In addition to the solicitations of proxies by mail, our directors, officers, and regular employees may solicit proxies in person or by telephone. We will, upon request, reimburse banks, brokerage houses and other institutions, and fiduciaries for their expenses in forwarding proxy material to their principals. No proxies will be solicited via the Internet or web site posting.

VOTING SHARES

This proxy statement, the enclosed form of proxy and the other accompanying materials are first being mailed to shareholders on or about September 6, 2012. Shareholders of record at the close of business on August 17, 2012, are eligible to vote at the Annual Meeting in person or by proxy. As of the record date, 21,521,291 shares of our common stock were outstanding, and 2,400,000 shares of our Class A common stock were outstanding.

Each share of common stock is entitled to one vote on each matter to be considered at the Annual Meeting. Each share of Class A common stock is entitled to 10 votes on each such matter. The holders in person or by proxy of shares of our common stock and/or Class A common stock representing a majority of the voting interest of all such shares will constitute a quorum for purposes of the 2012 Annual Meeting of Shareholders. If a quorum is not present in person or by proxy, the holders of shares representing a majority of the voting interest of all such shares present may adjourn the meeting from time to time, until a quorum is present, and at any such adjourned meeting at which a quorum is present, any business may be transacted which might have been transacted at the original meeting.

If you hold your shares in “street name,” you will receive instructions from your brokers or other nominees describing how to vote your shares. If you do not instruct your brokers or nominees how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority under the rules of the New York Stock Exchange. For Item No. 3 (Ratification of Appointment of Independent Auditors) to be voted on at the Annual Meeting, brokers and other nominees will have discretionary authority in the absence of timely instructions from you.

There are also non-discretionary matters for which brokers and other nominees do not have discretionary authority to vote unless they receive timely instructions from you. For Item No. 1 (Election of Directors) and Item No. 2 (Approval of Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan) to be voted on at the Annual Meeting, you must provide timely instructions on how the broker or other nominee should vote your shares. When a broker or other nominee does not have discretion to vote on a particular matter and you have not given timely instructions to the broker or other nominee on how that broker or nominee should vote your shares, a “broker non-vote” results. Although any broker non-vote would be counted as present at the meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters.

Abstentions occur when shareholders are present at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the shareholders are voting.

Election of Directors. Both the shares of common stock and the shares of Class A common stock have the right of cumulative voting in the election of directors. Cumulative voting means that each shareholder will be entitled to cast as many votes as he or she has the right to cast (before cumulating votes), multiplied by the number of directors to be elected. All such votes may be cast for a single nominee or may be distributed among the nominees to be voted for as the shareholder sees fit. To exercise cumulative voting rights by proxy, a shareholder must clearly designate the number of votes to be cast for any given nominee. Under Delaware law, votes that are withheld from a director’s election will be counted toward a quorum but will not affect the outcome of the vote on the election of a director. Broker non-votes will not be taken into account in determining the outcome of the election. The election of directors requires a plurality of the votes cast.

Other Matters. The required vote to approve any matter other than the election of directors (Item No. 1) is the affirmative vote by the holders of a majority of the total votes represented by the total number of shares of common stock and Class A common stock.

Item No. 2. With respect to Item No. 2, the approval of the Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan, an abstention is treated as entitled to vote and, therefore, has the same effect as voting “against” the proposal. For purposes of Item No. 2, broker non-votes are not treated as entitled to vote and, therefore, are not counted for purposes of determining whether a majority has been achieved.

Item No. 3. With respect to Item No. 3, the ratification of appointment of independent auditors, an abstention is treated as entitled to vote and, therefore, has the same effect as voting “against” the proposal.

Shares represented by a properly executed and returned proxy card will be voted at the Annual Meeting in accordance with the instructions indicated thereon. If no instructions are indicated, the person or persons named in the proxy will vote:

- n for the election of the six nominees named in this proxy statement to serve as directors of the Company;
- n to approve the Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan;
- n for the ratification of our appointment of Frost, PLLC as independent auditors of the Company; and
- n in their discretion with respect to such other business as may come before the Annual Meeting.

While we are not soliciting proxies by internet, the following proxy materials are being made available free of charge at our website, www.calmainefoods.com:

The Notice of Annual Meeting and Proxy Statement for the 2012 Annual Meeting of Shareholders
The 2011 Annual Report on Form 10-K

In accordance with our bylaws and Delaware law, the Company will appoint two inspectors of election. The inspectors will take charge of and will count the votes and ballots cast at the Annual Meeting and will make a written report on their determination. We encourage you to read this entire document carefully.

The Board of Directors of the Company held four regular meetings and two special meetings in the fiscal year ended June 2, 2012. The Executive Committee of the Board presently consists of Messrs. Baker, Dawson and Miller. Fred R. Adams, Jr. resigned from the Executive Committee in July 2012. The Board also has a Compensation Committee consisting of Mr. Baker, Ms. Hughes, Mr. Poole and Mr. Sanders, a Long-Term Incentive Plan Committee consisting of Ms. Hughes, Mr. Poole and Mr. Sanders, and an Audit Committee consisting of Ms. Hughes, Mr. Poole and Mr. Sanders. Mr. Adams resigned from the Compensation Committee and Mr. Baker was designated to fill the resulting vacancy in July 2012. The Board formed a Nominating Committee in July 2012 consisting of Mr. Baker, Ms. Hughes, Mr. Poole and Mr. Sanders.

The Executive Committee may exercise all of the powers of the full Board of Directors, except for certain major actions, such as the adoption of an agreement of merger or consolidation, the recommendation to stockholders of the disposition of substantially all of the Company's assets or a dissolution of the Company, and the declaration of a dividend or authorization of an issuance of stock. The Executive Committee acts on matters, within the scope of its authority, between meetings of the full Board. During the last fiscal year, no in-person meetings of the Executive

Committee were held, and the Committee, pursuant to Delaware law, took action by unanimous written consent on five occasions. The full Board of Directors took action by written consent twice during the last fiscal year.

The Compensation Committee reviews and recommends to the Board of Directors the compensation and benefits of all officers of the Company, reviews general policy matters relating to compensation and benefits of employees of the Company, including the issuance of stock options to the Company's officers, employees and directors. The Compensation Committee met three times during the last fiscal year. The Compensation Committee does not have a charter.

The Long-Term Incentive Plan Committee, which is composed of three independent directors, administers the Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan, including selecting the persons to whom awards may be made, determining the types of awards, determining the times at which awards will be made and other terms and conditions relating to awards. The Long-Term Incentive Plan Committee was formed in July 2012, thus it held no meetings during the last fiscal year.

The Audit Committee, which is composed of three independent directors, meets with management, internal auditors, and the Company's independent auditors to determine the adequacy of internal controls, to recommend auditors for the Company and other financial matters. The Audit Committee held four regular and no special meetings during the last fiscal year. The Audit Committee's charter is included as Appendix A to this proxy statement.

The Nominating Committee considers potential nominees for directors proposed by committee members, other members of the Board of Directors, management or our stockholders. The Nominating Committee was formed in July 2012, thus it held no meetings during the last fiscal year. Nominating functions were performed by the Executive Committee prior to the formation of the Nominating Committee. The Nominating Committee does not have a charter.

In recommending nominees for the Board, the Nominating Committee considers any specific criteria the Board may request from time to time and such other factors as it deems appropriate. These factors may include any special training or skill, experience with businesses and other organizations of comparable size and type, experience or knowledge with businesses that are particularly relevant to the Company's current or future business plans, financial expertise, the interplay of the candidate's experience with the experience of the other directors, sufficient time to devote to the responsibilities of a director, freedom from conflicts of interest or legal issues and the extent to which, in the Nominating Committee's opinion, the candidate would be a desirable addition to the Board.

Diversity is taken into account when determining how the candidates' qualities and attributes would complement the other directors' backgrounds. Type of advanced studies and certification, type of industry experience, area of corporate experience and gender, among other factors, are taken into consideration. The Nominating Committee believes that the different business and educational backgrounds of the directors of the Board contribute to the overall insight necessary to evaluate matters coming before the Board.

Except as noted below, each member of our Board of Directors attended 75% or more of the total meetings of the Board and all committees of the Board on which he or she served during the last fiscal year. Mr. Ken Looper did not attend the one board meeting held while he was a director during the last fiscal year due to health reasons.

While the Board of Directors does not have a specific policy as to directors' attendance at the Annual Meeting of Shareholders, such attendance is encouraged. All directors other than Mr. Adams attended the Annual Meeting of Shareholders held on September 30, 2011.

The independent directors of the Company met in executive session without any representatives of management being present on several occasions during the last fiscal year.

Risk Oversight

The Board takes its oversight role in the Company's risk management very seriously. The Company's Executive Committee is primarily responsible for managing the day-to-day risks of the Company's business, and is best equipped to assess and manage those risks. The Audit Committee also plays a prominent role in assessing and addressing risks faced by the Company with respect to financial and accounting controls, internal audit functions, pending or threatened legal matters, insurance coverage and the Company's "whistleblower" hotline policy, among other matters. The Board and the Audit Committee receive reports on the Company's exposure to risk and its risk management

practices from members of the Executive Committee as well as other members of the Company's management and legal counsel, including reports on the Company's information technology standards and safeguards, financial and accounting controls and security measures, environmental compliance, human resources, litigation and other legal matters, grain purchasing strategies, and customer concentration and product mix, among other things. The Board regularly receives updates about and reassesses the management of these risks throughout the year. In addition, the Board and the Audit Committee review the Company's risk disclosures in its draft periodic reports before they are filed and have the opportunity to question management and outside advisers about those risks. The Board's role in risk oversight of the Company is consistent with the Company's leadership structure, with the CEO and other members of senior management having responsibility for assessing and managing the Company's risk exposure on a day-to-day basis, and the Board and its committees providing oversight in connection with those efforts.

The Board's oversight of risk of the Company has not specifically affected the Board's leadership structure. The Board believes that its current leadership structure is conducive of and appropriate for its risk oversight function. If in the future the Board believes that a change in its leadership structure is required to, or potentially could, improve the Board's risk oversight function, it may make any change it deems appropriate.

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee also reviewed with Frost, PLLC, the Company's independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with the auditors' independence.

The Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 2, 2012, for filing with the Securities and Exchange Commission.

The Board of Directors has determined that all members of the Audit Committee are "audit committee financial experts" and independent directors within the meaning of Securities and Exchange Commission regulations.

Certain Corporate Governance Matters

The NASDAQ stock market qualitative listing standards require that a majority of a listed company's directors be independent and that a compensation committee and nominating committee of the Board composed solely of independent directors be established. These standards are not applicable to any company where more than 50% of the voting power is held by one individual or group. Mr. Adams, founder and Chairman Emeritus of the Company, and his spouse own capital stock of the Company entitling them to 53.2% of the total voting power. Accordingly, the Company is exempt from those NASDAQ listing standards. However, a NASDAQ listing standard requiring the independent directors of the Board to have regularly scheduled meetings at which only independent directors are present is applicable to the Company. Such meetings were held following the regular meetings of the Board during the fiscal year ended June 2, 2012. NASDAQ qualitative listing standards require companies to adopt a code of business

conduct and ethics applicable to all directors, officers and employees that is in compliance with certain provisions in the Sarbanes-Oxley Act of 2002. The Board of Directors adopted such a code in 2004. Our Code of Ethics is posted on our website at www.calmainefoods.com/docs/cfi_codeofethics.pdf.

The listing standards also require all related party transactions to which the Company's directors or officers are parties be reviewed for potential conflicts of interests on an ongoing basis by, and all such transactions be approved by, the Company's Audit Committee or another independent committee of the Board of Directors. During the fiscal year ended June 2, 2012, no reportable related party transactions took place.

Additional NASDAQ listing standards require that the Audit Committee (i) be composed solely of independent directors; (ii) be directly responsible for the appointment, compensation, retention and oversight of the independent auditor, which must report directly to the audit committee; (iii) establish procedures to receive, retain, and treat complaints regarding accounting, internal accounting controls and auditing matters, including procedures for employees' confidential, anonymous submissions of concerns regarding questionable accounting or auditing matters; (iv) have the authority to engage independent counsel and other advisors when the committee determines such outside advice is necessary; and (v) be adequately funded by the Company. Our Audit Committee is in compliance with these standards.

The Board of Directors has a Nominating Committee. Mr. Baker, Ms. Hughes, Mr. Poole and Mr. Sanders are the members of the Nominating Committee. As a “controlled company,” the independence requirements of NASDAQ Rule 4350(c) do not apply to the Company.

Mr. Baker, our President and Chief Executive Officer, was also elected Chairman of the Board following the resignation of Mr. Adams from that position. The Company has not named a lead independent director. The Board recognizes that the leadership structure and combination or separation of the Chief Executive Officer and Chairman of the Board roles is prompted by the Company’s needs at any point in time. The Company’s leadership structure has varied over time and has included combining and separating these roles. As a result, the Board has not established a firm policy requiring combination or separation of these leadership roles and the Company’s governing documents do not mandate a particular structure. This provides the Board with flexibility to establish the most appropriate structure for the Company at any given time.

The Board has determined that the Company is currently best served by having one person serve as Chairman of the Board and Chief Executive Officer as it promotes communication between management and the Board of Directors and provides essential leadership for addressing the Company’s strategic initiatives and challenges. Mr. Baker’s service as Chairman of the Board aids the Board’s decision-making process because he has firsthand knowledge of the Company’s operations and the major issues facing the Company, and he chairs the Board meetings where the Board discusses strategic and business issues.

The Board of Directors also considers the above structures appropriate due to the Company’s status as a “controlled company.” Further, due to the relatively small size of the Board of Directors and the fact that one-half of the members of the Board of Directors are independent directors, the Board of Directors has not felt it necessary to designate a lead director.

Mr. Adams, the former Chairman of the Board, has been designated Chairman Emeritus of the Company. Under the Company’s bylaws, Chairman Emeritus is an advisory position. Although the Chairman Emeritus may be invited to participate in Board of Director and committee meetings, the Chairman Emeritus is not counted for quorum purposes and has no director voting rights. The Chairman Emeritus provides such advisory services to the Board of Directors as it requests.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, such as the common stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Such persons are also required to furnish us with copies of all forms they file under this regulation. To our knowledge, based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, for the fiscal year ended June 2, 2012, all Section 16(a) reports applicable to its directors and executive officers were timely filed except that Mr. Miller, Vice President/Chief Operating Officer and director of the Company, was inadvertently late filing his initial Form 3 following his election to the position of Chief Operating Officer.

The Company has not received any information from 10% shareholders indicating that they have not complied with filing requirements.

Certain Transactions

The Company is a member of Egglan's Best, Inc. ("Egglan's Best"), a cooperative that is a specialty egg marketing firm. During the fiscal year ended June 2, 2012, the Company paid approximately \$27,170,000 to Egglan's Best for marketing and service fees. Mr. Baker, Chairman of the Board, President, Chief Executive Officer and director of the Company, is a director of Egglan's Best. He is also a member of the board of managers of Egglan's Best, LLC, a joint venture formed between Egglan's Best and Land O'Lakes, Inc.

COMPENSATION DISCUSSION AND ANALYSIS

We are the only publicly held company in the United States, insofar as we can determine, whose primary business is the commercial production, processing, and sale of shell eggs. Accordingly, there is little, if any, public information available relative to the compensation paid by our competitors. It is our intent to compensate our employees at a level that will appropriately reward them for their performance, minimize the number of employees leaving our employment because of compensation issues, and enable us to attract needed talent as our business expands. Even though we have not lost many management level employees to our competitors, we believe our management is not the highest paid management group in the egg business. Our philosophy is to provide compensation to our management that falls in the upper middle range of industry compensation based on an identified peer group. See “Benchmarking of Compensation” below.

As stock representing more than 50% of the voting power of our voting stock is owned by members of Mr. Adams’ family, we are a controlled company as defined in Rule 4350(c)(5) of the NASDAQ Rules. As such, we are not required to have the compensation of our named executive officers determined by a majority of our independent directors or a Compensation Committee composed entirely of independent directors. However our independent directors, who constitute three of the four members of the Compensation Committee, do play a significant role in determining the compensation of our named executive officers. We divide our executive officers into two categories for compensation purposes. The first are members of the Executive Committee of our Board of Directors, which during fiscal 2012 was composed of Messrs. Baker, Dawson and Adams. (Mr. Miller took Mr. Adams’ seat on the Executive Committee following Mr. Adams’ resignation from the Board of Directors in July 2012; however, Mr. Miller was not a named executive officer for fiscal 2012.) The compensation of the members of the Executive Committee is primarily determined by the Executive Committee which submits its recommendation to the Compensation Committee for approval. The compensation for other executives or officers, including named executive officers not members of the Executive Committee (which, for fiscal 2012, included Mr. Hull and Mr. Hardin), is determined by the Compensation Committee.

Elements of Compensation

Our total compensation package provided to each of our named executive officers consists of a base salary, a cash bonus, equity compensation, automobiles, company paid insurance and country club dues. Additionally, the named executive officers participate in deferred compensation plans and are eligible for an enhanced health plan.

Compensation Practices and Risks

We do not think any risks arise from the Company’s compensation policies and practices that are likely to have a material adverse effect on the Company. No single officer has compensation structured so that it would likely result in such officer subjecting the Company to unusual or extraordinary risks.

Bonus Plans

General Bonus Program

During fiscal 2012, our named executive officers, with the exception of the members of the Executive Committee, were covered by our general bonus program. The amount of bonus which could be earned by such named executive officers is an amount equal to 50% of the total of their base salary plus such officer’s prior year’s bonus.

Of the potential bonus that can be earned by a named executive officer, 50% is based on our profitability, subject to the discretion of the Chief Executive Officer, and in the case of the Chief Executive Officer, subject to the discretion

of the Compensation Committee. If we earn a minimum profit, on a pre-tax basis, of five cents per dozen eggs produced, each named executive officer will earn the full portion of his bonus attributable to our profitability, subject to adjustment at the discretion of the Chief Executive Officer or Compensation Committee, as applicable. If our profit is less than five cents per dozen eggs produced, the officer's bonus is reduced by a corresponding percentage.

The remaining bonus that can be earned by a named executive officer is based on such officer's performance as evaluated by our Chief Executive Officer in his discretion.

There is constant contact and interplay among our Chief Executive Officer and the various named executive officers. This contact gives our Chief Executive Officer an ongoing opportunity to be aware of the overall efficiency, cooperativeness, enthusiasm, judgment and attitude that each named executive officer brings to the performance of his duties. Our Chief Executive Officer's observation of these elements forms the basis of his opinion as to how such named executive officer is performing.

However, in addition to the direct observation and interplay between our Chief Executive Officer and the named executive officers, other criteria are also utilized in evaluating a named executive officer's entitlement to the individual performance section of the bonus.

The General Managers under the supervision of the named executive officers also have a bonus program. This bonus program has 16 elements that can be considered by the named executive officer in determining the bonus of his General Managers. All 16 elements are not utilized each year. Typically at the beginning of each year the named executive officer will confer with his General Managers and, of the available criteria, they will select six or seven elements upon which they will concentrate in evaluating the General Manager's performance and bonus eligibility.

An example of some, but not all, of the 16 elements considered by the named executive officer are the profitability of the segment under the General Manager's control, the efficiency of the flocks under the General Manager as to feed conversion, livability, the status of accounts receivable, percent of eggs hatched, percent of Grade A eggs produced and other operational criteria. The significance or importance of each criteria available for evaluation will vary from location to location. Inasmuch as a General Manager's performance is the responsibility of a specific named executive officer, how the General Managers perform under their performance program and in meeting the established criteria is a significant element considered by our Chief Executive Officer in evaluating the individual performance segment of a named executive officer's bonus.

In the case of Mr. Hull, who manages the Company's egg products activities, the profitability portion of his bonus, 50%, is tied to the profitability of the Company's egg products activities. The other 50% is tied to productivity factors relevant to egg products activities such as recovery and downtime.

Executive Committee Bonus Program

For members of our Executive Committee the bonus program is essentially subjective, rather than utilizing objective criteria. The Executive Committee agrees on bonuses for its members which are then given as a recommendation to the Compensation Committee for final approval. Normally, the Compensation Committee accepts the Executive Committee's recommendation. The most significant item in determining the amount of each Executive Committee member's bonus is the profitability of our Company.

Year-to-year variations in the level of compensation for our named executive officers result primarily from changes in bonuses and other compensation such as stock options and stock appreciation rights rather than base salary. Their salaries remain relatively fixed with modest increases from time to time. A primary variable factor in the named executive officers' compensation is the value of the shares of our stock in relation to which the officer has options or rights.

The Compensation Committee and the Board of Directors believe that it is essential for the Company to have the ability to include equity-based compensation in named executive officers' and other employees' compensation packages. For that reason, the Compensation Committee recommended that the Company adopt the Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan. The Board of Directors has adopted such plan and recommends that the shareholders approve such plan as discussed in more detail below under "Approval of Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan - Item No 2. on Proxy Card."

The Long-Term Incentive Plan Committee is developing policies concerning the timing of grants, setting of exercise prices and other matters, but no such formal policies exist currently.

The tables which follow give details as to the compensation of each of our named executed officers for fiscal 2012.

General Matters Regarding Compensation

Employment Agreements

None of our named executive officers has an employment contract.

Deferred Compensation Arrangements

Messrs. Baker, Dawson and Hardin participate in the 2006 deferred compensation plan (the “Deferred Compensation Plan”) described below.

In 2006 our Board adopted a Deferred Compensation Plan in which all our officers are eligible to participate. The Plan will establish an account for each officer selected by the Board. Each year the Board may elect to make a contribution for each participant ranging from zero to whatever the Board determines. Each participant’s account will be credited with investment earnings equal to a fund selected by the Board to serve as an index. Currently, the index fund selected by the Board is the Vanguard 500 Index Fund Admiral Shares. At the time of initial participation, each participant must elect how he wishes his account to be distributed to him. Participants may elect to receive their distribution in a lump sum or in annual installments. All of the named executive officers participating in this Deferred Compensation Plan have elected the lump sum distribution alternative. All contributions to each officer’s account will vest when made. The Board determines what contributions, if any, will normally be made during December of each year. During the last fiscal year the contributions made to our named executive officers under the 2006 plan are reflected in the “Nonqualified Deferred Compensation for Fiscal Year 2012 – Under 2006 Plan” table in the “Compensation Tables” section below.

Mr. Hull participates in an older individual deferred compensation plan in which he earns a stipulated deferred compensation amount for each year worked after a designated date. Some participants in these individual plans have earned their maximum deferred compensation while others continue to accrue such benefit. Mr. Hull, who is currently 59 years old, will have earned 10 years of compensation when he reaches age 65. Mr. Hull has earned seven years of compensation to date. The deferred compensation payments are made monthly, beginning immediately after the officer's 65th birthday, unless the officer elects to defer receipt of such payments. The agreement provides that once payments begin or have been earned, any remaining payments will continue to be made to a participant's estate after his or her death.

Long-Term Equity Incentive Compensation

Because he already holds a substantial equity stake in the Company, Mr. Adams does not participate in any stock option, stock appreciation, deferred compensation, or similar plans. The remainder of our named executive officers do participate in our 2005 Incentive Stock Option Plan or the Cal-Maine Foods, Inc. Stock Appreciation Rights Plan. In order to give us greater flexibility to grant additional types of equity awards to our named executive officers (other than Mr. Adams), we are asking that our shareholders approve the Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan. See "Approval of Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan - Item No 2. on Proxy Card."

Severance and Change-in-Control Payments

No named executive officer is entitled to receive any severance or change-in-control payment.

Employee Benefits and Perquisites

We do not have a pension plan but we do have the Cal-Maine Foods, Inc. KSOP ("KSOP"), which is a combination 401(k) and employee stock ownership plan. We currently contribute an amount not less than 3% of the participant's base salary and bonus to the KSOP each year subject to statutory limitations. The KSOP was recently created by merging the Company's existing 401(k) plan into its existing employee stock ownership plan. All employees with at least one year of service and who meet minimum age requirements, including our named executive officers, are members of the KSOP. Within the KSOP, we also sponsor an elective 401(k) component, but we make no contributions directly to the 401(k) component on behalf of the participants. For additional information regarding the KSOP, see "Compensation Plans – Cal-Maine Foods, Inc. KSOP" below.

Each of our named executive officers participates in an enhanced health plan pursuant to which we reimburse the participating officer for any eligible health expense not covered by our primary health plan, up to \$10,000 per calendar year.

We have a plan under which officers who meet minimum tenure qualifications will be provided health coverage after their retirement. The coverage we provide is secondary to their Medicare coverage.

Each of our named executive officers is provided one automobile for which we pay the operating and maintenance costs. In addition to an automobile, Mr. Adams is provided a pickup truck. We also pay country club dues on behalf of certain of our named executive officers as determined by the Board of Directors.

Mr. Adams and certain officers are provided individual life insurance policies, the premiums of which are paid by the Company. Historically, the Executive Committee has made the determination of which officers would be provided such benefit on a case-by-case basis. The premiums paid on behalf of the named executive officers are set forth in the "Summary Other Compensation Table for Fiscal Year 2012" in the "Compensation Tables" section below.

COMPENSATION PLANS

Cal-Maine Foods, Inc. KSOP

During 2012, our defined contribution savings and retirement plan established in 1985, which was designed to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code, was merged into our Employee Stock Ownership Plan (“ESOP”) established in 1976. The name of the ESOP was changed to the “Cal-Maine Foods, Inc. KSOP”.

The KSOP combines an employee stock ownership plan and a 401(k) plan. All full time employees over age 21 with one or more years of service, are eligible to participate in the KSOP. The employee stock ownership component of the KSOP currently consists primarily of common stock of the Company and is managed by a trustee designated by the Board of Directors. Contributions by us may be made in cash or shares of common stock, as determined by the Board of Directors. Company contributions generally may not exceed 15% of the aggregate annual compensation of participating employees. Currently, the Company contributes an amount not less than 3% of the participant’s base salary and bonus to the KSOP subject to statutory limitations. Contributions are allocated to the accounts of participating employees in the proportion which each employee’s compensation for the calendar year bears to the total compensation for the calendar year (up to \$250,000, as indexed, per employee), of all participating employees for such calendar year. Company contributions vest immediately upon the commencement of an employee’s participation in the KSOP.

Shares of common stock held in an employee’s account are voted by the KSOP trustee in accordance with the employee’s instructions. Our contributions to the accounts in the ESOP prior to its conversion to a KSOP amounted to approximately \$1,805,335 in calendar year 2011. For calendar year 2011, our contributions to the ESOP predecessor to the KSOP were \$7,350 on behalf of each of the executive officers named in the Summary Compensation Table.

The 401(k) component of the KSOP permits participants to contribute up to the maximum allowed by the IRS regulations. Participating employees are 100% vested in their 401(k) account balances in the KSOP. The KSOP is intended to comply with the Employee Retirement Income Security Act of 1974, as amended. Benefits under the KSOP are paid at the time of a participant’s death, retirement, disability, termination of employment, and, under limited circumstances, may be withdrawn prior to the employee’s termination of service.

2005 Incentive Stock Option Plan

Our 2005 Incentive Stock Option Plan was adopted by our Board of Directors on August 15, 2005, and ratified by our shareholders on October 13, 2005. Under the 2005 Plan, 500,000 shares of common stock were reserved for issuance upon the exercise of options that could be granted under the 2005 plan.

All options to be granted are intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code. The options vest at the rate of 20% per year.

The exercise price per share for any options granted may not be less than 100% of the fair market value of the common stock on the date of grant. The number of shares of common stock subject to an option and the exercise price may be adjusted in certain circumstances to prevent dilution. The method of payment of the exercise price will be as prescribed by the Board of Directors in the individual stock option agreements.

The options outstanding under the 2005 plan, as of June 2, 2012, all of which are held by officers of the Company, totaled 43,000. The options were granted on August 17, 2005, for an exercise price of \$5.93.

Shares of common stock subject to the 2005 Plan have been registered under the Securities Act of 1933.

Cal-Maine Foods, Inc. Stock Appreciation Rights Plan

The Cal-Maine Foods Stock Appreciation Rights Plan (the “SARs Plan”) was adopted by our Board of Directors on August 15, 2005, and ratified by our shareholders on October 13, 2005. The SARs Plan covers 1,000,000 shares of common stock and is administered by the Executive Committee of the Board of Directors.

The SARs Plan continues for a period of 10 years from August 15, 2005, unless earlier terminated. SARs vest at the rate of 20% per year, are non-transferable and contain anti-dilution provisions. Upon exercise, the Company will pay the holder of the SARs an amount in cash equal to the difference between the fair market value on the date of grant and the fair market value as of the date of exercise.

As of July 28, 2012, employees and directors held a total of 19,600 SARs with a base price of \$5.93 per share, and 12,000 SARs with a base price of \$6.93 per share. Shares of common stock are not issued under the SARs Plan, but only serve as the measure for determining the amount to be paid by the Company.

Shares of common stock covered by the SARs Plan are registered under the Securities Act of 1933. The settlement of awards in cash resulted from an amendment to the SARs Plan on August 24, 2006, as permitted by its terms.

Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan

Please see the detailed description of the Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan (“2012 Plan”) in the section “Approval of Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan - Item No 2. on Proxy Card” below. The Board of Directors adopted the 2012 Plan in July 2012. No grants have been made under the 2012 Plan. The Company intends to register shares covered by the 2012 Plan under the Securities Act of 1933.

Benchmarking of Compensation

In January 2012 the Compensation Committee engaged the consulting firm of Mercer (US) Inc. (“Mercer”) to provide compensation analysis and consulting services regarding executive and director compensation. Part of this engagement involved benchmarking the Company’s executive pay against a peer group and published compensation surveys. The peer group consisted of 19 companies, 18 of which are publicly traded and one of which is privately held. The peer group was selected based on research by Mercer and input from management. The peer group consisted of the following companies based on size (as measured by revenues), industry focus and geographic location:

Alliance One International, Inc.
B&G Foods, Inc.
Calavo Growers, Inc.
Diamond Foods, Inc.
Farmer Brothers Co.
Flowers Foods
Green Mountain Coffee Roasters, Inc.
Imperial Sugar Company
John B. Sanfilippo & Son, Inc.
Lancaster Colony Corporation
Lance, Inc.
MGP Ingredients, Inc.
Michael Foods, Inc.
Natures Sunshine Products, Inc.
Sanderson Farms, Inc.
Seneca Foods Corporation
Synutra International, Inc.
TreeHouse Foods, Inc.
Universal Corporation

Compensation Consultants

In January 2012 the Company engaged Mercer as a compensation consultant to assist with certain analyses related to the Compensation Committee’s review of executive and director compensation. As discussed in the “Benchmarking of Compensation” section above, Mercer’s services included benchmarking the Company’s executive and director compensation against a peer group and published compensation surveys. It was also engaged to review annual and

long-term incentive plan designs for competitiveness and alignment with peer companies, and to update management and the Board on executive compensation trends.

Mercer reported directly to Mr. Baker but also consulted with Mr. Dawson, Vice President and Chief Financial Officer of the Company, and Mr. Poole, an independent director and member of the Compensation Committee. No material changes were made to the 2012 fiscal year compensation of executives as a result of Mercer's findings; however, the Compensation Committee did propose the adoption of the Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan based in large part on Mercer's recommendations. The Compensation Committee anticipates grants will be made to executive officers under the 2012 Plan, although no such grants have yet been authorized. The Company also took certain action with respect to director compensation based on Mercer's findings, as more fully discussed in the "Director Compensation" section below.

Advisory Shareholder Vote on Executive Compensation

At the Annual Meeting of Shareholders held September 30, 2011, shareholders representing 99.44% of the voting power present and participating in the meeting adopted an advisory resolution approving the compensation paid to the Company's named executive officers. The Compensation Committee considered this an endorsement of its described policies and practices and therefore did not feel it necessary to reduce or materially alter named executive officers' compensation as it may have had the "say on pay" approval vote not passed.

At the same meeting the shareholders adopted an advisory resolution to hold an advisory vote on the compensation paid to the Company's named executive officers every three years. The Board has directed that such advisory votes be held every three years and the next such advisory vote is scheduled for the Company's 2014 Annual Meeting of Shareholders.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the above Compensation Discussion and Analysis with management of the Company and based on the review and discussions the Compensation Committee has recommended to the Board of Directors that the above Compensation Discussion and Analysis be included in the Company's proxy statement on Schedule 14A.

Director Compensation

The Company's non-employee directors are each entitled to receive \$35,000 annually as compensation for their services as a director. This fee is paid in quarterly installments, in advance. Last fiscal year, non-employee directors received \$15,000 annually for their services as a director and \$1,000 for any special meeting attended. In addition, the Board also authorized paying each non-employee director a bonus fee of \$10,000 for their service as a director during the prior fiscal year. For fiscal 2012, the Board increased the non-employee directors' fees from the prior year's level based in large part on Mercer's findings and recommendations. In addition, during the current fiscal year each non-employee director was paid a cash bonus fee of \$10,000 related to their services as a director during the last fiscal year. Non-employee directors no longer receive additional compensation for attending special meetings. Employee directors receive no additional compensation for their services as directors of the Company. As set forth in the discussion of our Stock Appreciation Rights Plan above, as of June 2, 2012, Mr. Poole held 6,100 SARs. Mr. Poole, Mr. Sanders and Ms. Hughes are independent directors.

APPROVAL OF CAL-MAINE FOODS, INC. 2012 OMNIBUS LONG-TERM INCENTIVE PLAN

ITEM NO. 2 ON PROXY CARD

The Board of Directors recommends that shareholders vote FOR the approval of the Cal-Maine Foods, Inc. 2012 Omnibus Long-Term Incentive Plan (the "2012 Plan").

On July 27, 2012, the Board of Directors adopted the 2012 Plan, subject to the approval of the shareholders of the Company. The following summary of the principal features of the 2012 Plan is qualified in its entirety by reference to the full text of the 2012 Plan which is attached as Appendix B to this proxy statement.

Summary of the 2012 Plan

Purpose of the 2012 Plan. The purpose of the 2012 Plan is to assist us and our subsidiaries in attracting and retaining selected individuals who, serving as our employees, outside directors and consultants, are expected to contribute to our success and to achieve long-term objectives which will benefit our shareholders through the additional incentives inherent in the awards under the 2012 Plan.

Shares Available. The maximum number of shares of common stock that are available for awards under the 2012 Plan (subject to the adjustment provisions described under “Adjustments upon Changes in Capitalization” below) is 500,000 shares. Any shares of common stock that are subject to awards shall be counted against this limit as one (1) share of common stock for every one (1) share of common stock granted.

If any shares of common stock subject to an award under the 2012 Plan are forfeited, expire or are settled for cash, the shares subject to the award may be used again for awards under the 2012 Plan to the extent of the forfeiture, expiration or cancellation on a one-for-one basis. If any option or other award granted under the 2012 Plan is exercised through tendering shares of common stock (either actually or by attestation) or by our withholding shares of common stock, then the shares so tendered or withheld will again be available for awards under the 2012 Plan on a one-for-one basis. In addition, if withholding tax liabilities arising from any option or other award under the 2012 Plan are satisfied by tendering shares of common stock (either actually or by attestation) or by our withholding shares of common stock, then the shares of common stock so tendered or withheld will again be available for awards under the 2012 Plan on a one-for-one basis.

The maximum number of shares of common stock that may be issued under the 2012 Plan pursuant to the exercise of incentive stock options is equal to the maximum number of shares of common stock that are available for awards under the 2012 Plan.

Eligibility. Options, SARs, restricted shares and stock units may be granted under the 2012 Plan. Options may be either “incentive stock options,” as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”), or nonstatutory stock options. Awards may be granted under the 2012 Plan to any employee, any non-employee member of the Board of Directors, and any consultant who is a natural person and provides services to us or a subsidiary (except for incentive stock options which may be granted only to our employees).

Awards to be Granted to Certain Individuals and Groups. As of December 31, 2011, approximately 2,200 employees and three outside directors would have been eligible to participate in the 2012 Plan had it been effective. The Long-Term Incentive Plan Committee of the Board of Directors, in its discretion, selects the persons to whom awards may be granted, determines the type of awards, determines the times at which awards will be made, determines the number of shares subject to each such award, and determines the other terms and conditions relating to the awards. For this reason, it is not possible to determine the benefits or amounts that will be received by any particular person in the future.

Limits on Awards to Participants. The 2012 Plan provides that no participant may (i) be awarded options or SARs in any 12-month period to purchase more than 100,000 shares of common stock or (ii) earn restricted shares or stock unit awards that are intended to be performance-based compensation under Section 162(m) of the Code with respect to more than 50,000 restricted shares or 50,000 stock units for each 12 months in the vesting or performance period.

Administration. The 2012 Plan will be administered by the Long-Term Incentive Plan Committee (or a subcommittee) which shall consist of at least two members of the Board of Directors, each of whom must qualify as a “non-employee director” under Rule 16b-3 under the Securities Exchange Act of 1934, an “outside director” under Section 162(m) of the Code and an “independent director” under the rules of the principal U.S. national securities exchange on which the common stock is traded (the “Principal Exchange”), to the extent required by such rules. The Long-Term Incentive Plan Committee has the authority to determine the terms and conditions of awards, and to interpret and administer the 2012 Plan. The Long-Term Incentive Plan Committee may (i) delegate to a committee of one or more directors the right to make awards and to cancel or suspend awards and otherwise take action on its behalf under the 2012 Plan (to the extent not inconsistent with applicable law, including Section 162(m) of the Code, and the rules of the Principal Exchange), and (ii) to the extent permitted by law, delegate to one or more officers the right to make awards to employees who are not outside directors or executive officers and the authority to take action on behalf of the Long-Term Incentive Plan Committee pursuant to the 2012 Plan to cancel or suspend awards under the 2012 Plan to key employees who are not outside directors or executive officers of the Company.

Stock Options. The Long-Term Incentive Plan Committee may grant either nonqualified stock options or incentive stock options. A stock option entitles the recipient to purchase a specified number of shares of common stock at a

fixed price subject to terms and conditions set by the Long-Term Incentive Plan Committee, including conditions for exercise that must be satisfied, which typically will be based solely on continued provision of services. The purchase price of shares of common stock covered by a stock option cannot be less than 100% of the fair market value of the common stock on the date the option is granted (except for substitute awards). Fair market value of the common stock is generally equal to the closing price for the common stock on the Principal Exchange on the date the option is granted (or if there was no closing price on that date, on the last preceding date on which a closing price was reported), except for substitute awards. As of July 27, 2012, the closing price of the common stock as reported on The Nasdaq Stock Market was \$36.48 per share.

The 2012 Plan permits payment of the purchase price of stock options to be made by cash or cash equivalents, shares of common stock previously acquired by the participant, any other form of consideration approved by the Long-Term Incentive Plan Committee and permitted by applicable law (including withholding of shares of common stock that would otherwise be issued on exercise), or any combination thereof. Options granted under the 2012 Plan will expire as specified in the stock option agreement (except (i) in the event of the participant's death or disability, or (ii) if on the last day of the term the exercise of the option is prohibited by applicable law or the holder cannot purchase or sell shares of common stock due to a "black-out period" under our insider trading policy or a "lock-up" agreement undertaken in connection with an issuance of securities by us, the term shall be automatically extended for a 30-day period from the end of the prohibition or black-out period).

Stock Appreciation Rights. The Long-Term Incentive Plan Committee is authorized to grant SARs in conjunction with a stock option or other award granted under the 2012 Plan, and to grant SARs separately. The grant price of a SAR may not be less than 100% of the fair market value of a share of common stock on the date the SAR is granted, (except for substitute awards). The term of a SAR shall be specified in the SAR Agreement (except (i) in the event of the participant's death or disability, or (ii) if on the last day of the term the exercise of the SAR is prohibited by applicable law or the holder cannot purchase or sell shares of common stock due to a black-out period under our insider trading policy or a "lock-up" agreement undertaken in connection with an issuance of securities by us, the term shall be automatically extended for a 30-day period from the end of the prohibition or black-out period). SARs are subject to terms and conditions set by the Long-Term Incentive Plan Committee, including conditions for exercise that must be satisfied, which typically will be based solely on continued provision of services.

Upon exercise of a SAR, the participant will have the right to receive the excess of the fair market value of the shares covered by the SAR on the date of exercise over the grant price. Payment may be made in cash, shares of our common stock or other property, or any combination thereof, as the Long-Term Incentive Plan Committee may determine. Shares issued upon the exercise of SARs are valued at their fair market value as of the date of exercise.

Restricted Shares. Restricted shares may be issued either alone or in addition to other awards granted under the 2012 Plan. The Long-Term Incentive Plan Committee determines the terms and conditions of restricted shares, including the number of shares of common stock granted, and conditions for vesting that must be satisfied, which may be based principally or solely on continued provision of services, and also may include a performance-based component. Unless otherwise provided in the award agreement, the holder of a restricted share award will have the rights of a stockholder from the date of grant of the award, including the right to vote the shares of common stock and the right to receive cash dividends and share and property distributions on the shares (subject to the requirements for dividends on restricted shares that vest on the attainment of performance goals as described under "Dividends; Dividend Equivalents" below).

Stock Unit Awards. Awards of stock units having a value equal to an identical number of shares of common stock may be granted either alone or in addition to other awards granted under the 2012 Plan. The Long-Term Incentive Plan Committee determines the terms and conditions of stock units, including conditions for vesting that must be satisfied, which may be based principally or solely on continued provision of services, and also may include a performance-based component. The holder of a stock unit award will not have voting rights with respect to the award. Except as otherwise provided in the award agreement, any cash dividends and shares and other property distributed with respect to the award will be subject to the same restrictions as the award (subject to the requirements for dividend equivalents on stock units that vest on the attainment of performance goals as described under "Dividends; Dividend Equivalents" below).

Performance Objectives. The 2012 Plan includes provisions permitting us to grant awards that will qualify as "performance-based compensation" under applicable federal tax rules, thus enhancing our ability to deduct compensation amounts paid to certain of our executive officers. To ensure our ability to deduct compensation amounts related to restricted shares and stock unit awards granted to certain executive officers, these tax rules will require among other things that we grant such awards subject to vesting only upon pre-specified performance conditions. The performance conditions that might be used for this purpose under the 2012 Plan are: earnings (before or after taxes); earnings per share; earnings before interest, taxes, depreciation and amortization; total stockholder return; stockholders equity or return on equity or average stockholders' equity; return on assets, investments or capital employed; operating income; gross margin; operating margin; margin per dozen; net operating income (before or after taxes); income per dozen, return on operating revenue; specified levels or changes in sales or revenue; expense or cost reduction; working capital; economic value added; market share; cash flow; operating cash flow; cash flow per share; share price; debt reduction; customer satisfaction; contract awards or backlog; or, to the extent that an award is not intended to qualify as "performance-based compensation" under federal tax rules, other measures of performance as

specified by the Long-Term Incentive Plan Committee. The performance goals also may be based solely by reference to our performance or the performance of one or more of our subsidiaries, divisions, business segments or business units, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. To the extent consistent with the Code Section 162(m), the Long-Term Incentive Plan Committee may also exclude under the terms of the performance goals the impact of an event or occurrence which the Long-Term Incentive Plan Committee determines should appropriately be excluded, including (i) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (ii) an event either not directly related to our operations or not within the reasonable control of our management, or (iii) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles.

Dividends; Dividend Equivalents. Awards other than options and SARs may, if determined by the Long-Term Incentive Plan Committee, provide that the participant will be entitled to receive, currently or on a deferred basis, cash, stock or other property dividends, or cash payments in amounts equivalent to cash, stock, or other property dividends declared with respect to shares of common stock covered by an award. The Long-Term Incentive Plan Committee may provide that such amounts will be deemed to have been reinvested in additional shares of common stock or otherwise, and that they are subject to the same vesting or performance conditions as the underlying award. Any dividends or dividend equivalents provided with respect to performance awards or restricted shares, or stock unit awards that are subject to the attainment of performance goals will be subject to the same restrictions and risk of forfeiture as the underlying awards.

No Repricing. The 2012 Plan prohibits option and SAR repricings (other than to reflect stock splits, spin-offs or other corporate events described under “Adjustments upon Changes in Capitalization” below, or in connection with a change in control of the Company) unless shareholder approval is obtained. For purposes of the 2012 Plan, a “repricing” means a reduction in the exercise price of an option or the grant price of a SAR, the cancellation of an option or SAR in exchange for cash or another award under the 2012 Plan, or any other action with respect to an option or SAR that may be treated as a repricing under the rules of the Principal Exchange.

Clawback Provision. Each participant’s award shall be conditioned on repayment or forfeiture in accordance with any Company policy, applicable law, including the Sarbanes-Oxley Act of 2002 and/or the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, and any relevant provisions in the related award agreement.

Nontransferability of Awards . No award under the 2012 Plan, and no shares subject to awards that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, is transferable other than by will or the laws of descent and distribution, and an award may be exercised during the participant’s lifetime only by the participant or the participant’s guardian or legal representative, or if allowed by the Long-Term Incentive Plan Committee, pursuant to a qualified domestic relations order.

Adjustments upon Changes in Capitalization. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in our corporate structure affecting our common stock or the value thereof, appropriate adjustments to the 2012 Plan and awards will be made as the Long-Term Incentive Plan Committee determines to be equitable and appropriate, including adjustments in the number and class of shares of stock available for awards under the 2012 Plan, the number, class and exercise or grant price of shares subject to awards outstanding under the 2012 Plan, and the limits on the number of awards that any person may receive.

Termination of Employment. The Long-Term Incentive Plan Committee will determine and set forth in the award agreement whether any awards will continue to be exercisable, and the terms of such exercise, on and after the date the participant ceases to be employed by, or to otherwise provide services to, us, whether by reason of death, disability, voluntary or involuntary termination of employment or service, or otherwise.

Amendment and Termination. The 2012 Plan may be amended or terminated by the Board of Directors except that shareholder approval is required for any amendment to the 2012 Plan which increases the number of shares of common stock available for awards under the 2012 Plan, expands the types of awards available under the 2012 Plan, materially expands the class of persons eligible to participate in the 2012 Plan, amends the provisions prohibiting the repricing of stock options and SARs, increases the limits on shares subject to awards, or takes any action with respect to an option or SAR that may be treated as a repricing under the rules of the Principal Exchange. No amendment or termination may materially impair a participant’s rights under an award previously granted under the 2012 Plan without the written consent of the participant.

The 2012 Plan will expire on the 10th anniversary of the date of its approval by shareholders, except with respect to awards then outstanding, and no further awards may be granted thereafter.

Federal Income Tax Consequences

The following discussion summarizes certain federal income tax considerations of awards under the 2012 Plan. However, it does not purport to be complete and does not describe the state, local or foreign tax considerations or the consequences for any particular individual.

Stock Options. A participant does not realize ordinary income on the grant of a stock option. Upon exercise of a nonqualified stock option, the participant will realize ordinary income equal to the excess of the fair market value of the shares of common stock over the option exercise price. The cost basis of the shares acquired for capital gain treatment is their fair market value at the time of exercise. Upon exercise of an incentive stock option, the excess of the fair market value of the shares of common stock acquired over the option exercise price will be an item of tax preference to the participant, which may be subject to an alternative minimum tax for the year of exercise. If no disposition of the shares is made within two years from the date of granting of the incentive stock option or within one year after the transfer of the shares to the participant, the participant does not realize taxable income as a result of exercising the incentive stock option; the tax basis of the shares received for capital gain treatment is the option exercise price; any gain or loss realized on the sale of the shares is long-term capital gain or loss. If the participant disposes of the shares within the two-year or one-year periods referred to above, the participant will realize ordinary income at that time in an amount equal to the excess of the fair market value of the shares at the time of exercise (or the net proceeds of disposition, if less) over the option exercise price. For capital gain treatment on such a disposition, the tax basis of the shares will be their fair market value at the time of exercise.

Stock Appreciation Rights. No ordinary income will be realized by a participant in connection with the grant of a SAR. When the SAR is exercised, the participant will realize ordinary income in an amount equal to the sum of the amount of any cash received and the fair market value of the shares of common stock or other property received upon the exercise.

Restricted Shares and Stock Unit Awards. The participant will not realize ordinary income on the grant of a restricted share award, but will realize ordinary income when the shares subject to the award become vested in an amount equal to the excess of (i) the fair market value of the shares on the vesting date over (ii) the purchase price, if any, paid for the shares. The participant may, however, elect under Section 83(b) of the Code to include as ordinary income in the year the shares are granted an amount equal to the excess of (i) the fair market value of the shares on the date of issuance, over (ii) the purchase price, if any, paid for the shares. If the Section 83(b) election is made, the participant will not realize any additional taxable income when the shares become vested.

The participant will not realize ordinary income on the grant of a stock unit award, but will realize ordinary income when the shares subject to the award are issued to the participant after they become vested. The amount of ordinary income will be equal to the excess of (i) the fair market value of the shares on the date they are issued over (ii) the purchase price, if any, paid for the award.

Upon disposition of shares of common stock acquired under a restricted share award or stock unit award, the participant will realize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for the shares plus any amount realized as ordinary income upon grant (or vesting) of the shares.

Dividends and dividend equivalents that are received by a participant prior to the time that the common stock is taxed to the participant under the rules described above are taxed as additional compensation, not as dividend income.

Company Tax Deduction. We generally will be entitled to a tax deduction in connection with an award under the 2012 Plan, subject to the provisions of Section 162(m) of the Code, in an amount equal to the ordinary income realized by a participant and at the time the participant realizes such income (for example, on the exercise of a nonqualified stock option). Section 162(m) of the Code may limit the deductibility of compensation paid to our Chief Executive Officer and to each of the next three most highly compensated executive officers other than the Chief Financial Officer. Under Section 162(m), the annual compensation paid to any of these executives will be deductible to the extent that it does not exceed \$1,000,000 or if the compensation is treated as performance-based compensation under Section 162(m) of the Code. Compensation attributable to stock options and SARs under the 2012 Plan should qualify as performance-based compensation if the awards are made by the Long-Term Incentive Plan Committee and the

exercise or grant price of the award is no less than the fair market value of the common stock on the date of grant. Compensation attributable to share awards and stock unit awards should qualify as performance-based compensation if (i) the compensation is approved by the Long-Term Incentive Plan Committee, (ii) the compensation is paid only upon the achievement of an objective performance goal established in writing by the Long-Term Incentive Plan Committee while the outcome is substantially uncertain, and (iii) the Long-Term Incentive Plan Committee certifies in writing prior to the payment of the compensation that the performance goal has been satisfied.

Deferred Compensation and Section 409A of the Code. If any award is considered deferred compensation under Section 409A of the Code, the 2012 Plan is intended to comply with the requirements of Section 409A of the Code with regard to that award, and the provisions of the 2012 Plan and any award documents and election forms will be interpreted in a manner that satisfies these requirements. If any provisions of the 2012 Plan or any term or condition of any award agreement would otherwise frustrate or conflict with this intent, the provision, term or condition will be interpreted and deemed amended so as to avoid this conflict. Nevertheless, we cannot guarantee that the operation of the 2012 Plan will eliminate all risk that a participant may be required to pay additional taxes or interest under Section 409A with respect to awards granted under the 2012 Plan.

Other Tax Issues. The terms of awards granted under the 2012 Plan may provide for accelerated vesting or payment of an award in connection with a change of control of the Company. In that event and depending upon the individual circumstances of the recipient, certain amounts with respect to such awards may constitute excess parachute payments under the golden parachute provisions of the Code. Pursuant to these provisions, a participant will be subject to a 20% excise tax on any excess parachute payments and the Company will be denied any deduction with respect to such payments.

New Plan Benefits

Awards under the 2012 Plan will be made at the discretion of the Long-Term Incentive Plan Committee which has not yet made any such determination. Accordingly, we cannot currently determine the amount of awards that will be made under the 2012 Plan. We anticipate that the Long-Term Incentive Plan Committee will utilize the 2012 Plan to grant long-term equity incentive compensation to employees, outside directors and consultants in a manner similar to the awards made under the 2005 Incentive Stock Option Plan and the SARs Plan.

The Plan seeks to achieve this purpose by providing for Awards in the form of Options (which may constitute ISOs or NSOs), SARs, Restricted Shares or Stock Units.

- (a) Any listing standards prescribed by the principal securities market on which the Company's equity securities are traded;
- (b) Such requirements as the Internal Revenue Service may establish for outside directors acting under plans intended to qualify for exemption under Section 162(m)(4)(C) of the Code;
- (c) Such requirements as the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act; and
- (d) Any other requirements imposed by applicable law, regulations or rules.

3.2 Committee Responsibilities. The Committee shall (a) select the Employees, Outside Directors and Consultants who are to receive Awards under the Plan, (b) determine the type, number, vesting requirements and other features and conditions of such Awards, (c) determine to what extent any Performance Goals have been attained, (d) interpret the Plan, (e) make all other decisions relating to the operation of the Plan and (f) carry out any other duties delegated to it by the Board under the Plan. The Committee may adopt such rules or guidelines as it deems appropriate to implement the Plan. The Committee's determinations under the Plan shall be final and binding on all persons.

3.3 Non-Officer Grants. The Board (or the Committee if the Board has delegated to it authority to further delegate its responsibilities) may delegate its authority to administer the Plan to an additional committee of the Board, composed of one or more directors of the Company, or to the extent permitted by applicable law one or more officers of the Company. The members of such additional committee need not satisfy the requirements of Section 3.1. Such committee or individual(s) may (a) administer the Plan with respect to Employees and Consultants who are not Outside Directors and are not considered executive officers of the Company under Section 16 of the Exchange Act, (b) grant Awards under the Plan to such Employees and Consultants and (c) subject to any limitations imposed under the terms of the authority delegated, determine all features and conditions of such Awards. Within the limitations of this Section 3.3, any reference in the Plan to the Committee shall, where the context requires, include any such individual(s) or additional committee to whom the Board has delegated the required authority under this Section 3.3.

ARTICLE 4. SHARES AVAILABLE FOR GRANTS.

4.1 Basic Limitation. Common Shares issued pursuant to the Plan may be authorized but unissued shares or treasury shares. The aggregate number of Common Shares issued under the Plan shall not exceed (a) 500,000 plus (b) the additional Common Shares described in Section 4.2. The number of Common Shares that are subject to Awards outstanding at any time under the Plan shall not exceed the number of Common Shares that then remain available for issuance under the Plan. Provided further, that a maximum of 500,000 Common Shares available under the Plan may be issued upon the exercise of ISOs. The limitations of this Section 4.1 and Section 4.2 shall be subject to adjustment pursuant to Article 12.

4.2 Shares Returned to Reserve. To the extent that Options, SARs or Stock Units are forfeited or expire for any other reason before being exercised or settled in full, the Common Shares subject to such Options, SARs or Stock Units shall again become available for issuance under the Plan. If SARs are exercised, then only the number of Common Shares (if any) actually issued in settlement of such SARs shall reduce the number available under Section 4.1 and the balance shall again become available for issuance under the Plan. If Stock Units are settled, then only the number of Common Shares (if any) actually issued in settlement of such Stock Units shall reduce the number available under Section 4.1 and the balance shall again become available for issuance under the Plan. If Restricted Shares or Common Shares issued upon the exercise of Options are reacquired by the Company pursuant to a forfeiture provision or for any other reason, then such Common Shares shall again become available for issuance under the Plan. Shares applied to pay the Exercise Price of Options or to satisfy tax withholding obligations related to any Award shall again become available for issuance under the Plan. To the extent that an Award is settled in cash rather than Shares, the cash settlement shall not reduce the number of Shares available for issuance under the Plan.

A-7

4.3 Dividend Equivalents. Any dividend equivalents paid or credited under the Plan shall not be applied against the number of Common Shares that may be issued under the Plan, whether or not such dividend equivalents are converted into Stock Units.

ARTICLE 5. ELIGIBILITY.

5.1 Incentive Stock Options. Only Employees who are common-law employees of the Company, a Parent or a Subsidiary shall be eligible for the grant of ISOs. In addition, an Employee who owns more than 10% of the total combined voting power of all classes of outstanding stock of the Company or any of its Parents or Subsidiaries shall not be eligible for the grant of an ISO unless the additional requirements set forth in Section 422(c)(5) of the Code are satisfied.

5.2 Other Grants. Only Employees, Outside Directors and Consultants shall be eligible for the grant of Restricted Shares, Stock Units, NSOs or SARs.

ARTICLE 6. OPTIONS.

6.1 Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The Stock Option Agreement shall specify whether the Option is an ISO or an NSO. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical.

6.2 Number of Shares. Each Stock Option Agreement shall specify the number of Common Shares subject to the Option, which number shall adjust in accordance with Article 12. Options granted to an Optionee in a single fiscal year of the Company shall not cover more than 75,000 Common Shares, except that Options granted to a new Employee in the fiscal year of the Company in which his or her Service commences may pertain to a maximum of 100,000 Common Shares. The limitations set forth in the preceding sentence shall be subject to adjustment in accordance with Article 12.

6.3 Exercise Price. Each Stock Option Agreement shall specify the Exercise Price, which shall not be less than 100% of the Fair Market Value of a Common Share on the date of grant. Notwithstanding the above, a Ten Percent Stockholder will not be granted an ISO unless the Exercise Price of each Option is at least 110% of the Fair Market Value of a Common Share on the date of grant and the Option is not exercisable after the expiration of five years from the date of grant. The preceding sentence shall not apply to Options granted pursuant to an assumption of, or substitution for, another option in a manner that would satisfy the requirements of Section 424(a) of the Code, whether or not such section is applicable.

6.4 Exercisability and Term. Each Stock Option Agreement shall specify the date or event when all or any installment of the Option is to become vested and/or exercisable. The Stock Option Agreement shall also specify the term of the Option; provided that the term of an ISO shall in no event exceed 10 years from the date of grant (5 years for a Ten Percent Stockholder). A Stock Option Agreement may provide for accelerated vesting and exercisability in the event of the Optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's Service.

6.5 Effect of Change in Control. The Committee may determine, at the time of granting an Option or thereafter, that such Option shall become vested and exercisable as to all or part of the Common Shares subject to such Option in the event that a Change in Control occurs with respect to the Company or in the event that the Optionee is subject to an Involuntary Termination after a Change in Control. However, in the case of an ISO, the acceleration of vesting and

exercisability shall not occur without the Optionee's written consent. In addition, acceleration of vesting and exercisability may be required under Section 12.3.

A-8

6.6 Death of Optionee. After an Optionee's death, any vested and exercisable Options held by such Optionee may be exercised by his or her beneficiary or beneficiaries. Each Optionee may designate one or more beneficiaries for this purpose by filing the prescribed form with the Company. A beneficiary designation may be changed by filing the prescribed form with the Company at any time before the Optionee's death. If no beneficiary was designated or if no designated beneficiary survives the Optionee, then any vested and exercisable Options held by the Optionee may be exercised by his or her estate.

6.7 Modification or Assumption of Options. Within the limitations of the Plan and with prior stockholder approval, the Committee may modify, reprice, extend or assume outstanding options or may accept the cancellation of outstanding options (whether granted by the Company or by another issuer) in return for the grant of new options for the same or a different number of shares and at the same or a different exercise price. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, alter or impair his or her rights or obligations under such Option.

6.8 Buyout Provisions. With prior stockholder approval, the Committee may at any time (a) offer to buy out for a payment in cash or cash equivalents an Option previously granted or (b) authorize an Optionee to elect to cash out an Option previously granted, in either case at such time and based upon such terms and conditions as the Committee shall establish.

6.9 Tax Considerations Related to Option Modifications. Notwithstanding anything to the contrary in Section 6.7 or 6.8, in no event shall a modification of an Option otherwise permitted or consented to under the terms of the Plan be given effect if such modification would cause the Option to become a stock right subject to Code Section 409A (where such Option had not previously been so subject) unless the parties explicitly acknowledge and consent to the modification as one having that effect.

6.10 ISO Limitations. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which ISOs are exercisable for the first time by any Optionee during any calendar year (under all plans of the Company and Affiliates or Subsidiaries exceeds \$100,000 (or such other limit established in the Code) or otherwise does not comply with the rules governing ISOs, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with the rules will be treated as NSOs, notwithstanding any contrary provision of the applicable Option Agreement(s).

ARTICLE 7. PAYMENT FOR OPTION SHARES.

7.1 General Rule. The entire Exercise Price of Common Shares issued upon exercise of Options shall be payable in cash or cash equivalents at the time when such Common Shares are purchased, except that the Committee at its sole discretion may (a) accept payment of the Exercise Price in any other form(s) described in this Article 7 and (b) to prohibit the use of any method of consideration otherwise permitted under the Stock Option Agreement as long as such prohibition does not render the Optionee unable to exercise an otherwise exercisable Option. However, if the Optionee is an Outside Director or executive officer of the Company, he or she may pay the Exercise Price only with a form of consideration permitted under Section 13(k) of the Exchange Act.

7.2 Surrender of Stock. With the Committee's consent, all or any part of the Exercise Price may be paid by surrendering, or attesting to the ownership of, Common Shares that are already owned by the Optionee. Such Common Shares shall be valued at their Fair Market Value on the date when the new Common Shares are purchased under the Plan.

7.3 Exercise/Sale. With the Committee's consent, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to a securities broker approved

by the Company to sell all or part of the Common Shares being purchased under the Plan and to deliver all or part of the sales proceeds to the Company.

A-9

7.4 Other Forms of Payment. With the Committee's consent, all or any part of the Exercise Price and any withholding taxes may be paid in any other form of consideration (including through delivery of a full-recourse promissory note) that is consistent with applicable laws, regulations and rules. With the Committee's consent, other permitted forms of payment are as follows:

- (a) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceed;
- (b) If an option is an NSO, by a "net exercise" arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; provided, however, that the Company will accept cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued. Shares of Common Stock will no longer be subject to an Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are reduced to pay the exercise price pursuant to the "net exercise," (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or
- (c) in any form of legal consideration that may be acceptable to the Committee and specified in the applicable Option Agreement.

ARTICLE 8. STOCK APPRECIATION RIGHTS.

8.1 SAR Agreement. Each grant of a SAR under the Plan shall be evidenced by a SAR Agreement between the Optionee and the Company. Such SAR shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various SAR Agreements entered into under the Plan need not be identical.

8.2 Number of Shares. Each SAR Agreement shall specify the number of Common Shares to which the SAR pertains, which number shall adjust in accordance with Article 12. SARs granted to an Optionee in a single calendar year shall in no event pertain to more than 75,000 Common Shares, except that SARs granted to a new Employee in the fiscal year of the Company in which his or her Service commences may pertain to a maximum of 100,000 Common Shares. The limitations set forth in the preceding sentence shall be subject to adjustment in accordance with Article 12.

8.3 Exercise Price. Each SAR Agreement shall specify the Exercise Price, which shall in no event be less than 100% of the Fair Market Value of a Common Share on the date of grant. The preceding sentence shall not apply to SARs granted pursuant to an assumption of, or substitution for, another SAR in a manner that would satisfy the requirements of Section 424(a) of the Code if such section were applicable.

8.4 Exercisability and Term. Each SAR Agreement shall specify the date when all or any installment of the SAR is to become vested and exercisable. The SAR Agreement shall also specify the term of the SAR. A SAR Agreement may provide for accelerated vesting and exercisability in the event of the Optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's Service. A SAR granted under the Plan may provide that it will be vested and exercisable only in the event of a Change in Control.

8.5 Effect of Change in Control. The Committee may determine, at the time of granting a SAR or thereafter, that such SAR shall become vested and exercisable as to all or part of the Common Shares subject to such SAR in the event that the Company is subject to a Change in Control or in the event that the Optionee is subject to an Involuntary

Termination after a Change in Control. In addition, acceleration of vesting and exercisability may be required under Section 12.3.

8.6 Exercise of SARs. Upon exercise of a SAR, the Optionee (or any person having the right to exercise the SAR after his or her death) shall receive from the Company (a) Common Shares, (b) cash or (c) a combination of Common Shares and cash, as the Committee shall determine. The amount of cash and/or the Fair Market Value of Common Shares received upon exercise of SARs shall, in the aggregate, not exceed the amount by which the Fair Market Value (on the date of surrender) of the Common Shares subject to the SARs exceeds the Exercise Price. If, on the date when a SAR expires, the Exercise Price is less than the Fair Market Value on such date but any portion of such SAR has not been exercised or surrendered, then such SAR shall automatically be deemed to be exercised as of such date with respect to such portion. A SAR Agreement may also provide for an automatic exercise of the SAR on an earlier date.

A-10

8.7 Death of Optionee. After an Optionee's death, any vested and exercisable SARs held by such Optionee may be exercised by his or her beneficiary or beneficiaries. Each Optionee may designate one or more beneficiaries for this purpose by filing the prescribed form with the Company. A beneficiary designation may be changed by filing the prescribed form with the Company at any time before the Optionee's death. If no beneficiary was designated or if no designated beneficiary survives the Optionee, then any vested and exercisable SARs held by the Optionee may be exercised by his or her estate.

8.8 Modification or Assumption of SARs. Within the limitations of the Plan and with prior stockholder approval, the Committee may modify, reprice, extend or assume outstanding SARs or may accept the cancellation of outstanding SARs (whether granted by the Company or by another issuer) in return for the grant of new SARs for the same or a different number of shares and at the same or a different exercise price. The foregoing notwithstanding, no modification of a SAR shall, without the consent of the Optionee, alter or impair his or her rights or obligations under such SAR.

8.9 Tax Considerations Related to SAR Modifications. Notwithstanding anything to the contrary in Section 8.8, in no event shall a modification of a SAR otherwise permitted or consented to under the terms of the Plan be given effect if such modification would cause the SAR to become a stock right subject to Code Section 409A (where such SAR had not previously been so subject) unless the parties explicitly acknowledge and consent to the modification as one having that effect.

ARTICLE 9. RESTRICTED SHARES.

9.1 Restricted Stock Agreement. Each grant of Restricted Shares under the Plan shall be evidenced by a Restricted Stock Agreement between the recipient and the Company. Such Restricted Shares shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Restricted Stock Agreements entered into under the Plan need not be identical.

9.2 Payment for Awards. Restricted Shares may be sold or awarded under the Plan for such consideration as the Committee may determine, including (without limitation) cash, cash equivalents, property, past services and future services, and such other methods of payment as are permitted under applicable law. If the Participant is an Outside Director or executive officer of the Company, he or she may pay for Restricted Shares with a promissory note only to the extent permitted by Section 13(k) of the Exchange Act. Within the limitations of the Plan and with prior stockholder approval, the Committee may accept the cancellation of outstanding options in return for the grant of Restricted Shares.

9.3 Vesting Conditions. Each Award of Restricted Shares may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Restricted Stock Agreement. Such conditions, at the Committee's discretion, may include one or more Performance Goals. In no event shall more than 50,000 Restricted Shares that are intended to qualify for Section 162(m)'s performance-based exception be granted to any Participant in a single fiscal year of the Company. The limitations set forth in the preceding sentence shall be subject to adjustment in accordance with Article 12. A Restricted Stock Agreement may provide for accelerated vesting in the event of the Participant's death, disability, retirement or other events. The Committee may determine, at the time of granting Restricted Shares or thereafter, that all or part of such Restricted Shares shall become vested in the event that a Change in Control occurs with respect to the Company or in the event that the Participant is subject to an Involuntary Termination after a Change in Control.

9.4 Voting and Dividend Rights. The holders of Restricted Shares awarded under the Plan shall have the same voting, dividend and other rights as the Company's other stockholders. A Restricted Stock Agreement, however, may require that any cash dividends paid on Restricted Shares (a) be accumulated and paid when such Restricted Shares vest or

(b) be invested in additional Restricted Shares. Such additional Restricted Shares shall be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid.

A-11

9.5 Section 83(b) Election. If a Participant makes an election under Section 83(b) of the Code to be taxed with respect to the Restricted Shares as of the date of transfer of the Restricted Shares rather than as of the date or dates upon which the Participant would otherwise be taxable under Section 83(a) of the Code, the Participant shall be required to deliver a copy of such election to the Company promptly after filing such election with the Internal Revenue Service.

ARTICLE 10. STOCK UNITS.

10.1 Stock Unit Agreement. Each grant of Stock Units under the Plan shall be evidenced by a Stock Unit Agreement between the recipient and the Company. Such Stock Units shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Stock Unit Agreements entered into under the Plan need not be identical.

10.2 Payment for Awards. To the extent that an Award is granted in the form of Stock Units, no cash consideration shall be required of the Award recipients.

10.3 Vesting Conditions. Each Award of Stock Units may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Stock Unit Agreement. Such conditions, at the Committee's discretion, may include one or more Performance Goals. In no event shall more than 50,000 Stock Units that are intended to qualify for Section 162(m)'s performance-based exception to be granted to any Participant in a single fiscal year of the Company. The limitations set forth in the preceding sentence shall be subject to adjustment in accordance with Article 12. A Stock Unit Agreement may provide for accelerated vesting in the event of the Participant's death, disability, retirement or other events. The Committee may determine, at the time of granting Stock Units or thereafter, that all or part of such Stock Units shall become vested in the event that the Company is subject to a Change in Control or in the event that the Participant is subject to an Involuntary Termination after a Change in Control. In addition, acceleration of vesting may be required under Section 12.3.

10.4 Voting and Dividend Rights. The holders of Stock Units shall have no voting rights. Prior to settlement or forfeiture, any Stock Unit awarded under the Plan may, at the Committee's discretion, carry with it a right to dividend equivalents. Such right entitles the holder to be credited with an amount equal to all cash dividends paid on one Common Share while the Stock Unit is outstanding. Dividend equivalents may be converted into additional Stock Units. Settlement of dividend equivalents may be made in the form of cash, in the form of Common Shares, or in a combination of both. Prior to distribution, any dividend equivalents that are not paid shall be subject to the same conditions and restrictions as the Stock Units to which they attach.

10.5 Form and Time of Settlement of Stock Units. Settlement of vested Stock Units may be made in the form of (a) cash, (b) Common Shares or (c) any combination of both, as determined by the Committee. The actual number of Stock Units eligible for settlement may be larger or smaller than the number included in the original Award, based on predetermined performance factors. Methods of converting Stock Units into cash may include (without limitation) a method based on the average Fair Market Value of Common Shares over a series of trading days. Vested Stock Units shall be settled in a lump sum. The distribution shall occur when all vesting conditions applicable to the Stock Units have been satisfied or have lapsed. Payment under a Stock Unit Agreement shall be made at such time as is specified in the Stock Unit Agreement. The Stock Unit Agreement shall specify that the payment will be made by a date that is no later than the date that is two and one-half (2 ½) months after the end of the calendar year in which the Stock Unit Award is no longer subject to a "substantial risk of forfeiture," as that term is defined in Code Section 409A.

10.6 Death of Recipient. Any Stock Units Award that becomes payable after the recipient's death shall be distributed to the recipient's beneficiary or beneficiaries. Each recipient of a Stock Units Award under the Plan shall designate one or more beneficiaries for this purpose by filing the prescribed form with the Company. A beneficiary designation may be changed by filing the prescribed form with the Company at any time before the Award recipient's death. If no

beneficiary was designated or if no designated beneficiary survives the Award recipient, then any Stock Units Award that becomes payable after the recipient's death shall be distributed to the recipient's estate.

10.7 Creditors' Rights. A holder of Stock Units shall have no rights other than those of a general creditor of the Company. Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Stock Unit Agreement.

A-12

ARTICLE 11. OTHER AWARDS.

11.1 Awards under Other Plans. The Company may grant awards under other plans or programs. Such awards may be settled in the form of Common Shares issued under this Plan. Such Common Share shall be treated for all purposes under the Plan like Common Shares issued in settlement of Stock Units and shall, when issued, reduce the number of Common Shares available under Article 4.

ARTICLE 12. PROTECTION AGAINST DILUTION.

12.1 Adjustments. In the event of a subdivision of the outstanding Common Shares, a declaration of a dividend payable in Common Shares or a combination or consolidation of the outstanding Common Shares (by reclassification or otherwise) into a lesser number of Common Shares, corresponding adjustments shall automatically be made in each of the following:

- (a) The number of Options, SARs, Restricted Shares and Stock Units available for future Awards under Article 4;
- (b) The limitations set forth in Sections 6.2, 8.2, 9.3 and 10.3;
- (c) The number of Common Shares covered by each outstanding Option and SAR;
- (d) The Exercise Price under each outstanding Option and SAR and the repurchase price, if any, applicable to Restricted Shares; or
- (e) The number of Stock Units included in any prior Award that has not yet been settled.

In the event of a declaration of an extraordinary dividend payable in a form other than Common Shares in an amount that has a material effect on the price of Common Shares, a recapitalization, a spin-off or a similar occurrence, the Committee shall make such adjustments as it, in its sole discretion, deems appropriate in one or more of the foregoing. Except as provided in this Article 12, a Participant shall have no rights by reason of any issuance by the Company of stock of any class or securities convertible into stock of any class, any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class.

12.2 Dissolution or Liquidation. To the extent not previously exercised or settled, Options, SARs and Stock Units shall terminate immediately prior to the dissolution or liquidation of the Company.

12.3 Reorganizations. In the event that the Company is party to a Corporate Transaction, all outstanding Awards shall be subject to the definitive transaction agreement. Such agreement shall provide for one or more of the following:

- (a) The continuation of such outstanding Awards by the Company (if the Company is the surviving corporation).
- (b) The assumption of such outstanding Awards by the surviving corporation or its parent, provided that the assumption of Options or SARs shall comply with Section 409A of the Code, if applicable, and with Section 424(a) of the Code for any Options that are ISOs.
- (c) The substitution by the surviving corporation or its parent of new awards for such outstanding Awards, provided that the substitution of Options or SARs shall comply with Section 409A of the Code, if applicable, and with Section 424(a) of the Code for any Options that are ISOs.

(d) The cancellation of such outstanding Options and SARs. The Optionees shall be able to exercise vested Options and SARs during a period of not less than five full business days preceding the closing date of the transaction, unless (i) a shorter period is required to permit a timely closing of such transaction and (ii) such shorter period still offers the Optionees a reasonable opportunity to exercise such Options and SARs. Any exercise of such Options and SARs during such period may be contingent on the closing of the transaction.

A-13

(e) The cancellation of vested outstanding Options and SARs and a payment to the Optionees equal to the excess of (i) the Fair Market Value of the Common Shares subject to such Options and SARs as of the closing date of the transaction over (ii) their Exercise Price. Such payment shall be made in the form of cash, cash equivalents, or securities of the surviving corporation or its parent with a Fair Market Value equal to the required amount. If the Exercise Price of the Common Shares subject to such Options and SARs exceeds the Fair Market Value of such Common Shares, then such Options and SARs may be canceled without making a payment to the Optionees. For purposes of this Subsection (e), the Fair Market Value of any security shall be determined without regard to any vesting conditions that may apply to such security. Notwithstanding the above, vested ISOs may be assumed by the surviving corporation or its parent instead of being canceled as long as Section 424(a) of the Code is met.

(f) The cancellation of outstanding vested Stock Units and a payment to the Participants equal to the Fair Market Value of the Common Shares subject to such Stock Units as of the earliest of the closing date of the transaction or a date that is not later than the date that is two and one-half (2 ½) months after the end of the calendar year of vesting. Such payment shall be made in the form of cash, cash equivalents, or securities of the surviving corporation or its parent with a Fair Market Value equal to the required amount. Such payment shall be made in a lump sum. For purposes of this Subsection (f), the Fair Market Value of any security shall be determined without regard to any vesting conditions that may apply to such security.

ARTICLE 13. PAYMENT OF DIRECTOR'S FEES IN SECURITIES.

13.1 Effective Date. No provision of this Article 13 shall be effective unless and until the Board has determined to implement such provision.

13.2 Elections to Receive NSOs, Restricted Shares or Stock Units. An Outside Director may elect to receive his or her annual retainer payments and/or meeting fees from the Company in the form of cash, NSOs, Restricted Shares or Stock Units, or a combination thereof, as determined by the Board. Such NSOs, Restricted Shares and Stock Units shall be issued under the Plan. An election under this Article 13 shall be filed with the Company on the prescribed form.

13.3 Number and Terms of NSOs, Restricted Shares or Stock Units. The number of NSOs, Restricted Shares or Stock Units to be granted to Outside Directors in lieu of annual retainers and meeting fees that would otherwise be paid in cash shall be calculated in a manner determined by the Board. The terms of such NSOs, Restricted Shares or Stock Units shall also be determined by the Board.

ARTICLE 14. LIMITATION ON RIGHTS.

14.1 Retention Rights. Neither the Plan nor any Award granted under the Plan shall be deemed to give any individual a right to remain an Employee, Outside Director or Consultant. The Company and its Parents, Subsidiaries and Affiliates reserve the right to terminate the Service of any Employee, Outside Director or Consultant at any time, with or without cause, subject to applicable laws, the Company's certificate of incorporation and by-laws and a written employment agreement (if any).

14.2 Stockholders' Rights. Except as set forth in Section 9.4 or Section 10.4 above, Participant shall have no dividend rights, voting rights or other rights as a stockholder with respect to any Common Shares covered by his or her Award prior to the time when a stock certificate for such Common Shares is issued or, if applicable, the time when he or she becomes entitled to receive such Common Shares by filing any required notice of exercise and paying any required Exercise Price. No adjustment shall be made for cash dividends or other rights for which the record date is prior to such time, except as expressly provided in the Plan.

14.3 Regulatory Requirements. Any other provision of the Plan notwithstanding, the obligation of the Company to issue Common Shares under the Plan shall be subject to all applicable laws, rules and regulations and such approval by any regulatory body as may be required. The Company reserves the right to restrict, in whole or in part, the delivery of Common Shares pursuant to any Award prior to the satisfaction of all legal requirements relating to the issuance of such Common Shares, to their registration, qualification or listing or to an exemption from registration, qualification or listing.

A-14

ARTICLE 15. TAXES.

15.1 General. To the extent required by applicable federal, state, local or foreign law, a Participant or his or her successor shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with the Plan. The Company shall not be required to issue any Common Shares or make any cash payment under the Plan until such obligations are satisfied.

15.2 Share Withholding. To the extent that applicable law subjects a Participant to tax withholding obligations, the Committee may permit such Participant to satisfy all or part of such obligations by having the Company withhold all or a portion of any Common Shares that otherwise would be issued to him or her or by surrendering all or a portion of any Common Shares that he or she previously acquired. Such Common Shares shall be valued at their Fair Market Value on the date when they are withheld or surrendered. This Section 15.2 shall apply only to the minimum extent required by applicable tax laws.

15.3 Section 409A Matters. Unless otherwise expressly set forth in an Award agreement, it is intended that Awards granted under the Plan shall be exempt from Code Section 409A, and any ambiguity in the terms of Awards and of the Plan shall be interpreted consistently with this intent. To the extent the Committee determines that any Award granted under the Plan is subject to Section 409A of the Internal Revenue Code, the Agreement evidencing such Award will incorporate the terms and conditions required by Section 409A of the Internal Revenue Code. To the extent applicable, the Plan and Agreement will be interpreted in accordance with Section 409A of the Internal Revenue Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the Effective Date. Notwithstanding any provision of the Plan, in the event that following the Effective Date the Committee determines that any Award may be subject to Section 409A of the Internal Revenue Code, the Committee may adopt such amendments to the Plan and/or the applicable Agreement or adopt policies and procedures or take any other action or actions, including an action or amendment with retroactive effect, that the Committee determines is necessary or appropriate to (i) exempt the Award from the application Section 409A of the Internal Revenue Code or (ii) comply with the requirements of Section 409A of the Internal Revenue Code. Notwithstanding anything to the contrary in this Plan (or any Award Agreement), if the shares of Common Stock are publicly traded, and if a Participant holding an Award that it determined to be "deferred compensation" under Section 409A of the Code is a "specified employee" for purposes of Section 409A of the Code, no distribution or payment of any amount that is due because of a "separation from service" (as defined in Section 409A of the Code without regard to alternative definitions thereunder) will be issued or paid before the date that is six (6) months following the date of such Participant's "separation from service" or, if earlier, the date of the Participant's death, unless such distribution or payment can be made in a manner that complies with Section 409A of the Code, and any amounts so deferred with be paid in a lump sum on the day after such six (6) month period elapses.

ARTICLE 16. LIMITATION ON PAYMENTS.

16.1 Scope of Limitation. This Article 16 shall apply to an Award only if:

(a) The independent auditors selected for this purpose by the Committee (the "Auditors") determine that the after-tax value of such Award to the Participant, taking into account the effect of all federal, state and local income taxes, employment taxes and excise taxes applicable to the Participant (including the excise tax under Section 4999 of the Code), will be greater after the application of this Article 16 than it was before the application of this Article 16; or

(b) The Committee, at the time of making an Award under the Plan or at any time thereafter, specifies in writing that such Award shall be subject to this Article 16 (regardless of the after-tax value of such Award to the Participant).

If this Article 16 applies to an Award, it shall supersede any contrary provision of the Plan or of any Award granted under the Plan.

A-15

16.2 Basic Rule. In the event that the Auditors determine that any payment or transfer by the Company under the Plan to or for the benefit of a Participant (a "Payment") would be nondeductible by the Company for federal income tax purposes because of the provisions concerning "excess parachute payments" in Section 280G of the Code, then the aggregate present value of all Payments shall be reduced (but not below zero) to the Reduced Amount. For purposes of this Article 16, the "Reduced Amount" shall be the amount, expressed as a present value, which maximizes the aggregate present value of the Payments without causing any Payment to be nondeductible by the Company because of Section 280G of the Code.

16.3 Reduction of Payments. If the Auditors determine that any Payment would be nondeductible by the Company because of Section 280G of the Code, then the Company shall promptly give the Participant notice to that effect and a copy of the detailed calculation thereof and of the Reduced Amount. If none of the payments are subject to Code Section 409A, the Participant may then elect, in his or her sole discretion, which and how much of the Payments shall be eliminated or reduced (as long as after such election the aggregate present value of the Payments equals the Reduced Amount) and shall advise the Company in writing of his or her election within 10 days of receipt of notice. If no such election is made by the Participant within such 10-day period, or if any Payment is subject to Code Section 409A, the reduction will occur in the following order: (i) cancellation of acceleration of vesting of any equity Awards for which the exercise price (if any) exceeds the then-Fair Market Value of the underlying equity; (ii) reduction of cash payments (with such reduction being applied to the payments in the reverse order in which they would otherwise be made (that is, later payments will be reduced before earlier payments)); and (iii) cancellation of acceleration of vesting of equity Awards not covered under (i) above; provided, however, that in the event that acceleration of vesting of equity Awards is to be canceled, such acceleration of vesting will be canceled in the reverse order of the date of grant of such equity Awards (that is, later equity Awards will be canceled before earlier equity awards). If two or more equity Awards are granted on the same date, each Award will be reduced on a pro-rata basis. For purposes of this Article 16, present value shall be determined in accordance with Section 280G(d)(4) of the Code. All determinations made by the Auditors under this Article 16 shall be binding upon the Company and the Participant and shall be made within 60 days of the date when a Payment becomes payable or transferable. As promptly as practicable following such determination and the elections hereunder, the Company shall pay or transfer to or for the benefit of the Participant such amounts as are then due to him or her under the Plan and shall promptly pay or transfer to or for the benefit of the Participant in the future such amounts as become due to him or her under the Plan.

16.4 Overpayments and Underpayments. As a result of uncertainty in the application of Section 280G of the Code at the time of an initial determination by the Auditors hereunder, it is possible that Payments will have been made by the Company which should not have been made (an "Overpayment") or that additional Payments which will not have been made by the Company could have been made (an "Underpayment"), consistent in each case with the calculation of the Reduced Amount hereunder. In the event that the Auditors, based upon the assertion of a deficiency by the Internal Revenue Service against the Company or the Participant that the Auditors believe has a high probability of success, determine that an Overpayment has been made, such Overpayment shall be treated for all purposes as a loan to the Participant that he or she shall repay to the Company, together with interest at the applicable federal rate provided in Section 7872(f)(2) of the Code; provided, however, that no amount shall be payable by the Participant to the Company if and to the extent that such payment would not reduce the amount that is subject to taxation under Section 4999 of the Code. In the event that the Auditors determine that an Underpayment has occurred, such Underpayment shall promptly be paid or transferred by the Company to or for the benefit of the Participant, together with interest at the applicable federal rate provided in Section 7872(f)(2) of the Code.

16.5 Related Corporations. For purposes of this Article 16, the term "Company" shall include affiliated corporations to the extent determined by the Auditors in accordance with Section 280G(d)(5) of the Code.

ARTICLE 17. FUTURE OF THE PLAN.

17.1 Term of the Plan. The Plan, as set forth herein, shall become effective on October 5, 2012. The Plan shall remain in effect until the earlier of (a) the date when the Plan is terminated under Section 17.2 or (b) the 10th anniversary of the date of the approval of the Plan by the holders of the shares entitled to vote at a duly constituted meeting of the stockholders of the Company.

17.2 Amendment or Termination. The Board may, at any time and for any reason, amend or terminate the Plan. No Awards shall be granted under the Plan after the termination thereof. The termination of the Plan, or any amendment thereof, shall not affect any Award previously granted under the Plan.

A-16

17.3 Stockholder Approval. An amendment of the Plan shall be subject to the approval of the Company's stockholders only to the extent required by applicable laws, regulations or rules. Any such amendment requiring stockholder approval will be submitted to the Company's stockholders within twelve (12) months after adoption by the Board. Subject to such stockholder approval, any such amendment shall be effective as of the date adopted by the Board. In addition, Section 162(m) of the Code may require that the Company's stockholders approve the performance criteria set forth in Appendix A not later than the first meeting of stockholders that occurs in the fifth year following the year in which the Company's stockholders previously approved such criteria.

ARTICLE 18. MISCELLANEOUS

18.1 Unfunded Plan/No Establishment of a Trust Fund. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other person. To the extent that any person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts, except as expressly set forth in the Plan. No property shall be set aside nor shall a trust fund of any kind be established to secure the rights of any Participant under the Plan. The Plan is not intended to be subject to the Employee Retirement Income Security Act of 1974, as amended.

18.2 Indemnification of the Committee. The Company shall indemnify each present and future member of the Committee against, and each member of the Committee shall be entitled without further action on his or her part to indemnity from the Company for, all expenses (including attorney's fees, the amount of judgments and the amount of approved settlements made with a view to the curtailment of costs of litigation, other than amounts paid to the Company itself) reasonably incurred by such member in connection with or arising out of any action, suit or proceeding in which such member may be involved by reason of such member being or having been a member of the Committee, whether or not he or she continues to be a member of the Committee at the time of incurring the expenses, including, without limitation, matters as to which such member shall be finally adjudged in any action, suit or proceeding to have been negligent in the performance of such member's duty as a member of the Committee. However, this indemnity shall not include any expenses incurred by any member of the Committee in respect of matters as to which such member shall be finally adjudged in any action, suit or proceeding to have been guilty of willful misconduct in the performance of his duty as a member of the Committee. In addition, no right of indemnification under the Plan shall be available to or enforceable by any member of the Committee unless, within 60 days after institution of any action, suit or proceeding, such member shall have offered the Company, in writing, the opportunity to handle and defend same at its own expense. This right of indemnification shall inure to the benefit of the heirs, executors or administrators of each member of the Committee and shall be in addition to all other rights to which a member of the Committee may be entitled as a matter of law, contract or otherwise.

18.3 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

18.4 Headings. Headings of Articles and Sections are included for convenience of reference only and do not constitute part of the Plan and shall not be used in construing the terms and provisions of the Plan.

18.5 Other Compensation Plans. The adoption of the Plan shall not affect any other option, incentive or other compensation or benefit plans in effect for the Company or any Affiliate, nor shall the Plan preclude the Company from establishing any other forms of incentive compensation arrangements for Employees, Directors or Consultants.

18.6 Successors. All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

18.7 Law Limitations/Governmental Approvals. The granting of Awards and the issuance of Common Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required. All grants and awards under the Plan are subject to the condition subsequent that an appropriate Agreement be signed by the parties.

A-17

18.8 Regulatory Approval and Listings. The Company shall use its best efforts to file with the Securities and Exchange Commission as soon as practicable following approval of the Plan by the stockholders of the Company as provided in Article I, and keep continuously effective, a Registration Statement on Form S-8 with respect to Common Shares subject to Awards.

18.9 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Common Shares issued under the Plan prior to (a) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and (b) completion of any registration or other qualification of the Common Shares under any applicable national or state law or ruling of any governmental body that the Company determines to be necessary or advisable.

18.10 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Common Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Common Shares as to which such requisite authority shall not have been obtained.

18.11 Investment Representations. The Committee may require any person receiving Common Shares pursuant to an Award under the Plan to represent and warrant in writing that the person is acquiring the Common Shares for investment and without any present intention to sell or distribute such Common Shares.

18.12 Arbitration of Disputes. Any controversy arising out of or relating to the Plan or an Award Agreement shall be resolved by arbitration conducted in Jackson, Mississippi, pursuant to the arbitration rules of the American Arbitration Association. The arbitration shall be final and binding on the parties.

18.13 No Fractional Shares. No fractional Common Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, additional Awards, or other property shall be issued or paid in lieu of fractional Common Shares or whether such fractional Common Shares or any rights thereto shall be forfeited or otherwise eliminated.

18.14 Clawback/Recovery. All Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. In addition, the Committee may impose such other clawback, recovery or recoupment provisions in an Award Agreement as the Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of Common Stock or other cash or property upon the occurrence of Cause.

18.15 Transferability of Awards. Awards may not be sold, assigned, transferred, pledged or otherwise encumbered by the Participant to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an ISO, pursuant to a qualified domestic relations order and, except as provided above, during the life of the Participant, shall be exercisable only by the Participant.

18.16 Paperless Administration. In the event that the Company establishes, for itself or using the services of a third party, an automated system for the documentation, granting or exercise of Awards, such as a system using an internet website or interactive voice response, then the paperless documentation, granting or exercise of Awards by a Participant may be permitted through the use of such an automated system.

18.17 Governing Law. The provisions of the Plan and the rights of all persons claiming thereunder shall be construed, administered and governed under the laws of the State of Mississippi, excluding any conflicts or choice of law rule or

principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of the State of Mississippi, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.
