On February 3, 2015, TSS, Inc. (the “Company”) and its subsidiaries Innovative Power Systems, Inc., VTC, L.L.C., Vortech, L.L.C., Total Site Solutions Arizona, LLC and Alletag Buildings, Inc. (together with the Company, collectively, the “Borrowers”) entered into a multiple advance term loan agreement (the “Loan Agreement”) and related agreements with MHW SPV II, LLC (“MHW”) for a loan in the maximum principal amount of \$2,000,000 (the “Loan”).

In accordance with the terms of the Loan Agreement, MHW provided \$945,000 on February 3, 2015, and the remainder of the Loan may be advanced in MHW’s discretion to the Borrowers prior to February 23, 2015. The Borrowers may decide whether to accept such an advance in their discretion. The Borrowers executed a promissory note (the “Promissory Note”) to evidence the Loan and the terms of repayment.

The Loan requires interest only payments made on a monthly basis beginning on March 1, 2015 and bears annual interest at a fixed rate of 12%. The Loan has a maturity date of 60 months from the date of the last advance by MHW of the proceeds of the Loan. The Borrowers are permitted to make optional prepayments at any time, subject to a prepayment fee of (a) 4% of the amount prepaid if the prepayment is made prior to February 3, 2016, (b) 2% of the amount prepaid if the prepayment is made between February 4, 2016 and February 3, 2017 and (c) 1% of the amount prepaid if the prepayment is made between February 4, 2017 and February 3, 2018.

The Loan Agreement and ancillary documents include customary affirmative covenants for secured transactions of this type, including compliance with laws, maintenance of insurance, maintenance of assets, timely payment of taxes and notice of adverse events. The Loan Agreement and ancillary documents include customary negative covenants, including limitations on liens on assets of the Borrowers.

The Loan Agreement and ancillary documents include customary events of default, including payment defaults, the making of false or misleading representations or warranties included in the Loan Agreement and ancillary documents, failure to perform or observe terms, covenants or agreements included in the Loan Agreement and ancillary documents, insolvency and bankruptcy defaults and dissolution and liquidation defaults.

The obligations under the Loan are secured by substantially all of the Borrower’s assets pursuant to the terms of a security agreement (the “Security Agreement”). The parties also executed a Subordination Agreement to evidence their agreement that the Loan is subordinated to the senior debt held by Bridge Bank, National Association.
