PROXY STATEMENT

The accompanying proxy is solicited on behalf of the Board of Directors of Houston Wire & Cable Company (the “Company,” “we” or “us”) for the 2015 annual meeting of stockholders that will be held at our corporate headquarters, 10201 North Loop East, Houston, Texas 77029, on Tuesday, May 5, 2015, at 8:30 a.m., Central Time, and at any postponement or adjournment thereof. We are first mailing notice of availability of this proxy statement and the accompanying proxy card and 2014 annual report to stockholders (which includes our annual report on Form 10-K for the year ended December 31, 2014), on or about March 26, 2015.

ABOUT THE MEETING

What is the purpose of this proxy statement?

This proxy statement provides information regarding matters to be voted on at the 2015 annual meeting of our stockholders. Additionally, it contains certain information that the Securities and Exchange Commission (the “SEC”) requires us to provide annually to stockholders. The proxy statement is also the document used by our board to solicit proxies to be used at the 2015 annual meeting. Proxies are solicited to give all stockholders of record an opportunity to vote on the matters to be presented at the annual meeting, even if they cannot attend the meeting. The board has designated James L. Pokluda III and William H. Sheffield as proxies, who will vote the shares represented by proxies solicited by the board at the annual meeting in accordance with the stockholders’ instructions.

What proposals will be voted on at the annual meeting?

Stockholders will vote on the following proposals at the annual meeting:

-

the election of eight directors, each to serve until the next annual meeting and until a successor is duly elected and qualified (Proposal No. 1);

the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2015 (Proposal No. 2);

the approval of our executive compensation on an advisory basis (Proposal No. 3); and

any other business properly coming before the annual meeting and any adjournment or postponement thereof.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, March 9, 2015, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. If your shares are held in "street name," please refer to the information forwarded to you by your bank, broker or other holder of record to see what you must do to vote your shares.

A complete list of stockholders entitled to vote at the annual meeting will be available for examination by any stockholder at our corporate headquarters, 10201 North Loop East, Houston, Texas 77029, during normal business hours for a period of ten days before the annual meeting and at the annual meeting.

What is the difference between a stockholder of record and a beneficial holder of shares?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company, you are considered a stockholder of record with respect to those shares. If this is the case, we have sent or provided the stockholder proxy materials directly to you.

If your shares are held in a stock brokerage account or by a bank or other nominee (also known as held "in street name"), you are considered the "beneficial holder" of the shares, and your brokerage firm, bank or other nominee is the stockholder of record. If this is the case, the proxy materials have been forwarded to you by your brokerage firm, bank or other nominee. As the beneficial holder, you have the right to direct your broker, bank or other nominee how to vote your shares. Please contact your broker, bank or other nominee for instructions on how to vote any shares you beneficially own.

Who can attend the meeting?

All stockholders of record as of March 9, 2015, or their duly appointed proxies, may attend the meeting. If you hold your shares in street name, you will need to bring a copy of a brokerage or other account statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

What constitutes a quorum?

A quorum of stockholders is necessary to hold the annual meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. As of the record date, 17,398,140 shares of our common stock were outstanding. Shares covered by proxies received will be considered present at the meeting for purposes of establishing a quorum.

How do I vote?

You may vote in person at the meeting or by proxy by any of the following methods:

- Telephoning the toll-free number listed on the proxy card;
- Using the Internet site listed on the proxy card; or
- Marking, dating, signing and returning the enclosed proxy card.

We recommend that you vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you vote by proxy, your shares will be voted as you direct on the proxy card, by telephone or via the Internet. If you are a stockholder of record and attend the meeting, you may vote at the meeting or deliver your completed proxy card in person, even if you previously sent in a proxy card or voted by telephone or via the Internet.

If your shares are held in street name, please refer to the information forwarded to you by your broker, bank or other holder of record to see what you must do in order to vote your shares. If you are a street name stockholder and you

wish to vote in person at the meeting, you will need to obtain a proxy from the institution that holds your shares and present it to the inspector of elections with your ballot when you vote at the annual meeting.

Can I change my vote after I give my proxy?

You can revoke your proxy, whether it was given by telephone, Internet or mail, before it is voted by:

- Delivering to our Secretary at the address on the first page of this proxy statement a written notice of revocation of your proxy before or at the annual meeting and prior to voting;

- Delivering a new proxy bearing a later date by telephone, via the Internet or by submitting a duly executed proxy card; or

- Voting in person at the annual meeting.

The last vote you submit chronologically (by any means) will supersede all prior votes.

The powers of the proxy holders with regard to your shares will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not, by itself, revoke a previously granted proxy.

How many votes are required for the proposals to pass?

Each outstanding share entitles its holder to cast one vote on each matter to be voted upon at the annual meeting. Directors are elected by a plurality vote, meaning that the eight director nominees receiving the greatest numbers of votes will be elected. The approval of a majority of the votes present, in person or by proxy, at the annual meeting and entitled to vote is required to ratify the selection of our independent public accounting firm and to approve our executive compensation.

How are abstentions and broker non-votes treated?

If a stockholder withholds authority to vote on the election of directors, it will have no effect on the vote. If a stockholder abstains from voting on any other proposal, it will have the same effect as a vote against that proposal.

Broker non-votes with respect to any proposal will have no effect on the outcome of the vote on that proposal. A “broker non-vote” occurs on a proposal when shares held of record by a broker are present or represented at the meeting but the broker is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction has been given.

What if I do not specify a choice for a matter when returning a proxy?

Stockholders should specify their choice for each matter on the enclosed proxy. If no specific instructions are given, validly submitted proxies will be voted “FOR” the election of all eight nominees for director, “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm and “FOR” the approval of our executive compensation.

Will anyone contact me concerning this vote?

No arrangements or contracts have been made or entered into with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary. If done, such solicitations may be made by mail, telephone, facsimile, e-mail or personal interviews.

What are the board’s recommendations?

The board’s recommendations, together with the description of each proposal, are set forth in this proxy statement. In summary, the board unanimously recommends that you vote:

•“FOR” the election of each nominee for director (see page 8);

•“FOR” the ratification of Ernst & Young LLP as our independent registered public accounting firm (see page 31); and

•“FOR” the approval of the compensation of our named executive officers (see page 31);

What happens if additional matters are presented at the annual meeting?

Other than the three proposals described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders on the enclosed proxy card will vote your shares on any additional matters properly presented for a vote at the meeting as recommended by the board or, if no recommendation is given, in their own discretion.

Who will tabulate and certify the vote?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes. A representative of Schiff Hardin LLP, the Company’s legal counsel, will be the inspector of elections.

Clawback policy for incentive compensation awards

These practices and policies are described in further detail below.

Board Composition

Our Board of Directors currently consists of eight directors. Each director is elected for a term of one year and serves until a successor is duly elected and qualified or until his or her death, resignation or removal. There are no family relationships between any of our directors or executive officers. Our executive officers are elected by and serve at the discretion of the Board of Directors.

Board Leadership Structure and Risk Oversight

Since our IPO, the offices of Chairman and Chief Executive Officer of the Company have been held by different individuals. Our board is led by an independent Chairman. Mr. Thompson served as Chairman until January 1, 2012, at which time Mr. Sheffield assumed the Chairman role. Our Chief Executive Officer, Mr. Pokluda, is the only member of the board who is not an independent director. We believe that this leadership structure enhances the accountability of the Chief Executive Officer to the board and strengthens the board's independence from management. In addition, separating these roles allows Mr. Pokluda to focus his efforts on running our business and managing the Company in the best interests of our stockholders, while we are able to benefit from Mr. Sheffield's experience as a member of other public company boards.

The board takes an active role in monitoring and assessing the Company's risks, which include risks associated with operations, credit, financing and capital investments. Management is responsible for the Company's day-to-day risk management activities, and our board's role is to engage in informed risk oversight. The Nominating and Corporate Governance Committee with the assistance of management compiled and prioritized a list of risks to which the Company could be subjected. It also identified the significant risks, which were then reviewed by the board and assigned to one of the standing committees of the board for oversight. In fulfilling this oversight role, our Board of Directors focuses on understanding the nature of our enterprise risks, including our operations and strategic direction, as well as the adequacy of our risk management process and overall risk management system. There are a number of ways our board performs this function, including the following:

- at its regularly scheduled meetings, the board receives management updates on our business operations, financial results and strategy and discusses risks related to the business;
- the Audit Committee assists the board in its oversight of risk management by discussing with management, particularly the Chief Executive Officer and Chief Financial Officer, our guidelines and policies regarding financial and enterprise risk management and risk appetite, including major risk exposures, and the steps management has taken to monitor and control such exposures; and
- through management updates and committee reports, the board monitors our risk management activities, including the enterprise risk management process, risks relating to our compensation programs, and financial and operational risks being managed by the Company.

Director Independence

The Board of Directors has determined that each person who served as a director in 2014, and each director nominee for 2015, except Mr. Pokluda is "independent" under NASDAQ Listing Rule 5605(a)(2). Under Rule 5605(a)(2), a director is considered independent as long as he or she does not have a relationship with the Company or management which would interfere with the exercise of independent judgment in carrying out the director's responsibilities. The NASDAQ Listing Rules also enumerate certain relationships which preclude a finding of independence and generally provide that an individual cannot be considered independent if, among other things, he or she is a current officer or other employee of the issuer or directly or indirectly receives certain significant payments from the issuer other than in his or her capacity as a director or board committee member.

Related Person Transaction Policy

The purpose of the Related Person Transaction Policy, as adopted by the Board of Directors, is to provide for the identification, review and consideration of transactions between the Company and any related person. "Related person" means anyone who is, or within the past year was, a director, nominee for director or executive officer of the Company or greater than five percent beneficial owner of the Company's voting securities or any member of their

immediate families.

Under the Policy, any related person transaction must be reviewed, considered, and approved or ratified by the Audit Committee of the Board of Directors directly or through the Chairman of the Audit Committee. The Policy applies to all related person transactions, even if the amount involved does not exceed the \$120,000 threshold required for disclosure under the SEC rules. Review of a proposed related person transaction takes into consideration the purpose of, and the potential benefits to the Company from, the related person transaction, and the impact of the related person transaction on a director's independence in the event that the related person is a director or an immediate family member of a director. No member of the Audit Committee may participate in any review, consideration, or approval of any related person transaction with respect to which such member or any of his or her immediate family members is the related person.

The Policy provides that the Company may undertake certain pre-approved related person transactions (e.g., transactions in which the related person's interest derives solely from his or her service as a director of another corporation or entity that is a party to the transaction) without further specific review, consideration and approval. The Company engaged in no related party transactions in 2014.

Board Meetings

The board met six times during 2014. Each person who was a director during 2014 attended at least 75% of the meetings of the board and of the committees on which he served held during the period he was a director. Absent special circumstances, each director is expected to attend the annual meeting of stockholders. All of the directors serving at the time attended the 2014 annual meeting of stockholders, with the exception of Mr. Gotsch, who retired from the Board of Directors.

Executive Sessions

The Company's Corporate Governance Guidelines require the independent directors to meet in executive sessions separate from management at least two times a year. The independent directors met in executive sessions five times during 2014.

Committees Established by the Board of Directors

The board has three standing committees: (1) Audit Committee; (2) Nominating and Corporate Governance Committee; and (3) Compensation Committee. As Chairman of the Board, Mr. Sheffield is not a member of any standing committee, but he attends all committee meetings on an ex officio basis.

Audit Committee. The Audit Committee consists of Messrs. Campbell, Ruelle, Sexton and Thompson, each of whom is independent for purposes of Rules 5605(a)(2) and (c)(2) of the NASDAQ Listing Rules and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934. Mr. Campbell serves as the Chairman. Each of the Audit Committee members is financially literate as determined by our board in its business judgment. The board has also determined that Mr. Campbell is an "audit committee financial expert," as such term is defined under the applicable SEC rules.

The Audit Committee met five times in 2014. The Audit Committee operates under a charter approved by the Board of Directors, which can be found on the "Investor Relations" section of our website at <http://www.houwire.com>. Copies will be provided to stockholders upon request.

The principal duties and responsibilities of the Audit Committee are to assist the board in its oversight of:

- the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company;

- the independent auditors' qualifications and independence; and

- the performance of the independent auditors.

Our Audit Committee is also responsible for:

- maintaining free and open communication among the committee, the independent auditors and management of the Company;
- reviewing and approving related person transactions; and
- preparing the report required to be prepared pursuant to the rules of the SEC for inclusion in the Company's annual proxy statement.

The Audit Committee has the resources and authority appropriate to discharge its duties and responsibilities, including the authority to select, retain, terminate and approve the fees and other retention terms of counsel, accountants or other experts and advisors, as it deems necessary or appropriate. During 2014, the Audit Committee requested audit proposals for each of the three years ending December 31, 2017, from five independent accounting firms, including the incumbent independent auditors. After reviewing the proposals and considering the qualifications and fees of each of the firms, the Committee decided to retain the incumbent as its independent accounting firm, subject to annual stockholder ratification. See "Report of the Audit Committee" on page 29.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Messrs. Campbell, Farwell, Ruelle and Yetman. Mr. Farwell serves as the Chairman. The board has determined that all committee members are independent for purposes of Rule 5605(a)(2) of the NASDAQ Listing Rules.

The Nominating and Corporate Governance Committee met four times in 2014. The Nominating and Corporate Governance Committee operates under a charter approved by the Board of Directors, which can be found on the "Investor Relations" section of our website at <http://www.houwire.com>. Copies will be provided to stockholders upon request.

The principal duties and responsibilities of the Nominating and Corporate Governance Committee are to:

- identify persons that the Committee believes are qualified to be directors of the Company and consider and evaluate other candidates for director brought to the attention of the Committee, including persons nominated by stockholders in accordance with the nomination procedures specified in the Company's By-laws or otherwise recommended by stockholders;
- recommend to the board (a) the nominees for election as directors at each annual meeting of stockholders or at any special meeting of stockholders at which directors are to be elected and (b) the persons to be appointed by the board to fill any vacancy on the board (including any vacancy resulting from an increase in the size of the board);
- review the committee structure of the board and the membership of the board committees, and recommend to the board nominees for appointment to each of the committees;
- review and reassess, at least annually, the adequacy of the Company's Corporate Governance Guidelines and recommend to the board for approval any changes that the Committee deems necessary or appropriate;
- review any proposals properly submitted by stockholders for inclusion in the Company's proxy statement and recommend to the board any action to be taken in response to such proposals; and
- oversee the annual evaluation of the board.

In screening and recommending candidates as directors of the Company, the Nominating and Corporate Governance Committee considers the nature of the expertise and experience required for the performance of the duties of a director of a corporation engaged in the Company's business and such matters as the relevant business and industry experience, professional background, age, current employment, community service and other board service of candidates for directors, as well as the racial, ethnic and gender diversity of the board. The committee seeks to identify, as candidates for director, persons with a reputation for and record of integrity and good business judgment who (1) have experience in positions with a high degree of responsibility and are leaders in the organizations with which they are affiliated, (2) are free from conflicts of interest that could interfere with a director's duties to the Company and its stockholders, and (3) are willing and able to make the necessary commitment of time and attention required for effective board service. The Nominating and Corporate Governance Committee also takes into account the candidate's level of financial literacy. The Nominating and Corporate Governance Committee monitors the mix of skills and experience of the directors in order to assess whether the board has the necessary tools to perform its oversight function effectively. The Nominating and Corporate Governance Committee will consider nominees for our Board of Directors recommended by stockholders, using the same criteria as for other candidates.

The Nominating and Corporate Governance Committee has the authority to retain a search firm to be used to identify director candidates. The Nominating and Corporate Governance Committee has the authority to retain and terminate any such search firm, including authority to approve the firm's fees and other retention terms. The Nominating and Corporate Governance Committee also has authority to retain other advisors. The Company will provide for appropriate funding, as determined by the Nominating and Corporate Governance Committee, for payment of compensation to any search firm or other advisors. During 2014 at the request of the Board, the Nominating and

Corporate Governance Committee conducted a search for additional director candidates. After considering and interviewing several candidates, the committee recommended, and the board nominated, Mark A. Ruelle for election at the 2014 Annual Meeting and recommended, and the board appointed, G. Gary Yetman on November 4, 2014.

Stockholder Recommendations for Director Nominations. As noted above, the Nominating and Corporate Governance Committee considers and establishes procedures regarding recommendations for nomination to the board, including nominations submitted by stockholders. For information on how to nominate a person for election as a director at the 2016 annual meeting, please see the discussion under the heading “Stockholder Proposals and Nominations for 2016 Annual Meeting.” The Nominating and Corporate Governance Committee will evaluate all potential candidates in the same manner, regardless of the source of the recommendation. Based on the information provided to the Nominating and Corporate Governance Committee, it will make an initial determination whether to conduct a full evaluation of a candidate. As part of the full evaluation process, the Nominating and Corporate Governance Committee may conduct interviews, obtain additional background information and conduct reference checks of the candidate, among other things. The Nominating and Corporate Governance Committee may also ask the candidate to meet with management and other members of the board.

Compensation Committee. The Compensation Committee consists of Messrs. Farwell, Sexton, Thompson and Yetman. Mr. Thompson serves as the Chairman. The board has determined that all committee members are (i) independent for purposes of Rules 5605(a)(2) and (d)(2) of the NASDAQ Listing Rules, (ii) “non-employee directors” as defined in Rule 16b-3 under the Securities Exchange Act of 1934, and (iii) “outside directors” as defined by Section 162(m) of the Internal Revenue Code.

The Compensation Committee met five times in 2014. The Compensation Committee operates under a charter approved by the Board of Directors and can be found by accessing the “Investor Relations” section of our website at <http://www.houwire.com>. Copies of the charter will be sent to stockholders upon request.

The principal duties and responsibilities of the Compensation Committee are as follows:

- make recommendations to the board with respect to the CEO’s compensation level;
- consider the Company’s performance and relative stockholder return, the value of similar incentive awards to the CEOs at comparable companies, and the awards given to the Company’s CEO in past years when determining the long-term component of the CEO’s compensation;
- review the CEO’s recommendations on compensation of the executive officers of the Company and make recommendations to the board with respect thereto and with respect to the Company’s major compensation policies and practices;
- administer and review the Houston Wire & Cable Company 2006 Stock Plan (the “Stock Plan”), including approving the number and distribution of awards under such plan; and
- review and make recommendations to the board concerning management development and succession planning activities, including an appropriate successor in the event of the unexpected death, incapacity or resignation of the CEO.

The Compensation Committee has the authority to delegate any of its responsibilities to subcommittees as it deems appropriate, provided the subcommittees are composed entirely of independent directors. The Compensation Committee also may retain a compensation consultant or other advisors to assist in the evaluation of CEO or executive officer compensation. The Compensation Committee has authority to approve the retention terms and terminate any such consulting firm. The Company will provide for appropriate funding, as determined by the Compensation Committee, for payment of compensation to any consulting firm or other advisors employed by the Compensation Committee. The Compensation Committee was not advised by any consultant in 2014.

The CEO may not be present during any deliberations on his compensation.

Stock Ownership Guidelines

The Board of Directors has adopted stock ownership guidelines encouraging each director, including the CEO, to invest an amount equal to three times an independent director’s annual cash retainer in the Company’s common stock.

The amount invested includes the market value, as of the date of grant, of shares of restricted stock and restricted stock units held by a director. The recommended ownership level should be achieved within five years after becoming a director. All of the current directors, with the exception of Messrs. Ruelle and Yetman (both appointed in 2014), meet the ownership guidelines.

Directors' transactions in the Company's common stock are subject to the Company's Insider Trading Policy. That policy prohibits the Company's directors, officers and employees from participating in aggressive or speculative transactions with respect to the Company's stock, including short sales and hedging strategies.

Clawback Policy

The Board of Directors has adopted an Incentive Compensation Recoupment Policy entitling the Company to recover certain cash or equity based incentive compensation paid to officers (including the CEO and the CFO) in the event of a restatement of the Company's financial statements due to material noncompliance with financial reporting requirements, regardless of fault, or certain acts of misconduct by the officer. Recoupment covers any incentive compensation that is awarded or paid or that vests within 36 months preceding the date of the restatement or 36 months following the occurrence of the misconduct.

• Our directors, officers and employees must comply with all applicable governmental laws, rules and regulations.

We are also committed to ensuring that all disclosures in reports and documents that the Company files with the SEC, as well as other public communications made by the Company, are full, fair, accurate, timely and understandable. Any violation of applicable law or any deviation from the standards embodied in the Code of Conduct will result in appropriate corrective and disciplinary action, up to and including termination of employment.

DIRECTOR COMPENSATION

Each independent member of the Board of Directors receives an annual cash retainer of \$50,000, paid quarterly. The Chairman of the Board receives an additional fee of \$40,000 per year, and the Chairmen of the Audit, Compensation and Nominating and Corporation Governance Committees receive additional annual fees of \$10,000, \$7,500 and \$5,000, respectively, also paid quarterly. There are no additional fees for meeting attendance. Mr. Pokluda does not receive any additional compensation for his service as a director.

In addition, upon election or reelection to the board, each independent director receives a grant of restricted stock units having a fair market value of \$50,000, based on the price of the Company's common stock on the date of grant. The restricted stock units vest on the date of the Company's annual meeting of stockholders the following year and are settled in shares of common stock at such time as the independent director's service on the board terminates for any reason. Any dividends declared on the common stock during the term of the restricted stock units will be accrued and paid to the director when the restricted stock units are settled. The restricted stock units are in lieu of stock options, which the Company granted to directors prior to 2011.

We reimburse members of our Board of Directors for any out-of-pocket expenses they incur in connection with services provided as directors. The Nominating and Corporate Governance Committee has adopted a policy encouraging each director to devote at least one day each year to director education and we pay for the cost of attending continuing education programs, up to \$5,000 per director per year. Perquisites paid or provided to individual directors in 2014 were significantly less than the SEC's minimum threshold for disclosure (\$10,000).

The following table sets forth all compensation paid to each of our non-employee directors in 2014:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section of the proxy statement is intended to provide stockholders with information about the compensation awarded in fiscal 2014 to the Company's executives, including our "named executive officers." Our named executive officers are James L. Pokluda III, President & Chief Executive Officer, and Nicol G. Graham, Chief Financial Officer.

2014 Executive Compensation

Executive compensation is based on (1) base salary, (2) variable incentive cash bonuses and (3) long-term, equity-based incentive awards.

Our variable incentive cash bonuses for 2014 were based on three primary financial measures – operating income, revenue and inventory turns – and two additional financial measures related to acquisitions and sales of certain proprietary products. In 2014, our operating income was \$25.4 million, up 48.6% from the prior year, but still less than the \$27.7 million threshold established for the year under our Senior Management Bonus Program or the threshold under our CEO's employment agreement. The Compensation Committee, however, recommended and the board approved the payment of a discretionary bonus to members of senior management, other than the CEO, as senior management had not earned a bonus for several years and as a means of retention (see page 20).

In 2014, the Board of Directors adopted an Incentive Compensation Recoupment Policy that entitles the Company to recover cash or equity based incentive compensation paid to officers, including the named executive officers, in the event of a restatement of the Company's financial statements due to material noncompliance with financial reporting requirements, regardless of fault, or certain acts of misconduct by the officer.

We have adopted stock ownership guidelines encouraging each director, including the CEO, to invest an amount equal to three times the amount of an independent director's annual retainer in the Company's common stock. The CEO meets these ownership guidelines. The CFO, while not covered by the guidelines, exceeds these guidelines as well. (See "Stock Ownership of Certain Beneficial Owners and Management" for information about stock ownership of the named executive officers.)

The Company's stock plan has been amended to add additional restrictions that the Compensation Committee believes further the Plan's objectives and reflect sound corporate governance principles: (i) eliminate "liberal share counting" so that shares of stock turned in to pay the stock option exercise price or the tax withholding obligation on any award cannot be reused under the Plan; (ii) add minimum one-year vesting requirements for all awards; (iii) clarify that

repricing of stock options (which is not permitted without shareholder approval) includes any payment for the cancellation of any stock option; and (iv) revise the change in control provisions to require that if awards are assumed by the acquiring entity, the vesting provisions continue, and the Compensation Committee has the discretion to accelerate vesting upon if there is a subsequent termination of employment.

Objectives of Compensation Program

Our compensation program aims to attract, motivate and retain qualified, energetic employees who are enthusiastic about our mission and culture. A further objective of our compensation program is to provide incentives and reward each employee for his or her contribution to the Company. In addition, we strive to promote an ownership mentality among key leadership and the Board of Directors. Finally, we endeavor to ensure that our compensation program is perceived as fundamentally fair to all stakeholders.

What Our Compensation Program is Designed to Reward

Our compensation program is designed to reward each employee's contribution to the Company. In measuring an officer's contributions, the Compensation Committee considers a number of factors, including our profitable growth and the achievement of financial performance targets. The total compensation package for each member of our senior management includes incentive compensation that is based primarily on the achievement of financial performance targets. Operating income is the primary basis for determining incentive compensation, and revenue growth and inventory turns are secondary factors. In its simplest definition, operating income is equivalent to operating earnings before interest and taxes. Historically, each December, the Compensation Committee established operating income, revenue and inventory turns targets for the upcoming fiscal year based in part upon the incremental improvement in those measures over the prior fiscal year. We have not used stock price performance as a factor in determining annual compensation, because the price of our common stock is subject to a variety of factors outside our control. As discussed below, for 2015 the Compensation Committee has decided to replace the three factors with a single performance measure: EBITDA (earnings before interest, income taxes, depreciation and amortization).

Elements of the Company's Compensation Plan and How Each Element Relates to Our Objectives

Annual senior management compensation consists of a base salary component, an incentive component and equity awards, which may include stock options and restricted stock.

Base Salary. We seek to provide our senior management with a level of a base salary in the form of cash compensation appropriate to their roles and responsibilities. Base salaries for members of our senior management are established based on each officer's qualifications and experience, scope of responsibilities, future potential and past performance. We do not target a particular percentile of compensation paid by any peer group. Base salaries are reviewed annually and adjusted as necessary to realign salaries with market levels, after taking into account individual responsibilities, performance and experience. Neither of our named executive officers received an increase in base salary in 2014.

Incentive Cash Bonuses. Our practice is to award incentive cash bonuses to our senior management based upon performance objectives of the Company.

Under Mr. Pokluda's employment agreement as in effect for 2014, his potential bonus was based on achieving a performance target for the applicable fiscal year, as follows:

If we achieved less than 85% of the target for the fiscal year, then no incentive bonus would be paid for that fiscal year.

If we achieved 100% of the target for the fiscal year, then the incentive bonus would be equal to 50% of Mr. Pokluda's base salary as of the end of that year.

If we achieved 115% or more of the target for the fiscal year, then the incentive bonus would be equal to 75% of the base salary as of the end of that year.

If we achieved a percentage of the target for the fiscal year that is between any two of the 85%, 100% or 115% thresholds referred to above, then the incentive bonus would be a percentage of the base salary for that fiscal year calculated on a straight line basis between the percentages that would apply at those two thresholds.

Under Mr. Pokluda's agreement, the Board of Directors (or the Compensation Committee) establishes the specific performance targets for Mr. Pokluda no later than sixty days after the beginning of each fiscal year. Mr. Pokluda had

to agree with the performance target established and the performance target had to be consistent with our business plan approved by the board for such fiscal year. For 2014, the Compensation Committee established the performance target under Mr. Pokluda's agreement as achieving operating income of \$35.0 million. Our 2014 operating income was \$25.4 million, which is less than 85% of the target, so Mr. Pokluda was not entitled to receive, and did not receive, an incentive bonus for 2014. As discussed below, we entered into an amended and restated employment agreement with Mr. Pokluda effective January 1, 2015 which modifies the formula for his incentive cash bonus for 2015. See "Employment Agreements and Payments upon Termination of Employment."

For 2014, Mr. Graham (and all members of senior management, other than Mr. Pokluda) participated in our Senior Management Bonus Program. For each participant under the program, the potential bonus award was based on the participant's salary at the end of the year. In order for any bonus to be paid for 2014, we needed to achieve the operating income threshold of \$27.7 million set by the Compensation Committee for the year. If the threshold was met, then the participant was entitled to receive a "basic" bonus equal to a percentage (ranging from 0% to 50%) of his or her salary, depending on our performance with respect to targets established for three incentive factors: operating income, revenue and inventory turns. For 2014, 70% of the bonus was based on performance against the targets for operating income (the target for a minimum payout was \$27.7 million and for a maximum payout was \$32.6 million), 20% of the bonus was based on performance against the established targets for revenue (a minimum payout at \$389.0 million and a maximum at \$434.7 million), and 10% of the bonus was based on performance against the established targets for inventory turns (a minimum payout at 3.50 times and a maximum at 3.70 times). The full basic bonus of 50% of salary was available if we achieved the maximum target for each of the three incentive factors. The bonus available for each incentive factor was calculated on a stand-alone basis (provided the operating income threshold was met) and was calculated on a pro rata, straight line basis between the 0% and 50% level, provided the specific target for such incentive factor was met. In addition, there was an additional award potential of 5% of salary, in the event we achieved a minimum level of sales of certain proprietary products, which was dependent upon the Company attaining the minimum operating income target.

The 2014 program also provided that a bonus equal to an additional 10% of salary could be awarded in the event that we made one or more acquisitions during the year and the acquired businesses met established financial goals. The maximum bonus payable (the basic bonus plus the additional bonus) could not exceed 65% of the participant's base salary. Under the program, all bonuses are payable the year following the year for which performance is being measured, after receipt of (and subject to) the audit of the financial statements for the relevant year. No award is payable under the program for any full or partial year to a participant whose employment terminates prior to the time the bonus is paid. In all cases, the payment is at the discretion of the Compensation Committee, and the Compensation Committee retains the right to terminate a participant's participation in the bonus program at any time, in which case no bonus may be paid.

In 2014, we did not attain the minimum operating income threshold under the Senior Management Bonus Program, and therefore senior management was not entitled to receive a bonus under the terms of the program. However, the Compensation Committee recommended, and the Board approved, the payment of a discretionary bonus to Mr. Graham and other members of senior management equal to 15% of their base salary, as senior management had not earned a bonus for several years and as a means of retention.

For 2015, incentive cash bonuses under both Mr. Pokluda's amended and restated employment agreement and the Senior Management Bonus Program will be based solely on achieving EBITDA targets approved for 2015. Under Mr. Pokluda's employment agreement, no bonus will be payable if we fail to achieve at least the threshold performance target; if we achieve the threshold performance target, a bonus of 10% of Mr. Pokluda's base salary will be payable, increasing proportionally to a maximum bonus of 75% of base salary at the highest performance target. The Senior Management Bonus Program for 2015 operates in a similar manner, except that the maximum bonus will be 50% of base salary, and it is reached at the same EBITDA level as would entitle Mr. Pokluda to a bonus of 50% of his base salary.

Equity Awards. In addition to base salary and incentive compensation, each member of our senior management is eligible to receive stock option and restricted stock grants under our stock plan. We believe that through our broad-based plan, the economic interests of our employees, including our executives, are more closely aligned to those of the stockholders. The number of stock options or shares of restricted stock granted to each executive officer is made on a discretionary basis by the Compensation Committee after consideration of the CEO's recommendations, rather than pursuant to a formula.

How the Company Chose Amounts and/or Formulas for Each Element

In 2011, our Compensation Committee engaged Towers Watson to provide to the Compensation Committee an executive compensation analysis summarizing data from published surveys and peer company proxy filings. The Compensation Committee used the Towers Watson analysis to gain a market perspective with respect to a compensation package for Mr. Pokluda and other potential additions to the Company's management team.

The Compensation Committee reviewed the data provided by Towers Watson and then entered into negotiations with Mr. Pokluda regarding a multi-year employment agreement and compensation package. During these negotiations, the committee considered Mr. Pokluda's tenure with the Company, his contributions to the Company's growth and his performance in positions of ever-expanding responsibility. On December 20, 2011, the Company and Mr. Pokluda entered into an employment agreement that became effective January 1, 2012 for a term that originally extended until December 31, 2015. The 2011 employment agreement provided for (1) a base salary of \$400,000 per year, subject to annual reviews and increases (but not decreases) by the board, (2) an annual bonus opportunity of up to 75% of base salary (50% of base salary at target) based on achieving at least 85% of a performance target for the applicable fiscal year, (3) continued participation in the Company's 2006 Stock Plan and (4) entitlement to all benefits generally available to the Company's other executive employees. Under the employment agreement, if the Company terminated Mr. Pokluda's employment without cause, or if Mr. Pokluda terminated his employment for good reason, Mr. Pokluda would have been entitled to severance equal to one year's base salary or, if following a change in control of the Company, two years' base salary. The employment agreement also limited Mr. Pokluda's ability to compete with the Company for a specified period after his employment ends. See "Employment Arrangements and Payments upon Termination of Employment for a discussion of changes made to Mr. Pokluda's employment agreement effective January 1, 2015.

In addition, on December 20, 2011, Mr. Pokluda received (1) a grant of 26,576 shares of restricted stock and a grant of options to purchase 64,330 shares of common stock for \$14.11 per share (the closing price of the Company's common stock on the Nasdaq Global Market on the date of grant), each of which will vest in two equal installments on December 31, 2016 and December 31, 2017, (2) a grant of 14,175 shares of performance based restricted stock, which has been forfeited because the Company failed to achieve a performance target for the three year period ended December 31, 2014, and (3) as part of the Company's regular annual awards, a grant of options to purchase 8,580 shares of common stock for \$14.11 per share, which vests in five equal annual installments beginning December 20, 2012. Mr. Pokluda received further grants on December 17, 2012, of 17,953 shares of performance based restricted stock, which will vest only if the Company achieves a performance target for the three year period ending December 31, 2015, and on December 20, 2013, of 11,338 shares of performance based restricted stock, which will vest only if the Company achieves a performance target for the three year period ending December 31, 2016. The committee believes that these grants align Mr. Pokluda's compensation with the interests of stockholders and, due to the delayed vesting schedule, will assist in retaining Mr. Pokluda as our President and Chief Executive Officer.

In considering the grant for December 2014, the Compensation Committee recognized that Mr. Pokluda would not realize any value from the performance based grant made in 2012 and was unlikely to realize value from the grant made in 2013. Rather than continue to grant large awards that are contingent on performance in an uncertain market, the committee decided to grant a more modest award that Mr. Pokluda could be more likely to receive. On December 8, 2014, Mr. Pokluda received a grant of 12,336 shares of restricted stock, which vests in equal one third installments on December 8, 2015 through 2017 and is not subject to any performance measures. Also on December 8, 2014, in connection with his agreeing to an amended and restated employment agreement, Mr. Pokluda received a grant of 4,112 shares of restricted stock, not subject to any performance measures, which will vest on December 8, 2015.

Each executive officer's current and prior compensation is considered in setting future compensation. The elements of our plan (base salary, bonus, stock options and restricted stock) are similar to the elements used by many companies. We do not have a formula for allocating between cash and non-cash compensation. In considering annual stock plan grants in December 2014, the committee recognized the Company's improved performance in 2014, despite difficult market conditions and determined to grant restricted stock awards to Mr. Graham and other members of senior management for 2014, as an equity incentive. Mr. Graham received a grant of 2,500 shares of restricted stock, which vests in equal one third installments on December 8, 2017 through 2019.

Our chief executive officer provides recommendations to the Compensation Committee regarding most compensation matters, including compensation of other members of key management.

With respect to current employees, we establish stock plan grant dates well in advance of any actual grant. The timing of each grant is determined to coincide with a scheduled meeting of our Board of Directors and its Compensation Committee and, except in highly unusual circumstances, we will not allow discretionary grants at other dates. The grant date is established when our Compensation Committee approves the grant and all key terms have been determined. The exercise price of each of our stock options is the market closing price on the grant date. If at the time of any planned stock plan grant any member of our Board of Directors or any executive officer is aware of material non-public information, we would not generally make the planned grant. In such event, as soon as practical after material information is made public, the Compensation Committee would call a special meeting and otherwise take all necessary steps to authorize the delayed grant. Regarding the grant process, the Compensation Committee does not delegate any related function, and executive officers are not treated differently from other employees.

At our 2014 annual meeting of stockholders, we held a non-binding advisory vote on our executive compensation. Over 99% of the outstanding shares voted to approve our executive compensation. Given this high percentage of votes in favor of our executive compensation, the Compensation Committee determined not to make any significant changes in our compensation practices for 2015.

Tax Considerations

We have structured our compensation program to comply with Internal Revenue Code Sections 162(m) and 409A. Section 162(m) of the Internal Revenue Code imposes a limitation on tax deductions of any publicly-held corporation for compensation paid to certain executives in excess of \$1,000,000 in any taxable year, unless the compensation is performance-based. Section 409A of the Internal Revenue Code addresses certain nonqualified deferred compensation benefits payable to an executive and provides that, if such benefits do not comply with Section 409A, they will be taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the executive is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income. We have no individuals with non-performance based compensation paid in excess of the Internal Revenue Code Section 162(m) tax deduction limit.

Employment Arrangements and Payments upon Termination of Employment

On January 1, 2015, we entered into an amended and restated employment agreement with Mr. Pokluda, our President and Chief Executive Officer. The amended agreement extends the original agreement through December 31, 2016 and provides for automatic one-year extensions thereafter, subject to either party giving 12 months' prior written notice to the contrary. The amended agreement provides for a base salary of \$430,000 per year, subject to annual reviews and increases (but not decreases) by our board, and an annual bonus opportunity of up to 75% of base salary, as described above. Mr. Pokluda's agreement provides for reimbursement of reasonable business expenses, the employment benefits generally available to our executives and four weeks of vacation per year. Mr. Pokluda may participate in our Stock Plan. Under the employment agreement, if the Company terminates Mr. Pokluda's employment without cause, or if Mr. Pokluda terminates his employment for good reason, Mr. Pokluda will be entitled to receive as severance continuation of his base salary for 24 months, payable in accordance with the Company's payroll policy, and two payments, each equal to the amount of the incentive bonus paid to Mr. Pokluda for the most recently completed fiscal year, payable when other executive employees receive their bonuses for the year in which termination occurs and the subsequent year, respectively. If termination occurs within two years following a change in control of the Company, the salary continuation and two times bonus will be paid in one lump sum within ten days after termination. The employment agreement limits Mr. Pokluda's ability to compete with the Company for a period of one year following the termination of his employment for any reason or two years if he is receiving severance benefits due to a qualifying termination prior to a change in control.

Our other members of senior management are elected by and serve at the discretion of the Board of Directors.

2014 Grants of Plan Based Awards

The following table sets forth information for each named executive officer with respect to (i) estimated possible payouts under non-equity incentive plan awards for 2014 and (ii) restricted stock granted in 2014.

Nicol G. Graham	12/8/14	-	-	149,735	-	-	-	2,500	-	-	30,400

The amounts in these columns reflect the estimated possible payouts for 2014 and were established under Mr.

- (1) Pokluda's employment agreement or, for Mr. Graham, the Senior Management Bonus Program in December 2013. A description of the bonus terms can be found under "Compensation Discussion and Analysis" above.

- (2) The "Grant Date" reflects the date on which the Compensation Committee acted to approve the grant of the award.

Non-Equity Incentive Plan Awards – Threshold. Pursuant to our employment agreement with Mr. Pokluda, he does not receive any incentive payment unless our performance exceeds the threshold set in accordance with his agreement. Pursuant to the Senior Management Bonus Program for 2014, no amount will be payable to Mr.

- (3) Graham unless the minimum goal for operating income is met and, assuming that goal is achieved, performance at (or below) the minimum goal for a specific incentive factor will result in no payment with respect to that incentive factor. Performance above the minimum goal for an incentive factor results in a payment (based on a percentage of the executive's salary) ranging from \$1 to the maximum bonus amount for such incentive factor, depending on the level at which the performance goal was attained.

- (4) *Non-Equity Incentive Plan Awards – Target.* Pursuant to our employment agreement with Mr. Pokluda, the amount shown in this column for Mr. Pokluda represents 50% of his salary for 2014. The Senior

Management Bonus Program does not specify a target amount. Where “target” amounts are not determinable, the SEC rules require the disclosure of representative amounts based on the previous fiscal year’s performance. Accordingly, we have disclosed above in the “Target” column the amount that would be paid under our 2014 Senior Management Bonus Program to Mr. Graham based on our performance in 2013.

Non-Equity Incentive Plan Awards – Maximum. Pursuant to our employment agreement with Mr. Pokluda, the amount shown in this column for Mr. Pokluda represents 75% of his salary for 2014, the maximum percentage of (5) his salary that is available under his employment agreement. Pursuant to the 2014 Senior Management Bonus Program, the amount shown in this column represents 65% of Mr. Graham’s salary for 2014, the maximum percentage of salary that is available under the program.

(6) *Equity Incentive Plan Awards –* No performance-based restricted stock was granted to Mr. Pokluda or Mr. Graham under our Stock Plan during 2014.

(7) The grant date fair value of the restricted stock was computed in accordance with FASB ASC Topic 718.

Potential Payments upon Termination or Change in Control of the Company

The Company provides benefits to its named executive officers upon certain terminations of employment from the Company. These benefits are in addition to the benefits to which the executive officers would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock-based awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA). The incremental benefits are described below.

Employment Agreement with Mr. Pokluda

The Company has entered into an amended and restated employment agreement with Mr. Pokluda, effective January 1, 2015, which replaces the agreement in effect prior to 2015. The amended and restated employment agreement provides the following:

Termination Prior to a Change in Control. If prior to a Change in Control (as defined in Mr. Pokluda's employment agreement) Mr. Pokluda's employment is terminated by the Company without Cause, Mr. Pokluda terminates his employment for Good Reason, or his employment terminates due to Disability, he is entitled to (i) continued payment of then current base salary for 24 months, (ii) two payments, each equal to the amount of his incentive bonus for the most recently completed fiscal year, paid when incentive bonuses for the two following years are paid to other executive employees, (iii) immediate vesting of a percentage of the 64,300 stock options granted in 2011 and the 26,576 shares of restricted stock granted in 2011 equal to the percentage of the applicable vesting period elapsed as of the date of termination, and (iv) continued participation in the Company's health plan for 36 months (provided that

COBRA is elected) with the premiums for the first 18 months at active employee rates. Except as provided in the preceding sentence, equity awards will vest pursuant to the terms of our Stock Plan.

Termination Following a Change in Control. If following a Change in Control (as defined in Mr. Pokluda's employment agreement) Mr. Pokluda's employment is terminated by the Company without Cause or Mr. Pokluda terminates his employment for Good Reason, he is entitled to the same benefits as in the case of termination prior to a Change in Control, except that the 24 months of base salary and two years of incentive bonuses are payable in a lump sum within ten days after termination. Following a Change in Control, equity awards will vest pursuant to the terms of our Stock Plan. If any excise tax would be triggered by the benefits paid to Mr. Pokluda, and the after-tax value of the benefits is less than the value of the benefits reduced so that no excise tax is payable, then the benefits will be reduced accordingly.

Termination Due to Death. If Mr. Pokluda's employment is terminated due to his death, his estate will be entitled to a pro rata portion of the bonus payable for the year of termination had he remained employed through the end of the year, and his surviving spouse and dependents can elect continued participation in the Company's health plan for 36 months (provided that COBRA is elected) with the premiums for the first 18 months at active employee rates. Equity will vest pursuant to the terms of our Stock Plan.

In each case, benefits are conditioned on the execution of a release of claims, and Mr. Pokluda is subject to a two-year non-compete restriction.

Under Mr. Pokluda's amended employment agreement, the terms "cause," "disability" and "for good reason" are defined as follows:

“Cause” shall exist if there is (i) a material neglect by Mr. Pokluda of his assigned duties, which includes any failure to follow the written direction of the board or to comply with the Company’s code of ethics or written policies, or repeated refusal by Mr. Pokluda to perform his assigned duties, in each case other than by reason of disability, which continues for 30 days following receipt of written notice from the board; (ii) the commission by Mr. Pokluda of any act of fraud or embezzlement against Company or any of its affiliates or the commission of any felony or act involving dishonesty; (iii) the commission by Mr. Pokluda of any act of moral turpitude which actually causes financial harm to the Company or any of its affiliates; (iv) a material breach by Mr. Pokluda of the confidentiality provisions of the employment agreement or any other confidentiality or non-disclosure agreement of Mr. Pokluda with the Company; or (v) Mr. Pokluda’s commencement of employment with another company while he is an employee of the Company without the prior consent of the board.

“Disability” means, in the sole judgment of the board, Mr. Pokluda’s inability to engage in any substantial gainful activity by reason of any medically-determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.

“ Good Reason” shall mean voluntary termination of the employment agreement by Mr. Pokluda if, without the prior consent of Mr. Pokluda: (a) the Company shall relocate its principal executive offices to a location outside the Houston, Texas metropolitan area; (b) there is a material reduction by the Company in Mr. Pokluda’s responsibilities, duties, authority, title or reporting relationship; or (c) the Company acts in any way that would materially reduce Mr. Pokluda’s base salary or if the Company adversely affects Mr. Pokluda’s participation in or materially reduces Mr. Pokluda’s benefit under any benefit plan of the Company in which Mr. Pokluda is participating; provided, however, that termination for Good Reason by Mr. Pokluda shall not be permitted unless (x) Mr. Pokluda has given the Company at least 30 days’ prior written notice that he has a basis for a termination for Good Reason, which notice shall specify the facts and circumstances constituting Good Reason, and (y) the Company has not remedied such facts and circumstances constituting Good Reason within such 30-day period.

2006 Stock Plan

The Company’s Stock Plan, prior to its amendment in February 2014, provided that on a Change in Control (as defined therein), all outstanding stock options become fully exercisable, all restrictions applicable to any awards terminate or lapse, and any performance goals applicable to any stock awards are deemed satisfied at the highest level. As amended, the Stock Plan provides that with respect to future grants, the Compensation Committee has the discretion to determine how awards are to be treated upon a Change in Control, provided that if the awards are assumed by the acquiring entity, the vesting provisions continue and the Compensation Committee has the discretion to accelerated vesting only if there is a subsequent termination of employment.

The tables set forth below quantify the additional benefits described above that would be paid to each named executive officer pursuant to the arrangements described above, assuming a termination of employment and/or

(4) Accelerated vesting of options and restricted stock granted prior to February 10, 2014 is provided under the terms of the Stock Plan as in effect at the date of grant. The above amount does not include accelerated vesting of restricted stock awards granted after February 10, 2014 because any such vesting is at the discretion of the Compensation Committee.

Equity compensation plans not approved by security holders ⁽²⁾	4,125	\$ 2.67	-

(1) Amounts shown in this row relate solely to stock options granted under our Stock Plan. The Stock Plan provides for discretionary awards of stock options, restricted stock and restricted stock units to selected employees and directors. The Compensation Committee may grant non-qualified or incentive stock options to selected employees and non-qualified stock options to non-employee directors. The Compensation Committee may set the terms and conditions applicable to the options, including the exercise price of the option, type of option and the number of shares subject to the option. In any event, each option will expire 10 years from the date of grant.

This row excludes shares of restricted stock and restricted stock units granted under the Stock Plan, which were granted at no cost to the recipients. The Compensation Committee may grant restricted stock and restricted stock unit awards to directors and selected employees, either for no consideration or for such appropriate consideration as the

committee determines. The Compensation Committee has the discretion to determine the number of shares awarded and the restrictions, terms and conditions of the award. Subject to the restrictions, the recipient of an award will be a stockholder with respect to the shares awarded to him or her and will have the rights of a stockholder with respect to the shares, including the right to vote the shares and, if and when the restrictions lapse, to receive dividends, if any, on the shares. The Compensation Committee may establish, as restrictions on the stock, performance goals and targets for participants, which lapse if we achieve the performance goals and targets for the designated performance period. The performance goals may be based on one or more business criteria. Performance goals may be absolute in their terms or measured against or in relationship to the performance of other companies or indices selected by the Compensation Committee.

Amounts shown in this row relate solely to non-qualified stock options granted under our 2000 Stock Plan (the "2000 Plan"). No grants under the 2000 Plan have been made since the Company's public offering in June 2006 nor will any be made in the future. Under the 2000 Plan the Board of Directors was able to grant non-qualified or (2) incentive stock options to selected key employees and non-qualified stock options to non-employee directors. The duration of any option could not exceed 10 years from the grant date. The board was also able to grant stock awards to key employees and directors for such numbers of shares, and subject to such vesting requirements, restrictions and other terms and conditions, as the board determined in its discretion.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the board is responsible for providing oversight of our accounting and financial reporting functions. The board appoints the Audit Committee annually, with the committee consisting of at least three directors. The Audit Committee operates under a formal charter, which is available on the Company's website at <http://www.houwire.com> and by clicking on the "Corporate Governance" link. The Audit Committee charter sets forth in detail the duties and responsibilities of the Audit Committee.

The Audit Committee relies on the expertise and knowledge of management and Ernst & Young LLP, the Company's independent registered public accounting firm, in carrying out its oversight responsibilities. Management is responsible for the Company's financial reporting process including its system of internal controls, and for the preparation of the consolidated financial statements in accordance with generally accepted accounting principles. Ernst & Young LLP is responsible for auditing those financial statements and issuing a report thereon.

The Audit Committee reviewed and discussed with management and Ernst & Young LLP the audited financial statements of the Company for the year ended December 31, 2014. The Audit Committee also reviewed and discussed with Ernst & Young LLP the matters required to be discussed by Auditing Standard 16, "Communications with Audit Committees," issued by the Public Company Accounting Oversight Board (PCAOB).

In addition, the Audit Committee received the written independence disclosures and the letter from Ernst & Young LLP that are required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence. The disclosures described the relationships and fee arrangements between the firm and the Company. Consistent with the applicable requirements of the PCAOB and the rules and regulations of the SEC, the Audit Committee considered whether the provision of non-audit services by the independent registered public accounting firm to the Company for the fiscal year ended December 31, 2014 is compatible with maintaining Ernst & Young LLP's independence and has discussed with Ernst & Young LLP the firm's independence from the Company.

Based on the above-mentioned reviews and discussions with management and Ernst & Young LLP, the Audit Committee, exercising its business judgment, recommended to the board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the SEC.

This report is submitted on behalf of the members of the Audit Committee:

PRINCIPAL INDEPENDENT ACCOUNTANT FEES AND SERVICES

The Audit Committee is responsible for the appointment, compensation, retention and oversight of the work of Ernst & Young LLP, our independent registered public accounting firm. The independent registered public accounting firm reports directly to the Audit Committee. As part of its responsibility, the committee established a policy requiring the pre-approval of all audit and permissible non-audit services performed by the registered public accounting firm. In pre-approving services, the Audit Committee considers whether such services are consistent with the SEC's rules on auditor independence.

Prior to the engagement of the registered public accounting firm for an upcoming audit/non-audit service period, defined as a twelve-month timeframe, Ernst & Young LLP submits a detailed list of services expected to be rendered during that period as well as an estimate of the associated fees for each of the following four categories of services to the Audit Committee for approval:

Audit Services consist of services rendered by an external auditor for the audit of our annual consolidated financial statements (including tax services performed to fulfill the auditor's responsibility under generally accepted auditing standards) and internal controls and reviews of financial statements included in Forms 10-Q, and includes services that generally only an external auditor can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the SEC.

Audit-Related Services consist of assurance and related services by an external auditor that are reasonably related to audit or review of financial statements, including employee benefit plan audits, due diligence related to mergers and acquisitions, and accounting consultations.

Tax Services consist of services not included in Audit Services above, rendered by an external auditor for tax compliance.

Other Non-Audit Services are any other permissible work that is not an Audit, Audit-Related or Tax Service.

Circumstances may arise during the twelve-month period when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The table below summarizes the fees billed by our independent registered public accounting firm, Ernst & Young LLP for the audit of our annual financial statements for the fiscal years ended December 31, 2014 and 2013 and fees billed for other services rendered by Ernst & Young LLP during those periods.

Year	Audit Fees ⁽¹⁾	Audit-Related Fees	Tax Fees ⁽²⁾	All Other Fees	Total
2014	\$ 437,472	\$ —	\$ 51,000	\$ —	\$488,472
2013	\$ 510,213	\$ —	\$ 47,065	\$ —	\$557,278

Audit fees include fees for professional services rendered for the audit of our annual consolidated financial (1) statements (including services related to the audit of internal control over financial reporting under the Sarbanes-Oxley Act of 2002) and the reviews of the interim financial statements included in our Forms 10-Q.

(2) Tax fees represent professional services related to tax compliance.

For the fiscal year ended December 31, 2014, none of the Audit-Related Fees, Tax Fees or Other Fees were approved in accordance with the exceptions to the pre-approval requirements set forth in 16 CFR 210.2-01(c)(7)(i)(C).

**PROPOSAL NO. 2 — RATIFICATION OF SELECTION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

General

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2015 is not required. However, the Board of Directors is submitting the selection of Ernst & Young LLP as the Company's independent registered public accounting firm to the stockholders for ratification to learn the opinion of stockholders on this selection. If the stockholders fail to ratify Ernst & Young LLP as the independent registered public accounting firm, the Audit Committee will reassess its appointment. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change would be in the best interests of the Company and its stockholders. Representatives of Ernst & Young LLP are expected to be at the annual meeting of stockholders and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions from those attending the meeting.

Board Recommendation and Stockholder Vote Required

The Board of Directors recommends a vote "FOR" the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2015 (Proposal No. 2 on the proxy card).

The affirmative vote of the holders of a majority of the votes represented at the annual meeting in person or by proxy will be required for approval.

PROPOSAL NO. 3 — ADVISORY VOTE TO APPROVE

EXECUTIVE COMPENSATION

As described in the Compensation Discussion and Analysis ("CD&A") section of this proxy statement, the Compensation Committee's goal in setting executive compensation is to provide a compensation package that attracts, motivates and retains executive talent and rewards executive officers for superior Company and individual performance while encouraging behavior that is in the long-term best interests of the Company and its stockholders.

Consistent with this philosophy, a significant portion of the total compensation opportunity for each of our executives is performance-based and dependent upon the Company's achievement of specified financial goals and the performance of the Company's shares on a long-term basis. In fiscal 2014, the Company failed to achieve its operating performance goals.

Stockholders are urged to read the CD&A, which discusses how our compensation policies and procedures implement our compensation philosophy, as well as the Summary Compensation Table and other related compensation tables and narrative disclosure which describe the compensation of our named executive officers in fiscal 2014. The Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the CD&A are effective in implementing our compensation philosophy and in achieving its goals and that the compensation of our named executive officers in fiscal 2014 reflects and supports these compensation policies and procedures.

In accordance with Rule 14a-21 under the Securities Exchange Act of 1934 and as a matter of good corporate governance, stockholders will be asked at the 2015 annual meeting of stockholders to approve the following advisory resolution:

RESOLVED, that the stockholders of Houston Wire & Cable Company approve, on an advisory basis, the compensation of the Company's named executive officers described in the Compensation Discussion and Analysis section of the Proxy Statement and disclosed in the 2014 Summary Compensation Table and related compensation tables and narrative disclosure included in the Proxy Statement.

This advisory vote, commonly referred to as a "say-on-pay" advisory vote, is not binding on the board. Although non-binding, the board and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding our executive compensation programs.

Unless the board modifies its policy on the frequency of holding say-on-pay advisory votes, the Company will hold a say-on-pay advisory vote annually, and the next say-on-pay advisory vote will occur in 2016.

Board Recommendation and Stockholder Vote Required

The Board of Directors recommends a vote “FOR” the advisory approval of the Company’s executive compensation (Proposal No. 3 on the proxy card).

The affirmative vote of the holders of a majority of the votes represented at the annual meeting in person or by proxy will be required for approval.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR 2016 ANNUAL MEETING

The proxy rules of the SEC permit our stockholders, after notice to the Company, to present proposals for stockholder action in our proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for stockholder action and are not properly omitted by us in accordance with the proxy rules. In order for any stockholder proposal to be considered for inclusion in our proxy statement to be issued in connection with our 2016 annual meeting of stockholders, that proposal must be received at our corporate headquarters, 10201 North Loop East, Houston, Texas 77029 (Attention: Chief Financial Officer), no later than November 26, 2015.

Our certificate of incorporation and by-laws provide that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting. Our certificate of incorporation and by-laws provide that, except as otherwise required by law, special meetings of our stockholders can only be called pursuant to a resolution adopted by a majority of our Board of Directors or by our chief executive officer or the chairman of our Board of Directors. Stockholders are not permitted to call a special meeting or to require our board to call a special meeting.

Our by-laws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our board. Stockholders at our annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board or by a stockholder who was a stockholder of record on the record date for the meeting and upon giving of notice and provided that the stockholder has given to our Secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Specifically, our bylaws provide the following procedure in order that business may properly come before the stockholders at the annual meeting. Among other things, stockholders intending to bring business before the annual meeting must provide written notice of such intent to the Secretary of the Company. Such notice must be given no earlier than January 5, 2016 and no later than February 4, 2016. In addition, the following information must be provided in the written notice: (1) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (2) the name and address, as they appear on the Company's books, of the stockholder proposing such business, (3) the class and number of shares of common stock that are beneficially owned by the stockholder, (4) any material interest of the stockholder in such business and (5) a representation that the stockholder intends to appear in person or by proxy at the annual meeting to bring such business before the meeting.

If the stockholder proposes to nominate a person as a director, the written notice must be given no earlier than January 5, 2016 and no later than February 4, 2016 and must set forth the following information as to each proposed nominee: (1) the name, age, business address and, if known, residence address of such nominee, (2) the principal occupation or employment of such nominee, (3) the number of shares of common stock which are beneficially owned by such nominee, and (4) any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations pursuant to Regulation 14A under the Securities Exchange Act of 1934, including such person's written consent to be named as a nominee and to serve as a director if elected. As to the stockholder giving the notice, the following information is required: (1) the name and address, as they appear on the Company's books, of such stockholder and (2) the number of shares of common stock beneficially owned by such stockholder. The Company may require any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as a director of the Company.

GENERAL

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership on Forms 3, 4 and 5, as applicable, with the SEC. Officers, directors and stockholders owning more than ten percent of our common stock are required by the SEC regulations to furnish us with copies of all Forms 3, 4 and 5 they file.

Based solely upon a review of Forms 3 and 4 and any amendments furnished to us, we believe that our directors, officers and greater than 10% beneficial owners complied with all applicable Section 16 filing requirements during 2014.

Other Information

The expenses of preparing and mailing this proxy statement and the accompanying proxy card and the cost of solicitation of proxies, if any, will be the responsibility of the Company. In addition to the use of mailings, proxies may be solicited by personal interview, telephone and by our directors, officers and regular employees without special compensation therefore. We expect to reimburse banks, brokers and other persons for their reasonable out-of-pocket expenses in handling proxy materials for beneficial owners of our common stock.

Our board does not know of any other matters that are to be presented for action at the 2015 annual meeting of stockholders. Should any other matter come before the annual meeting, however, the persons named in the enclosed proxy will have discretionary authority to vote all proxies with respect to such matter in accordance with their judgment.
