sale or exchange by the stockholders of more than 50% of our voting stock; provided however, that a change in control is not deemed to have occurred if the majority of the board of directors of the surviving company is comprised of our directors. The Compensation Committee, in its discretion, also may take other actions to provide for the acceleration of the exercisability or vesting of other awards under the Plan prior to, upon or following a change in control.

The following table shows the amount of potential payments to the current named executive officers under the listed events, based on the assumption that the triggering event took place on December 31, 2011.

	Mr. Monroe	Mr. Navarra	Mr. Ponder
Death	\$ -	\$ 937,858	\$ 407,692
Two week's salary	-	12,978	7,692
Insurance proceeds	-	924,880	400,000
Termination – Reduction in Workforce	\$ -	\$ 51,914	\$ 23,077

In connection with his retirement as CEO in July 2011, Mr. Dalton was paid \$30,000 for consulting services and \$37,329 of accrued vacation time. In connection with his resignation in November 2011, Mr. Wild received \$80,000 in a pro-rated bonus and \$23,274 for accrued vacation time. Mr. Barnett received \$10,787 of accrued vacation time

upon his resignation in September 2011.

We have been informed that neither Crowe Horwath LLP nor any of its partners has any direct financial interest or any material indirect financial interest in Globalstar and during the past five years has no connection therewith in the capacity of promoter, underwriter, director, officer or employee.

The Audit Committee pre-approves all audit and permissible non-audit services to be provided by the independent auditors. Non-audit services may include audit-related services, tax services and other services not prohibited by SEC rules on auditor independence. Pre-approval is detailed as to the particular service or category of services and generally is subject to a specific budget. The independent auditors report periodically to the Audit Committee regarding the extent of services they provided in accordance with the Committee's pre-approvals and the fees for services performed to date. In 2011, the Audit Committee's pre-approval requirement was not waived for any fees or services.

The aggregate fees billed by Crowe Horwath LLP for professional services rendered for the audits of our annual financial statements were \$831,199 in 2011 and \$751,375 in 2010. The fees also covered services related to our public offerings of 5% Notes in 2011. Related Person Transactions, Compensation Committee Interlocks and Insider Participation

Review of Transactions

Prior to the adoption of the Related Person Transactions Policy described below, the Board reviewed and monitored any arrangements with related persons.

On April 16, 2007, the Board adopted a written policy with respect to transactions in which we participate and related persons have a material interest. Related persons include our executive officers, directors, director nominees, 5% or more beneficial owners of the our common stock and immediate family members of these persons. Under the policy, the Audit Committee is responsible for reviewing and approving or ratifying related person transactions that exceed \$120,000 per year. Certain related person transactions have been deemed pre-approved by the Audit Committee and do not require any other approval under the policy. If an Audit Committee member or his or her family member is involved in a related person transaction, the member will not participate in the approval or ratification of the transaction. In instances where it is not practicable or desirable to wait until the next meeting of the Audit Committee for review of a related person transaction, the policy grants to the Chair of the Audit Committee (or, if the Chair or his or her family member is involved in the related person transaction, any other member of the Audit Committee) delegated authority to act between Audit Committee meetings for these purposes. A report of any action taken pursuant to delegated authority must be made at the next Audit Committee meeting.

For the Audit Committee to approve a related person transaction, it must be satisfied that it has been fully informed of the interests, relationships and actual or potential conflicts present in the transaction and must believe that the transaction is fair to us. The Audit Committee also must believe, if necessary, that we have developed a plan to

manage any actual or potential conflicts of interest. The Audit Committee may ratify a related person transaction that did not receive pre-approval if it determines that there is a compelling business or legal reason for the company to continue with the transaction, the transaction is fair to the Company and the failure to comply with the policy's pre-approval requirements was not due to fraud or deceit.

Services Provided by Thermo. We have an informal understanding with Thermo that we will reimburse Thermo for expenses incurred by Messrs. Monroe, Lynch and Roberts in connection with their services to us including temporary living expenses while at our offices or traveling on its business. For the year ended December 31, 2011, we recorded approximately \$208,000 for general and administrative expenses incurred by Thermo on our behalf. In addition, we recorded \$319,000 for services provided to us by officers of Thermo that were accounted for as a contribution to capital. Neither Thermo nor Messrs. Monroe, Lynch or Roberts receive any fees or reimbursements other than as described above or under "Director Compensation."

Thermo Agreements. To fulfill certain conditions precedent to funding under our senior secured credit facility agreement with a syndicate of French banks (the "Facility Agreement"), we entered into several agreements with Thermo Funding as described below.

Secured Debt Conversion

In June 2009, Thermo Funding exchanged all of the approximately \$180 million of outstanding secured debt (including accrued interest) we owed to it under our senior secured credit agreement for one share of Series A Convertible Preferred Stock (the "Series A Preferred"), and the credit agreement was terminated. In December 2009, Thermo Funding converted the share of Series A Preferred into 109,424,034 shares of voting common stock and 16,750,000 shares of nonvoting common stock.

Note and Warrant Offerings

In June 2009, we sold \$55 million in aggregate principal amount of 8.00% Convertible Senior Unsecured Notes and warrants to purchase shares of our common stock to selected institutional investors, including \$11.4 million principal amount of notes and warrants to an affiliate of Thermo Funding, in a direct offering registered under the Securities Act of 1933.

In June 2011, we sold \$38 million in aggregate principal amount of 5.0% Convertible Senior Unsecured Notes and warrants guaranteed by substantially all domestic subsidiaries including \$20 million to Thermo Funding in a private placement.

Contingent Equity Agreement

In June 2009, we entered into a Contingent Equity Agreement with Thermo Funding whereby Thermo Funding agreed to deposit \$60 million into a contingent equity account to fulfill a condition precedent for borrowing under the Facility Agreement. Under the terms of the Facility Agreement, we will be required to make drawings from this account if and to the extent we have an actual or projected deficiency in our ability to meet indebtedness obligations due within a forward-looking 90 day period. Thermo Funding pledged the contingent equity account to secure our obligations under the Facility Agreement. When we draw funds from the contingent equity account, we issue Thermo Funding shares of our common stock calculated using a price per share equal to 80% of the average closing price of the common stock for the 15 trading days immediately preceding the draw. Any undrawn amounts in the account will be returned to Thermo Funding on December 31, 2014.

The Contingent Equity Agreement also provides that we will pay Thermo Funding an availability fee of 10% per year for maintaining funds in the contingent equity account. This fee is payable solely in warrants to purchase common stock at \$0.01 per share with a five-year exercise period from issuance, with respect to a number of shares equal to the available balance in the contingent equity account divided by \$1.37, subject to an annual retroactive adjustment at each anniversary of the date of the agreement. No voting common stock is issuable if it would cause Thermo Funding and its affiliates to own more than 70% of our outstanding voting stock. For more information on the shares and warrants issued pursuant to the Contingent Equity Agreement, see Note 4 to the Consolidated Financial Statement contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

Subordinated Loan Agreement

In June 2009, we entered into a Loan Agreement with Thermo Funding whereby Thermo Funding agreed to lend us \$25 million for the purpose of funding the debt service reserve account required under the Facility Agreement. This loan is subordinated to, and the debt service reserve account is pledged to secure, all of our obligations under the Facility Agreement. The loan accrues interest at 12% per annum, which is capitalized and added to the outstanding principal in lieu of cash payments. We will make payments to Thermo Funding only when permitted under the Facility Agreement. The loan becomes due and payable six months after the obligations under the Facility Agreement have been paid in full, a change in control of the Company or any acceleration of the maturity of the loans under the Facility Agreement occurs. As additional consideration for the loan, we issued Thermo Funding a warrant to purchase 4,205,608 shares of common stock at \$0.01 per share with a five-year exercise period. No common stock is issuable upon such exercise if such issuance would cause Thermo Funding and its affiliates to own more than 70% of our outstanding voting stock.

Short Term Note

In advance of the funding of the Facility Agreement, Thermo Funding provided cash to meet our working capital needs under a short-term, unsecured promissory note. In January 2010, Thermo Funding agreed with us, upon recommendation and approval of the Board, to convert our promissory note held by Thermo Funding in the principal amount of \$2,259,531 (plus accrued interest) into 2,525,750 shares of our nonvoting common stock.

Other Relationships. Messrs. Hasler and McIntyre are directors of ET Water, a privately held company of which Mr. McIntyre is the current Chairman and Chief Executive Officer.
